WINES AND LIQUORS!

It is a well known fact that in this branch of my business I have the reputation of keeping the CHOICEST BRANDS that can be procured, and as I import direct from manufacturers, parties can rely on getting them Pure and Unadulterated.

CHAMPAGNES—of various brands—BURGUNDYS, PORT and SHERRY WINES, CLARETS, BRANDIES in wood and bottle, LIQUORS, BITTERS, BASS' ALE, GUINNESS' PORTER, CANADIAN ALES in wood and bottle, FOREIGN and DOMESTIC WHISKEYS, GOODERHAM & WORTS' 2, 3, 5 and 7 year old RYE, RUMS, GIN. etc., TOBACCOS, CIGARS, etc., and other goods too numerous to mention, all of which will be sold at Prices which defy competition.

B. MORROW.

Daily Evening Review

SATURDAY, DECEMBER 17, 1881.

LOCAL AND MUNICIPAL.

An Interesting Local Item.

I have to inform my patrons and the general public that I have now terminated one of the most successful sales ever held in the town of Peterborough. On the 1st of February next I go into an entirely different line of business, in the meantime I must keep moving, therefore I have bought out the balance of stock held by T. Dolan & Co., in their old store, Burnham's block, and have also effected the purchase in Toronto of several bankrupt stocks. I have placed the entire lot in the corner store and will sell at prices never before heard of in Peterborough. From what I have noticed, some of the quotations of prices of the uptown stores, of am confident that I can give goods lower than the lowest of them, by at least ten per cent Recollect the sale is a thoroughly honest one as the goods must be sold, close buyers will find it worth their best attention to call and inspect. Remember the corner, Burnham's block, corner of George and Simcoe Streets. Sale will commence on Tuesday morning at eight o'clock sharp. A full staff of salesmen is engaged for the occasion, so that all customers will be properly waited upon. Store will close every day from 12 to 12.30 o'clock to give the staff time to have lunch, JAS. DOLAN.

Special Services.

Special services at St. John's Church to-morrow:—At 8.30, Holy Communion and address; 11 a.m., Litany, Holy Communion and sermon; 2.30 p.m., children's service, followed by an address to Sunday school teachers; 4 p.m., service for men only; 7 p.m., evening prayer and sermon.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Week of Prayer.

The following corrected programme of meetings to be held in the several Evangelical Churches in this town, will be observed during the week of prayer.

SUNDAY, Jan. 1.—Subject for discourse renewed consecration.

MONDAY, Jan. 2.—Bible Christian Church thanksgiving for the blessings temporal and spiritual of the past year, and prayer for their continuance. Address by Rev. Mr. Bell.

TUESDAY, Jan. 3.—George Street Methodist Church, humiliation and confession on account of individual, social, and national sins. Addresses by the Rev. E. F. Torrance and T. Brown.

WEDNESDAY, Jan. 4.—St. Andrews; prayer for the blessing of God on his church and his word. Address by Rev. G. C. Workman.

THURSDAY, Jan. 5th.—St. Pauls', prayer for the young, and all agencies for christian training. Addresses by Revds. E. J. Stobo and J. Shaw.

FRIDAY, Jan. 6.—Baptist Church, prayer for the universal prevalence of peace and righteousness. Addressed by Rev. W. Jolliffe.

Each pastor will preside at the meeting held in his own church. Each meeting to commence at 7.30 p. m.

Railway Notes.

The Canadian Directors of the Midland Railway of Canada as consolidated are Messrs. Geo. A. Cox, President and Manager, W. Gooderham, J. D. Edgar, H. P. Dwight, R. Jaffray, of Toronto; Lewis Ross, of Port Hope, J. R. Dundas, of Lindsay; Thos. Kelso, of Belleville, H. M. Henshaw, of Montreal and J. M. Ferris, M. P. P., East Northumberland

A meeting of the leading men of Lindsay and the County of Victoria, was held at Lindsay on Friday night for the purpose of devising a plan to see that the interests of the town and county are not prejudiced by the Railway Consolidation. Mr. Geo. A. Cox, was present and addressed the meeting, creating a very favourable impression by stating clearly the aims and objects of the Consolidated Lines. As we understand it Lindsay wants the workshops, and if that town does not get them, the citizens propose to oppose the legislation asked for by the Railway Company. Mr. Cox's speech had a soothing effect, and an amicable arrangement is likely to be the upshot of the matter.

Christmas Cheer.

Mr. B. Morrow has not failed to prepare himself for the festive season that is now approaching. As will be seen by his advertisement, he has laid in for the occasion a very full and carefully chosen assortment of the various goods which are dispensed by grocers and wine, and spirit merchants, and which are even more than usually in demand at this holiday time. Mr. Morrow's well deserved reputation as a careful buyer and fair dealer, has drawn a large custom to his store, and will ensure his obtaining a fair share of business from those wishing to provide themselves with good cheer for Christmas and the New Year.

The Weather.

This has been one of the finest days ever known for this season of the year. It is remarkably mild and warm, without a flake of snow or drop of rain, something out of the usual run, considering that it is Saturday. The long expected snow has failed to file an appearance, and there is considerable grumbling thereat. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes and St. Lawrence, fresh to brisk, southerly to westerly winds, fair, mild weather. Gulf, fresh to strong, southerly to westerly winds; fair, milder weather.

The Bowling Alley

The attendance at the Lacrosse Club Bowling Alley increases every night and a large number of new members are being enrolled almost every day. The scores made on the 10th for the championship belt were as follows:—

H. LeBrun	185
W. Rudkins	179
J. Lynch	177
A. Sawers	172

On Friday night last they were as follows:—

H. LeBrun	233
A. Sawers	185
J. Lynch	182

Attention to New Years.

Those wishing to secure a magnificent gift for New Years should participate in the raffle on Friday, Dec. 30th, 1881, at 8 o'clock p.m., when three large and handsome pictures of the finest scenic photography of the Rocky Mountains in the State of Colorado, will be given to the highest thrower. The pictures are now on exhibition in the window of the vacant store just north of Taylor and McDonald's drug store.

Personal.

We are pleased to welcome to our midst, Dr R. Sproule, brother of Messrs. A. H. R. and G. B. Sproule, lately a surgeon in the British Army. We understand that Dr. Sproule intends to locate in Peterborough.

Mr. Henry Boucher of the Chicago and Grand Trunk Railway, Fort Gratoit, Michigan, is here spending his Christmas holidays.

Poultry Exhibition.

The annual exhibition of the Midland Central Poultry Association will be held on Tuesday, Wednesday and Thursday, January 24th, 25th and 26th. There is a larger prize list than usual, particulars of which will be shortly published.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Do Your Shopping at Geo. Pope's where you can buy Christmas supplies of groceries, fruits, wines and liquors at moderate prices. A splendid new stock of crockery and glassware. No. 3 Market Block.

CLUXTON'S No 3 NEW BLOCK

No. 3, CLUXTON'S NEW BLOCK. GIROUX & SULLIVAN.

HALIBURTON.

LOST AND FOUND.—The *Independent* says that we were near upon having a tragedy here last week. A man named Humphreys started from Monmouth to come to Haliburton and lost his way in the woods. For three days he wandered though the forest without food, and exposed to the inclemency of the weather. When found he was on the point of perishing. Another night in the woods would have terminated his existence. He was carefully brought in and cared for, and next day was greatly recovered.

THE greatest revolution in Steel Pen making is the the new turned up point pens, unexcelled for easy writing. Ask for Esterbrook's Tecumseh, Choctaw and Telegraphic pens. For wholesale supplies, Brown Bros., Toronto.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

ONE EXPERIENCE FROM MANY.—I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me they said "Harrah for Hop Bitters! long may they prosper, for they have made mother well and us happy."—The Mother. — *Home Journal.*

WHAT SHALL I BUY?

There are two ways to supply your wants; one to find A RELIABLE MERCHANT and make use of him whenever you have need. The other to go in search of BARGAINS, offered by those who claim to have made their ANNUAL REDUCTIONS, that only in this cutting of rates get their prices down to the figures a reliable merchant has been selling at the whole season through.

In the latter case you may be served with shop-worn goods that could not be sold at the high prices they held them at.

People recognize that we are at the head of the first named class, we have as complete lines of Dry Goods as were ever collected in one Concern in Peterborough.

Great Bargains in all matters of DRESS GOODS are now being shown by us; and shoals of enstomers are profiting by the inducements of our prices to supply their wants.

We have made the most ample preparation to meet a stir ring CHRISTMAS TRADE in fancy and seasonable articles.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them, It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Secretary.

Daily Evening Review

MONDAY, DECEMBER 19, 1881.

MONTREAL.

Special to the Review, Dec. 19.

THE FOLLOWING is a correct list of the insurance on Morland Watson & Co's mills burned last evening. The Commercial, Royal, Imperial and Ætna $3,200 each; The Hartford, Guardian, Lancashire, Western, London and Liverpool and Globe, London, Queens, British American and Citizens $2,133 each making a total of $32,000.

AN ATTEMPT was made on Saturday night by burglars to rob the offices of Oulet & Hughes, advocates. The thieves got nothing for their pains.

A Burglar Overcome by a School Ma'am.

PORT Dalhousie, Dec. 15.—About three o'clock yesterday morning the residence of a woman named Miss McLaren, a retired school teacher of this place, was broken into with the intention of robbery. Miss McLaren, it appears, is in receipt of a quarterly allowance from the school fund and lives alone on Queen street. She was supposed to have money. On hearing the noise she awoke and was grappled by the burglar and her money asked for. A struggle ensued, wherein she received a number of scratches on her face, her hair torn out and her hands injured. She managed, however, to grasp a rake and called the intruder by name, when he fled from the house. The lady, we are informed, lies in a precarious condition having been pretty roughly handled. She says she can identify the man. Yesterday morning, when the ferry-boat was about to cross to the up train, Constable Rogers arrested a man named Gus Morrison on suspicion of being the party implicated.

Separation By-law.

STRATFORD, Dec. 17.—The vote on the by-law separating the town of Stratford from the county of Perth, submitted to the electors today, resulted in the defeat of the by-law by a majority of 41. Several meetings were held and much interest was taken. Stratford, therefore, remains true to the county for some time yet.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w37

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

MIDNIGHT TELEGRAMS

CABLE.

COMMUNIST BRAVADO.

PARIS, Dec. 17.—Lieut. Lullier, an amnested Communist, waylaid M. Sibour, nephew of the mudered Archbishop of Paris, and struck him. Lullier threatened to murder Sibour if he refused to fight with him.

A HUMANE MISSION.

AMSTERDAM, Dec. 17.—The Dutch Government intend to send a steamer on a cruise to every spot and island where it is possible that the missing members of the crew of the steamer Konig der Nederlanden, which foundered on the voyage from Batavia for Amsterdam, may have taken refuge.

NOT SO BAD.

LONDON, Dec. 17.—Mr. Herbert Gladstone, speaking at Manchester, found during his tour that there was very great exaggeration in England in regard to the condition of Ireland. Alarmists, he said, took their standard from the worst county. Arrests produced a strikingly remarkable impression in the districts where made. He blamed the landlords for not co-operating with the Government in taking strong measures. He did not think more coercion was needed, and the talk of martial law was observed. An alteration in the jury system would now be worse than useless. The "no rent" movement was not deep rooted, and was only kept up by intimidation. He believed the prospect was distinctly favourable.

HARTINGTON ON IRELAND.

LONDON, Dec. 17.—The Marquis of Hartington, speaking near Burnley to-day, expressed the determination of the Government to bring the Irish difficulty to a successful conclusion. During the last few days, he said, there have been some hopeful signs, several convictions having been obtained from juries. The Government was not and could not be an organization for collecting rents and enforcing the rights of property. The association for that purpose formed in Ireland was a legitimate association, and might be beneficial. Lord Hartington repudiated the idea of his seceding from the Liberal Government. He said the power of the Land League was now broken, and it was impossible for the present guerilla warfare to succeed.

A SIGNIFICANT VOTE.

BERLIN, Dec. 17.—The German Reichstag yesterday, despite the urgent appeals of Count von Moltke and Gen. von Kameke, Minister of War, refused to vote a sum for the establishment of a training institute for non-commissioned officers in Alsace. Only the Conservatives voted for the grant. The vote is considered sighificant as to the present state of parties.

HARD TIMES.

LONDON, Dec. 17.—News from Hungary shows that crime is fearfully on the increase. Times are hard, and it being difficult to collect taxes, the burdens of the State are made as light as possible by the authorities. Criminals are sent to gaol only in extreme cases, and then for very short terms.

PACIFIC OUTRAGES.

LONDON, Dec. 17.—The English Government has opened negociations at Washington and with some Continental powers with a view to establish international courts for dealing with Pacific Island outrages.

THE IRISH SITUATION.

KILLARNEY, Dec, 17.—The situation is growmore and more serious. In certain districts the ordinary administration of the Government has temporarily ceased.

A BIG FIND.

LONDON, Dec. 17.—A Dublin despatch referring to the finding of arms and ammunition there, says, the discovery comprised several thousand rounds of ammunition and a large stock of rifles, revolvers, and side arms. The discovery is believed to be closely connected with the Bradford affair for which Tobin was arrested. The papers found implicate a number of persons on both sides of the channel. No doubt the material is associated with the Fenians. Another despatch says the documents seized were of old date, and had reference to the Fenian organization of 1867. The articles seized comprised eight hand grenades, two parcels of dynamite, each in a case resembling a box, rifle cartridges, twenty-six Enfield breech-loading rifles, six revolvers, 500 rifle cartridges, 500 revolver cartridges, and twenty-eight pounds of gunpowder, with a list of names of officers belonging to some organization. Two brothers named Whelan and one Ryan have been arrested.

THE POPE'S RESIDENCE.

ROME, Dec. 17.—A formal denial is given to the report that the bishops who went to Rome to attend the recent canonization ceremony were questioned by the Pope upon the advisability of his leaving Rome. On the contrary, the bishops were much struck at the Pope's reticence in this matter.

AMERICAN.

THE GREAT LAKES.

CHICAGO, Dec. 18.—The season just ended has been remarkable for the large addition to the tonnage of the lakes, while the losses have been considerably less than since 1876. The past season was not only notable for the number of new vessels built on the lakes, but also for the great size of steamships put in commission. Of these twenty-three register over 1000 tons.

LEAGUE VS. CHURCH.

ROCHESTER, N. Y., Dec. 18.—Bishop McQuaid, one of the most prominent Catholic clergymen in this country, to-day addressed the people of his diocese in strong opposition to the Irish National Land League, its revolutionary measures and men. He said the following of a few priests with loose consciences did not sanctify the "no rent" cause. He pointed his people to the position of the Pope as opposed to secret organizations, and concluded with the sermon of the day, telling the people of his diocese that between the revolutionists of the league and all good Catholics the lines were to be sharply and determinedly drawn.

CHILI AND PERU.

WASHINGTON, Dec. 17.—The Peruvian Minister says that with the departure of General Pierola from Peru, a stable Government is assured there. Acting President Montero is now the only person with whom the Chilians can negotiate and the Peruvians are in much better position than ever before to secure an honorable and lasting peace. The Minister says this condition of affairs is mainly due to the impartial, friendly attitude of the United States Government toward Peru, evidenced by the conduct of Minister Hurlbut.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

"NO RENT."

LONDON, Dec. 19.—A Dublin correspondent says that the organization against the payment of rents is becoming more formidable. It is now regarded as much of a crime to go into a land court as to pay rent.

TROUBLED ERIN.

DUBLIN, Dec. 19.—Lists of the persons who have been served with notices and of those supposed to be paying rents are posted at chapels and other places where they are likely to be seen, and although the police tear them down, they are soon posted again.

NIHILIST DOINGS.

ST. PETERSBURG, Dec. 19—On Wednesday last the police made a descent on a house in the Makavor street, behind General Ignatieff's residence, and arrested eight persons, who offered vigorous resistance. The police seized a large quantity of small bombs, some of which were skillfully concealed in oranges. Among the papers seized was a letter recently arrived from London blaming the Nihilists for their inactivity, and calling upon them to act without delay. The letter is attributed to Prince Krapotkin. This affair seems to have relation to that which provoked the arrest of several other persons some days ago. These persons had ordered two officers' uniforms, of the order of St. George. The crosses would have given them access to the palace of Gatschina on the 9th inst., the *fete* day of the saint. On the proposition of M. Pobedonostzoff, President of the Sacred Synod, the Private and Secret Council is about to be re-established. This species of court of inquisition was created in the time of the Emperor Paul, and search is now being made among the archives for the elements to serve for its reinstitution.

AMERICAN.

RAISING THE TARIFF.

NEW YORK, Dec. 19.—A Washington special to the *Herald* says the general sentiment of both Houses of Congress seems favourable to the proposed commission for the revision of the tariff. Garland's proposition for a Commission of three Senators, three representatives and three experts from civil life is generally endorsed by them.

THE PERUVIAN COMPANY.

WASHITGTON, Dec. 19.—A Congressional inquiry into the mysterious job which calls itself the Peruvian Company will probably be moved for this week.

FOUR MURDERERS.

BIDDLESBURG, Pa., Dec. 19.—The man Moyer implicated in the murder of Mr. and Mrs. Kilzoomis, near Knoxville was found guilty on Saturday of murder in the first degree. Three other men have been convicted of the same crime, two of whom are already executed, and the third committed suicide.

DISHONEST CLERKS.

PHILADELPHIA, Dec. 19.—Bain and Robe, wholesale druggists have been robbed of $20,000 worth of goods by their clerks, two of whom have been arrested.

MASON THE CRANK.

WASHINGTOO, Dec. 19.—Counsel for Mason, who attempted to shoot Guiteau in his cell, states that the defence are ready for trial by Court Martial, which he thinks will take place after the trial of Guiteau, who is an important witness. The counsel is confident of Mason's acquittal on a plea of insanity.

LINCOLN'S WIDOW.

NEW YORK, Dec. 19.—The report that the widow of Lincoln, who is undergoing medical treatment, here had completely lost her eye sight, resulted from the misconstruction of Mrs. Lincoln's letter to a friend.

A POLICEMAN POPPED.

NEW YORK, Dec. 19.—Policeman Thomas Norton, nephew of ex-Senator Norton, last night was fatally shot it is alleged by policeman Bernard Fitzpatrick, son of an alderman elect. It is stated Fitzpatrick was in citizen's dress, and accompanied by a dissolute woman, he was in a saloon raising a disturbance which Norton tried to quell and was shot.

A JUROR'S WIFE DIES.

WASHINGTON, Dec. 19.—The wife of juror Hobbs on the Guiteau case, died last night.

THE ASSASSIN'S BROTHER.

WASHINGTON, Dec. 19.—John W. Guiteau maintains that all the theories about the assassin's case, except the insanity, are inconsistent with of the facts.

THE SILVER BILL.

NEW YORK, Dec, 19.—A Washington special to the *Times* says that most of the western and all of the Senators and representasives from the Pacific States will undoubtedly oppose any measure that proposes to interfere with the Silver Act of February, 1878. The indications are that those gentlemen will make an effort to alter the present regulations, so as to provide for a still greater issue of silver dollars and certificates based on them.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion. Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2d1w-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

WILSON & DAVIS'.

Daily Evening Review

MONDAY, DECEMBER 19, 1881.

IS IT IGNORANCE OR SOMETHING E.

A RECENT issue of the *Globe* contained the following article :—

"If Sir Leonard Tilley is still in a state of ignorance as to the deadliness of the blow which he dealt against our trade with Britain, let him study the annexed table. It shows the importation of jeans, denims, drillings, tickings, Canton flannels, ducks, checked and striped shirtings, cottonade, etc., and the rate of duty levied upon the importations from the United States and Britain respectively during 1879-80 :—

From	Value.	Duty.	Rate per cent.
Great Britain..	$316,576	$106,105	33.52
United States..	516,580	151,398	29.50

In the light of this contrast, what a laughable display of ignorance and bumptiousness was that made by the Finance Minister when he announced that he was going to "take it out of the Americans!"

Those who charge others with "ignorance and bumptiousness" should at least be careful that they are right themselves, and that in making a statement they give the whole of the facts. While the figures given above are correct so far as they go, it will be observed that they are carefully limited, not only to one particular class of goods but one particular line of that class, and that the inference deducible from these isolated figures are then applied to the whole tariff. If we want to ascertain "the deadliness of the blow dealt against our trade with Britain," we must surely take our whole trade with that country, and the effect of the present tariff upon it into consideration, and not simply a single division of a single line of manufactures. Believing this to be the correct way of ascertaining what has been the relative effect of the N.P. on our trade with Great Britain and the United States, we would ask the readers 'attention to the following figures taken from the same volume as those of the *Globe*, viz: the trade and navigation returns for the year ending the 30th June, 1880. On turning to these we find that our imports from Great Britain were in 1880, $34,461,224, against $37,431,180 for the year 1878—a decrease of $2,969,956, and our imports from the United States in 1880, $29,346,948 as compared with $48,631,739 in 1878—a decrease of $19,284,791, or to put it in another way: while in 1878, under the *Globe's* pet tariff we bought from the United States $11,200,559 more than we did from Great Britain, we in 1880, under the Tilley tariff, bought $5,114,276 more from Great Britain than we did from the United States. Then as to the rate of duty. The *Globe* is anxious that its readers should note that our importations from Great Britain are paying a larger per centage of duty than those from the States. Well we are free to confess that we should rather see the per centage reversed, but it is not to the *Globe's* pet tariff—that of Mr. Mackenzie—that we can look for such a change, because we find that while the gross importations from Great Britain in 1878 paid within a fraction of seventeen and a half per cent., those from the United States paid *less* than ten per cent., or a difference of seven and a half per cent. instead of the four per cent. shown in the item singled out by the *Globe*. While on the gross imports in 1880, we find that those from the United States paid *over* fifteen per cent. or an increase of about six per cent. as compared with the rate levied in 1878, whereas those from Great Britain paid less than twenty per cent or only about three per cent, of an increase. Or to put it more briefly Sir Leonard's tariff increased the duty on American imports over six per cent and less than three per cent on British, and yet the *Globe* has the audacity to write about "the deadliness of the blow" struck at our trade with Britain by the present Minister of Finance and his colleagues! It was Sir Richard, not Sir Leonard that struck a deably blow, and who is anxious to repeat the blow against our trade with Britain for under the anti-British as well as anti-Canadian tariff of the Knight of the two faced shield, United States trade was fostered at the expense of that with Great Britain. One would think with facts as they are the *Globe* would keep clear of all reference to the question of anti-British tariffs, and striking blows at the golden bond of commerce which binds us to the mother land, but it does not, and we hope it will not, because its own "bumptiousness" is only serving to keep the public reminded of this as well as other striking differences between the two tariffs.

Drowned in an Ice-Hole.

BOBCAYGEON, Dec. 16.—A Frenchman named Joseph Tourgie was drowned while crossing Pigeon Lake yesterday afternoon, on his way to Big Island stock farm. Some parties in taking a horse across a few nights ago broke through, the horse being drowned. Tourgie walked into the same hole. His body was recovered to-day.

A CASE OF HYDROPHOBIA.

The Remarkable Disease With Which a Boy is Suffering at West Liberty.

WEST LIBERTY, O., Dec. 5.—Our town has been greatly excited of late over the strange sickness of Dalmont Brown, the symptoms of which day by day resembled more and more those of the dreaded hydrophobia. Dalmont is a delicate boy of nine or ten years, but in mind was deemed rather precocious. Some five or six months ago he was seized with shortness of breath, during which time he would pant like a dog. Other peculiar symptoms appeared, but nothing special was thought of the matter until three weeks ago, when the tangible evidence of hydrophobia began to set in. The boy would begin to bark, snarl, and tear pillows and clothes to pieces with his teeth. During these spells, which came on twice a day and lasted then but a few minutes, the delicate child manifested almost superhuman strength, so that his father, Mr. William Brown, could only hold him by throwing him on the floor and putting his knee to his chest. After the attack was over the boy would appear as rational and pleasant as any child at play, and a stranger on entering the house would have nothing unusual to attract his attention save the intelligence and bright face of the boy. The boy states, upon coming out of one of the spells, that he is entirely conscious of his actions, but the impulse to them is irresistible. After a few days the attacks changed to a less violent form. Some times the boy would be writing by a table, when suddenly he would drop unconscious, remaining so for quite a little time. Again, all the worst forms of the disease would manifest themselves, and the boy would behave very much like a frenzied dog, barking and tearing everything to pieces that he could get between his teeth. The case is in charge of Dr. W. B. Allen, but many other prominent medical experts have witnessed the various phases of the case. At first the doctors did not pronounce it hydrophobia, for the sight or drinking of water made no impression upon the child; but during the past few days a change has taken place, and now the sight of water produces violent spasms. The report now is that all the dread symptoms of hydrophobia have set in except foaming at the mouth, and the tendency of each new revelation is to attest the correctness of this conclusion. It is not known that the child has been bitten by a dog. The parents and family, highly respectable people, have the deep sympathy of the entire community in their terrible affliction.

A BATTLE BETWEEN BIRDS.

How a Creek ran red with the Blood of a Flock of Geese.

A gentleman from Stone county, who has just reached the city, gave the particulars of a remarkable incident which he witnessed while crossing White River on the ferry just above the mouth of Sycamore creek. When nearly half way across the stream an enormous eagle swooped down on a flock of geese, which were swimming in the river some eighty rods below the boat. The fowls, upon observing the eagle approaching, instinctively dived under the water just as the bird struck the wave. Baffled in the first assault the eagle flew slowly upward and when the geese came to the surface darted downward again and burying its talons in one of them attempted to bear it away. The goose struggled violently, while its companions swam around it uttering shrill cries and the persons on the ferryboat watched the strange scene with keen interest. Once the eagle lifted its prey clear out of the water and seemed on the point of conveying it to the mountain cliff that rose grandly in the air on the other side of the stream, but the struggles of the goose forced the captor downward. When water was again reached the goose made a supreme effort and plunged below the surface, dragging the eagle after it and causing the latter to loosen his hold and rise upward with a fierce scream. The eagle next attacked another goose, but with the same result, being compelled to relinquish its hold when its intended victim plunged beneath the waves. This strange contest lasted fully thirty minutes, at the end of which time the eagle gave up the fight, and, rising, soared away to the mountains westward, while the flock of geese swam down the stream. None of the flock were killed, but the water in the vicinity was dyed with blood and the surface of the stream was covered with feathers for a considerable distance.

A Fortune Quickly Made.

"Old Man Bassick" came to America from the mining districts of Australia several years ago. He was very poor, and upon reaching Rosita, Colorado, found it necessary to seek immediate employment at the livery stables. He did odd jobs, earning a few dimes a day, and his wife and daughters helped at the washtub to support the family. Everyone who knew him regarded "Old Man Bassick" as one of the world's unfortunates. He had been a miner since his youth, and yet his hat was as full of holes as a sieve. But, at Rosita, Bassick continued to search for silver. One day he wandered off among the hills. He walked for hours, looking for a point to touch with his pick. When he sat down on a hillside to rest he scraped the earth mechanically. At the grass roots he struck mineral. Surprised at his unexpected luck he began to dig. The result was entirely satisfactory. Returning to Rosita, he told a merchant the story and offered half his claim for $25. The merchant poohpoohed the idea. A few days afterward people talked of the Bassick mine, in less than a week the "old man" was admitted to be worth several hundred thousand dollars. At the spot where Bassick idly dropped his pick is the town of Querida, named by Mr. Francklyn, in whose Long Branch cottage the late President died. The population of the town is 500 and it is about as prosperous as the majority of places of the kind.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Ecch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

GOOSE-BONE

A Weather Prophet More Popular than our own Meteorologist.

The goose-bone has long been an honoured weather prophet. In some of the back counties of Kentucky the farmers make all their arrangements in accordance with the predictions of the goose-bone. In some localities the goose-bone is laid aside, labelled with the year, and it is said that one old farmer in Breathitt county has the bones extending back for more than forty years. To read correctly the winter of any year take the breast bone of a goose hatched during the proceeding spring. The bone is translucent, and it will be found to be coloured and spotted. The dark colour and heavy spots indicate cold. If the spot are of light shade and transparent, wet weather, rain or snow may be looked for. The *Post* reporter has examined three bones, one from south-eastern Kentucky, one from Jefferson county, and one from La Porte, Ind. They indicate a motley winter, with a mild December and January and a cold February.

SURE CURE FOR A COUGH.—The most reliable remedy for a cough or a cold, asthma, shortness of breath, sore throat, weak lungs and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

THE ELECTRIC LIGHT, superceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be hailed with greater joy by mankind, than Burdock Blood Bitters, which is as far superior to all other blood purifiers and tonics as the electric light is superior to the old-fashioned tallow dip. Burdock Blood Bitters cures scrofula, and all foul humors and impurities of the blood.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co, in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

For pamphlet and maps, descriptive of country, its resources, climate, route of travel, rates and full information, address

A. L. STOKES,
Gen'l Eastern Pass'r Agent,
52 Clarke St., Chicago, Ill.

YOUNG MEN If you would learn Telegraphy in four months, and be certain of a situation, address VALENTINE BROS., Janesville, Wis.

$777 A YEAR and expenses to agents. Outfit free. Address P. O. Vickery, Augusta, Me.

LOST RAILROAD CARS

How They are Lost, Stolen and Found—Unscrupulous Officials.

"I live in Michigan, and am here on the hunt for lost cars which belong to the railway company in whose service I am."

The speaker was sitting last night in the reading room of a Pittsburg hotel. The reporter had been conversing casually with him on commonplace topics, and after he had stated his business the talk drifted into the subject of lost cars.

"I am travelling all the time," said the stranger, "from one end of the country to the other, looking exclusively for fugitive cars."

"How do cars get lost?"

"Very easily. If they were only found as readily as they are lost and stolen, railway companies would be relieved of heavy expense and great annoyance."

"Do I understand you to say that cars are stolen as well as lost?"

"Precisely so. Railway companies steal from each other, or rather rings of dishonest officials do. To them it is quite profitable, but the stockholders always lose, whether the cars are stolen by or from their company. You want to know how cars are lost? In this way. Suppose, for instance, the Pennsylvania railroad ships a carload of freight from Philadelphia to Denver. It goes, duly manifested, straight through to its destination. There is no return manifest for the car. After it has been unloaded it is started back to Philadelphia in a train of which probably it is the only empty car. Perhaps there is a shipper at the station somewhere in a near division who wants a car. Not wishing to disappoint him the superintendent telegraphs the conductor to drop off the empty car for the shipper's use. Very likely this is only the beginning of a period of local or division service for the car that may cover weeks or months or until found by a 'spotter' or 'tracer' of the Pennsylvania road which would send in a bill for the length of time it was retained, as it would have a right to. The car is then liable to be stolen. The Superintendent may not be very scrupulous. It is to his interest to keep the expenses of his division down. If anything should be wrong with the car, as is not unlikely, it would be ordered for repairs to the shops, from which it would return so changed and altered as to be absolutely unrecognizable unless it contained a private mark of the company by which it was built."

"It is simply incredible, my dear sir, that such downright robbery as this is practised by the educated and intelligent men who fill the high positions in the railway corporations of the country."

"Incredible it may seem, sir, but I assure you it is a fact, nevertheless. It is one of the methods by which railway officials amass fortunes. As I said before, a ring is necessary for its successful manipulation. The car is brought from the shops and again put on the road. It is charged to the construction account of the company as a new car, and the superintendent, the master builder, the master mechanic and whoever else belong to the ring, pocket the proceeds arising from the sale of the stolen car, to their own corporation. This is an easy scheme to carry out, and I know of more than one instance of car stealing."

"But don't the mechanics in the shops know the cars are stolen, and isn't the theft liable to become known through them?"

"No. For ought they know or can find out to the contrary the cars have been bought from some other road and sent to the shops for the necessary change in appearance. Why, I have even known cars to be stolen from some of the narrow gauge roads in Colorado and changed to broad or compromise or standard gauge. As was once suggested to me, it is cheaper to put four new axles on a narrow gauge car than build or buy a new one. In Michigan a law of the State prohibits the use of "bumpers" or "bull-noses" there, because they are considered dangerous to life. When a Michigan railway car is stolen the placing of bumpers on it is one of the means by which its identity is concealed. Nor is this the only way, outside of their regular pay, by which superintendents swell their bank accounts. "Spotters" are not always honest it grieves me to say, and by conniving with officials they, too, are pecuniarily benefited. A "spotter" will, for example, enter the office of a superintendent and say:—"I have found one of our cars in your yard. How much is it worth to you to let it remain there?" "Two hundred dollars." The spotter gets the $200, and the superintendent turns the car over to the company at $2,000, that being the price of the average freight car, and the ring pockets $1,800. Yes, sir: I have actually known "spotters" to sell the very cars which they were employed to find and return home."

"You seem to be pretty familiar with these practices?"

"I have to be in order to be serviceable."

"If the railway companies know them to exist why don't they take measures to stop them? It would apparently be an easy matter to do so by holding companies responsible for the safe return of cars delivered to their roads."

"The railways of the country are so numerous, their business so vast and the interchanges of cars so large that it would require a system of such complexity as to necessitate great additional labour in the way of book-keeping. Indeed, I don't think a practicable system to insure the perfect safety of cars has ever yet been devised. Cars travel from one end of the continent to another, from Maine to California, Texas and through all the South. They pass over so many different roads, through so many different hands and get into such out of the way places that often the temptation to keep them is irresistible. I don't want you to understand me as saying that the stealing of cars is practised systematically and uniformly, but I do aver that it is not infrequently done, especially in cases where there is little or no danger of discovery. Railway officials are no more scrupulous as a rule than the average run of business men, and while there are many who would scorn to engage in such practices, there are others who would do it and who do do it. I know it from years of experience, and could give names and dates."

"Doesn't the Pennsylvania Railroad have in Philadelphia an office wherein is employed a large number of clerks who have nothing else to do but keep a record of the movements of the company's freight cars and follow them from one road to another?"

"There is such an office and it does effective work in the way of keeping track of cars. Still it is impossible to prevent them from getting lost now and then when they get of the lines of the company. If it were possible there would be no further necessity for the employment of 'spotters.' Every company has its car record office, but if the records were always efficacious in restoring cars I would not be here hunting estrays for the company which I represent."

With a yawn and a stretch the "spotter" suggested at this point that it was about bedtime, and terminating the conversation with a "Good night" he asked the clerk for his key and disappeared up stairs, leaving the reporter to wonder if it were possible to devise a scheme for money making that was altogether new.—*Pittsburg Gazette.*

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs never fails to cure nervous exhaustion and all weakness of the genative organs. See advertisement in another column.

FROM ALL OVER.

THERE is talk at Nice of the approaching mariage of the Crown Prince of Monaco with the Duchess of Richelieu nee Heine.

IT is announced the Mlle. Croizette is anxious to give up the stage and regularize her social position by a marriage en regale.

THE shares in what is called the New River, which largely supplies London with water, yielded an income last year of £12,000 each.

HAGYARD'S PECTORAL BALSAM will cure coughs, colds, asthma, croup, whooping cough, sore throat, bronchitis and all lung complaints that lead to consumption. Price 25 cents.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

IN an album of autographs Alphonse Karr has written: "The first half of our lives we pass in desiring the second, and the second in regretting the first." In the same album Alexander Dumas has written. "What is duty? It is what we exact of others."

"A neighbor of mine," said J. C. Horton of the Toledo *Blade*, was severely afflicted with rheumatism for years. He used St. Jacobs Oil which relieved him immediately, and permanently cured him.

THE electrical exhibition which has finally closed its doors, is estimated to have produced a net profit of 400,000 francs, and Messrs. Siemen's tramway, running from the building to the Place de la Concorde, has conveyed no fewer than 85,000 passengers during the three months it has been running.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

A CURE FOR CROUP.—Apply flannel saturated with Hagyard's Yellow Oil and administer the oil internally on a little sugar as directed on the bottle. Yellow Oil cures rheumatism, burns, scalds, chilblains, lameness, and all flesh wounds. All dealers supply it, only 25 cents.

THE number of rank and file set down in the German military estimates for 1882-83 is:—In the Prussian army, 330,629; in the Saxon, 27,600; in the Wurtemburg, 18,815; and in the Bavarian, 50,224, making the total effective rank and file of the German army 427,274, or exactly the same as the establishment voted for the present year.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

THE richest person to-day upon the Sandwich islands is Claus Spreckles, of Honolulu. A few years ago he was laughed at when he purchased 10,000 acres of land for ten cents an acre, as the tract was at the foot of an extinct volcano, and covered with a crust or the surface like a flagstone walk. He broke up this crust, mixed the dust with a small quantity of vegetable mould, thoroughly irrigated the soil thus formed, and planted sugar cane. To-day he is a millionaire.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulent is needed. Sold by all druggists.

AN extraordinary amount of capital is being invested in sheep and cattle raising in Cuba. Including the horses and mules owned by the planters, it is calculated that the value of the cattle of all sorts is the Trinadad valley amounts to $2,000,000. Great care is being bestowed upon the breeding, and the importation of sheep, cows, and bulls is increasing largely, no less than one thousand head having been delivered from England and the United States at Cienfuegos alone in one week.

STORY from Texas:—The pulpit was taken from the church to make room for the performance of "Pinafore" and put in a neighboring shed. It thence disappeared in a mysterious way, but finally a member of the congregation happened to notice the familiar article doing duty as a gaming table in a gambling den. The property was cheerfully returned to its original place by the gambler, and there was no spirit of unkindness manifested in any quarter.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds. Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

SHERMAN and Ellis, itinerant preachers, calling themselves the holiness vanguard, hired a hall in Quincey, Ill., and soon had a revival under full headway. While they made numerous converts they also offended the clergyman of the city by violently abusing them and their sentiments. The revivalists were at length shown to be adventurers, bent only on making profitable collections, and on being arested as vagrants, they promised to leave town immediately if released.

WHAT TO STUDY.—Pope, the poetical philosopher, said "The proper study of mankind is man, and yet, how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

HERE is an account of the latest miracle performed at Knock:—Miss F. Cusack, the (Nun of Kenmare) who has been an invalid for the past nine years, reading of the cures which were taking place, determined on inquiring into the subject personally. She attended mass at Knock, and was carried on a couch to the altar rails to receive the communion, but before receiving she stood up from the couch and knelt at the rails, a thing which she had not done for nine years. This miracle was noticed by the priest, nuns, and hundreds of the laity.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

ST. JACOBS OIL

TRADE MARK.

THE GREAT GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

B. MORROW.

Daily Evening Review

MONDAY, DECEMBER 19, 1881.

LOCAL AND MUNICIPAL.

The Licensed Victuallers.

At a meeting of the Ontario Trade Benevolent Association of Toronto, on Friday, the following gentlemen were elected to office, the choice in each case being made unanimous; President J. S. Hamilton, Brantford; first vice, P. Bajus, Kingston; second vice, D. Bevier, St. Thomas; secretary, A. G. Hodge, Toronto; treasurer, W. Reid, Hamilton. Trustees, Capt. McCaffrey, Ottawa; Wm. Nesbit, Woodstock; J. M. Lottridge, Hamilton. Parliamentry committee, J. Sulivan, Kingston; J. O'Donohue, Stratford; Henry Teeter, Waterford; F. J. Roach, Chatham; James Smith, London. Capt. McCaffrey, Ottawa; J. Maguire, St. Catherines. Managing committee, the president, vice president, secretary, treasurer, T. F. Drown, Welland, and J. M. Lottridge, Hamilton. Auditors, John Millett, and Geo. T. Robinson, Toronto. Solicitor, Dalton McCarthy, Q. C., Toronto.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

No. 1. Company.

After the drill to-morrow night, the snow-shoe club will be reorganized, to be ready for "Vennor's snow."

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Railway Notes.

Railway schemes are now developing all over the country but more particularly in this section. Through lines from Montreal to Toronto appear to be the favorites. If one third of the lines spoken of are ever built, Peterborough will be better served with railways than any other place in the Province. Notice is now given that application will be made at the next session of the Parliament of Canada for an act authorizing a company to build a railway between the city of Montreal and a point on Lake Simcoe, near Beaverton, via West Winchester, Perth and Smith's Falls, and north from Lake Simcoe to a point on Lake Nipissing, near South East Bay, and south to Toronto and West to Detroit, to be called the Dominion Air Line.

As will be seen by a notice in another column, tenders are asked for the constrtction of the "missing link," between here and Omemee, and the probabilitiesare that the link will not be missing in the course of a few months. The work is to be gone on with at once and finished as speedly as possible. Simultaneously with this, work will be pushed on the Wick and Manilla connecting link, and on the Toronto and Ottawa east of Madoc.

Tenders are asked for ties for the Toronto and Ottawa road.

The final signatures to the consolidation papers of the following roads were attached last Saturday afternoon at the offices of the Toronto and Ottawa Railway Company, Toronto:—Toronto and Nipissing, Victoria, Whitby Port Perry and Lindsay, Grand Junction, Midland, and the Toronto & Ottawa. The combination will in future be known as the Midland Railway of Canada.

Beautiful Goods, Cheap.

This year as usual business has assumed a livelier aspect, merchants are actively engaged in making their stock look as attractive as possible, and putting the price of some of their goods at reduced rates for the holiday season. Walking up George Street, to No. 3 Cluxton's new block, the premises occupied by Messrs. Giroux & Sullivan, people are struck with the fine display of Dress Goods that the firm are just now offering at a reduction of fifty per cent. on their value. A list of some of these goods, and the price they have been reduced to, will be found in this evening's REVIEW, but ladies will have to visit their store to get the full benefit of the special value which Messrs. Giroux & Sullivan are offering them in Dress Goods. Of course all the goods are new and fresh, and can be relied on as the newest in the market. The members of this firm speak encouragingly of their business success so far, and state that they have determined to sell these goods at a sacrifice rather than hold them over for another season.

Division Court.

The following is a list of the sittings of the Division Courts in the County of Peterborough for the year 1882:—

	Peterboro'.	Norwood.	Lakefield.	Keene.	Apsley.
January	—	—	—	9	31
February	10	2	9	—	—
March	17	—	—	—	—
April	28	26	20	—	—
May	—	—	—	1	—
June	23	28	22	—	—
July	—	—	—	—	11
August	25	23	17	—	—
September	29	—	—	11	—
October	—	18	12	—	—
November	10	—	—	—	—
December	22	20	14	—	—
January, 1883	—	—	—	8	17

The Weather.

The present mild spell is extraordianay, considering the season. Christmas is at hand, and there is not an inch of snow on the ground, notwithstanding the heavy snow storms and rough weather predicted by Vennor, and other alleged weather prophets. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes and St. Lawrence, moderate winds, mostly from the south and west. Fine to cloudy, continued mild weather, very light showers in a few localities.

Journalistic.

We have received the first number of the Millbrook *Herald*, published by Mr. W. A. Kelsey. This new aspirant for public favour will no doubt have to wait patiently and work perseveringly to obtain its objects; and as it starts out as a fairly creditable sheet, we see no reason why the publisher should not meet with the support he asks. It is the same size as the DAILY REVIEW, is printed on good paper and devotes considerable space to local news. It certainly cannot complain of want of advertising patronage.

West Northumberland.

The contest in West Northumberland which is taking place to-day, caused considerable excitement in town and quite a sum of money was bet on the result, ex-Mayor Guillet, the Conservative candidate, being the favorite.

Municipal Elections.

The nominations for members of the Council and the Mayoralty take place on Monday next. Up to date very little is heard on the streets or any place else regarding the contest, and the prospects of a quiet election are good.

Another Fire.

BELLEVILLE, Dec. 17.—This morning, for the third morning in succession, a fire occurred here. An unoccupied house on Front street, owned by Mr. Francis Clark, was destroyed by fire at about three o'clock. Loss $700; insured for $350. The fire was undoubtedly incendiary, and the two preceeding fires are now supposed to have originated in the same manner.

Horsewhipped on the Street.

Hamilton was treated to a horsewhipping episode on Saturday afternoon. The affair was brought about by gossiping damsels. The wife of a well-known business man of the ambitious city horsewhipped a prominent citizen for, as she alleged, saying naughty things about her. The horsewhipped gentleman, who was pretty well cut up, denies the charge, and it is not unlikely that the case will find its way into court.

Ladies requiring DRESS GOODS and BLACK VELVETEENS should first visit GIROUX & SULLIVAN'S, as they have the finest and best selected stock in Peterborough, which they are offering at 50 per cent reduction during the next two weeks.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

An Interesting Local Item.

I have to inform my patrons and the general public that I have now terminated one of the most successful sales ever held in the town of Peterborough. On the 1st of February next I go into an entirely different line of business, in the meantime I must keep moving, therefore I have bought out the balance of stock held by T. Dolan & Co., in their old store, Burnham's block, and have also effected the purchase in Toronto of several bankrupt stocks. I have placed the entire lot in the corner store and will sell at prices never before heard of in Peterborough. From what I have noticed of some of the quotations of prices of the uptown stores, I am confident that I can give goods lower than the lowest of them, by at least ten per cent Recollect the sale is a thoroughly honest one as the goods must be sold, close buyers will find it worth their best attention to call and inspect. Remember the corner, Burnham's block, corner of George and Simcoe Streets. Sale will commence on Tuesday morning at eight o'clock sharp. A full staff of salesmen is engaged for the occasion, so that all customers will be properly waited upon. Store will close every day from 12 to 12.30 o'clock to give the staff time to have lunch, JAS. DOLAN.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

WHAT SHALL I BUY?

There are two ways to supply your wants; one to find A RELIABLE MERCHANT and make use of him whenever you have need. The other to go in search of BARGAINS, offered by those who claim to have made their ANNUAL REDUCTIONS, that only in this cutting of rates get their prices down to the figures a reliable merchant has been selling at the whole season through.

In the latter case you may be served with shop-worn goods that could not be sold at the high prices they held them at.

People recognize that we are at the head of the first named class, we have as complete lines of Dry Goods as were ever collected in one Concern in Peterborough.

Great Bargains in all matters of DRESS GOODS are now being shown by us; and shoals of customers are profiting by the inducements of our prices to supply their wants.

We have made the most ample preparation to meet a stirring CHRISTMAS TRADE in fancy and seasonable articles.

T. DOLAN & Co

NATIONAL PILLS — SUGAR COATED. PURELY VEGETABLE

Highly recommended for Biliousness, Head-Ache, Constipation, Indigestion, Dizziness, Heartburn, Bad Breath, Loss of Appetite, Jaundice, Loss of Memory, Sour Stomach, Liver Complaint, or any illness arising from the Stomach, Bowels or Kidneys. They are safe, mild and thorough in their action. From 1 to 3 pills is a dose. PRICE 25c. PER BOX.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalcule which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

B. MORROW.

Daily Evening Review

MONDAY, DECEMBER 19, 1881.

LOCAL AND MUNICIPAL.

The Licensed Victuallers.

At a meeting of the Ontario Trade Benevolent Association of Toronto, on Friday, the following gentlemen were elected to office, the choice in each case being made unanimous; President J. S. Hamilton, Brantford; first vice, P. Bajus, Kingston; second vice, D. Bevier, St. Thomas; secretary, A. G. Hodge, Toronto; treasurer, W. Reid, Hamilton. Trustees, Capt. McCaffrey, Ottawa; Wm. Nesbit, Woodstock; J. M. Lottridge, Hamilton. Parliamentry committee, J. Sulivan, Kingston; J. O'Donohue, Stratford; Henry Tester, Waterford; F. J. Roach, Chatham; James Smith, London. Capt. McCaffrey, Ottawa; J. Maguire, St. Catherines. Managing committee, the president, vice president, secretary, treasurer, T. F. Drown, Welland, and J. M. Lottridge, Hamilton. Auditors, John Millett, and Geo. T. Robinson, Toronto. Solicitor, Dalton McCarthy, Q. C., Toronto.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

No. 1. Company.

After the drill to-morrow night, the snow-shoe club will be reorganized, to be ready for "Vennor's snow."

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Railway Notes.

Railway schemes are now developing all over the country but more particularly in this section. Through lines from Montreal to Toronto appear to be the favorites. If one third of the lines spoken of are ever built, Peterborough will be better served with railways than any other place in the Province. Notice is now given that application will be made at the next session of the Parliament of Canada for an act authorizing a company to build a railway between the city of Montreal and a point on Lake Simcoe, near Beaverton, via West Winchester, Perth and Smith's Falls, and north from Lake Simcoe to a point on Lake Nipissing, near South East Bay, and south to Toronto and West to Detroit, to be called the Dominion Air Line.

As will be seen by a notice in another column, tenders are asked for the constrtction of the "missing link," between here and Omemee, and the probabilitiesare that the link will not be missing in the course of a few months. The work is to be gone on with at once and finished as speedly as possible. Simultaneously with this, work will be pushed on the Wick and Manilla connecting link, and on the Toronto and Ottawa east of Madoc.

Tenders are asked for ties for the Toronto and Ottawa road.

The final signatures to the consolidation papers of the following roads were attached last Saturday afternoon at the offices of the Toronto and Ottawa Railway Company, Toronto:—Toronto and Nipissing, Victoria, Whitby Port Perry and Lindsay, Grand Junction, Midland, and the Toronto & Ottawa. The combination will in future be known as the Midland Railway of Canada.

Beautiful Goods, Cheap.

This year as usual business has assumed a livelier aspect, merchants are actively engaged in making their stock look as attractive as possible, and putting the price of some of their goods at reduced rates for the holiday season. Walking up George Street, to No. 3 Cluxton's new block, the premises occupied by Messrs. Giroux & Sullivan, people are struck with the fine display of Dress Goods that the firm are just now offering at a reduction of fifty per cent. on their value. A list of some of these goods, and the price they have been reduced to, will be found in this evening's REVIEW, but ladies will have to visit their store to get the full benefit of the special value which Messrs. Giroux & Sullivan are offering them in Dress Goods. Of course all the goods are new and fresh, and can be relied on as the newest in the market. The members of this firm speak encouragingly of their business success so far, and state that they have determined to sell these goods at a sacrifice rather than hold them over for another season.

Division Court.

The following is a list of the sittings of the Division Courts in the County of Peterborough for the year 1882:—

	Peterboro'.	Norwood.	Lakefield.	Keene.	Apsley.
January	—	—	—	9	31
February	10	2	9	—	—
March	17	—	—	—	—
April	28	26	20	—	—
May	—	—	—	1	—
June	23	28	22	—	—
July	—	—	—	—	11
August	25	23	17	—	—
September	29	—	—	11	—
October	—	18	12	—	—
November	10	—	—	—	—
December	22	20	14	—	—
January, 1883	—	—	—	8	17

The Weather.

The present mild spell is extraordianay, considering the season. Christmas is at hand, and there is not an inch of snow on the ground, notwithstanding the heavy snow storms and rough weather predicted by Vennor, and other alleged weather prophets. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes and St. Lawrence, moderate winds, mostly from the south and west. Fine to cloudy, continued mild weather, very light showers in a few localities.

Journalistic.

We have received the first number of the Millbrook *Herald*, published by Mr. W. A. Kelsey. This new aspirant for public favour will no doubt have to wait patiently and work perseveringly to obtain its objects; and as it starts out as a fairly creditable sheet, we see no reason why the publisher should not meet with the support he asks. It is the same size as the DAILY REAIEW, is printed on good paper and devotes considerable space to local news. It certainly cannot complain of want of advertising patronage.

West Northumberland.

The contest in West Northumberland which is taking place to-day, caused considerable excitement in town and quite a sum of money was bet on the result, ex-Mayor Guillet, the Conservative candidate, being the favorite.

Municipal Elections.

The nominations for members of the Council and the Mayoralty take place on Monday next. Up to date very little is heard on the streets or any place else regarding the contest, and the prospects of a quiet election are good.

Another Fire.

BELLEVILLE, Dec. 17.—This morning, for the third morning in succession, a fire occurred here. An unoccupied house on Front street, owned by Mr. Francis Clark, was destroyed by fire at about three o'clock. Loss $700; insured for $350. The fire was undoubtedly incendiary, and the two preceeding fires are now supposed to have originated in the same manner.

Horsewhipped on the Street.

Hamilton was treated to a horsewhipping episode on Saturday afternoon. The affair was brought about by gossiping damsels. The wife of a well-known business man of the ambitious city horsewhipped a prominent citizen for, as she alleged, saying naughty things about her. The horsewhipped gentleman, who was pretty well cut up, denies the charge, and it is not unlikely that the case will find its way into court.

A GREAT REDUCTION

—IN—

Dress Goods and Black Velveteens

FOR THE NEXT TWO WEEKS AT

GIROUX & SULLIVAN'S

LADIES,—See our All Wool Black Cashmeres, worth 75 Cents; now Reduced to 50 Cents.

CANADIAN TELEGRAMS.

ST. JOHN, N.B.

Special to the Review Dec. 20.

THE FISHING SCHOONER Viola of and from Port Clyde, Sherburne County, N.S., commanded by Capt. John Nickerson with a crew of six men, went ashore, on Big Duck Island, in the parish of Grand Manon on the night of the 15th inst. After several hours of much suffering from cold and fatigue the crew were rescued. Two of the men had their hands badly frozen. The vessel is a total wreck.

WEST NORTHUMBERLAND.

Mr. Geo. Guillet, of Cobourg, Conservative, Elected by 68 Majority.

COBOURG, Dec. 19.—One of the most important and hardest fought contests since the memorable 17th of September, 1878, was fought here to-day, and the policy of the Government sustained by the triumphant return of the Government candidate by the handsome majority of 68. The utmost enthusiasm prevails. A meeting was held in the Opera House, which was crowded to its utmost capacity, and stirring speeches were delivered by the candidate and a large number of the prominent men of the party. After the meeting a grand torchlight procession was formed, and the victorious candidate triumphantly escorted to his home. The following are the complete returns for this and the last election:—

Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

MIDNIGHT TELEGRAMS

CABLE.

ANTI-RENT ORGANIZATION.

DUBLIN, Dec. 19.—The organization against the payment of rents is becoming still more formidable. It is regarded as much of a crime to go into a Land Court as to pay rent. Lists of persons who have been served with notices and of those suspected of paying rents are posted at the chapels and other places where they are likely to be seen, and although the police tear them down they are soon posted again.

THE FEMALE SUSPECTS.

LONDON, Dec. 19.—It is stated that a prison designed for females is being prepared for the reception of members of the Ladies' Land League, the arrest of several prominent members of the Dublin branch of that organization being expected.

INFLAMMABLE MATERIAL.

SUEZ, Dec. 19.—In consequence of a report that an Italian had murdered a saldier, the military imprisoned the governor, barricaded the door of the governor's residence, and refused to admit the foreign consuls. It is now discovered that the murder was really committed by a Bedouin. The affair has created a sensation, as it shows the ease with which an *emeute* might arise. A commission from Cairo is investigating the murder.

STUPID OFFICIALS.

VIENNA, Dec. 19.—A chimney on a private theatre in the Watzlendorf, a suburb of the city, caught fire, and owing to the stupidity of the officials and police there came near being terrible loss of life.

A CRIMINAL ASSOCIATION

DUBLIN, Dec. 19.—The Lord-Lieutenant of Ireland has issued a circular to the police, informing them that the proclamation declaring the Land League a criminal association included females, and directing them to take measures against any women participating in any illegal proceedings.

1500 ARRESTS.

ST. PETERSBURG, Dec. 19.—There have been 1500 arrests at St. Petersburg for political offences during the present year. Many arrests were due to false accusations, and it is stated that the false accusers are to be proceeded against.

FATAL COLLIERY EXPLOSION.

BOLTON, Dec. 19.—A colliery explosion occurred about noon. The supposition is that 180 persons have been killed, as 200 descended into the pit this morning, and only ten injured have been recovered. The work of exploring the mine and rescuing the victims continues. The explosion occurred in the Orrell pit. The pit was considered one of the safest in Lancashire, neither gunpowder being used for the blasting nor furnaces for ventilation. The whole system of working the mine was mechanical. The Arley pit adjacent was affected by the explosion, and of sixty employees in it only twenty-seven were brought to the surface alive. It is feared the remainder perished. It is believed the explosion was caused by the fall of a portion of the roof, which liberated a quantity of gas.

LATER.—It is now believed that only forty persons were killed. The Orrell mine is 150 yards above the Arley mine, and the effect of the explosion in the former imprisoned 150 miners in the lower mine. These were subsequently rescued. Those rescued from the upper seam were seriously burned.

LAND COURT DECISION.

DUBLIN, Dec. 19.—The Land Commission has decided that notice to fix rent, if served only upon an agent's clerk, be deemed sufficient service. This decision, against which no appeal will be allowed, will govern 15,000 cases.

THE DUBLIN SEIZURE.

DUBLIN, Dec. 19.—Whelans and Ryan, arrested at the time of the discovery of arms and ammunition there on Sunday, have been remanded for trial. It is stated that the police obtained information concerning the concealed arms and ammunition through a drunken quarrel among persons implicated. It is believed the disclosures will lead to a number of very important arrests, and the seizure of a still larger quantity of arms.

CANADA IN ENGLAND.

LONDON, Dec. 19.—The shares of the North-West Land company of Canada are being taken up rapidly. The lists will close to-night. Many influential gentlemen are subscribing largely, and it is believed that if the list were open another week double the capital required would be obtained.

AMERICAN.

ABOLISHING DUTIES.

WASHINGTON, Dec. 19.—Bills were introduced in the House to-day to abolish the duties on salt, woollen blankets, and agricultural implements, and reducing the duty on all other dutiable articles 10 per cent., except diamonds, gold and silver jewelry, silk or articles of which silk is a component part, to regulate inter-State commerce, and to allow the purchase and register of foreign-built ships by United States citizens.

DETONATING DYNAMITE.

MOUNT UNION, Pa., Dec. 18.—This morning Jno. Ingram placed a can of dynamite on a stove to dry. The package exploded, demolishing the building, killing Ingram and his wife and four children. One child escaped. The explosion was felt all over town.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2d1w-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d62w9

CABLE.

THE BOLTON DISASTER.

LONDON, Dec. 20.—It is now ascertained that 34 persons were killed and 36 injured by the explosion yesterday at the coal pit of the Abram Mining Co'y at Bolton.

IS SHE FOUND?

LONDON, Dec. 20.—The finding of the Arctic exploring steamer Jeannette, was reported to the meeting of the Royal Geographical Society to-day.

THE JEANETTE.

ST. PETERSBURG, Dec. 20.—It is believed here that information brought by the Government of eastern Siberia, of the discovery of a steamer in the Arctic Ocean, refers to the Jeanette. The crew suffered no loss.

SECRET AND OPEN.

LONDON, Dec. 20.—A Dublin correspondent says that the belief exists that there is a secret as well as an open organization, disturbing Ireland, and threatening serious danger.

ARRESTED.

DUBLIN, Dec. 20.—John Clancy, a prominent member of the Land League, has been arrested.

FRACTRICIDE.

DUBLIN, Dec. 20.—Patrick Dunn, a farmer near Abbey Laix, was found murdered. His brother, who wished to get possession of the farm, has absconded. It is supposed that he has gone back to America.

AMERICAN.

UNJUST DISCRIMINATION.

CHICAGO, Dec. 20.—Twenty of the leading manufacturers of this state adopted resolutions last night on the action of the State Railroad Commissioners, requiring railroads to charge large patrons the same price per car as small patrons. The resolutions decided that this will drive from the State twenty millions of business and they will combine against this unjust discrimination if necessary by taking political action.

KILLING CATTLE THIEVES.

SOCORA, N. M., Dec. 20.—Four thieves, who stole cattle from Geo. Fowler, a prominent cattle raiser, were killed by Fowler and his men.

HEAVY FAILURE.

NEW YORK, Dec. 20.—The liabilities of R. W. Knapp, the suspended provision dealer, are estimated at $60,000.

A BIG FRAUD.

NEW YORK, Dec. 20.—A distinguished New York lawyer, after an investigation of the claims of the Peruvian Company, ceased to become its attorney.

WANTS RECREATION.

WASHINGTON, Dec. 10.—On Wednesday the President expects to go to New York to remain several days, feeling that he is much in need of recreation.

A FANCY TEAM.

WASHINGTON, Dec. 20.—The President's carriage horses, that are in the Washington establishment, are the finest that ever appeared on the streets of the capital.

THE PAPERS CORRECT.

NEW YORK, Dec. 20.—A Washington special to the *Sun* says that the members of the Senate Committee investigated the expenditure of the Treasury fund admit that the evidence taken this far has been corroborative of the allegations make by the newspapers during the past summer.

ARE THEY CIVILIZED?

RICHMOND, Va., Dec, 20.—Marry Pollard, colored, living in a house near this city, and three children were taken down with small pox, the infant died and the family were neglected by the authorities and neighbours and their only attendant has been a five year old boy who nursed them night and day. The latter appealed to passers by, who brought food to the door and buried the infant.

CONCERNING BLAINE.

NEW YORK, Dec. 20.—The *Tribune's* Washington says that Blaine said yesterday "However much I may be pressed to accept the many, the corcial invitations I have had to go south, I shall probably be obliged to decline them all, I have been necessarily a pretty busy man for the last twelve months and shall now seek rather to avoid excitement and unnecessary activity." Blaine said his health was much better than at the beginning of the year.

THE ST. CLAIR BANK.

The Money and Securities All Safe—A Clue to the Burglars.

ST. CLAIR, Mich., Dec. 16.—The desperate attempt by seven masked burglars to rob the safe of the First National Bank on Wednesday night is still the all-absorbing theme of conversation in this city, and the excitement runs high. Mr. Olfts, the expert sent from Detroit to open the disabled safe, arrived last night, and in two hours had succeeded in picking the clock lock, and by a few well directed blows smashed the other combination and got at the treasure inside, which consisted of $5,000 in cash and securities. It was found that the burglars had blown the combination all to pieces, and damaged the safe about $200 worth. It is now surmised that the gang must have been frightened off by the approach of passers-by. The officers of the bank have employed a detective to work up the case, and it is said they have already a slight clue. It is furthermore hinted that part of the gang was constituted of home talent. The rascals left behind them a large blue silk handkerchief, a pair of nickel-plated handcuffs, a ball of hardware twine, a drill and crank, a sledge hammer and gimlet. Policeman Lanzer, who was maltreated by them and carried into the bank and thus prevented from giving the alarm, is now nursing a cut face and head. He says he will be able to recognize the leader of the gang if he meets him again.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

TO ADVERTISERS.

The efforts which are now being made so successfully to push the circulation of the Daily Evening and Weekly REVIEW make these papers at this time, either separately or jointly, very desirable mediums for advertising purposes. Shrewd and practical advertisers will readily see the advantage and profit to be derived from a circulation of this character.

Daily Evening Review

TUESDAY, DECEMBER 20, 1881.

GRAIN EXPORT via ST. LAWRENCE.

The American Railways have made great efforts this year to beat the water-ways in competition for grain carriage, and it must be conceded that they are ahead. When the *Railroad Gazette* of last week stated the quantity of grain reaching the seaboard at Montreal was 8,205,000 bushels less than last year, we felt incredulous, but upon getting particulars from that city, we must conclude that the figure named is not far out of the way. We are indebted to the Montreal *Herald* for the following statistics, showing the quantities of different grains in bushels, and flour in barrels, shipped in that city from 1st January to 14th December, 1880 and 1881.

	Ship'ts '81.	Ship'ts '80.
Wheat, bush....	6,421,096	9,239,701
Corn " ..	3,334,078	7,303,979
Peas " ..	3,111,583	3,069,766
Oats " ..	1,211,221	1,853,100
Barley " ..	133,659	289,601
Flour, bbls....	618,114	730,573
Total	16,724,093 bu.	24,788,439 bu

(Flour reduced to grain at four bushels to the barrel.)

The figures show that Montreal has received this year 3,770,724 bush. grain less than in 1880 and has shipped 8,064,346 bush. less, a decline in shipments of about 32 per cent.—*Monetary Times.*

THE N. P. AND COAL.

The following statement appeared some days ago in the Kingston *Daily News*:—

"A gentleman in this city recently wrote to the Intercolonial Coal Company, of Pictou, N. S., asking why they could not fill a large order for this city. In reply he was told the company had orders for 16 car-loads or 160 tons of coal per week, that two weeks had elapsed since these orders had been received, but that such had been the rush of business on the Intercolonial Railway that cars could not be obtained for shipment. Sir Chas. Tupper has since visited the mines and promised to furnish an extra supply of freight cars. (The Intercolonial road, it will be remembered, was the road which, according to Grit authority, would never pay for the grease on the wheels, and which showed a deficit of half a million per year under the late administration.) So much for the coal that comes up to Montreal. Now for facts nearer home. It was found necessary recently to purchase coal for the Canadian Locomotive works here, and the Managing Director had both Nova Scotia and Cleveland varieties tested. The result was that the Canadian coal proved the most satisfactory, and six hundred tons have been ordered for use in Kingston. On this amount $450 will be saved, as it is laid down here for seventy-five cents per ton less than the American coal. Our readers will not imagine that the purchase is being made for the purpose of scoring a point in favor of the Government, as the Managing Director is Mr. William Harty, Honorary President of the Reform Association.

WORK OR WALK.

Alternative Presented to Canadian Boiler Makers Brought to St. Paul.

ST. PAUL, Minn., Dec. 16.—A car load of Canadian boiler-maders, imported here by the Manitoba Line to take the place of strikers, upon their arrival were placed in two busses, each containing policemen, and driven to the shops, where temporary barracks for boarding had been erected for them. A call at the barracks this morning found at the door five policemen, who were there to enforce order. In conversation with several of the men it was claimed they had been brought to St. Paul on misrepresentations by the envoy of the company, William Reed, who stated to them that no strike existed here, and that they were to go into new shops. They held a meeting on the train when this was discovered, and resolved not to go to work if such was the case. When they arrived here and refused to go to work, Mr. Reed refused to pay their way back to Canada, and informed them that if they wanted to go back they might walk back. In regard to misrepresentations as to fare here and back to Canada if the workmen did not like St. Paul, and also in regard to wages, Mr. Manvel says that it would be absurd and ridiculous for any company to make such an agreement with laborers, and that they did not do it, and would not pay their way back. On the subject of wages from the time they started from Canada, he stated that if these men do not go to work for the Company, they would get others, and continue to import them until they got enough to carry on the work at the shops. Eighteen men are coming from Quebec to-morrow to take the places of the strikers.

ROBBERY OF AN EARL'S TOMB.

Particulars Regarding the Theft of the Body of the Late Earl of Crawford.

The London *Standard* of Dec. 3rd, gives the following particulars regarding the robbery of the body of the late Earl of Crawford from the chapel at the Earl's mansion, Dun Echt, in Aberdeenshire. The robbery is supposed to have occurred between the night of the 30th of Nov. and morning of Dec. 1st:—

The chapel is practically a part of Dun Echt House, there being an entrance to it from the library. The apparatus necessary for raising the slab and removing the railing would be conveniently handy, building operations being at present in progress at Dun Echt. The coffins were opened skilfully and without the least violence. Neither the outer one of oak nor the inner wooden one has been broken, the lids having been simply unscrewed. As the lead shell had been soldered, it had to be cut open; but this also had been neatly performed, and so the appearance of the vault yesterday did not awaken in the spectator any such feelings as would naturally associated with the application of force and violence. The object of the thieves seems pretty clear, and the opinion is that they must have been pretty well acquainted with the district. That several persons were engaged in the robbery is pretty certain. The slabs were of Caithness stone, very heavy, being six feet square and several inches thick. Dun Echt House is about a mile from the road, and so the thieves might carry on their operation unmolested by the public; but the fact of the chapel being connected with the house makes it a matter of certainty that the theft must have been perpetrated during the night. The deceased Earl being a spare man the thieves would be able to carry off the body all the more easily. On Thursday morning a man passing the spot on his way to his work observed that the ground on the top of the entrance to the mausoleum had been disturbed, and that the slab opposite the first step of the stairs was on its side, supported by a stick. The man communicated with the servants at the house, but it was decided not to enter the vault until the arrival of the Commissioner and police officers from Aberdeen. Those officials were at once summoned, and when they arrived in the forenoon they decided to enter and examine the mausoleum. For this purpose another slab had to be lifted, and two persons entered. They were horrified by the sight that met met their view. Strewed upon the ground were pieces of wood and sawdust, and the coffins in which the remains of the late Earl had laid were lying on a shelf in a state of wreck. The wooden erection placed in front to protect the coffin had been torn away. The authors of the outrage had then unscrewed the lid of the outer coffiin. The others were not treated so respectfully. These they cut with chisels, or some sharp tools, and after making an opening in the end large enough to admit of their doing so, they pulled the remains of the noble earl out by the feet, and carried them away. The silver mountings of the coffin were untouched, a circumstance which leads to the belief that the main object the robbers had in view was the ransom which they hoped to obtain for the body.

O'GRADY'S TRIP TO HASTINGS.

To the Editor of the Review:

DEAR SIR,—Shure I'de often heard of Hastings and I am better plased than a little that I made the trip, I found lots of people that I had seen before. I walked across the bridge and shure as a gun the factory was running like the very d——l, and they are turning out sthuff of all kinds, and let a man go there wid a light suit on and they will soon turn ye out wid a dark one, so if ye get into any schrape and want to change suddenly jist go to Hastings. I crossed the river and went down as far as Shmit's hotel, but troth, I think he took me for some chape kind of a chap, and the reception being a little cowld I walked out again. Nixt man I called on was Pat Brennan, he's the bye that does the bushness there, its malt or rye all the phile, the divel sich a lot of sthuff as I never seed before is drunk down there. Nixt place I was taken too was Chebangs or Kobeens and by gorra its talk about your bottled ale, but if Calcutt's don't knock the stuffin out of them all on that. Man, man, if Harry goes up wesht once more he will beat the world on bottled ale, Nixt place I was at was the barber's and as Dan O'Grady said, he is just what you might call a queer shaver, for he can shave you in any shape ye want, even to an umbarella or parasole, and troth, I think he draws teeth too for he has instruments enough to make the devil knows what a member of parliament if yez like. He kapes St. Patrick on one side and King William on the other side of his glass. I axed him if he would trust me for a shave, but he give me one look and sez, I ám out of that kind of bisness. Will you lend me a razor and I'll shave meself, sez I. I will, sez he. I had better paid for my shave for every ton. Dick and Harry were axing me where I got my shave, the danged ould razor had a nick in it and my eye-sight was poor and I left streaks of beard all over my face. He was telling me about his hunt up back; he sez they had bad luck first few days, they could get no deer at all, and Arthur used to hide their bottle and they could neither get deer or whiskey. I thanked him for his information and shave and walked out. Nixt man was Ould Tim, he was sthanding over at Tierney's looking up at his brick hotel. Good day squire, sez I. Good day, sez he. Troth and ye have a fine house there; who bilt that for ye? I knew phyle but I axed to see phat he would say. Oh I sez he, some of your town boys done the job, Stanton and Rutherford. He sez Rutherford was a dacent chap. I see the butcher bizness has changed, the ould one has schinned the people and place too, so I was tould. I see they have a Hogg down there but he kapes a great sthore of every thing you can think of. I saw John Paters, he was flying round after grain or schins; he deals in various articles. They have a printing office and any amount of tailor shops; one of them is run by our ould friend Bob Phite's son-in-law, Mr. Lawrence, and they say if he can't make a suit to fit, you need go no phare else. I am tould they kape four or five hands to work all the phile and can't do it all thin; success attind yez sis I. They have a fine town hall wid a lock up sttached; look out byes or some of yez will be afther trying it some of these nights if yez don't let long Sharp alone. Livery business is good down there, horses flying all the phile whether they are let or not. There is any amount of carriage and blacksmits, and shoe shops, one bake shop is all I saw, and as Pat Brennan's bell is ringing I think I will go and try a slice of his bread, and will finish some other day phin I have more news, and as I have occupied quite a space in your valuable paper I will wait till I go down again, perhaps I might get some more important news.

I am, dear REVIEW, you ould friend, not Ould Dan nor Young Dan, but a second cusin to Young Dan.

ONE OF THE O'GRADYS.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

PATENTS

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid illustrated weekly paper, $3.20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw4u

A.—BEATTY'S PIANOFORTES—MAGNIFICENT holiday presents: square grand pianofortes, four very handsome round corners, rosewood cases, three unisons, Beatty's matchless iron frames, stool, book, cover, boxed, $272.75 to $297.50; catalogue prices, $800 to $1,000; satisfaction guaranteed or money refunded after one year's use; upright pianofortes, $125 to $255; catalogue prices, $500 to $800; standard pianofortes of the universe, as thousands testify; write for mammoth list of testimonials; Beatty's cabinet organs, cathedral, church, chapel, parlor, $30 upward; visitors welcome; free carriage meets trains; illustrated catalogue (holiday edition) free. Address or call upon DANIEL F. BEATTY, Washington, N.J.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

A. L. STOKES,
Gen'l Eastern Pass'r Agent,
52 Clarke St., Chicago, Ill.

YOUNG MEN If you would learn Telegraphy in four months, and be certain of a situation, address VALENTINE BROS., Janesville, Wis.

$777 A YEAR and expenses to agents. Outfit free. Address P. O. Vickery, Augusta, Me.

ADVERTISERS! send for our Select List of Local Newspapers. Geo. Rowell & Co., 10 Spruce St., N.Y. 26d142w60

There is no excuse for suffering from

CONSTIPATION

and a thousand other diseases that owe their origin to a disordered state of the Stomach and Bowels, and inaction of the Digestive Organs, when the use of

DR. HENRY BAXTER'S

MANDRAKE BITTERS

will give immediate relief, and in a short time effect a permanent cure. After constipation follows Biliousness, Dyspepsia, Indigestion, Diseases of the Kidneys, Torpid Liver, Rheumatism, Dizziness, Sick Headache, Loss of Appetite, Jaundice, Apoplexy, Palpitations, Eruptions and Skin Diseases, etc., all of which these Bitters will speedily cure by removing the *cause*. Keep the *Stomach, Bowels, and Digestive Organs* in *good working order* and *perfect health* will be the result. Ladies and others subject to SICK HEADACHE will find relief and permanent cure by the use of these Bitters. Being tonic and mildly purgative they

PURIFY THE BLOOD

by expelling all Morbid Secretions.

PRICE 25 CTS. PER BOTTLE.

For sale by all dealers in medicine. Send address for pamphlet, free, giving full directions.

HENRY, JOHNSONE & LORD, PROPS., MONTREAL.

ST. ANDREW'S NIGHT.

ADDRESSED TO A. P. MORGAN—WELL-MERITED PRAISE.

On St. Andrew's night, Scots thought it right a
With a few friends to gather
To hold the day, though far away
From Scotia and the heather.
When they did meet each took his seat
At A. P. Morgan's table,
How they did stare to see such fare—
Some thought him quite unable
To make such spreads.

Host, hostess, cook, had learned each book
On pastry, cooking bearing,
Their spread that night showed they were quite
Real adepts at catering,
If Morgan thought to please the Scot,
His wish was more than granted,
Each voice they raise to sound his praise,
Loud, long his name they chanted
On that same night.

I have not brain to give the name
Of each dish there presented,
But those I know to you I'll show,
And you must rest contented.
Old England's chief, such nice roast beef,
Worcester sauce, delicious—
Next thrust your fork in roasted pork,
Or corned beef who plesses
Good slice that night.

Roast turkey pass, cranberry sauce,
Roast chickens, young and tender,
Roast goose for you, apple sauce, too,
To suit both goose and gander.
Roast ducks, plump, fat, oyster sauce, that
Will draw your lips like leaches,
Both old and young, try some cold tongue,
To help you with the speeches
You make this night.

The rich desert would please the heart
Of any man of reason,
Plum pudding! ah, you need not chaw,
Blacmange to oil your weasand,
Black currant pies, mince ones, likewise,
Nice apple pies, so sweet sir.
Raspberry ones, too, that would make you,
With lips just nice to meet her,
Your girl that night.

Please will you take some light sponge cake?
Or jelly cake at pleasure,
Some jelly tine, as red as wine
To sip just at your leisure?
This pound cake try, three stories high
With flag on top to greet ye,
The motto shows words such as those
Thrice welcome Scots to eat me
On St. Andrew's night.

The celery stood just like a wood,
Fresh raisins from Venice, man,
Some almonds snack, or filberts crack,
Or apples, which you please man.
At last they bring the oatmeal king,
No nation can out bragg us,
Fierce, furious, large, the Scotchmen charge
Upon the reeking haggis
Most deadly fight.

Ale, water free, coffee or tea,
Was there to wash it down man,
If one Scot there despised the fare
Deserves a well cracked crown man.
Hostess and host were cheered in toast,
Wishing they long might live, man,
To act their part with hand and heart
Many such spreads to give man
On St. Andrew's night,

BY THE SOCIETY'S FRIEND—ONE WHO WAS THERE.

CHRISTMAS GIFTS.

The attention given by all classes to the observance of the Christmas holiday bids fair to lead to excesses similar to those which have caused many a mourning family to write beneath a notice of death, "Friends are kindly requested not to send flowers." When the gift of a few flowers expressed nothing but sympathy and "sweet remembrance" it was consoling; but now, when there seems sometimes to be a rivalry as to who shall send the first of a dozen crosses or crowns or anchors, it becomes offensive to the refined and hateful to the mourner. Nothing gives more pleasure to many people than an an unexpected and simple present on Christmas Eve or Christmas morning, when somehow the coveted book beyond our reach finds its way into our hands, as if truly it had gravitated towards us, according to Emerson's idea that what is for us is seeking after us; when some dainty bit of embroidery or painting, or any trifle from the hand of a friend, comes in this way it is warmly welcome. But the delight of what should be the family festival is some times marred by the thought that more money has been spent than could be well afforded, and the fear that the coal man or the grocer will have to wait a while for his bills to be settled. Then the children will wonder why father and mother are not so merry as every one should be on a day begun in the dim light of dawn with overflowing stockings and words of surprise and pleasure. When the week before the mother sat down to count over her dollars and her friends, she thought first of the servants. If she has only one, she remembers that the calico dress she gave her last year satisfied her then, but she must add a necktie and handkerchief this year because Mrs. Brown gave her girl two or three things. If there are more of those who serve (often by standing and waiting), she must present gifts to all which are of uniform value, but which will suit diverse tastes. There are cousins and distant relatives also who will feel it if they do not receive some token of your regard. Christmas cards help one out of trouble many times, and no one ought to complain when the price is so varied as to accomodate purses of all lengths, for it often happens that the money laid aside is inadequate. One is apt to forget to take into account all those who are entitled to recognition—the postman, the sexton, the janitor and the poor children in the next block; and it is not unlikely that father and mother have to content themselves by giving and receiving, and playing at its being a gift of love and of the season, some needed article of the household. It is a pity that this should be so. Hower practical a woman may have become with the flight of years, I do not believe that she ever arrives at the state when she would rather receive from her husband a set of forks, or some new dining-room chairs, than a ten-cent boquet bought in the market for love of her. If these things are to be bought for the comfort and convenience of the family, let them be called Christmas gifts to the home, but not to the wife. Let her feel that for you she never loses the individuality which made her dear to you in the early days. Far be it from the writer to disparage the observance of the holiday. Her stocking will be hung beside that of a small boy, as close to the chimney as possible, but let nothing be put in it which has one impure thought. If we aim to do, not what is expected of us merely, but what is most sensible and therefore best, it cannot fail to be a "merry Christmas."

THE Post-Office Saving Banks in Scotland have 68,460 accounts open, in which there is credited the sum of £620,000.

FROM ALL OVER.

MR. M. HEATON, inspector of Molson's Bank, St. Thomas, seven years ago purchased some property in Winnipeg for $1,000, and he has recently disposed of the same for $50,000—a return of $7,000 per year for the sum invested.

FROM Marblehead, Mass., Mr. George F. Young of the American House, writes that he was cured of a severe sore throat by the application of St. Jacobs Oil, and nothing else.

THE Picton Customs returns show 486,000 bushels of barley exported from Picton this season. Picton is the sixth largest port for the registration of shipping in the Province of Ontario, the register showing 41 sailing vessels and six steamers, with a net tonnage of 5,137.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

THE English press is teeming with protests against the tone and position adopted by Secretary Blaine in his circular to Mr. Lowell respecting the Panama canal, and it is very appositely hinted that the United States Government seizes the opportunity of making demands upon Great Britain just after the latter has expressed special friendship for the great Republic.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

WILLIAM TAGGART, of Teston, was making lead balls a few days ago, and being short of lead concluded to use some shot that was in an old bottle. He poured it into the hot ladle, and was somewhat surprised by the explosion of the bottle, the fragments flying into his face, burning and cutting him severely. Some powder mixed with the shot was the cause of the accident.

SOME New York cranks have evolved a mighty scheme for reviving the prosperity of the United States commercial marine. It embraces the occupation of Samana Bay as a coaling station, "with the ultimate view of annexing San Domingo, Hayti, Cuba, Porto Rico, and all the West India Islands." The scheme is so very "ultimate" that it is difficult to see it with the naked eye.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulent is needed. Sold by all druggists.

AT a full meeting of the Northern railway board on Thusday last, Major Greig was deposed from the position of acting general manager, owing to his having suppressed certain information which should have come before the board. Mr. Walter Townsend, the nominee of the English board of directors, was unanimously chosen provisional managing director. Mr. Townsend arrived in town yesterday from England.

GIVEN AWAY—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

THE Customs authorities made another large seizure in Montreal yesterday, which will amount to seven or eight thousand dollars at least. The goods are watches and jewellery, belonging to a man named Patterson, from Boston, who is stopping at a hotel in that city. Part of the goods were found in the possession of a Pullman car conductor, who was coming to the hotel, and the balance in Patterson's room in the hotel.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

THE Warden's supper rule came before the Wellington County Council thus:—"Moved by Mr. Harcourt, seconded by Mr. Rudd, that the institution known as the Warden's supper be discontinued, as it has outgrown its usefulness." Mr. Leslie thought that the motion was out of order, and interfered with the liberty of the subject, and moved, seconded by Mr. Waters, "that each member of the County Council be requested to go to bed every night at 9 o'clock, and no treating be allowed." Both motions were lost.

LABOURING under the hallucination that somebody was about to lynch him, John Ryan, formerly of New Brunswick, started from Fort William recently to walk to the railway works. He had not gone far when he left his comrade and wandered off. When he had gone some seventy miles he discarded his boots and went barefooted. He was afterwards found by an Indian lying in the snow unconscious, and almost frozen to death. The Indian and his squaw thawed him out, and sent him by train back to Fort William. During his walk Ryan lost a good watch and $600 in cash, and has since dropped several of his toes.

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day. "the thing you require is impossible." "Impossible" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousands who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Buckien's Arnica Salve.

A. VOGELER & CO.,
Baltimore, Md., U. S. A.

SCOTLAND.

THERE are 34 windows, 83 children, and 18 other dependants, left destitute through the Shetland disaster.

THE salmon fungoid disease, which recently appeared in the Tweed, has also spread to a large extent in the river Eern.

A NEW iron dredger of 700 tons, built and engined by W. Simons & Co., was on the 23d November, launched complete from their works at Renfrew.

THE Wishaw were quite in the dark lately—the gale of the 21st and 22d November, having so damaged the gasworks that no gas was supplied for two days and a night.

THE first of a course of lectures on "The Apostolical Succession" was delivered on the 20th November, in Free St. George's Church, Edinburgh, by the Rev. Principal Rainy.

THE body of the late Earl of Crawford and Balcarres has, it is said, been traced to an Italian yacht, which is now on its way to Florence, or some other Italian port.

A NEW company has, it is stated, just been formed to run a line of steamers from Glasgow to Morocco, touching at most of the leading ports in North Africa, including the Canary Islands.

THE number of students who had matriculated at the University of Edinburgh last year was 2743, or about 300 more than had ever before. This year there are between 50 and 60 more.

ON the 22st November, in the Dumfries Mechanics' Institute, Mr. J. J. Pope, M. R. C. S., delivered a lecture on "Fashion and Figure; or the Mistakes of Modern Wardrobes—Clothing and its relation to Health."

THE Earl of Galloway, Mr. Stopford Blair, of Penninghame, Major Stewart, of Cairnsmore, Mr. Drew, of Craigencallie, and Mr. Gifford, of Cornish, have been initiated Oddfellows in the Gallovidian Lodge, New-tonstewart.

DUBLIN the present year the Royal Bank of Scotland has earned a net profit of £200,290, and has declared a dividend of 9½ per cent. This shows that Scottish banking has not altogether lost its good name.

THE Highland Regiments have not yet been "fixed up" enough to suit the tastes of the War Office officials in London. The Seaforth Highlanders are in future to be called "The Duke of Albany's Highlanders."

THE Prince and Princess of Wales have just presented Mr. Barry, of Keiss, with a large and beautiful "loving cup" of silver gilt, as an acknowledgement of his kindness in lending them his charming place at St. Leonard's Hill for Ascot week.

ZOPESA.
(FROM BRAZIL.)
The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.
It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.
Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

W. JOHNSTON & CO., Manufacturers,
Amherstburg, Ont.

For Sale by Ormond & Walsh, Peterboro'.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to dissappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

Daily Evening Review

TUESDAY, DECEMBER 20, 1881.

LOCAL AND MUNICIPAL.

A Large contract.

We are always pleased to chronicle the success of our local manufacturers more particularly when their products are shipped to distant markets and are not intended merely to satisfy the local demand. The latest cases in point are those of Messrs. Tobias Fitzgerald and Fitzgerald and Stanger. The former is now manufacturing one hundred and thirty sets of "Cheyboygans" or shanty sleighs for the Messrs. Rathbun of Desoronto, and Gilmour of Trenton. The contract price is about $5,000 all of which will be spent in this vicinity. Messrs. Fitzgerald and Stanger are also constructing for the same firms twenty setts of the same sleighs. These facts speak volumes for the excellency of the work turned out by our carriage makers and we understand that the orders were received on the strength of representations made by a firm, that have used the sleighs in the woods and pronounce them the best article manufactured in Canada. Score one more for our local industries.

West Northumberland.

From the great interest taken in the West Northumberland election, by the citizens of Peterborough, one would almost imagine that the contest was taking place in our own, instead of a foreign place. The Great Northwestern Telegraph office was crowded from 6 o'clock until the final returns were received, about 9. Of course as soon as it was learned that Cobourg had stood by the N.P. and John A. so nobly, the result was no longer in doubt and it simply became a question of majority. Peterborough sent down some fourteen voters, twelve of whom voted for the successful candidate while the other two lost their votes and doubtless felt greatly chagrined thereat.

Big Timber.

On the limits of Messrs. R. & G. Strickland, in the Township of Oakley, in Victoria County, in the shanty of which Capt. Leon Dion is foreman, a liner named Lach. McLean recently made in one day two pieces of timber, one forty seven feet in length by thirty five inches girth, and the other forty-five feet, by thirty-five inches. McLean is an old liner who has made timber both in Michigan and Canada, and he says he has never before made as big or as nice timber as he is now making in Oakley.

Fatal Accident.

We regret to learn from our Ennismore correspondent that Edward Barret, a young man aged 24 years, residing on the east boundary of Emily, was killed in one of the northern shanties on Thursday last by a large log rolling over him. His remains were brought by the Victoria Railway to Lindsay, and from thence to his late residence, and were interred in the Ennismore Cemetery on Saturday last.

Hurrah for the T. V. C.

As a proof of the interest which is felt along the Trent in the Trent Valley Canal, and of the confidence in its early construction, we find in the Belleville *Intelligencer* an advertisement by Clement Armstrong, of Frankford, announcing a sale of 50 village lots at Chisholm's Rapids, the notice being headed:—"Hurrah! for the Trent Valley Canal, and the National Policy."

Christmas.

Next Sunday will be Christmas Day, and in accordance with the Governor's proclamation, the following Monday will be observed as a holiday. In Port Hope they are making arrangements for boat races, and there is talk here of an excursion down the river similar to that which took place in 1879.

Personal.

The Belleville *Intelligencer* announces that Mr. E. L. Gaujot, late manager of the Canada Consolidated Mines, and who is well known to many of our readers, has resigned his position. He will be appointed Manager of the works to be established by the Ontario Steel Association.

Fair Day.

This is the regular quarterly fair day. We thought we would just mention the fact in order that the citizens might understand the reason that business was a little duller than usual. The attendance at the market was rather slim.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Railway Notes.

The Port Hope elevator will be kept running in full blast most of this week loading cars with barley and wheat for Portland and Chicago.

The Port Hope *Guide* says the smoke stack on the new 150 horsepower boiler at the Midland workshops, manufacturod by Mr. W. Hamilton of Peterborough, was placed in position on Monday. The undertaking was no small one, but was safely accomplished.

The new freight shed at the Midland station is being painted, which will greatly improve its appearance.

Messrs. Geo. A. Cox, President, A. White, General Traffic Manager and J. F. Jeffers, Auditor of the Midland Railway, were in Montreal on Monday on business in connection with the recent amalgamation.

The Union Pacific Railway are to establish an agency at Toronto, and Mr. J. A. Richardson, of Millbrook, General Travelling Passenger Agent of the road, is to be placed in charge.

The Trenton *Courier* urges a connecting link between Trenton and the Grand Junction road, so as to secure connection with Peterborough and all the roads that centre there.

An Interesting Local Item.

I have to inform my patrons and the general public that I have now terminated one of the most successful sales ever held in the town of Peterborough. On the 1st of February next I go into an entirely different line of business, in the meantime I must keep moving, therefore I have bought out the balance of stock held by T. Dolan & Co., in their old store, Burnham's block, and have also effected the purchase in Toronto of several bankrupt stocks. I have placed the entire lot in the corner store and will sell at prices never before heard of in Peterborough. From what I have noticed of some of the quotations of prices of the uptown stores, I am confident that I can give goods lower than the lowest of them, by at least ten per cent Recollect the sale is a thoroughly honest one as the goods must be sold, close buyers will find it worth their best attention to call and inspect. Remember the corner, Burnham's block, corner of George and Simcoe Streets. Sale will commence on Tuesday morning at eight o'clock sharp. A full staff of salesmen is engaged for the occasion, so that all customers will be properly waited upon. Store will close every day from 12 to 12.30 o'clock to give the staff time to have lunch, JAS. DOLAN.

The Weather.

"Nothing like it has ever been known," says the oldest inhabitant, when conversing about the remarkble weathor that we are enjoying at the present time. Last night was really beautiful, and was more like June than the latter part of December. The weather prophets are badly "out" and nothing now remains but to wait and see what turns up. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes increasing north easterly to south easterly winds. Cloudy weather; rain this evening or to-night, followed to-morrow by lower temperature, and at many places snow.

On Exhibition.

The prizes offered to the best lady and gentleman waltzers at the Grand Ball, under the auspices of the Fire Brigade Band are now on exhibition in the window of W. A. Sanderson's store. They are very handsome.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

THE EXPLOSION OF A STILL.

TORONTO, Dec. 19.—About half-past three o'clock this afternoon the residents in the vicinity of Gooderham & Worts' distillery were startled by the sound of an explosion, coupled with that of falling timbers and broken glass. The shock and noise was caused by the explosion of a large copper tank in the still-house, which is situated on the east side of Trinity street. This tank was used for the purpose of putting the spirits through the "second process," or that of removing the "fusel oil." It was partly full of the liquid, and it is supposed that fire was communicated to the spirit in some way, thus causing the accident. The shock forced out the side of the building and shattered all the windows in the immediate neighbourhood. The fire, however, was fortunately nearly extinguished by the jar, and although an alarm was sounded summoning the fire brigade, there was very little for them to do. Four men were employed in close promixity to the tank at the time of the explosion, and all were severely injured. William Simpson, coppersmith, living on Front street, received the greatest injury. He was knocked down, and in addition to several severe burns about the head and body was badly cut with the broken glass. John Smith and William Williamson were also cut and burnt about the head and body, while the fourth, a carpenter named Symonds, escaped with badly burnt hands. The sufferers were by the advice of a doctor at once taken to the hospital, where their injuries were attended to. The extent of the damage, according to the account of a member of the firm, is very slight. To use his own words:—"It was only a still blown up, and five or six hundred dollars would cover it all." There was no insurance on the tank.—*Mail.*

A Thief Quickly Captured.

LONDON, Dec. 17.—Yesterday afternoon a cigar-maker named Frederick Zerbe, who has been boarding at a hotel on King-street, entered the room of a fellow-boarder named Marshall Kirke, a merchant, while the latter was at work, and ransacked his trunk and wardrobe. Among the property stolen were a gold watch and chain, a pocket-book, neck-tie, and breast-pin. Shortly after six o'clock the theft was reported to Detective Phair, who took steps to ascertain the whereabouts of the suspected thief. It was found that, in company with another cigar-maker, Zerbe had gone east on the express train, and telegrams were despatched to different places along the line, the result being that Chief of Police McKay, of Woodstock, arrested the alleged thief while on the train at Woodstock.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

BUT ONCE A YEAR!

Christmas comes but once a year, which considering the pockets of heads of families, is perhaps a good thing.

The week has come when our population who have money to spend on presents will buy what they need.

When soliciting a present for father, mother, sister, brother or cousins—particularly cousins—select something of service. Don't pick out something that is of no earthly use, and that will convince your friend that you lack ordinary intelligence. It is not the cost of an article but its appropriateness that shows deference to the tastes of the recipient.

The attention of everybody is called to the fact that more suitable articles for presents cannot be found anywhere than in our establishment. All should call on us and see, and if our predictions are not verified, call on us for damages.

Just in, CHENILLE NECKLETS, NEW BLACK PLUSH for trimming,

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar to itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, billousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

What will the Weather be To-morrow?

A Barometer and Thermometer combined, that foretells correctly any changes in the weather 12 to 36 hours. Warranted Perfect and Reliable. CHRISTMAS!

We wish to invite the attention of consumers to the merits of our stock of

STAPLE GROCERIES.

To say that for Extent, Variety and Freshness, our stock is unexcelled by any house doing trade in town, is a statement entirely within the truth. Our

HOLIDAY FRUITS and GOODS

generally have been purchased with great care, and with the express intention of satisfying everyone in regard to prices and quality.

In addition to our LARGE stock of

TEAS, SUGARS,
SYRUPS, COFFEES,
SPICES, CANNED GOODS
SALT and FRESH WATER FISH

and Groceries generally, we deal largely in

PRESENTATIOM GOODS,

MOTTO CUPS & SAUCERS,
MUGS, VASES,
FLOWER POTS, Etc.
LAMP GOODS,
PLATED WARE,
PARIAN WARE,
DRESDEN CHINA,
IVORY WARE,
GLASS WARE,

And knowing that a large number of our custom rs and the public annually wait for our opening of Holiday Goods, we have a stock this season unusually attractive. We shall be most happy to have everyone call and make their selections early.

Daily Evening Review

WEDNESDAY, DECEMBER 21, 1881.

MIDNIGHT TELEGRAMS

CABLE.

THE HIGH SHERIFF.

DUBLIN, Dec. 20.—Lord Leitrim has selected Dwyer Gray, as High Sheriff for Dublin for 1882.

NOT SUPPRESSED.

DUBLIN, Dec. 20.—Ann Parnell announces that if the officers of the Ladies' Land League are seized, the correspondence can be sent to Helen Taylor, London.

LADY LEAGUERS IN DANGER.

DUBLIN, Dec. 20.—A Dublin firm has received orders for 100 beds for the Grangegorman female prison in anticipation of the arrest of lady leaguers.

ANOTHER DYNAMITE PLOT.

VIENNA, Dec. 20.—It is stated that the late arrests at St. Petersburg took place in the hope that the person who lost the detailed plan of the castle of Gatchena, which the police picked up in a picture gallery, might be found. The red marks on the plan seemed to indicate where dynamite might be placed.

SAFETY OF THE THEATRES.

BERLIN, Dec. 20.—The Emperor Francis Joseph is personally visiting opera houses and other theatres, and has ordered the adoption of measures for preventing danger from fire.

A HANDSOME DONATION.

BERLIN, Dec. 20.—The Emperor William has given 15,000 marks to the fund for the sufferers by the Vienna Theatre fire.

EXTRADITION OF CRIMINALS.

CONSTANTINOPLE, Dec. 20.—The Porte is preparing the draft of a convention with Italy, providing for the mutual extradition of criminals.

NEW CABLE SCHEME.

LONDON, Dec. 20.—The English Government has granted permission to the German Union Telegraph Company to use Valentia as a connecting point for the cable about to be laid from Emden, uniting Germany directly with the Anglo-American system of telegraph cables.

THE NEW MINISTER.

MADRID, Dec. 20.—Hamlin, the new United States Minister, presented his credentials to the King to-day. Hamlin said that he was charged with the pleasant duty of assuring His Majesty of the abiding friendship of the President and people of the United States, the long continuance of which would be a matter of pride to the two nations. It would be his aim to strengthen these relations. The Americans hold in cherished remembrance the tender letters of condolence with Mrs. Garfield, and the Christian sympathy expressed by their Majesties and the Royal Family. The King, on behalf of himself, the Royal Family, and the nation, acknowledged the friendly sentiments, whichh he reciprocated. He expressed regret at the death of Garfield. Fairchild presented letters of recall, and leaves to-night for Paris.

THE IRISH DISAFFECTION.

DUBLIN, Dec. 20.—The decisions come to in the Land Court are regarded with dissatisfaction by many tenants in the north, who allege they are injured by the maintenance of a high scale of rent. They have sent a communication to the chief commissioner to ask that Griffith's valuation shall not be considered as a basis.

PICKED UP AT SEA.

LONDON, Dec. 20.—Captain Townsend, of the British barque Wm. J. Foley, from Charlotte town, P. E. I., arrived at Liverpool to-day and reports that he met on the 6th inst. a boat containing the master and eighteen of the crew of Bath City, which had been abandoned on the 3rd inst. The Bath City had experienced heavy weather after she left Bristol, and commenced making water. She lost her rudder on the 3rd and all hands left the vessel in two boats. One boat containing eight persons capsized, and four were drowned. Four in the other boat died from exposure. Captain Ivey and one man died after being rescued. The remainder of the crew have been sent to the hospital badly frostbitten.

AMERICAN SECURITIES.

LONDON, Dec. 20.—The *Standard*, referring to the decline in the value of American securities yesterday, says the market has been completely disorganized for some time, and that buyers could with difficulty be found. The *Daily News* says:—"In the American market the state of matters has been described as one of semi-panic. Bulls were overloaded with stock, which they were unable to 'get rid of.'" The *Daily Telegraph* says:—"The feeling in the market closely approaches the character of a panic. Sales were pressed with little discrimination in the choice of stocks, a mere attempt to sell being sufficient to make dealers put down quotations."

ARCTIC RELIEF EXPEDITION.

LONDON, Dec. 20.—The Earl of Northbrook, First Lord of the Admiralty, promised a deputation from the Geographical Society, who waited upon him yesterday that the Government would give its best consideration to the request for an expedition of relief for the missing vessel Leigh Smith, now on an Arctic exploration.

THE FREEDOM OF DUBLIN.

DUBLIN, Dec. 20.—A meeting of the Dublin corporation was held to-day to consider the question of conferring the freedom of the city upon Parnell and Dillon. The proceedings were disorderly, and the meeting was dissolved on a technical point.

STRIKE RENEWED.

LONDON, Dec. 20.—The negotiations between masters and operatives of the North Staffordshire potteries have broken down, and the strike has been renewed.

A FRENCH EXPEDITION.

TUNIS, Dec. 20.—General Logerot has gone on a fresh expedition south of Gabes to punish recalcitrant tribes.

AMERICAN.

THE JEANETTE.

WASHINGTON, D. C. Dec. 20.—The following telegram has just been received from Mr. Hoffman, *charge d'affaires* of the United States at St. Petersburg:—"Jeannette crushed in ice June 11, latitude 77°, longtitude 157°; crew embarked in three boats; separated by wind and fog; No. 3, with eleven men, Engineer Melville commanding, reached mouth of Lena, September 19. Subsequently No. 1, with Capt. DeLong, Dr. Ambler, and twelve men, reached the Lena in a pitiable condition; prompt assistance was sent; No. 2 has not been heard from.

"F. T. FRELINGHUYSEN,
"Department of State."

EATEN UP WITH WHISKEY.

BUFFALO, Dec. 20.—An autopsy upon the body of Kittie Carroll, the 17 year wayward girl, who died suddenly yesterday at her rooms, Staat street, revealed the fact that she had absorbed so much whiskey during life that the liver and portions of other internal organs had been entirely eaten away.

A SAD END.

SAN FRANCISCO, Dec. 20.—Daniel Hale Haskell died on Saturday in the almshouse, having been arrested as a beggar infested with vermin. In his early days he was manager of the banking and express house of Adams & Co., with an income of $20,000 a year. He gave all his means to save the bank, retired into poverty and took to drink.

A SHOOTING AFFRAY.

BUFFALO, Dec. 20.—The employees of Sherman & Jewett's stove foundry were considerably excited this morning over the deliberate shooting of Edward Hill, an employee, by Geo. Tippman, who was recently discharged from the shop. He was handed his discharge tag by George Spicer yesterday, and seeing him first tried to shoot him. As soon as Hill appeared he shot him through the cheek, the bullet penetrating the jaw bone, and dropping into his mouth. Tippman charges that Hill, whom he seems to have disliked, caused his discharge. Tippman owns several canal boats, and works for Jewett in the winter.

TELEPHONES IN THE WEST INDIES.

FREEHOLD, N. J., Dec. 16.—The certificate of incorporation of the Tropical American Telephone Company, limited, has been filed here in the office of the County Clerk. The Incorporators are Frederick M. Delano, of Detroit, Mich.; James H. Howard, of Boston, and James B. Richards, of New York. The object of the company is the construction and operation of telephone lines and exchanges in the several cities, towns and villages in the West India Islands, (excepting those of Cuba,) Central America, Panama, Venezuela, United States of Colombia, British, Dutch, and French Guiana.

THE ASSASSIN.

WASHINGTON, Dec. 20.—Theodore Mills, who took the cast of Guiteau's head, says that the circumference of the head is 23½ inches, self-esteem, 6½; firmness, 6½. The faculties on the left side of the head appeared normal, but the right side was almost flat as though diseased. The front of the head was found to be an inch shorter than behind. It is the most curious shaped head Mills ever saw.

A FORGER'S BOLD STROKE.

NEW YORK, Dec. 20.—The *Tribune* says the party here who organized an electric lighting company with a capital of $5,000,000, using the names of Senator Jones of Nevada and Cornelius Vanderbilt to promote the scheme, has been discovered to the Gray, the forger.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

SUPPLEMENTARY ELECTIONS.

PARIS, Dec. 21.—At the supplementary elections for members of the Chamber of Deputies yesterday, Granet, member of the Republican majority, was returned for Arles. Clemenceau has been elected there and in the second circonscription of the eighteenth arrondissement of Paris, but he decides to sit for the latter constituency, which left the seat for Arles vacant. Deves, Minister of Agriculture, has been returned for Bagnires de Bigorre, in the department of Hautes Pyrenees, where the election was rendered necessary by Constant choosing to sit for Toulouse. Deves had resigned his seat for the second circonscription of Bergiers, in order to contest Bagnires. He informed his constituency that in pursuing this course he was actuated by superior considerations. It was well known that no one, except a Cabinet Minister, with his influence and patronage, had any chance of successfully opposing Paul Fould, Bonapartist, and a rich landowner in Hautes Pyrenees. Leydel, Radical, has been returned for Aix, in the Department of Bouches du Rhone.

AMERICAN.

CRUSHED BY A TRAIN.

NEW YORK, Dec. 21.—Louis Garieprey, an employee on the Sixth Avenue Elevated railway was crushed last night by a train.

A PARTNER IN THE FIRM.

NEW YORK, Dec. 21.—Wheelock, the bookkeeper of Scott & Co., brokers, who was charged with forging the firm's name to paper for $100,000, and who was extradited from England, has been set free, as the district attorney is satisfied that he was a partner in the firm.

SOUTHERN TELEGRAPHS.

NEW YORK, Dec. 21.—The *Times* says that the Central and South American Telegraph Company is pushing the construction of its land lines and is laying submarine cables as fast as wires can be supplied. There seems to be every possibility that before many months telegraphic communication will be established between this city and Veracruz, Panama, Venezuela, Peru, Chili and other South American states by direct wires, and that news and business advices will be regularly and fully received from the West Coast beyond the equator as is now the case from Europe.

BROKEN PROMISES.

Trial in the Olden Time for Neglect to Marry.

Some very curious data have been disentombed in regard to the early breach of promise suits in which the lacerated feelings of man or womankind have sought that balm which a good money indemnity could afford. Sensational trials in the courts of the fifteenth and sixteenth centuries were not at all uncommon. One of 1452 shows what a rascal was a certain John Keche. Alice Gardyner wanted to marry John, and the girl's mother pressed the suit. John was venal, and on the consideration of 22 marks paid to him, 10 from Alice and 12 from the mother, agreed to take Alice for wife. But what did this slippery Jack do? Having pocketed the money, "by craft and disceyt," he went and took Joan, the daughter of Thomas Bloys, for a spouse, and accordingly Alice, the mittened one, "prays for a writ directing the recusant John to appear before the King in his Chancery to answer the promises." In the suit which ensues there is no false parading of the suppositious agony of Alice, but in a matter-of-fact way the twenty-two marks are asked for. Whether the disappointed maiden got her money history does not record. Some of these old cases are very peculiar, and show a very curious idea of morality. One John Anger having "great confidence and trust" in Anne Kent, the friends of both parties arranged a marriage between them. Anne goes to live at Anger's house before the nuptial ceremony, and stays there a month or more; she then clears out, taking with her "dyvers munyments, also dyvers juells." The quasi husband brings a suit. There is no grievance advanced of a sentimental charactar, for all he wants are the goods Anne has carried away. When men make charges against women some very mercenary items appear to have been introduced into their schedules, as expenses paid when going to visit the lady. From all the documents which have been studied, the action for breach of marriage was very common in olden times, but such substantial damages as a sympathetic jury gives to-day for broken hearts were never thought of. It is a latterday improvement invented by ingenious lawyers.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulent is needed. Sold by all druggists.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

WILSON & DAVIS'.

Daily Evening Review

WEDNESDAY, DECEMBER 21, 1881.

WEST NORTHUMBERLAND.

The result of the recent contest in West Northumberland cannot but prove gratifying to the Dominion Government and the supporters of the National Policy, inasmuch as they have won, in a fair stand up fight, in which the odds, on the whole, were with their opponents.

In order that its significances may be fully appreciated, let us go back a little. In 1867, by mutual arrangement, a supporter of Sir John Macdonald, and an opponent of Mr. Sandfield Macdonald were returned by acclamation, which is strong presumptive evidence, that both parties deemed discretion the better part of valour on that occasion. From 1867 down to the present time, this constituency has continuously, with a single exception, returned to the Ontario Legislature a supporter of Mr. Blake or Mr. Mowat. In 1874, Mr. Kerr, as a supporter of Mr. Mackenzie, carried the constituency, against Mr. Cockburn, its previous and late representative, by the large majority of 231. In 1878, Mr. Cockburn, who was, undoubtedly, a particularly strong candidate personally, succeeded in recovering the seat, with the aid of the N. P. boom, by a majority of 88. Bearing these facts in mind, it is evident that since confederation Mr. Blake and his friends have had the best of it in this constituency, and that they might reasonably anticipate a victory at the polls last Monday. Such, however, has not proved to be case. Notwithstanding that the N. P. has now been some two years in operation and that its short-comings, both real and imaginary—especially the latter—have been drummed into the ears of the electors by its opponents, on every opportunity; notwithstanding that the friends of the present Dominion Government have now the sins of omission and commission of two years' government to answer for, and notwithstanding that Mr. Blake, Mr. Patterson, and Mr. Ross, did their best personally to enlist the sympathy and votes of the electors on their own side, Mr. Guillet, the Government candidate, has carried the constituency by a majority of 68—a decrease of twenty votes, which is equal to a change of ten, assuming that the votes stood just the same as they did in 1878—a not very likely thing, seeing that either three or four assessments have been made since.

But while the result is gratifying, inasmuch as it proves conclusively that the "reaction" against the N. P., which the *Globe* is always talking about, is a myth, yet it should be accepted as a notice to every man woman and child who believes that the National Policy is in the interests of the country, that if they wish that policy to be re-affirmed in 1883 they must be on the alert in supporting and advocating it from now until the last vote is polled on that occasion. Its opponents will undoubtedly be active, as it is unquestionably their duty to be, believing as they do, in making converts to their views whenever they can do so. Let its supporters be equally active, and they need have no fear of the result.

A Great Industry.

The rapid developement of the cotton industry in Canada is begining to be regarded with some uneasiness by many of the cotton manufacturers of the United States, who only a short time ago found a profitable market in the Dominion for their manufactured goods. In 1879, when the present tariff was adopted, there were seven cotton mill in operation in Canada. To this number four new mill have been added, and are in operation, while there are nine more in course of erection. In 1878 the total import of raw cotton was 7,243,413 lbs. In the year ending 30th June last 16,018,721 lbs. were imported. The general trade of the Dominion appears to be in a flourishing condition. The total imports, according to a statement just published, have increased from $93,618,787, in 1878, to $105,330,540, in 1881, or an increase of 13 per cent. Exports have increased from $79,323,667 in 1878, to $98,290,823 in 1881, an increase in the aggregate trade of the Dominion of 18 per cent. The imports from Great Britain have increased under the present tariff 18 4-10 per cent., while those from the United States have decreased 24 4-5 per cent.—*St. James' Gazette, London England.*

WARSAW.

From Our Own Correspondent.

SCHOOL ANNIVERSARY.—At a meeting held in the Methodist Church in this village, it was decided to hold the Anniversary of the Sabbath School on the 26th inst. A Christmas ship is expected to arrive, and her cargo of presents will be discharged. The children of the school under the tuition of Miss Jennie Fox, are practising suitable pieces of music for the occasion, while under the management of the Rev. Thos. Fox and A. Edmonson, our respected school teacher, a number of scholars are practising dialogues and recitations. A good time is expected.

SEARCHING FOR TREASURE.

Gold Digging in Jefferson County—Pursuing an Ancient Phantom.

The Supervisor of the town of Orleans, Jefferson County, tells the Watertown *Times* the following story:—

"About the middle of August I received a letter from a gentleman in Oswego stating that there was gold buried on my farm and asking permission to dig for it. I paid no attention to the letter. Three weeks ago one of my neighbors, James Lee, came over to my house; stated that there was an iron kettle filled with gold buried on my farm; that parties from Oswego County desired permission to dig for it, and what shares of the proceeds I desired. I told him they could have half, but he thought that was not enough, and I consented if they would dig in the daytime and put the dirt back, I would be satisfied with one quarter of what was found. Two weeks ago Monday I came to the city to attend the meeting of the Board of Supervisors, and about noon neighbor Lee came into the Kirby house and asked me to walk down to Woopruff with him, which I did.

We went up to a room and there I was introduced to Mrs. E. G. Dodge of Oswego. She stated that she had seen (in her mind) a large pot of gold coin on my farm, which had been left there by some army which had passed, through that region in some remote age, and desired to go personally and supervise the digging, as she had lost quite largely by entrusting the digging for gold to other persons, who had upon finding it taken it themselves, and that she had received nothing for imparting the valuable knowledge, and she proposed hereafter to superintend the digging herself. She also said that there was a package of gold awaiting her then in the express office of Oswego which had been found in Illinois, and was her share shipped to her. Mr. Mitchell gave her permission. When he returned home the following Saturday his folks told him that the gold hunters had been digging in several places on the farm, but as far as heard from, had not had very good success, the only thing being found being an old jack knife, which was, from appearance, about seventy years old. The party consisted of Mr. Dr. Dodge and two other gentlemen from Oswego, one of them being described as quite a bright man, and one who ought to know better than to be taken in by any such nonsense.—*Oswego Pallidum.*

THE NEWFOUNDLAND RAILWAY.

The New York Syndicate to Complete the Road With Two Years.

ST. JOHNS, Nfld., Dec. 19.—Although the New York Railway Syndicate have been little more than two months engaged in the actual location and construction of the Newfoundland Railroad, they have at present a vast amount of accomplished work to show as the net result of their operations. They have landed some sixty miles of rails, all of steel composition and of approved character, together with a vast quantity of other railroad plant and appurtenances. They have secured and signed contracts for the cutting and supply here in Newfoundland of 700,000 railway sleepers. They have already located and graded about one hundred miles of the road, and they have completed the construction of fifteen miles of the line, carrying it from St. Johns out to and through the charming watering village of Topsail, and thence on the settlement of Killigrews. They have at present employed, between Harbor Grace and St. Johns, some twelve hundred men, and on the opening of the coming spring the number of operatives over the various sections of the line, from Hall's Bay southward to St. Johns, will be swelled to 10,000, with a view to the maximum rapidity of location and construction. By the steamship Merlin, from Halifax, that arrived here this morning, the first locomotive was shipped for the company, which is also the pioneer locomotive landed in Newfoundland. When placed on the rails and put into life and motion it will be the first iron horse that ever invaded the old jogtrot, conservative movements and routine pace of the oldest of England's colonies and at the same time one of the most materially wealthy but least known and least developed of any equal area of territory in the Old or New World. As a strange coincidence the first regular mail steamer that ever connected Newfoundland with British North America and the United States is the same that now brings to-day from Halifax to St. Johns the first railroad locomotive.

HOBB'S DEAD WIFE.

Causes a Delay to Take Place in the Guiteau Trial.

WASHINGTON, Dec. 18.—The court-room was crowded to day. The District Attorney said that the instincts of humanity required that juror Hobb be allowed the opportunity of paying proper respect to the memory of his deceased wife. He propsed that Hobbs be permitted to go home. Scoville expressed his full consent, and suggested, that the juror shall not even be incumbered by the presence of a bailiff. At the same time he asked the court to admonish all jurors not to have any communication or conversation with outside persons in regard to the case.

Judge Cox said that the bailiffs in charge of the jury were aware of the rule and enforced it, and jurors themselves also understood it.

The prisoner said he had entire confidence in the honor and integrity of the jurors.

Judge Cox repeated his admonition to jurors to hold no communication with any person in reference to the case.

Scoville stipulated that the warning should also apply to the daily press and that they should not be read by jurors. He also intimated a desire to put some further questions to Mrs. Wilson and Mrs. Dunmire, and asked that they be not allowed to leave the city.

The order permitting Hobbs to go home was then entered, and the court then adjourned till Wednesday.

How Much Thread Is Made In a Year.

A prominent advertiser of spool cotton, has furnished some figures in advertising that he makes sufficient thread every day to go four times round the world, upon which to form an estimate. Let us see how much thread it takes to go four times round the world.

One dozen of thread of 200 yards: contains 2,400 yards; now the world at the equator is 360 degrees of 69 1-5 statue miles, or 24,912 miles in circumference, 1,760 yards to the mile or 43,845,120 yards. It requires, therefore, 18,269 dozens to go around the world, and a daily product of four times that quantity amounts to 73,076 dozens per day, or with 300 working days in the year, to the prodigious quantity of 21,922,800 dozens for one company alone. How they wind it all, does not appear, for the automatic winding machinery of which they boast that they have seventy-eight machines, turning out 6,000 to 7,000 spools per day, can at their highest estimate turn out only 45,500 dozens per day, or 13,650,000 dozens per annum.

This is one company alone, and not the largest exhibitor at Atlanta. How much thread is made in a year? Who knows?

HAGYARD'S PECTORAL BALSAM will cure coughs, colds, asthma, croup, whooping cough, sore throat, bronchitis and all lung complaints that lead to consumption. Price 25 cents.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

TORONTO, ONT.

FARM AND GARDEN.

A HINT FOR THE STABLE.—It is said that kerosene oil slightly sprinkled on the floor of horse stables will serve to abate the nuisance of flies. It may be shaken out of a bottle through a hole in the cork. A pint will last a week for the purpose.

HINTS FOR FARMER'S WIVES.—One of these "helpmeets" gives her sisters the following practical hints through the columns of the *New England Farmer*:—We try to make our washing as easy as possible, for there is a limit to the strength of hired help, as well as to the strength of those who hire. Make a good warm suds with soft soap, adding a teaspoonful of ammonia for each pail of water. Put the dirtiest (white) clothes at the bottom of the tub, using just water enough to have all thoroughly wet. Let them soak over night. In the morning add hot water sufficient to make the whole comfortable to the hands, and run the clothes through a good wringer; but few pieces will need rubbing. Boil, drain, and rinse once. Meanwhile, the dirtiest of the colored clothes have been soaking for half or three quarters of an hour, making them much easier to wash. Some may object to the use of strong alkalies, on the ground that clothes are rotted. I think the clothes last as long as when rubbed and wrung in the old way. If it injures the hands, wash them in vinegar and water. We make our own soft soap as follows:—Take twenty pounds each of potash and rendered grease; put into a barrel, and add a dozen pails of cold water (rain water is best). Let it stand a few days, stirring occasionally, when the grease not eaten by the lye will have formed a crust at the top. Now, take two or more pounds of borax, put into the boiler with two or three pails of water, heat to boiling, and turn into the barrel; this will melt the grease, which can then be thoroughly stirred in, and not much of it will again rise to the top. When the grease all disappears, you have a barrel of good soap, almost thick enough to cut. The method requires more time, but far less labor, than the old way of leaching and boiling.

IMPLEMENTS — 20 TO 50 PER CENT LOSS.—Wagons, plows, harrows, rakes, in short any implement that with good usage and protection will last eight years, will become weak and defective, and generally useless if exposed during four years to dews, rain and sun. It cannot be otherwise. Dew is very destructive to all wood; and sun cracks admit rain and moisture to the interior fibres to work injury there. To leave implements thus exposed is a direct loss of 50 per cent, a heavy tax. But, to state it mildly, an implement which, left unprotected, would last say five years, will undoubtedly last six years if always kept dry and in the shade, when not in actual use. This will save one-fifth of its efficiency, or 20 per cent. A few boards or a straw cover, and attention to having implements always put under, is far more profitable than to "work out" the 20 per cent and buy new ones. Woodwork that *must* be left exposed, will be greatly benefitted by a frequent application of paint, or simply a coat of painting oil, and filling up all sun cracks as soon as formed, with such oil. The use of crude petroleum tends to the preservation of wood, and may be applied to all unpainted woodwork of implements. Metal surfaces are saved from rust by a thin coating of lard which has been melted with resin (rosin)—the size of a blackwalnut to a pint of lard more or less. This forms a sort of varnish that sheds water and dew.—Table knives and forks, and other steel articles to be laid away, if rubbed with the slightest film o this lard-resin mixture, will keep bright for a long time. It is easily removed when desired. —*American Agriculturist for December.*

ENGLAND

THE Oxford magistrates have decided to no longer permit the Salvation Army processions.

THERE are 73 Presbyterian Churches in London, and an effort is being made to increase the number.

RECENT investigations show that the number of hands employed in the silk mills at Macclesfield has fallen in twenty years from 14,000 to 6,520.

BARONESS BURDETT-COUTTS and Mr. Ashmead Bartlett have taken a huntingbox, close to Oakham, from whence Mr. Bartlett intends hunting during the winter season.

THE statue of Sir Rowland Hill, which is designed for erection in London, will be ready for the unveiling ceremonies in July next. The committee in charge of it has directed that the inscription shall be this:—"Rowland Hill. He founded penny postage."

IN 1873 a public coffee-house was established in London for the purpose of checking intemperance, and to-day there are over 166 such enterprises in England, mostly in London. They receive the hearty praise of the Church, and the substantial aid of the respectable class.

THE goods and effects of the late Dr. Kenealy, of Tichburne fame, were sold at auction in London a fortnight ago. Besides the furniture and some 150 oil-paintings by Gainsborough, Hogarth, and Reynolds among others, there were a number of photographs of the Tichborne trial, six large one being of the court with Dr. Kenealy addressing the jury for the defense.

EACH year on the Prince of Wales' birthday his three young daughters play before him a short dramatic piece to show their progress in foreign tongues. Last year the selection was from the German; this year it was French. The young Princesses Louise, Victoria, and Maud acquitted themselves admirably in their respective parts, and the Prince, complimenting the artists, asked for the name of the author.

THE Empress Eugenie is adding eighteen rooms to her new residence at Farnborough, which was by no means a small house when she bought it. There is to be a room filled with relics of Prince Louis Napoleon, and fitted up exactly the same as the one occupied by him at Camden Place. The Empress is also building a Catholic Chapel, adjoining the house, and it will be open to the neighbourhood. Probably the idea of the relic-room is taken from that which has been arranged at Balmoral.

THE Waterloo colours of the 2nd Battalion Grenadier Guards were placed in the Royal Military Chapel, Wellington Barracks, on the 18th, Nov. The colours, which are now tattered and torn, were carried by the 2nd battalion through the Waterloo campaign, being present at Quatre Bras, Waterloo, and the taking of Paris. The battalion was in command of Sir Henry Askew, and the colours thus came into his possession. His nephew, Mr. Watson Askew, succeeded to the estate, and the colours have now been restored by that gentleman to the regiment. The colours were, with impressive ceremony, placed alongside those of the Coldstream Guards.

A Village Captured by Bees.

The village of West Fairview, Cumberland county, has been afflicted with a plague of bees. Two of its citizens keep some 130 hives, and as bad weather made other food scarce, the interesting insects invaded the stores and houses in quest of sweets. Half a bushel of them swarmed in one man's kitchen, of which they remained sole tenants for a week. In that house on their account, all fruit canning and perserving had to be done at night, and for many days all the family had to climb out and in the windows, the bees laying siege to the doors. In addition to this, whole orchards of fruit and arbors of grapes were devoured by the bees. Dozens of persons were badly stung while passing along the streets, and such a reign of terror was established that recourse has been had to the courts for prevention of its recurrence.—*Lancaster(Pa) Examiner.*

FROM ALL OVER.

A Rhode Island Justice refused to marry a man named Carr to a lady, the same name, on the ground that he was afraid to couple cars.

HANLAN, and Ross have finally come to an agreement for a match for one thousand dollars a side and the championship of the world, the race to take place on Tuesday, June 20th,

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

OBSERVE how seldom the old husband smiles when in conversation with his wife, and how constantly and amiably he smiles when in conversation with any other lady.

SURE CURE FOR A COUGH.—The most reliable remedy for a cough or a cold, asthma, shortness of breath, sore throat, weak lungs and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

SOPHIA, sentimentally: "I dearly love to listen to the ticking of a clock. It seems to me that a clock has a language of its own!" Mr. Smart: "Yes, Sophia, the clock has a language—you might say a dial-ect."

THE world pays but little honor to promises unless they are clinched by fulfillment; and this is why the world praises St. Jacobs Oil; it promises to cure rheumatism, and does so in every instance without fail.

THE pioneer steamship of the new line between Canada and Brazil is expected to arrive at Halifax this week with a cargo of sugar and coffee. She will leave on her return trip to Rio early in January, with a general cargo of Canadian products and manufactures.

A CURE FOR CROUP.—Apply flannel saturated with Hagyard's Yellow Oil and administer the oil internally on a little sugar as directed on the bottle. Yellow Oil cures rheumatism, burns, scalds, chilblains, lameness, and all flesh wounds. All dealers supply it, only 25 cents.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

A black man and white woman at Logansport, Ind., are advertising for a clergyman or Justice who will marry them. The man has money and determination enough to test the constitutionality of the State law against miscegenation, but he cannot find anybody qualified to perform the ceremony who will risk the penalty provided by the law.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

FOUR students at Wacousto, Wis., stole a farmer's gate. The college faculty condemned them to expulsion, or the alternative of whatever punishment the farmer might inflict. He sentenced them to chop four cords of his wood and deliver it to a poor widow. They did it to the music of a band and the plandits of a crowd that watched the operation.

IT is understood in reference to to the recent seizure of watches at Montreal that the Collector of Customs at that port has received instructions to have the accused parties arrested and proceeded against criminally. The Pullman car conductor who was caught with the package of watches has been released on bail. It is said that information has been given to the Customs officials by a discharged conductor of systematic smuggling from Boston.

WHAT TO STUDY.—Pope, the poetical philosopher, said "The proper study of mankind is man, and yet, how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

THE late census of Japan shows a total population of very nearly 36,000,000. The Mikado and his family are shown at the head of the stastics as twenty men and seventeen women. Yeddo, of the vastness of which the old geographies used to tell such tales, contains only 957,-121 inhabitants. Kioto approaches it closely with 822,098. Males are more numerous than females in the proportion of 28 per 1,000—that is, there are 1,028 men for every 1,000 women.

THE ELECTRIC LIGHT, supereceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be hailed with greater joy by mankind, than Burdock Blood Bitters, which is as far superior to all other blood purifiers and tonics as the electric light is superior to the old-fashioned tallow dip. Burdock Blood Bitters cures scrofula, and all foul humors and impurities of the blood.

THE Garfield monument fund is gradually growing, and at last accounts had reached a total of $71,497.71 Of this $23,497.41 is from one dollar subscriptions, and $48,000 from one thousand, five huudred, two hundred and fifty, and one hundred dollar subscriptions. As to States, Ohio, Iowa, and New York lead the list in order named, and Ohio has subscribed four-fifths of the total, while the city of Cleveland alone has subscribed two-thirds of it, or about $48,000.

THE excitement over Confederate bonds has been turned to good account by the Methodist Church in Virginia. At a recent session of the Virginia Annual Conference of the Methodist Episcopal Church south, at Charlottesville, the other day, a resolutton was adopted, "That this Conference approves of the action of Brother John Morton, treasurer of the Book and Tract Society, in disposing of $21,400 in Confederate bonds, the property of said society, and tender to him our thanks for the service rendered our Conference in this transaction." Provision was then made for the investment of the proceeds, $149.

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible!" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousands who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets, both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

G. CHAMBERLAIN'S
Next Door to STENSON'S, George Street.

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

AMHERSTBURG, Ont.

For Sale by Ormond & Walsh, Peterboro'.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to dissappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Christmas.

Mr. H. C. Winch has, after his usual custom, taken especially pains to cater for the wants of his numerous customers at the approaching festive season. He has, regardless of cost or trouble, secured some of the finest beasts that have ever been purchased for our Christmas market. Among them is a Devon steer from the herd of Mr. Jas. Wallis, Merino, which maintains his reputation for well-bred and well-fed cattle; two prime heifers, fed especially for the occasion by Mr. Lang, the Reeve of Otonabee, and which do great credit to their feeder; two heifers from Mr. James Howden, drover, which he had bought to ship to the old country, but they were intercepted for our benefit by Mr. Winch; a Durham heifer from the herd of Mr. Edward Bulmer, of Smith, which is of excellent quality and in prime condition; a Durham heifer bred and fed by Mr. Wm. Hall, of South Monaghan, and which does him credit; a thorough-bred heifer from the herd of Mr. Michael Walsh, Asphodel, which was bred by Mr. Powel of Westwood, and will make as good beef as could be desired; a grade heifer from Mr. Wm. Evans of Otonabee, who has spared no pains in trying to bring her to the front; a heifer from Mr. Edward Finney, South Monaghan, which is small but of excellent quality, and several other fine animals, which we have not space to particularize. He has also a number of prime sheep and lambs, from the flocks of Messrs. R. Moloney, of Douro; John Moloney, Reeve of Douro; Edward Bulmer, of Smith, and Michael Walsh, of Asphodel. From the reputation these gentlemen have as feeders, we may expect to see something fine. Pork, geese, and turkeys, sausages and other meats have also been provided in abundance, and last but not least, Bruin from the back country has come to the front, to take his place at the festive board. Customers will do well to make their choice early, as with such a bill of fare there will no doubt be a greater rush than ever to Harry Winch's stall on Saturday.

Railway Notes

Mr. Blackwell, mechanical superintendent of the Canada Pacific Railway, is in England making purchases of locomotives and machinery for the undertaking.

Sometimes we are mistaken, but as a general thing it is not our fault. For instance in the Port Hope *Guide* of Tuesday we find, what we now know from personal observation, that the raising of the pipe on the new engine at the Midland railway shops was not attended with success as stated in Monday's issue. As it was being raised on Monday, the pole by which it was being lifted into position broke, letting the pipe down with such force as to damage it so much, that it will require considerable repairs before it is erected.

Mr. Wm. Bannermann, M.P., has returned with the remainder of the party employed in surveying the route of the proposed railroad to Hudson Bay. He is sanguine in regard to the enterprise. There was a preliminary meeting of the Provisional directors of the road on Tuesday. The regular meeting of the full board will be held in Ottawa shortly. Active preparations will be commenced early next year.

A new patent switch-rod recently invented is being adopted by the Grand Trunk. A plate at each end of the rod, which is fastened to the rails by means of two bolts, serves the purpose of the two roads hitherto necessary.

The Toronto and Nipissing, it is said, contemplates an extension of its line to Hamilton.

A Cold Dip.

The other afternoon two young men, in order to do something that they mtght be able to brag about in after years, hired a canoe and went down the river for a paddle. After going but a short distance the canoe overturned, and two of the coldest young men that ever landed on the banks of the Otonabee, hastened home for a change of clothing.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

An Interesting Local Item.

I have to inform my patrons and the general public that I have now terminated one of the most successful sales ever held in the town of Peterborough. On the 1st of February next I go into an entirely different line of business, in the meantime I must keep moving, therefore I have bought out the balance of stock held by T. Dolan & Co., in their old store, Burnham's block, and have also effected the purchase in Toronto of several bankrupt stocks. I have placed the entire lot in the corner store and will sell at prices never before heard of in Peterborough. From what I have noticed of some of the quotations of prices of the uptown stores, I am confident that I can give goods lower than the lowest of them, by at least ten per cent Recollect the sale is a thoroughly honest one as the goods must be sold, close buyers will find it worth their best attention to call and inspect. Remember the corner, Burnham's block, corner of George and Simcoe Streets. Sale will commence on Tuesday morning at eight o'clock sharp. A full staff of salesmen is engaged for the occasion, so that all customers will be properly waited upon. Store will close every day from 12 to 12.30 o'clock to give the staff time to have lunch, JAS. DOLAN.

Premium Engravings.

We have received from the publishers of the Montreal *Witness* a pair of their premium pictures, one of which is given to subscribers to the weekly edition, and both to subscribers to their daily. They are fine engravings of two celebrated paintings by Miss Elizabeth Thompson, "The Roll Call, Crimea," and the battle of "Quatre Bras, 1815."

Anniversary Mass.

An anniversary mass was offered up in St. Martin's Church, Ennismore, on Wednesday last, (the 14th inst,) for the repose of the soul of the late lamented Father John O'Donnell. The celebrant was Father Casey and present in the sanctuary were Fathers Browne, O'Connell, Keilty, Connolly and Fitzpatrick.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's. old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

Numbering our Streets.

A "traveller" writes to us suggesting that it would be greatly to the convenience of strangers seeking to find any of our places of business, if they were numbered, and wishes us to call the attention of the Town Council to the matter.

Personal.

The Winnipeg *Times* of the 13th of December says that Mr. Braithwaite, the new accountant of the Bank of Montreal here, has arrived from Montreal. He is said to be a good snowshoer, cricketer, and generally speaking a handy young man to have around.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

ODD-FELLOWSHIP versus ANTIQUITY.

Many and various have been the claims concerning the origin of certain secret fraternities, says the Odd Fellows *Register*. Masonry was supposed to have the "pole" until about a year ago, when John Medole, P. G. M., of New York, availed himself of the columns of the *Register* to unhorse this fallacy. He clearly proved from the researches of Tal. P. Shaffner among Egyptian antique relics, that our noble order ante-dated all Masonic claims. Since that time the knights of the compass have set up counter-arguments and usurped the lead once more. It has remained for Brother George Harris, the talented fraternity editor of the Rochester *Herald*, to settle this question once for all, which he has done in the following manner:—

A correspondent of the New York Sunday *Despatch* says that Masonry originated anterior to the days of Abraham. In a certain passage of Homer this modern seer discovers a fancied reference to a Masonic symbol, and accordingly claims that the mythical writer, whose date of existence remains wrapped in the mists of obscurity and of whom it is said that—

"Seven ancient cities claimed him dead,
Through whose streets the living Homer begged his bread."

was a Mason.

We have given some little attention to ancient history, and cheerfully concede the claims of our good brethren of the square and compass but feel convinced that the three-linked fraternity can establish claims to a greater antiquity of origin through the medium of the oldest historical record known to modern man—i.e., the Bible; for does not the good book plainly tell us that Adam was an Odd Fellow, that Methuselah was a patriarch of over eight hundred years' standing, and that patriarchs existed for all time before Solomon's day?

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d58w9

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

BUT ONCE A YEAR!

Christmas comes but once a year, which considering the pockets of heads of families, is perhaps a good thing.

The week has come when our population who have money to spend on presents will buy what they need.

When soliciting a present for father, mother, sister, brother or cousins—particularly cousins—select something of service. Don't pick out something that is of no earthly use, and that will convince your friend that you lack ordinary intelligence. It is not the cost of an article but its appropriateness that shows deference to the tastes of the recipient.

The attention of everybody is called to the fact that more suitable articles for presents cannot be found anywhere than in our establishment. All should call on us and see, and if our predictions are not verified, call on us for damages.

Just in, CHENILLE NECKLETS, NEW BLACK PLUSH for trimming,

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

Midland Railway of Canada.

TENDERS WANTED

MACK'S MAGNETIC MEDICINE CO.,
d123-w49-t23 Windsor, Ont., Canada.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalcule which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and develops the nervous energies, purifies the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. In a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

What will the Weather be To-morrow?

A Barometer and Thermometer combined, that foretells correctly any change in the weather 12 to 24 hours. Warranted Perfect and Reliable. CHRISTMAS!

We wish to invite the attention of consumers to the merits of our stock of

STAPLE GROCERIES.

To say that for Extent, Variety and Freshness, our stock is unexcelled by any house doing trade in town, is a statement entirely within the truth. Our

HOLIDAY FRUITS and GOODS

generally have been purchased with great care, and with the express intention of satisfying everyone in regard to prices and quality.

In addition to our LARGE stock of

TEAS, SUGARS,
SYRUPS, COFFEES,
SPICES, CANNED GOODS
SALT and FRESH WATER FISH

and Groceries generally, we deal largely in

Daily Evening Review

THURSDAY, DECEMBER 22, 1881.

A GALLANT RESCUE.

Two Young Ladies Save a Number of Youths from Drowning.

OTTAWA, Dec. 19.—Last evening seven young men who live several miles down this side of the Ottawa river, started in company to skate to Gatineau Point for the purpose of attending a special service which was being held in the church at this place for young men. Two of them were named Lariviers, two Lafontaines and one Sabourine. The names of the remainder of the party could not be ascertained. When they arrived opposite Kettle Island they happend to reach a piece of bad ice and five of the party feel through. The other two did the best they could to rescue their comrades, but after they had got several of them out the ice on which they were standing gave way and they themselveas got into the water. Two Misses O'Neil, daughters of Superintendent O'Neil of the Dominion Police, witnessed the accident from their house on Kettle Island. With great presence of mind these two young ladies ran for their father's boat which they pushed across the ice until they came to the broken spot, when they launched it and succeeded in rescuing the remainder of the young men who were in the water. They were not a moment too soon, for one of the young men was utterly exhausted, and was taken out of the water senseless. He was taken to Mr. O'Neil's residence, where restoratives were applied to him, and everything possible done to restore him to consciousness. Notwithstanding this it was some hours before he recovered, Mr. and Mrs. O'Neil did everything in their power to make the young man who had so narrowly escaped a watery grave comfortable.

A Horrible Murder.

A report comes from the back country that a most horrible murder was committed last Thursday afternoon, Dec. 21st, at one of Gilmour's shanties on Beaver creek, county of Hastings. It seems that the cook, a man named O'Brien, had some words with his mate or assistant at the dinner hour. When the men returned in the evening both were missing, and the fire was out and no supper ready. Search was made, but no clue was found until next morning, when the body of the mate, whose name is unknown, was found under a log heap, behind the shanty. He had been killed by a blow on the head, and the body cut into quarters. O'Brien was missing, but the clothes worn by him the day before were in the shanty covered with blood. As yet no word has been received of his whereabouts.

MIDNIGHT TELEGRAMS

CABLE.

O'CONNOR TO LEAD THE IRISH

DUBLIN, Dec, 21.—It is stated Thomas Power O'Connor will return immediately from America to take the lead of the Irish Parliamentary party on the reassembling of Parliament

A CHANGE OF BASE.

DUBLIN, Dec. 21.—The first number of the *United Ireland*, printed in London, appeared yesterday.

A PROTEST.

DUBLIN, Dec. 21.—A numerously signed memorial is about to be sent to the Inspector-General of the Irish Constabulary protesting against the enrolment of the army reserve men and marines in the constabulary, and demanding that they be formed into distinct corps.

A CURIOUS CIRCUMSTANCE.

BERLIN, Dec. 21.—Attention is now directed to the circumstances that the Russian authorities kept the knowledge of the discovery of the suvivors of the Jeannette a secret for a long time. Much astonishment is expressed at their action.

NEWS OF THE YACHT ERA.

LONDON, Dec. 21.—A Norwegian whaler reports that on July the 2nd he saw the yacht Era, with Lehigh Smith aboard, steaming southward, having seen the same vessel previously on June the 30th at Matotshkin straits.

RAID ON SMALL ARMS.

DUBLIN. Dec. 21.—Two boxes of rifles and other weapons have been stolen from the Cahill station, near Clonmel. The feat was skillfully planned and adroitly executed, but it is thought there must have been some connivance on the part of the men in charge of the property.

THE LADIES' LEAGUE DEFIANT.

DUBLIN, Dec. 21.—The wife of Henry George, a citizen of the United States, took the chair at a defiant meeting of the members of the Ladies' League on Tuesday. A male porter leaving the premises with letters was arrested.

REFORM IN ITALY.

ROME, Dec. 21.—The Senate yesterday adopted a clause of the Reform bill giving the right to vote to all who can read and write. The Senate afterwards adopted the whole bill.

HOW BISMARCK MEETS CRITICISM.

BERLIN, Dec. 21.—The editor of the *Hanan Gazette* has been sentenced to four weeks' imprisonment for animadverting on the attitude of Bismarck in an anti-Semitic agitation.

NIHILISTS AGAIN PLOTTING.

ST. PETERSBURG, Dec. 21.—For some time past the authorities have been fully aware that the apparent inactivity of the Nihilists was only assumed, and that plots of a most extensive and serious nature were being formed. Numerous arrests have been made from time to time without any very important results, but to-day the officers succeeded in laying their hands upon a clue which will probably lead to the detection of at least some of the principal leaders in these latest conspiracies. Certain suspected persons had been very carefully and closely watched for some days, all their movements being noted. They were together in the rear of the building occupied by the Minister of the Interior, and they were carrying dynamite bombs enclosed in orange skins, from which the pulp had been removed. The bombs were very cleverly arranged, so that their explosion when thrown upon the ground would be inevitable, and most probably fatal. All further information concerning re-arrests is at present denied.

THE PANAMA CANAL.

PARIS, Dec. 21.—General Turr, speaking before the Geographical Society expressed the opinion that the attitude of the United States towards the Panama Canal will undergo a change similar to that experienced in the views of England, who, when the Suez canal was proposed, thought that a great strengthening of Aden would be necessary.

TURKEY AND GREECE.

LONDON, Dec. 21.—A slight difficulty has occurred between Turkey and Greece regarding the natives of Thessaly, who cannot be registered as Hellenic subjects.

RUMOURED ALLIANCE.

BERLIN, Dec. 21.—It is semi-officially declared that the report of an alliance between Germany and Turkey is incorrect, and appears to be circulated for the purpose of creating distrust at St. Petersburg.

THE JEANNETTE.

PARIS, Dec. 21.—A St. Petersburg correspondent telegraphs that the Governor-General of Eastern Sibera, who happens to be at present in St. Petersburg, having received information of the arrival of the shipwrecked crew of the Jeannette in the region under his command, immediately proceeded to Gatschina and saw the Emperor, who personally ordered that all supplies that were necessary for food, clothing, money, and transportation should be placed at their disposal.

THE LOST AERONAUT.

LONDON, Dec. 21.—A broken thermometer from the balloon in which Powell ascended has been found on the Dorsetshire coast. This confirms the belief that Powell was drowned at sea.

A Witty Answer Turneth Away Bores.

The man who travels on the railroad and sits down by the side of lone females while laboring under the impression that he recognizes a likeness in their faces to his wife's aunt's cousin met his match on one of the roads in this vicinity lately. He sat down in the half of a seat, the other half of which was occupied by a pleasant faced young lady. His first question was:—

"Pardon me, Miss, but is your name James? I have a cousin of that name, whom you greatly resemble."

"No, sir," was the reply. "my name is not James. But, pardon me, is your name Zinc or Copper?"

"Zinc or Copper? No, ma'am," said the astonished man. "What led you to suppose I had such names?"

"Excuse me," was the quiet reply, "but I thought you must be first cousin to a brass foundry."

The man fell over two seats, and kicked a bird cage half way down the car in his haste to get into the smoker, while the young lady smiled a gentle smile behind her handkerchief. It was a proof of the old adage that a witty answer turneth away bores.—*Oil City Derrick.*

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

ESCORTED TO JAIL.

DUBLIN, Dec. 22.—Parnell arrived at Armagh last night and was escorted to the jail without being recognised.

ARCTIC EXPLORATION.

LONDON, Dec. 22.—It is stated that the Admiralty has decided to send a vessel in search of Leigh Smith, the Arctic explorer, next spring.

THE JEANNETTE'S CREW.

ST. PETERSBURG, Dec. 22.—The Governor of Eastern Siberia expresses his opinion that the remainder of the crew of the Jeannette have been fallen in with by natives, and have been hospitably treated.

FLOUR MILLS BURNT.

LONDON, Dec. 22.—The flour mills at Deptford have been burned. The loss is estimated at £90,000.

AMERICAN.

MUNICIPAL FRAUDS.

NEWARK, N. J., Dec. 22.—The embezzling of the city funds has caused intense excitement. Measures have been taken for a thorough overhauling of all the Departments. Auditor Palmer remains in jail, utterly demoralized. He is sustained by stimulants, and is unable to see anybody except his counsel. City Treasurer Winman has been suspended. A policeman had charge of his office last night, and this morning the Chairman of the Finance Committee took possession. Chief Clerk Wm. Hall, has disappeared, and detectives are pursuing him. He is suspected of collusion in the auditors' robbery case. The Mayor has called a special meeting of the Council to-night, to take action on the revelations.

NORWOOD.

MURDEROUS ATTACK.—Mr. John Kelly, residing on the Grovers' property, just outside of the limits of Norwood, on Tuesday last was engaged to remove the household goods of Mrs. R. Richardson by team to Peterborough. He safely accomplished the job, and about six o'clock in the evening left for home, and had got a few miles on his journey on the road between the town and Indian River when he was accosted by a man, who at once asked him if he would give him a lift. Kelly assented, and the stranger asked him several questions about his business, and was civilly answered. After a short ride, he asked Kelly if he had a pipe. Kelly said no, he did not carry one. He then began to be suspicious of his companion, and kept an eye upon him. The latter fumbled in his pockets as if looking for a pipe, when he suddenly drew his arm at full length towards Kelly, and without saying a word fired a revolver straight at his face. Kelly, seeing the movement, grasped the would-be murderer's arm, and at the same time flung back his head. The bullet nearly grazed his nose, while the flash almost blinded him. Quick as thought he grappled with his assailant, the pistol again exploding in the struggle, which resulted in Kelly tumbling the other out of the waggon, and getting rid of his would-be destroyer, who followed his intended victim with two more shots from his revolver. They, too, proved harmless, as the horses took fright and galloped away, with maddened speed. Shortly after bringing his horses to subjection Mr. Kelly overtook another man, who said something to him, but as his experience with such tramps was not of a very satisfactory kind, he was not inclined to risk the companionship of another, and passed, being partly convinced that the second person was a confederate of the one he had escaped from. From the conversation with the first individual Mr. Kelly inferred that he was in wait for some farmer returning home with the proceeds of a load of grain, but not meeting with the identical person, he determined that Kelly should fall a prey to his evil intentions. Mr. Kelly's escape is a miraculous one, and it is to be hoped will make parties in future travelling at night cautious with those they may meet on the road.

Drowned while Skating.

OTTAWA, Dec. 21.—A despatch from Pembroke to Mr. John O'Meara, barrister, of this city, conveys the sad intelligence of the death by drowning of William and Michael O'Meara, sons of Mr. William O'Meara, Warden of the County of Renfrew. The unfortunate young men, with a number of companions, had been out skating, and gliding over some thin ice went through. Their companions made every possible effort to save them, but without success.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause, whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulent is needed. Sold by all druggists.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

Daily Evening Review

THURSDAY, DECEMBER 22, 1881.

LAKEFIELD NEWS.

From our own Correspondent.

SPECIAL SCHOOL MEETING.

A special meeting of the Lakefield school board was held in the council room, Lakefield, on Tuesday last, the 20th instant. All the members present. The chairman, Mr. G. J. Galvin, occupied the chair. A large deputation of the pupils of the school waited upon the board with a largely signed petition, asking for an extension of the holidays to the 9th of January. The prayer of the petition was granted and the boys went off cheering the school board.

Miss Anderson sent a communication to the board tendering her resignation, as she had obtained a situation at Lindsay, where her home is.

Moved by Mr. Wilson, seconded by Mr. Cox, that the resignation of Miss Anderson be accepted, and that the secretary advertise for a teacher at once in the daily *Mail* and *Globe*.—Carried.

Moved by Mr. Sanders, seconded by Mr. Isbister, that this board do now adjourn, to meet at the call of the chairman.—Carried.

LAKEFIELD DAM.

The Messrs. Strickland, the owners of the Lakefield dam, announce that the Lakefield dam will be taken down to its legal height on or before the 10th of January, 1882. It will be necessary to lower the dam eleven inches to meet the requirements of the law, and the Messrs. Strickland have had to incur an expenditure of over $3,000 in carrying their new mill down stream to obtain the necessary head. The dam is private property, so no one has any right to complain. The Ontario Government are certainly culpable in the matter. A year ago the Government could have assumed the dam a very small cost, but they refused.

CONCERT.

We are glad to learn that something in the shape of amusement is to take place in the village. On Thursday, Dec. 29th, a concert in connection with St. John's Church Parsonage will take place in the P. C. A. Hall. The entertainment will conclude with the farce of "Domestic Economy," during the progress of which the audience will have the opportunity of seeing an excellent pudding made from a receipt to be found in no modern cooking book.

CHEESE FACTORY ACCOUNTS.

Cheese factory accounts have at this day become quite complicated. This important industry has made such rapid improvement and has now attained a degree of excellence that it is no wonder that the accounts have become somewhat extensive, but a Smith cheese factory seems to have outdone any other in the county. This factory has a well-developed "water account." One of the prominent patrons found at the final settlement that his water account was very unevenly balanced, so much so that there was a 1,000 lbs. on the debit side. The account, however, was promptly settled by placing a 1,000 lbs of milk on the other side of the account.

NOMINATIONS.

The nomination of candidates to fill the offices of Reeve and Councillors for the village for the ensuing year, will take place in the Council room on Monday next, the 26th inst., at 12 o'clock, noon.

The School Board nominations will be held on the Wednesday following, at 12 o'clock, noon, in the same place.

SUNDAY CAROUSING.

Some young lads from Peterborough came to Lakefield on Sunday, with a livery stable rig, and acted shamefully. We understand that they are to appear before a magistrate on Saturday next to answer for their misdeeds.

SKATING RINK.

Lakefield is to have a skating rink at once. A number of gentleman of means, have, we understand, signed or subscribed the necessary funds for the purpose. The contract has been let to Messrs. Leonard and Hendron. The building, which is to be 165 feet long by 45 in width, is to be completed at once, or nearly so, and to cost about $1,000. The energy shown by these gentlemen in getting up a first class skating rink for the village, is deserving of public consideration, and we bespeak for them the hearty support of our citizens in their undertaking.

MASONIC MEETING.

Clementi Lodge of A. F. and A. M., will meet in the Masonic Hall on Queen street, Lakefield, on Tuesday evening next, the 27th inst., at 6.30 sharp. Installation of Officers is the business on the summons.

WEATHER.

We have had lately very remarkable weather in these parts. The spring-like appearance of the weather for a week past has caused shrubbery of almost every description to bud, and the question "When are you going to plant your garden," has frequently been asked on our streets. This unreasonable weather does not seem to be generally regarded favorably by the public. People sigh for sleighing, and the merry, merry jingle of the sleigh bells.

TEMPERANCE.

Sunday last was Temperance Sunday in the Methodist Church. An out-an-out total-abstinence, legal prohibition sermon was delivered by the pastor, from Judges v, 23.

CHRISTMAS TREE.

They are making extensive preparations for the annual Xmas tree of the Methodist S. School on Friday evening next.

ELOCUTION.

Professor Burke gave a most satisfactory entertainment in the P. C. A. Hall, last night. In these days of sermons, lectures, addresses, and readings at almost all times and places, and on almost every conceivable topic, it is a desideratum to have every possible help in the cultivation of an art so important and so difficult. Let us hope better days are in store for those who have the labour of speaking, as well as for those who have the labour of listening.

THE APSLEY STAGE ROUTE.

To the Editor of the Review:

SIR,—The correspondent of the Peterborough papers at Lakefield have become somewhat excited over a thing that does not in the least concern them, viz., the Burleigh mail route, and demand as their right that it shall be altered to start from Lakefield instead of Peterborough, for their benefit, for it certainly would be to our disadvantage were it so altered. May I ask how this right was obtained, and of what it consists, for I was not aware before that Lakefield owned any right to dictate to us what is for our benefit. They say, or one of them at least, that Lakefield always tried to assist the Burleigh road, I am at a loss to know how. They say we can obtain our letters nearly as early by the stage starting from there as we do now, they admit we cannot get them quite as early and very justly to, for it would make a difference of at least two days. Even were the stage to start after the arrival of the train at Lakefield, about one o'clock, it could not arrive here until too late to deliver the letters that night, neither could they be obtained the next morning until too late to answer by return of mail, so that we would lose three days. Letters going from here arrive in Peterborough now the same evening, and can be had the next morning at 8 o'clock, but if the end of the route was at Lakefield they would not arrive in Peterborough until three o'clock, certainly seven hours later. Besides the stage is a great accommodation for those who want to travel. Now look at the position any one going from here would be placed in. They would arrive in Lakefield about four o'clock p.m., and would have to wait until the train left the next day at about two o'clock, arriving in Peterborough somewhere about three o'clock, having only from that time until night to transact any business, instead of the whole day (a loss of time of nearly one day) as they would have by arriving by the stage the previous evening. It may not make so much difference to those living in Lakefield considering the splendid railway accommodation they enjoy. If any passenger wished to get to Peterborough earlier than by train they would have to hire a conveyance to the detriment of their own pockets and for the benefit of some one in Lakefield, and I think this has something to do with the interest that has sprung up in Lakefield under pretence of looking after our interest. One says we intend to agitate until the route is changed. Keep cool, gentlemen, and don't get too excited, as I have an idea that it does not rest entirely with you, but that the residents on the Burleigh road have something to say in the matter, and as far as I can ascertain not one wishes or intends to have the route changed if they can prevent it, but as soon as we think it to our interest we will, I have no doubt, take steps to that end. Until we move in the matter I doubt very much whether the Post Master General will alter the route, which was established for our accommodation, and not Lakefield's, just because Lakefield says it must and shall be done.

Yours truly,
A RESIDENT.

Apsley, Dec. 19, 1881.

SMITH.

From Our Own Correspondent.

The following is the honor roll of S.S. No. 7 Smith for the month of November 1881. E. Stuart Wood, teacher.

FORTH CLASS.—Edward Fanning, 1st.

SENIOR THIRD.—Samuel Northy, 1st; Thomas Rosborough, 2nd; William J. Ross, 3rd; Sidney Blewett, 4th; Alfred Rosborough, 5th; Laurence Fanning, 6th.

JUNIOR THIRD.—Minnie Blewett, 1st; Alfred Higgins, 2nd; Hannah Blewett, 3rd; Martha Ross, 4th; Alfred S. Sanderson, 5th; Edw. Fitzgerald, 6th.

"A" THIRD.—Josephine Blewett, 1st; M. Jane Northey, 2nd; Amelia Higgins, 3rd; Fred Fanning, 4th; John Preston, 5th; Walter Rosborough, 6th;

SECOND.—Victoria Sage, 1st; Ada Ross, 2nd; George Graham, 3rd; Wilson Blewett, 4th; Fred Pearson, 5th; James Blewett, 6th.

PART SECOND.—Emmiline Blewett, 1st; Harriet Pearson, 2nd; Edward Preston, 3rd; Amos Ross, 4th; Thomas Pearson, 5th; Mina Elizabeth Rosborough, 6th.

FIRST CLASS.—Josiah Blewett, 1st; Fredrick Fitzgerald, 2nd; Sarah McIlmoyl, 3rd.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

AUCTION SALE

OF VALUABLE

TOWN PROPERTY

IN THE

Town of Peterborough.

There will be offered for sale by Public Auction by Charles Stapleton, Auctioneer, on

MONDAY, JANUARY 9, 1882,

at the CAISSE HOUSE, at the hour of THREE O'CLOCK in the afternoon, the following choice property, viz.:

Part of Lot Number Two, East of George Street and North of Brock Street,

in the said Town of Peterborough, described as follows:—Commencing at the north-east angle of the said lot; thence southerly along the eastern boundary thereof one hundred and eleven feet, five inches, more or less, to a point distant eighty-eight feet from the south-east angle of the said lot; thence westerly parallel with the northern limit of said lot one hundred and fifteen feet, more or less, to the western limit thereof; thence northerly along the said western limit one hundred and eleven feet, five inches, more or less, to the northern limit of the said lot; thence easterly along the said northern limit one hundred and fifteen feet, more or less, to the place of beginning.

This property, directly fronting the Park and Court House, forms one of the most desirable building sites in the Town. There are now on the premises four two storey rough-cast dwelling houses.

There will also be offered for sale the following valuable leasehold property, composed of

Part of Lot Number Two, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing at the north-east corner of the said lot, thence westerly along the southern limit of Simcoe Street to the north-east corner of the Engine House lately erected; thence southerly along the eastern gable wall of the said Engine House, and in a line therewith seventy feet; thence easterly in a line parallel with Simcoe Street to the western limit of Water Street; and thence northerly along the said western limit of Water Street, to the place of beginning. And

Part of Lot Number one, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing on Simcoe Street aforesaid, at a point distant one hundred and six feet from the north-west corner of said lot; thence southerly parallel with George Street seventy feet; thence easterly parallel to Simcoe Street fifty feet; thence north parallel to George Street seventy feet; thence westerly along Simcoe Street to the place of beginning; being the whole of the block from and inclusive of the building occupied by the Bank of Toronto down to and including the shop occupied by J. W. Flavelle as a flour and feed store, except that part thereof used as a Fire Hall and all the rooms immediately over the Fire Hall.

The first of the above described leasehold properties is held under a certain indenture of lease from the Commissioners of the Peterborough Town Trust, dated the first day of November, 1864, at a ground rent of $100 for the full term of 21 years, reckoning from the First day of November, 1864, such lease consequently not expiring until the First of November, 1885, and will then be renewable in the option of the said Commissioners for a further term of twenty-one years. And the latter of the said leasehold properties is held under a certain other indenture of lease from the Town Council of the Town of Peterborough, dated the first day of May, 1861, at a ground rent of $75,00 for the like term of twenty-one years, reckoning from the said first day of May, 1861 and expiring on the first day of May, 1882. This lease is also renewable for a further term of twenty-one years.

The Terms of Sale are easy, and will be made known at the time of sale. There will be a reserved bid. Further information can be obtained from the undersigned, or at the office of Messrs. Poussette & Roger, Water Street.

Dated December 7th, 1881.

GEO. A. COX,
and WM. A. MORROW,
Executors for the late Daniel Hopkins, deceased.

POUSSETTE & ROGER,
Vendors' Solicitors. 5d137

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

There is no excuse for suffering from CONSTIPATION and a thousand other diseases that owe their origin to a disordered state of the Stomach and Bowels, and inaction of the Digestive Organs, when the use of

DR. HENRY BAXTER'S

MANDRAKE BITTERS

will give immediate relief, and in a short time effect a permanent cure. After constipation follows Biliousness, Dyspepsia, Indigestion, Diseases of the Kidneys, Torpid Liver, Rheumatism, Dizziness, Sick Headache, Loss of Appetite, Jaundice, Apoplexy, Palpitations, Eruptions and Skin Diseases, etc., all of which these Bitters will speedily cure by removing the *cause*. Keep the *Stomach, Bowels, and Digestive Organs in good working order and* perfect health will be the result. Ladies and others subject to SICK HEADACHE will find relief and permanent cure by the use of these Bitters. Being tonic and mildly purgative they

PURIFY THE BLOOD

by expelling all Morbid Secretions.

PRICE 25 CTS. PER BOTTLE.

For sale by all dealers in medicine. Send address for pamphlet, free, giving full directions.

HENRY, JOHNSONS & LORD, PROPS., MONTREAL.

CHRISTMAS SONG.

O'er the hills night shadows steal;
Scarce a light breeze stairs;
See the Virgin mild
Clasps her new-born Child!
Round the manger shepherds kneel—
Humble worshippers.
Hark! angels sing
Round their heavenly King!
'Tis for man, and not for them,
Sleeps the Babe in Bethlehem.

Thus whose head to earth is lowly
Bowed in woe and shame,
When no help seems nigh
To thy piteous cry,
Think! it was not for the holy
The Redeemer came.
Hark! angels sing
Round their Heavenly King!
For earth's sinful and defiled
Comes to-night the Saviour Child.

He who to the cradle brings
One pure, generous thought,
To the infant there
Brings a gift more rare
Than the gold and myrrh the kings
Of the Orient brought.
Hark! angels sing
Round their heavenly King!
'Tis for men, and not for them,
Sleeps the Babe in Bethlehem.

—CONSTANTINA E. BROOKS, in *Harper's Magazine*.

CATCHING COLD—REMEDIES.

While it is easy to take cold in midsummer, colds are usually more prevalent when low temperature prevails, though less in clear, steady winter than during the variable spring and autumn. "Catching cold," is usually the result of *inequality* of temperature in two parts of the body, especially adjacent parts, which disturbs the uniform circulation of the blood. At the place where this disturbance occurs, "congestion" arises, that is, a rush of blood to a part from one direction faster that it is carried off by the chilled blood vessels in the other direction, and this produces serious results if not speedily remedied. The deceased condition may extend over the whole body, affecting most severely any organ already weak.

Thus a cold may come from damp or chilled feet; from even a slight draft of air blowing through a crack, upon one side or portion of the body and cooling it; from standing near a fire or stove, and heating one side while the other remains comparatively cold; from lightly dressing the arms and lower limbs, or leaving them naked; from warmer clothing on one part of the body than on another; from standing over a hot register; from the chilling evaporation of water or moisture, from a portion only of one's clothing—; in general, from any cause producing inequality of temperature.

The causes of a cold, named, indicate how to avoid one. Maintaining general vigor by nourishing, well digested food, gives one power to resist an attack. When to be especially exposed, a little tonic, as a grain or two of quinine, taken in advance, may be useful. Stimulants, like alcohol liquors, are but a temporary aid; the reaction after the first stimulating effects, leaves one more subject to take cold than if the stimulant had been omitted.

Simple remedies will usually remove a cold, if taken promptly, before the congestion has produced serious disorganization. When struck with a sense of chilliness, 15 to 30 drops of Aromatic Spirits of Ammonia, in half a tumbler of water, will often start a uniform circulation all through the body, as this quickly enters the whole blood and is stimulating. Soaking the feet in warm water, gradually adding warmer water as long as it can be borne, draws off the blood from all the rest of the body, and often relieves congestion in any local part. Smart friction upon any part or the whole of the skin surface, or a uniform surface sweating, produces like results. But in these cases, special care must he taken to prevent after-chilling of the feet, or any other part. After the feet heating, wipe dry quickly and cover them warmly.

The best remedy we have found for a recent cold is a moderate movement of the bowels with castor oil, or caustic or other mild cathartic magnesia. This produces a flow of fluid, drawn from the blood to the alimentary canal, and thus reduces the pressure upon one congested point, just as drawing off part of the water from a flooded pond relieves the pressure upon a weakened dam or embankment. This is to be followed by keeping the body warm and comfortable, and toning it up with good food, or a simple tonic like quinine. "Feeding a cold," priot to taking a cathartic, is the worst possible treatment. It is only adding material to increase the congestion.—*American Agriculturist for December.*

Newspaper Secrets.

Here we Have a Business Manager. He is Blowing about the Circulation of the Paper. He is Saying that the Paper has entered upon an Era of Unprecedented Prosperity. In a Minute he will Go up Stairs and Chide the Editor for leaving his Gas Burning while he went out for a Drink of Water, and he will dock a Reporter four Dollars because a Subscriber has Licked him and he cannot Work. Little Children, if We Believed Business Managers went to Heaven, we would Give up our Pew in the Church.

II.

The Dramatic critic is Asleep. The play Does not Interest him. He will give it Thunder in the Morning. The Actors will be Sorry when they Read the Paper, because it will say they are not Actors. After the Play the Critic will go to the Variety Show. Will he Sleep there? No, he will Not. The Lady in the Short Dress and Pink Tights will buy six Copies of the Paper in the Morning, because the Critic will Say she is an Artist. It is very Comfortable to be an Artist when there are critics in the Neighborhood.

III.

Who is this Ferocious looking Man? He is foreman in a Printing office. He gets Paid for Throwing Men Down Stairs when they Come to Lick the Editor, and Putting Wrong Dates at the Head of the Paper. He can Pie more type in fifteen Minutes than Seven Printers can set up in Two weeks. He loves to ask the Editor for Copy. If it Were not for Him the paper would Look pretty well every Morning. Everything would be fat and none of the Live Ads would be left out.—*Denver Tribune.*

A Musical Hen.

A novel case was heard before Squire Wilson, of East Nottinghan township, Chester County, Pa., recently. Last spring a farmer of East Nottingham had thirty chickens stolen. Summer wore away, but no traces of the lost fowls. A few days ago the chicken owner visited a farmer in the same township, and while looking at the fowls on the premises, saw a hen which he thought resembled one of the number stolen from him. He inquired how the farmer obtained it, when a conversation followed, and concluded by the poultry owner saying, 'if that chicken comes to me when I call her by name she is mine.' This was agreed to. 'Annie, Annie,' called the owner, and sure enough the hen came to him. 'Jump upon my hand.' Up jumped Annie,' 'Now sing for a grain of corn. Annie,' called the owner, The pretty little hen immediately began to sing in her fowlish style, a solo, which fully convinced the two men to whom she rightfully belonged. The thief and the pet chicken were brought before the Squire, who heard the story and Annie's solo, and sentenced the thief to 99 years in State prison.

GHASTLY FIND.

The Leg and Arm of a Human Corpse Found in a Stable on Wood-street.

Mr. John Buckley, of Wellington, rented a house on Wood-street, No. 11, to one Lees, who used to be employed by Mr. Brown, livery man, King-street. When Lees applied for the house in the first place, Mr. Buckley refused it to him, but subsequently a sister-in-law of his, Mrs. Rutherford and another woman rented the house, and then gave Lees the occupancy, and he still lives there. There is a stable in the rear of the house which Mr. Buckley rented to Dr. Strange, some time ago, but on the doctor leaving, the place was cleaned up twice and no one has had possession of it since. Yesterday Mr. Buckley visited the place, and on a shelf, wrapped up in newspapers he found a human leg, from the hip down to the toes, and a human arm, from the elbow to the fingers. Mr. Buckley, when he entered the stable, or rather the harness-room adjoining it, noticed a peculiar fetid smell, and was horrified at seeing the toes of a man protruding from the newspapers. Investigation revealed the leg and arm, with

THE FLESH SCRAPED OFF

in places as though done with a knife. Two empty barrels stood near the shelf on which the remains were found and one of them smelled so disgustingly that Mr. Buckley is of opinion it contained the trunk of the corpse very recently and it had been made away with. In conversation with Mr. Buckley this morning a *Telegram* reporter was informed that the appearance of the remains is such as to lead one to conclude that the original owner of them has not been dead many days. The man Lees is reported to be studying medicine, and his landlord has not much personal acquaintance with him, and cannot say from personal knowledge what his character is. The neighbors make mysterious hints. Mr. Buckley thinks that the remains are those of a man and not those of a woman. They have not been long in the stable, for Mr. Buckley has thoroughly overhauled the place since Dr. Strange left, and nothing of the sort was there then. The remains are now at the morgue, and the police were immediately notified of the ghastly find, and took charge of the limbs.—*Telegram.*

FROM ALL OVER.

SOME curious person having counted the number of notes in a part recently sung by Madame Albani, for which she received $800, finds that she was paid twenty-six cents per note

IT is too bad to suffer with the agony inflicted by corns, when so simple a remedy as St. Jacobs Oil will stop it, Mr. George W. Hirman, Lonsdale, Pa., gives special praise to the Great German Remedy for its efficacy for this ailment and others too.

WASHINGTON society is said to be disturbed by the fact that the new British Minister, the Hon Sackville West, who is a bachelor, has a couple of illegitimate children whom he wishes to live with him.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

The Toronto *World* has the following expressions, which are alleged to have been made use of by the persons named on ascertaining the result of the Northumberland election:—"It was a great moral victory—Gordon Brown. I would like less of the moral and more of the victory—Edward Blake. I am pairfeckly amazed—Alex. Mackenzie.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

THE Empress Eugenie—who has assumed the permanent title of "Countess de Pierrefonds, relict of his late Majesty Napoleon III."—lately fell down stairs at her residence in London, and received a severe shock to the system. She is unable to leave the house. Queen Victoria has made daily inquiries about her, and has taken a special journey to London to visit the invalid.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

THE season just closed shows that there have been during the past year, in the port of Montreal, 537 ocean vessels. This is just 146 less than there arrived last year, and 60 less than there were in 1879. The arrivals are, however, in excess of the year 1878. It is said to be due principally to the falling off in the grain export trade from the West, the cereals from that region having sought other channels, while the exports from other ports showed quite as large a falling off.

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousands who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

PATENTS

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid illustrated weekly paper, $3 20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw&t.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

The Best Field

FOR

EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Christmas.

Mr. H. C. Winch has, after his usual custom, taken especially pains to cater for the wants of his numerous customers at the approaching festive season. He has, regardless of cost or trouble, secured some of the finest beasts that have ever been purchased for our Christmas market. Among them is a Devon steer from the herd of Mr. Jas. Wallis, Merino, which maintains his reputation for well-bred and well-fed cattle; two prime heifers, fed especially for the occasion by Mr. Lang, the Reeve of Otonabee, and which do great credit to their feeder; two heifers from Mr. James Howden, drover, which he had bought to ship to the old country, but they were intercepted for our benefit by Mr. Winch; a Durham heifer from the herd of Mr. Edward Bulmer, of Smith, which is of excellent quality and in prime condition; a Durham heifer bred and fed by Mr. Wm. Hall, of South Monaghan, and which does him credit; a thorough-bred heifer from the herd of Mr. Michael Walsh, Asphodel, which was bred by Mr. Powel of Westwood, and will make as good beef as could be desired; a grade heifer from Mr. Wm. Evans of Otonabee, who has spared no pains in trying to bring her to the front; a heifer from Mr. Edward Finney, South Monaghan, which is small but of excellent quality, and several other fine animals, which we have not space to particularize. He has also a number of prime sheep and lambs, from the flocks of Messrs. R. Moloney, of Douro; John Moloney, Reeve of Douro; Edward Bulmer, of Smith, and Michael Walsh, of Asphodel. From the reputation these gentlemen have as feeders, we may expect to see something fine. Pork, geese, and turkeys, sausages and other meats have also been provided in abundance, and last but not least, Bruin from the back country has come to the front, to take his place at the festive board. Customers will do well to make their choice early, as with such a bill of fare there will no doubt be a greater rush than ever to Harry Winch's stall on Saturday.

The Policy of Slander.

The *Examiner* has the following editorial note:—

"The Ottawa *Citizen* says that Mr. Orde, of the Indian Department in the North-West, has made $60,000 speculating in lands, and Mr. John Peter Grant, brother of Dr. Grant, of Ottawa, $40,000. In fact all the Government officials there are paying more attention to their speculations than to the public business."

It might be thought that our contemporary would have been glad to hear of the good fortune of a native and former resident of Peterborough, instead of seizing the opportunity to slander him, so that some blame may be reflected on the Dominion Government. It would not have been difficult to learn from Mr. Walter L. Orde's numerous friends here, that he did not make the investment in question when an official in the Indian Department in the North-West, but that during a vacation trip to Winnipeg seven years ago, he had the foresight to anticipate the future value of a lot that was for sale in that city, and bought it at a low rate. It is a subject for congratulation rather than blame that Mr. Orde's anticipations proved correct, and that his faith in the future prosperity of the country was substantially rewarded.

Toy Sale To-night.

For the convenience of heads of families and others who are engaged during the day, Mr. Austin will hold an auction sale of Toys, Fancy Goods, &c., in his store this evening, commencing at 7.30 o'clock. This will positively be the last chance before Christmas for buying Toys, &c., at auction prices.

Sneak Thieves.

Sneak thieves seem to be again at work in the town. One evening lately, for instance, a basket of meat was stolen from a residence on Rubidge street, by thieves who entered by the back, while there was no one but a child in the house. Our householders would do well to look to their fastenings.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. Glass.

The Festive Season.

Those of our readers who are bearing in mind their purchases for the coming holiday season, can hardly have failed to notice the very long list of groceries, fruits, wines and liquors, &c., advertised by Messrs. Rush & Elliott, filling as it does a whole column of the Review. Their enterprising firm has added largely for the present occasion to their always extensive stock, so that purchasers can hardly fail to have all their requirements satisfactorily supplied. This large and growing business enables them to buy and sell at the closest prices, while their well known reputation is a guarantee of the substantial merit of their goods.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's. old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lake. Easterly to southerly winds, and rainy, mild weather, followed to-morrow by high northerly to westerly winds, and colder weather.

Entertainment.

We beg to remind our readers of the concert to be given to-night in St. John's church Sunday School, in aid of the Indian and Algoma misions. There is a very attractive programme and some excellent music may be expected, so there should be a large attendance.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

CAMPBELLFORD.

Fire.—The barns of Mr. Jasper Lock, in Seymour East, were burned on Wednesday afternoon. They continued 1,500 bushels of grain and a very large quantity of hay. Amount of insurance, if any, not yet ascertained. Cause of fire unknown.

COBOURG.

Serious Fire.—About 12 o'clock on Wedday night an alarm of fire was sounded, and it was found that the sheds surrounding the Agricultural fair grounds were in flames, and before the fire was got under control about 500 feet of sheds were totally destroyed. As this is the second time these buildings have been on fire it is no doubt the work of an incendiary. Loss about $500, mostly covered by insurance.

MILLBROOK.

Appreciated.—The *Messenger* says that the labours of the Rev. W. C. Allen, M.A., (of this village) in behalf of the Society for the propagation of the Gospel, in foreign parts, have been so satisfactory, that the Secretary of that great Missionery body, has requested the Rev. gentleman, on the termination of his engagement, to continue his work for another period. We believe Mr. Allen has consented.

A Promising Industry.

At a meeting of the Hochelaga Council held recently, it was decided to give the Canada Iron and Locomotive Company a bonus of $500 yearly for the first ten years that the Company has works in operation within the limits of the Municipality, giving employment to not less than 100 men. The stock of the company has been subscribed and the company intend selecting a site and beginning building operations immediately. The company, through some of its subscribers, has control of several valuable patents for applying the steam to the cylinders of locomotives, and for reducing the consumption of fuel, and the promoters of the company claim that they will be able to turn out locomotives, which, for service on Canadian railroads, will excel any at present in use.—*Montreal Star.*

POLITICAL NOTES.

If the grit party, led by a man of Mr. Blake's ability, cannot carry an old reform constituency like West Northumberland, what can thy carry?—*Toronto World.*

The result in West Northumberland may possibly serve as a hint to Mr. Blake that the *Globe* intends that he shall learn to curse the hour in which he consented to aspire to Mr. Mackenzies position.—*Toronto World.*

Worthy of Praise.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the exerucinting pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs never fails to cure nervous exhaustion and all weakness of the genative organs. See advertisement in another column.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

BUT ONCE A YEAR!

Christmas comes but once a year, which considering the pockets of heads of families, is perhaps a good thing.

The week has come when our population who have money to spend on presents will buy what they need.

When soliciting a present for father, mother, sister, brother or cousins—particularly cousins—select something of service. Don't pick out something that is of no earthly use, and that will convince your friend that you lack ordinary intelligence. It is not the cost of an article but its appropriateness that shows deference to the tastes of the recipient.

The attention of everybody is called to the fact that more suitable articles for presents cannot be found anywhere than in our establishment. All should call on us and see, and if our predictions are not verified, call on us for damages.

B. MORROW.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and miluest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

What will the Weather be To-morrow?

Daily Evening Review

FRIDAY, DECEMBER 23, 1881.

PORT HOPE.

CRYSTAL WEDDING.—The *News* says that the residence of Mr. John Cheer, a popular official of the Midland Railway on Smith street, was, the other night, the scene of much enjoyment, the occasion being the gathering of between forty and fifty relatives and friends to celebrate the fifteenth—crystal—wedding anniversary of Mr. Cheer and his amiable wife, daughter of Capt. George Wright. The guests on arriving received a hearty welcome, everything for the comfort and happiness of the party was done, and much pleasure was experienced by all. The supper table was a marvel of attractiveness, being beyond description in the artistic manner in which it was prepared, and the dishes set before the guests were such as any epicure could delight in. The many elegant presents (all glass) were an ovidence of the popularity of the host and hostess, and the unanimous wish that they might live to see many other wedding anniversaries was cordial. Besides other out of town visitors were Mr. and Mrs. Hull and Miss Caldwell, from Lakefield. The party separated about midnight.

A SAD BEREAVEMENT.—A sister of Mr. N. Choate, residing at Cheddar, has had the misfortune to lose five grand-children with croup lately, three belonged to one family and two to another, and although living forty miles apart, they all died within a few hours of the same time. Such a sad bereavement is seldom met with.

CAMPBELLFORD.

FELL ON A STOVE.—An infant child of Mr. W. Fogg, fell on a hot stove, on Tuesday, and burned the side of its face to such an extent that a particle of flesh adhered to the stove when it was taken off. The child was seated in a high chair and during the temporary absence of its mother was pushed off by a little four-year-old, who was playing with him.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2d1w-1y

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

MIDNIGHT TELEGRAMS

CABLE.

THE PANAMA CANAL.

PARIS, Dec. 22.—General Turr, speaking before the Paris Geographical Society, expressed the opinion that the attitude of the United States toward the Panama Canal will undergo a change similar to that experienced in the views of England, who, when the Suez Canal was proposed, thought that a great strengthening of Aden would be necessary.

VIOLENT GALE.

PARIS, Dec. 22.—A violent gale blew in France on Tuesday. Booths in the Place de la Madelaine flower market in Paris were blown down. Numerous wrecks on the French coast are reported.

A NEW STEAMER.

LONDON, Dec. 22.—A new iron steamship named the "Belgravia," of the anchor Line, intended for the service between London and New York, was launched in Glasgow on Tuesday. She is of 5,080 tons.

THE MISSING AERONAUT.

LONDON, Dec. 22.—A broken thermometer from the balloon in which Mr. Powell ascended has been found on the Dorsetshire coast. This confirms the belief that Mr. Powell has been drowned at sea.

A NEW CABLE.

LONDON, Dec. 22.—The English Government have granted permission to the German Union Telegraph Company to use Valentia as a connecting point for a cable about to be laid from Emden, uniting Germany directly with the Anglo-American system of telegraph cables.

THE GUITEAU TRIAL.

WASHINGTON, Dec. 22.—The most striking occurrence in the trial yesterday was Guiteau's own revelation of the growing fear that he will be convicted. He never abused Mr. Scoville so freely before for what he calls his brother-in-law's stupidity, but which is in reality the force of testimony, which Mr. Scoville cannot break off in cross-examination, and which a much more skilful cross-examiner could not break, and every blow of which the assassin shows he feels in his inmost soul. Every day adds to the prospective length of the trial.

IRISH AFFAIRS.

DUBLIN, Dec. 22.—There will be another meeting of the Corporation of Dublin, at which efforts will be made to carry the resolution to confer the freedom of the city on Messrs. Parnell and Dillon against all obstruction. Mr. O'Brien, a son of Smith O'Brien, the agitator of 1878, was fired at, but without result, while returning from valuing farms at Gladnore, County Cork.

THE RIOTS AT SUEZ.

ROME, Dec. 22.—The commander of the *Affondatore* at Alexandria, in accordance with an understanding between the Italian representative, and Cherif Pasha, the Egyptian Prime Minister, will participate in the inquiry concerning the recent riot at Suez.

AMERICAN.

NEWARK'S EMBEZZLING AUDITOR.

NEWARK, N. J., Dec. 22.—The revelations of the embezzlement of the city funds creates intense excitement, measures are being taken for a thorough overhauling of all the departments. Auditor Palmer remains in gaol. He is utterly demoralized, sustained by stimulants and unable to see anybody but counsel. City Treasurer Winans has been suspended. A policeman had charge of the office last night and this morning. The Chairman of the Finance Committee took possession of the Comptroller's office. The chief clerk, Wm. Hall, has disappeared, and detectives are pursuing him. He is suspected of collusion in the auditor's robberies. The Mayor has called a special meeting of the Common Council for to-night to take action on the revelations.

SUICIDE OF A JUDGE.

COLUMBUS, Ga., Dec. 22.—A special despatch from Newman, Ga., says that Judge James A. Welch was found dead in a stable, suspended by a rope. It is generally conceded that he committed suicide in consequence of financial embarrassment. He was an old and highly respected citizen.

EXPLOSION IN A COAL MINE.

POTTSVILLE, Pa., Dec. 22.—Alto Colliery, one of the best and largest of the Philadelphia and Reading Coal and Iron Company's collieries, situated in the western end of the county, was the scene, on Tuesday night, of a terrible explosion, which almost resulted in the instant death of half a dozen employees. A party of men were engaged in the old and abandoned workings of the mines, robbing pillars, when an unexpected fall of coal took place, causing a heavy current of air and driving the gas which had accumulated in the worked out breasts to the new workings. Michael Kavanaugh was blown through a battery, seriously injuring him, besides which he was terribly burned. He cannot recover. Thomas Mealy was blown twenty-five yards, and fatally injured. Frank Dormer was badly burned and otherwise injured, and Patrick Kileraine seriously if not fatally burned. Another miner whose name is unknown was badly injured. Fire boss Adamson escaped injury. At the time of the explosion 150 men and boys were in the mine. The accident is the most serious which has happened at this colliery for years.

THE NAVIES OF THE WORLD.

NEW YORK, Dec. 22.—The *Herald's* Washington despatch says:—A prominent naval officer now in Europe writes to the Secretary of the Navy: "I find other services are as dissatisfied as our own with the present condition of ships and guns. A very great advance in the last two years in experimental ordnance has left the navies of England and France, as well of smaller powers, with ships penetrable with ease by modern guns, and like ourselves without guns, since very few and those only experimental yet, have been made. England owns but one ship armed with recent ordnance. Her effective iron-clad fleet has dwindled to half a dozen ships that could be penetrated by pieces of modern calibre carried by unarmed ships."

THE FRENCH ELECTIONS.

PARIS, Dec. 21.—At the supplementary elections for members of the Chamber of Deputies, M. Granet, member of the Republican majority, was returned for Arles. M. Deves, Minister of Agricultare, was returned for Bazniers de Bigorre, in the Department of Hautes-Pyrenees. It was well known that no one except a Cabinet Minister with his influence and patronage had any change of successfully opposing M. Paul Fould, a Bonapartist and rich landowner in Hautes-Pyrenees. M. Loydet, Radical, has been returned for Aix.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

TO BE SUPPRESSED.

DUBLIN, Dec. 23.—It is understood that the Prisoner's Aid Society, organized by the Ladies' League will this week be suppressed, on the ground that it is simply the Land League under another name.

OBIT.

PARIS, Dec. 23.—Grenville Murray, journalist and author and member for Paris is dead.

ONLY BOYCOTTED.

CORK, Dec. 23.—Later particulars from Aghaballogue represent the men repairing the Protestant Church there as not being attacked but only boycotted.

ANTI-JEWISH RIOTS.

ST. PETERSBURG, Dec. 23.—Among the persons being tried by court martial for participation in the Anti-Jewish riots in August, are several wealthy merchants accused of inciting the mob.

THE MARKETS.

LONDON, Dec. 23.—The Mincing Lane markets, London Stock Exchange and Liverpool Cotton Exchange are to be closed on the 24th and 26th.

BUSINESS TROUBLES.

LONDON, Dec. 23.—It is stated that a large French house in the Indian trade is in difficulty. Some French credit establishments will loose heavily. One is involved to the extent of $100,000.

AMERICAN.

SIX DAYS' WALK.

NEW YORK, Dec. 23.—A six days' pedestrian match has been arranged betwsen Rowell and Hughes, for $1,000 a side.

HEAVY FAILURE.

NEW YORK, Dec. 23—Isidore Herman, worsted lace dealer, has assigned with liabilities of $130,000. The cause of the failure was stock speculations.

A BIG BLAST.

CASTON, Pa., Dec. 23.—A blast which has been preparing for nearly a year at the limestone quarry here, was fired yesterday. Forty thousand tons of rock were dislodged. Ten tons of powder were used.

HIGHWAYMEN AT WORK.

POTTSVILLE, Pa., Dec. 23.—The mail coach between Doutyville and Halfenstein was stopped yesterday by two highwaymen. John Rolph, the driver, drew a revolver just as the horses suddenly plunged forward and left the robbers behind. The latter fired five shots at Rolph, one ball passed through his hat and two through his coat. This is the second attempt during the past year to rob this coach.

LABOR TROUBLES.

FALL RIVER, Mass,. Dec. 23.—Two mills have declined to advance the spinner's wages, and the other mills have not answered the spinner's demands. Much indignation is expressed by the operatives, and the significant signs of labour troubles are again afflicting the city.

JAMES AND ARTHUR.

NEW YORK, Dec. 23.—The *Tribune's* Washington special says that the statement that the President requested James to remain in the Cabinet until after the "Star Route" cases were concluded, and that James refused, is untrue.

A BOUNDARY DISPUTE.

The recent utterances of the Government with regard to the Monroe policy has encouraged the small nationalities to take a firmer stand against the domineering disposition sometimes manifested by Mexico. It is understood that the Guatemalian Minister seeks the good will of the United States in the dispute between Mexico and Guatemalia about the boundary.

A CLEVER ESCAPE.

PITTSBURG, Pa., Dec. 23.—James Miller, a convict in the penitentiary, yesterday secreted himself in a box supposed to contain shoes for a firm in the city. When the wagon carrying the box, got outside of the institution he pushed off the lid of the box and escaped. He belonged to a notorious gang of burglars whose headquarters were at Cleveland and Buffalo.

AFRAID OF CRANKS.

NEW YORK, Dec. 23.—The *World's* Washington special says that it is stated that the President and James, on their way to New York yesterday, were accompanied without their knowledge by three detectives, assigned to guard them against the interference of crasy people.

STEAMBOAT COLLISION.

NEW YORK, Dec. 23.—The U. S. flagship *Tennessee* yesterday was run into during a fog, near Ellis Island by a steamer supposed to be the *Western Star*. The *Tennessee* was cut down amidships to the waters edge, and it will probably be a month before she is repaired. She was to have left for Aspinwall on Tuesday.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. *Try* them.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulant is needed. Sold by all druggists.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

WILSON & DAVIS'.

Daily Evening Review

FRIDAY, DECEMBER 23, 1881.

THE Montreal *Witness* concludes a very fair article on the West Northumberland election by saying:—

"The Government has, perhaps, on the whole fair cause for satisfaction over the result."

TRACKED TO DEATH.

If a man in France be arrested, or merely suspected, he must say who he is. Concealment is useless, for the police will not release the man until they have exhausted all means of ascertaining the truth. He may give a false name, or say that he is a foreigner, but the authorities of the place where he professes to have been born will be written to, and if the information he has given be found incorrect he will be liable to six months' imprisonment for being a vagabond; nor will his troubles end there, for the police will take it for granted that he is only concealing his identity because he has committed some great crime, and he will be placed under surveillance till his life becomes so burdensome that he will tell the truth to get a little peace. French criminals of the lower classes scarcely ever try to conceal their identity. In the course of five years the prefecture have had many cases of Englishmen and Americans who gave false names and whose identity could not be discovered because the English and American police could afford no assistance in the matter, but they can only quote the case of a Frenchman who obstinantly resisted all endeavors to ascertain what his name was. This wretched man had been arrested for a petty theft, and stated that he was an Italian. This proved to be false; at least it was discovered that no person bearing his name had been borne in the commune which he described as his birth place.

He was kept in prison fifteen months and questioned eighty times by a "Juge d'Instruction," but to no purpose, so that he was at last tried for being a thief and vagabond, and sentenced to a year's imprisonment. On his release he was treated as a foreigner—that is, he was expelled the country by order of the Prefect of Police, and being conveyed to the frontier between two gendarmes he was given up to the Italian authorities as a suspected criminal. The Italian police system being like the French, the vagabond was taken to jail and asked to give an account of himself. As he persisted in telling palpable untruths about his birth-place he was kept for several months in durance, then sentenced to six months for vagabondage, and on the expiration of his term he was sent back to France. This time the French police did not arrest him, but they watched him. The unhappy man seeking for work as stone mason soon found employment; but gave his master a name different from that under which he had been sentenced. The police were down upon him at once. Having ascertained that his new name was not his own they got him sentenced again to a year's imprisonment, "*pour usurpation de faux noms*," and upon his discharge they told him plainly he could expect no peace until he made an avowal of his identity. He was consigned to a "Depot de Mendicite," or depot for incorrigible vagabonds, and there committed suicide. Who he was has never been ascertained; but the relentless pertinacity with which he was hunted to death shows what a grim duel it is which the French police wages against criminals. If this unfortunate man had given himself out as an Englishman and had got himself conveyed to Dover, his troubles would have ceased when he touched English soil, for the British police would have no right to worry him or ship him back to France.—*The Cornhill Magazine.*

A JUSTLY SEVERE SENTENCE.

Yesterday evening while Constable McNulty was on beat on St. Catherine street, his attention was directed to the actions and language of a young man named Napoleon Tessier. He seemed partly intoxicated, and on the constable ordering him to be quiet, he poured on him a whole torrent of the vilest abuse. He then commenced blaspheming to such a terrible extent that the passers-by closed their ears in disgust and hurried away. There was not an object held sacred by Christians which he did not use his Billingsgate on. The policeman promptly arrested him and brought him to the station, where he broke out again. He gave his profession as that of a medical student of McGill College. This morning, through the influence of friends, he obtained a private trial before the Recorder in his private office. His Honor, usually lenient where students are concerned, felt it his duty in this case to pass an exceptionally severe sentence. On hearing the evidence of the constable he expressed himself thunderstruck that anyone studying for such a noble profession as that of a physician should have a mind depraved enough to blaspheme religion. In extenuation, Tessier said he was studying at a Protestant College, and on that account had no religion. His Honor replied that even if he did not coincide with the views of every denomination, or any, still it was no excuse for blasphemy. He, therefore, condemned him to pay a fine of $25 or go to gaol for three months. The fine was paid.—*Montreal Post.*

The DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

IRELAND.

Mr. MICHAEL LEE, of Kilbride, has given £500 to erect schools in his native town, Kildare.

EIGHT hundred county Leitrim tenants refuse to pay rent, and will not apply to the Land Court.

The suspects in the Dundalk jail went into mourning, on Nov. 23rd, in memory of the Manchester executions, and marched in processional order round the recreation grounds reciting prayers for the repose of the men's souls.

Mr. E. J. HOAR, one of the suspects in Naas Jail, whose mother died on Nov. 29, was liberated on parole for the surpose of attending her funeral. The conditions of the parole were that he should return to prison on December 2nd.

ON Dec. 1st, Alderman Galvin was elected Mayor of Cork for the ensuing year, in succession to Mr. D. V. O'Sullivan. The Conservatives put Alderman Paul up, but he was defeated by a large majority. Mr. Sullivan, the Mayor, was placed first on the list for High Sheriff.

ON Nov. 30th, over one hundred ploughs, horses, and carts were brought to the farm of Mr. O'Connor, Laffans House, Clonoulty, who is at present a suspect in Naas gaol. About six acres of root crops were raised and secured, and 21 acres of land ploughed.

ON Dec. 1st, Mr. Patrick J. White, Clare, who was arrested as a suspect six weeks before and confined in Naas Jail, was unconditionally released owing to the dangerous illness of his mother. Mr. White was met by a large crowd at the railway station, but at his special request and owing to the circumstances which caused his release, there was no demonstration or illumination.

As the police authorities announced they would not allow the annual demonstration commemorative of the Manchester executions to take place in Kilkenny on Nov. 22, the promoters issued a strongly-worded placard stating that the celebration would not be held. They distributed the funds collected for the procession among the various churches of the city, to have Masses offered for the three men.

On Dec. 1st a veteran of the Peninsular War, named Michael Donnellan, died in Ennis, and was buried with military honors. Major Woodward and the staff of the Clare Militia attended the funeral. Donnellan was 95 years old, and fought in 36 engagements, including Waterloo. He was in receipt of a pension of £26 a year for fifty-five years. He possessed his mental faculties up to the last.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

COUGHS AND COLDS.—If taken in time are easily cured,—if allowed to continue will result in incurable consumption. Allen's Long Balsam has the confidence and support of the medical faculty, and is recommended by all who are acquainted with its virtues.

A CURE FOR CROUP.—Apply flannel saturated with Hagyard's Yellow Oil and administer the oil internally on a little sugar as directed on the bottle. Yellow Oil cures rheumatism, burns, scalds, chilblains, lameness, and all flesh wounds. All dealers supply it, only 25 cents.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

THE ELECTRIC LIGHT, superceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be hailed with greater joy by mankind, than Burdock Blood Bitters, which is as far superior to all other blood purifiers and tonics as the electric light is superior to the old-fashioned tallow dip. Burdock Blood Bitters cures scrofula, and all foul humors and impurities of the blood.

WHAT TO STUDY.—Pope, the poetical philosopher, said "The proper study of mankind is man, and yet, how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

HEADACHE,

And every species of disease arising from disordered LIVER, KIDNEYS, STOMACH, BOWELS OR BLOOD,

T. MILBURN & CO., Proprietors, TORONTO.

A CHRISTMAS MEDITATION.

So poor, so humble, in such solitude,
Amid the lowing of the patient kine,
So barely sheltered in this stable rude
We find Thee, Babe Divine!

Here born of Virgin Mother, spotless Maid,
Who folds Thee to her rapt, adoring breast,
Thou art content obscurely to be laid,
By the proud world unguessed.

Though hosts seraphic gird Thy Throne on high,
No earthly throngs thy Holy Birth attend,
No shouts of joy, though praises fill the sky,
Earth's bitter silence rend.

As with the darkness of Thy natal night
Thou vailest all the glory of Thy face,
Thou, who art God of God and Light of Light,
The font of joy and grace.

And while our eyes a gathering shadow see—
The shadow of Thy Cross—upon Thee fall,
Thine own are fixed upon our Crown to be,
And naught can Thee appall.

O matchless love! that very God should take
Our flesh, that we might share the life Divine!
Our pains, temptations, death, that Thou shouldst make
So truly, wholly Thine.

O that these tongues that love could fitly sing;
These hearts with praise (as Thine with anguish) break!
All that we have in worship would we bring
For Thy dear glory's sake.

—*Harriet M'Ewen Kimball.*

Surgery For Animals.

A correspondent of the *Rural New Yorker* advises stock growers not to be in haste to destroy any animal that may break a leg, for by means of plaster of Paris and some bagging strips the limb may be set and supported until the fractured bone unites again, His plan has been, both with calves and sheep, to wind the strips of bagging about the broken limb, plaster over with calcined plaster mixed to a thin paste and then applied, the leg fastened to splints of wood until the plaster sets. The animal would limp around for a few days on three legs, but recover without blemish.

Mice this Winter.

Mice are very prolific; a single pair will often multiply to fifty or more during a single season, as the earlier broods reproduce one or more generations. Usually a large proportion of each summer's growth is killed off in winter, if autumn rains saturate the soil. At this writing, the ground is still dry, deep down, in several States. If at any point the soil freezes solid before copious rains, extra caution should be taken to protect fruit trees and shrubs against mice. The methods we have often described, such as banking earth around the trees; tramping the snow hard about the trunks as it falls; putting tarred paper 4 to 6 inches above ground and and a little below, etc.—*American Agriculturist for December.*

Let the Frost Help You.

Few fully appreciate how much a freezing of the ground does to set at liberty the plant-food locked up in almost all soils. Water, in freezing, expands about one-eighth of its bulk, and with tremendous force. Water, if confined in the strongest rock and frozen, will burst it asunder. The smallest particles of soil, which are in fact only minute bits of rock, as the microscope will show, if frozen while moist are broken still finer. This will go on all winter in every part of the field or garden reached by the frost; and as most soils contain more or less elements that all growing plants or crops need, a good freezing is equivalent to adding manures or fertilizers. Hence it is desirable to expose as much of the soil as possible to frost action, and the deeper the better, for the lower soil has been less drawn upon, and is richer in plant-food. Turn up the soil this month wherever practicable. If thrown into ridges and hollows, in field and garden, the frost will penetrate so much deeper. Further, plowing or spading the soil now, exposes insects and weed roots to killing by freezing. Still further, soils thrown up loosely will dry out earlier in spring, and admit earlier working, which is often a great gain, when a dry day or two may decide in favor of a successful crop.—*American Agriculturist for December.*

Transferring Wood-graining.

Mr. Benjamin C. Smith, of Searsport, Me., has patented an improved apparatus for transferring wood-graining; also applicable to transferring any desired design formed by an engraving or otherwise upon a plate or block of wood or other material. By this invention the natural graining of wood may be transferred to any desired surface, without applying the color by which the transfer is made to the pattern, so that the depressions of said pattern can never become filled, and the pattern can be used an indefinite number of times. The pattern, which should be a distinctly grained piece of wood, is fixedly supported upon a block or carrier having at its opposite ends rollers, one of which is pressed outward by a spring for the purpose of keeping a band, arranged to pass around said rollers, taut. This endless band may be of rubber-coated cloth, and it is made to travel over the pattern, so that on color being applied by a brush to the outer surface of the band, and a rubber presser being made to bear the latter down on the pattern, the color will be removed from the raised surfaces of the band and a copy of the graining of the pattern in color will be left on the band. The device at one of its roller ends is then placed against the surface to which the graining is to be transferred, and the block or carrier moved over said surface.—*Scientific American.*

The Strength of Wooden Columns.

Some important tests of the strength of wooden columns, such as are in common use in the construction of cotton and woollen mills, have lately been made at the instance of Mr. Atkinson, President of the Boston Manufacturers Mutual Fire Insurance Company. The tests were made with the testing machine at the Waterton Arsenal. The formulas in use for computing the strength of wooden columns are based on tests applied to columns of about two inches on a side and four or five feet long. The new tests were made with columns of pine and oak of the size and length used in actual construction. All but two were round, hollow columns, of from eight to eleven inches diameter, the two being about nine inches square. The greatest amount of pressure exerted in any case was about 265,000 pounds. The tests have disclosed frequent instances of defective boring in the columns. The object in boring is to open an air passage through the heart of the stick for the prevention of dry-rot after it is in position in the building. It is essential, of course, that the bore should extend from end to end, but this has not always been effected. The sticks were first bored from one end and then from the other, and the borings have sometimes failed to meet in the middle of the stick. The tests also show that to taper the sticks is a mistake, inasmuch as it weakens the column more than has heretofore been estimated. Reasons for exercising more caution in other respects in the construction and adjustment of wooden columns in building have also been disclosed.—*Scientific American*

FROM ALL OVER.

THE Emperor of Austria has decided to erect a memorial to the victims of the Ring Theatre disaster, by the founding of a charitable institution on the site of the theatre.

HAGYARD'S PECTORAL BALSAM will cure coughs, colds, asthma, croup, whooping cough, sore throat, bronchitis and all lung complaints that lead to consumption. Price 25 cents.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

SURE CURE FOR A COUGH.—The most reliable remedy for a cough or a cold, asthma, shortness of breath, sore throat, weak lungs and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

MR. MILLAIS, R.A., is about to paint the portrait of the Princess Mary, daughter of the Duke and Duchess of Edinburgh. The commission comes from the Queen, who addressed to the painter an autograph letter.

THERE is no questioning that animals should be cared for when sick, and Mr. Beard, a "boss" drayman, of Walnut street, Cincinnati, says in his long experience he has never known St. Jacobs Oil to fail in relieving the ailments and accidents to which horses are liable at all seasons of the year.

IT is thought that Prince Albert Edward of Wales will, in time, join the Military College at Sandhurst, and that Prince George will remain in the navy. Prince George is much attached to a sea-faring life, and is said to be better qualified for it by physique than Prince Albert Edward.

IT is too bad to suffer with the agony inflicted by corns, when so simple a remedy as St. Jacobs Oil will stop it, Mr. George W. Hirman, Lonsdale, Pa., gives special praise to the Great German Remedy for its efficacy for this ailment and others too.

THE Hamilton Stamping Works is the unpretending name given to a factory in that city which makes "milk-can trimmings; balloon fly traps; tubular lanterns; "delusion mouse traps; bird cages" &c. So active is the demand for its wares that it has recently built an addition 40 x 40 feet, three storeys high, to the premises.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousands who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

Bear in Mind

THERE IS NO LONGER ANY SUCH FIRM AS MUNCASTER & SANDERSON DOING BUSINESS IN PETERBORO', THE PARTNERSHIP HAVING BEEN DISSOLVED IN AUGUST LAST.

MUNCASTER'S

JEWELLERY STORE

Is Removed from the old Stand

The Best Field
FOR
EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

MUNRO & ALEXANDER.

Daily Evening Review

FRIDAY, DECEMBER 23, 1881.

LOCAL AND MUNICIPAL.

POLICE COURT.

AN ENLARGED CASE.

FRIDAY, Dec. 23.—The man Wilson, of North Monaghan, who had a fight with Daniel Cushion last March, and for whom warrants were issued at the time, was brought up to answer to a charge of malicious injury to property and also one for fighting.

He pleaded not guilty and was remanded until the 9th of January 1882.

That Murder.

The report of the horrible murder at one of Gilmour's shanties, as given by us on Thursday, caused considerable excitement in lumbering circles here. As there are a number of men by the name of O'Brien, working in the woods, it is impossible to say whether the suspected murderer is known here or not, as his initials are not given. There is considerable speculation as to who the murdered man is, but of course until further particulars are received it is impossible to say who he is.

Municipal Matters.

Although nomination day is almost at hand, there is no talk at all of the Municipal Elections, and if things don't take a different course the Mayor and Councillors will all be re-elected by acclamation, something that is rarely heard of, in this section of the province at least. Perhaps the present men have given such good satisfaction, that no fault can be found with them and therefore there is no opposition.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

St. John's Church.

The extensive repairs and alterations which have been in progress at St. John's Church for some months are now approaching completion, and in the course of a short time the edifice will be vastly improved in every sense. Councillor Rutherford who has the contract has performed the work to the satisfaction of all concerned.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes.—Decreasing northerly winds and fine cold weather to-day; followed to-morrow by southerly or south westerly winds raising temperatures.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Christmas Tree,

Sunday School Christmas tree entertainment in the lecture room of the Bible Christian Church, Murray Street, to-morrow (Saturday) evening at half past seven o'clock. An excellent programme is prepared. Admission ten cents. Public cordially invited.

The Bowling Club.

The regular weekly match for the championship of the alleys, takes place this evening at the Lacrosse Club bowling alley. We are requested to call the attention of the members to the fact, and a large attendance is wanted.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

Venison.

There is more venison coming into town, than there has been for years. A larger number of deer have also been shipped than for a long time.

Christmas.

Mr. H. C. Winch has, after his usual custom, taken especially pains to cater for the wants of his numerous customers at the approaching festive season. He has, regardless of cost or trouble, secured some of the finest beasts that have ever been purchased for our Christmas market. Among them is a Devon steer from the herd of Mr. Jas. Wallis, Merino, which maintains his reputation for well-bred and well-fed cattle; two prime heifers, fed especially for the occasion by Mr. Lang, the Reeve of Otonabee, and which do great credit to their feeder; two heifers from Mr. James Howden, drover, which he had bought to ship to the old country, but they were intercepted for our benefit by Mr. Winch; a Durham heifer from the herd of Mr. Edward Bulmer, of Smith, which is of excellent quality and in prime condition; a Durham heifer bred and fed by Mr. Wm. Hall, of South Monaghan, and which does him credit; a thorough-bred heifer from the herd of Mr. Michael Walsh, Asphodel, which was bred by Mr. Powel of Westwood, and will make as good beef as could be desired; a grade heifer from Mr. Wm. Evans of Otonabee, who has spared no pains in trying to bring her to the front; a heifer from Mr. Edward Finney, South Monaghan, which is small but of excellent quality, and several other fine animals, which we have not space to particularize. He has also a number of prime sheep and lambs, from the flocks of Messrs. R. Moloney, of Douro; John Moloney, Reeve of Douro; Edward Bulmer, of Smith, and Michael Walsh, of Asphodel. From the reputation these gentlemen have as feeders, we may expect to see something fine. Pork, geese, and turkeys, sausages and other meats have also been provided in abundance, and last but not least, Bruin from the back country has come to the front, to take his place at the festive board. Customers will do well to make their choice early, as with such a bill of fare there will no doubt be a greater rush than ever to Harry Winch's stall on Saturday.

Concert.

The concert at St. John's Church Sunday School was well attended, and the audience seemed thoroughly satisfied. Among the vocal music the quartette by Mrs. R. H. Dennistoun, Mrs. Haultain, Mr. T. Brown, and Mr. Haultain; and the solos by Fraulein Rahtjen, Mrs. Blackwell, Mrs. R. H. Dennistoun, Mr. T. Brown, Mr. Elliott, and Mr. Davis were the most noteworthy. The instrumental duetts by Miss Wallis and Mr. Heathfield, and the Misses Roper, and the piano solo by Miss Tate were much admired. The recitations by Mrs. Blackwell, and Mr. J. E. Belcher, elicited much applause. The piano, which was a fine instrument, was kindly lent for the occasion by Mr. E. J. Hartley.

Midland and Grand Junction Railways.

The traffic returns of the above railways for the week ending Dec. 14, 1881, were as follows:

MIDLAND RAILWAY.—Passengers and Mails, $2070.43; Freight, $3698.64; Total, $5769.07. as compared with $3372.04 for the correspond, ing week of 1880, being an increase of $2397.03 and the aggregate traffic to date is $388,292.44, being an increase of $62,885.53 over 1880.

GRAND JUNCTION RAILWAY.—Passengers and Mails, $774.39; Freight, $691.58; Total, $1,465.97, as compared with $931.34 for the corresponding week of 1880, being an increase, of $534.63; and the aggregate traffic from 1st June to date is $65,439.07, being an increase of $35,309.59 over 1880.

Curling.

Two silver cups have been given by the Marquis of Lorne for competition amongst the curling clubs of Canada, one for iron and the other for stone playing. Clubs competing must play match games between the 2nd and 3rd of January inclusive, and returns sent in to Lieut. Col. DeWinton not later than the 10th of February, giving particulars of play, notices of the state of the ice, whether played with granite or iron stones, and whether played on open air ice or in covered rink. The rules and regulations under which the matches are to be played are quite lengthy.

A Difference.

It is rather amusing to read of trains being blockaded by snow and ice two or three feet thick in Winnipeg, at a time when we have not the first vestige of snow. The present weather is simply charming, but many people claim that a "green" Christmas makes a fat churchyard, and shake their heads when spoken to regarding it.

"Canada First."

We have received the first number of a new paper *Canada First*, published in Montreal. It is a large, well printed sheet, edited with ability. It is essentially a Canadian paper edited by Canadians, and if succeeding numbers are as good as the first, its prospects of success are bright.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. BAILEY BROS.

It has been in use for 30 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, billiousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Daily Evening Review

SATURDAY, DECEMBER 24, 1881.

Railway Notes.

A special Midland train with a large gang of men was running between here and Lakefield on Friday afternoon, for the purpose of gathering up and drawing away the old iron rails that have laid along the track, since they were replaced with steel. The train consisted of twelve flat cars all of which were loaded. The rails are disposed of for old iron, being of little or no further use for running over.

For very good reasons the Midland railway management has determined to make still an other survey of the "missing link" from Peterborough to Omemee, the great idea, being to make it still more direct than the last line located. For a distance of three miles, no deviation is to be made, but from that place to Omemee, the line will be materially changed and the engineers think they can save quite a distance. The line will be very costly, the cuttings, although small in number, presenting engineering difficulties. Mr. Hogg, C.E., has charge of the work and commenced operations this morning.

The Whitby, Port Perry, and Lindsay traffic yielded for the week ending Dec. 14th, $1,759.24, an increase over the same period last year of $264.12. Up to that date the receipts for 1881 were $97,700, or $10,952 more than for the same period of 1880.

At a meeting of the shareholders of the Grand Trunk Railway at the Cannon street Hotel on Friday, Sir Henry Tyler, President, proposed a supplementary traffic agreement with the Chicago and Grand Trunk Railway, Michigan Air Line, and with the Midland Railway of Canada. He gave a favourable account of the prospects of the road, and said that he believed that at the half-yearly meeting he would be able to recommend the payment of second preference dividends in full. The statement of the president was favourably received, and the policy he recommended approved.

"There was a sound of revelry by night,"
And joy unmixed had added its delight,
And history graved its grateful record when
The Esterbrooks brought out their Falcon Pen.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

MIDNIGHT TELEGRAMS

CABLE.

RESTORING SILVER.

LONDON, Dec. 23.—A meeting of bankers and merchants yesterday passed resolutions in favor of the formation of an association to consider rehabilitation of silver. Gibbs, one of the directors of the Bank of England, was chosen President of the Council.

A HOLY WAR.

TANGIERS, Dec. 23.—The troops despatched by the Emperor of Morocco to capture Chief Bou Amena have joined the latter in proclaiming a holy war against the French. They subsequently defeated the tribes who refused to join them. The revolt is spreading, and the Emperor has neither means nor prestige to suppress it.

THE PANAMA CANAL.

PARIS, Dec. 23.—The *Les Debats* says Blaine's proposals are impossible. Instead of a single nation controlling the Panama canal the guaranteeing powers should be increased.

A DEFAULTING CASHIER.

PARIS, Dec. 23.—The cashier of the large banking house Fenzi & Co., Florence, absconded, being a defaulter to the amount of 2,000,000 lire. He is 71 years old, and had been speculating on the Paris Bourse, paying his losses with the securities deposited in the bank. He has just been arrested in a village near Florence. It is hoped about 750,000 lire will be recovered.

"UNITED IRELAND.

DUBLIN, Dec. 23.—The *United Ireland* reappeared in its usual form in London to-night. It contains a cartoon depicting the Irish landlords as beggars and the tenants as prosperous individuals.

A PLUCKY CLERK.

DUBLIN, Dec. 23.—The town clerk refuses to convene a meeting of the corporation on the 28th inst., to confer the freedom of the city on Parnell and Dillon.

AMERICAN.

A STEAMER BURNT.

CHARLESTON, S. C., Dec. 23.—The steamer Grainger was burned in the harbour this evening. The cargo consisted of cotton and turpentine, and the flames spread so rapidly that the passengers and crew only saved themselves by jumping on board of the vessel with which the Grainger came in collision. Two negroes are missing, but are supposed to be on a vessel in the stream. Loss, $55,000.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

LOSS BY SPECULATION.

LONDON, Dec. 24.—Hoare advices State that some speculative operations in a coffee have thus far have resulted in losses estimated at £100,000.

FROM MISS PARNELL.

DUBLIN, Dec. 24.—Anna Parnell has issued a circular to secretaries of the Ladies' League asking for the names of landlords, the antecedents of each with relation to his tenantry, the size of estates, and whether the tenants are applying to the Land Courts, and whether they are paying rents with or without reductions.

GAMBETTA'S NEW MEASURE.

PARIS, Dec. 24.—M. Gambetta will bring before the Chamber of Deputies early in January a measure looking to a revision of the constitution, including the creation of a colonial army based on a long service system, with a reduction of the time for service in the army of defence to three years.

ARAB INFLUENCE.

TUNIS, Dec. 24.—Owing to the influence of Ali Binkalf, an Arab rebel chief, three of the largest tribes in southern Tunis, held out against the French. The insurgents have pillaged the large town of Kasarmondig, and the march of General Logert's column from Fax is posponed.

A HEAVY SEA.

LONDON, Dec. 24.—The steamer Servia was unable to call at Queenstown because of the heavy sea, and she proceeded to Liverpool.

THE SEA'S PERILS.

BREMEN, Dec. 24.—The steamship *Beauchawegh* of the North German Line sunk in the harbor at Bremeen. The water entered her ports while she was coaling. The *Beauchawegh* was to sail on the 28th instant for Balmoral.

ROBBING THE EMPEROR.

ST. PETERSBURG, Dec. 24.—An official messenger says that on the 19th instant thieves entered the Imperial Receiver at Sabastapool by digging a tunnel and stole 47,000 roubles. Three arrests have been made and 27,000 roubles recovered.

A SUSPECT RELEASED.

LONDON, Dec. 24.—The suspect, Moore, who has been released from Kilmainham prison on condition of emigrating, was arrested in the early part of the year in connection with the murder of Wheeler, the land agent, but was discharged because of lack of evidence. He was subsequently re-arrested under the Coercion Act, and sent to Queenstown under an escort, where he will embark.

AMERICAN.

RAIL VS. WATER.

CHICAGO, Dec. 24.—Yesterday the West Trunk Lines Passenger Association, representing 30,000 miles of railroad, adopted a resolution that they will not issue free passes to agents or employees of any steamship or Transportation Company that gives business to railways that discriminate against the lines in the west, and they will not allow their agents to work in the interests of steamship lines opposed to the association. The indications are that a lively contest will ensue throughout the west. Bonner was represented at the meeting of the association.

A LARGE SAVING.

NEW YORK, Dec. 24.—The *Times* Washington special says that by the application of business principles in the office of the third assistant Postmaster General the rates for the year ending June 30th, 1882, will be reduced nearly three per cent from the appropriations of the current year.

SMALL-POX EPIDEMIC.

NEW YORK, Dec. 24.—The physicians of Brooklyn believe that they observe indications of the probable prevalence of small-pox to an unwonted degree this winter. The small-pox hospital there is alleged to be unfit for human beings.

LOSS BY FIRE.

RED BANKS, N. J. Dec. 24.—The loss by the fire here last night was $100,000.

TWO BIBLICAL CHARGES.

NEW YORK, Dec. 24.—The Connecticut Bible Society reiterates the old charges and makes additional charges of financial irregularities against the American Bible Society.

PROTECTION.

NEW YORK, Dec. 24.—The *Herald's* Washington special says that Senator Beck has received a letter from ex-Governor Seymour, directing his attention to the effect that the policy of protection is likely to have on the policy of foreign nations in their dealings with the United States.

TREASURY FRAUDS.

NEW YORK, Dec. 24.—The *Tribune's* Washington special says that there are one hundred rumors, mainly or entirely false, regarding the alleged discoveries by the Senate Committee investigating the contingent expenditure of the treasury. A number of irregularities in the Custodian's office, have been proved, but it is understood that nothing has been discovered showing that any high official of the department was cognisant of the frauds.

OMEMEE.

SHOULD BE REWARDED.—The *Herald* says that it is now about one year since Mr. Jas. A. Clark had his large regulator set up in his shop window, and since that he has supplied the village with the correct time. Not only has he put himself to a great deal of trouble but has also been under considerable expense in keeping the clock illuminated every night. We think the public should give Mr. Clark some token of appreciation of his valuable service.

ACCIDENT.—On Monday evening last Mr. Lowery Hanna met with a severe accident. It appears he was assisting to decorate the Episcopal church here and was in the act of carrying an armful of evergreens when he tripped and fell, his knee struck the edge of a stovepipe that was frozen into the ground inflicting a very severe wound. Dr. Norris put four stitches in, and the patient is progressing as favorably as can be expected.

STREET LAMP.—Mr. James D. Thornton has a large lamp which he places out in front of his store on dark nights. This lamp proves a great boon to parties who have to go abroad after dark. If all our merchants would follow Mr. T's example what an improvement it would make on our main street.

A BIG GOOSE.—We were shown on Wednesday evening last a goose cleaned and dressed which weighed *sixteen* pounds. It was raised by Mrs. John Bannan, of Emily, and purchased by Mr. S. Lamb, butcher, of this village.

MILLBROOK.

THE NEW CHURCH.—The *Herald* says that the Methodists of Millbrook finding their church building too small for the accommodation of their large and increasing congregations, sometime since decided to build. A committee consisting of Messrs. T. B. Collins, John Follis, and Alexander Ferguson, was appointed who are styled the building committee. Mr. John E. Belcher of Peterborough, architect, was engaged to superintend the work of construction. Henry Sherwood of Peterborough contracted for the stone work and a more suitable or better finished peice of masonery does not exist The people are very much pleased with this work which is a high compliment to his skill, industry and faithfulness. Messrs. Wilcox & Brother, builders, Millbrook, have the contract for the brick superstructure and tower. So far as they have completed their work it has given satisfaction, The wood work and finishing is in the hands of Messrs. Robey & Richards, builders of Millbrook, The building is under cover and the inside work will be carried on during the winter. The contracts run until July, it is thought that the building will not be turned over to the architect before that time, as there is some additional work to be performed. The present appearance of the enclosed edifice is imposing. When completed it will be one of the finest church buildings in the Province. It is calculated to seat 800 people. The basement will be occupied by the Sunday school, and class rooms, and will be ample and comfortable. The half acre of ground was a present from Mr. W. Follis of the south line, Cavan, who has since the donation become a member of the church and is taking a deep interest in church work. The Rev. Mr. Howard, a permanent resident in Millbrook, is credited with the instigation of the movement which is destined to give to Millbrook a landmark of no mean importance. A considerable sum of money has already been raised but there is much more to be done. In a future issue we will endeavor to give a more perfect description. The Rev. Newton Hill the pastor of the church is working zealously with the congregation and there is no reason why the work should not be carried on with energy and ability so that by August or September the congregation will be worshipping in the new church.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulant is needed. Sold by all druggists.

GIVEN AWAY—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

Daily Evening Review

SATURDAY, DECEMBER 24, 1881.

GREETING.

Before our next number is published, Christmas day will have come and gone once more. Of all our holidays this is the most joyous, the most universally and heartily observed. It is the season of good-will and good-fellowship; of the re-union, (if only in spirit) of relations and friends, of the renewal of old ties and the cessation of quarrels and strife. Charity to the poor, cordiality for friends, forgiveness for enemies, the best feelings of our hearts are those called forth by this glad anniversary.

We cannot let the day pass by without addressing ourselves to that large body, the readers of the REVIEW, with whom even, if we do not know them personally, we feel that we are united in mental bonds, for have not our ideas been diligently set before and perused by them. To any among them whom, we have inadvertently offended, we ask that friendly consideration which we are willing to extend to them, and to one and all we heartily wish a Merry Christmas.

A STARTLING DISCOVERY.

What a Cleveland Astronomer Predicts of Canada's Climate.

Vennor, Moses Oates, Mother Shipton, Old Probs, and all the lesser constellations doing business in the prophetic line, may now prepare to be obscured in the mists of their own insignificance—to be eclipsed, as it were, by a bright particular star in the weather business, whose effulgence has just begun to streak the western horizon. Such an act on his part may appear to be a slight contradiction of Nature; but the theory of the gentleman in question, who bears the name of Blake, shows that Nature has just undergone such revolutions that it need not be less surprising to find a star rising in the west than to manufacture cheese out of moonbeams. At the beginning of what might otherwise have been a severe winter, it must be extremely assuring to the people of Canada to read the following comforting announcement contained in a letter, addressed by the gentleman, "A. M. Blake, astronomer, South Cleveland, Cuyahoga County, Ohio," to the editor of the *Mail*:—

THE PHROPHECY.

"October 11th, 1877, was superior planetary coniucation. There was then a change in the inclination of the earth to the sun—in the inclination of the axis of the earth to the sun—a change in the parellelism of the axis of volation of the earth. The zones of the earth were changed. The new equatorial passes right through the United States, and from Boston to the English channel. The entire United States and Canada is in the torrid zone. The mean annual temperature of Canada has increased two degrees, equal to eight degrees, since 1877. You will now have all the distinguishing characteristics and meteorological phenomena of the tropics and torrid zone. In 1884 it will average 60 degrees, when all kinds of tropical fruits and productions can be successfully raised in the United States and Canada. In 1880 you will have the full blaze of an unclouded equatorial sun. I predicted and published the Michigan and Canada forest fires in 1878, and hereby give notice that you will have a repetition of them in the near future. Let some of the learned men of Toronto verify the calculation as the augmented heat of Canada. Compare with the following:—Mean temperature at Cleveland, Ohio taken from tables kept for twenty-seven consecutive years; change. Oct. 11th, 1877, since then compared with the preceeding four years. For four years January is 7.59° hotter, February 13.59° hotter, March 14.76° hotter, April 20.79° hotter, May 11.46° hotter, June, singular to say, is 13.92° colder, July 4.09° hotter, August, 4.25° hotter, September, 8.63° hotter, October 20.12° hotter, November 2° hotter; for three years December is 4.72° colder. Next summer (1882) will be the hottest in the history of Canada (to that date), heat increasing 2° annually. Yearly mean temperature on the old equatorial line, 80°; mean temperature on the 40th parallel of latitude, 54°; 80° minus 54° equals 26°, divided by 2°, present annual increase, equals thirteen years, added to A.D. 1877, when the change took place, equals A.D. 1890, when the heat on the new equatorial line will equal that which prevailed on the old equator; or in nine years from this thime, A.D. 1881, the United States and Canada will have the full blaze of an unclouded equatorial sun. In three years more it will average 60°, when all kinds of tropical fruits and productions can be raised successfully. That yearly mean will be sufficient to give nature a tropical aspect.

OUR GLORIOUS FUTURE.

"If there remains a shadow of a doubt about the value of our Arctic possessions this should dispel it. We can now perceive what we have lost by being compelled to part with the yet-to-be flowery fields of Wrangel Land, and what a glorious heritage remains to us in the proprietorship of the North Pole. Who can tell how many thriving millions will in a few years hence find a home among the Arctic islands, whose fertile fields are now covered with ice, and where aurora borealis waste their fireworks on the unappreciative polar bear? What a country for varied resources Canada will then become. The North Pole and the Arctic islands will grow wheat and timber, while we at the equator will send them rice, sugar, oranges, lemons, bananas, cocoanuts, palm-leaf fans, tobacco, and cigars. We shall shade our streets with orange and fig trees, which will be the delight of a small boy; we shall pull down our brick and stone houses and dwell in houses of lattice-work over-grown with flowers; we shall dig potatoes already roasted, and our hens will lay eggs for us already boiled; the coal duty will be abolished, because we won't need fuel; in winter we shall wear linen dusters instead of tweed ulsters, and in summer array ourselves in the airy costume of Venus; and we shall go astrawberrying on Christmas day instead of to a skating rink. It will indeed be a delightful consummation. The only darksome feature of the prospect is that, like all equatorial races, our faces may turn black.

BURGLARS AT WORK

Several Business Places Burglarized—The Ontario Police on the Alert.

NIAGARA FALLS, Dec. 23.—Quite a sensation on our streets this morning was caused by several business places being burglarized in town during last night, Ruben Law, merchant, being the only loser to any amount. The burglars pried the back door open and drilled the safe, and it being only fire proof, blew it open easily and secured $80 in money, belonging to the Presbyterian Church fund, a few dollars in change that were in the till and other sundry articles out of the store. His loss will amount to about $300 with damage to safe, which is of Taylor's make. Mr. Law says that he is quite satisfied with the safe and he only bought it for fire proof. The Custom House was their next place of operation but they found after gaining an entrance that the vault door could withstand all the explosives they had with them. They then made a bold attempt to relieve Mr. Buckley of the Albion House of his gold and valuables, after gaining entrance through a back window, in the hotel kitchen. They dragged the safe out of doors and commenced work by drilling holes in the front of it and made one attempt to blow it open, but found that the bolts would not budge an inch to the explosives, the safe being a Rochester New York burglar proof, and the burglars either were scared or left in despair. Some tools have been found near Buckley's safe which are recognized to be from the blacksmith shop shop of Thos. Hawkins and were evidently stolen from there by parties that were acquainted with the town. If they had been successful in their operation on Buckley's safe they would have secured a good booty, as there was $1,500 in money, a lot of gold coins and jewelry amounting to $6,000. The only trace of the burglars is while a woman by the name of Mrs. Elliott, who cleans cars for the railway, went to work this morning about half past four, she saw four men running up the avenue. The Ontario police force have the case in hand and if they are as successful in this as they have been in other cases of late, they will soon be able to have their men cornered.

AFTER EIGHTEEN YEARS.

The Romantic Matrimonial Adventures of Mr. and Mrs. Walraven.

When Mr. Elijah Walravan enlisted in the Confederate army in 1863, he left behind him a beautiful young wife and three children. When he returned home at the close of the war, his wife and three children were not to be found. He learned that she had been persuaded, when the Federals occupied this country, that her safety lay in going North. For years no tidings came of her whereabouts, and, not knowing whether she was alive or dead, he instituted proceedings for a divorce, which was granted. Mr. Walravan married a worthy lady in this country, who bore him one child, and she died. In the meantime his first wife, learning of the divorce and marriage of her husband in Georgia, married a Northern man, who after a brief married life died. She married a third husband, a Mr. Beckner. He sickened and died. One child, as the result of this union, was left her. Her three children by her first husband grew up and married well, and they opened correspondence with their father. Last February their father paid them a visit to their home in Indiana. While there he met the wife of his first love. The meeting was a joyous one, and old times were talked over and mutual explanations made. The result was that they became re-engaged. Mr. Walraven returned to his home at Kennesaw in this country, and according to agreement, Mrs. Walraven arrived at Kennesaw last Thursday. There she was met by Mr. Walraven, who had the license ready, and forthwith the happy couple were reunited after a separation of eighteen years.

A CLOSE CALL.

The Globe's Buckboard Correspondent Nearly Killed.

The Winnipeg *Times* of Dec. 15th, says that Williams, the *Globe's* special correspondent, and Thompson, of the Gateway House, Emerson, had a very narrow escape from death on Tuesday at the railway station at Emerson. In driving into the yard and turning around, Mr. Thompson did not notice that one of the trains standing on the track was attached to a locomotive. Just as he was turning around and was between the train and some freight cars on the side track the train began to back suddenly. Mr. Thompson at once gave rein to his spirited team, and with one bound they cleared the track just as the rear car passed within an inch or two of his sleigh. Mr. Williams, in jumping, fell full length on the ground almost under the train which, in passing, grazed his forehead. The shock was a severe one to both parties, and had it not been for their activity a fatal accident would undoubtedly have been the result.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

THE MOVING STAR.

"And lo, the star, which they say in the east, went before them, till it came and stood over where the young child was."—St. Matt. 2 : 9.

The Magi came from lands afar,
From Araby and Malabar,—
For in the east they saw a star
That filled their souls with awe;
They knew the midnight heavens by heart,
Just as the seaman knows his chart,—
But ne'er, till now, in any part
This wondrous star they saw.

There was a meaning in its light,
That told of one whose radience bright
Should pale all suns of day or night;
And this they pondered o'er,
While hastening to Jerusalem;
The stranger star that beckoned them,
Heaven's fair auroral diadem,
Still moving on before.

But when they came to Bethlehem's hill,
Lo! suddenly, that star stood still!
Then left the wise men, with a thrill,
The Christ they sought was found.
The lowly inn they enter now,
And, meekly worshipping, they bow
Before the holy Babe, whose brow
With lambent light was crowned.

Then all their treasures they unfold,
Myrrh, frankincense, and precious gold,
The gifts they gave to kings of old—
For Him they own as King;
They bless Him for His human birth,
The God that came from heaven to earth
On missions of a nobler worth
Than angels' songs can sing.

So, on this Christmas jubilee,
The gifts, O Christ, we bring to Thee,
Are hymns of choral harmony,—
Of warm, adoring love;
And prayers that Thou wilt be our Light,
Our constant Star in life's dark night,
To guide our onward steps aright,
Safe to Thy home above.

—*Caroline May.*

THE CHILDREN'S CHRISTMAS ROSE.

When the midnight bells are ringing,
And their sobbings, faint and low,
The Christmas morn is bringing,
With echoes of the singing
Of the angels long ago,
White clouds, like angels, winging
Their fleece across the snow;

It is said the children sleeping,
In rosy fetters fast,
Never hear the winter's weeping,
Nor the night storm's onward sweeping,
Never shudder at the blast,
But each to each close creeping
Smile as angels hurry past.

Though close in slumber holden
Their dewy eyes can see
The branch of roses golden,
With blood-red heart enfolden,
Plucked from the Eden tree
By an angel in times olden.
Since dipped in Calvary.

Ears used to human whining
Hear not these rustling wings,
Nor see their sheeny shining
Through tears of sad repining,
At loss of earth-born things;
Self-centered hearts are pining
Although an angel sings.

To them the Christmas roses
Show neither snow nor gold,
No hard, green bud encloses,
No angel hand disposes
The flowers as they unfold,
Or reverently discloses
The heart of love untold.

But the children not yet knowing
Of sin or self or guile,
To their peaceful slumbers going
With Christmas joy o'erflowing,
In their sleep are seen to smile,
At the Christmas roses glowing
Before them all the while.

O, as the bells toll slowly,
And our Christmas draweth nigh
To be like children lowly,
Pure, simple, true, and holy,
When the angel passes by,
And to catch the Christmas glory
As it echoes through the sky!

To hush our selfish weeping,
And forget our little woes.
That the angel of its keeping
In the smiling of our sleeping,
To us also may disclose
The gold and white and crimson
Of the children's Christmas rose.

—*National Repository.*

A BACK-ACTION JOKE.

The Clever Way in which Dr. Cyrus Hamlin Got his Education.

A notable incident of hazing occurred in Bowdoin College many years ago. The hero of it was Cyrus Hamlin, since the Rev. Cyrus Hamlin, D. D., a leading missionary in Turkey and President of the Middlebury, Vermont, College. Bowdoin had at that time a particularly hard reputation for "classic" rowdyism and young Hamlin being a studious and religious youth, fell under the suspicion of being also a favorite of the faculty—a sin not to be forgiven. The case was brought before the Bungonungonoc Chapter of the Vehm Gericht, an august and fearful court, by which a unique punishment was devised and inflicted. The room over Hamlin's was vacant, and while he was detained late at a society meeting augur holes were bored directly over his head, but not so as to break the plastering. As soon, however, as he was supposed to be in a sound sleep, the puncture was completed and two gallons of molasses poured down upon him. That was before the era of lucifer matches, and Hamlin, awakening in darkness and terror, rushed into hall and finding there also carefully prepared darkness, fled into the college yard in his night shirt. There bon fires were instantly lighted and several masked and disguised figures seizing him placed him under the pump and plied the handle until he suffered really severe pain. So far the Bungonungonocs had all the fun on their side, but the wicked stand on slippery places. The victim failed to recognize any of his tormentors, but though harmless as a dove, he was as wise as a serpent, and knowing full well that the perpetrators would consider the joke too good to keep, he watched them closely. A few weeks sufficed to work up the case, so that one fine morning several brilliant but fearfully scared young men found themselves escorted by unfeeling constables to Squire Dunlop's office, where they were glad to compromise by paying a sum which, as the College tradition has it, was sufficient to carry Mr. Hamlin through college and the Theological Seminary. And he wasn't hazed after that.

BEHEADED BY A LOCOMOTIVE.

The Body of a Man found on the T., G., and B. Minus the Head.

SHELBURNE, Dec. 22.—The driver of the Toronto, Grey, and Bruce train which arrived this morning from the North noticed, through the mist, an object on the track, a short distance west of their station. He whistled down brakes and the train was brought to a standstill. On going back the officials were horrified to find the body of a middle-aged man lying on one side of the south rail, and his head on the other. The body was mangled considerably, and on examination it was found to be cold and stiff. It is presumed that deceased was struck by the express going north last night and killed. The remains were gathered up, placed on the train, and brought to Shelburne station, where it is probable an inquest well be held. It has been ascertained that the man's name is King.

FROM ALL OVER.

MRS. GARFIELD has been elected the first honorary member of the New Shakespeare Society of London, "as a slight tribute of admiration for the loving devotion shown by her during the long and painful illness of the late President.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

WALT WHITMAN, praises Emerson as the "truest, sanest, most moral, sweetest literary man on record—unsoiled by pecuniary or any other warp—ever teaching the law within—ever loyally out-cropping his own self only—his own poetic and devout soul.

FROM the *steady, firm* and *regular* beat of the *Heart*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the *Heart*.

RUSSIAN railroads and sugar refineries are disusing the Ostrian and Carwin coal and buying English coal. It seems the Russian vessels, after carrying cargoes of produce to England, find it difficult to find anything to take home, and so they offer to take coal at a very low rate rather than ship ballast.

"THEY said I had the inflammatory rheumatism," observed Mr. Michael Redding, 326 S. Fifth, Street, Philadelphia, Pa., "and I thought so myself from the way my foot began to swell and pain me. The suffering was terrible. Finally, after using many so-called specifics, I applied St. Jacobs Oil, and a cure was made wonderfully soon.

THE Harbor Trust at Swansea recently gave the Princess of Wales a magnificent chatelaine, ornamented with fine diamonds, torquoises and enamel, with devices of the rose, thistle and leek, for England, Scotland and Wales, carrying compass, scissors, scent bottle, and other articles, the whole making a most queenly decoration.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

A woman who carried around milk in Paris said a naive thing the other day. One of the cooks to whom she brought milk looked into the can and remarked with surprise: "Why there is actually nothing there but water!" The woman having satisfied herself of the truth of the truth of the statement, said: "Well if I didn't forget to put in the milk!"

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

A few days ago a large meteoric stone, which seemed to have come from a point in the Hautler directly over the mountains on the Savoyard side of the Laste, fell with a tremendous report in the market place of Vevay, Switzerland. It was sufficiently large to have crushed any house upon which it might have chanced to alight.

DISEASE IN BARN YARD STOCK Cannot possible obtain where Harvell's Condition Powders are mixed according to the printed directions, with their feed. All animals and poultry derive benefit from these great specifics, in both weight and prolificness. No stableman, farmer or poultry grower, is safe without them.

Henry Labouchere's paper called *Truth*, was one of those which sturdily belabored professional beauties, so that it was somewhat strange to see Labouchere's wife, who was an actress, acting as stage chaperone to the "Jersey Lily" when she made her "first appearance on any stage" at a recent entertainment given for charitable purposes, in the suburbs of London.

MR. W. LACHLAN has been working a sewing machine with a secondary battery, and has become enthusiastic regarding the future of that source of stored energy. In a recent address he held that it is only a question of time when the secondary battery will be generally employed for traction purposes. He made a calculation showing that the cost of propelling a street car by a battery is one-third less than if the same work were done by horses, and he did not take into consideration the $200 of capital sunk in the purchase of each horse.

ON her death-bed, at Santa Barbara, Cal., twenty years ago, Mrs. Blanco gave $20,000 in trust to her most intimate friend, Mrs. Del Valle, charging her solemnly to keep its possession a secret until Marie Blanco, then a baby, became 21. Mrs. Blanco had no faith in banks or wills, and died satisfied that her daughter would receive the treasure, which was in the form of diamonds. Miss Blanco was recently married on her twenty-first birthday, and among the wedding presents were the diamonds. Mrs. Del Valle had kept the secret from even her husband.

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible'" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousands who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

RESTORED TO HIS USUAL HEALTH.—From James Mitchell, a well known manufacturer at Springfield, Vt.—"Several years ago I was attacked with a severe lung difficulty, which was quite alarming. I had severe night sweats, and all the premonitary symptoms of consumption. After having tried several remedies and the skill of physicians without benefit, I was induced to use Wistar's Balsam of Wild Cherry, the first bottle of which afforded immediate relief: and a continuance of its use soon restored me to my usual health. For twenty-five years past it has never failed to afford entire satisfaction in all cases of colds, or any throat or lung difficulties. I know of no medicine its equal." 50 cents and $1 a bottle. Sold by dealers gengrally.

All our Druggists now heartily endorse the amazing success of MACK'S MAGNETIC MEDICINE, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

As an ounce of prevention is better, they say
Than a pound of the best sort of cure,
Let us keep our teeth and gums from decay,
And our mouth and our breath fresh and pure,
For a bottle of Sozodont is all we require,
To speedily realize all we desire.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion. Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2d1w-1y

St. JACOBS OIL

TRADE MARK.

THE GREAT
GERMAN REMEDY.
FOR
RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

Directions in Eleven Languages.

ZOPESA.
(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

What will the Weather be To-morrow?

The Best Field
FOR
EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

For pamphlet and maps, descriptive of country, its resources, climate, route of travel, rates and full information, address

HENRY, JOHNSONS & LORD, PROPS., MONTREAL.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to disappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

CHRISTMAS GOODS!

B. MORROW.

Daily Evening Review

SATURDAY, DECEMBER 24, 1881.

LOCAL AND MUNICIPAL.

Municipal Elections.

Notwithstanding the fact that Monday next will be a legal holiday, the nominations for mayor and councillors will take place on that day, and the polling, if any is required, on the following Monday, January 2nd. At 10 o'clock a.m., the nomination for mayor will take place at the Council Chamber, and at 12 o'clock, noon, the nominations for councillors for the various wards will take place as follows:—

First Ward	Mission School House.
Second Ward	Council Chamber.
Third Ward	J. Irwin's dwelling-house.
Fourth Ward	Wm. Lee's shop.

Although there is some talk of opposition in the 2nd and 3rd wards, still we are inclined to think that the gentlemen who are spoken of as probable candidates, in opposition to the present members, have no desire to secure places at the Council Board.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

The Weather.

Last night is thought by many to have been the coldest experienced this season. A remarkably cold and sharp wind blew all night long, but moderated greatly during the early hours, and to-day has been fine and warm, more particularly when the season is considered. To-morrow is Christmas and still the ground is destitute of the slightest vestige of snow, and instead of going for a cutter drive, the probabilities point to a boat ride. This will be without any doubt the "greenest Christmas" on record for many years, even beating that of 1878. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes. Winds mostly south and south-west, fine weather, rising temperature, very mild to-morrow.

Peterborough's Liability.

We find the following paragraph in the report (which was adopted) of the Committee on Roads and Bridges, to the Victoria County Council which is now sitting at Lindsay:—

"Your Committee have examined the tenders and all papers relating to the construction of the new bridge over the Burnt river at Kinmount, the contract price of which was $2503.00, exclusive of printing, engineers and committeemens' expenses. The liability of the county of Peterborough towards the cost of its construction has not yet been determined. As the county of Peterborough has failed to appoint an arbitrator in the matter as the law directs, we recommend that a by-law be passed authorizing the Warden to apply to the Lieutenant Governor to appoint an arbitrator on behalf of the county of Peterborough as the law provides in such cases."

No Issue.

The Lieutenant-Governor of the Province, in his wisdom, having declared Monday next, the 26th of December, a public holiday, and having requested the inhabitants to observe it as such, as good loyal subjects, we have come to the conclusion to do so, and in order to allow the staff to have some recreation, the DAILY EVENING REVIEW will not make its appearance on that day, but on Tuesday evening it will appear as usual, giving the latest news from all parts of the world, and in conclusion we wish all our friends and readers, a Merry Christmas, Happy New year and the compliments of the season.

Personals.

Messrs. C. S. Wallis, Wm. Sherwood, and Walter L. Orde, late of the North-West Indian Department, all of Winnipeg are here for the holidays. We also learn that quite a number of others are expected from the same city.

Mr. Robert Hamilton, formerly of Peterborough, now of St. Paul, Minnesota, is here on a visit. He has been away for a number of years.

Messrs. George and Benjamin Ostrom, now travelling for two Chicago houses, are here for Christmas.

Correction.

In a local paragraph in the EVENING REVIEW of Friday we inadvertently said that Mr. Rutherford had the contract for fixing up St. John's Church. The fact is that Mr. D. Carlisle has the contract, while Mr. Rutherford is doing the carpenter work. As we said before the work gives the very best satisfaction and therefore Mr. Carlisle is entitled to receive his due share of the credit.

Christmas Beef.

The display of Christmas beef to-day was one of the largest and best ever made in Peterborough. All of the butchers showed magnificent animals and the shambles were crowded from an early to a very late hour. Owing to the great pressure in our columns we are compelled to hold over an extended notice, until next week.

For Military Men.

The major-general of the militia warns the militia against any breach of discipline, and gives notice that the services of the officers of an Ontario battalion have been dispensed with, owing to their having held a meeting contrary to the orders of the commanding officer.

An Animated Sandwich.

Mr. James Dolan's animated sandwich, who paraded the streets to-day, proclaiming to the people that Jim was selling off below cost, caused considerable merriment, and no doubt, drew many of the customers that thronged the shop all day.

For Christmas.

From the large number of familiar faces that one sees on the streets these days, it would appear that almost every man, woman and child, who ever left our town for years, had returned to spend the holidays in the "plate glass city." There's no place like home.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

Business.

The remarkably fine weather drew an immense number of people into town to-day, and from an early hour business in all lines was brisk, the majority of the larger stores requiring the assistance of extra clerks.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

☞No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs nevers fails to cure nervous exhaustion and all weakness of the genative organs, See advertisement in another column.

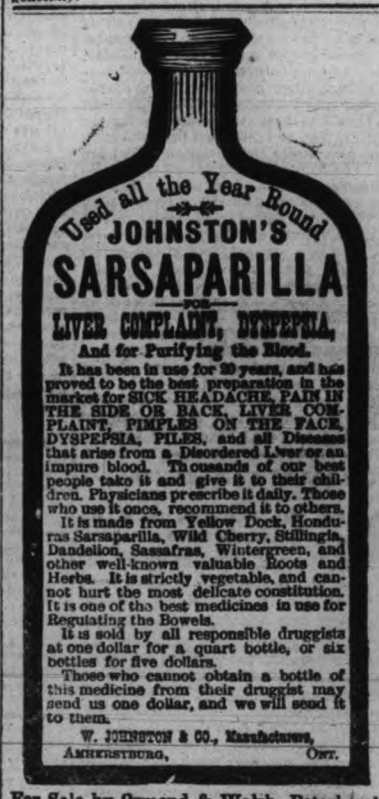
SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.



LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC, strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

For Sale by Ormond & Walsh, Peterboro'.

Daily Evening Review

TUESDAY, DECEMBER 27, 1881.

CANADIAN TELEGRAMS.

BEAVERTON.

Special to the Review Dec. 27.

THIS MORNING the stables, sheds and outbuildings of the Hamilton House were destroyed and the hotel damaged by fire. The buildings were owned by Wm. Hamilton, loss $3,000. W. D. Watson, proprietor, loses about $500, partially covered by insurance.

TORONTO.

Special to the Review, Dec. 27.

JOHN MACDONALD & Co. have bought an additional frontage of fifty feet, at a cost of $19,000 and will build from Wellington to Front street. This will make these warehouses the largest in the Dominion.

FORTY PRISONERS were arraigned in the Police Court this morning, almost all being drunks. A fireman counted thirty-nine drunks passing.

CAMPBELLFORD.

GETTING INTO MOTION.—The *Herald* says that some new machinery of the new woollen mills, was put into motion for the first time, on Thursday last. The workmen are now busy putting up the shafting on the different flats; and giving the finishing touches to the interior of the building. The basement of the Music Hall is packed to its fullest capacity with wool, which is to be used for manufacturing woollen goods. Many thousand dollars' worth is stored there.

HALIBURTON.

GELLERY OF ART.—*The Warder* says that Mr. Frank Crawford is building a photograph studio, opposite the post office, which he intends to have ready by Christmas.

A Christmas Present.

NORWICH, Ont., Dec. 23.—Yesterday and to-day witnessed the greatest show of poultry ever exhibited in South Oxford, at the close of which the largest turkey, weighing about forty pounds, was sold by public auction in the hall, the bidders representing Sir John Macdonald and Hon. Adam Crooks. After a spirited contest the turkey was knocked down to W. R. Brown for Sir John Macdonald, and will be expressed tomorrow for Sir John's Christmas dinner.

MIDNIGHT TELEGRAMS

TO OUR READERS.

Owing to the great stress on our columns to-day we are obliged to leave over considerable telegraphic and local matter, but we will endeavour to make up for it during the week. A very full report of the nominations yesterday will be found on another page.

CABLE.

MORMONISM.

LONDON, Dec. 26.—Mormon missionaries held a conference here to-day. Mormonism in London has been unsuccessful, but many converts have been made in the provinces. It is proposed to take converts to Utah early in 1882. Some elders will remain to proselytize and a number return to Utah. Fifteen hundred converts have been made in England since August.

EMIGRATION TO AMERICA.

BERLIN, Dec. 26.—The emigration in 1882 promises to become more colossal than in 1881. Fourteen thousand tickets have already been taken for transportation by vessels leaving Bremen for America in the spring. An almost equal number of emigrants will go from Hamburg.

THE RING THEATRE.

VIENNA, Dec. 26.—The Emperor Francis Joseph has purchased the site of the Ring theatre, recently destroyed by fire, for the purpose of building thereon at his own cost a charity school and chapel of atonement, in which a requiam mass will be celebrated yearly for the victims of the fire.

THE EVENT OF THE YEAR.

LONDON, Dec. 26.—The Bev. John Davies, who preached yesterday in the Chapel Royal, St. James' palace, said:—One of the events for which the present year would be memorable is the appearance of the revised Testament. The eager demand for the work among the Anglo-Saxon community was an exceptional event in history. The greatness of the future of nations belongs to the Republic of the United States, and it was there the work was awaited with the most universal impatience.

THE POPE'S POSITION.

ROME, Dec. 26.—The Italian Government is considering the question of more efficaciously guaranteeing the liberty and independence of the Pope in Rome, in order to prevent all foreign interference tending to give the law of guarantees an international character.

SCARLET FEVER.

LIVERPOOL, Dec. 26.—Scarlet fever is increasing in Liverpool at a threatening rate, and is assuming an unusually malignant form. During the week ending December 17th 244 cases were reported, and 64 deaths occurred. The record for the week ending Saturday is not fully made up, but it will probably approach 300, and the number of deaths 82, of which 52 occurred in tenement houses. On Saturday 17 persons died from the same cause, on Sunday 9, and to-day 17.

TRIAL OF NIHILISTS.

ST. PETERSBURG, Dec. 26.—The Czar has decided that twenty three of the recently arrested political criminals, believed to be the leaders or principal members of the terrorist party, shall be tried together before a special sitting of the Senate, at which the representatives of the local communal assemblies will be present.

THE JEANNETTE.

ST. PETERSBURG, Dec, 26.—To arrive at the mouth of the Lena the boats of the shipwrecked Jeannette must have passed between NewSiberia and the land of Fadiescoi, which is inhabited only during the summer by nomads, who arrive at the close of the winter in sleds drawn by dogs. Further on in her course was L'isle Petite and the Island of Stolbaubi. The distance is about five hundred miles from the locality of the shipwreck to the mouth of the Lena. These mouths are situated in the most dreary and desolate part of the confines of Northern Siberia. The whole coast was last visited and described by Lieut. Pierre Angou in 1823. Previous to that the vast regions, occupying a distance of hundreds of miles along the coast, were explored in 1735 and 1736 by Lieut. Proneschischeff, and at the furthest extremities by Lieut. Demitre Lapteff in 1739. The place where boat No. 1 landed is situated between the graves of Lieutenants Diemty and Lupef. The place where No. 3 landed is situated beyond the grave of Lieut. Lassins, who perished in 1735 with thirty-five of his companions, and that of Lieut. Proneschischeff and his wife, who perished in 1736. From this point to Yatutsk the distance is more than a thousand miles, through a desert country completely desolate of population.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

AMERICAN.

CLAIMS ON PERU.

NEW YORK, Dec. 27.—A Washington special to the *Tribune* says that the Chillian Minister has issued a pamphlet criticising the resent correspondence published by the State Department respecting the alleged claims on Peru owned by the Peruvian Company, and argues that both claims are visionary, not to say fabulous. The Minister says that these claims do not in any way concern Chili.

EXTENSIVE FIRE.

BINGHAMPTON, Dec, 27.—Chas Woodruff's machine shop was damaged by fire yesterday to the amount of $50,000.

LUCKY "BEARS."

NEW YORK, Dec. 27.—The *Times* publishes nine columns of alleged details of "bear" operations by means of which three prominent capitalists acquired at small cost to themselves the control of the elevated Railway system of the city.

A YOUNG WRETCH.

READING, Pa., Dec. 27.—Adam Froubeies, a boy has been arrested for wrecking a train some months since at Leonardsville, on the Schuykill and Lehigh railway. The fireman was killed and several others narrowly escaped. The boy's motive is unknown.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples!

"There was a sound of revelry by night."
And joy unmixed had added its delight,
And history graved its grateful record when
The Esterbrooks brought out their Falcon Pen.

FROM ALL OVER.

DEAN Stanley will have a memorial in the chapel at Rugby, as well as in Edinburgh and Westminster Abbey.

A CHURCH in Dundee, Scotland, has a telephone attached to the pulpit for the benefit of invalids who cannot come to church.

A New bell for St. Paul's cathedral, London, the largest bell in the Kingdom, has been successfully cast. Its weight is 17½ tons.

AN Englishman who has just paid $8,000 for a copy of the Latin Bible, can't read it, and has a good excuse when his pastor prods him up.

PENNSYLVANIA has a law requiring that bequests for religious purposes must be made, to be valid, not less than thirty days before death.

ROYAL receptions in England will hereafter, in accordance with the practice of European courts, include invitations to Cardinals Manning and Howard.

DOWN South young clergymen do not now receive so many pairs of worked slippers as formerly. Higher art comes in, and the preacher may expect more painted jugs.

The Cincinnati Southern Railroad's cashier E. L. Loweree, Esq., was cured by St. Jacobs Oil of a most stubborn case of rheumatism which would not yield to physicians' treatment. It cured him in two days.

DR. COURTNEY, of Chicago, in a recent sermon, expressed his regret that the use of incense, so expressive in its symbolism, was dropped after the Reformation from the ritual of the Episcopal Church.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

THERE is an incorrigible little darkey down in Washington, Ga. He is 9 years old, and is known as a horse thief, as well as being willing to steal anything else. His mother has tried to reform him by whipping him for the first half of the day, and hanging him up in a bag and smoking him the other half, but the inhabitants of Washington despair of his being a trustworthy citizen.

DISEASE IN BARN YARD STOCK Cannot possible obtain where Harvell's Condition Powders are mixed according to the printed directions, with their feed. All animals and poultry derive benefit from these great specifics, in both weight and prolificness. No stableman, farmer or poultry grower, is safe without them.

THE German police have had a considerable increase in their multifarious duties. The Socialists in Switzerland adopt every kind of device to circulate their papers in Germany, and of late have sent them as business circulars, stamped with the names of eminent firms, who to their disgust, now find all their letters and circulars examined by the Imperial police. Another plan was to send them in hermetically sealed cans as condensed milk. This has only had the effect of seriously crippling the legitimate trade.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution. It is an excellent substitute for wine or brandy where a stimulent is needed. Sold by all druggists.

It seems that at least one negro minstrel cannot be fanny when he is sad. Andy Callum was engaged in Leavitt's company. "Instead of performing in his usual hilarious style," says the *Clipper*, "his broad minstrelsy assumed the air of the converted Bob Hart style. Upon being approached by Leavitt to ascertain his want of usual vim, he explained that his mind was greatly troubled about a little real estate of his that is the subject of litigation. After affording him another chance to recover his former spirits, it was found that he grew no funnier, and Leavitt had no alternative but to terminate his engagement." A law suit is to follow.

IT is reported in Washington that Mrs. Garfield has frequently spoken of one feature above all others in the President's treatment that she regretted most. That was the fact that the President was never allowed to talk about the danger of death, or to speak as he would have done had he been allowed to think that he was going to die. Whenever he broached this subject he was stopped in his talking, and diverted from it by admonitions "not to lose courage." Mrs. Garfield says that often she wanted to talk to the President upon matters about which it was almost imperative that there should be conversation before he died, but she restrained herself, and the President passed away without her having that opportunity.

Explosion at an Iron Mine.

KINGSTON, Dec. 22.—Yesterday morning between three and four o'clock o'clock an explosion of a five pound package of dualine occurred at Robertsville Iron Mine, doing much damage. At that hour a man nam named Wilson went to the stuff, when he detected signs of an explosion, and, rushing out, fell into a trench just as the explosion occurred. The charge of flying timbers, earth, etc., passed over him, and he was saved. The concussion, however, stunned him and he may not recover. The shock was felt half a mile away, at Robertsville, shaking the houses and waking sleepers. The men working in the mine, some 100 feet down, felt the shock, which put out their candles, and all was in darkness. The engine-house was slightly injured.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds. TUESDAY, DECEMBER 27, 1881.

MUNICIPAL ASPIRANTS.

A LIST OF THOSE WHO ARE EAGER TO GUIDE THE DESTINIES OF OUR TOWN.

Mayor Smith Returned by Acclamation—A Full Calender in Each of the Four Wards—Some New and Good Men Proposed—Everything Remarkably Quiet.

"There's many a slip 'twixt the cup and the lip" is an old saying, and when applied to the nominations on Monday the truth of the old adage is amply proved. For many years things were never so quiet before nomination day as they were this year, and in spite of the above fact and that so little was heard on the streets regarding intending candidates, the list of nominations is up to that of any former year and in every instance the new men proposed are good men and worthy to take seats at the council board. As will be seen by the list of nominations all the old members seek re-election, and as they have managed the affairs of our town in such a creditable manner, unless we are very much mistaken, the new members will find before the day of election that they have a herculean job on hand to overthrow the present occupants of the seats below the Mayor's chair.

THE MAYORALTY NOMINATION.

At 10 o'clock Mr. C. D. Macdonald, Clerk and Treasurer, returning officer, announced that in accordance with the provisions of the statute he was prepared to receive nominations for the office of Mayor, for the year 1882.

MR. H. H. SMITH. was nominated by Mr. Wm. Logan, and seconded by Mr. John Lynch.

The hour for receiving nominations having expired without any other candidate having been nominated, the returning officer declared Mr. H. H. Smith elected Mayor for the the year 1882 (applause).

From 10 to 11 o'clock ratepayers came straggling in, and by the time the declaration was was made, about forty were present.

MAYOR SMITH upon rising to speak was received with applause. He returned thanks to the gentlemen who had nominated and seconded him and to the ratepayers generally for the confidence they had reposed in him by re-electing him to the high and honorable position of Mayor of the town. In accepting the nomination last year he said "I shall endeavour to forward the interests of the town to the best of my ability and by every means in my power, without looking for any reward, than the approbation of my fellow ratepayers," and he thought that his return by acclamation this year showed that the people at least, thought he had done so. At the present stage he thought it would be well to review some of the principal actions of the council of the present year in order to show that he had been mindful of the people's interests.

THE TORONTO AND OTTAWA RAILWAY.

With regard to the Toronto and Ottawa Railway, they knew that at the beginning of the year the company gave notice that they intended to apply at the then coming session of the Legislature for an Act to keep all the bonuses good, that have been granted to the company, whether the time for commencing work had expired or not. The town's interests would have been greatly jeopardized if any such act was passed and a committee consisting of Messrs. Dennistoun, Stratton, Bertram, and the speaker was appointed to proceed to Toronto at once, and look after the town's interests. They had a hard fight, but the members of the Railway Committee took the same view of the question as the deputation did, and in consequence the application was thrown out and the town thus got rid of the payment of $150,000. They must all remember that at the time the bonus was granted, the town had no railway service worth speaking of, the Midland then being under the control of Mr. Hugel of Port Hope, but shortly afterwards Mr. Cox took charge, and at once afforded Peterborough excellent accomodation. We have been well served ever since, and thus it was seen that we would get along by granting a much smaller bonus.

MARKET TOLLS.

The matter of the abolition of market tolls also came up early in the year, and it was at once seen that if the act passed, a good source of revenue would be practically wiped away. The Act provided that towns who adopted a free market, could make all farmers proceed to the market place, but if tolls were charged they could not compel any person to proceed there, and the farmers could dispose of their produce just wherever they saw fit. There was a meeting of the mayors of the various towns and cities of the province, called at Toronto, and himself and the Clerk was appointed to go to that city and see what could be done to prevent the passage of the Act, as it was thought unfair that the Government should interfere with the town's management of their own affairs. Upon arriving they found that the Government was bound to push the Act through, and all they could do was to make suggestions. The Act was dropped for one Session, but a provision was made that tolls could only be let for one year, or until the 1st of March next. With regard to this question, people differed, some holding that a free market would benefit us greatly, by bringing a larger number of people here, while others held a contrary view. He did not hold a decided opinion but thought it advisable to try a free market for one year and see how it would work.

THE PARK QUESTION.

The property, commonly known as the old Burial Ground, used by the Agricultural Association, was granted to the town and county jointly, when we were in the old Newcastle District. The lease expired on the 1st of December, instant, and on and after the 1st of January next, the care of the ground, to be used as a park, devolved on the town. He and others thought it wise to sell the property, and with the proceeds purchase some other place, suitable for a park, agricultural grounds, cricket and lacrosse grounds, etc. There was a difference of opinion regarding the matter in the Town Council although the County Councillors agreed that the plan was a good one. The question was an important one and would have to be dealt with by the incoming Council.

OUR FINANCIAL AFFAIRS.

He then gave the following figures showing our financial status for the last nine years:—

STATEMENT.

Yr.	*Assm't*	*Expend.*	*Rate.*	*Deficit.*	*Surp.*
1873	$1,988,859		12	$5,284	
1874	2,134,125	$47,570	15	6,418	
1875	2,540,343	65,707	10½	16,395	
1876	2,509,250	54,804	11½	12,987	
1877	2,533,315	37,040	14		$1,319
1878	2,639,352	45,471	13-3-10		3,149
1879	2,557,975	41,915	13-3-10		3,681
1880	2,432,870	40,379	12		2,500
1881	2,554,245	38,820	11-1-10		1,429

Total deficiency, '73 to '76....$41,048
" surplus, '76 to '82..... 12,079
Expenditure, 1876.....$54,804 deficiency of....$12,989
" 1881..... 38,820 and surplus.....2,000

$15,984

The following figures show the rates for the current year in the places named. The average is over 17 mills, thus showing that our rate is not only below the average, but also considerably below any of the places given:—

Guelph	20 mills.
Port Hope	20 "
St. Catharines	17½ "
Wingham	17 "
Kingston	16 "
St. Mary's	15 "
Belleville	15 "
Brantford	15 "
Cobourg	20 "
St. Thomas	15 "
Goderich	17½ "
Mitchell	20 "
Collingwood	20 "
London	17 "
Lindsay	15 "
PETERBOROUGH	11 1-10 "

A deficiency of $20,000 is carried over.

The following table shows the estimates and expenditure for the year 1881:—

Service.	*Statement Estimates.*	*Stateme't Expend.*	*Savings in Expend.*	*Excess in Expend.*
Ad. jus.	$3830 00	$3659 75	$170 25	
Assts.	1130 00	1149 35		19 35
M. Gov	1245 00	1245 00		
F. Dpt.	1700 00	1277 73	422 27	
Charity	1200 00	1195 73	14 27	
Gas	1900 00	1765 70	134 30	
Interest	200 00	129 00	71 00	
Law Ex.	200 00	107 44	92 56	
Miscl.	800 00	708 32	91 68	
Printing	300 00	204 04	95 96	
Refund	100 00	125 43		25 43
Rent	650 00	650 00		
St. Bgs.	7055 00	6818 52	236 48	
Staty.	100 00	44 30	55 70	
Spl. Gts.	450 00	350 00	100 00	
	$20860 00	$19430 31		

Leaving a surplus of $1429 69.

The Treasurer had prepared all the figures given above and all could depend on them as being correct, as he was a thorough accountant and never made mistakes, especially in figures. Some assets, such as the $75 received from the circus had had not been put in and he felt confident that at the end of the year the surplus would be $2,000 or over. Of course he did not know what matters next year's council would be called on to deal with, but he would use every endeavour to keep the expenditure down to the lowest point.

WORKSHOPS.

The question of the location of the workshops of the Midland Railway of Canada, would probably come up next year, but he did not know in what form. Port Hope and Lindsay would use every endeavor to obtain them and we must not be behind. If they were located here, it meant the employment of 300 or 400 hundred skilled mechanics, quite a large addition to our taxpaying population and the greater portion of whose earnings would be spent in our town. Great endeavours should be made to secure their location here, and for his part he would leave no stone unturned to secure that end.

SPAULDING'S BAY.

As all knew the town suffered very much from an epidemic during the present year. People differed as to the cause of it, but no doubt Spaulding's Bay was to blame for at least some of it. The property was granted to the town on condition that they filled it in, but such had not been done. He was in favor of filling it in, and thought that the town should do so in justice to the people residing in that vicinity. A portion of the work could be done next year and the rest after that. The land could then be disposed of to good advantage and the town thus reap a benefit.

LITTLE LAKE.

He had communicated with the authorities at Ottawa, with regard to the dredging of the Little Lake, and had received a reply that the engineer would be asked to furnish a report. The report had not yet been handed in, so that nothing could be done at present.

EXTRA POLICEMEN.

The question of extra policemen was one that would no doubt come up, owing to the recent murder on the front street at an early hour, and the loud calls of citizens in different portions of the town for more police protection. The present officers do their arduous work well, but as the chief is also Street and Bridge Inspector he is able to devote but a small portion of his time to police duty. P. C. McGhee is also a good, efficient officer, and can always be had at all hours of the day and night. The question of putting on regulars or special men would be the one to be decided hereafter.

In conclusion he again returned thanks and resumed his seat amid applause.

The proceedings then terminated.

FIRST WARD.

A meeting of the electors of the First Ward was held at the Mission School House, Mr. Joseph Lundy acting as deputy returning officer. Quite a number were present and Spaulding's Bay was the chief topic of conversation. The following nominations were made.

THOMAS CAHILL was proposed by John Corkery, seconded by George Taylor.

JOHN MCNAUGHTON was proposed by J. R. Stratton, seconded by Patrick McNamara.

GEORGE TAYLOR was proposed by Patrich McNamara, seconded by Donald McDonald.

JOHN ALFORD was proposed by Frederick Winch, seconded by Samuel White.

JOHN BELL was proposed by Frederick Winch, seconded by Samuel White.

LEWIS SPRY was proposed by A. Williams, seconded by John Martin.

SAMUEL WHITE was proposed by John Corkery, seconded by John Patterson.

HENRY C. WINCH was proposed by John McGhee, Seconded by A. Williams.

Mr. Spry retired. A poll was demanded.

NO. TWO WARD.

A meeting of the electors of No. Two Ward was held in the Council Chamber, Mr. J. Irvine Davidson acting as Deputy Returning Officer. A considerable number of electors were present, but there was no speaking. The following nominations were made:—

WALTER PATERSON was proposed by Wm. Logan, seconded by Thomas Beavis.

THOMAS KELLY was proposed by Thomas Rountree, seconded by James Stenson.

A. P. POUSSETTE was nominated by Wm. Croft, seconded by Samuel White.

GEORGE CHAMBERLAIN was proposed by Wm. Logan, seconded by Stephen Payne.

ALEXANDER GRAHAM was proposed by Arthur Rountree, seconded by R. N. Roddy.

NO. THREE WARD.

A meeting of the electors of No. Three Ward was held at the house of Mr. John Irwin, that gentleman acting as Deputy Returning Officer. The attendance of electors was small, only about a dozen ratepayers being present. The following nominations were made:—

JOHN DOUGLAS was proposed by W. H. Moore, seconded by John Lynch.

EDWARD B. WILSON was proposed by John Lynch, seconded by John King.

W. H. MOORE was proposed by John McPherson, seconded by John King.

ARTHUR RUTHERFORD was proposed by Wm. Hamilton, seconded by John Douglas.

WILLIAM YELLAND was proposed by Jacob Dope, seconded by Arthur Rutherford.

A poll was demanded.

Mr. W. H. MOORE said the question of waterworks was a very important one, and he would like to hear Councillor Rutherford, as Chairman of the Fire, Water and Gas Committee, let the public know the present condition of affairs regarding the waterworks Company.

Councillor RUTHERFORD said he was prepared to answer any question that might be put to him by any ratepayer, and regarding the waterworks he said that he had a conversation with Mr. D. G. Hatton, the Solicitor for Mr. Gamble, who told him that Mr. Gamble thought the provisions of the by-law were too stringent, and that he did not feel like putting his money into it. That did not make any difference however, as local gentlemen had offered to take stock, and he had no doubt that the works would be completed by the time specified. Mr. Hatton had just returned from Ottawa, where he had seen the Chief Engineer, who would be here shortly, and that gentleman after looking over the plans and hearing the explanations given, had given it as his opinion that the project was a feasible one. Another thing that had retarded the work, was some difference between Mr. Gamble and Mr. Hilliard, M. P., from whose dam it was proposed to take the water. As the speaker understood it, Mr. Gamble wanted Mr. Hilliard to sign a bond guaranteeing to keep up his dam for a period of twenty years, but that gentleman, as he might reasonably be expected to do, declined to do any such thing. Mr. Hilliard however had told the speaker that the dam was a good one, and would last for twenty or thirty years. But after all, Mr. Dennistoun and some other gentlemen, interested in property across the river, had come to the rescue and all difficulty on that score was removed. A by-law had been passed extending the time for the commencement of the work until April or May of next year, and if work was not commenced then the whole by-law was null and void. As for himself he had always been in favor of waterworks and had worked hard to secure them both in and out of the Council, and he felt confident from the assurances that he had that the scheme would not fall through. He always declared and advocated that the town should build and control the works, as he knew there was money in them. He also took the same position regarding the gas works and said that the $2,000, which the town pays for gas yearly, would pay off the interest and the principal in the course of a few years.

Mr. W. H. MOORE said he would also like to hear the views of the other two old Councillors on this matter.

Councillar YELLAND favoured waterworks to protect George street, to be paid for by local taxation.

Councillor DOUGLAS would not favor the town building the works, as there would be a large staff of officials to keep up, who would soon eat up the surplus. He was in favor of the present scheme.

Mr. MOORE said he had no fault to find with the old councillors; except that they had not taken a firm enough stand when the all important subject of waterworks was under discussion. He wanted the ratepayers to know that he was in favour of any liberal system of waterworks that was proposed, but was rather afraid that the present scheme would fall through. He would favor a vote of all the ratepayers on the question, and thought a good liberal system would receive the support of a large majority of the electors.

NO. FOUR WARD.

A meeting of the electors of the Fourth Ward was held at the shop of Mr. Wm. Lee, that gentleman acting as deputy-returning officer. Very few electors were present and there was no speaking. The following nominations were made:—

JOHN J. HARTLEY was proposed by Thomas Menzies, seconded by James Donell.

CHARLES RICHARDSON was proposed by Thos. Menzies, seconded by Francis Mason.

THOMAS MENZIES was proposed by John J. Hartley, seconded by James Donell.

JAMES CLOTWORTHY was proposed by Henry Denne, seconded by John Armour.

HENRY DENNE was proposed by M. Fawcett, seconded by Wm. Armstrong.

A poll was demanded on behalf of each of the candidates.

ASHBURNHAM.

Reeve—John Burnham, M. P., returned by acclamation. Councillors—George C. Rogers, William Wand, Henry Calcutt, Richard Mowry, James Sullivan.

ENNISMORE.

Reeve—Daniel Costello, and Patrick Crough. Councillors—Jeremiah McCarthy, Robert Calvert, James Scollard, James Cavanagh, Patrick B. Sullivan, Cornelius O'Connors, John Flood. Martain Darin, Francis Moloney, Martain Leonard, John Donoghue, Timothy Murphy William Curtain, John Brick, John Young.

There is no excuse for suffering from CONSTIPATION and a thousand other diseases that owe their origin to a disordered state of the Stomach and Bowels, and inaction of the Digestive Organs, when the use of

DR. HENRY BAXTER'S MANDRAKE BITTERS

will give immediate relief, and in a short time effect a permanent cure. After constipation follows Biliousness, Dyspepsia, Indigestion, Diseases of the Kidneys, Torpid Liver, Rheumatism, Dizziness, Sick Headache, Loss of Appetite, Jaundice, Apoplexy, Palpitations, Eruptions and Skin Diseases, etc., all of which these Bitters will speedily cure by removing the cause. Keep the *Stomach, Bowels, and Digestive Organs in good working order and* perfect health will be the result. Ladies and others subject to SICK HEADACHE will find relief and permanent cure by the use of these Bitters. Being tonic and mildly purgative they PURIFY THE BLOOD by expelling all Morbid Secretions.

PRICE 25 CTS. PER BOTTLE.

For sale by all dealers in medicine. Send address for pamphlet, free, giving full directions.

HENRY, JOHNSONS & LORD, PROPS., MONTREAL.

Written for the Review.

CHRISTMAS.

Once more we hail thee Christmas Day,
But how old time is speeding;
Another twelve months past away
Since our last Christmas greeting.

Come Christmas, tell us o'er and o'er
The old, old loving story;
And teach our hearts from earth to soar
Up to the land of glory.

Lord let the brightness of thy love,
To clear our mental vision,
That we may prize the joys above,
And find our rest in Heaven.

Our rest in Heaven! O joyful thought;
To live and reign forever,
With Christ, whose death free pardon brought,
With Christ our risen saviour.

A brighter Christmas yet shall dawn,
When in the clouds descending,
The Lord shall to the earth return,
With all his saints attending.

Not to a lowly manger now;
To cruel grief and scorning;
But every knee to him shall bow,
That glorious Christmas morning.

A. H. R.

A HOSPITAL MISTLETOE.

"What is that faded branch?" you ask. A sprig of mistletoe. It is the token of our love.

"How sentimental!" you exclaim. No; it is not culled from the bough under which I kissed her. Ours was not a match of the common kind; it was not inaugurated with blind man's buff and kiss in the ring. "The mistletoe hung in the castle hall?" No, my friend, you are quite wrong. There were no merry guests going hither and thither under the treasured sprig of the mysterious parasite. "Tell you the story? I will. It happened in this wise:

I was the house surgeon of the Severnshire hospital. One autumn day a patient was brought into the accident ward. He was a gentlemen. No one in the town knew him. He was travelling through the country. In the high street of the city he had been thrown from his horse. When he was picked up he said:

"Take me to the hospital; I am a gentleman and will pay for attention; but I prefer the hospital."

So they brought him to us. He was very seriously hurt internally. George Gregory Newbold was his name.

"I don't live anywhere in particular," he said, a week after he was brought in. "I am a traveller; I have been in nearly every nation in the world. I can refer you to the Bank of England. I have property in Hertfordshire. I am very comfortable here, and thankful for the kindness you have shown me."

He was a handsome man, with a tender, sympathetic grey eye and a soft, musical voice. There was something about him which excited interest at once. It was an honest, open, candid face, with lines of care and trouble about the eyes.

"Yes, you are right, doctor," he said to me one November day, when he appeared to have rallied very considerably. "I have had a great deal of trouble; not the sort of trouble which usually knocks a man up—not money anxiety, nothing of the world's worry, in truth. Yet I have suffered tortures almost beyond endurance."

"Can I be of any service to you, Mr. Newbold, beyond the poor professional services, which it has been your misfortune to require here?"

"No, thank you, I think not. I often think I shall never recover. If I could see my sister again I could die happy as man can die, when death separates him from the only being whom he loves, and whose protecting hand she may need. I will tell you my story, doctor, you are a good man; I know that by your face, and by your great kindness to me, a stranger."

"I trust I should be none the less attentive to any patient," I said, "although I confess you have interested me much."

"You are very good," said Mr. Newbold; "heaven will reward you. When I was an infant my father died, and left myself and sister to the care of our mother. It is only doing the memory of my mother ordinary justice to say that she was as good as she was beautiful. She died ten years ago. For five years we lived in the old house, my sister and myself. We had no cares, no troubles; life with us was a continued summer; to make each other happy was our only anxiety. It had occurred to me more than once—many times, indeed—that Lucy might marry and leave me. I should have regretted this for myself, but not if it secured and perpetuated Lucy's happiness. One day—it only shows how blind we men are—Lucy told me she was in love."

"You are faint, Mr. Newbold," I said; rest awhile."

"No, no; I am stronger than you think," he said, smiling and waving me to be silent. "It was a young fellow who had often been to our house. I ought to have known. When Lucy told me, I could see how indiscrete I had been. He had neither friends nor position. I did not forbid the match, but I discountenanced it, expostulated with Lucy, and privately expressed myself in severe terms to her lover. If it were not that he believed Lucy would deeply feel his leaving her, he said he would go away, since I questioned his honor or his love. My selfishness was awakened; I urged him to go, implored him, gave him money; and he left Lucy to her brother in the old house that we had known from infancy. When Lucy discovered the cause of her lover's desertion, she upbraided me, called me cruel and selfish, and a month afterwards she was missing. I have never seen her since."

Here my poor patient fell back upon his pillow. I gave him a stimulant; and by-and-by when he looked up with his gray eyes, expressing an apology for his weakness, I confess to sensations and sympathy which I had never before felt.

"I thought I was stronger," he said; "pray forgive me. Let me finish my story; it will do me good to tell my troubles. I would give the world to see her once more, for the sake of my poor, dear mother, who loved her so much. I found traces of her. She had had a letter from her lover bidding her good-by for ever. It was believed he had enlisted for a soldier. A detective officer whom I employed fancied he traced him to India. His name was not to be found on the list of any regiment at home or abroad.

"This is the story of my life; this is the story of my wanderings. I am in search of my sister, in search of them both—Lucy and her husband. I have forgiven them long ago. What right had I to stand between her and the man she loved? Heaven forgive me!"

The season of Chritmas came, with its kindly thoughts, its Christian like feelings, its genial association. We always decorated the hospital for Chrismas eve.

The patients all seemed to get better in the presence of the little excitement of the time. Every ward had its bit of holly and mistletoe. The nurses rivalled each other in the making of festal wreaths. Friends of the patients brought in contributions from the country; winter evergreens from their little gardens, holly from rural hedgerows, and luxuries of mince pie and plum-pudding which it was hard to interdict.

There was some poor creatures whom nothing could injure. These had their beef and pudding, their pies and wine.

Poor Dr. Newbold, he was among those hopeless cases. But no friend brought gifts to lay beside his bed. He had thanked me, however, for a handful of mistletoe and holly, which I had hung up in his ward with my own hands, wishing at the same time all the good wishes of the season.

"I don't make a complaint, my dear friend," he said; "but I have a small request to prefer. I am very troublesome, I am sure, very; and it is very hard for my nurse not to have a change to some other ward. Will you find me another nurse—a woman with a softer voice, dear friend—a softer voice?"

He was very ill; he had grown weaker and weaker; his end was drawing near. She was a querulous but most reliable woman, the nurse attached to his ward. She had replaced an attendant wha had obtained leave to spend Christmas at home. Poor Newbold was sensitive, and the loud voice and somewhat demonstrative manner of the new woman jarred upon his nerves. I went to the matron.

"There is a young woman sent here through Florence Nightengale—a most respectable, kind looking person," said the matron. "She has only been here a week; but I don't doubt for a moment she will turn out to be the best nurse in the hospital. Shall I send her to you?"

"Thank you very much; pray do," I said. Send her up to the ward at once."

The Christmas bells were ringing; you could here the music wandering up and down the streets, carried hither and thither by the wind. Visitors had all left the wards for the night; the patients lay there listening to the melody of the bells, and thinking of other things; the light of the Christmas candles fell upon the dark leaves of the holly; here and there the white berries of the mistletoe reflected back the subdued glimmer. It is a sad picture, a hospital on Christmas eve; the shadows of the place seem so significant—such tender memories hover above the narrow beds.

The new nurse came into the ward while I sat there. It was a sweet face, as I saw it with the light upon it—a kind, sad, pitying face. Newbold looked at her curiously, as she entered Then he raised himself up suddenly, and before I hardly knew what had happened, he was locked in her arms.

"Lucy, Lucy, my dear, dear sister!" he was saying, his voice nearly drowned in the sobs of the woman whose face was lying upon his shoulder.

The bells appeared to be gathering new strength at that moment. It was the wind which brought the sound up close to the windows on its way down to the river.

"Thank God," I exclaimed; and my heart leaped with a strange joy. I felt like a child ready to weep. It was as if I had been reading some pitiful story. I walked out into the corridor, opened a window, and put my head into the frosty air. The stars crowded the sky, and the bell-music seemed to belong to their purity. I was never fit for an hospital surgeon: my feelings were always two little under control. When I went back into the ward she was sitting by his side holding his hand. His face was full of love and happiness. It was as if an angel had been there.

* * * * * * * * *

We buried him on New Year's day.

* * * * * * * * *

Her story is soon told. She lost her husband in the Crimea. After that she joined Florence Nightengale's band of nurses, and eventually came back to England. Providence sent her to the Severnshire hospital on Christmas eve—sent her that George Newbold's last hours might be solaced with her tender words and happy memories of the Christmas days that were gone. If it were not presumptuous to think that what befell afterwards were not accidental, I could fancy that some special consideration for the poor hospital surgeon also filled up the Providential design. The spring came, also the summer, and the stars shone once more above the bell-music that the wind carried down the river. If we had been young people, and without a chastened sorrow in our hearts the bells might have rung afresh in the summer that followed; for the house surgeon married the heroine of this sad story, and she sits by his side with her sweet sympathetic smile, while he tries to tell you, without faltering, the history of these withered leaves.

And now let us put back the Christmas treasure. If you will rummage over the contents of old cabinets, you must come upon skeltons. Close the drawer, shut down the ancient lid, look out through the western window, and yonder you may see the sun making a "golden se" behind the towers of the county hospital, in Sabrina's classic valley.

No Impossibility.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousauds who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

Restored to His Usual Health.—From James Mitchell, a well known manufacturer at Springfield, Vt.—"Several years ago I was attacked with a severe lung difficulty, which was quite alarming. I had severe night sweats, and all the premonitary symptoms of consumption. After having tried several remedies and the skill of physicians without benefit, I was induced to use Wistar's Balsam of Wild Cherry, the first bottle of which afforded immediate relief: and a continuance of its use soon restored me to my usual health. For twenty-five years past it has never failed to afford entire satisfaction in all cases of colds, or any throat or lung difficulties. I know of no medicine its equal." 50 cents and $1 a bottle. Sold by dealers generally.

All our Druggists now heartily endorse the amazing success of Mack's Magnetic Medicine, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

As an ounce of prevention is better, they say
Than a pound of the best sort of cure,
Let us keep our teeth and gums from decay,
And our mouth and our breath fresh and pure,
For a bottle of Sozodont is all we require,
To speedily realize all we desire.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

ST. JACOBS OIL
TRADE MARK.

THE GREAT
GERMAN REMEDY.

ZOPESA.
(FROM BRAZIL.)
The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to dissappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

B. MORROW.

Daily Evening Review

TUESDAY, DECEMBER 27, 1881.

LOCAL AND MUNICIPAL.

The Municipal Nominations.

The nominations on Monday passed off remarkably quiet, there being but very little stir about the polling places. This was a great contrast from last year when all was bustle and excitement, caused, probably, by the contest for the Mayoralty. As will be seen by reference to another page, all the old men are out again. In all probability the elections will pass off quietly too.

Personal.

In its report of an entertainment at Lindsay, in connection with a Baptist Church, the *Post* says that the Rev. Mr. Limbert gave a short address, as did also Rev. Mr. Stobo of Peterborough. The address of the latter gentleman was very practical, contained many good points and was delivered in his usual happy style.

Prorogation of Parliament.

An extra of the *Canada Gazette* contains a proclamation proroguing Parliament until the 9th of February next.

What Moses Says.

Moses Oates is the prophet now. He predicts a mild December, and says farmers will ...h between Christmas and New Years.

No. 1 Company.

...e will be ...re will be no drill this evening on account ...olidays. The company will meet as usual on ... Tuesday of next week.

Sudden Death.

We regret exceedingly the sudden demise of Mr. James Buller, for many years Baggage-master at the Midland Railway Station here, which sad event took place at his late residence Bethune street, at about 5 o'clock on Monday morning. For some days he had been ailing and upon consulting a physician he was informed that he was suffering from heart disease, and had better quit work for a time. Last Wednesday he obtained leave of absence and was about not doing anything, however, until the hour mentioned above, when he breathed his last. He was one of the stoutest, strongest and most robust looking men in town, and the very last that any person would expect to die so suddenly. He was one of the best known men in this section of the country, and was universally respected. He leaves a wife and child. His family have the sympathy of the public in their hour of trial. The funeral takes place on Wednesday next, from his late residence, corner of Charlotte and Bethune streets.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

Tea Meeting.

A tea meeting at Frazerville on Monday night took a large number of our people to that village. The entertainment was under the auspices of the Methodist Church congregation and was in every respect a complete success. We are pleased to learn that as a result a handsome sum will be added to the funds of the church.

Larceny.

Two young boys, whose parents reside in the southern end of the town, were taken in charge on Saturday night by P. C. McGhee, on suspicion of larceny. They were taken to the police station, but both stoutly denied the deed, and their names being learned, they were allowed to go, as the evidence against them was rather weak.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

Declines.

Mr. James Clotworthy informs us that he was nominated for Councillor in the Fourth Ward without his consent, and that he has no desire or intention to run for the position.

BALSAM LAKE.

SAD DROWNING CASE.—The *Warder* says that Mr. Henry Myers, of Balsam Lake, was drowned in the west bay of Balsam Lake on the evening of the 15th inst, as he was returning on the ice from Geo. Laidlaw's, and when within sight of his own house. On crossing over between three and four o'clock he went by the west shore, but on his return, the night being dark, he is supposed to have struck for the the light in his own house. When about half way across he broke through the ice in a weak spot. He appears to have made a desperate fight for life, as the ice was broken for a considerable distance around where he fell in. The body was found the following day at the same place in 25 feet of water by R. McNish and Mr. Laidlaw's foreman. The deceased leaves a widow and seven children. The funeral took place from the family residence to Riverside cemetery on Monday, and was followed by a large concourse of friends and acquaintances. The suddenly bereaved family have the sympathy of the entire community.

A WELL-SELECTED JURY.

The Shrewdness of an Arkansas City Lawyer—A Stolen Hog.

Down in an extremely rural district of Arkansas amd old man was arrested for stealing a hog. The proof was positive, and the court was surprised when the plea of not guilty was introduced. The lawyer for the defence, a man better known for his trickery than ability, seemed particularly desirous of selecting a jury that would not shew partiality in its decision. The prosecuting attorney, a young an inexperienced man, agreed to every juryman selected by the defence, and the judge, although he might have thought the defence stepped over the bonds of judicial courtesy, said nothing. The arguments were concluded, leaving on the minds of the people no doubt as to a verdict, for one of the witnesses, a man whose word no one could dispute, swore that he saw the defendent when he stole the animal. The jury retired, and, after a few moments, returned a verdict of not guilty, in exact opposition to the charge of the court.

When the court adjourned the judge approached the lawyer for the defence and remarked :—

"Look here, my friend, I never heard of such a verdict. I cannot, as an impartial disseminator of justice, allow so flagrant an outrage to be perpetrated on this community. That man is as guilty as Judas, but if you tell me the secret of the acquittal, I'll allow the verdict to pass."

"You see, judge, some of the jurymen were rather young and some rather old."

"Yes, but what does that signify ?"

"It signifies that I run in the old man's twelve sons on the jury."

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

The DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

Black Velveteens worth 65c. reduced to 50c.; Black Velveteens worth 50c. reduced to 40c.; Black Velveteens worth 40c. reduced to 27c.

Ladies requiring DRESS GOODS and BLACK VELVETEENS should first visit GIROUX & SULLIVAN'S, as they have the finest and best selected stock in Peterborough, which they are offering at 50 per cent reduction during the next two weeks.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

FROM the *steady, firm* and *regular* beat of the *Heart*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the *Heart*.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

NOW that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cents. 241wly

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs nevers fails to cure nervous exhaustion and all weakness of the genative organs. See advertisement in another column.

Daily Evening Review

WEDNESDAY, DECEMBER 28, 1881.

MIDNIGHT TELEGRAMS

CABLE.

THE FIRST PAYMENT.

ST. PETERSBURG, Dec. 27.—The first part of the stipulated money indemnity for the cession of Kuldja was paid to Russia by the Chinese Government three days ago.

THE CORONATION.

ST. PETERSBURG, Dec. 27.—Several court officials have been ordered to proceed to Moscow to make careful examination of all the costumes, the accessories which Russian tradition requires to be used at all the imperial coronations. This warrants the supposition that the coronation ceremony is to take place earlier than was expected, probably before the confinement of the Empress.

SURRENDER OF MERV.

ST. PETERSBURG, Dec. 27.—It is reported that Merv has submitted unconditionally to the Russians. Should this be confirmed, an important step in the advance of Russia to the east has been scored.

SUBMISSION OF INSURGENTS.

TUNIS, Dec. 27.—Gen. Logerot has obtained the submission of all the insurgent tribes except the Ouergamas, who are isolated on the Tripolitan frontier.

AUSTRIA AND ROUMANIA.

LONDON, Dec. 27.—Special despatches from Vienna agree in declaring that the difficulty between Austria and Roumania has been settled and the breach closed.

DOUBLE DUTY.

LONDON, Dec. 27.—A Dublin despatch says that the customs officials have contrived to double and treble the tax on many kinds of imported provisions, by taking the wrappers and labels as an essential part of the consignment, Thus American canned beef in tins is taxed as fine iron-wares.

THE LAND COURT.

LONDON, Dec. 27.—A Dublin correspondent says that appeals have been taken in sixty per cent of the land cases decided by the Assistant Commissioner and there are now on the Docket 300 appeals for hearing. The Chief Commissioners sit for the first time as an Appeal Court at Belfast on the 14th of January.

JUDGE COX SPEAKS.

WASHINGTON, Dec. 27.—His attention having been called to the criticisms of the press, Judge Cox said "I am aware that my course has been severely criticised, but I feel it would not be proper for me to say anything in reply. When the right time comes I shall be heard. It is charged that I have been too lenient with Guiteau, and that he has been allowed to have his own way too much. The last is true. It is the most remarkable case I ever heard of but it would not be right for me to seek vindication through the newspapers. I think in the end every one will be satisfied. It has been a most difficult case to manage.'

AFTERNOON TELEGRAMS

Press Despatches to the Review.

AMERICAN.

BUTTER AND CHEESE.

NEW YORK, Dec. 28.—The receipts of butter here during the past year were 1,560,000 packages, cheese 3,000,000 boxes and 300,000 cases.

COST OF THE TRIAL.

NEW YORK, Dec. 28.—The *Sun* says that the cost of the prosecution of Guiteau, not including witness fees, amount to nearly $100,000. The fees of witnesses on both sides, which the Government pays for, will probably be nearly as much more. Some of the experts charged very high.

HE WASN'T PARTICULAR.

SYRACUSE, N. Y., Dec 28.—Henry Lysault, prominent at the bar, and clerk of the town of Cornelus, has been arrested, charged by several of the leading merchants with larceny. At the prisoner's house were found articles of all discriptions, from a pair of diamond ear-rings to a keg of powder.

FRESHET AND FLOOD.

TROY, N. Y., Dec. 28.—The bells in the churches rang yesterday to warn the people on the low lands that the Hudson was rising and a freshet was imminent. The work of moving goods at exposed points has commenced. The water rose twenty inches in an hour and then the rain ceased.

A SOCIALISTS ORGAN.

NEW YORK, Dec. 28.—At a Socialist convention yesterday it was announced that the Socialists intend to start a daily paper here.

A DIVIDEND.

NEW YORK, Dec. 28.—The Manhattan elevated railway yesterday declared a quarterly divi of 1½ per cent on preferred stock.

FOR PERJURY.

NEW YORK, Dec. 28.—Daniel H. Stone, an aged lawyer, formerly a Methodist minister was sentenced at Brooklyn to three years for alleged perjury in reference to the disposition of money belonging to a lady client. It is claimed now that the evidence is false. It is thought that a new trial will be had.

A TREATY WITH MEXICO.

NEW YORK, Dec. 28.—The *World's* City of Mexico specials says that President Gonseau hae invited Romoro, formerly Mexican Minister at Washington and three times Secretary of the Treasury of Mexico, to accept the appointment of special envoy to negotiate a reciprocity Treaty of Commerce with the United States. Romoro will probably accept.

SMALLPOX.

NEW YORK, Dec. 28.—There are twenty cases of smallpox here against sixty-seven last year.

A CIRCUS MAN DEAD.

NEW YORK, Dec. 28.—John H. Murray, the well-known circus proprietor, died yesterday in his 53rd year.

AN OLD STORY.

NEW YORK, Dec 28.—Geo. W. Hunt, paying teller in the Importers' and Traders' Bank, is accused of embezzling $12,000. He has been discharged from custody, the directors having decided not to prosecute.

FREE CANALS OR NOT.

NEW YORK, Dec. 28.—A Washington special to the *Herald* says that of the new members of the coming Legislature, the following favour free canals:—Assemblymen Andrews and O'Brien. The following do not favour free canals:—Assemblymen Sheldon, Potter and O'Neil. Senator McCarthy says "I am in favour of either lower tolls or free canals, or some other plan that shall be more benificial to the people. Assemblymen Patten thinks that it would be better first to rid the canals of such a monopoly as the elevators allow under the present system, and many other existing evils. Assemblyman Benedict, who voted for the free canal resolutions says his constituents are divided on the question. He is of opinion that the canals are suffering more from the influence of railroad and insurance scalpers at Buffalo and New York, than from the evils of high tolls.

NINETEEN MEN KILLED.

WEST POINT, Va., Dec. 27.—A stevedore's gang yesterday was discharging the cargo of a steamer at West Point, and the gang went into the hold to take out barrels of kerorsene. An explosion occurred, blowing off the side of the vessel and setting the latter on fire. Nineteen persons, including four of the crew and nearly all the stevedoer's hands perished. Several others were badly hurt.

LATER.—Almost immediately after the explosion the forward part of the vessel was enveloped in flames. There was twelve colored men in the forward hole, all of whom were killed by the explosion or burned to death. Five other men jumped overboard and four were drowned. The steamer was cut loose from the wharf and drifted two miles. Everything combustible was destroyed, and the iron hull broken in two amidships.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me, as you observe."—*Cairo Bulletin.*

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

DISEASE IN BARN YARD STOCK Cannot possible obtain where Harvell's Condition Powders are mixed according to the printed directions, with their feed. All animals and poultry derive benefit from these great specifics, in both weight and prolificness. No stableman, farmer or poultry grower, is safe without them.

THE PERUVIAN SYRUP is an iron tonic, prepared expressly to supply the blood with its iron element. Being free from alcohol in every form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an iron constitution, It is an excellent substitute for wine or brandy where a stimulent is needed, Sold by all druggists.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

BOARD OF EDUCATION.

Nominations for Members of the Public and R. C. Seperate Boards.

PUBLIC SCHOOL BOARD.

The nominations for members of the Board of Education took place to-day in the various wards with the following result.

Ward No. 1—Mr. G. B. Sproule was elected by acclamation.

Ward No. 2—Mr. John McClelland was elected by acclamation.

Ward No. 3—Mr. Thos. Robinson was elected by acclamation.

Ward No. 4—Mr. Henry Denne was elected by acclamation.

SEPARATE SCHOOL BOARD.

A meeting of the supporters of the Roman Catholic Seperate School supporters was held at the Murray street school. Mr. John Corkery acted as returning officer and the following nominations were made:—

Ward No. 1—Mr. D. A. McDonald was elected by acclamation.

Ward No. 2—Messrs. Thomas Kelly and Dr. Hourigan.

Ward No. 3—Messrs. Dr. O'Sullivan and R. Mnncaster.

Ward No. 4—Messrs. Joseph Griffin and J.C. Sullivan.

Polling takes place on Wednesday next the 4th of January.

Peterborough Lodge A.F. & A.M.

On St. John's night the following officers of the Peterborough Lodge were installed for the ensuing year, by W. Bro. E. H. D. Hall, assisted by W. Bro. Boucher, W. Bro. Morrow, W. Bro. Belleghem, W. Bro. Toole, and W. Bro. Cameron:—

W. Bro. R. S. Davidson	W.M
W. Bro. W. Toole	I.P.M
Bro. W. Patterson	S.W.
Bro. B. Shortley	J.W
Bro. Rev. D. Harper	Chap.
W. Bro. D. Belleghem	Treas.
Bro. R. W. McFadden	Sec.
Bro. W. Menzies	D. of C.
Bro. D. Pentland	Organist.
Bro. Hugh Robinson	S.D.
Bro. Jas. Alexander	J.D.
Bro John Watt	S.S.
Bro. Thomas McFadden	J.S
Bro. W. Thompson	J.G.
Bro. Duncan Cameron	Tyler

After the installation, W. Bro. Davidson, on behalf of the officers and members of the Peterborough Lodge, presented to their immediate past master, W. Bro. Toole, the jewel and apron of a past master, reading the following address:—

To Worshipful Bro. Toole:—

DEAR SIR AND BROTHER,—The officers and brethren of Peterborough Lodge No. 155, G. R. C., being desirous of shewing you some mark of their respect upon your retiring from a position which you have held for two years, with so much pleasure and profit to the Lodge, and of tendering you some tangible proof of their hearty appreciation of the manner in which you have discharged your arduous duties as their Worshipful Master, have through a Committee appointed for the purpose, procured you a Past Master's apron and jewel. It is now my pleasant duty on behalf of the officers and members of this Lodge to present you with the same, along with earnest wishes that you may long be spared to enjoy as you do now the hearty good will and esteem of the brethren.

W. Bro. Toole replied in appropriate terms.

Professors Buell's Entertainment.

We desire to draw the attention of our readers to the grand exhibiton to be given in St. Peter's Roman Catholic Church, on Thursday evening next by Prof. Buell. The entertainment is received everywhere with the greatest of enthusiasm, and embraces views of the principal places in both contineuts, and is said to be the grandest series of illustrations ever exhibited in America. The following are a few of the many highly favoured press notices we have seen:—

"The European views could not be surpassed, and brought one back to the very localities illustrated.—*Montreal Gazette.* ° ° ° To see this exhibition, in fact, is to glean and garner up much of the instruction and pleasure of travel in foreign lands, without partaking of an atom of the trouble.—*Toronto Globe.* ° ° ° The evening's entertainment concluded with statuasy chosen amongst the principal works of the great masters. The change of light, from red to blue and green, produces the grandest effects we have ever witnessed, and the entranced spectators showed their delight by thunders of applause."—*Quebec Chronicle.*

A Large Funeral.

The funeral of the late Mr. James Buller took place this afternoon, from his late residence and was largely attended. About fifty of the employees of the Midland Railway—all that could get away from duty—and nearly all of the officers of the road were present.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Vennor Again

Although Vennor has made a sad mistake this year in his predictions, still his latest may be of interest. He won't speak positively about sleighing for Chsistmas, but says that the cold snap will come, and there will be skating at any rate, perhaps sleighing.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

"There was a sound of revelry by night,"
And joy unmixed had added its delight,
And history graved its grateful record when
The Esterbrooks brought out their Falcon Pen.

WILSON & DAVIS'.

Daily Evening Review

WEDNESDAY, DECEMBER 28, 1881.

It has been a favorite question with anti-N. P. journals for some time to ask: Where are those tall chimneys? We beg to refer such enquirers to the Montreal *Witness*, which says that "manufactories are springing up *like mushrooms, all over the country*," and what is more that "they will continue to spring up" under the evil effects of the "protective system."

While the *Globe* is busy denouncing the manufacturers for desiring to maintain the N. P. for their own selfish gain, its confrere and fellow-worker, the Montreal *Witness* in a recent article warns capitalists against putting their money into manufactories, inasmuch as "manufacturing is bound to be overdone" and "their product will be *cheapened by competition*" until they will be at an "ever-increasing loss." We should like to hear the *Globe* explain how, if, as the *Witness* says "manufacturies are springing up like mushrooms all over the country," and their owners are bound to be ruined through "over-competition," the people are going to be ruined by their extortions. They can't both be correct.

The Toronto *World* (Opposition) says:—

"This eternal whine about the sufferings of the Canadian farmer from the N. P. is becoming nauseating. There is no class of people in this or any other country less oppressed by legislative burdens than the farmers of Canada. If the N. P. has done them no good it has at least done them no harm, but we think it a self-evident proposition that it is impossible to build up towns and cities without enhancing the value of the farmer's land, and increasing the consuming power of his home market. The attempt to array class against class will fail again as it failed in 1878. There are tens of thousands of farmers who have voted for Sir John when they felt that he was wrong, and there are tens of thousands of others who believe that he is right upon this question. Why, the farmer escapes even the much-abused coal duty."

THE *Globe* announces that the Halifax sugar refinery is in financial difficulty, and that one of the causes which has led to this result is the fact that it "had produced much more than the market would take," and that it had been left with "a heavy stock of refined sugar on hand" in a falling market, both of which statements are rather inconsistant with the same paper's oft repeated statement that the N. P. was enabling a few sugar refiners to rob the people and amass enormous fortunes. If over-production has contributed to the non-success of Halifax refinery it must be obvious that the Canadian sugar market must have been overstocked for some months, and that during these months at least, buyers not sellers were the masters of the situation, and that the people are getting their sugar at if not below cost. So dies another of the *Globe's* imaginary grievances against the N. P.

NAME NOT PRINCIPAL.

The Montreal *Witness*, a reform journal, has a scathing article describing the position and prospects of the Liberal party in Quebec. It is "disposed rather to welcome than to regret the crushing defeat which it has recently sustained at the polls." We are told that "the people rejected it at the polls in the most emphatic manner," and that "the Liberals now find themselves in a hopeless minority in both the Local and Federal Legislatures, for five, probably ten or fifteen years." But the most striking discription of the situation is as follows:—

"Unless the Liberals can make up their minds to come before the people with some propositions of substantial reform, it will be impossible for them to detach the majority from the deminant party. The tendancy of the Liberal party is undoubtedly in the right direction, but so far it has proved recreant to its mission as a progressive party, and it has been, as it deserved to be, ignominiously repulsed at the polls. As a rule a party's aims are patriotic and unselfish in proportion as it is numerically small in a state, and it would appear that a condition of hopeless minority for some years to come will be the best for the Liberal party in Quebec, and ultimately for the interests of substantial reform."

This is a description by a friend of the position to which the Liberal party is reduced. It is true that the immediate application of these strictures is to the party in the Province of Quebec, but no one of unbiased mind can read the description without being forcibly struck with the aptness of the censure as applied to the so-called reform party throughout the Dominion.

The DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

THE CHRISTMAS MARKET.

The Largest of the Season—The Butchers to the Fore as Usual.

The market on Saturday was not only the largest of the season, but also one of the largest we have ever seen. The display of produce was something immense, and almost everything was of the best quality. The amount of poultry offered and disposed of was simply astonishing, and it must have seriously affected the sales of the butchers. For at least two hours the jam in and around the market house was so great that it was really impossible to move, while to get up or down the stairs was at times an utter impossibility, and the purchaser had to quietly watch his or her chance to get up or down.

THE BUTCHERS.

While the display outside was so fine, that inside was in the opinion of many judges, superior to any yet seen at Christmas.

MR. H. C. WINCH as usual heads the list, occupying two stalls to show his magnificant stock of beef, pork, mutton, lamb, veal, bear, venison, sausages, fancy meats, poultry, etc. He had everything in his line and lots of it, and all of the best quality to be obtained, for money or anything else. His show, handsomely decorated with gaily colored cloths, wreaths, rosettes and evergreens was a great centre of attraction, and made one stop and wonder. Huge roasts and joints lay around in profusion, and made one's mouth water in anticipation of making a hearty meal off one of them. His show was the largest that he ever had. all the animals before mentioned in our columns being displayed. The names of many residents of the town and surrounding villages were noticeable on the various quarters, denoting that they knew full well whereto secure a good Christmas dinner.

MR. N. LAPLANTE occupied the two opposite stalls, and displayed five extra fine beeves, in addition to the numerous etceteras to be found in every well appointed butcher's stall. The quality of the animals shown was excellent and judging by the number of customers passing in and out of his stall he did a roaring trade.

MR. F. W. HEATHER next claims attention. While his show was not as large as the others, he made up in quality what he lacked in quantity. He had several fine animals hung up that could not help but excite admiration.

MR. ROBERT WAINWRIGHT on George street, had undoubtedly the largest display in town, and all the animals were the best obtainable from the foremost breeders of this and adjoining counties. Mr. Wainwright has by energy established a large trade, and many people, knowing where they are well served, are looking to him for their supplies. His stall and meats were handsomely decorated.

Messrs. COE, WHITE and the other outside butchers had also fine displays, and did a good business.

Professor Buells' Tour of the two Continents in St. Peter's Church on Thursday Evening.

SURE CURE FOR A COUGH.—The most reliable remedy for a cough or a cold, asthma, shortness of breath, sore throat, weak lungs and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

A CURE FOR CROUP.—Apply flannel saturated with Hagyard's Yellow Oil and administer the oil internally on a little sugar as directed on the bottle. Yellow Oil cures rheumatism, burns, scalds, chilblains, lameness, and all flesh wounds. All dealers supply it, only 25 cents.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

THE ELECTRIC LIGHT, superceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be hailed with greater joy by mankind, than Burdock Blood Bitters, which is as far superior to all other blood purifiers and tonics as the electric light is superior to the old-fashioned tallow dip. Burdock Blood Bitters cures scrofula, and all foul humors and impurities of the blood.

MERRY CHRISTMAS.

The words are blithe and full of cheer;
They never pall on any hearer,
But borne along from year to year,
From year to year, sound ever dearer.

And yet we know the words are vain;
We know the season must be merry,
When those long severed meet again
Beneath the white and scarlet berry.

When small, but mirth-compelling jokes,
Are heard from every nook and corner,
When on the board plum pudding smokes,
Attended by the pie of Horner.

When kissing shall by favor go,
And age declare it only folly,
That youth resorts to mistletoe,
And lovely women stoops to holly.

When old and young, and middle-aged,
The generations all commingle;
The widowed, wedded, fresh-engaged,
And, last and least, the many single.

Merry? when all around is bright,
Merry? Ay, merry now or never;
The churl who cannot laugh to-night,
Must give the habit up for ever.

One week in all the fifty-two,
Is little time to give to laughter;
Come, join the revel, cynic de,
Although a cynic ever after.

Come, choose a seasonable strain,
To fit the jolly days before us,
And shout we all with might and main,
"A merry Christmas!" is the chorus.

—*Harper's Bazar.*

A FATAL PLUNGE.

Particulars of the Bridge Accident on the Northwestern Railway.

CHICAGO, Dec. 23.—The particulars of the distressing accident on the Northwestern Railway on Wednesday are as follows:—Engine No. 8, with the Galena pay-car attached, went into the river, the bridge being swung to allow the passage of the brewery boat of Michael Brand. The cause of the accident was the fact that a dense cloud of steam was blowing from the lime-kiln of George Voss, and thus prevented the engineer from seeing the open bridge. The accident occurred at 10.15 o'clock in the morning. Before swinging the bridge, the bridge-tenders say they placed the customary red flag in position, and knew of no accident until they saw the engine but a few feet away. One of the tenders yelled to the engineer, but the crash came the next minute. They are of the opinion that the engineer did not stop as usual before coming on. The engine fell flatly into the stream, the tender fell and stood in a perpendicular position, and the pay-car ran up on the end of the tender, breaking off its coupling and front platform. On the engine were W. Bruce Wilcox, the engineer; J. M. Leavitt, the fireman; and J. Conroy, the conductor. Wilcox had his right foot caught between the engine and tender and was badly crushed, but by sheer force pulled himself out, leaving the mangled foot in the wreck. He then struck out for the shore and was rescued with a plank as he was about sinking. Leavitt jumped out on the opposite side, being only slightly bruised, and swam ashore, but Conroy was pinned back against the firebox by the entire weight of the tender and its load of coal. It took a gang of men and hour and a half to extricate him. He was killed instantly. His right leg was cut off, his face and body terribly mangled, and one of his hands burnt off by contact with the fire box. The body was taken to Anderson's brick works, and Wilcox, the engineer, was given prompt aid. He stood his pain manfully, never uttering a word of complaint. His skull had a terrible gash in the top, and it is thought that his right eye is destroyed. The foot was cut entirely off. He said that he made the customary stop before approaching the bridge, and, hearing no warning, went on through the blinding smoke from the lime-klin. He at last saw the danger and tried to stop his engine; but it was too late. He nevertheless preferred to take his chances and stop the engine than jump off. In the pay-car was Paymaster Allen and an assistant. Neither was injured. The engine and tender were badly damaged, and it will take some time to raise them up. The track was obstructed for about two hours until the pay-car was removed. Wilcox is well known as a good and faithful engineer, and the company, it is said, attaches no blame to anyone. He was taken to the County Hospital, and the body of Conroy was placed in an undertaker's store until an inquest can be held.

MEANDERING MAINWARING.

An ex-Globe Reporter's Movement in London and Elsewhere.

On Saturday last a portly man of thirty or more came to the Grigg House in the city and on the register wrote the name "G. Mainwaring, Toronto." He explained in a lordly sort of way that he was attached to the staff of the *Globe* and was up here on business, He indulged in a good many little luxuries and enjoyed himself quite sumptuously on the strength of his professional connection with the Toronto daily. He was known to quite a number of gentlemen in the city, both through his long engagement of the Hamilton *Times*, and latterly on the *Globe*. He never displayed much cash, but this was not considered remarkable on the part of those who knew him, and time flitted along without any interruption to his cheap enjoyment. Thursday, however, he suddenly disappeared, and now the Grigg House people are anxious to know whether the police cannot reach him in some way, and make him smart. They telegraphed to the *Globe*, and learned that his position on that paper had been cancelled some time ago. It is understood there are bills also to be liquidated in St. Thomas, and with gentlemen in this city, who, on the good standing of the profession generally, allowed him a considerable margin of credit.—*London Free Press.*

Death in the Bishop's Palace.

The Kingston *Whig* of December 24th says: Died, at the Bishop's Palace, this day, at one o'clock p.m., Miss Elizabeth Minnett, housekeeper to His Lordship Bishop Cleary. This good lady, who had been for several years in charge of the Bishop's household in Ireland, came to Kingston last spring to care for his health and manage his domestic affairs in his new home. Providence has ruled otherwise. Symptoms of heart disease revealed the fatal malady towards the end of the sumer, and all the professional skill and assiduous care of Dr. Sullivan have proved unavailing to save a life dear to the Bishop of Kingston, in whose bereavement his own congregation and many others also in the city heartily sympathize.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

FROM ALL OVER.

A CATSKILL cornor's jury decided that a woman "came to her death in the providence of God by the accidental inhalation of chloroform and heart disease."

HAGYARD'S PECTORAL BALSAM will cure coughs, colds, asthma, croup, whooping cough, sore throat, bronchitis and all lung complaints that lead to consumption. Price 25 cents.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

No man who has never written a book can comprehend the awful joy which fills the soul of the author as he discovers the offspring of his brain sandwiched in among a number of other dicarded volumes, and marked "Your choice for ten cents."

THE bootblacks of London are divided into societies. One of them, known as the Saffron Hill, numbering sixty-six members, has earned in the last twelve months between £3,000 and £4,000.

JUDGE GASLIN, of Nebraska, told the grand jury at Lincoln, the other day, that they were a "relic of barbarism, a source of useless expense to the county, and of no earthly consequence to the community."

FROM the *steady, firm* and *regular* beat of the *Heart*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the *Heart*.

THE London *Daily News*, in commenting upon the Guiteau trial, says the whole court seems to exist for the convenience and selfglorification of the prisoner, and characterizes the poceedings as a mad burlesque.

IT is said that the Russian military authorities propose to organize a military settlement on the Chinese frontier of Siberia. The peasants there will be furnished with arms and exempted from taxation.

"ON behalf of St. Jacobs Oil I must say a word," writes Wm. Stansbury, Lancaster, Pa., "It is a never-failing remedy. I used it for a sweenied horse, and it proved so satisfactory that I would not be without it in my business. I must always have it."

SMALLPOX continues in Chicago at the same rate of mortality and increase as heretofore. One of the chief causes is that the country towns send cases to the city for treatment. The disease has broken out at the county hospital, three cases being discoverod there.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

PICKLED cucumbers are stated to have been the missles which were lately thrown at Mlle. Sarah Bernhardt by the unappreciative citizens of Odessa. These vegetables were at hand because they are sold in the streets outside the the theatre to the frequenters of the gallery.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

IF you cannot accept an invitation to supper, do not write your regrets on the back of a pool check with a blue lead pencil. This is not regarded as *ricochet*. A simple note to your host informing him that your washerwoman refuses to relent is sufficient.

WHAT TO STUDY.—Pope, the poetical philosopher, said "The proper study of mankind is man, and yet, how little is the real science of man studied. If people understood and heeded the laws of health. and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

PHILIPS, MARSHALL & Co., of London, have just purchased one million three hundred thousacres of land of land from the the State of Mississippi, seven hundred and sixty thousand acres of which are known as levee lands, and located in the Yaso delta, comprising some of the richest cotton and timber lands in the South. Their intention is to improve, colonize, and cultivate these lands.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to dissappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

Daily Evening Review

WEDNESDAY, DECEMBER 28, 1881.

LOCAL AND MUNICIPAL.

Presentation.

On Christmas Eve the Rev. Alexander Bell and Mrs. Bell, of St. Andrew's, this town, were made the subjects of a very agreeable surprise. About ten o'clock the door-bell of the Manse was rung so sharply as to indicate some one in haste. When the door was opened a large parcel was handed in, and the messenger instantly disappeared. As no parcel of the same description was expected it was thought at first that the express-man, in the confusion and hurry of a Saturday night's delivery, had made a mistake, and that some other house would likely experience a disappointment. On closer inspection, however, it was seen by the full and careful address that the parcel had reached its proper destination, and with a pardonable amount of curiosity the string was cut, and the mysterious bundle revealed its contents—namely, a valuable lady's fur jacket, got up with a taste and finish that plainly intended comfort, a gentleman's seal cap and a dressing gown of rich material and elegant design and workmanship. Amid surprise and a considerable amount of speculation as to who could be the donor or donors of such beautiful and expensive things, the articles were turned over and inspected again, when in one of the pockets of the dressing gown a note was found, which in addition to a very handsome enclosure of current bills, contained the following solution of the mystery :—

"The ladies of St. Andrew's congregation beg to present Mr. and Mrs. Bell with the accompanying articles, and to wish them a merry Xmas and a happy New Year, and many returns of the season."

Peterborough, Xmas, 1881.

The ladies managed their part so well that not a breath of their intention had reached the Manse, and they have now the satisfaction of knowing that the surprise intended was complete, and that their kindness is no less appreciated because it was a surprise. Such an unostentatious act on the part of the ladies of this congregation is the best possible evidence of the high estimation in which both Mr. and Mrs. Bell are held by those among whom their lot is cast and the kindly feeling which exists between Mr. Bell and the members of his congregation.

Remember Professor Buells' Grand Entertainment in St. Peter's Church To-morrow Evening.

Corinthian Lodge A.F. and A.M.

On Tuesday night the festival of St. John, the Evangelist, the following officers were installed for the ensuing year, W. Bro. E. H. D. Hall assisted by W. Bros. Morrow, Boucher, Toole, Belleghem and Cameron :—

W. Bro. H. C. Winch	W.M.
W. Bro. R. A. Morrow	I.P.M.
Bro. R. E. Wood	S.W.
Bro. N. D. Beck	J.W.
R. W. Bro. Rev. V. Clementi	Chap.
W. Bro. R. P. Boucher	Treas.
Bro. E. J. Toker	Sec.
Bro. F. T. Winch	S.D.
Bro. Adam Dawson	J.D.
Bro. James English	I.G.
Bro. J. H. Glass	D. of C.
Bro. J. H. Green	S.S.
Bro. W. Irwin	J.S.
Bro. T. D. Belcher	Tyler.

Personal.

We clip the following notice from the *Western Daily Mercury* :—

"Captain W. F. Portlock-Dadson, late of the Royal Bodyguard and formerly of the Royal Marine Light Infantry, has been appointed by the Earl of Kimberley to be Superintendent of the Penal Settlement at Massaruni, British Guiana, vice Captain Edmund Fortescue, late of the Rifle Brigade, appointed Inspector of Prisons. Captain Dadson was specially selected by the Earl of Carnarvon in October, 1877, to reorganize the Government Reformatory at Strong Hill Barracks, Jamaica, and on his being relieved in April, 1881, at the expiration of his term of office, he was presented with four addresses of regret and a testimonial."

Capt. Portlock-Dadson is a near relative of the late Capt. Rubidge, R. N.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

POLICE COURT.

RAISING A ROW.

SATURDAY, Dec. 24.—William Curtain, a rather hard looking individual, was charged with committing a breach of the peace at the hotel of William Bell.

Mr. Bell said that the prisoner came to his hotel and tried to raise a row and when ordered to leave refused to do so and became abusive. He then sent for an officer who took the man away.

Judgment :—Fine $3 without costs.

PROJECTING SIGNS.

A number of projecting sign cases were laid over until Tuesday the 27th.

PROJECTING SIGNS.

TUESDAY, Dec. 27th.—The cases of Messrs. A. Graham, W. J. Devlin and Ham & Brown, charged by P. C. McGhee with erecting projecting signs, contrary to the By-law, came up.

MR. GRAHAM asked for an enlargement, as he had been told by several members of the Council that the By-law would be repealed. The Council was to meet last night, but for some reason or another they did not. He would like to have the case enlarged until after the next meeting.

P. C. MCGHEE expressed a willingness to withdraw the cases, if the defendants took down their signs.

Mr. GRAHAM complained that he was singled out for prosecution, while no less than three members of the Council had been allowed to break the law in the very same manner during the present year.

P. C. MCGHEE asked for names.

Mr. GRAHAM mentioned them.

P. C. MCGHEE said the signs had simply been moved and had been up for years.

The MAGISTRATE—That makes no difference. The by-law says that no signs shall be erected or *continued*, and all swinging, hanging or projecting signs in the town are against the by-law.

P. C. MCGHEE said he was doing the best he could to put a stop to the nuisance. He had already taken down three signs and prevented the erection of quite a number. He only brought up the present cases as test ones, and had no desire to do injustice to any person.

The MAGISTRATE said that he would enlarge the cases until Friday next, at 10 a.m.

Railway Notes.

The Grand Trunk train from the West, commonly known as the local, was so late on Monday that the Midland express did not wait at Port Hope for it, but turned around and came home. We understand that the delay was caused by an accident near Toronto.

The railway authorities in this vicinity at least have no reason to complain of want of patronage during the last week. On Saturday and Monday, the trains both going out and coming in were crowded to their utmost capacity, standing room on the platforms being at a premium. On Monday it was necessary to add extra coaches in order to accommodate the passengers.

The *Trent Valley Advocate* says that a few days ago we were shown an old prospectus of the proposed Kingston, Madoc and Stoney Lake Railway, which scheme had, however, fallen through. By it we observe that the original intention was to run the line from Kingston to Madoc, and thence to the eastern head of Stoney Lake, which forms one of the long chain of lakes to the north and west of Peterborough, thus tapping the extensive business they expected to secure along the lakes. If our readers will look at a good map of Ontario they will at once see that there was every probability of their expectations being realized had they built the railway. Now it strikes us that the Trent Valley Railway should go by Chisholm's Rapids and Marmora, so that we could build a short branch from our railway to the head of Stoney Lake, and thus step in and secure what the Kingston people expected to get.

On Saturday five surveyors of the Ottawa & Quebec R.R. arrived at Kingston from Sharbott Lake en route for their homes for the holidays. They have been engaged in locating the line between Perth and Sharbott Lake.

The engineers are busily engaged on the line between here and Omemee, and hope to finish the work in the course of a couple of weeks. They expect to locate a very direct line.

Messrs. Ferguson, Superintendent and Atkinson train despatcher of the Midland railway were in town yesterday.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent ; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

RESTORED TO HIS USUAL HEALTH.—From James Mitchell, a well known manufacturer at Springfield, Vt.—"Several years ago I was attacked with a severe lung difficulty, which was quite alarming. I had severe night sweats, and all the premonitary symptoms of consumption. After having tried several remedies and the skill of physicians without benefit, I was induced to use Wistar's Balsam of Wild Cherry, the first bottle of which afforded immediate relief : and a continuance of its use soon restored me to my usual health. For twenty-five years past it has never failed to afford entire satisfaction in all cases of colds, or any throat or lung difficulties. I know of no medicine its equal." 50 cents and $1 a bottle. Sold by dealers generally.

A GREAT REDUCTION

—IN—

Dress Goods and Black Velveteens

FOR THE NEXT TWO WEEKS AT

GIROUX & SULLIVAN'S

☞No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

Professor Buells' Tour of the two Continents in St. Peter's Church on Thursday Evening.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cents. 2d1wly

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

As an ounce of prevention is better, they say
Than a pound of the best sort of cure,
Let us keep our teeth and gums from decay,
And our mouth and our breath fresh and pure,
For a bottle of Sozodont is all we require,
To speedily realize all we desire.

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs nevers fails to cure nervous exhaustion and all weakness of the genative organs. See advertisement in another column.

All our Druggists now heartily endorse the amazing success of MACK'S MAGNETIC MEDICINE, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

The Best Field FOR EMIGRANTS.

An IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic ; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. ; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

Daily Evening Review

THURSDAY, DECEMBER 29, 1881.

MIDLAND RAILWAY OF CANADA.

Mr. Cox's Circular to the Officers of the Various Consolidated Roads.

Mr. Cox has issued to the officers in charge of the various roads about to be amalgamated, the following circular, by which it will be seen that until the amalgamation of the different railways is confirmed by an Act of Parliament, the public will not fully realize the benefits of the new system. It is, however, gratifying to notice that Mr. Cox, at this initial stage, takes into consideration the important duty he has to perform towards the public, and we gather from his circular, that not only will there be no advance in rates, but that Mr. Cox will continue his present policy of co-operation with the public, under which the interests of his railway are made identical with that of the manufacturers and shippers, residing in the territory served by it. The following is the

CIRCULAR.

Dear Sir.—The Midland Railway assumes the management of your line on and after January 1st, 1882, and until the new Board of Directors meet, I beg to request your assistance in seeing that the following instructions are fully carried out:—

1st. All employees to retain their present positions and to perform their respective duties accordingly, excepting as provided for below.

2nd. Train and general service to be performed as at present.

3rd. All rates and fares, special or otherwise, to continue in force until further notice, precisely as they now are.

4th. Annual passes, clergymens' cards, commercial travellers' tickets, etc., for 1881, to be honored during 1882 until further notice.

5th. Refer matters connected with the freight and passenger departments to Mr. A. White, General Traffic Agent, Peterborough.

6th. Instruct agents to remit their cash receipts daily to Mr. H. Read, Secretary, Peterborough; also to render their audit returns to Mr. J. F. Jeffers, Auditor, Peterborough, and further to comply with the instructions of those officers respecting their several departments.

7th. Communicate with me freely upon all matters affecting the interests of the Company, or of the communities served by our system of Railway.

8th. Send me a list of station outstandings for 1881, representing charges upon goods actually on hand which can be properly assumed by the Midland Railway. I will then arrange for the total of such amounts to be paid over to the old Company who earned the money, so as to effect prompt settlements with the latter, without waiting for actual delivery of the freight.

9th. Please convey my assurance to all employees that whilst we look to economy in our management, nevertheless all old and trusty servants will be valued from their starting point, and also inform them that I hope to so develop the trade of our new system so as to enable me to add to, instead of reducing the present staff.

Yours truly,
(signed) GEO. A. COX,
General Manager.

Peterborough, Dec. 27th, 1881.

R. C. SCHOOL ELECTIONS.

To the Editor of the Review.

Dear Sir.—I observe by last night's issue that I have been proposed as a trustee for the R. C. Separate School. I had thought it was well understood that I never solicited this honor, and being absent from the meeting, as well as from town, during the last few days was unable to correct a contrary impression, if such ever existed. While thanking my friends for the proposed honor, I beg, most respectfully, now as heretofore, to positively decline acting in that capacity, though I trust I will not fail to take a lively interest in the progress and welfare of the school.

J. O'SULLIVAN.

Peterborough, Dec. 29, 1881.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

Not a Candidate.

Mr. H. C. Winch desires us to return his sincere thanks to the gentlemen who so kindly nominated and seconded him, and to the large number of friends who promised him their votes and influence to secure his election as a member of the Council from Ward No. One, but at the same time he wishes it understood that he is not a candidate and will not contest the ward upon any consideration.

No. Three Ward.

Mr. W. H. Moore, desires us to say that he sincerely thanks all who so kindly offered to support him as a candidate for Councillor for this ward, but he has determined not to enter the list, on the present occasion. This will leave four still in the field, and therefore a contest for next Monday.

Fun Ahead.

We understand that no less than one hundred and two informations have been laid against the merchants of the town for a breach of the by-law, by having projecting signs in front of their premises. To-morrow morning the cases come up. Lots of fun ahead.

The Way to do It.

We learn from the *Times*, that a youth named McMahon was recently fined $10 and $4 costs, for raising a row in the Port Hope Music Hall. As we have contended before, this is the only way to put a stop to the nuisance, and the quicker the plan is adopted here the better.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. Glass.

Masonic Hall Trustees.

On St. John's day W. Bro. R. P. Boucher, M. D., was elected Trustee for Corinthian Lodge, and Bro. J. R. Stratton, Trustee for Peterborough Lodge.

SMITH.

Entertainment and Presentation.—A very pleasing entertainment was given by the scholars of School Section No. 5, (Bridgenorth) on Friday evening. They also presented Mr. W. H. Fox, their teacher, who is leaving, with the following address and the articles mentioned therein:—

Dear Teacher,—It is with feelings of regret and sorrow that we have now to bid you good bye. As a teacher it may be farewell. The kindness and attention you have shown us, the earnest manner in which you have endeavoured to further our instructions during the two years that are past, prove to us that in parting from you we lose not only a faithful teacher, but also a true friend. Before parting we wish to present you with this writing desk and inkstand, also a bible, hoping that you will accept them not for any value attached to them, but as a slight token of our regard for you. May those articles, small though they be, prove a reminder to you of the happy days spent in Bridgenorth school by both teacher and pupils. In conclusion we unite in wishing you a Merry Christmas and a Happy New Year.

Signed on behalf of the school,
E. J. Grant. A. Paul.
J. Grant. A. Grant.

Given Away.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

Disease in Barn Yard Stock Cannot possible obtain where Harvell's Condition Powders are mixed according to the printed directions, with their feed. All animals and poultry derive benefit from these great specifics, in both weight and prolificness. No stableman, farmer or poultry grower, is safe without them.

There is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carsen's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

Look to Your Lungs.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

Aha!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

"There was a sound of revelry by night,"
And joy unmixed had added its delight,
And history graved its grateful record when
The Esterbrooks brought out their Falcon Pen.

MIDNIGHT TELEGRAMS

CABLE.

CUSTSM HOUSE FRAUDS.

St. Petersburg, Dec. 28.—Defalcations amounting to millions of roubles have been discovered in the Custom House at Taganrog, and all the officials therein arrested.

STRUCK A LIGHTSHIP.

London, Dec. 28.—South Arklow lightship, on the coast of Ireland, has been run down by a four-masted vessel, believed to be an American. The men belonging to the lightship are supposed to be saved.

A POLITICAL TRIAL.

St. Petersburg, Dec. 28.—A military tribunal at Odessa has sentenced a Cossack, convicted of political crime, to ten years' transportation with hard labour.

GRAIN STORES.

Odessa, Dec. 28.—It is calculated that the Odessa magazines contain a million and a half quarters of grain ready for exportation, and other Black Sea ports an equal quantity. The total value is thirty million roubles. Business is quiet because of low prices in England and France.

THE FRENCH CONCORDAT.

Paris, Dec. 28.—It is understood the concordat will be more strictly enforced, and no new bishop be appointed without taking the oath prescribed by the convention between France and the Vatican.

THE LADIES' LEAGUE.

Dublin, Dec. 28.—The circular of the Ladies' League summoning all branches of that organization to meet on Sunday is issued for the purpose of testing the legality of a Sunday meeting.

AMERICAN.

BRUTAL OUTRAGE.

Halifax, N. S. Dec. 28.—A despatch from Lawrencetown, Annapolis, says on the evening of th 26th a stranger, pretending to be deaf and dumb, stopped at Mrs. Benjamin Munro's, of East Dalhousie, and took his revolver and shot her eldest son George, aged 19, through the head, and then shot his sister Mary, aged 12, through the breast. Neither is expected to live.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

WAR IN LIBERIA.

London, Dec. 29.—A returned missionary explains that the trouble in Liberia was caused by the encroachments of a powerful tribe, on a weaker tribe. The Liberian Government espoused the cause of the latter. The former were defeated at a battle, but the weaker tribe were driven from their lands and reduced to great destitution. The disturbances cut off the trade relations between Monavia and the North West, and seriously affected business. The Monavian Government humiliated in battle, pleads the weather as an excuse for inaction. Essex will reach Monavia in the midst of the dry season. The Liberian Government will not endeavor to accomplish much until it has the co-operation of our government. The hostiles, number forty thousand and include nearly twice as many persons as the Liberian Republic. It has citizens whose relations with some of the other Liberian tribes are intimate.

AMERICAN.

INTERNATIONAL RIFLE MATCH.

New York, Dec. 29.—General Hancock, President of the National Rifle Association, yesterday received a letter from the Secretary of the National Association of Great Britain, formally announcing that steps have been taken looking to a match between teams of the National Guard of the United States and the Volunteers of Great Britain.

DECISION REVERSED.

New York, Dec. 29.—The *Herald's* Washington special says that yesterday Judge Cox, at the request of Corkhill directly reversed his ruling of Tuesday in regard to what was collateral evidence, and the contradition of one expert by another.

FIRING A GAOL.

Troy, N.Y., Dec. 29.—Dalton Lester, aged 18, has been arrested on a charge of robbing a store yesterday. He was detected in his cell setting fire to the gaol. There was considerable excitement for a time among the seventy other prisoners. Lester was heavily ironed and placed in a salutory dungeon.

500 IRON HORSES.

Paterson, N. J., Dec. 29.—Five hundred locomotives have been built here during the present year worth upwards of five million dollars. This is the largest number ever turned out in Paterson in one year. It is expected that six hundred will be built here next year.

FEARING A FAMINE.

Cincinnatti, Dec. 29.—The continued mild weather is giving rise to fears of an ice famine. The price of ice will be doubled on January the first.

HEAVY DEFALCATION.

Newark, N.J., Dec. 29.—An expert gave his opinion yesterday that the total defalcations of Mall & Palmer would amount to $300,000.

A MILLIONAIRE'S WILL.

Philadelphia, Dec. 29.—The final accounts of the estate of the late Jesse George have been filed. $700,000 is given to various charities.

CHEEKY ROBBERY.

New York. Dec. 29.—An express wagon containing eleven trunks filled with costly property was stolen on 5th Avenue last night, while the driver was in a house. The wagon was afterwards found with only a single trunk in it. There is no clue.

GUITEAU'S GUARD.

Washington, Dec. 29.—Yesterday as the assassin was marched out of Court to the van he was hooted and jeered for the first time for weeks. This, coming right upon Corkhill's demand to withdraw the special guard, adds to the uneasiness that Scoville feels for the safety of Guiteau. The Deputy Marshal says that the police guard will be dispensed with. His deputies will take charge of Guiteau. He also says that the guard as compared with the present one will be smaller. As the services of mounted and other policemen will now be dispensed with, it would be an easy matter to assassinate Guiteau.

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

THURSDAY, DECEMBER 29, 1881.

THE *Mail* announces that five of the vacancies in the Senate have been filled.

In Nova Scotia, Mr. Thomas McKay, ex-M. P., succeeds Hon. Mr. McLelan, who is now President of the Council.

In Quebec, Mr. Alex. Ogilvie, of Montreal, succeeds the late Senator Penny.

In Ontario, Mr. Donald McInnis, of Hamilton, succeeds the late Senator Bull.

In British Columbia, Dr. McInnes, M. P., succeeds Senator Cornwall, who has been promoted to the Lieutenant-Governorship of the province.

Senator Skead has been reappointed, and the seats formerly occupied by Messrs. Brouse and Christie will remain vacant for some time longer.

THE TRUE POSITION.

With the exception of apparently placing a heathen on a par with the christian, we can heartily endorse the position taken up by Alderman Ryan, of Toronto, in the following extract from a letter written by him in reply to attacks made upon him in the *Irish Canadian* for having opposed the election of Mr. Kennedy, a co-religionist, in East Northumberland. Mr. Ryan says :—

"In the palmiest days, when the Catholic League was on a "boom," I was never a member, nor did I ever sympathize with its objects, believing that any religious combination for political advantages or the spoils of office would be injurious to the good and confidential feeling which ought to obtain amongst all denominations. I also thought that combinations on the part of Catholics must lead to like action on the part of Protestants who had never before combined, and which would have become necessary on their part if we obtained and used the balance of power, as some foolish men believe we could accomplish, and which I think you have advocated. If we had any sectarian issues involved in Canadian politics I could make allowance for organized secretarian action, but in this country, where no religious disability afflicts us, where the same law governs Catholic and Protestant alike, where we have no State Church to support, where the highest offices in the Dominion are open to members of every religious denomination, and where we have, as the Hon. Alex. Mackenzie, said, "not only religious toleration and freedom, but religious equality," I look on any attempt to organize any religious body for political purposes as an act of folly and of positive injury to the body so combining. I therefore state for the information of thos whom it may concern that I am not, and never was, a sympathiser of Catholic representation or the recognition of the right of any religious body to representation in the public affairs of this country. When the party candidate happens to be a Catholic, or a heathen if you will, he should receive the support of the party whose nominee he is, no regard being paid or attention called to the faith he professes; while on the other hand his co-religionists who differ from him politically should be free to oppose him without incuring any strictures for so doing."

A RAILWAY LABOURERS' RIOT.

The Military Called Out—Many Persons Injured.

NEWBURGH, Dec. 26.—There was a great deal of disturbance among the West Shore railway labourers at Cornwall last night, in which the Italians seemed to be the principal offenders. Pistols and knives were freely used, several persons being injured. An inoffensive labourer, John Cahill, was dangerously stabbed in the bowels, and an Italian shot in the leg, it is supposed by a negro. This morning eight or ten warrants were issued for the persons concerned in the assault on Cahill, but the local authorities were afraid to attempt any arrests, and sent telegraphic appeals for aid to Sheriff Odell here. The call for assistance was so urgent that the sheriff was led to beleive that there was a serious trouble, and ordered out companies A and E, Seventeenth battalion, of this city. A chartered steamer took the military to Cornwall, prepared, if necessary, to take the town, sixteen rounds of cartridges having been distributed to the troops. On arriving at the scene, the sheriff received the warrants, and proceeding to the Italian quarters arrested six men, all of the accused parties that could be found, no resistance being made. The sheriff then swore in a number of deputy sheriffs, and he and the troops returned to Newburgh with the prisoners, who were incarcerated in the county gaol. The prisoners will be given a hearing to-morrow on the charges of riot and assault with intent to kill. The affair has caused much excitement in this vicinity.

BELLEVILLE.

The *Ontario* says that George Thomas, a night watchman in Messrs. H. B. Rathbun & Son's machine shop, dropped dead on Sunday morning. Deceased was a strong and healthy-looking man, and had been on duty until twelve o'clock on Saturday night, just two hours previous to his sudden demise. He left for his home shortly after twelve o'clock, apparently as well as usual, and at two o'clock he dropped dead. His death is attributed to heart disease.

SERIOUS RAILWAY ACCIDENT.

How Conductor Nelles, of the T. G. and B. Railway, was Saved from Death.

TORONTO, Dec. 27.—At four o'clock yesterday morning Mr. A. R. Nelles, conductor on the Toronto, Grey, and Bruce railway, received the usual visit from the call-boy at his residence No. 202 Bathurst street, and was soon at his post of duty. He was employed every morning in accompanying what is called a "ballast" train, which leaves the depot at half-past six o'clock for the purpose of carrying out labourers to the works at the Humber bridge, and returns again in the evening conveying the workmen to their homes. The train was always made up of a van, a fitted box car, and a number of flat cars. The box car was fitted up and used for the accomodation of those who could not find room in the van. Yesterday morning Nelles did not as usual enter the van before the departure of the train, but climbed up on the box car, and afterwards attempted to cross over the top to the van. Just as he reached the brake, and turned to descend, he was struck on the back of the head by the garrison bridge, which lies between the old and the new forts. He fell, but fortunately, or miraculously it might be said, his clothing caught upon the break beam and he was prevented from falling beneath the wheels. He was dragged on the ground, however, for nearly a hundred yards before the train could be stopped. He was then conveyed home, Dr. Kennedy in the meantime having been summoned. An examination of his injuries showed that he had received a severe cut in the back of the head, a large strip of flesh was torn from his back, his left ankle is cut to the bone, and two small bones in his right leg are fractured. The medical gentlemen who are now in attendance upon him state that they will not be able to ascertain the full extent of his injuries for a day or two yet, as it is feared he has been injured internally.

NO IMPOSSIBILITY.—People often say, when suffering in the first stages of Consumption, or suffering from lung disease, if their physician fails to effect a cure, "my case is a hopeless one, and my enjoyment of health again is an impossibility." The celebrated French Count Mirabeau's nasty temper is well known. "Monsieur le Comte" said his secretary to him one day, "the thing you require is impossible." "Impossible" exclaimed Mirabeau, starting from his chair, "never again use that foolish word in my presence." It is well-known that N. H. Downs' Vegetable Balsamic Elixir has brought to health and strength thousauds who were told by doctors that their recovery was impossible. Be not deceived by any apparent impossibilities; always use the Elixir.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me, as you observe."—*Cairo Bulletin.*

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

WINES AND LIQUORS!

It is a well known fact that in this branch of my business I have the reputation of keeping the CHOICEST BRANDS that can be procured, and as I import direct from manufacturers, parties can rely on getting them Pure and Unadulterated.

CHAMPAGNES—of various brands—BURGUNDYS, PORT and SHERRY WINES, CLARETS, BRANDIES in wood and bottle, LIQUORS, BITTERS, BASS' ALE, GUINNESS' PORTER, CANADIAN ALES in wood and bottle, FOREIGN and DOMESTIC WHISKEYS, GOODERHAM & WORTS' 2, 3, 5 and 7 year old RYE, RUMS, GIN. etc., TOBACCOS, CIGARS, etc., and other goods too numerous to mention, all of which will be sold at Prices which defy competition.

B. MORROW.

There is no excuse for suffering from CONSTIPATION and a thousand other diseases that owe their origin to a disordered state of the Stomach and Bowels, and inaction of the Digestive Organs, when the use of

DR. HENRY BAXTER'S
MANDRAKE BITTERS

will give immediate relief, and in a short time effect a permanent cure. After constipation follows **Biliousness, Dyspepsia, Indigestion, Diseases of the Kidneys, Torpid Liver, Rheumatism, Dizziness, Sick Headache, Loss of Appetite, Jaundice, Apoplexy, Palpitations, Eruptions and Skin Diseases, etc.,** all of which these Bitters will speedily cure by removing the *cause.* Keep the *Stomach, Bowels, and Digestive Organs in good working order and* perfect health will be the result. Ladies and others subject to SICK HEADACHE will find relief and permanent cure by the use of these Bitters. Being tonic and mildly purgative they PURIFY THE BLOOD by expelling all Morbid Secretions.

PRICE 25 CTS. PER BOTTLE.

For sale by all dealers in medicine. Send address for pamphlet, free, giving full directions.

HENRY, JOHNSONS & LORD, PROPS., MONTREAL.

AUCTION SALE

OF VALUABLE

TOWN PROPERTY

IN THE

Town of Peterborough.

There will be offered for sale by Public Auction by Charles Stapleton, Auctioneer, on

MONDAY, JANUARY 9, 1882,

at the CAISSE HOUSE, at the hour of THREE O'CLOCK in the afternoon, the following choice property, viz.:

Part of Lot Number Two, East of George Street and North of Brock Street,

in the said Town of Peterborough, described as follows:—Commencing at the north-east angle of the said lot; thence southerly along the eastern boundary thereof one hundred and eleven feet, five inches, more or less, to a point distant eighty-eight feet from the south-east angle of the said lot; thence westerly parallel with the northern limit of said lot one hundred and fifteen feet, more or less, to the western limit thereof; thence northerly along the said western limit one hundred and eleven feet, five inches, more or less, to the northern limit of the said lot; thence easterly along the said northern limit one hundred and fifteen feet, more or less, to the place of beginning.

This property, directly fronting the Park and Court House, forms one of the most desirable building sites in the Town. There are now on the premises four two storey rough-cast dwelling houses.

There will also be offered for sale the following valuable leasehold property, composed of

Part of Lot Number Two, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing at the north-east corner of the said lot, thence westerly along the southern limit of Simcoe Street to the north-east corner of the Engine House lately erected; thence southerly along the eastern gable wall of the said Engine House, and in a line therewith seventy feet; thence easterly in a line parallel with Simcoe Street to the western limit of Water Street; and thence northerly along the said western limit of Water Street, to the place of beginning. And

Part of Lot Number one, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing on Simcoe Street aforesaid, at a point distant one hundred and six feet from the north-west corner of said lot; thence southerly parallel with George Street seventy feet; thence easterly parallel to Simcoe Street fifty feet; thence north parallel to George Street seventy feet; thence westerly along Simcoe Street to the place of beginning; being the whole of the block from and inclusive of the building occupied by the Bank of Toronto down to and including the shop occupied by J. W. Flavelle as a flour and feed store, except that part thereof used as a Fire Hall and all the rooms immediately over the Fire Hall.

The first of the above described leasehold properties is held under a certain indenture of lease from the Commissioners of the Peterborough Town Trust, dated the first day of November, 1864, at a ground rent of $100 for the full term of 21 years, reckoning from the First day of November, 1864, such lease consequently not expiring until the First of November, 1885, and will then be renewable in the option of the said Commissioners for a further term of twenty-one years. And the latter of the said leasehold properties is held under a certain other indenture of lease from the Town Council of the Town of Peterborough, dated the first day of May, 1861, at a ground rent of $75,00 for the like term of twenty-one years, reckoning from the said first day of May, 1861 and expiring on the first day of May, 1882. This lease is also renewable for a further term of twenty-one years.

The Terms of Sale are easy, and will be made known at the time of sale. There will be a reserved bid. Further information can be obtained from the undersigned, or at the office of Messrs. Poussette & Roger, Water Street.

Dated December 7th, 1881.

GEO. A. COX,
and WM. A. MORROW,
Executors for the late Daniel Hopkins, deceased.

DE LESSEPS' BRIDE.

The Young Woman Who Proposed to an Old Count.

Count de Lesseps became a widower at 68 with a numerous family. A few years later he was in the habit of visiting a family in Paris which comprised five sisters. One day he observed that he had undergone great dangers and difficulties among the Arabs, because they could not conceive how a man could live without a wife. The prettiest of the sisters innocently asked. "Why, then, do you not marry again?" "Because I am too old. Besides, if I were to fall in love with a young girl it would be absurd to think that she would fall in love with me." Who knows?" observed his questioner. Lesseps told his young listeners about the rose of Jericho, which, after being dried and placed in water, again bursts out into bloom. Soon afterwards he obtained one of these roses and presented it to the young girl. In a few days she appeared with the reblossomed rose in her hand, which she gave to the Count, saying, "See what a miracle the water has effected upon the rose; it is the blossoming of love in old age." Their eyes met, and he believing that she had a meaning in what she did, said, "If you really dare venture to share the remaining years of an old man, here is my hand." But for this marriage it is very uncertain whether he would have undertaken his laborious task at Panama. She is always at his side, and has been his chief help and support through out his arduous conflicted with politicians, money lenders, engineers, and labourers.

A Railway Horror Averted.

WENDIGO, Ont., Dec. 27.—A narrow escape from death on the rail occurred last Saturday at the Delaware bridge on the St. Clair branch of the Canada Southern railway. A large break in the bridge was discovered by the section foreman, Mr. Thos. Brown, a few minutes before the train going east was due, consequently he forbade them to cross. Had it crossed it would in all probability have gone through with about seventy passengers on board. The break was supposed to be caused by a heavy freight train which went over the night previous. At present two trains meet at the bridge and transfer passengers and baggage across. The transmission of freight over the road is completely stopped.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

THE DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

FROM ALL OVER.

THE Chicago *Inter-Ocean* points out that Mark Twain succeeded in getting a good deal of advertising for his book if he didn't get a copyright in Canada.

The Chicago hotels, in many instances at present, turn away guests who cannot show that they have been vaccinated. The police have all been subjected to re-vaccination.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

BOYD, the English sculler, has ordered from a Toronto firm, a shell in which to pull his race with Hanlan. Canada thus turns out not only the best oarsmen but the best boats as well.

SIR HUGH ALLAN has joined a syndicate, of which the Grand Trunk Railway Directors and himself are the principal members, for the purpose of buying or leasing the Occidental Railway.

FROM the *steady, firm* and *regular* beat of the *Heart*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the *Heart*.

EXPERTS on insanity are just as reliable as those men who look into a horse's ear to tell whether he is a kicker or not. There are as many phases of insanity as there are traits of character in the human mind.

THE Minister of Justice has refused to commute the sentence of death against the wife murderer, Moreau, at Rimouski. The execution will take place on Tuesday, the 13th of January.

"WHILE playing a star engagement through New England," writes Mr. Wm. Davidge, "I contracted severe rheumatism. St. Jacobs Oil was recommended. I used it as ordered, and was cured in four days, and have had no return of the ailment."

A Newark church member, who says on Sunday that he is too tired to stand up in church while the hymns are sung, stood the other day for an hour waiting for a circus to come along. His neighbors say that he did not complain of being weary on that occasion.

WHAT'S THE USE OF TALKING? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

THE Methodist Minister of Brooklyn who has sued a saloon-keeper for the loss of his son's services, through loafing in the saloon, takes a business view of his misfortune. But if he recovers these damages his young scapegrace can no longer be called a worthless son.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance*.

THE Bloomsbury, London, County Court has just decided against a gentleman who claimed the right to carry a gallon of Irish whiskey from Dublin to London as personal luggage, and given a verdict for 4s 8d., which the London & North-Western Railway Company claimed for the carriage.

IT is understood that the British Government will divide the disaffected localities in Ireland into five or six districts, each under the jurisdiction of a magistrate, who will be authorized to act on emergencies without previous sanction of the Executive, and will be given entire control of the troops and police, with the view of speedy action in the event of disturbances.

AT recent supper to the criminal classes given by the St. Giles' mission in London, Mr. Howard Vincent, Director of Criminal Investigation said:—"Honest labor offers you a sufficiency, a happy home, and peace of mind. The Colonies call for your muscular arms, and there you may rise to wealth."

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

A hotel in the exact shape of an elephant has beeen built at Atlantic City. The idea, of course, is to draw excursionists by means of the novelty. The structure is eighty-six feet long and sixty-five feet high. Stairways inside the legs lead up to a big restaurant and other rooms in the body, while on the back is a car forming a good place of out-look. The exterior is painted and sanded so as to resemble an elephant's skin, except for the windows. It cost twenty thousand dollars.

ST. JACOBS OIL

TRADE MARK.

THE GREAT GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to disappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

Daily Evening Review

THURSDAY, DECEMBER 29, 1881.

LOCAL AND MUNICIPAL.

Another Old Resident Gone.

Under the proper heading will be found recorded the death of another of the early pioneers of this district, in the person of William Forster, Esq., of North Monaghan. Mr. Forster came to Canada with his wife, from the county of Northumberland, England, in 1832, and settled in the township of North Monaghan, on the lot on which he died on Christmas morning in the 82nd year of his age. During his residence in North Monaghan, Mr. Forster earned, as he deserved, the universal respect of all with whom he came in contact. He was from an early age an attached and active member of the Methodist church, and although taking little part in public affairs was a staunch supporter of the Liberal Conservative party. Mr. Forster leaves a wife (now in her 79th year), four sons and four daughters behind him.

The Back Country Murder.

Learning that there was a lumberman in town from the vicinity of Beaver Lake, where it was reported that a horrible murder had taken place recently, a REVIEW representative hunted him up and found that he had not heard anything of the murder until he arrived in Peterborough, and as he left the vicinity of the Beaver Lake shanty, within a week, he gives it as his opinion that the story was manufactured out of whole cloth and has not the slightest foundation. He was even in the shanty on the very day that the report reached town, and feels confident that if anything whatever had occurred, he would have heard of it. Prabably this winds up another sensational story that created great excitement.

Municipal.

This business of nominating gentlemen for seats at the council board without their consent is a thing that should be put a stop to, as it causes needless trouble and expense, besides worrying the person nominated. Mr. Alexander Graham, informs us that he was nominated without his knowledge or consent, and has no idea of contesting number two ward. If the proposer of a man had to deposit a sum of money to be forfeited in case his nominee did not run, perhaps there would not be as many bogus nominations.

Council Meeting.

The year is rapidly drawing to a close, and up to the time of writing no meeting of the Town Council has been called. Whether the Council are bound to appoint school trustees or not before the end of the year is a disputed question; however it may be the act reads that they shall be appointed at the last meeting in December, and the public can interpret that to suit themselves. In our opinion the safest plan would be to call a meeting and appoint the trustees without running any risk whatever.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Boat Races.

The great attraction at Port Hope on Monday was the boat races. The *Guide* says that the day was like a September one, and that fully one thousand people lined the docks to see the sport. There were four races, all for ships' yawls. All the events were well contested and there was any amount of sport.

Journalistic.

The Brantford *Evening Telegram*, always one of our neatest, newsiest and spiciest exchanges has enlarged its borders. We hope the enterprising proprietors will be encouraged by an enlarged subscription list. The *Telegram* is a credit to Brantford.

Our Waterworks.

Mr. Surtees, city engineer, chief engineer of the Ottawa waterworks, a gentleman who from his long experience is well qualified to do such work, is here making an inspection for the purpose of making estimates, etc., preparatory to work being commenced on our waterworks.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Railway Notes.

It is understood that arrangements have been made with the Grand Trunk Company to run the trains of the Midland combination into the Union Depot commencing the first of Jan. next.

The *Globe* publishes a conversation with Mr. E. B. Osler of Toronto, who has just returned from England, where he has been for the last two months representing the bondholders of the Credit Valley Railway. He states that the Credit Valley has not been sold to the Great Western, but arrangements have been made between the directors and bondholders of the Great Western, Credit Valley, Ontario and Quebec, and the Toronto, Grey and Bruce Railways by which the four roads will be consolidated. He further states that the Syndicate has nothing whatever to do with the consolidation, but he understands that an arrangement will be made with the Syndicate by which the proposed bridge over the St. Lawrence, near Montreal, may be used by the Consolidated Railways. Connection will be made with the Canada Pacific at Perth. Work on the Ontario and Quebec Road will be pushed forward with increased vigor, and it is intended to have it in full running order in the course of the next two years.

The Entrance Examinations.

The following pupils were successful in passing the recent examinations for entrance to the Collegiate Institute. There were 56 candidates of whom 16 were successful; 25 failed in Arithmetic; 23 failed in History; 11 failed in parsing and 6 failed in Fourth book and spelling. The following are the names of those who passed, where prepared and marks obtained:—

Mowry, Richard	Ashburnham	288
Hall, Frank	Peterborough	280
Hamilton, Willie	"	301
Haultain, Hubert	"	313
Lang, Fred	Sec. 13, Otonabee	327
Montgomery, Dee	Peterborough	284
Reed, Wm.	Section 5, Douro	281
Ratcliffe, James	Peterborough	292
Robertson, Hugh	"	289
Stevenson, Rufus	"	280
Turnbull, Leonard	"	288
Cameron, Sophy	"	291
Dixon, Maggie	"	281
Kennedy, Linda	"	326
Mann, Mary	Sec. 5, Smith	281
Mannell, Jennie	Peterborough	289
Marten Clara	"	319

Personal.

Mr. J. B. Trayes, of the Port Hope *Times* was in town for a short time last night.

Mr. J. R. Barber, General Manager of the Cobourg, Peterborough and Marmora Railway, and Mining Company, was in town yesterday.

Mr. Wm. Doyle, for many years a resident of Peterborough, now managing the billiard table manufactury of Schulenburg at Windsor, is in town looking after the tables at the "Oriental." Mr. Doyle speaks in high terms of the benefits Canada is deriving from the N. P. and instances his own establishment, which would never have established a branch in Canada except for our National Policy. He also gives numerous other instances of how Windsor has benefited by it.

Runaway.

On Monday a team of horses drawing a wagon loaded with furniture ran away on George Street north. After running as far as Brock Street, a young man caught the bridle of one of the animals and by hanging on turned them in against the sidewalk, where one of the wheels caught a post, thus upsetting the wagon and landing the furniture, that was not already strewn along the route of the runaway, on the road. Some of the household goods were rather demoralized, but no further damage was done.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

RESTORED TO HIS USUAL HEALTH.—From James Mitchell, a well known manufacturer at Springfield, Vt.—"Several years ago I was attacked with a severe lung difficulty, which was quite alarming. I had severe night sweats, and all the premonitary symptoms of consumption. After having tried several remedies and the skill of physicians without benefit, I was induced to use Wistar's Balsam of Wild Cherry, the first bottle of which afforded immediate relief: and a continuance of its use soon restored me to my usual health. For twenty-five years past it has never failed to afford entire satisfaction in all cases of colds, or any throat or lung difficulties. I know of no medicine its equal." 50 cents and $1 a bottle. Sold by dealers generally.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

A GREAT REDUCTION

—IN—

Dress Goods and Black Velveteens

FOR THE NEXT TWO WEEKS AT

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cents. 2d1wly

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

As an ounce of prevention is better, they say
Than a pound of the best sort of cure,
Let us keep our teeth and gums from decay,
And our mouth and our breath fresh and pure,
For a bottle of Sozodont is all we require,
To speedily realize all we desire.

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs nevers fails to cure nervous exhaustion and all weakness of the genative organs, See advertisement in another column.

All our Druggists now heartily endorse the amazing success of MACK'S MAGNETIC MEDICINE, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

NOTICE

IS HEREBY given that a Special Meeting of the Shareholders of the Toronto & Ottawa Railway Company will be held at their office, No. 66 Adelaide Street, Toronto, on Monday the 9th day of January, 1882, at 12 o'clock, noon, for the purpose of considering, and if approved, approving an agreement between The Toronto and Nipissing Railway Company, The Victoria Railway Company, The Whitby, Port Perry and Lindsay Railway Company, The Toronto and Ottawa Railway Company, The Grand Junction Railway Company, and The Midland Railway of Canada, for the purpose of Consolidating the said Companies into one Company, under the name of "The Midland Railway of Canada," on the terms and conditions expressed in the said agreement.

W. GOODERHAM,
President.

Toronto, Dec. 17, 1881. 14d148

Bear in Mind

THERE IS NO LONGER ANY SUCH FIRM AS MUNCASTER & SANDERSON DOING BUSINESS IN PETERBORO', THE PARTNERSHIP HAVING BEEN DISSOLVED IN AUGUST LAST.

MUNCASTER'S

JEWELLERY STORE

Is Removed from the old Stand

AND IS NOW IN **CLUXTON'S NEW BLOCK**, WHERE HE HAS A FULL AND COMPLETE NEW STOCK OF WATCHES, CLOCKS, SILVER-PLATED WARE, JEWELRY, VIOLINS, &c.

WATCH REPAIRING

IS ALL DONE BY MYSELF, CONSEQUENTLY MY PATRONS CAN RELY ON GETTING GOOD WORK. I HAVE NO BOYS AROUND ME TO PRACTICE ON OR TO BUTCHER CUSTOMERS' WATCHES.

Don't Forget the Place.—Cluxton's New Block, opposite McKee & Davidson's, George Street.

R. W. MUNCASTER.

A.—BEATTY'S PIANOFORTES—MAGNIFICENT holiday presents; square grand pianofortes, four very handsome round corners, rosewood cases, three unisons, Beatty's matchless iron frames, stool, book, cover, boxed, $227.75 to $297.50; catalogue prices, $800 to $1,000; satisfaction guaranteed or money refunded after one year's use: upright pianofortes, $125 to $255; catalogue prices, $500 to $800; standard pianofortes of the universe, as thousands testify; write for mammoth list of testimonials; Beatty's cabinet organs, cathedral, church, chapel, parlor, $30 upward; visitors welcome; free carriage meets trains; illustrated catalogue (holiday edition) free. Address or call upon DANIEL F. BEATTY, Washington, N.J.

The Best Field FOR EMIGRANTS.

An IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dwkt.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalcule which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

For Sale by Ormond & Walsh, Peterboro'.

Daily Evening Review

FRIDAY, DECEMBER 30, 1881.

MILLBROOK.

From Our Own Correspondent.

Hall Lodge, No. 145, G. R. C., Millbrook, celebrated the festival of St. John the Evangelist, by installing officers and an entertainment to the wives, daughters and sisters of the members. V. W. Bro. Dr. James Might, Grand Pursuivant installed the W. Master elect, Dr. Henry Turner. He was assisted by Worshipful Bros. A. Lough, Hunter and Wm. Staples, Past Masters of the Lodge, and Wm. A. Kelsey, Past Master Union Lodge No. 60, Baltimore, Md., U.S. W. Bro. Turner installed the following officers:—

Bro. Hamilton McCartney	S.W.
Bro. John Kells	J.W.
Bro. Wm. Bateson	Chap.
Bro. George Campbell	Treas.
Bro. Jacob Atkins	Sec'y.
Bro. John Beatty	S.D.
Bro. Lewis S. Clary	J.D.
Bro. Thomas Medds	D. of C.
Bro. Wm. Wilcox	I.G.
Bro. Wm. Piercy	Tyler.

At the conclusion of the installation, ceremonies the ladies were admitted, and the evening passed pleasantly in dancing, singing, music, cards and supper. The occasion was one long to be remembered by all who had the pleasure of being present. The Master and wardens acting as a committee were indefatigable in their exertions to make all feel at home. They were ably sustained by the other officers and members of the Lodge.

SMITH.

From Our Own Correspondent.

HONOR ROLL.—The following is the honor roll of S. S. No. 7, Smith, for the month of December, 1881. E. Stuart Wood, teacher:—

FOURTH CLASS.—Edward Fanning.
SENIOR THIRD.—W. J. Ross, 1st; T. J. Rosborough, 2nd; Sarah Sage, 3rd; S. A. Northey, 4th.
JUNIOR THIRD.—Martha A. Ross, 1st; Hannah Blewett, 2nd; John Fanning, 3rd; Alfred E. Higgins, 4th.
"A" THIRD.—Margaret Jane Northey, 1st; Josephine Blewett, 2nd; David Ross, 3rd; Walter Rosborough, 4th.
SECOND CLASS.—Victoria Sage, 1st; Ada Ross, 2nd; Geo. Graham, 3rd; James Blewett, 4th.
PART SECOND.—Amos Ross, 1st; Emmeline Blewett, 2nd; Edward Preston, 3rd; Thomas Pearson, 4th.

ENNISMORE.

(From a Correspondent.)

MUNICIPAL.—In this township the contest for the Reeveship between Messrs. Daniel Costello and Patrick Crough, promises to be a very spirited one. The Councillors likely to be elected are Messrs. McCarthy, Malone, Scollard and Cavanagh or Calvert.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

MIDNIGHT TELEGRAMS

CABLE.

ARRIVED ALL RIGHT.

HAMBURG, Dec. 29.—The steamer Gellert, which ran ashore off Cuxhaven, has arrived here.

TREASON AND FELONY.

DUBLIN, Dec. 29.—The Whelan brothers and Ryan, committed for trial yesterday, are charged with treason and felony.

A FALSE REPORT.

LONDON, Dec. 29.—The steamer Gillert was not ashore yesterday, she only anchored off Cuxhaven because of a fog.

STEAMSHIP COLLISION.

LONDON, Dec. 29.—The vessel which came into collision with the steamship on the coast of Ireland is the County of Selkirk.

PREVENTING KIDNAPPING.

LONDON, Dec. 29.—The Government has opened negotiations with France, Germany and America with a view to establishing an International Court to deal with outrages connected with kidnapping natives in the South Pacific.

AN ARRESTED FRENCHMAN.

BERLIN, Dec. 29.—It is said that a French citizen named Hallander, arrested in Berlin at the instance of Russia, after the assassination of the Czar, on suspicion of being the person who threw the fatal bomb, will be surrendered to Russia in pursuance of an understanding with France.

A FIND.

DUBLIN, Dec. 29.—The police have found a large quantity of rifles, bayonets, and cartridges in the vault of the Protestant Church at Killkishen, County Clare.

REGARDING EMIGRATION.

LISBON, Dec. 29.—Several journals publish articles summoning the Government to take measures to regulate the emigration of people of the Azore Islands to the Sandwich Islands, and complaining of the treatment received by the Portuguese in Hawaii.

STOCK EXCHANGE TROUBLES.

LONDON, Dec. 29.—There was some depression on the Stock Exchange yesterday in consequence of the death of a large operator and the compulsory closing of his account of a million and a half for a rise in home, foreign, and American stocks. Three small failures occurred to-day in connection with the settlement, and more are expected.

THE POPE'S POSITION.

MADRID, Dec. 29.—The Spanish Minister of Foreign Affairs, replying to a question in the Cortes whether the Government would intervene in the event of a powerful nation undertaking to protect the rights of the Pope in Rome, said as far as he was aware no power contemplated taking the rights of the Pope under its special protection.

A QUADRUPLE ALLIANCE.

BERLIN, Dec. 29.—It is said Prince Bismarck has initiated a movement by which Germany, Russia, Austria and Italy shall unite in taking measures to oppose the increase of English and French influence in Egypt.

A POISONING CASE.

LONDON, Dec. 29.—At the examination of the case of Dr. Lamson, charged with murder in administering poison to a student at Blenheim House school, the prosecution stated that the analysis of the stomach of the deceased showed most positive traces of aconite poisoning.

AN IMPORTANT ARREST.

DUBLIN, Dec. 29.—The police arrested between Mill street and Macroon in the county of Cork, a man named Cornwall on a charge of having arms in a proclaimed district. A number of loaded revolvers were found in his possession. It is believed that he is the leader of a gang who have been committing outrages in the district about Mill street during the past year. Among the documents in his possession was a list of persons upon whom outrages were to be committed.

AMERICAN.

THE HUDSON DOWN.

TROY, N. Y., Dec. 29.—The Hudson has fallen and is now on a level with the docks. Little damage has been done this far.

SWIFT JUSTICE.

HAMBURG, Ark., Dec. 29.—On Christmas Col. J. M. Bell, a prominent citizen living twenty miles south of here, whipped his wife, fatally. Yesterday the neighbors hanged him.

ELEVEN TO ONE.

WASHINGTON, Dec. 29.—It is rumoured that the jury with one exception are satisfied of Guiteau's guilt and legal responsibility. It is stated that the twelfth juryman stoutly maintains that Guiteau is as crazy as a March hare.

KILLING MORMONISM.

NEW YORK, Dec. 29.—An evidence that the majority of the House is ripe for severe measures against the Mormon hierarchy is the general favour with which is received Willete's bill to abolish the legislature of Utah, and substitute a Council appointed by the President. It is understood that the majority of the Committee of Judiciary have already expressed themselves in favour of that, or some measure like it.

IMITATING GUITTEAU.

GORE, Ohio, Dec. 29.—Morgan Richards confesses the murder of Mrs. Terrell, his mother's sister, and says it was done on account of an old grudge. The murdered woman's son is undergoing a life sentence in the penitentiary for the murder of three persons four years ago. Terrell died of grief for his son's crime. There is a theory that Richards shot his aunt to prevent her revealing what she knew about others implicated in her son's crime. Richards has taken unusual interest in the Guiteau trial. A few days ago he bought a revolver remarking that it was the same kind as Guiteau used. From this it is supposed he did the murder for the sake of notoriety. There is talk of lynching him.

CAUSE AND EFFECT.—The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system.—*Advance.*

DISEASE IN BARN YARD STOCK Cannot possible obtain where Harvell's Condition Powders are mixed according to the printed directions, with their feed. All animals and poultry derive benefit from these great specifics, in both weight and prolificness. No stableman, farmer or poultry grower, is safe without them.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

THE GREAT TUNNEL.

GENEVA, Dec. 30.—The trial trip through the St. Gothard railway tunnel yesterday was highly successful. The time occupied for the passage of the train was 50 minutes one way and 33 minutes the other.

AMERICAN.

LESS THAN USUAL.

KEOKUK, O., Dec. 30.—Herman Willsing and Ex-Treasurer Lee, of Connecticut, have been indicted for embezzling $10,000 of county funds.

THE CODE OF HONOR.

NEW YORK, Dec. 30.—The *Sun* says that a difficulty has arisen between Congressman Blackburn and Geo. Burbridge, of Kentucky, on account of the former denouncing the latter's course, while a Union officer in making war on his neighbors during the late war. Burbridge wrote to Blackburn demanding an explanation. Some of Blackburn's friends say that a duel is imminent. A Kentucky member of Congress says that Blackburn's political ambition will hardly permit a duel.

NOT TO RESIGN.

NEW YORK, Dec. 30.—Vanderbilt denies the report that he is about to resign the control of his system of railways to his son Cornelius.

MEASLES AND FEVER

NEW YORK, Dec. 30.—An epidemic of measles and fever is feared on Ward's Island among the emigrants.

FELL DEAD.

SARATOGA, Dec. 30.—Henry C. Moore, a son of the proprietor of the Saratoga Lake House, fell dead on the street last evening, aged forty years.

A LONG WAIT.

NEW YORK, Dec. 30.—The *World* says that there are 1150 cases on the docket of the supreme Court of the United States. A case docketed now would scarcely reach hearing in less than four years.

SMALL-POX EPIDEMIC.

KEOKUK, Iowa, Dec. 30.—A smallpox corpse from Chicago was recently dissected in the medical college here. Forty of the students are now ill with smallpox, and there is great consternation in town. The college is virtually quarantined.

PAYING THE PIPER.

NEW YORK, Dec. 30.—The *Times* says that the claims for services growing out of the illness and burial of Garfield, and to consider what allowances or privileges should be granted his widow and family favour a liberal appropriation.

RAILWAY SMASHUP.

PHILADELPHIA, Dec. 30.—On the Pennsylvania railway at Chrittina this morning, a freight train broke loose and another train ran into it. A smashup ensued and soon after another freight train ran into the wreck. The whole mass then took fire. Two men were burned to death, and two or three were injured badly, one fatally, and another man is missing. He is supposed to be in the wreck. The authorities sent to Lancaster for fire engines. It will take twelve or fifteen hours to clear the track.

A. T. STEWART'S RELATIVES.

PROCTORVILLE, Vt., Dec. 30.—The suit of Alexander Stewart against Henry Hilton for the recovery of $200,000 from the estate of the late merchant prince has been compromised. It is stated that Alex. Stewart paid $20,000 counsel fees. Plaintiff has been paid $15,000 and Matthew Stewart, Alexander's son, receives from $25,000 to $5,000. Matthew and his father assert that they are blood relations of the late A. T. Stewart. It is said that a relation of A. T. Stewart's resides in Canada, and may now put in a claim for a part of the estate.

ANOTHER ONE IN.

MILWAUKEE, Wis., Dec. 30.—A sensation has been caused here on account of the discovery that a prominent young lawyer named Gottle English has absconded and is probably an embezzler and forger to a large amount. Speculations to the amount of $10,000 have been traced, but it is believed that it will be several times that amount. It is alleged that he swindled clients out of their estates and sold property not his own and appropriated the funds of a Jewish Society of which he was treasurer. He was for a long time probate county clerk. No young man was more trusted by the wealthy Jewish people.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cents. 2d1wly

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c, a box everywhere. d52w9

Come let the joyous tidings roll
From east to west, from pole to pole,
That woman's teeth, and lips, and breath
No more shall suffer worse than death,
For Sozodont with magic sway,
Preserves them now from foul decay.

A. L. Davis & Co.

Daily Evening Review

FRIDAY, DECEMBER 30, 1881.

THE MUNICIPAL ELECTIONS.

On Monday the polling for Town Councillors will be held, and the voters should take care to select good men, bearing in mind that the composition of our municipal Councils has much to do with our comfort and prosperity, in many respects having greater effect upon the well being of a town than even Provincial and Federal legislation.

Peterborough certainly has not had not much cause to complain of the conduct of its municipal business during the past year. The different departments have been fairly efficient, and that at a cost which compares very favourably with that incurred by other towns, and if there have been some shortcomings this is only what may be predicated of all human institutions.

As to the Mayoralty, that has already been very properly settled by the re-election by acclamation of Mr. H. H. Smith. He has his share of the credit, with the rest of the council, for the satisfactory position of our finances, and the efficiency of the different departments. In his own more immediate capacity, he has shown himself to be able, zealous and painstaking, has done good public service, and having by general consent fairly won his re-election. The town may indeed congratulate itself that he is willing to serve it again.

For seats at the Council board, all the old councillors offer themselves for re-election, and as their record as a body has been so good it is probable that the greater number of them at least will be again returned. Still there are to be contests in each ward, and as there are good men among the candidates, it is possible that some new blood may be added to the Council, without materially altering its complexion. We will not offer any detailed advice on the choice that should be made, for we are confident that the good sense of the ratepayers, with such material to choose from, will ensure them the election of a Council that in a year's time will have again earned the approbation of the community.

LAKEFIELD NEWS.

From Our Own Correspondent.

LAKEFIELD MUNICIPAL NOMINATIONS.

The municipal nominations for Lakefield took place in the Council room on Monday last the 26th instant. At 12 noon, the Village Clerk announced that he was ready to receive nominations for the offices of Reeve and Councillors for the ensuing year. Mr. R. C. Strickland was duly nominated as Reeve, and Messrs. Richard Hill, Wm. Cox, Thos. Jos. Nelson, John H. McWilliams, Wm. J. Wallace, James Horner and John Hull as Councillors. Messrs. Wallace and Horner resigned, leaving five candidates, one more than the requisite number, for the offices of Councillors. At one o'clock the returning officer declared Mr. R. C. Strickland duly elected Reeve for the next year, and adjourned the proceedings until Monday next the 2nd of January. Mr. Sanders, upon motion was elected chairman, and a public meeting was held for the purpose of discussing municipal affairs. The Reeve elect Mr. R. C. Strickland, the first speaker called upon was warmly received. He said that he appreciated the honor conferred upon in being again elected without opposition, that he would in the future as in the past, do all he could to advance the interests of the village. He spoke of the financial and municipal affairs of the Village, and referred in hopeful terms of its future prospects, and concluded a neat and interesting speech by wishing all present the compliments of the season and took his seat, (hearty applause.) The old Councillors and others made short speeches which were well received, and one of the most agreeable and good natured meetings ever held in Lakefield was brought to a close at about 2 o'clock.

SCHOOL NOMINATIONS.

The nomination of candidates as members of the Lakefield School Board, took place in the Council Room on Wednesday the 28th instant. At 12 o'clock the returning officer Mr. W. H. Casement stated that he was ready to receive nominations, and that there were two vacancies to fill. Messrs. W. Sanders, Dr. Caldwell, W. J. Wallace, and Dr. Armour were duly nominated in the above order. Messrs. Clarin and Graham were also nominated but declined election. At one o'clock the returning officer adjourned the proceedings until Wednesday at 10 o'clock at the same place when a poll will be opened to complete the election. Mr. Casement was appointed chairman and a public meeting was held. Speeches were made by the Chairman of the Board, Mr. G. J. Galvin, and Messrs. Sanders, Wallace, Urquhart, Isbister, and Dr. Caldwell, after which a vote of thanks to the chairman brought the meeting to a close. The meeting was as usual an orderly one.

INSTALLATION OF OFFICERS.

The following is a list of the officers installed by W. Bro. Caldwell, Installing Officer, at the regular communication of Clementi Lodge of A. F. & A. M., held in the Masonic Hall, on Tuesday evening last, the 27th inst., St. John's Day:—

W. Bro. Cochrane	W.M.
Bro. Lillicrap	S.W.
Bro. Dr. Bell	J.W.
Bro. S. Sheldrake	Chap.
Bro. R. Graham	Treas.
Bro. W. H. Casement	Sec'y
Bro. J. Clarin	S.D.
Bro. W. C. Sanders	J.D.
Bro. James Horner	I.G.
Bro. R. Q. Dench	D.C.
Bro Thos. J. Horner, Bro. James Moore	Stewards
Bro. K. Urquhart	Tyler

OYSTER SUPPER.

After the Installation of Officers on Tuesday evening last, the members of Clementi Lodge, A. F. & A. M. partook of an oyster supper in an adjoining room. The supper began shortly after nine o'clock, and between two and three very pleasant hours were spent in toast, song and speech. A very enjoyable and social evening was spent, and the party broke up with "happy to meet, sorry to part, and happy to meet again."

ELECTIONS.

The Municipal Elections will be held in the Council Room, on Monday next. The poll will be opened at nine o'clock in the morning.

The school election will take place on Wednesday next in the Council Room. The poll will begin at 10 o'clock in the morning. Each voter will have two votes only.

SCHOOL BOARD MEETING.

A special meeting of the Lakefield School Board was held in the Council Room on Monday last to take into consideration Mr. Cox's resignation as a member of the Board. After some little discussion, a motion was moved, seconded and carried, accepting of Mr. Cox's resignation. Mr. Cox resigned on account of being a candidate as Councillor and not wishing to hold both offices.

RUNAWAY.

On Thursday the 22nd inst., a horse, the property of Dr. Armour, while standing on Queen street, by some means became frightened, and dashed up the street at a terrible pace. On Church street it was dexterously stopped by our esteemed Reeve, who was coming down the street at the time. He quickly took off his over coat and flung it in front of the animal; it was stopped, and the buggy to which it was attached saved from injury.

BUTTER.

Mrs. L. Steele, of Lakefield, made and sold from the milk of four cows, besides supplying the family, 713 lbs. of butter, at 20c per lb. realizing $142.60, in five and a half months time. These are facts that can be substantiated at any time. This is surely hard to beat.

BOILER EXPLOSION.

Residents of Oswego Get a Shaking Up—One Life Lost.

Oswego, N.Y., Dec. 27.—At 6.20 this morning a sudden shock, variously described as of an earthquake or a sudden clap of thunder, was felt all over the city and many miles into the country, making houses tremble as if seized and shaken by a strong and sudden grasp. In the vicinity of West First, and Utica streets the crashing of window glass indicated that the scene of some great disaster was near by, and those who began to look around saw a great big rent in the west wall of the Shade Cloth Company's building at the east end of the Utica street bridge. The ground for blocks around was strewed with the debris of the building, and the boiler house and boiler itself, indicating that the secret of the disturbance was

A TERRIFIC BOILER EXPLOSION.

At the early hour of the explosion daylight had hardly set in, and therefore the accounts of various persons who claim to have seen it are very confused and contradictory. They generally describe it as as a sudden bursting out and upheaving within the building, accompanied with a strange flash of light. The darkness concelled the flying fragments and missles, but their noise was heard as they hurled through the air, and the dull thud of bricks and iron and wooden timbers dropping all around was not reassuring to those in the vicinity. The concussion in the immediate vicinity was terrible. The force of it seems to have been mostly to the westward, and the most serious damage was to property on the west side of the river. Houses shook as if they were about to tumble down, windows rattled and crockery danced on the shelves and there was havoc in many of the surrounding dwellings. The explosion tore out a section of the west wall from the bottom of the foundation to the roof thirty feet widee, as clean as if done by human agency,

The only loss of life reported is that of Capt. William Doran, aged 57, of East 7th-street, who was the only person in the building, he being the night watchman, it was his duty to fire up the boilers. He has not been seen since the disaster and is supposed to be either buried in the ruins or blown into the river.

From Thunder Bay.

Navigation is yet open on Thunder Bay, and although the middle of December is past; the small steamer Siskiwit is plying between Prince Arthur's Landing and Duluth. While every other part on Lake Superior is closed up for the winter, Duluth, the best American harbour, and Prince Arthur's Landing, the best Canadian harbour, are both open and offering facilities for the loading of steamers equal to any during the earliest part of the season. In fact, at this season of the year the water is less liable to be rough, and a boat is able to make better headway. Four years ago the weather was remarkably like the present, and that year the steamer from Duluth left here in the early part of January, and revisited this part on March 16th, on both occassions steaming up to the docks at Prince Arthur's Landing, and landing freight and passengers without any difficulty. That same season the lake did not finally close up until the early part of February, and practically there were only one and a half months during which navigation would have been impeded by ice in Thunder Bay. With large boats properly guarded at the bows there would be little difficulty in keeping open a channel from the docks at Prince Arthur's Landing to the open water of Lake Superior after Thunder Bay has become frozen over, and when traffic shall have increased to warrant it, we may yet hope to see winter navigation of Lake Superior a certainty.—*Sentinel.*

Hagyard's Pectoral Balsam will cure coughs, colds, asthma, croup, whooping cough, sore throat, bronchitis and all lung complaints that lead to consumption. Price 25 cents.

What's the use of Talking? There is no denying that Sozodont is the best preparation for the mouth and teeth. Preparations, like snowflakes in number, have appeared, but the public faith is still strong in the virtue of Sozodont. Its use grows yearly.

A Cure for Croup.—Apply flannel saturated with Hagyard's Yellow Oil and administer the oil internally on a little sugar as directed on the bottle. Yellow Oil cures rheumatism, burns, scalds, chilblains, lameness, and all flesh wounds. All dealers supply it, only 25 cents.

A great many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

DISTINGUISHED VISITORS.

Arrival in Montreal of the French Yorktown Delegates.

Montreal, Dec. 28.—The French Yorktown delegates arrived here to-day, and comprise General Boulanger, Commandant of the 14th Brigade of Cavalry; Colonel Bossan, of the 20th Dragoons; Commandant Dupusy and Captain Daboville, both grandsons of Lafayette; Lieutenant Dabouville, Lieutenant De Sahune, Lieutenant De Noailles, and Lieutenant De Gouvelle. The party was met at New York and accompanied to Montreal by Lieut.-Colonel Ouimet, Major Hughes, and Messrs. H. Beaugrand, of *La Patrie*; Gelinas, of *La Minerve*; H. Parent Jeantet, B. Globensky, and J. B. Labelle. At the depot were the Comte de Ses-Maisons, and Monsieur C. O. Perrault, Vice Consul of France: Dr. Lepropon, Vice Consul of Spain: Consul-General of the United States, J. O. Smith and others, awaited the guests at the Windsor. In the afternoon the party were driven through the mud two or three inches deep on the streets and were shown the public buildings and places of interest. In the evening a reception was held at the Windsor Hotel, and the parties leave for Quebec to-morrow morning returning on Saturday when they will be served with a collation, and in the afternoon will leave for New York.

As an ounce of prevention is better, they say
Than a pound of the best sort of cure,
Let us keep our teeth and gums from decay,
And our mouth and our breath fresh and pure,
For a bottle of Sozodont is all we require,
To speedily realize all we desire.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Taylor & Macdonald. d5w27

Mack's Magnetic Medicine is an unfailing food for the brain and Nerves, and by its rejuvenating effect on these organs nevers fails to cure nervous exhaustion and all weakness of the genative organs, See advertisement in another column.

All our Druggists now heartily endorse the amazing success of Mack's Magnetic Medicine, and recommend it for both sexes in all cases of sexual weakness. See advertisement in another column.

"There was a sound of revelry by night,"
And joy unmixed had added its delight,
And history graved its grateful record when
The Esterbrooks brought out their Falcon Pen.

Aha!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

THE NUN OF KENMARE'S FAITH.

Her Remarkable Account of a Visit to the Shrine at Knock.

SIR,—As a paragraph has got into many papers with an incorrect account of my visit to Knock, I beg your kind insertion of the following. Such reports, from whatever source they emanate, do incalculable harm, as they throw discredit on real miracles. The facts are simply as follows:—I obtained permission to visit Knock, as Archdeacon Cavanagh was anxious that I should found a convent there if possible. I went there accompanied by the chaplain of the Kenmare convent. I neither asked for, wished for, nor expected a miraculous cure. In fact, I may say truly the idea never crossed my mind. For the last four years I have been unable to kneel down for one instant, even to receive the holy communion, from inability to bend my knees, the consequence of acute rheumatism. On approaching the place where the blessed mother of God is said to have appeared I knelt instinctively, and on rising in a few moments I found I was perfectly cured of this long-standing malady. Both Archdeacon Cavanagh and my confessor, the Rev. Neligan, C. C., of Kenmare, were present. How far this may be termed a miraculous cure I leave it to ecclesiastical authority to decide. Probably, however, it is only one of those cures for which the recipient must thank God, but which could not be accepted by ecclesiastical authority for the confirmation of a devotion.

Yours faithfully,
SISTER MARY FRANCES CLARE,
Presentation Convent, Tuam.

DASTARDLY ASSAULT.

An Old Man Beaten by Colored Men of the G. W. R. Wood Train.

Archibald McIntyre, an old man from Bismarck, was beaten in a terrible manner by some colored men who belong to a G. W. R. wood train. When first seen he was coming down Talbot street, his face cut and covered with blood, and three of his front teeth in his hand. The old man presented a pitiful spectacle, and his grey hair and whiskers, besmeared with blood, excited the sympathy of the passers by. It appears he had lost a silk handkerchief in the early part of the evening while in the company of some colored men, and meeting them on the street near the Penwarden House afterwards, they fell upon and beat him in an unmerciful manner. Sergeant Ross succeeded in capturing one of the culprits, named Vincent Brown, but the others succeeded in getting away. P. C. Medcalf had one powerful man in custody, but he succeeded in gaining his liberty, and shot away like a deer. Several shots fired after him from a revolver had no effect in stopping his flight. Sergeant Ross requested several able-bodied men, who were standing by, to assist in the capture of the gang, but they edged away, not thinking it prudent to risk their heads in an encounter with such desperate characters. The police will not rest satisfied until they capture the whole gang, and have the punishment meted out to them they richly deserve. The man captured gave his name as Isiah DeGroat.—*St. Thomas Journal.*

Guiteau's Christmas Manifesto.

Guiteau, failing to get a customer for the document he prepared on Monday, to-day gave it to the press free of charge. It tells how the writer spent Christmas in other years, and rehearses the story of the crime and its causes, as already told by the assassin by numerous manifestos and in court. It opens as follows:—"Christmas morning, 1881. By Charles Guiteau. To-day is Christmas, and I greet the American people with, Merry Christmas." He says the Diety compelled him to remove the President, just as the highwayman compels a man to give him money after placing a pistol at his victim's head. The victim may know it is absolutely wrong for him to give money that his wife and children need, but how can he keep it, with a pistol at his head? His free agency is destroyed, and he gives his money to save his life. It was the most insane and most foolhardy act possible, and no one but a madman would have done it, but "pressure on me was so enormous I would have done it if I had died the next moment." He says:—"I presume the jury will give this case their most solemn attention, and dispose of it according to facts and law, and I believe the high-toned press of the nation will acquiesce in their verdict. Had Garfield done as well as Arthur he probably would have been alive to-day. I have no doubt as to my spiritual destiny. I have always been a lover of the Lord, and whether I live one year or thirty I am His. As a matter of fact, I presume I shall live to be president." Concluding, he says:—"Thus far the Deity has fathered the fact to my entire satisfaction. He knows I simply executed His will, and I know it, and a great many people are beginning to see it, and they will see it more and more as time advances. I put up my life on the Deity's inspiration and I have not come to grief yet, and I have no idea I shall, because I do not think I am destined to be shot or hung. That is a matter for the Deity to pass upon, not me. Whatever the mode of my exit from this world, I have no doubt but my name and work will go thundering down the ages, but woe unto the men who kill me privately or judicially."

A Good Joke.

The story is told of a well-known politician of this city, who had the misfortune to have one of his legs shorter than the other. He would never carry a crutch, and his friends often wondered how he could go about so well without one. One evening, feeling rather thirsty, he presented himself at the bar of the Tremont House, presided over at that time by William Pitcher. Resting an his short leg, he ordered his drink, and while it was being prepared, shifted the weight of his body to the long one, thus increasing his height several inches. Shortly after, having finished his labour with spoon and bottle, Pitcher placed the delicious beverage he had been concoting upon the counter, and with a bewildered look on his gemal countenance, asked: "Where in thunder is the little fellow that ordered this drink?"—*Boston Courier.*

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, **Liver and Kidney difficulties, Ruptures,** and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

A maple tree near Schooley's mountain has recently attracted much attention by its erratic determination, persisted in for several years past, to retain its foliage through all seasons. Though standing in an exposed position and exhibiting no other peculiarities, it never sheds its leaves, nor do they show the slightest effect of frost bites and wintry blasts. This mysterious vitality is attested by scores of persons, but no one can account for it.

FROM ALL OVER.

GUITEAU is a great apple eater. He eats a half of a peck a day, besides other food enough for three men.

"MY ex-wife" is Guiteau's way of speaking of his sundered tie. Ere long she may retaliate with my "executed husband" says the Chicago *Times*.

BUT ONE OPINION prevails throughout the world, and that is so strongly in favour of Perry Davis' Pain-Killer, that no other article ever attained so wide spread popularity.

A WOMAN caused a commotion at Wadena, Minn., by wildly chasing a big dog and crying "Stop him! he has swallowed a twenty dollar bill." An obliging butcher promptly caught the beast, killed him, and recovered the money.

A MISERABLE effort at economy is practiced when the owner of stock decides that anything is good enough for his horse. His wiser neighbor uses St. Jacobs Oil, and never has anything else but good fortune with his animals and pleasure in their appearance.

THERE are 11,200 so-called surplus women in the State of Connecticut. And curiously enough this surplus is found in the large towns, such as New Haven, Hartford, Bridgeport, Norwich, New London: while in the small towns, as a rule, the men exceed the women in number.

FROM the *steady, firm* and *regular* beat of the *Heart*, replacing interrupted and feeble action of that organ, demonstrated in a variety of cases, Fellows' Compound Syrup of Hypophosphites is known to exert a powerful tonic effect on the muscles of the *Heart*.

SURE CURE FOR A COUGH.—The most reliable remedy for a cough or a cold, asthma, shortness of breath, sore throat, weak lungs and all bronchial troubles, is Hagyard's Pectoral Balsam. Price 25 cents.

DR. TALMAGE gave notice at his Christmas service that the free seat and voluntary contribution system, which has been in operation at the Tabernacle for about ten years, is henceforth to be abandoned and that the pews and sittings are to be rented to the highest bidders.

A LADY'S WISH.—"Oh, how I do wish my skin was as clear and soft as yours," said a lady to a friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure, rich blood and blooming health. It did so for me as you observe."—*Cairo Bulletin.*

RECENT explorations in Gloucester county, N. B., have given quite a boom to mining interests in that part of the country. A large quantity of silver ore discovered in a new locality is pronounced by Mr. Lescombe, Manager of the Nigadoo Mines, the best he has yet seen. Several tons of the ore are to be sent to New York at once for smelting purposes.

WHAT TO STUDY.—Pope, the poetical philosopher, said "The proper study of mankind is man, and yet, how little is the real science of man studied. If people understood and heeded the laws of health, and if when out of sorts would resort to a common sense like Burdock Blood Bitters, many of the "ills that flesh is heir to" might be effectually remedied. It invigorates and regulates all the secretions to a healthy action.

MR. Thomas Greenway, M.P.P., of Crystal City, Man., intends tearing down his large brick residence at Centralia, selling the brick on the spot, and shipping all the sash, doors, windows, floorings, etc., up to Crystal City, where he says he can realize more for them than the whole $5,000 homestead would bring in this Province.

TWO Poughkeepsie young men the other day while at a roadside inn resolved to test one's marksmanship and the other's bravery. One stood in the road, the other with a rifle stood 20 feet away and shot a bottle from his companions head. A lemon was then procured and the sharpshooter blazed away again and pierced the lemon, knocking it from his friend's head. There were many spectators to this criminally reckless action.

RESTORED TO HIS USUAL HEALTH.—From James Mitchell, a well known manufacturer at Springfield, Vt.—"Several years ago I was attacked with a severe lung difficulty, which was quite alarming. I had severe night sweats, and all the premonitary symptoms of consumption. After having tried several remedies and the skill of physicians without benefit, I was induced to use Wistar's Balsam of Wild Cherry, the first bottle of which afforded immediate relief: and a continuance of its use soon restored me to my usual health. For twenty-five years past it has never failed to afford entire satisfaction in all cases of colds, or any throat or lung difficulties. I know of no medicine its equal." 50 cents and $1 a bottle. Sold by dealers generally.

PRINCE Leopold's wedding day will come in the last week of March or the first fortnight of May—society gossip is not able yet to say which. All is said to depend upon the alacrity with which Parliament disposes of the financial element in the case. After their marriage the Prince and his wife will reside permanently at Claremont, whither the books, pictures, and other articles of the Prince have already been taken from Windsor. Claremont was settled on the Queen for her life after the death of King Leopold, and there is said to be a notion in Court circles of asking Patliament to grant a reversion to the Prince after the death of the Queen.

ZOPESA.
(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

Daily Evening Review

FRIDAY, DECEMBER 30, 1881.

LOCAL AND MUNICIPAL.

Railway Notes.

A private meeting of the Directors of the Victoria Railway was held in Toronto on Thursday to consider the Midland consolidation matter.

The share holders of the Victoria Railway held a meeting in the Federal Bank building, Toronto, on Thursday afternoon to confirm the Midland consolidation agreement in so far as they are concerned. No further business of importance was transacted.

An Ottawa dispatch says that Mr. Lumsden has succeeded in locating an excellent route from Perth to the western end of the Bald Mountains in Kaladar, the most difficult part of the line to Peterborough. The boad crosses Sharbott Lake by a bridge over three islands, and in comparatively shallow water, it then goes up the south side of the lake, and north of Arden, but always keeps south of the T. & O. Line. The engineering party are now working on the location survey to the west end of Sharbott Lake.

Midland and Grand Junction Railways.

The traffic returns of the above railways for the week ending 21st Dec., 1881, were as fol. lows :—

MIDLAND RAILWAY.—Passengers and Mails, $1823.15; Freight, $3121.01; Total, $4944.16, as compared with $4410.62 for the corresponding week of 1880, being an increase of $533.54 and the aggregate traffic to date is $393.236,60 being an increase of $63,419.07 over 1880.

GRAND JUNCTION RAILWAY.—Passengers and Mails, $453.87; Freight, $715.63; Total, $1,169.50, as compared with $879.27 for the corresponding week of 1880, being an increase, of $290.23; and the aggregate traffic from 1st June to date is $66,608.57, being an increase of $35,599.82 over 1880.

The Firemens' Salary.

The Chief of the Fire Brigade has received from the Treasurer the sum voted annually to the members of the Fire Brigade, to recompense them in a slight manner for the time they have spent during the past year in endeavoring to save the property of their fellow-citizens from destruction by that fiend—fire. The members of the brigade are requested to meet at the Simcoe street Hall this evening at 8 o'clock, sharp, when the amount due to each man will be paid over to him. It is not necessary to ask for a full attendance, they all know enough to be on hand.

Our Band.

Once more the band is on its usual rounds, visiting and serenading the citizens, as is customary at this time of the year. It is not necessary for us to state that the members have during the past year done all they could to afford amusement to the citizens, as that fact is well known to all, and as they have gained fresh laurels abroad on different occasions, they are more worthy of support that ever. We hope that they will be hospitably entertained and when their visits are ended, that they will not be disappointed from a monetary point of view.

Railway Notes.

The *Intelligencer*, after quoting our item regarding the new survey, adds that Mr. Cox is pursuing a wise course in this matter, as it will be less costly in the end to secure the shortest route, even if the cost of construction be much greater than that of the longer line. The shortening of the route is decidedly in the interest of Belleville.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes. Strong winds and gales from north-west, fair colder weather with snow flurries.

Town Council Meeting.

A special meeting of the Town Council has been called for this evening, at 7.30 o'clock. The principal business, so far as is known, will be the appointment of School Trustees and the settling of the much vexed projecting sign question.

An Old Favorite.

In an account of a recent concert at Winnipeg, the *Sun* says of a an old Peterborough favorite: "Mrs. Scobell sang "The Rosebud" in an excellent manner at the social on Thursday evening. The lady is possessed of a rich and powerful alto voice."

POLICE COURT.

THE FIRST SHOT FIRED.

FRIDAY, Dec. 30.—The adjourned cases against various merchants for the erection of projecting signs came up again this morning.

Mayor SMITH explained that the cases had been adjourned before in order to see what action the Council would take in the matter, but owing to the fact that last Monday was a holiday the Council did not meet as anticipated, and in consequence the matter rested just as it did before. On behalf of the defendants he asked that the cases be enlarged for a few days, as the Council had to meet at an early date.

The MAGISTRATE said that all the Council could do was to repeal the present by-law, as there was no other way of getting around the matter. If it was repealed the present signs would remain as they are, and any other person who so desired could erect any kind of a sign his fancy might dictate. The present Council might repeal the by-law, but that would not prevent the incoming Council from passing another and similar one.

Mayor SMITH—The probabilities are that the next Council will be composed of very nearly the same persons as the present one, and therefore anything that they might do now they will not upset again next year. He again asked for an enlargement.

Mr. ALEX. GRAHAM, one of the defendants, stated that as far as he was concerned, he did not ask for or wish an enlargement, as he was prepared to go on with his case and let it be tried on its merits.

Mayor SMITH then asked for an enlargement of the other cases, leaving out Mr. Graham's.

The Magistrate granted the enlargement.

THE FIRST CASE.

Mr. Alexander Graham was then charged by P. C. McGhee with erecting a projecting sign in front of his premises on George street, contrary to clause 37 of by-law 395, which reads as follows :—

"That no person shall erect or continue any awning, sign, sign-post, hanging or swinging sign, which shall in any way extend over any street or sidewalk in the said town, unless a plan thereof shall be first submitted to and approved of by the Council."

P. C. MCGHEE was sworn, and said that he noticed some carpenters engaged in putting up a sign in front of the defendant's premises on George street. He warned the men that it was against the law, but they replied that they had nothing to do with it, but were simply carrying out Mr. Graham's orders. He then notified Mr. Graham that the erection of such a sign was against the by-lay.

Mr. GRAHAM—It is false. You did not notify me until the work was finished. I was at my breakfast when the work was done, and at the time of your first visit.

P. C. MCGHEE said he had called the second time to see the defendant, and had notified him. The sign projected some six or seven feet over the sidewalk. It was contrary to the by-law.

The MAGISTRATE said he had no alternative but to find the defendant guilty, and he would reserve sentence until Wednesday next, to which date the other cases were adjourned.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's. old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GEASS.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale Their stock is the largest in town. The assortment is without a rival, and the prices are right.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

LOOK TO YOUR LUNGS.—When these vital organs become effected from any cause whatever, they can be speedily relieved by Herrick's Sugar-Coated Vegetable Pills, that subdue all fever, purify the blood, and destroy all pain. These pills never fail. They are for sale everywhere. Try them.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

A GREAT REDUCTION

—IN—

Dress Goods and Black Velveteens

FOR THE NEXT TWO WEEKS AT

GIROUX & SULLIVAN'S

LADIES,—See our All Wool Black Cashmeres, worth 75 Cents; now Reduced to 50 Cents.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

NUMBER TWO WARD.

To the Editor of the Review.

SIR,—On my return to town to-day I learned for the first time that I had been nominated for the position of Councillor of the Second Ward. This was done without my authority or consent, and I would have preferred not being a candidate, but as I have been earnestly solicited not to withdraw I am now willing to abide the event.

Yours, etc.,
A. P. POUSSETTE.

Peterborough, 30th Dec., 1881.

The Toronto "Zoo."

We are pleased to notice that the management of the Toronto Zoological Gardens announce that they will devote to the Muskoka relief fund one-half of the receipts during the Christmas week. The gardens are large and are well filled with rare animals and birds. Visitors from Peterborough should not fail to call, as they will be well repaid for the visit and at the same time they will contribute towards a worthy object.

SERIOUS disturbances are reported from Canton, where a mob burned a monastery known as the Temple of Longevity, the largest and richest monastery in South China. The roits originated in the alleged immorality of the cenobites. The military were called out and quelled the *emeute* at a cost of some loss of life. The priests were burned in the temple.

THE ELECTRIC LIGHT, superceding as it does all other modes of illumination, and rivalled only by the glorious sunshine, will not be hailed with greater joy by mankind, than Burdock Blood Bitters, which is as far superior to all other blood purifiers and tonics as the electric light is superior to the old-fashioned tallow dip. Burdock Blood Bitters cures scrofula, and all foul humors and impurities of the blood.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

WHEN an Austin schoolmaster entered his temple of learning a few mornings ago, he read on the blackboard the touching legend, "Our teacher is a donkey." The pupils expected there would be a combined cyclone and earthquake, but the philosophic pedagogue contented himself with adding the word "driver" to the legend, and opened the school with prayer as usual.

THE GREAT
GERMAN REMEDY.
FOR
RHEUMATISM,
Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,
Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co, in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

Daily Evening Review

SATURDAY, DECEMBER 31, 1881.

THE NEW YEAR.

Before our next issue the present year will have passed away, and we will have entered upon a new one. At this season it is natural to look back and observe the progress that has been made in the last twelve months. We have every cause to be grateful at the retrospect. That the whole country is prosperous and flourishing is acknowledged by all, even while they differ as to the cause of the improvement. In the general prosperity it is certain that our town and county have fully shared. The thriving business, the evident prosperity, and the growth of Peterborough are noticed by all, and especially by our visitors.

Looking forward the prospect is equally satisfactory. The prosperity to which we have referred appears to be no transient improvement, but the beginning of an era of substantial growth and flourishing industries.

Among other things it is hoped that the amalgamation of the Midland and its connecting lines, making our town a grand railway centre, will give a fresh impetus to its trade and progress.

For ourselves we may say that as during the past year we have endeavoured to improve the REVIEW, so that it might be in keeping with its surroundings, so in the coming year we will persevere in the same course, and strive to keep pace with the times. We feel confident that by so doing we will secure the support and approval of our readers, to whom, one and all, we wish

"A HAPPY NEW YEAR."

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

An Excellent By-Law.

As the matter of projecting signs is just now causing considerable excitement in town, we have been led to read the whole by-law and find that it is one of the best on the town books, and as the police are so bent on enforcing one clause, we hope that they will equally zealous in enforcing several others that we will mention, feeling confident that the citizens at large will be greatly benefitted thereby. The following are worthy of notice:—

Clause two provides that three or more persons shall not stand in a group, so as to obstruct the free passage of any street or sidewalk.

If the above clause is enforced ladies will no longer complain of the gangs of roughs that stand at every street corner, almost every warm night and make remarks as they pass by, and church going people will not see gangs of loafers around the church doors on Sunday nights.

There shall be no furious driving on the streets. Every horse shall be tied or fastened. No person shall throw rubbish on the streets. No firewood shall block up the sidewalks. No goods are to be exposed on the sidewalks or in front of stores. No gambling shall be allowed. No ringing of bells (for auctions, etc.,) shall be permitted on the public streets. Every person shall have an ash-house. No person shall smoke in a carpenter's or cabinet-maker's shop or stable, or carry a lamp or candle in them unless it is covered.

Whether all the above provisions which we have summarized, are heeded or not, we leave it to the public to judge, simply stating that any person guilty of any of the offences is liable to be heavily fined or imprisoned.

A very good and wise clause is that which provides that the occupant of every house within the town shall cause every chimney and flue in his or her house, in which a fire is commonly made or kept, to be properly swept at least twice, between the first days of October and April in every year; and, in case of chimneys in daily use in manufactories, once in every eight weeks throughout the year.

The above clause is one that should be enforced above all the others, considering the great risk we run from fire, and our totally inadequate means to fight a conflagration of any extent. We will undertake to say that not one out of every hundred householders in the town of Peterborough, ever knew that there was such a clause, or if they did, that they do not pay the slightest attention to it. As we are well aware there are hundreds of people in town who know nothing whatever about this by-law, and we would suggest that a number be struck off in sheet form, the same as the snow by-law, and a copy left in every house in the town.

Another Trial.

Vennor writes that 1882, entering probably cold with but little snow, is likely to close with heavy snow falls and bluster. In such a manner do I get at my first outlines of the weather in advance, and subsequently catch at the outline of the whole year by comparisons of a like nature too numerous to mention here. I would further remark that I changed my mild prediction for this December at the last moment and after the almanac was in form, because I thought there were indications of the weather sliding into last year's groove, and because I inferred from the great and prevalent storms on the Atlantic and gales in the Gulf of St. Lawrence that December would give us rapid transitions from southerly to northerly winds. In this I was mistaken. You will now notice that the year will terminate or New Year enter with a fairly "cold dip," but there will be rains and slush in January again as in 1878.

The Right Man in the Right Place.

Mr. James Dolan, who has just closed a very successful clearing sale of his own stock of dry goods, &c., has removed to T. Dolan & Co's. old stand, where he has already begun to do a rushing business in clearing out the stock in these premises, along with several bankrupt stocks from Toronto. Judging by the large sales to-day, James is evidently the right man in the right place.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes and St. Lawrence—High southwesterly to northwesterly winds, cloudy to fair, colder weather, with local falls of snow. Gulf—Fresh to strong winds, fair to cloudy weather, lower temperature.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

A LARGE PROPORTION of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

A CASE OF HYDROTHORAX CURED.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphrey, of Durand, Wis.*

MIDNIGHT TELEGRAMS

CABLE.

A RUMOUR DENIED.

BERLIN, Dec. 30.—A despatch denies that Hollander, the French citizen suspected of throwing the bomb which caused the death of the Czar, has been surrendered to Russia.

TERRIBLE LOSS OF LIFE.

LONDON, Dec. 30—A coasting steamer and two steamers engaged in the Mediterranian trade, have been given up as foundered during the November gales. The probable loss of life is 110.

MORE FAILURES.

LONDON, Dec. 30.—Three more small failures on the Stock Exchange occurred to-day.

AMERICAN.

DANGERS OF THE RAIL.

SPRINGVILLE, Ill., Dec. 30.—A construction train on the St. Louis, Jerseyville and Springfield railway, was wrecked at Newburn last night. John Berryman was killed and several others injured.

ANOTHER VICTIM.

SYRACUSE, Dec. 30.—The body of Jacob Kassell, who has been missing since Christmas, was found to-day in the canal. The verdict the jury found was "drowned while intoxicated."

A GREAT SCOURGE.

SPRINGVILLE, Ill., Dec. 30.—Small pox prevails in 37 places in this State.

COUNTERMANDED.

BUENOS AYRES, Dec. 30.—The expedition organizing at Valparaiso, for the capture of Arequipa, Peru, has been countermanded.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

AMERICAN.

FARMERS' CONVENTION

NEW YORK, Dec. 31.—A Washington special to the *Tribune* says that in July Commissioner Loring sent invitations to all the Agricultural Societies in the country to send delegates to a series of conventions at Washington in January. It is probable that every State will be represented by four or more delegates. Over forty delegates intend to read essays.

THE OCEAN'S PERILS.

NEW YORK, Dec. 31.—The steamer Stella, from Plymouth, yesterday brought 300 passengers of the steamer Castor. The latter vessel after 20 days battling with storms, had to return to Plymouth. The Castor lost three men overboard. The Stella also experienced severe weather.

THE FENIAN FUND.

NEW YORK, Dec. 31.—The Irish National League last evening gave a grand ball in aid of the fund of $25,000 which the Chicago Convention determined to raise.

THE CLAYTON TREATY.

NEW YORK, Dec. 31.—The *Sun* says that it was rumored some days since in diplomatic circles that one of Freelinghuyson's first official acts was to begin correspondence with Great Britain in relation to the Clayton treaty. The impression obtains that the correspondence is of an entirely different nature from that already made public. It is said that neither Freelinghuyson nor J. C. Bancroft Davis approve of Blaine's method of diplomatic administration. The administration, however, feel disposed to make an effort in the traditionri way to arrange with Great Britain certain modifications of the Clayton treaty. From official information from Great Britain the Home Office, London, will be pleased to learn what suggestions this government has to make. It is believed Freelinghuyson, while making suggestions for negotiations, signified to the British Government the errnest desire of the President for an amicable adjustment of the questions involved.

GRAY'S TESTIMONY.

WASHINGTON, Dec. 31.—Dr. Gray's entire testimony is a remarkable contribution to the literature of the Guiteau trial.

NEW EVIDENCE

WASHINGTON Dec. 31.—At the proper time Scoville will file an affidavit setting forth the discovery of evidence material to the issue involved, which will probably be admitted.

A BIG LAND GRAB.

NEW YORK, Dec. 31.—The *World* says that it is claimed that the Maxwell land grant in New Mexico and Colorado, of two million acres of valuable mineral land, has been stolen from the government through fraudulent survey. Since 1879 three and a half million acres in Florida have been certified as swamp and overflowed land. More than one million of these acres are neither swamp land nor overflowed lands, but agricultural, tillable lands. The three commissioners appointed by the Interior department to investigate these lands have been dismissed because of their inability to see dry land where dry land existed.

IMMIGRATION RETURNS.

NEW YORK, Dec. 31.—400,000 immigrants landed here this year.

BLAINE'S CIRCULAR.

NEW YORK, Dec. 31.—The *Herald's* Washington special says that the State Department so far has not received any reply from London to the despatch of Blaine, concerning the abrogation of the Clayton Treaty.

GONE UP SPOUT.

NEW YORK, Dec. 31.—A Pittsburg despatch announces that Geo. H. Nesbitt has been expelled from the Petroleum Exchange for inability to meet contracts. Nesbitt's speculations on change involved a million of dollars in a single day.

GIVEN AWAY—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

A. L. Davis & Co.

Daily Evening Review

SATURDAY, DECEMBER 31, 1881.

CAR WORKS.

Although no mention has as yet been made of the matter in the press, we believe many of our town readers are already aware that an effort is being made to organize a company in Peterborough for the erection of car works and the building of cars. In view of the existing and prospective demands for railway cars of all kinds in Canada, it cannot for a moment be questioned that the facilities for their manufacture must be largely increased within the next few years. Indeed we know of no branch of manufacturing at the present time which holds out the same inducements to capitalists as that of building railway cars. Not only are the existing establishments overcrowded with work, but the demand in Canada must rapidly increase for some years to come, thereby ensuring a steady market for all that can be made, and the question would really seem to be narrowed down to where these manufactures will be carried on.

The car building industry is one that must be of very great benefit to the place or places in which it is located, because the labour employed is all that of skilled men, to whom large wages have to be paid, and each of whom generally represents a family, thus adding, proportionately, enormously to the population of the municipality in which they are employed.

At the instance of those who are taking an active part in promoting this matter, Mr. Law, an experienced engineer, and Superintendent of car works from the State of Pennsylvania, is now in town with reference to this matter, and we gather from him that the smallest sized works of this kind that could be carried on with advantage, would be one capable of turning out from five to six cars per day. Such works would give employment to about 175 hands, at a monthly wage of $8,000, or $96,000 per annum, while the material used, and much of which could, and no doubt soon would, come to be manufactured in and about Peterborough, would amount to $500,000 a year. To establish such works, however, considerable capital will be required. The buildings and ground would cost about $20,000, and the machinery for their proper manufacture would cost another $20,000, while manufacturing at the rate named the balance of $100,000 would be none too much to enable the company to operate the works properly and economically.

From the little we have already said it must be obvious to every one that the town, as a town, must reap very great benefit forom the establisnment of such works, if they can only be set in motion, while from the figures which we have seen, and which have been pronounced feasable by those who ought to know, there seems to be an ample margin for a handsome profit for those who put their money into the undertaxing.

Mr. Cox, with his usual enterprise, after examining the figures, has intimated his readiness to subscribe one tenth of the stock required for this undertaking providing the paid up capital be not less than $100,000 nor more than $200,000, which by itself should be a strong inducement to other property owners to come forward and do their share in setting in motion an enterprise which, in conjunction with other things that are taking place, and which will follow in its wake, will give Peterborough a "boom" which will be of inestimable value to both itself and the surrounding townships. One thing is certain if our citizens do not take this matter up some other place will, and of course every additional factory started just lessens the inducement to start another. The railways cannot carry freight without cars and to get cars they must be built in Canada and some people and some municipality or municipalities must be benefited by the building of them. That Peterborough people should be among the happy ones to reap such benefits, every one would of course like, but "liking" won't secure the advantages unless we work for them. It remains to be seen whether our citizens will do the "work" required. They can *if they will*, and make money out of it too.

"My personal knowledge of the effect of St. Jacobs Oil on burns, sprains and bruises leads me to express myself strongly in favor of the Great German Remedy," writes Mr. Frank S. Brown, North Attleboro', Mass.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

WINDING UP THE YEAR.

ALL THE PROJECTING SIGNS IN TOWN TO BE REMOVED BY THE 1st OF MARCH.

Messrs. Robert Weir and A. P. Poussette Appointed High School Trustees After Some Discussion—Miscellaneous.

A special meeting of the Town Council was held at the Council Chamber on Friday evening, present, His Worship Mayor Smith, in the chair, and Councillors Cahill, McNaughton, Kelly, Paterson, Chamberlain, Yelland, Douglas, Rutherford, Menzies, Hartley and Richardson.

The minutes of the last meeting were read and confirmed.

COMMUNICATIONS.

From W. A. Morrow, Sec'y-Treas. of the School Board, enclosing a resolution asking for the payment of the School appropriation.—Received.

From John Corkery, Sec'y-Treas. of the Roman Catholic Separate School Board, to the same effect.—Received.

From Geo. A. Cox and 73 others asking for a gas lamp at Hill's grocery, corner of Park and Brock Streets.—Fire, Water and Gas Committee to report.

From J. Heron asking for remission of statute labor tax.—Court of Revision.

From F. W. Haultain and others asking for a gas lamp at the Church of England.—Fire, Water and Gas Committee.

From James Coughlan asking for the remission of statute labor tax.—Court of Revision.

From Jane Trotter asking for remission of taxes.—Finance Committee.

From R. F. Tate asking for a reduction of income tax.—Court of Revision.

From John Whyte asking to be allowed to use the stone piers on Hunter street.—Street and Bridge Committee.

From Jno. Ballantyne asking for the re-payment of $11 overpaid taxes in 1876.—Finance Committee.

From T. G. Choate asking for a billiard license for two months.

The Mayor said that Mr. R. Nicholls complained that some stock owned by Mrs. Scott, but held by him in trust, had been assessed twice.—Court of Revision.

The Mayor also stated that Mr. R. Duncan claimed that an error in his taxes had occurred some years ago, and arrears had been charged wrongfully.—Court of Revision.

ACCOUNTS.

Wm. English (crutches for Ann Brennan)	$2 00
H. Best, sundries	7 64
Times, printing, etc	28 85
J. Stevenson, lamps and posts	124 00

The *Times* account was ordered to be paid when certified, and the others were referred to the Finance Committee.

NO. ONE SCHOOL TRUSTEE.

Moved by Councillor CAHILL, seconded by Councillor MCNAUGHTON,—That Mr. Robert Weir be appointed High School Trustee.—Carried.

Moved by Councillor YELLAND, seconded by Councillor CHAMBERLAIN,—That Mr. D. W. Dumble be appointed High School Trustee.—Lost.

Councillor Rutherford wanted to know whether the consent of the nominees had been obtained.

Councillor CAHILL said that the members of the Council were responsible for their actions.

Councillor YELLAND said Mr. Weir had told him that he would not accept the position. Mr. Dumble would act if appointed, and was a good man on the Board, and should be elected again.

Councillor MCNAUGHTON favored Mr. Weir as he was opposed to the High School.

Councillor HARTLEY said if Mr. Weir was opposed to the High School he would oppose him.

Councillor CAHILL had every reason to believe that Mr. Weir would act if appointed. His nominee was a man of good principle and would make a good representative at the School Board. He did not know what Mr. Weir's ideas were regarding High Schools. He was not opposed to Mr. Dumble, but at the same time he was of opinion that there were lawyers, etc., enough on the Board, and a working man should be appointed. Speaking for himself he had no desire to inquire or interfere with the High School.

Councillor CHAMBERLAIN said that he never knew until this evening what Mr. McNaughton's views on the High School matter were, but now they were plainly set forth. The way the matter stood now, was that all who desire to break up our High School should vote with Mr. McNaughton, and all those who desire to see it maintained should vote with Mr. Yelland.

Councillor MCNAUGHTON said Mr. Weir always spoke against the High School, and then launched out into a tirade against Latin and Greek, frequently using the words, "poor men."

Councillor HARTLEY said he would just as willingly vote for a poor man as a rich man, but he wanted the High School kept up.

Councillor RICHARDSON spoke in favor of the High School and thought it would be a herculean job to upset it.

Councillor RUTHERFORD, as a trustee, paid a high compliment to Mr. Dumble and the exertions he had made to keep up our schools, and spoke in favor of his candidature.

Councillor PATERSON said he had promised to support Mr. Weir, upon the understanding that Mr. Dumble was not to run, and as he had already committed himself he would support the first-named gentleman.

Councillor MENZIES said that he believed that Mr. Weir would accept the position if appointed.

NO. TWO SCHOOL TRUSTEE.

Moved by Councillor MENZIES, seconded by Councillor RICHARDSON,—That Mr. A. P. Kendry be appointed High School trustee.—Withdrawn.

Moved by Councillor PATERSON, seconded by Councillor YELLAND,—That Mr. A. P. Poussette be appointed High School trustee.—Carried.

Councillor RUTHERFORD said that those who favored the workingman should not go back on their principles.

Councillor CAHILL would oppose Mr. Poussette, as he was a candidate for this Council, and he was opposed to dual representation in any form.

Councillor RICHARDSON said Mr. Poussette was a good man and could attend to both offices. He also favored Mr. Kendry, whom he knew was in every sense fit to fill a seat at the Board.

Councillor YELLAND said that Mr. Poussette had only been on the Board a for month or two, and should be returned.

Councillor PATERSON for the same reason favored Mr. Poussette.

Councillor RUTHERFORD said that Mr. Poussette was a useful member of the Board and would receive his support.

Councillor HARTLEY felt a difficulty in coming to a couclusion as to how he should vote. Both were good men, and as Mr. Poussette had been a member for such a short time he did not like to vote against him.

Councillor MCNAUGHTON opposed Mr. Poussette, as that gentleman favored high salaries.

Councillor RICHARDSON said that Mr. Kendry desired to have his name withdrawn, and such was accordingly done.

SCHOOL MONIES.

Moved by Councillor PATERSON, seconded by Councillor CHAMBERLAIN,—That the Mayor and Treasurer raise the necessary amount required for school monies and hand it over to the secretaries of the respective school boards.—Carried.

MORE GAS.

Moved by Councillor YELLAND, seconded by Councillor DOUGLASS,—That a gas lamp be erected on McDonnell street, between George and Aylmer streets.—Fire, Water and Gas Committee.

THE FIRE BRIGADE.

The MAYOR said that the members of the Fire Brigade had warned the Council at the end of 1880 that they would not act any longer as a volunteer brigade, and asked for remuneration. The old brigade remained in office until the 21st of March, when the new by-law was passed, making provision for a paid brigade, and as the treasurer was in doubt as to whether he should pay the men at the advanced rate for twelve months or only for ten, he had requested him to bring the matter before the Council.

Chief RUTHERFORD on motion was heard. He repeated substantially what the Mayor had said, and stated that the present members had worked for the twelve months, and he thought they were entitled to a year's pay.

Several members of the Council thought the brigade should receive the year's salary, as they had worked for that time.

On motion it was agreed to pay the full year's salary.

PROJECTING SIGNS.

The MAYOR brought up the question of projecting signs.

Councillor CHAMBERLAIN was in favor of either fully enforcing or altogether repealing the by-law.

Mr. ALEX. GRAHAM on motion was heard. He said that his case had been settled by the Police Magistrate that morning and he had nothing to say, but perhaps some other gentleman whose case was pending might want to speak.

Councillor RICHARDSON was opposed to signs altogether. If people wanted to advertise let them patronize the newspapers. He instanced the front street of Lindsay as being destroyed by signs, and said that George street would soon be the same.

Councillor MENZIES wanted the "sign" clause of the by-law repealed.

Councillor PATERSON had a sign, but was willing to take it down. He thought that a certain time should be given to remove all signs, if it was determined to do away with them.

Councillor MCNAUGHTON favoured signs as long as they were properly secured. He thought that Officer McGhee should have brought up others as well as Mr. Graham.

Councillor HARTLEY was opposed to projecting signs as they were neither ornamental nor useful. Signs against the building looked better and served the same purpose. He was opposed to the repeal of the by-law.

Councillor KELLY said that all the signs now up were against the by-law, and he saw no reason why Mr. Graham was made a scapegoat of. He would support the by-law. The goods displayed on the sidewalks were just as much of a nuisance as the signs. He did not believe that any merchant on George street would object if all the signs were removed.

A CLIMAX REACHED.

Moved by Councillor DOUGLAS, seconded by Councillor YELLAND,—That all persons having projecting signs be allowed until the First of March next to take them down, and that no more be erected in the meantime.—Carried.

P. C. MCGHEE on motion was heard. He had nothing to say. He had been quietly enforcing the by-law for two years. Mr. Graham put up a sign after being warned, and that was why he had been brought up.

Councillor CAHILL said that he was in Lindsay a week ago, and heard Judge Dean pay a very high compliment to Peterborough, regarding the manner in which the streets are kept.

GIVING THEM GRACE.

Moved by Councillor CAHILL, seconded by Councillor PATERSON,—That the Police Magistrate be requested to stay proceedings in the case of Mr. Graham, and all others, so as to allow the time specified by the Council to take down any signs, which are contrary to the by-law.—Carried.

The Council then adjourned until the 9th of January, 1882.

HER SWEET SMILE HAUNTS ME STILL.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

New Advertisements.

To the Electors of the

SECOND WARD

Of the Town of Peterborough.

GENTLEMEN,—Circumstances having arrived which render it undesirable that I should undertake the responsibilities of a Councillor, I beg to state that I am not a candidate for that posititon, and if elected shall be under the necessity of resigning at the earlist opportunity.

I am Gentlemen,
Your obedient servant,

A. P. POUSSETTE.

Peterborough, Dec. 31st, 1881. 1d156

Hoping all our friends may be blessed ewith a Merry Christmas and a Happy New Year, w remain yours truly,

d141w50 **RUSH & ELLIOTT,**

Written for the Review.

FAREWELL TO EIGHTY-ONE.

Why welcome the new year so cheerily,
And the old year waning so wearily?
Hush! stay the bells from ringing,
And cease your noisy singing;
For a good friend, a true friend is dying,
The cold winds his requiem are sighing;
He came to us with blessing,
The farmer's heart refreshing,
Filling his barns with rich and golden store,
Bringing peace and plenty; He could no more.
But time is hurrying on,
Now the good old year is gone—
For hark! the clock is striking; 'tis the bell
Tolling the old year's funeral, fare thee well.
Yes, the good old year is gone,
And the new year rushing on,
I welcome with mirth and jollity,
And a universal holiday,
Yes, welcome him cheerily,
Tho' trouble he bring to thee.
It is folly fretting, worrying,
When still onward time is hurrying,
Warning us to prepare
For that country over there,
Just beyond death's treacherous river,
Where it is New Year's Day for ever.

A. H. R.

SCOTLAND.

A shipbuilding firm on the Clyde have recently declined to execute contracts to the extent of £80,009.

LEOPOLD Selby Rowland, a retired farmer at Berwick, has recently been apprehended for assaulting and biting off the nose of his aunt, Mrs. Alice Morrison.

AT a meeting of Fife members on the 28th of November, at Dunfermline, it was agreed to adhere to the policy of restricting labour to five days per week at eight hours per day.

MR. John Robertson, The Craig, has just paid to the Earl of Airlie's factor at Alyth his 158th half-yearly rent. He is the oldest tenant on the Airlie estates, and is in his 92nd year.

AT the Edinburgh Presbytery meeting on the 30th of November, Mr. Graham, Newhaven, brought forward a motion for the abolition of Fast-days, but after discussion withdrew it for the present.

THE Commissioners of Woods and Forests are willing to expose the Crown Lands in small lots as desired, provided an assurance is given that there will be competition on the upset prices offered.

AT Blair Drummond daisies, primroses, polyanthuses, veronico (spicata), and wall flowers are in bloom. Crocuses are all but above ground, and a stray rosebud spared by the late gales may yet be had.

JOHN Kerr & Co., Greenock, have contracted with John Read & Co., Port-Glasgow, to build of steel a sailing ship of 2,300 tons. It is to have four masts, and will be the largest sailing ship yet built on the Clyde.

CONSERVATIVE demonstrations have been held in Glasgow, and other places in the West of Scotland, during the past three weeks with much success. Lord George Hanilton, M. P., has been the principal speaker.

IRELAND.

THE Mayor of Cork, Daniel V. O'Sullivan has been appointed High Sheriff of the city.

IN consequence of the stoning of the hounds at Raplagh and Callycappell, all meetings of the Youghall Hunt are canceled.

BY twenty-three votes to six the Dublin Corporation passed a resolution to increase the the Lord Mayor's salary from £2,000 to £3,000.

THE Kildare Hunt Club decided on December 3d, to finally discontinue hunting, and the stud of the Master was sold at Ruby an the 20th Nov.

CLAIMS for compensation for the breaking of glass by stone-throwing at the late roits in Dublin, already lodged with the Town Clerk, amout to £2,250.

HIS Grace the Most Rev. T. W. Croke, D. D., Archbishop of Cashel, has been elected the Patron of the Society for the Preservation of the Irish Language in the place of the late Archbishop MacHale.

THE boycotting of the Marquis of Drogheda at Moore Abby, county Kildare, continues. All his laborers have left, and the Marchioness is obliged to assist in all household duties. No one in the locality will supply provisions.

ON Sunday, Dec. 4th, a notice was found posted at Rahama Chapel, between Borris and Killedmond, County Carlow, calling on the people to assemble in their thousands and tens of thousands at Drummond, for the purpose of hunting hares and rabbits, and forwarding the spoils for the use of the imprisoned suspects.

A Horned Trotter.

F. L. Haight, of 152 Sullivan street, is interested in a steer of alleged phenomenal powers. The steer is in Pennsylvania, but Mr. Haight does not care to say exactly in what part of the State, because some speculatore might get at the steer and reap a harvest.

"He is what you might call a remarkable anamal," said Mr. Haight, "and was born to trot. When he was a little calf, instead of jumping and gamboling on the green like other calves, he would set his head and skin off a square trot for a quarter stretch. This created some comment, because the little Turk would make big time, and he was encouraged. He is only three years old now, and as gentle as a lamb, but he can pull a sulky over a mile of soft road in four minutes, and just get warmed up at that. His name is Novelty Boy, and he is strong on a three mile trot. He's got big speed in him, and it can be brought out by straight training."

Mr. Haight then produced a photograph of Novelty Boy, standing between the shafts of a light racing sulky, looking very sleepy in the off eye. His fore legs are very short and his back long, but the under part of his body curves up, giving him a greyhound build. He is driven in a light racing harness, with a collar that opens at the lower end. He is steered with ease by two reins attached to the base of his horns. Novelty Boy is pure white, with amber horns.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

DOMESTIC AND USEFUL.

A REMEDY FOR HICCOUGH.—Dr. M. S. Leslie, of Lexington, Ky., says that the best remedy in ordinary hiccoughs is about twenty-five grains of common table salt, placed in the mouth and swallowed with a sip of water.

SCOTCH SHORTBREAD.—To make Scotch shortbread, rub together into a stiff paste two pounds flour, one pound butter and six ounces loaf sugar; make it into square cakes, about a half inch thick, pinch them all along the edge at the top; over the whole surface of the cakes sprinkle some white comfits, put the cakes on tins so as to touch each other on their edges, and bake in a slow oven.

GRATED HAM SANDWICHES.—Grate finely as much well-cooked ham as you are likely to require; flavor it with a little cayenne and some nutmeg; roll out some good puff paste very thinly, cut it into two perfectly even portions, prick it in one or two places to prevent it rising too highly, and bake in a quick oven till of a golden brown; then take out, and let it stand till cool; then spread a little fresh butter lightly over the whole. This should not be done till the paste is perfectly cool. Now spread the grated ham evenly over the paste, lay the second piece of puff paste over it, and with a very sharp knife cut into small-sized sandwiches. This is a nice supper dish.

THE NEW "GREAT PAUL."—"Great Paul," the new bell for St. Paul's Cathedral, London, will take rank among the six or eight heaviest bells in Europe. At present her position cannot accurately be assigned, as she has not yet passed the scales; but it will probably lie between the great bell of Olmutz, weighing 17 tons 18 cwt., and that of Vienna, weighing 17 tons 14 cwt. Dr. Stainer, the organist of St. Paul's, says that "when the tone was produced by swinging a heavy ball of iron against the sound-bow a musical note boomed out which was impressive beyond description." The bell is 8 feet 10 inches high and 9 feet 6½ inches in diameter. The note is E flat, the upper particles B flat, E flat and G being just audible with the sonorous ground tone. The cost of the bell and hoisting it into place will be about $15,000, and it has been decided to use it for the first time on Easter Sunday next.

SALT IN DIPHTHERIA.—In a paper read at the Medical Society of Victoria, Australia, Dr. Day stated that, having for many years regarded diphtheria, in its early srage, as a purely local affection, characterized by a marked tendancy to take on putrefactive decomposition, he has trusted most to the free and constant application of antiseptics, and, when their employment has beeu adopted from the first, and been combined with judicious alimentation, he has seldom seen blood-poisoning ensue. In consequence of the great power which salt possesses in preventing the putrefactive decomposition of meat and other organic matter, Dr. Day has often prescribed for diphtheritic patients living far away from medical aid the frequent use of a gargle composed of a tablespoonful of salt dissolved in a tumbler of water, giving children who cannot gargle a teaspoonful or two to drink occasionally. Adults to use the gargle as a prophylactic or preventive, three or four times a day.

TURKEY STUFFING.—Now anybody who says ram sausage meat into a turkey's bosom don't know anything about it. I like my sausage on one plate and my turkey on another, for them two elements don't mix. There are lots of ways to make a stuffing, and I will give several: Take a loaf of stale bread and crumble it. I can't give the precise quantity, for turkey's bosoms vary. In your stale crumbs put a lump of butter—a spoonful—and a little salt and pepper and mix it thoroughly. Then grate the third of a nutmeg, and just a dash of marjoram. I don't never use thyme, for thyme means ducks and geese. If you want your stuffing rich, take the yolks of two eggs and mix in it. This is a dry stuffing and comes out crumbly, and so some people like it. If you want a softer filling soak your crumbs just for a minute in lukewarm water and then squeeze out all the water, but on the risk of writing hard English words, an over-soft and running kind of stuffing does look like a poultice. Another stuffing is made of suet instead of butter. You do just the same thing, but that suet ain't to my manner of thinking, as it's oily. Just little lemon-peel grated on a stuffing helps out the flavor. But oh, my, all these here stuffings just wilts before a chestnut filling. It ain't a bit hard to do. Take, say fifty chestnuts, and cut 'em across with a knife, and put them on a pan on the fire until the shells open—don't burn or roast them. Now shell them and clap 'em in a stew pan with a tablespoonful of lukewarm water and let 'em simmer. They will soon get soft, mash them in the same pan, add a little milk, a piece of butter, a teaspoonful; pepper and salt, and a little chopped parsley. Let the chestnuts cook, stirring them until they are quite thick and pasty—no run about them—and then put that in your turkey. A chestnut that this bird feeds upon is just the thing to eat him with, for it's following out nature's own dictation. Some day I am going to give a receipt for a chestnut pudding, for we are awful backward in this here country as to the goodness of the chestnut.—*Bob the Sea Cook, in N. Y. Times.*

A BOSTON clothing firm gives away with each garment sold a book of outline drawings, and offers prizes for the most artistic colouring of the pictures.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

NOTICE

IS HEREBY given that a Special Meeting of the Shareholders of the Toronto & Ottawa Railway Company will be held at their office, No. 66 Adelaide Street, Toronto, on Monday the 9th day of January, 1882, at 12 o'clock, noon, for the purpose of considering, and if approved, approving an agreement between The Toronto and Nipissing Railway Company, The Victoria Railway Company, The Whitby, Port Perry and Lindsay Railway Company, The Toronto and Ottawa Railway Company, The Grand Junction Railway Company, and The Midland Railway of Canada, for the purpose of Consolidating the said Companies into one Company, under the name of "The Midland Railway of Canada," on the terms and conditions expressed in the said agreement.

W. GOODERHAM,
President.

Toronto, Dec. 17, 1881. 14d148

NOTICE.

A SPECIAL General Meeting of the Proprietors of the Grand Junction Railway Company will be held at the company's office in the City of Belleville, on the sixteenth day of January, 1882, at the hour of twelve o'clock, noon, for the purpose of considering and approving (if approved) of an agreement between The Toronto and Nipissing Railway Company, The Whitby, Port Perry and Lindsay Railway Company, The Victoria Railway Company, The Toronto and Ottawa Railway Company, The Grand Junction Railway Company, and The Midland Railway of Canada, for the consolidation of the said Railway Companies into one Company, under the name of "The Midland Railway of Canada," on the terms and conditions in said agreement expressed, and for the transaction of such other business as may be brought before the said meeting.

WM. SUTHERLAND, Jr.,
Secretary.

Belleville, Dec. 16, 1881. 2d148

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Secretary.

Dept. of Railways and Canals, Ottawa, Oct. 24th, 1881. 12d10 1t3

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable to it as Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and miluest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

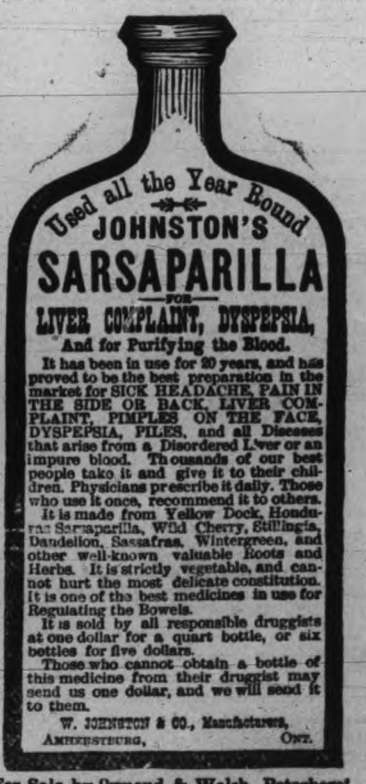
TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.



Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

B. MORROW.

Daily Evening Review

SATURDAY, DECEMBER 31, 1881.

LOCAL AND MUNICIPAL.

The Sign By-Law.

By reference to the report of the Town Council on another page, it will be a seen that a resolution was passed allowing all those who now have projecting signs, until the 1st day of March next, to remove them. This in our opinion is a good and wise move, and will not be a hardship on any person. How this resolution will effect the Police Magistrate, in giving his decisions in the cases now before him, remains to be seen, but we cannot see that it will have any effect at all. Another question that has arisen is as to whether this resolution covers the signs, to erect which the council gave permission, as provided for in the by-law.

S. S. Mass Meeting.

Our readers will please bear in mind that a grand mass meeting of the children of the town Sabbath schools will be held in the George Street Methodist Church to-morrow, Sunday, afternoon, The service will commence at 2:45 o'clock. A very interesting programme has been prepared. Besides the singing and responsive scripture readings by the scholars, the Rev. Messrs. Joliffe, Torrance, Bell, Stobo and Workman will take part in the services.

New Year's Eve.

The usual solemn midnight service will be held in St. Luke's Church, Ashburnham to-night, commencing at 11 o'clock. Suitable music will be rendered by the choir, and an address will be delivered by the Rev. W. C. Bradshaw. The general public are cordially invited. The service will close a few minutes after 12.

Phelan's Hotel.

Mr. E. Phelan informs us that he has only leased his hotel for a term of years, instead of disposing of the property, as erroneously stated by a contemporary. Mr. Phelan has kept hotel in the Town of Peterborough for the last twenty-five years, and is probably as well and favourably known as any man in this vicinity. His house has always been known as one of the best and quietest in the town, and his successor will have a house that is first-class in every respect. Mr. Wm. Snowden, a gentleman who has had considerable experience in the hotel business, takes possession on the 16th of January, and will doubtless sustain the high reputation of the house. We are pleased to learn that Mr. Phelan does not intend to leave town, but will still reside with us, although we expect for a time he will find private life rather irksome.

"The Beautiful."

As if to aggravate us and give a kick at the dying year, snow commenced to fall heavily during the night and has continued ever since, so that at the time of writing there is three or four inches on the level, and still there's more to follow. The weather is wintry in every respect and judging by the appearance and "feel" of the snow, it has come here to stay, for a time at least. It will be welcomed by the merchants, who will naturally look to business, and more particularly by the lumbermen in the back country, who have been anxiously looking forward to its coming. Wagons and buggies are still seen, but they appear rather out of place and will soon give way to cutters and sleighs.

New Cold Air Rooms for Fish, &c.

Mr. Smith has just had built in his fish market, on George Street, a set of cold air rooms for the preservation of fish, game and fruit of all kinds. One of the chief drawbacks to a successful fish store in Peterborough has been the great loss which occurs by the ever changing weather. Mr. Smith's new plan will prove a great convenience to the public, as well as a great saving to himself, and we hope to see him rewarded with a full share of patronage. He has shown considerable push in his business so far, and should be encouraged by the public.

The Carrier Boys.

On Monday morning early, the REVIEW Carrier Boys will start out on their annual visit to the subscribers. As they have faithfully performed their contract with our patrons, by promptly delivering the paper every night, they naturally anticipate a kindly reception. Those who treat the boys liberally are never forgotten. All should open their hearts and also their purses, and reward them handsomely. They all prefer bills to silver.

No Issue.

In consequence of New Year's day falling on Sunday, the following Monday will be observed as a public holiday, and in consequence there will be no issue of the DAILY EVENING REVIEW on that day, as printers deserve recreation as well as any other class of the community. To our friends and readers we wish a Happy New Year, and many returns of the same.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Personal.

Messrs. Geo. A. Mitchell and Charles Walsh, two of our young men, who have resided in Winnipeg for the last two or three years, are home on a visit. Like the large majority of our young men, by their push and enterprise they have made their influence felt, and they now occupy prominent positions in the Prairie Province.

The Grand Ball.

The grand ball on Monday night at Bradburn's Hall, will be a grand success. A large number of tickets have been sold, many of them in neighboring towns. The new orchestra, regarding which we have heard so much, will make their first appearance in public.

Crockery and Glassware.

The attention of housekeepers and others is directed to the large stock of Crockery, Glassware, Groceries, Confectionery and Fruit, etc., at the sign of the Teapot, opposite the Post Office, J. H. GLASS.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Mr. Poussette Declines.

As will be seen by an advertisement in another column, Mr. Poussette has retired from the field in No. Two Ward.

No. One Ward.

Mr. S. White is not a candidate for a seat at the Council, and will not accept if elected.

EUCLID flourished about the year 300 B. C., and experts in flourishing steel pens can be suited among the numerous styles of the Esterbrook Steel Pen Co.

ULCERS AND OLD SORES.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

PORTLAND, Ont., Feb. 26, 1880.—S. S. Scovil writes:—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

BISHOP BEVERIDGE.—A gentleman meeting the celebrated and excellent Bishop, Beveridge, asked him how he was. Beveridge replied: "If I answer in Latin, I am *sic, sic*; if in English, *so, so*." There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "King" of remedies. Sold by all druggists throughout the Dominion.

No. 3 Cluxton's New Block. | GIROUX & SULLIVAN.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrages, Pneumonia, Severe Coughs, Croup, or any other disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial, 10c.; regular size, 75 cents. 2d1wly

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age, Sold at 25c. a box everywhere. d52w9

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

N. H. DOWNS' Vegetable Balsamic ELIXIR!

This valuable medicine is purely vegetable, the discovery of which was the result of many years' close study, in order to discover the cause, the symptoms and the cure—viz.:

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Influenza, Pleurisy, Hoarseness, Spitting Blood, Bronchitis,

and every species of oppression of the Chest and Lungs. In all cases where this Elixir has been duly administered its efficacy has been invariably manifested, convincing the most incredulous that

CONSUMPTION

is not incurable, if properly attended to.—Consumption, at its commencement, is but a slight irritation of the membrane which covers the lungs; then an inflammation, when the cough is more observable, but rather dry; then becomes local fever and the pulse more frequent, the cheeks flushed and chills more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration,

IT HEALS THE ULCERATED SURFACES

and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and astringent articles, which are also drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the CAUSE, generally destroys the hectic before the cough is entirely gone. Consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions for cure of pulmonary diseases. Price 25cts. and $1 per bottle. Sold everywhere.

The Best Field FOR EMIGRANTS.

An IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co, in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

Daily Evening Review

TUESDAY, JANUARY 3, 1882.

THE MIDLAND RAILWAY.

The advertisement which we print this morning asking for tenders for the construction of the missing link in the Midland Railway, between Peterborough and Omemee, marks an era in the history of this fast-becoming leading railroad line. The Midland originally was from Port Hope to Lindsay, with a branch from Millbrook on the main line to Peterborough. It is many years since the propriety of overcoming about thirty miles in the distance between Peterborough and Lindsay was first mooted; but the extension westward to the Georgian Bay originated by the late manager, Mr. Hugel, and prosecuted by him, under the most serious difficulties, almost to completion, was the more important work. The subsequent reorganization of the company under Mr. George A. Cox has led the completion of the line to Midland City, and to its being renewed with steel rails and otherwise improved; and the completion of the Grand Junction and the projected line to Ottawa, have rendered necessary the straightening of the line by the construction of the Peterborough and Omemee link. There is, we think, little doubt that the construction of this link, means the completion of the line to Ottawa on the one side and Toronto on the other. If we are right in this, we shall have what will practically be an air line between Midland city, the finest harbour on Georgian Bay, and Montreal. Of the advantages of such a line it is not necessary to speak. They are so apparent as to make it unnecessary to point them out. We congratulate the Midland Railway upon the splendid position thus opened out to it; and although he has ceased to have any direct connection with the railway, we are sure it must be a maiter of great satisfaction to Mr. Hugel to find his views in relation to its future thus approaching complete realization.—*Montreal Gazette, Jan. 2.*

Death of an M. P.

We greatly regret to learn of the death of Mr. W. C. Little, M. P. for South Simcoe. The deceased was the third son of John Little, Esq., of Pitchcombe house, near Stroud, Gloucester, England, and born there. He was educated at Bedford Grammer School, and came to Canada in 1847. He was married twice, first to an Irish lady, and again in 1869 to the daughter of Wm. Bennett, Esq., of Claremont, Pickering county, Ont. Returned to the Dominion House in the Liberal-Conservative interest at the general election in 1867, he held the seat until his death, being invariably returned subsequently without opposition. Mr. Little was a Liberal-Conservative of strong convictions. He was very much respected in the House of Commons for his uncompromising earnestness and integrity. Never pretending to any eminence as a public speaker, he was nevertheless a very effective platform orator; and his unfrequent addresses in the House were always listened to with respect. The deceased gentleman will be very much missed in his private circles as well as among politicians.

MIDNIGHT TELEGRAMS

CABLE.

BISHOP NULTY'S CIRCULAR.

DUBLIN, Jan. 2.—Bishop Nulty, of the Diocese of Meath, denies issuing the circular attributed to him concerning the rights of all to land. He states that though the substance of the circular is from his writings, it is divorced from the context in a manner calculated to mislead.

THE YEAR IN IRELAND.

DUBLIN, Jan. 2.—The year closed in confusion, contention and war of races and classes. Commercial credit is broken, the spirit of the country is sunk in deep depression. The scare produced by the large importation of American cattle has abated. The result of the year's trade shows a decrease of 30 per cent. in imports, but the Irish cattle trade has improved.

THE GREEK GOVERNMENT.

ATHENS, Jan. 2.—The Greek elections resulted unfavorably to the Government. The Ministers of Marine and Finance lost their seats.

THE RUSSIAN POLICY.

ST. PETERSBURG, Jan. 2.—It is understood that at the beginning of the Russian New Year the State Police Department will be withdrawn from the control of the Minister of the Interior, and placed under the special direction of Gen. Tcherevine.

CRIME DECREASING.

LONDON, Jan. 2.—At a meeting of the Ennistown commissioners, a letters from Mr. Herbert Gladstone was read, stating that according to official information crime is decreasing in the proclaimed districts, and the authorities expect repressive measures will shortly be abandoned.

AN UNPOPULAR MAYOR.

DUBLIN, Jan. 1—At Dublin to-day Mr. Dawson was inaugurated Lord Mayor. The corporation by 28 to 18 refused to pass the customary vote of thanks to Mr. Moyers, the retiring Lord Mayor, in consequence of his refusal to convene a special meeting to confer the freedom of the city on Messrs. Parnell and Dillon. Mr. Moyers was hissed in the streets by a mob.

THE GREAT COST.

WASHINGTON, Jan. 2.—A question was profounded by Scoville involving the killing of a woman by her husband without any apparent motive. Dr. Gray was asked would that act be insanity. In answer he said that it would be an extraordinary act. I should want to make an examination to see if it was from passion or if the man was drunk, and if he had any disease of the brain. Guitteau said you would have to find a disease of the brain before you could find him insane.

AMERICAN.

GOULD'S GAME.

NEW YORK, Dec. 31.—Jay Gould yesterday was elected President of the Wabash railway, instead of Humphrse, who resigned, because it had been decided to declare no dividend on preferred Stock.

A BIG BANQUET.

NEW YORK, Dec. 31.—The reception and banquet tendered Freelenghuyson at Newark last evening was a great affair. Nearly every prominent Jersyman, besides many well known gentlemen from New York, were present.

THE MORAVIAN.

HALIFAX, N. S., Jan 2.—A southwest gale is blowing here. It is expected it will destroy the Moravian, ashore off Yarmouth. The steamer Scandinavian sailed to-night for Liverpool with the mails, which should have been taken by the Moravian. It was rumored during the day that a large steamer had gone ashore to the westward of Halifax, but nothing definite can be obtained.

FUN ON BOARD.

NEW YORK, Jan. 2.—The steamer Newport, of Fall River, *en route* to New York, on Sunday night collided with an unknown steamer. The steamer was damaged. Thirty-five passengers were on board, including three dramatic companies. There was great excitement for a time but no one seriously hurt.

WARD SPEAKS.

NEW YORK, Jan. 2.—The *Tribune* says that ex-Attorney-General Ward yesterday denied the charge brought against the Manhatten Railway. The action was finally abandoned in the interests of Jay Gould and associates, to enable them to get control of the elevated roads. Ward spoke with much feeling.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

THE FRIGID NORTH.

ST. PETERSBURG, Jan. 3.—A Russian expedition to the mouth of the Meinlar will pass the mouth of the frozen ocean. The expedition is sent to fulfil an obligation of the Imperial Society towards an International Polar commission, in which project the following states take part:—Austria, England, Germany, Denmark, Norway, Russia, France and the United States Stations have been established at various places in the Arctic regions, and two stations in the Antarctic. It is expected that over 200 persons will participate in the enterprise, which will cost upwards of a million roubles. The Russian expedition will, it is thought, undertake the heaviest part of the work. It will have to traverse 6,600 miles and establish itself in an exceptionally cold region at the mouth of the Lena, close to the place where the lowest temperature in the world has been noted. In January the average temperature is 40° below zero.

AMERICAN.

TOO MUCH ICE.

TROY, N.Y., Jan. 3.—Navigation on the upper Hudson is now closed on account of the ice.

AT ALBANY.

ALBANY, N.Y., Jan. 3.—The Legislature met this morning and all is in running order.

THE CRANK'S TRIAL.

WASHINGTON, Jan. 3.—At the Guiteau trial the court room this morning was very cold. Guiteau said "I had a very happy New Year yesterday. I have had lots of visitors and they all expressed the opinion that I shall be acquitted. Dr. Gray took the stand and Scoville resumed his examination of the witness. He had not said in giving his opinion on the direct examination that the prisoner was sane. He had taken into account the evidence of the prisoner himself, but taking that element into account his opinion would still be the same, that the prisoner was sane and was sane on the 3rd of July.

SCOTLAND.

THREE thousand head of cattle from Scotland were shown in the London market on the 13th Dec. They brought good prices.

THE Highland Agricultural Society have subscribed one hundred pounds towards the Guarantee Fund of the International Fisheries Exhibition.

THE Established Church of Scotland, in the shape of tiends, exchequer grants, and estimated value of manses and glebes, receives £320,000 a year.

No trace has yet been found of the body of the late Earl of Crawford and Balcarres. The efforts of detectives are still being actively engaged in attempting to recover it.

THE stock held by Dr. Bell's trustees (the Town Council of Inverness) in the British Linen Company's Bank has been disposed of to good advantage. They realized £7,800, the original value being £2,760.

LORD ROSEBERRY has sent Mr. Young, farmer, Shiels, an elegant bronze and marble timepiece for stopping the runaway horses of the carriage with him and Mr. Campbell, of Craigie, at the last Ayr races.

MR. Thomas Coats, of Paisley, has given £500 to the Salvation Army towards the purchase of the London Orphan Asylum and erection of National Congress Hall, in which to train up the young soldiers of the army.

ON the 8th Dec. Elias C. Coull, ship-chandler, Burntisland, was charged with a contravention of the Harbour Act, but got off on a technicality. The Sheriff gave the Irish verdict—"I find you not guilty, but don't do it again."

A Glasgow firm have purchased a weaving mill in France suitable for the making of the finer qualities of cloth, with a view of meeting the French on their own ground in the prospect of a heavy tariff being imposed on British manufacturing.

THE Glasgow Free Presbytery have raised their voice against "lectures on merely secular topics on the Lord's Day," and have declared "that one of the meanest things in connection with the Sunday Society was the collection of silver at the door."

AS James Ferguson, his wife, and eight children were being conveyed the other day to the poor house at Nairn at the instigation of the Parochial Board, it was discovered that the wife had a purse full of silver and a large roll of notes. They left Nairn for Forres immediately, and the Nairn folk are anxious to have them remain there.

Fruit and Vegetables from Canada.

The *Scottish American* says:—Within the last six years a very important and lucrative trade has sprung up between Canada and the United States in vegetables and fruit. Last week no less than 6,000 heads of cabbages were forwarded from Canada to New York, while between the capital and Boston a large trade is done. In cherries, strawberries, raspberries and plums, as well as in apples and potatoes, a great business is done between Nova Scotia, New Brunswick, Prince Edward Island and the United States. Ontario does a large trade with this country in both fruit and vegetables. Quebec again adds poultry to her trade in fruit and vegetables. It is gratifying to learn that the trade is each year becoming more widespread and extensive.

Wind Force.

Mr. C. Shaler Smith has given the results of extensive observations in relation to the pressure exerted by the wind. The most violent gale recorded by him was at East St. Louis, in 1871, when the wind overturned a locomotive, the force developed in so doing being no less than 93 pounds per square foot. At St. Charles a jail was destroyed in 1877, the pressure required being 84 pounds per square foot. At Marshfield, in 1880, a brick mansion was leveled, the force necessary being 58 pounds per per square foot. Below these extraordinary pressures, Mr. Smith instances numerous cases of trains blown off rails, and bridges, etc., blown down by gales of 24 to 31 pounds per square foot. In all the examples the lowest force required to do the observed damage has been taken as the maximum power of the wind, although, of course, it may have been higher.

From "The N. Y. Times."

Editor of the Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had in curing spavins and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, procured a bottle, and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure for both man as well as beast.

Respectfully yours
ARNOLD PARKER.

Rochester, N. Y., Sept. 1st, 1881.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

TUESDAY, JANUARY 3, 1882.

MILLBROOK.

ACCIDENT.—The *Messenger* says that on Saturday morning last, a young man by the name of Wetherup, in the employ of Mr. Thomas White, got kicked in the face, by a horse, cutting his face and knocking out several of his frunt teeth.

ANOTHER ONE.—On Saturday last, while Mr. Wm. Armstrong, of the 7th Con. of Cavan, was loading hay, the horses took fright and ran away throwing Mr. Armstrong violently on the frozen ground, striking his head and right shoulder. Dr. Hunter was immediately called in, in both cases, and his patients are getting along favourably. It is only a few weeks since, that we had to announce the serious injury of Mr. Armstrong's brother, Alexander, which also happened from a runaway. The latter gentleman is only now able to get around.

COBOURG.

THE FIRST.—The *Sentinel-Star* says that the first shipment of mats and matting from the Matting Factory, of fourteen bundles, was made on Saturday last. Orders are coming in faster than they can turn out the work; but Mr. Longmore expects shortly to have a fresh batch of operatives, when a greater quantity of work will be put out.

PRESENTATION.—On the 12th of December the Warden and members of the Counties' Council, presented Mr. J. R. Barber, General Manager of the C. P. and M. R., and M. Co., with an address and a costly gold ring, in return for the kindness he has shown them on many accasions. Mr. Barber made a suitable reply.

ORGANIZED.—The crew of the life boat organized on Thursday evening last, and were invited to a supper at the British American Hotel by His Worship Mayor Graveley. A very pleasant time was spent.

NORWOOD.

"TALL" THRESHING.—The *Register* says that for some time past there has been considerable rivalry between threshers in this locality, as to who had the best mill. Mr. Jenkins, Dummer, in order to prove that his mill had no equal in this part of the country, got right down to work on the 12th Dec., and threshed, from 7.30 in the morning until 5 in the evening 1,000 bushels of oats, beating the best on record. The mill was manufactured by Mr. Wm. Hamilton, of Peterborough.

FAINTED IN CHURCH.—Mrs. Wm. Howson, wife of Wm. Howson, sr., while attending service in the Methodist church here, on Sunday last, was seized with a severe attack of heart disease and fainted. Dr. Pettigrew was called in and quickly restored her to consciousness. As we go to press, we are happy to learn that she is recovering rapidly, and will soon regain her accustomed state of health.

FIRE.—There occurred the other day what might have resulted in a serious conflagration, had it not been promptly dealt with. It appears that owing to a defective flue, the roof of that portion of Mr. Gould's store used as a tailorshop by Mr. Risborough had taken fire and was when noticed making good headway. The alarm was given and the employees of both establishments turned out and extinguished the flames before much damage was done. Had it been unnoticed for a few minutes longer we would have had to chronicle something of a more disastrous nature.

SERIOUS ACCIDENT.—Mr. Fleming, of Belmont, while engaged in loading a wagon at Mr. Buck's grist mill in the east end of the village, accidently fell over the railing on the north side of the mill, a distance of six or eight feet, and alighted head-foremost on the frozen ground beneath. He was conveyed into the mill office and speedily attended to. How the men escaped instant death, it is impossible to say, as a fall of the above description generally proves too much for the systems of most people.

NORTH MONAGHAN.

From Our Own Correspondent.

ENTERTAINMENT AND PRESENTATION.—On Friday last, December 23rd, Mr. W. H. Hill, teacher of S.S. No. 1, gave an entertainment in the Grange Hall here, on the occassion of his leaving this section to take charge of his former school at Bridgenorth. The entertainment consisted of songs, readings, recitations, dialogues, etc., given by the pupils of the school; and the manner in which they acquitted themselves, shewed that Mr. Hill has not been idle during the time he has taught here. Vocal and instrumental solos were also given by Misses Logan, Brailey and Douglas, who brought ringing encores from the audience. At the close of the entertainment Mr. Hill was invited by the Chairman, Mr. Brailey, to come forward, when the pupils presented him with a handsome bible and read the following address:—

"To Mr. W. H. Hill, teacher of S.S. No. 1, North Monaghan:

DEAR SIR,—Having learned with much regret that you were about to leave us, we felt that we could not allow you to do so without expressing in some way the esteem in which we have always held you. In addition to our high sense of your good qualities as a teacher, it is the opinion which we entertain of your personal qualities; your unwearied assiduity in all that concerns our welfare; the friendly feeling existing between you and us, as well as the section at large, and your ceaseless and honest labours to promote our advancement that have called forth the expression of our feelings. But words, empty words, in such circumstances have been compared to bubbles upon water, which expand upon the surface, become attractive to the eye, collapse and vanish, leaving not a trace behind to mark the spot whence they arose, or the cause which gave them birth. This token which is now before you, and which we are about to present to you, is composed of lasting material, and forms the best answer to such a question. It is the spontaneous effusion of the grateful hearts of your pupils. We now ask you accept this bible, and let not its value, but the spirit in which it is given, constitute its chief merit as a token of the esteem and respect which we entertain for you. In conclusion we wish you a Merry Christmas and many of them, and that the blessings of health and happiness may be extended to you wherever your lot in life may be cast."

Mr. Hill made a touching and eloquent reply, thanking the pupils for the handsome present of which they had made him the recipient, and the section generally for the many kindnesses which he had experienced at their hands during the three years he had spent amongst them.

ENGLAND.

THERE is a rumour in the London West End circles that the new year will see a second Royal marriage.

AT the recent Sunderland Library sales in London a copy of the first Bible printed, dated 1462, was sold for £1,600.

THE Dukes of Edinburgh and Albany have been delivering long and able addresses on music at Manchester.

DURING the storms of the present year the boats of the National Lifeboat Institution have saved 874 lives and rescued 29 distressed vessels.

OF the gentlemen riders for the season the champion this year is Mr. C. J. Cunningham, who has made the rare score of 46 winning mounts.

THE Midland and the London and Northwestern Railway Companies are having showcards and illustrated advertisements printed in Chicago and New York.

THE will of Mr. Christopher Pond, of the firm of Spiers & Pond, has been proved by the widow and Wm. Halse Gatty Jones, the acting executors, the personal estate amounting to over £215,000.

MR. Jacob Bright, M. P., in addressing a meeting of his constituents at Manchester recently, declared his belief that the coercive measures imposed by the Government in Ireland were errors of a deplorable nature.

THE casting of a gigantic new bell for St. Paul's Cathedral has just been completed at the works of J. M. Taylor and Sons, of Loughborough. It will weigh no less than 17½ tons, and will be the largest bell in the kingdom.

GREAT Britain employs in underground occupations no fewer than 378,151 persons, and the length of the galleries where the mining is carried on, is found to be 68,744 miles. The greatest depth of the coal miles is 2,800 feet below the level of the sea.

THE British Admiralty have directed compressed jute to be tried as armour against Nordenfelt and Gatling guns, with a view to ascertain whether it can be used, principally in torpedo vessels, instead of iron and steel.

LIEUTENANT-Colonel J. Stanley, an officer of the 47th regiment, who had seen a good deal of service in India, and who was related to the late Dean Stanley, committed suicide on the 2nd Dec., by shooting himself in the commercial room of the Castle Hotel, Windsor.

THE 84th Smithfield fat stock show was opened on the 5th inst., in the Agricultural Hall, Islington. Scotch animals are of a superior class, and Sir W. Gordon-Cumming of Altyre, Morayshire, carries off the three champion prizes with two polled animals. The aggregate value of the prizes amount to about £3,500.

ENGLISH lawyers are naturally very much astonished at the laxity of proceedings in the Guiteau trial, and regard the whole affair as being derogatory to the dignity of the law. An English Q.C. has called attention to the remarkable fact that in the American system no provision is made in long trials for the death of a juror.

THE memorial statue in Westminster Abbey to the late Dean Stanley will consist of a recumbent figure in white marble, resting on an altar tomb, to be placed in the Chapel of Henry the Seventh over the grave of the late Dean. The figure, which will be life-size, will most probably represent the Dean as if in a quiet sleep, with his hands crossed, and will stand on a pedestal or sarcophagus of about six feet six inches in length by three feet in width.

IRELAND.

Lord Colin Campbell, M. P. for Argyllshire, has joined the Irish Property Defence Committee.

THE *Dublin Gazette* contains a proclamation prohibiting the importation of English and Scotch cattle into Ireland until the 31st of January next.

THE Lord Mayor of Dublin, on behalf of a number of the leading citizens, on Nov. 29th presented Mr. Gray, M. P., ex-Mayor, with a set of diamonds valued at 700 guineas.

AT Rothclonheen, near Tipperary, on Tuesday night, Nov. 30th, a farmer returning home with a load of coal was fired at twice and wounded in the arm. He had paid his rent.

Mrs. Bentley, wife of a magistrate for the County Clare, and her three daughters, were twice fired at on the 29th Nov. while driving to their residence at Halestown, near Broadford, in that county. One of the rifle bullets passed close to the coachman's head, but no one was injured.

SINCE the stopping of hunting in the county Waterford the farmers and laborers have established what is called the National Hunting Club, the first meeting of which took place on Dec. 2d at Aughstallan Bridge. Over one thousand men assembled, and brought with them a number of dogs, many of which wore collars inscribed with "No Rent," "Foster," "Marwood," "Goddard," "Boycott," &c. After the hunt a meeting in support of the Land League was held.

THE Carlow and Island hounds met at Ballintemple, the residence of Sir Thomas P. Butler, on Dec. 3d. Just before proceeding to draw the cover a large crowd of people, men and boys, all armed with stout sticks assembled. The huntsmen at once resolved not to draw the cover, but proceeded to Ballyredmond, where they met a like result. The next move was to Militia, in the county Wicklow, on the property of Earl Fitzwilliam, where they had a short run for about ten minutes. They had then to return home very much disappointed.

The statue of Sarsfield has arrived in Limerick, and been placed on the pedestal in the grounds of St. John's Cathedral. The monument, which is a pedestrian one, was originally designed by Mr. Henry O'Shea, Limerick, the sculptor being Mr. Lawler, of London. The bronze figure is certainly a magnificent work of art, and does full credit both to the sculptor and founder. The great general stands in an attitude of advance, one foot being placed before the other, while his drawn sword points as if to the approaching army of William. Beneath him are scattered stones of the battery upon which he stands. The statue weighs about thirty tons, and the cost will be something over £1,000.

HAVE HOPE.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

Drowned in a Well.

OMEMEE, Dec. 27.—A sad accident occurred near this village last evening. It appears that a son of Matthew Wilson, a farmer living about three miles from Omemee, went out of the house after tea to water the horses, and not returning, the family became anxious as to his whereabouts. On further examination his body was found in the well and life was extinct.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

HER SWEET SMILE HAUNTS ME STILL.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & CO., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & CO., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

HAGYARD'S YELLOW OIL CURES RHEUMATISM

FREEMAN'S WORM POWDERS.

Are pleasant to take. Contain their own Purgative. Is a safe, sure, and *effectual destroyer of worms* in Children or Adults.

DOMESTIC AND USEFUL.

A great deal of time may be saved if knee-pads are made for children who creep, or who, in playing, are much upon their knees.

OYSTER SOUP.—In making oyster soup take two quarts of boiling milk, and put one quart of oysters, and add pounded cracker, salt, pepper, and butter. Boil five or ten minutes.

The *Journal de Pharmacie* gives the following recipe for a mucilage that will unite wood, or mend porcelain or glass: To eight and a half ounces of a strong solution of gum arabic add thirty grains of a solution of sulphate of alumina dissolved in two thirds of an ounce of water.

PUTTING UP CURTAINS.—When putting up curtains which are to be draped, in a low room, put the cornice to which the curtain is to be fastened close to the ceiling, even if the window is put in lower down, as it gives the effect of greater height to the room. The curtains meeting at the top will conceal the wall.

MUTTON BROTH.—One pound mutton or lamb cut small, one quart of cold water, one teaspoonful of rice or barley, four tablespoonfuls of milk, salt, pepper, parsley; boil the meat without the salt, closely covered, until very tender; strain it and add the barley or rice; simmer for half an hour, stirring often: add the seasoning and milk, and simmer five minutes more.

FOR WASHING THE HAIR.—Take the yolks of two new-laid eggs beaten up and mixed with warm water; they make a beautiful lather; and when the washing is finished, and the hair thoroughly rinsed in the purest rain-water, you will find, when dry, that the gloss will not be destroyed. The first water must not be very hot, and the last perfectly cold. Dry with soft towels—but do not rub till the skin is tender—and afterwards brush. Be always careful to have your brushes and combs perfectly clean and free from grease.

LEMON JUICE IN DIPHTHERIA.—Dr. J. Page, of Baltimore, in the New York *Medical Record*, May 7, 1881, invites the attention of the profession to the topical use of fresh lemon juice as a most efficient means for the removal of membrane from the throat, tonsils, &c., in diphtheria. In his hands (and he has heard several of his professional brethern say the same) it has proved by far the best agent he has yet tried for the purpose. He applies the juice of the lemon, by means of a camel's hair probang, to the affected parts, every two or three hours, and in eighteen cases on which he has used it the effect has been all he could wish.

EXTERNAL USE OF CASTOR OIL.—The London *Medical Journal* gives reports from various practitioners who have found purgative results follow the inunction of caster oil. One writer states that he has frequently applied this oil to the abdomen, under spongiopiline or other waterproof material, in cases where the usual way of administering by the mouth seemed undesirable, and with the most satisfactory consequences. In a case of typhoid fever, also, half an ounce of caster oil was applied in this manner, under a hot water fomentation, the effect of this being as represented, to releive the constipation and tympanitic distention that had been present, without undue purging or irritation of the bowels.

THE SODA TREATMENT FOR BURNS.—For burns and scalds a good application, that can always be obtained, is cooking soda. Sprinkle the burnt surface at once with this powder, and cover it with a wet cloth, or immerse the burnt part in alum water, strong brine, or soap-suds. A good salve for subsequent application is sweet oil and cooking soda, linseed oil and turpentine. The thing to be done is to protect the burnt surface against the influence of the air. An excellent application to make at once is a tablespoonful of unsalted lard, the white of one egg, and a teaspoonful of cooking soda, well mixed. Burns or scalds upon the face are best treated by applying mucilage or gum arabic. It forms a complete covering, and obviates the use of rags. Repeat the application every ten to fifteen minutes, until a thick artificial skin has been formed. It is so transparent that the condition of the burnt surface can be seen from day to day. It ultimately scales off and leaves a new skin, perfectly smooth and fair.

A Chicago Christmas Story.

The wind was laughing and shrieking as if in elfin mirth, ever and anon dying away into a wierd, sorrowful refrain like the low sob of a despairing spirit that had come back to earth only to mourn over the sad sights from which its gaze could not be kept. Over stately hall and lowly cot alike the storm-king held completest sway, and brave indeed would be the one who dare dispute his power.

"God help the belated wayfarer on such a night as this, an' there be any," said Pizarro McGinness, eighth Baron of Twenty-fourth street, as he sat near the roaring wood-fire in the wassail hall of his ancestral residence, whose turrets had fretted the sky since Big Foot Murphy—last of a noble race—had erected it with the money he had won on a dog-fight.

"Let us hope, dear papa, that all humanity is safely housed," replied the Lady Constance, only daughter of the grim old baron, and the pride and joy of his life. When her mother had died, on a beautiful morning in spring, nearly twenty years ago—a morning when the birds, were singing from every tree-top, and the meadows were spangled with sunflowers—the nurse had placed in the baron's arms a tiny waif of humanity, with great, wondering blue eyes, and the general appearance of an overdone lobster, and, pressing it tenderly to his suspender, he had sworn to devote his life to the daughter that Heaven had sent him. The little child had grown into a beautiful woman now, tall, and stately as a Grecian goddess of old, but with a passionate, childish love for her father.

"Yes, my child," said the old man, "you do well to wish everyone safe at home this stormy night, for, by my halidom, I have not seen a worse one since the winter of 1880, when I got such a long job shovelling snow for the street railway company. You doubtless remember, my darling."

A knock was heard. The Baron arose and went to the front door. As he did so a human form covered with snow stood before him. It was Rupert Rollingston, the haughty dry goods clerk.

"Is your daughter in, Mr. McGinness?" asked Rupert.

"She is."

"Can I see her?"

"Not much you can't,"—and with these cruel words the Baron shut the door.

For a moment Rupert stood like one dazed by sudden grief. Then, seeing that it was useless to remain longer, he started for the front gate. When nearly there he saw something that reminded him of a human form, lying in the snow. Stooping, he bent over the object. "The McGinnesses always celebrated Christmas in the old-fashioned way. What a sad, sad Chrismas it will be for me! But stop. Mayhap I may yet battle successfully against the cruel fate that seems to always beat and bear me down;" and placing the log over his shoulder he passed swiftly and silently through the front gate.

* * * * * *

Twenty minutes later Rupert was going up State street with a light heart and a merry smile on his pure, sweet face.

He had swapped the yule log for a thirty-five cent necktie.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

FROM ALL OVER.

A FIFTEEN year-old boy in London has been presented with a gold watch and chain for bravery in saving life at the time of the Victoria disaster.

THE St. Catharines *Journal* understands that the contractors for the canal work on section 34, Messrs. McNamee & Co., have thrown up the job.

THE Atlantic & Ottawa Railway has the 24 miles between Alexandria and Coteau completed. The shops may be located at Alexandria instead of Ottawa.

THE Penetanguishene Elevator and Warehousing Company have given notice of an application to Parliament for a charter, and a site for the erection of a new elevator. Penetanguishene harbor has been selected.

IT is rumored on the street that Sir Hugh Allen has offered half a million more than anybody else for the Q., M., O. & O. R., but that the Chaplean Government does not favor the acceptance of the offer, it being a *sine qua non* that Senecal must go out.

THIS paragraph will make the Manitoba and Dakota people feel mean. It is from the Brantford *Expositor* of the 28th:—"Mr. John McGeary brought to our office this morning branches of japonica nearly in bloom, honeysuckle in full leaf and lilacs nearly so.

SORE THROAT.—Apply Hagyard's Yellow Oil and take inwardly according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

John Hackett, a newly-arrived Englishman, complained at the Great Western depot, Toronto, Tuesday afternoon, that his purse, containing nearly $75, and several notes, had been taken from his pocket while he was travelling between Hamilton and Toronto.

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

PHILADELPHIA is investigating a serious charge against the managers of its almshouse. What should have gone to the inmates was sold by them and the proceeds pocketed. The unfortunates, it is said, eat half their meals out of the swill barrels.

IN view of the high fees paid to the lawyers at Washington, who are engaged in behalf of the "the people" in conducting the trial against Guiteau, it is not likely that the grand arraignment will be brought to a termination during 1881.

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does the grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

ADVICES from Portland, Oregon, announce the arrival there of Major Rogers, who has been in charge of the survey parties in the Rockies seeking a southerly pass for the Canada Pacific Road. He reports an accessible route from the 5th parallel to Yale. The maximum grades going west are about eighty feet to the mile, and there will be no long tunnels.

WHERE IGNORANCE IS BLISS 'TIS FOLLY TO BE WISE.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

MEDICAL AND SCIENTIFICAL.

NEURALGIA AS A "WARNING."—One of the London medical journals declares that the great prevalence of neuralgia—or what commonly goes by that name—should be regarded as warning indicative of a low condition of health, which must necessarily render its subjects peculiarly susceptible to the invasion of diseases of an aggressive type. It is always essential that the vital forces should be vigorous, and the nerve power, in especial, in full developement; but neuralgia indicates a low or depressed state of vitality—a poor and weak state—and should be promptly placed under treatment.

NATURE'S RESPIRATOR.—Those who in the cold and in the fogs wish to avoid catarrhs should be careful to inspire only through the nose. With most this will require some practice, but it will be well repaid. Some, too, will find the impure air of a fog very irritating to the nasal mucus membrane, and thus a demonstration of the irritant properties of the suspended matter which in breathing through the mouth gets free access to the lungs may be obtained. Those who are especially anxious to preserve their voice—as preachers, singers and judges—stand in special need of this precaution, which is as affective as it is simple, and has many and great advantages over all the artificial respirators yet invented.—*Lancet.*

RESEARCHES CONCERNING MALARIA.—Some of the most eminent physicians of Italy have from time to time investigated the origin and causes of malarial fever in that land, the curious fact having been announced, in the early stages of these researches, that the characteristic form of the bacillus was not found in the circulation of persons who had the fever, though largely in certain parts, the spleen and bone marrow especially. It now appears that, during the ingress of the fever, and also during the last period of the febrile intermittance, the blood of the whole body contains a considerable number of individuals of the parasitic species. These, it seems, are mostly spore-producing; and when, in the second period—up to the crisis—they are all, or nearly all, destroyed, one sees merely in the blood a number, sometimes enormous, of the small spores which have been liberated, and which in favorable condition, produce a new bacilli in the same blood.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of their generative organs. A great Brain and Nervous food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

DRY GOODS

—AT—

WM. FAIRWEATHER & CO'S.

DRY GOODS! $30,000 MILLINERY!

CLOTHING!

To be Sold Regardless of Cost! Whole Stock is to be Sold Without Reserve.

TERMS STRICTLY CASH.

WM. FAIRWEATHER & CO.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

A LARGE PROPORTION of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

A CASE OF HYDROTHORAX CURED.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphrey, of Durand, Wis.*

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

Choice Holiday Goods.

Parties looking for something nice to make an Xmas Present, cannot do better than by calling at McFADDEN'S, and examining his new stock of LADIES' and GENTS' CHAIRS in WILLOW-WARE, something NEW, ELEGANT, and NOBBY.

In Selecting your Christmas Presents, Choose Something Useful.

ALLOW ME TO DRAW YOUR ATTENTION TO THE FOLLOWING:

Bedroom Sets	Parlour Suites	Cabinets
Sideboards	Centre Tables	Book Cases
Extension Tables	What Nots	Secretaries
Couches	Hall Racks	Fancy Tables
Easy Chairs	Hall Chairs	Brackets, Etc., Etc., Etc.

Is prepared to attend to orders for all kinds of

Painting, Graining, Paper Hanging, Kalsomining, Glazing, etc.

With Punctuality and Carefulness. All work done under my own personal supervision, and guaranteed to be executed in an HONEST and satisfactory manner. No poor material used, and no disappointments. Customers furnishing their own material, can rely upon it being used and not exchanged for worthless stuff.

Competition defied both in workmanship and in prices. Estimates given for contracts. Orders left at Laplant's Carriage Shop, the Hardware Stores, or at the Shop on Aylmer Street, will receive prompt attention. d63-w16

NOTICE

IS HEREBY given that a Special Meeting of the Shareholders of the Toronto & Ottawa Railway Company will be held at their office, No. 66 Adelaide Street, Toronto, on Monday the 9th day of January, 1882, at 12 o'clock, noon, for the purpose of considering, and if approved, approving an agreement between The Toronto and Nipissing Railway Company, The Victoria Railway Company, The Whitby, Port Perry and Lindsay Railway Company, The Toronto and Ottawa Railway Company, The Grand Junction Railway Company, and The Midland Railway of Canada, for the purpose of Consolidating the said Companies into one Company, under the name of "The Midland Railway of Canada," on the terms and conditions expressed in the said agreement.

W. GOODERHAM,
President.

Toronto, Dec. 17, 1881. 14d148

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

W. JOHNSTON & CO., Manufacturers,
AMHERSTBURG, ONT.

For Sale by Ormond & Walsh, Peterboro'.

EVIDENCE

That our Great Sale has been, and still is a success, may be seen at any time by the crowds who come AND BUY. We will continue to sell at our present prices until our

Removal on the 1st of February next

When you will hear from us again.

The fitting up of our new store, (3 doors north), is proceeding rapidly, and will be one of the neatest and most convenient in town.

Our stock was disappearing so rapidly that, contrary to our intentions, we found it necessary to replace many lines in daily demand, so as not to dissappoint our customers. The assortment is still therefore, complete and attractive. Those who have not called on us, will find that a visit will repay their trouble.

See Our Stock of Silk Handkerchiefs.

Handkerchiefs, Silk Scarfs, Fancy Goods, Mantles, Millinery, Dress Goods. Retail at Wholesale Prices.

See our Stock of Flannels and Tweeds.

BUY FROM

MUNRO & ALEXANDER.

Daily Evening Review

TUESDAY, JANUARY 3, 1882.

LOCAL AND MUNICIPAL.

Railway Notes.

The Lindsay *Warder* says that at the public meeting on Tuesday night, which was largely attended, the railway amalgamation scheme was fully discussed from a Lindsay standpoint. The meeting repudiated all former resolutions passed by the manufacturers' committee and declined to be bound by any of them, and adopted one requesting the council to appoint from among the most prominent citizens a large committee whose duty it will be to look after the interests of the town in this matter. There is no mistaking the feeling of the people of this town. They have paid too dearly for the lesson they have learned so well, and it is safe to say that they will not be found napping this time. It is true that the different railway companies can amalgamate without the legislation they are seeking, but their bonds would be seriously affected and they could not dispose of them to advantage in the money markets of the world. Unless all our rights are respected the people of this county will never assent to any such scheme.

The Perth *Courier* says that work on the Toronto and Ottawa Railway is progressing favourably. The broken weather has caused the dismissal of several grading gangs, but good practical rock men are in request. The recent amalgamation of several roads, of which the T. and O. forms a most important link, has caused a revision of the board, and consequently some little delay may arise in order for future work. Mr. Charles has obtained leave of absence, and leaves Perth to-morrow. Mr. Patterson is engaged on a seven mile survey near Wick. Mr. Hogg is still engaged locating a connecting link between Peterborough and Omemee, a distance of fifteen miles. Mr. Sykes is in charge at Madoc, and has fully completed fifteen miles of the road. J. C. Bailey, M.T.C.E., the chief engineer, has returned from the Sault Ste. Marie, where he has left the locating party under Mr. Ellis. It is noticeable that all the above named gentlemen, Mr. Sykes excepted, were engaged throughout the construction of the C.V.Ry., and Messrs. Charles Hogg and Patterson were also on the Grand Junction. Mr. Bailey and Mr. Charles were engaged last season exploring in the vicinity of Lake Nipissing.

Personals.

Mr. James Wilson, of the Canada Pacific Railway, is home for the holidays. He thinks Peterborough has improved wonderfully since he left here three and a half years ago. He was greatly surprised at our spring like weather, after the cold and deep snow of the Northwest.

Artillery.

One of the guns of the Durham Field Battery is now here at the Drill Shed, under charge of Lieutenant Sanderson. As this is the first cannon that has been seen here for some years, it is somewhat of a curiosity, especially to the juveniles, who regard it with awe and stick their fingers in their ears when it is fired.

In reference to Mr. Osler's statement that the Canadian Pacific Railway has no direct share in the consolidation, the Toronto *Telegram* says that though this is literally true, the consolidation will eventually be found to have identical interests with the Syndicate.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Week of Prayer.

The service this evening will be held in the George Street Methodist Church, Subject:—Humilation, and Confession on Account of Individual, Social, and National Sins. Addresses by Rev. E. F. Torrance and T. Brown.

Resignation.

We understand that the Rev. E. J. Stobo, has tendered his resignation to the Baptist Church, Peterborough. We believe he will occupy his own pulpit till further notice.

C. STAPLETON, sells to-morrow (Wednesday) at 1 p. m., all of G. A. Morrison's furniture, carpets, &c., residence corner of Park and Weller streets, opposite Geo. Webber Esq.

MUNICIPAL MATERIAL.

CONCISELY WE GIVE THE NAMES OF THE COUNCILLORS ELECT FOR 1882.

Everything Passes off Exceedingly Quiet—Four new and Smiling Faces Greet us at the Council Board.

In contradiction to last year, the municipal election past off very quietly, probably on account of their being no contest for the Mayor's chair. If there is anything that infuses life into a municipal election it is a contest for the ruler's chair and if there is none the election simply becomes dull and fiat. The ratepayers in their wisdom, having decided to allow Mayor Smith to occupy the chair of state for another year, of course there was no contes and accordingly the the elections were dull. As will be noticed by the figures underneath, no less than four of the council of last year, who managed our affairs so well, have been elected "to stay at home," and the Council of 1882 will have four new men —four, we say, but at the same time there will only be three, as Mr. Denne, one of the *new* men, is an old and tried Councillor, and a man whom we are glad to see is elected again, as he has always the courage to speak his mind, no matter what is at issue.

While glad to see our old friend from the North Ward elected, we are grieved to have to part with no less than four of last year's members, one from each Ward, viz:—Messrs. Taylor, Chamberlain, Yelland and Hartley, who have, as most of our readers will agree, discharged their duties to the best of their own belief, if not that of their constituents. At the same time, while we condole with our defeated candidates, we congratulate the new men upon their taking the seats below his majesty the Mayor. The vote in town stood as follows:—

NO. ONE WARD.

Cahill	184
Alford	177
McNaughton	158
Bell	36
Winch	12
White	9

NO. TWO WARD.

Paterson	181
Poussette	170
Kelly	157
Chamberlain	79
Graham	14

NO. THREE WARD.

Wilson	127
Rutherford	124
Douglas	123
Yelland	118
Moore	17

NO. FOUR WARD.

Menzies	97
Denne	93
Richardson	91
Hartly	73
Clotworthy	6

NORWOOD.

The following is the result of the municipal election of the Village of Norwood for the year 1882. Reeve—J. B. Pearce, 78; John Finlay, 50. Majority for Pearce 28. Councillors—S. J. Griffin, 87; David Foster, 72; John McMillan, 66; David Askey, 64; Hiram Reynolds, 53; James Starr, 56; Dennis Mahoney, 39.

MILLBROOK.

Reeve—Ferguson. Councillors—Carveth, Sargent, Thexton, Webster.

OMEMEE.

Councillors—C. Laidley, J. Kincaid, G. Lamb, J. Balfour.

PORT HOPE.

Councillors—Ward No. 1, J. G. King, W. G. Stevenson, H. A. Ward; Ward No. 2, A.W. Pringle, W. McKee, E. Budge; Ward No. 3, H. H. Burnham, W. F. Beamish, A. Winslow.

SOUTH MONAGHAN.

Reeve—R. Shaver. Deputy Reeve—George Walker. Councillors—H. Patton and J. Hughes.

DUMMER.

For Reeve—Rose, 143; Kidd, 178. For Councillors—Drain, 198; White, 144; Smith, 134; Kelly, 156; Spencer, 118; Kirk, 183.

BOBCAYGEON.

Councillors—C. Irwine, Junkin, W. B. Read, Alex. Orr, and J. T. Robinson.

BELLEVILLE.

MAYOR—Nelson Lingham, Councillors—E. H. Laroche, A. T. Petrie, R. M. Clarke, John Taylor, G. S. Tickell, Alfred Brignall, W. J. Diamond, James Smith, James Macoun, Wm. H. Lingham, John G. Frost, James Durand, J. W. Dunnet, Wm. Wilson, J. G. Vandusen.

COBOURG.

Councillors—Lieut.-Col. Smith, Capt. D. Rooney, J. Daintry, C. C. Field, D. H. Minaker, O. W. Powell, Wm. Battell, M. Fox, Samuel Clark.

CAMPBELLFORD.

Reeve—W. B. Archer. Councillors—Chas. Gillespie, J. Shannon, Wm. Hambly, and Charles Nancarrow.

HASTINGS.

Councillors—H. Morton, Henry Johnston, John Coughlin, R. Steele.

NORTH MONAGHAN.

For Reeve—Collins, 114; Barnard 45. For Councillors—Brealy, 109; Forster, 102; Brownscombe, 92; Dobbin, 91; Dunlop, 89. The first four are accordingly elected.

ASPHODEL.

Thomas Rork, was elected reeve by a majority of 30 over F. Birdsall. John Walsh, deputy-reeve. Councillors—James Stephenson, Timothy O'Grady, Michael Lynch. The vote as to where the Council should hold its meetings—Norwood or Westwood, was decided in favour of Norwood by a majority of 22.

BEAR in mind that Geo. A. Morrison's sale of house hold furniture comes off to-morrow at 1. p. m. sharp.

ULCERS AND OLD SORES.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

PORTLAND, Ont., Feb. 26, 1880.—S. S. Scovil writes:—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

BISHOP BEVERIDGE.—A gentleman meeting the celebrated and excellent Bishop, Beveridge, asked him how he was. Beveridge replied: "If I answer in Latin, I am *vic, sic;* if in English, *so, so.*" There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "King" of remedies. Sold by all druggists throughout the Dominion.

At Belleville.

From the Belleville *Ontario* we clip the following, and at the same time we may say that "Allan" and "Aleck" are only keeping up their old reputation, and if they didn't we would want to know the reason why, because if there is a man in Canada who knows how to keep an hotel, Allan Huffman is the man, and if a man is required to assist him, Alex. Craig is the "boy." So enough said. The *Ontario* says:—

Mr. A. H. Huffman, proprietor of the Dafoe House, was this morning made the recipient of a very handsome New Year's present. A number of his guests surprised him by requestiug a private interview, when they placed before him a beautiful Silver Ink-Stand, Gold Pencil and Pen. The ink-stand is a very fine piece of workmanship and of chaste design, about twelve inches long and nine wide. It is surrounded by delicate silver fret-work, about two inches high; and cut glass bottles with silver stoppers statute mounted on a pedestal adorn the plane of the stand. The following inscription is on the base:—

"Presented to Allan A. Huffman, Esq., from a few of his commercial friends. New Year, 1882."

The Dafoe House was always a favorite with commercial travellers and the public generally, and under the management of Mr. Huffman it has an enhanced reputation. We know it to be a first-class house, with courteous and attentive waiters.

Calendars.

Mr. Salter in Mr. Geo. A. Cox's office, desires us to state that all who want calendars can get them from him. He represents some first-class companies, and all who call on him can rest satisfied that they will get the best (calendar) going.

Going to Winnipeg.

G. A. Morrison, sells without reserve to-morrow, all his furniture, carpets, new Wheeler & Wilson sewing machine No. 8 &c. Sail at 1 p. m. sharp.

The Rink.

The rink will be open to skaters to-morrow, Wednesday.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

No. 1 Company drill to-night as usual.

An old Sandy Hook pilot, Mr. Peter Bailey, residing on Court street, south Brooklyn, N. Y., was cured of a very severe case of rheumatism by St. Jacobs Oil. His ailment had resisted all professional treatment.

SEE OUR WINDOWS!

THE BABY SHIRT!

Shirts from 13½ to 48.

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

PETERBOROUGH

Curling & Skating Rink Company.

BAILEY BROS.

N. H. DOWNS' Vegetable Balsamic ELIXIR!

This valuable medicine is purely vegetable, the discovery of which was the result of many years' close study, in order to discover the cause, the symptoms and the cure—viz.:

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Influenza, Pleurisy, Hoarseness, Spitting Blood, Bronchitis,

and every species of oppression of the Chest and Lungs. In all cases where this Elixir has been duly administered its efficacy has been invariably manifested, convincing the most incredulous that

CONSUMPTION

is not incurable, if properly attended to.—Consumption, at its commencement, is but a slight irritation of the membrane which covers the lungs; then an inflammation, when the cough is more observable, but rather dry: then becomes local fever and the pulse more frequent, the cheeks flushed and chills more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration,

IT HEALS THE ULCERATED SURFACES

and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and astringent articles, which are of so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the CAUSE, generally destroys the hectic before the cough is entirely gone. Consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions for cure of pulmonary diseases. Price 25cts. and $1 per bottle. Sold everywhere.

HENRY, JOHNSONS & LORD, Props.

SULPHOLINE LOTION.—AN EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

WEDNESDAY, JANUARY 4, 1882.

CANADIAN TELEGRAMS.

TORONTO.

Special to the Review, Jan. 4.

THE PRESS comment favourable upon the facts of the investigation in the Education Department. The last investigation in which Dr. McMillan and Mr. Kirk were concerned was held publicly.

KINGSTON.

Special to the Review Jan. 4.

LAST EVENING William Tandy, political editor of the *Daily Whig*, died from congestion of the lungs. He was only forty-one years of age. He was a gifted vocalist, who for years sang through Canada with his brother "Rechab." Two writers on the *Whig* have died during the past six months.

OTTAWA.

Special to the Review, Jan. 4.

NO FURTHER evidence will be called by the Pacific railway commission. Their report in all probability will be handed in before the end of the present month.

THE GOVERNOR-GENERAL is expected to reach the capital on the 23rd instant.

DR. GRAHAM left on Wednesday for the township of Bowman, Ottawa county, to hold an inquest on the body of a German named Fregide, who is said to have been murdered by a neighbor.

THE INCREASE in Custom's returns of the Dominion for December over the similar period of 1880 is $88,695.93. Excise shows a decrease of $5,055.35.

ENNISMORE.

From our own Correspondent.

WEATHER NOTES.—December, with the year, has now come to a close. Although a winter month the weather on the whole has been mild, the highest indicated by the thermometer was on the morning of the 1st. January, namely 45° and the lowest 11° above zero, on the evening of the 31st, the mean temperature of the month being 29° 19. above zero. Snow fell on 11 days to the depth of 5 1-16 inches; rain fell on 7 days, making a total depth of water by snow and rain of 6 1-32 inches.

REEVE.—Patrick Crough. Councillors—Wm. Curtain, Martin Leonard, Cornelius O'Conners and Jeremiah McCarthy.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

MIDNIGHT TELEGRAMS

CABLE.

AN EARLY SETTLEMENT.

LONDON, Jan. 3.—The *Daily News* states that it is estimated that one-fourth of the Irish tenants who need protection have come under the operation of the Land Act, and competent persons believe that the whole question will be settled in two years.

CROKE COMPLAINS.

DUBLIN, Jan. 3.—Archbishop Croke, of Cashel, bitterly complains of the police introducing a watch into the parochial residence on the occasion of a meeting in connection with a bazaar, although they were assured it was not a league meeting.

A FORGERY.

DUBLIN, Jan. 3.—The letter read at the meeting of Ennistown commissioners, purporting to come from Herbert Gladstone, is declared to be a forgery.

BORROWING MONEY.

DUBLIN, Jan. 3.—A treasury minute has been issued including occupying tenants in Ireland among those anthorized to borrow from the Government for improvements.

MORE HONORS.

CORK, Jan. 3.—The Corporation has conferred the freedom of the city on John Dillon, member of Parliament. Copies of the resolution were sent to Gladstone, Forster, and Irish corporations.

ARRESTED.

DUBLIN, Jan. 3.—Patrick Hart, a returned Irish American, has been arrested at Carrigtoshill under the Coercion Act.

A CLOSE VOTE.

LONDON, Jan. 3.—The corporation of the city of Dublin has conferred the freedom of the city upon Messrs. Parnell and Dillon, by a vote of 29 to 23. A copy of the resolution conferring the freedom of the city will be sent to the Lord Lieutenant, accompanied by a request that Parnell and Dillon be allowed to attend in the city hall to receive their certificates of freedom. The corporation of Cork has conferred the freedom of the city on Mr. John Dillon, member of Parliament. Copies of the resolution were sent to Mr. Gladstone, Mr. Forster, and the Irish corporations.

IRISH LANDLORDS.

DUBLIN, Jan. 3.—Six thousand persons were present at the landlords' meeting at Dublin today, which was the most influential ever held. All the principal representatives of the land interest were in attendance. Resolutions were adopted severely criticising the Land Courts' decisions. It was the general opinion that until appeals from the decisions of the sub-commissioners are heard any demand for compensation would be premature.

THE LAND COURT.

DUBLIN, Jan. 3.—It was the general opinion at the meeting that until appeals from the decisions of the sub-commissioners are heard the demand for compensation would be premature.

THE IRISH QUESTION.

LONDON, Jan. 3.—Joseph Chamberlain, at Birmingham, said that the Government would suppress the rebellion in Ireland, and would find means to enable the Land Courts to deal with cases coming before them. He had no sympathy with the absentee agitators, who, from a safe distance, gave counsel rather than commit crime, while they administer the funds from America in a safe retreat in Paris or London. Chamberlain ridiculed the landlords' demand for compensation. He thought that the tenants rather ought to be compensated for excessive rents extracted from them for many years.

AMERICAN.

THE MORAVIAN.

HALIFAX, Jan. 3.—The steamer *Moravian*, ashore at Mud Island, is reported to be broken up. A heavy sea was running all day yesterday. A steam tug left Yarmouth for the wreck this morning. The steamers *Newfoundland* and *Newfield* from Halifax have not yet reached the the island, having put into Pubnico to await moderate weather. The passengers of the wrecked steamer have arrived here from Yarmouth, and will proceed to England in the *Caspian*, now due here from Baltimore. The report of a large steamer ashore west of Halifax has not been confirmed. Telegraph communication is interrupted by yesterday morning's storm.

CAN'T EVADE PAYMENT.

CAICAGO, Jan. 3.—C. Haines, President of the defunct Fidelity Bank, gave notes for over $100,000 at the time of its collapse, in 1877. He now claims exemption under the Bankruptcy Act, and because of claims for salary, &c. The Court held Haines for payment of the notes.

ATTEMPTED ESCAPE.

GRAHAM, Jan. 3.—The three McDonald boys, murderers, at the gaol yesterday, disarmed Deputy Sheriff Melton, who was wounded in the struggle. Deputy Murfee, coming to the rescue, was shot dead. The prisoners made a hole in the floor and descended to the room below, taking Melton with them, and started to escape, followed by a crowd of citizens. The pursuers fatally shot one fugitive. Melton then escaped from his captors. The fugitives hid among weeds and stumps. A general fusilade took place. When the firing ceased the remaining McDonalds were dead.

SALE OF PEWS.

BROOKLYN, Jan. 3.—The annual sale of pews in Plymouth Church to-night realized $38,000, a decrease of $4,000.

DIGNITARIES GAOLED.

BROOKLYN, Jan. 3.—Justice Gilbert to-day granted an order for arrest against seventeen aldermen who on Saturday placed themselves in contempt of Court by passing over the Mayor's veto a bill granting a right of way to the Elevated Railroad.

ARRESTED FOR MURDER.

ASHLAND, Ky., Jan, 3.—William Neal, Ellis Craft, and George Ellis, (all whites) have been arrested for the murder of Gibbons' children. George Ellis confessed, and says that Craft and Neal awakened him on the night of the murder, and urged him to go with them to Gibbons' house. He went reluctantly. They entered the window, and Neal and Craft outraged the two girls. The boy Robert was about to give the alarm when Craft struck him on the head with an axe, killing him. Craft told Fanny her time to die had come, and amid piteous cries of the child for mercy, struck her on the head and killed her instantly. Neal then killed Emma Thomas the same way.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

THE JEANNETTE.

ST. PETERSBURG, Jan. 4.—Soulkowaski, who left in the Jeannette in 1881 has safely returned. He states that he met the American search ship Rodgers and also members of the Bremen expedition.

BRIGHT'S VIEWS.

LONDON, Jan. 4.—Mr. Bright, speaking in Birmingham, traced the cause of the Irish disaffection to the long course of Tory misrule, and justified the course and measures on the ground of actual necessity. He pointed out that much of the Irish discontent arose from misconception or ignorance of English liberality to the Irish. This resulted from driving away English capital.

A NEW LINE.

ST. PETERSBURG, Jan. 4.—The Government has decided to establish a telegraph line between Trokaska and Koakuk, Siberia.

AN EXPORT DUTY.

A question is discussed in Government circles for imposing an export duty on grain of half a kopeck per pood to increase the resources of the commissariat department.

AMERICAN.

REVISING THE TARIFF.

NEW YORK, Jan. 4.—The *World* says that it is extremely probable that the Morrill tariff commission bill will be defeated in the Senate. Its failure will indicate the defeat of any other bill.

THE CRANK'S TRIAL.

WASHINGTON, Jan. 4.—It is stated that "Guiteau's apparent confidence in being saved is based on the expectation that the President will somehow come to his aid. When Dr. Gray pronounced Guiteau sane the District Attorney said:—"I am sorry. I wish for the honor of the country that you had found he was insane."

MINISTER TO RUSSIA.

NEW YORK, Jan. 4.—It is understood that John C. New, of Indiana, has been nominated Minister to Russia.

CHILI AND PERU.

NEW YORK, Jan. 4.—The Consul representing Peru, has received a despatch advising him that the Chilian government has ordered a full organization of the Province of Tarapaca, as a part of the Republic of Chili.

POOR WHITTAKER.

NEW YORK, Jan. 4.—The *Tribune* states that an army officer recently from Washington, says that he has good reason to believe that the court sentenced Whittaker to be dishonourably dismissed from the service, and to be imprisoned for a year, and to pay a fine. Six or seven members reccommended in view of the mitigating circumstances, that the fine and imprisonment be remitted. The officer heard the Judge-Advocate General's review of the case. He severely handled Whittaker's treatment by the officers and his comrades at the Military Academy, and criticised sharply the circumstances which led to the commisson of the outrage on the colored cadet.

THE MESSAGE.

ALBANY, Jan. 4.—The Governor will recommend Bieunial sessions of the Legislature. His message treats of the National Guard organization, railroads, and the free canal question, very fully. Anti-monopolists will not complain that they are ignored.

QUITE A NUMBER.

NEW YORK, Jan. 4.—Unofficial advices state that 700,000 emigrants arrived in this country during the last year.

A LANDMARK GONE.

NEW YORK, Jan. 4.—The old Vanderbilt mansion on Staten Island was burned yesterday. The loss is $25,000.

THE CORRECT WAY.

NEW YORK, Jan. 4.—The fire commissioner of Brooklyn yesterday discharged twenty employees whose salaries amounted $10,000. He announces that he will conduct his office on business principles.

ORGANIZATION IN AMERICA.

NEW YORK, Jan. 3.—At a meeting of the delegates of the branches of the Parnell Land League here to-night resolutions were adopted endorsing the labours of the Chicago Convention, promising to furnish its share of $250,000, proposed to be sent to Ireland, and favouring the grouping of organizations in the States and Canada into a federal league.

NO "NIGGERS."

NEW YORK, Jan. 4.—The *Tribune* says that a classmate of Whittaker's at West Point, but not now in the army, recently said to a Congressman at St. Louis that Whittaker did not cut his own ears, but had to be got rid of in some way. Such an action would prevent the sending of any more niggers to West Point.

THE POSTAL FRAUDS.

WASHINGTON, Jan. 4.—Regarding the "Star route" cases Bliss says:—"I am at a loss to see how any graud jury, meaning to do its duty, can fail, under the testimony that will be brought before it, to indict the parties accused. My information is that this grand jury is a fair one."

AT ALBANY.

ALBANY, Jan. 4.—Two or three Republican Senators indicate by their talk that they may be constrained, and prefer a deadlock rather than allow the Senate to remain unorganized for any length of time.

QUITE COOL.

WATERTOWN, N. Y., Jan. 4.—Ten degrees below zero here this morning.

THE FROZEN HUDSON.

POUGHKEEPSIE, Jan. 4.—The river is frozen from Hudson to Albany. Off Castleton the ice is four inches thick.

MINING FEVER.

DAYTON, Iowa, Jan. 4.—There is great excitement over the alleged discovery of gold and silver in paying quantities near here.

GONE UP.

PORTLAND, Me., Jan. 4.—Winslow, Jones & Co., a packing firm owning fifteen corn factories and five lobster factories in Maine and fourteen lobster and salmon factories in the Canadian provinces, have failed, with liabilities of $182,000.

NOTICE.

A. L. Davis & Co.

Daily Evening Review

WEDNESDAY, JANUARY 4, 1882.

MIDLAND OF CANADA CONSOLIDATION.

The London, (England), *Railway News* has the following article :—From the date when the Canadian Government determined to construct a railway through British territory to the Pacific Ocean, which would, with existing lines, give railway communication from the Atlantic to the Pacific, on territory controlled by the Government of the Dominion, public attention has been liberally directed to Canada generally. This has been to a very large extent aided by the active measures taken by the Canadian Government to induce emigrants to settle in the North-West Territories. The recent visit of the Marquis of Lorne to the North-West, and the reports of the various addresses presented to, and the speeches delivered by, his Excellency the Governor-General during his progress through the country, all of which have been fully reproduced not only in the Canadian but in our own Press, but have further increased the general desire for information in regard to everything connected with the railways and the resources of the Dominion. Among other plans which deserve the careful consideration and support of investers in Canadian railways is the proposal to consolidate a large number of small lines in Eastern Ontario, under the title of the "Midland Railway of Canada," to which reference was made in a previous number of the *Railway News*, November 12. This well-considered plan commends itself not only to those who are interested in these railways, but, if we may judge from the articles in the Canadian Press, to the people of Canada generally. The proposal, as our readers are aware, and as shown more fully in the map given with the present number, is to consolidate the Midland Railway of Canada with the Grand Junction Railway, The Toronto and Nipissing, the Whitby and Port Perry, Victoria and Toronto and Ottawa Railways. The positions of these lines will be readily understood by a glance at the map.

It appears that the Toronto and Nipissing Company, under a contract which they have with the Grand Trunk Company, exercise running powers from Scarboro' Junction to Toronto, a distance of about nine miles. At Toronto that company possesses terminal facilities and a passenger station in the very centre of the city. This line, about ninety miles in length, was constructed by local capital largely drawn from the municipalities through which the line runs. The gauge of the line was three feet six inches, but it was recently changed, and it is now nearly completed, on the standard guage and laid with steel rails.

THE GRAND JUNCTION LINE, starting from Belleville, reaches Peterborough, and by a branch into a most valuable iron deposit in the neighbourhood of Madoc. This line has also been built by local capital aided by grants from the Ontario Government and the municipalities through which the line passes. It is also ninety miles long.

THE WHITBY AND PORT PERRY LINE AND THE VICTORIA RAILWAY have both been, to a large extent, constructed by local capital, aided in like manner by the the Ontario Government and the Municipalities. These companies railways form a continuous line from Whitby, on Lake Ontario, to Haliburton, in the County of Victoria, 101 miles in length.

THE MIDLAND RAILWAY, which is the largest and most important of the lines mentioned, was constructed mainly by British capital, and the bonds and stock of the company are held almost exclusively in England. The line was in former years known as the Port Hope, Lindsay, and Beaverton Road. In the first instance the Grand Trunk Company were made to contribute towards its construction by the then Government of the two Canadas. The Midland has gone through may vicissitudes, but of late years, being exeellently mannaged, it has benefited largely by the improvements which has taken place in the general trade of the country, and it is now an interest-earning line with excellent prospects of the future. Its line commences at Port Hope, on Lake Ontario, and extends to Midland, a port on the lower end of Georgian Bay. Here, as well as at Port Hope, elevators and extensive warfage accomidations are being provided, and the midland may fairly look for a large development of its traffic in the future. It is 142 miles in length.

The Toronto and Ottawa Company, of which a great deal has been written in the past, holds a charter from the Ontario Government for the construction of a road from Toronto to the city of Ottawa. This company have under construction and nearly completed a portion of their line, starting from Madoc and running in almost a straight line towards Perth. They appear to have surveyed and located the whole line from Madoc to Ottawa, touching the town of Perth, at present reached by the Canada Central. The company has also made contracts for the construction of the portion of the line between Bridgewater and Perth, and such works as can be carried on during the winter will be proceeded with. On a reference to the map it will be seen that by the construction of a short piece of line between the Whitby and Port Perry Road at Manilla, and the Toronto and Nipissing at Wick, a distance of about six miles. Peterborough and Lindsay, the most important points upon the whole route between Toronto and Ottawa, except those along the margin of the lake served by the Grand Trunk, will be given a second direct line to and from the city of Toronto, the capital of Ontario, and 160 miles of a second line between Toronto and Ottawa will have been completed.

The consolidated Midland road, as explained in the report of the directors, already published in our pages, will possess a mileage of over 400 miles, and they will only require to construct about 100 miles in order to secure a direct and independent line to the capital of the Dominion, where they will join the Canada Atlantic Road, in course of construction, and which it is stated will be completed by the autumn of 1882 up to a junction with the Grand Trunk. The construction of a small piece of line between Wick and Manilla, and the completion of a short piece between Omemee and Peterborough (intended to straighten the line to the Georgian Bay), is being proceeded with, and the company has at its disposal resources sufficient for the construction of these comparatively small undertakings. This proposed consolidation we consider one of the wisest measures which has had its origin in Canada for many years. It will build up a strong corporation, and, when the Ontario and Sault St. Marie Road, incorporated for the construction of a line to the Sault St. Marie, is completed, the Midland will become one of the most important railway undertakings in the country. The promoters of the Sault St. Marie line appear, judging from the report of the directors, just published, to be confident of success. Their line, joined with the Northern Pacific, will make one of the shortest routes to the North Western States of the United States, and to the North-West Territories of the Dominion. Such a line, if it is proceeded with, can be completed many years before it is possible to construct the Canadian Pacific, projected to go north of Lake Superior—the most barren and inhospitable region on the whole continent. The proposed consolidation is one well adapted to strengthen the position of the Midland of Canada, while the support which it will give to the Grand Trunk, with which, as will be seen from the Map, it connects at several points, cannot fail to be of great value to that company in attracting to it a large portion of the business by way of of the Lakes and Georgian Bay.

TEMPERANCE SOCIETIES.

To the Editor of the Review.

DEAR SIR,—Imagine yourself in a village of the backwoods of Ontario without a Young Men's Christian Association or the innocent amusement the Mechanics' Institute provides in our favored towns. The village may contain no cheerful place all young men have access to except the hotels, and these are always warm and well lighted. How many find it hard, when receiving an invitation to drink, to refuse. They easily persuade themselves that the example of respected citizens cannot be dangerous to follow. How difficult to resist the sneering remark, "Too stingy to treat an old friend?" Some respectable man may say, "I always know how to control myself." Can he be sure his neighbor is as strong? If his nature is philanthropic can he not show his sympathy for the tempted by denying himself? If he is a patriot will he not try to fight against what reliable statistics show to be the most fruitful cause of crime? Many earnest Christians object to temperance societies because they think other motives may lead members there than zeal for the temperance cause. Would they blame a young lady for devoting evenings to her brother, and interesting him in hours when he is free from toil? Or if her brother were at work in a distant place, should they laugh at her for doing as she would be done by, and exerting her talents and influence to provide a place where harmless amusement may be found, and words heard which are true and tend to prevent crime. Templars feel their societies are not perfect; but how willingly would those young people who are fighting evil accept advice from those who have more knowledge and experience? If the influential Christians in a country village could leave their firesides, would not their talents add interest to the meetings. Or, if prevented from joining the order, by declaring themselves temperance men and doing something to drive this curse away, would they not be obeying Him who wishes His followers to separate themselves from evil?

E. L.

Apsley, Dec. 30, 1881.

WARSAW.

From Our Own Correspondent.

PRESENTATION.—On Friday afternoon, Dec. 23rd, at the close of the Warsaw public school, the greater part of the parents of the section met at the school-house to compliment Miss Cook, junior teacher, with an address and the presentation of the following gifts—a silver jewel case, pearl card case, and a napkin ring, valued in all at some $13. Miss Cook, though somewhat overcome, replied appropriately, recalling the many happy days spent during the four years she conducted this school, and at the same time consigning on her part to perpetual oblivion any personal collisions that may have unfortunately occurred in this long course of public life. She goes from this place bearing the best respect of the community, and no doubt her name will not be forgotten, but her glorious deeds of kindness, Gospel instruction, &c., will be remembered by those now little children as long as the vital spark beats in their mortal frames. The following is the address :—

DEAR MISS COOK,—We the parents of the children whom you have so diligently labored to instruct in knowledge of every useful nature, and who have experienced so much pleasure and reaped so much profit, not in the day school only, but from your gratuitous teachings in the Sabbath school, cannot let this opportunity pass away without tendering you our most sincere and hearty thanks for the attention which you have so fully bestowed on them, in order to open their minds and store them with useful knowledge. We shall fornly cherish your memory as the one who opened their young minds and cultivated an appreciation of education which tends so much to the elevation and refinement of the human race, and to the social happiness of mankind. And dear Miss Cook, while asking you to accept this small token, not only to show our esteem of your efficient instruction, but also our deep anxiety evinced in those labors which were not confined to one denomination, but with unprejoiced liberality extended to all. And at the same time we would breathe a prayer that the lessons received from you may have a lasting impression on their hearts and minds, which may, when life is over bring us to meet you in that better country, where we shall all sing the sweet song of the redeemed.

REVIEWS.

GRIP'S COMIC ALMANAC.—We have received a copy of "Grip's Comic Almanac for 1882, being the first year after Mrs. Shipton's end of the world, and the third year of the great N.-P.' It has the usual information found in Almanacs, conveyed in a comic manner, interspersed with jokes, and with illustrations of the most mirth provoking character. It also contains "The Political Record of 1881," a "Reliable history of Canada," and an Ontario romance entitled "The Buffs and the Buccaneers."

HARPER'S YOUNG PEOPLE.—The current number of 'Young People,' which we have received from the publishers, Harper Bros., of New York, is as well calculated as ever to please the youngsters. The illustrations are beautiful.

UNLIKE OTHER CATHARTICS, Dr. Pierce's "Pellets" do not render the bowels costive after operation, but, on the contrary, establish a permanently healthy action. Being entirely vegetable no particular care is required while using them. By druggists.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

HER SWEET SMILE HAUNTS ME STILL.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

TO BE LET.

To be let, at a very desirable rate,
A sunny little house in a fine healthy state.
'Tis a bachelor's heart and the agent is chance;
Affection the rent—to be paid in advance.
The owner as yet has possessed it alone,
So the fixtures are not of much value but soon
T'will be furnished by Cupid himself if a wife,
Take a lease for a term of a natural life.

The tenant will have a few taxes to pay—
Love, honor, and (heaviest item) obey;
As for the good will, the owner's inclined
To have that, if agreeable, settled in kind.
Provided true title by proof can be shown
To a heart unencumbered and free as his own,
So, Ladies, dear Ladies, pray do not forget
There's an excellent bachelor's heart to be let.

YOUNGS POINT.

From Our Own Correspondent.

LUMBERING.—At the invitation of Mr. Geo. Chalmers your correspondent one day last week accompanied him to one of his shanties in the township of Methuen. Mr. P. Phalen jun. is the foreman, and from all appearances he makes a good one, and fully understands his business. The shanty is between 6 and 7 miles up Jack's Creek. He went into the woods on the 17th October last with a good gang of men, and has over 20,000 logs cut and skidded, one large skidway has 450 logs and which looks well. The logs are not extra large, but Mr. Chalmers can brag of having as fine a lot of clean logs, free from black knots as were ever cut. They consist of Norway and White pine. He has also got over 500 pieces of Norway pine 50 feet in length which will square 10 inches, which is now used for building railway cars. As it was the writer's first visit to a lumber shanty it was quite a novelty. I must now discribe the shanty and its occupants; it is built of Norway pine timber 40x30 hewn floor, and covered with timber and shingled, and two tiers of sleeping births to hold 45 men, the cook and his devil, (there are only 25 men just now and well-behaved.) I found Mr. Wilson, the clerk, busy at his books, making out some of the men's time, who were leaving next morning. Being such a strange winter they were dispensing with some of the hands until snow comes. There is also a large store house and a blacksmith shop, (our old friend Joe Lannin, was busy at work shoeing horses, &c.,) the stable is a large one, will hold 12 team of horses. All Mr. Phalen wants is snow to draw the logs to the creek, and roads are made; there being no hills the drawing will be easy on the horses. Mr. Chalmers intends to cut about 12,000 more logs if the winter proves favourable, which it is to be hoped it will for all concerned. It is a pity the men throw away their hard earned money so foolishly when they come out of the shanties in the spring, as they have to work very hard for their living.

THE SAW MILL.—Mr. McGregor has now got his now water wheels in their places. He feels quite delighted at the way they run, and from this out will make saw logs into lumber in double quick time, and make the ties hop of the mill next summer. He has got an A.I. gang of men at work.

GRIST MILL.—Our genial miller is getting all he can do in the shape of grists, and he too is pleased at the way his mill stones run since he got a flume of his own.

SHINGLE MILL.—Our interprising friend, W. T. Kearns, is also pleased with his new steam engine, and is turning out double the quantity of shingles and first class at that.

OBITUARY.—The wife of William Young, who lives near here, died last Tuesday night, the 26th Dec., after a long illness, which she bore with patience until she breathed her last. The funeral which took place on Thursday last, was very largely attended, several of Mr. Young's friends coming from Peterborough to attend it. She was buried in the Roman Catholic Cemetery in this place.

SHANTY TEAMS.—Since the little fall of snow we had the lumbermen are sending along teams and sleighs for the back woods by the dozen to the shanties. The lumbermen will now breathe more easily and so will the merchants, and also the poor men who were getting discharged, as they will be hired over again, therefore we all rejoice at seeing the snow.

Headaches.

The approach of the winter season will, with a large number of people, be inaugural of recurrent headache, for which they are unable to account at all satisfactorily, but which experience has taught them to expect as surely as fires and "snugness" are rendered necessary to personal comfort. It would be well if all such sufferers were to understand the *rationale* of the complaint that periodically attacks them, and be wise in time to ward off the return of their old malady. In every case where the headadhe is not dependent on some organic disturbance, and when it is felt only during the colder months of the year, especially in large towns, it is undoubtedly due to the vitiated atmosphere of rooms lighted by gas, and rendered "snug" by close-drawn curtains and draught excluding door, while a brilliant fire is maintained for heating purposes. This latter is, indeed, the only preventive under the circumstances, of an absolutely poisonous condition of the air, which is very seriously contaminated wherever a gaslight is used for illumination. The remedy for the evil is in efficient and constant ventilation, a necessity that every householder should see is secured in all the rooms of his dwelling before they are transformed into winter habitations.—*Medical Press and Circular.*

The Tallow Tree.

Mr. O. N. Denny, United States consul-general at Shanghai, has sent to a friend in California, for distribution throughout the state, a package of the seeds of the "tallow tree," which, he thinks, will flourish there, with the following description of the process by which its fruit is prepared for use: The nuts grow in clusters, and are gathered in November. When ripe, the capsule divides and discloses, usually, about the kernels, covered with pure, hard white tallow. In preparing the tallow the ripe nuts are put into a wooden cylinder with a perforated bottom, and after ten or fifteen minutes' steaming the tallow becomes so soft that it is easily detached from the albumen of the seeds by breaking them with mallets. It is then separated from the seeds by sifting it through hot sieves. From 133 pounds of seed is obtained from forty to fifty pounds of tallow, besides the oil obtained subsequently from the albumen by grinding, steaming and pressing it. The tallow is used for a variety of purposes by the Chinese, but more particularly in making candles, which are burned in Buddhist worship.

Buckien's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

A STEADY emigration of young physicians from all parts towards Kansas is reported. The secret of it is said to be the new liquor law, liquors being sold only on physicians' prescriptions, and fifty cents being the regulation price for prescribing two gills.

A MERCHANT tailor, Mr. A. E. Goetz, No. 1510, Eleventh avenue, Altoona, Pa., states that sometime since he had neuralgia in his face, and his sufferings were almost intolerable. He purchased a bottle of St. Jacobs Oil and applied it. It acted like magic, two applications effecting a complete cure.

A LACROSSE match was played on Lake Couchiching last Monday, by two teams, captained respectively by D. Carley and George Fletcher, the former winning three games and the latter two. The match was well contested, the five games occupying two hours and a half.

"GOLDEN MEDICAL DISCOVERY" (trade-mark, registered), is not only a sovereign remedy for consumption, but also for consumptive night-sweats, bronchitis, coughs, spittting of blood, weak lungs, shortness of breath, and kindred affections of the throat and chest. By druggist.

"MARK TWAIN" has become rich enough to be a benefactor of young artists and literary men. He gave Mr. W. H. Gillette the $3,000 with which "The Professor," was first brought out in Philadelphia, and more recently Mr. Clemens sent a young Hartford sculptor and his wife abroad for a year to study.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

PROFESSOR T. STERRY HUNT, now of Boston, but formerly of Montreal, was presented for his degree of LL. D. at Cambridge in a neat Latin speech as a man born in the mighty Transatlantic Republic who had discovered the *Eozoon Canadense* and given the Laurentian rocks a name and shed light on the dark places of geology for fifty years.

TWO Kansas youths quarreled over a girl and played poker for her. One of them stacked the cards, and laid down four kings against the other fellow's two pair. The winner then got married, and the loser got drunk, and when a partner in the game gave the thing away next day the loser expressed himself as perfectly satisfied with his lot.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

A PIGEON and glass ball match came off at Exeter yesterday, in the latter of which Messrs. S. Fairbairn and F. Simpson divided first and second prizes; J. R. Jaynes took third and T. Bissett fourth. In the pigeon match, James Bissett won the first prize; S. Fairbairn second; A. Bissett, third; F. Simpson, fourth; R. Sanders, fifth; and J. R. Jaynes, sixth.

MOST of the general passenger agents of the western lines have signed an agreement which forbids the payment of commissions for ticket selling, except where competition compels it, and it is further designed to limit each company which is party to the agreement, to its own territory as to the sale of tickets.—*Milwaukee Sentinel.*

RESTORED FROM A DECLINE.—Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir.—I feel it my duty to write and thank you for what your "Gol- Medical Discovery" and "Favorite Prescription" have done for my daughter. It is now five weeks since she began their use. She is now more fleshy, has more color in her face, no headache, and in other ways greatly improved.

Yours truly, MRS. MARCELLLA MYERS.
North Greece, N. Y., April 25, 1380.

OLIVE LOGAN, writing of the Marquis of Lorne as he appeared as an after-dinner speaker recently in England:—"The young Scotch noble has greatly changed since he left these shores to assume the vice-royalty of the domain to the north of us. His bearing at that time was that of a shy, aristocratic, almost frigid youthful noble. Now he is a jovial, hearty, off-hand, slap-dash."

THE work of extending the Texas and Pacific railroad from fort Wayne to El Pasco was commenced March 25th, 1880, and in 521 days 521 miles of track had been laid. This extraordinarily rapid work required the use of about 50,000 tons of steel rails, 2,000 tons of spikes, 4,000 tons of angle plate, and 1,500,000 cross ties, aggregating 20,000 car loads of material.

A LARGE PROPORTION of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

BISHOP PIERCE, of the Methodist Episcopal Church South, says that he thinks dancing the silliest and most nonsensical amusement that rational beings, so-called, ever engaged in. He also says that it had its origin in heathenism, being a pastime of savages; that it is lewd, sensual, and obscene, appealing to the lower instincts of humanity, and being the chosen sport of the vilest and most imbrured of the human race.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of their generative organs. A great Brain and Nervous food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

Umbrellas and Pepper.

The umbrella trade grievously threatens the existence of the pimento plantations of Jamaica. An official estimate made in Kingston, last fall reckoned that more than half a million umbrella sticks were then awaiting export to England and the United States. These sticks were almost without exception pimento, and it is not surprising to be informed that owners and lessees of pimento walks are becoming alarmed at the growth of a trade which threatens to uproot, in a few years, all the young trees. The export returns for the past five years show an average of 2,000 bundles of sticks sent out of the island annually in the ordinary course of trade, and the returns for the first three-quarters of 1881 show an export of over 5,500 bundles, valued at $15,000. When it is remembered that each bundle contains from five hundred sticks, each of which represents a young bearing pimento tree, the extent of the destruction may be realized.—*Scientific American.*

THE GREAT GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

NOTICE

IS HEREBY given that a Special Meeting of the Shareholders of the Toronto & Ottawa Railway Company will be held at their office, No. 66 Adelaide Street, Toronto, on Monday the 9th day of January, 1882, at 12 o'clock, noon, for the purpose of considering, and if approved, approving an agreement between The Toronto and Nipissing Railway Company, The Victoria Railway Company, The Whitby, Port Perry and Lindsay Railway Company, The Toronto and Ottawa Railway Company, The Grand Junction Railway Company, and The Midland Railway of Canada, for the purpose of Consolidating the said Companies into one Company, under the name of "The Midland Railway of Canada," on the terms and conditions expressed in the said agreement.

W. GOODERHAM,
President.

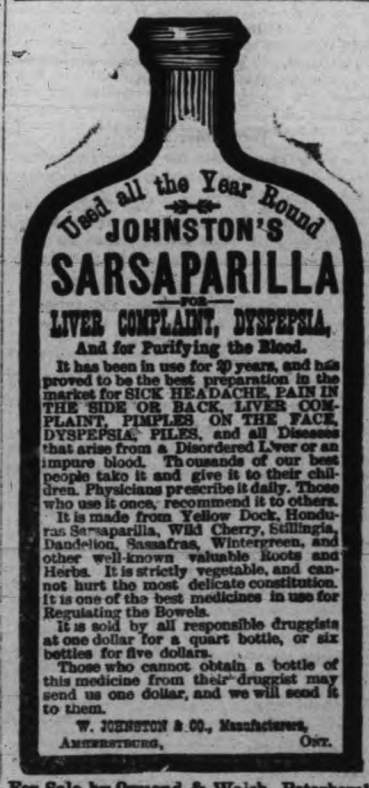
Toronto, Dec. 17, 1881. 14d148

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.



Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

Daily Evening Review

WEDNESDAY, JANUARY 4, 1882.

LOCAL AND MUNICIPAL.

POLICE COURT.

LOTS OF CASES.

WEDNESDAY, Jan. 4.—The Police Court room, this morning was well filled, with a class of people who seldom frequent the "Temple of Justice," the cause of their appearance being that they had "erected or continued, swinging, hanging, or projecting signs," contrary to the town by-law.

It would be useless to give all the cases, about one hundred and eight in number, in detail, but suffice it to state that nearly all the business men in town were up.

Some cases were enlarged, some withdrawn, and in others convictions were entered.

"The Two Orphans."

On Friday night at the Opera House we are to have the superb Madison Square combination with Miss Helen E. Jennings as the star in the great play of "Two Orphans." No company has met with such success as this one. Read what the press say:—

KINGSTON *Whig*, Dec. 29th.—"Last evening the Madison Square Company gave its first performance in the opera house to a large and respectable audience, producing "The Two Orphans," unabridged. The organization possesses good talent. Miss Jennings took the part of the blind girl with fine effect, having an expression of countenance, a manner, and a voice which eminently befit the role she assumes. And she had excellent support, the part of "Henrietta," by Miss Wallace, that of "Madame Frochard," by Miss Vincent, that of the "Countess de Liniers" by Miss Darrel, that of "Jacques Frochard" by Dell Williams, and "Picard" by E. S. Laurie being particularly good. The dressing is very fine, and the standing of the company one of more than average merit.

Special Methods in Advertising.

The *Monetary Times* says:—

"There is virtue in a special style of advertisement if the advertiser knows how to get it up rightly. It is as sure to tickle the fancy as it is to strike the eye. And when a buyer's fancy is tickled he is the more ready to buy. We find in a north Ontario daily, a pretty good specimen of the literary advertisement, as under, with names altered."

It then gives with altered names the advertisement published last Autumn in the DAILY REVIEW, by Mr. Hackett, in which he had inserted appropriate quotations from Emerson, Longfellow, Shakespeare and Coleridge. This advertisement attracted much attention at the time, and Mr. Hackett found, as the *Monetary Times* says, that buyers fancies, being tickled, they were more ready to buy.

The Fire Brigade.

The annual election of the officers of the Fire Brigade took place on Tuesday night, when the following were appointed:—

"ELECTRIC" HOSE COMPANY.

Captain.....S. Clegg.
Lieutenant.....M. McDonald.

"PROTECTION" HOOKS.

Captain.....F. Wear.
Lieutenant.....C. Rutherford.
Brigade Secretary.....D. Clegg.
Brigade Treasurer.....A. Clegg.

Incendiary Fire.

On Friday night as some young gentlemen were walking down street, they noticed a strong smell of smoke, and upon investigation found that some would-be incendiary, or incendiaries, had kindled a fire close to the terrace on McDonell street, owned by Messrs. McKellar and Cameron. The young men at once hastened to procure a supply of water and quickly subdued the incipient fire. Who was the incendiary We shall refer to this matter again.

Personal.

Mr. J. W. Jenkins, of Toronto, spent New Year's day with his family.

His Lordship Bishop Cleary arrived here on Saturday evening and preached in St. Peter's Church on Sunday night, to a large and delighted congregation, who were totally unaware of the Bishop's coming.

Fire Bugs.

On Tuesday night another attempt was made to set fire to the sheds on Simcoe street, behind the residence of Mr. Geo. McCombs. This is the second attempt at incendiarism within a week, and it is just about time that such work was stopped.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale Their stock is the largest in town. The assortment is without a rival, and the prices are right.

THE CITY OF THE DEAD.

The Annual Return of the Interments in the Little Lake Cemetery.

Mr. John Kelly, the obliging and efficient Superintendent of the Little Lake Cemetery, has kindly handed us the following report of the number of interments made in the cemetery under his charge during the year 1881, and also other information connected therewith:—

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Circular from Bishop Cleary.

Bishop Cleary, now in Toronto, has caused a circular to be printed stating that his parishioners deserved well of him. Since his advent among them they had made him feel happy in the discharge of his duties by rendering not only obedience, but the more pleasing homage of kindness and affection. Kingston city, he says, has subscribed the $4,500 apportioned as her share of the diocesan debt, and contributions amounting to $12,000 have been already received from twenty-two parishes; thirteen parishes have entitled themselves to special distinction by payment in full of their liability in these first weeks, and the pastors of other missions have almost without exception arranged for special collections.

FATAL FLYING HOURS.

A Number of Dancers Killed or Fatally Injured.

CINCINNATI, Jan. 2.—Rumours have reached here of a calamity at Shanesville, Tuscarawas county, on Saturday, caused by the floor giving way at a Knights of Pythias festival. Two are reported killed and about one hundred injured. The building took fire and several were badly burned.

The knights are of the first families in the place, and the gathering included the intelligence and beauty of the neighbourhood. The band had just ceased playing when a crash was heard, and the floor began settling lengthwise in the centre. A timber had slipped off a post in the rear, and been pulled out of the brick wall in front. The centre settled rapidly and broke lengthwise. The joists kept up at the outer end of the inside wall and this threw people, tables, stoves and all together. The falling floors barricaded the front doors, but were soon chopped down. The chandelier in the store room below was broken, and the oil spilled over a number of persons and burst out in a blaze, in a few moments. Milton Yoder, aged five years, was burned to death in his mother's arms. She was fatally burned. The building did not catch fire. A storm added to the confusion.

Gas Treatment of Whooping Cough.

In the treatment of whooping cough in gas works, as lately resorted to, especially in London, the purifying chamber consists of a large room with doors and windows freely open, and each contains twenty-four vessels, holding five cubic meters of depurating substance—lime and sulphate of iron mixed with sawdust—through which the gas has to pass. When the workmen are emptying and refilling these vessels, the children with whooping cough are placed around it, and inhale the vapors which escape; they are in an atmosphere containing ammonium sulphide, carbolic acid, and tarry products. As to the efficiency of this treatment, one physician reports that of 120 cases persevered with, in twenty there was entire failure, forty-eight showed improvement, and the rest were cures; it is thought, however, that it acts only upon one element of the malady, viz., catarrh.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

PORTLAND, Ont., Feb. 26, 1880.—S. S. Scovil writes:—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

THE GATINEAU DISTRICT.

A German Reported to have Murdered one Hans Fregide.

OTTAWA, Jan. 3.—The news of a horrible murder on the Gatineau reached the city this evening. Coroner Graham, of Hull, has been notified by Mr. Boursol, Justice of the Peace, that a German, name not yet transpired, had a dispute with one Hans Fregide, in the township of Bowman, and it is said shot him in the breast with a shot gun. Fregide's wife was present, and carried the wounded man home, where he died half an hour later. The man claims that he acted in self-defence. Coroner Graham will leave to-morrow morning for the scene of the tragedy, and hold an inquest on the body.

Gas Works Destroyed.

COBOURG, Jan. 2.—At about six o'clock this morning an inside wall of the gas works fell in upon the gasometer, which exploded with great force, cracking several brick walls and setting fire to the roof of the building. The alarm was quickly given and the fire brigade were soon on the spot, and extinguished it before much damage was done by the fire. The damage done by the explosion to the building and gasometer was so great that there will be no gas in the town for at least one month.

ULCERS AND OLD SORES.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carsen's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

A CASE OF HYDROTHORAX CURED.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphrey, of Durand, Wis.*

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminster, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Secretary.

Dept. of Railways and Canals, Ottawa, Oct. 24th, 1881.

H. C. ROGERS, Postmaster.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, billiousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6d. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

PATENTS

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid-illustrated weekly paper, $3 20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw&1

CARS BURNED ON THE C. S. R.

Heavy Eastern and European Mails Destroyed—Two Cars Gone.

About seven o'clock on Sunday night the mail and baggage car attached to the Pacific Express on the Canada Southern, due at Detroit at 9 45 p.m., was discovered to be on fire, just as the train was entering Ridgetown. Two leather pouches and several bags of papers were saved, together with all the baggage, but before the fire could be extinguished most of the mail matter was charred or burned so that it is almost worthless. Several wagon loads of this heterogeneous mass were shoveled into another mail car and taken to the Michigan Central depot at Detroit. The fragments will be put in large sacks, removed to the Post Office and sorted over with great care; but the greater portion will eventually bring up at the dead letter office. The burned car contained the New England and European mail for all Michigan except the extreme northern peninsula and the portion tributary to the Lake Shore and Michigan Southern road, and the importance of this loss can therefore be scarcely overestimated.

FATAL ACCIDENT.

An Old Resident of Port Hope Killed on the Wabash R. R.

The *Guide* says that we regret to learn that Mr. S. N. Church, an old and well known resident of Port Hope, was killed yesterday, 3rd inst., on the Wabash R. R. at Reddick, about fifteen miles west of Chicago. As near as we can learn he was working in the yard, and in making what is known as a "flying shunt," he missing his footing and was crushed by the cars. Mr. Church was here only a few days ago and was looking remarkably well, and his friends when they saw him off little dreamt that in a few days all that was mortal of S. N. Church would be sent back to them crushed and mangled. The deceased leaves a wife and two daughters, one of whom is married to Mr. Wm. Farquharson of this town. Mrs. Church and the other daughter moved to Trenton only a few days ago. The widow and daughter have the sympathy of their friends in their hour of bereavement.

Ballot Box Destroyed.

PENETANGUISHENE, Jan. 3.—Last night the ballot box containing the ballots from the Ordnance polling division was destroyed by some unknown person whilst the Reeve of Tay and the Deputy Returning officer, who were in charge of it, were on the Georgian Bay Hotel Great dissatisfaction is felt in the Ordnance Reserve, as the residents feel that a dead-set has been made in them by a certain section in Tay to deprive them of representation, and they connect the destruction of these ballots, which they believe were in their favour, with the feeling that has been covertly displayed against them by certain high officials in the township. It was their intention to demand a re-count, but this destruction of the ballots seems to be a bar to their intention.

MIDNIGHT TELEGRAMS

CABLE.

RELEASED AND RE-ARRESTED.

DUBLIN, Jan. 4.—Whalen and Ryan, last week committed for trial on a charge of treason and felony, were released to-day on application of the Crown, but subsequently arrested under the Coercion Act.

A FRENCH ABSCONDER.

PARIS, Jan. 4.—The Bordeaux Tribunal of Commerce has declared Joseph Charriol bankrupt. His liabilities amount to fifteen thousand francs. He has absconded, and a warrant for his arrest has been issued.

SEIZURE OF FIREARMS.

DUBLIN, Jan. 4.—The police have seized at Kilrush a box containing twenty rifles and bayonets, and 450 rounds of ammunition.

THE U. S. MINISTER.

VIENNA, Jan. 4—The *Political Correspondence* professes to have information that Hunt, the Secretary of the Navy, will succeed Phelps the United States Minister here.

THE AMERICAN MINISTER.

PARIS, Jan. 4.—Morton, United States Minister, will give a banquet in honor of Gambetta and the other French Ministers on Thursday.

ULSTER TENANT FARMERS.

DUBLIN Jan. 4.—Messrs. Givan and Dickson, member of Parliament, are making arrangement for a series of meetings of tenant farmers of Ulster. They state that the tone of the landlords' meeting in Dublin yesterday was calculated to intimidate the Assistance Commissioners.

BERNHARDT.

LONDON, Jan. 4.—A despatch to the *Daily News* from St. Peterburg announces that Sara Bernhardt has completed her engagement there and gone to Warsaw.

REDUCING RATES.

LONDON, Jan. 4.—A Geneva correspondent says that in anticipation of the completion of the St. Gothard Railway, which will open, by way of Genoa Central, a European market to American breadstuffs, the Austrian railway companies announce their intention to make important reductions of rates for foreign bound cereals.

ENTERIC FEVER.

LONDON, Jan. 4.—A despatch to the *Daily News* from Maritzburg says that a serious outbreak of enteric fever has occurred among the troops in Natal, and the disease is especially prevalent among those stationed at Newcastle.

BISMARCK'S PLANS.

BERLIN, Jan. 4.—Bismarck hopes to secure the support of the whole Centre, and with it carry all the Government measures, including the Tobacco Monoply Bill.

AMERICAN.

BANK BURST.

BOSTON, Me., Jan. 4—Some New Hampshire people lost $100,000 by the failure of the Riley County Bank, at Manhattan, Kansas.

NEARING THE END.

WASHINGTON, Jan. 4.—Just before 1 o'clock to-day Scoville stated that the defence had closed its case. The prosecution presented to the court prayers for instructions. The court then adjourned until Saturday.

FIRING A POORHOUSE.

SOUTH AMHERST, Mass., Jan. 4.—Miss Ruth Hall, mother of two children, and an inmate of the poorhouse for many years, confessed to setting the fire which burned the institution on Sunday. She has been held in $2,500 bail.

THE IRON ASSOCIATION.

PITTSBURG, Jan. 4.—The Western Association met here to-day. The attendance was large. The condition of trade was found to be healthy, and it was decided to re-affirm the present card rate of $2.50.

BEECHER ASKED TO EXPLAIN.

BROOKLYN, Jan. 4.—The members of the Board of Education have requested Beecher to meet the committee and explain his remarks on Sunday. They are considered as a reflection on the Board.

WAYS THAT ARE DARK.

YAOKTON, D. T., Jan. 4.—Details of the Douglas county warrant and bond frauds show that about the first of last February Walter Brown appeared at the executive office with a petition bearing the requisite number of names to secure the organization of Douglas county. In order to prove that Brown, Stillwell, and Hoyt, the persons named in the petition for commissioners were *bona fide* settlers, Brown entered filings for them at the land office, and for several other persons, some of whom are known to be myths. For the frauds on the land office, Brown will probably be brought before the United States commissioner. An investigation has nearly satisfied the governor that Hoyt was a myth, and as Stillwell failed to qualify, it appears that the whole scheme of procuring organization of the county will be held illegal, and all Brown's transactions proved invaid. C. F. Strong, whose home is supposed to be in Newark, N. J., was employed to get up the warrant and bonds in artistic style, but Strong, being dissipated, disclosed the whole proceeedings. Day, an ex-member of the council, had a large amount of school bonds which went to New York, and were returned to him. The school bonds were issued in the following manner:—A small shanty was built on one side of a town line in the so-called county; notice for a school meeting was posted up, a single official would vote to build a school-house costing $1,500, and issue bonds therefor. The shanty was then moved across the line into the next township, and the same comedy enacted. The friends of one McCoy are trying to cover his tracks, and secure his appointment as United States marshal before a judicial investigation takes place.

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does the grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

NATURALIZATION TREATY.

BERLIN, Jan. 5—The provisions of the naturalization treaty with America have been finally extended all over Germany.

SLEIGHING IN VIRGINIA.

ST. PETERSBURG, Va., Jan. 5.—There was a heavy fall of snow here last night, and the sleighing is fine.

RUSSIANS vs. CHINESE.

ST. PETERSBUNG, Jan. 5.—The natives of the Kulja frontier have retaliated, and they massacred the inhabitants of the Chinese settlements. They defeated 300 troops.

AMERICAN.

ROBBING THE MAIL.

LOCKPORT, N. Y., Jan. 5.—The mail wagon running between the Post Office Departments was robbed last evening of the Buffalo bag, containing letters and packages for Buffalo, Elmira, and other points. It was found here this morning with all the letters gone. It is supposed that many letters were valuable. There is no clue to the thieves.

RAILWAY EXTENSION.

CHICAGO, Jan. 5.—The present indications are that the railway building in 1882 will not be more than half as extensive as that of last year, the new mileage of which is placed at over 8,000 miles.

MAHONE'S LITTLE BILL.

WASHINGTON, Jan. 5.—Mahone has been busy for several weeks preparing a bill for settling the Virginia debt question, which provides that as West Virginia composes a third of the original state of Virginia, that she shall assume a third of the total debt, including the interest account. The proper debt of Virginia is placed at $21,000,000, of which $4,000,000 is interest past due. The bill provides for the regular payment of interest on this debt. Mahone asserts that there is not a cent of repudiation in his bill, and when the debt statement is made public in detail, no banker or accountant in the country will declare it anything but honest and fair.

SUICIDE AT SEA.

NEW PORT, Jan. 5.—Jabez Smith, a musician of the U. S. training ship "New Hampshire," yesterday deliberately jumped overboard and was drowned. It is supposed that the cause was an intimation that he was to be discharged for drunkenness. This is the second suicide since the arrival of the training fleet, the other being that of an apprentice on the Minnesota.

GORED BY A PET.

SAN ANTONIO Texas, Jan. 5.—Two women at San Pedro Creek were gored by a pet deer, one was fatally injured, and the other is in a critical condition.

AN OLD SERVANT.

NEW YORK, Jan. 5.—A Washington special despatch to the *Herald* says it is understood that public printer Defo, will soon be retired on account of his advanced age.

SCOVILLE'S IDEAS.

NEW YORK, Jan. 5.—The *Tribune* reporter had a talk with Scoville last night. He said that the main point of law which the defence will submit will be the claim that the burden of proof lays upon the prosecution and they must prove that Guitteau was sane beyond a doubt or he must go free.

THE DIVIDING LINE.

WASHINGTON, Jan. 5.—The northern state of Mexico recently insisted in a demand upon the Federal Government of Mexico that the Seona Libra shall be extended to the Pacific, covering the entire border of the United States. It now extends from the Gulf of Mexico half way to the Pacific coast. The United States Minister was instructed to protest against this proposal on the ground the Seona Libra made smuggling easy. If the commercial treaty with Mexico is consummated, it is beleived that one of its important features will be to abolish the Seona Libra.

TO THE REPUBLICANS.

WASHINGTON, Jan. 5.—Blaine's circular note to the Republicans of Central and South America sent by the steamer which conveyed Commissioner Triott, sets forth the consideration and regard that the United States has toward the other Republics upon this and the South American Continent, and affirming that it is our policy to use the good offices of this nation to establish and keep up a good face between the various nations, to which notice has been addressed. It affirms that it is not the desire or policy of the United States to intefere with the domestic concerns of any of these nations. The commercial interestas of the United States are deeply interested in the existance of harmonous relations between the various republics themselves, and between each and the United States. After discussing at great length the mutual interests of the United States and the nations addressed, it discusses the question of the great influence of European powers upon the two American continents, and virtualy proposes that the United States and the various other republics to which the letter is sent should come to a mutual understanding with regard to this matter and virtually proposes mutual guarantees against any interference or supervision from abroad. The letter proposes on behalf of the United States, an international conference of republics of Mexico and those of Central and South America to meet at Washington on the 30th of next November. The request was made that each should name two Commissioners to represent the Governments at the conference The object of the conference is to discuss the question of mutual interest and to promote a friendly feeling. It is understood that a second circular letter was mailed to each of our Ministers stating that our Government desired to defray all the expenses of this conference, and leaving it to the discretion of the Minister to call this fact to the attention of the Government to which he is accredited.

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

ULCERS AND OLD SORES.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

THURSDAY, JANUARY 5, 1882.

THE appointment of Mr. Robt. Weir, Orange County Master, by the Town Council on the nomination of Mr. Thos. Cahill, as Trustee of the Collegiate Institute, is worthy of note as an instance of freedom from sectarian prejudice in a matter where such considerations should not be introduced, and is an example calling for imitation.

IN CONSEQUENCE of the evil effects of the N.P. (as not predicted by the *Globe*) Messrs. A. Harris & Son & Co., manufacturers of agricultural implements, Brantford, are compelled to offer their present factory for sale—their "increasing business" requiring "new workshops on a very large scale." What a shocking thing the N. P. is?

EX-GOVERNOR SEYMOUR, of New York, it seems has been writing a letter upon the Canadian North-West, and the protective policy of the United States, in which he expresses the opinion that it "is a country with greater grain and stock raising capacity than all the lands on the Baltic, the Black Sea and the Mediterranean combined," and that Britain by imposing a tax of ten or twenty cents per bushel on "American" wheat and other grains, and allowing "Canadian" wheat and other products to enter her ports free, could in a trice bankrupt the "American" farmers of the west. There is not the slightest doubt but that Mr Seymour is quite right in both of these opinions and that all Britain requires is a National Policy for the Empire, to make her commercially the greatest nation on the earth, and render her independent of other nations for everything she requires.

"MAKE THE ROLL RIGHT!"

—Edward Blake.

BY a curious coincidence, although of course a purely accidental one, upon the very same day that the editor of the *Globe* was overflowing with virtuous indignation at the "unscrupulous" character of the instructions issued by the leaders of the Liberal Conservative party to their political friends throughout the Province, and was busy penning that double-leaded article which appeared alongside of the Conservative instructions in the following day's *Globe* (1st December), that immaculate and eminent statesman, the Hon. Edward Blake, was busy issuing a "confidential" circular to his political friends, over his own signature, calling upon them to "make the roll right, if you can, while in the assessor's hands"—a form of words which, by another curious coincidence, sounds not unlike the instructions of a certain parent to his son when he said, "make money, my son, honestly if you can, but make money." No doubt Mr. Blake would have completed the parody by adding to this important paragraph of his circular the words, "but make the roll right," had it not been that he is a man of few words—on paper—as witness his "Speak now" epistle on a certain occasion which shall be nameless, or his brief but interesting introduction of "My friend Moore," to the then Commissioner of Public Works.

In the circular before us, adorned with the valuable autograph of Edward Blake, which will, no doubt, in due time render it worth its weight in gold, his friends are "begged" most "earnestly" not only to "make the roll right" in their respective polling divisions, but it is declared to be their "first duty to look after the next assessments," and that, to this end, they should "see whether any names should be added or omitted," and that "the list of changes should be handed to the *assessor* immediately after his appointment." Unlike the Conservatives, whose instructions raised the virtuous indignation of the editor of the *Globe*, "Canada's great statesman" is unwilling to wait and see whether the assessors do their duty or not, but must take them on hand from the day of their appointment. In fact, it is evident that Mr. Blake desires that the assessors shall receive their instructions as to whom they shall "add" and whom they shall "omit" from his political sub-committees, instead of performing their duty as directed by the statute, and in accordance with their oath of office. In view of the principle so pointedly, although briefly, inculcated in the confidential circular before us, we are not surprised to learn that Mr. Blake does not take much stock in appeals to the Court of Revision, and only recommends an appeal thereto when "it *may* be expected to correct errors and omissions." Of course only good *Reform* Courts of Revision "may" be expected to correct errors, inasmuch as, in Mr. Blake's estimation, no Conservative could or would do his friends justice: As for the last Court of Appeal—the County Court Judges—they evidently are so lost to all sense of justice, or perhaps we should say so unable to appreciate what Mr. Blake would consider justice in his endeavor to "make the rolls right," that they are beneath the notice of "Canada's great statesman.

Seeing that the *Globe* expended so much virtuous indignation over a circular which only called upon its friends to see that they were not "accidentally on purpose" left off the next assessment roll, and to that end advised them to "watch" the assessment, it will now be in order for the *Globe* to give its opinion of its leader's instructions to his political friends, the tenor of which will be gathered from the foregoing remarks. If the *Globe* has not already seen a copy of this precious document, we shall be pleased to furnish it with a copy (the original is too precious) of the one now in our possession, and if it should feel disposed to doubt its genuineness we might even go to the expense of having the signature photographed, for its special benefit.

INDIAN RIVER.

From Our Own Correspondent.

SCHOOL EXAMINATION.—The public school examination of school section number one, Douro, Mr. Francis Cleary teacher, was held on Wednesday the 2[illegible] cember.

There was a large number of persons present, who expressed themselves well satisfied with the whole examination. In the forenoon the junior classes were examined and showed what good advancement they had been making. The reading was good and all answers were given promptly and correctly. In the afternoon the teacher explained the reading and spelling of one of the lessons in the first book for the benefit of persons who attempted to teach children before they are sent to school. This was done in a very lucid manner, which showed that every person is not capable of imparting those simple lessons correctly. He said that many pupils came to school who had gone over the whole first book and yet they did not know one lesson correctly. Of course this is a failing which prevails in most school sections generally, but which could be remedied if people only visited their schools oftener to find out the correct methods for themselves.

Then the senior classes were examined and they too showed what satisfactory progress they have been making. The arithmetic was good, and the grammar, especially the analysis and parsing, was excellent. After this a number of recitations and dialogues were given which excited the admiration of those present to a still higher degree. After the examination the pupils presented the following address to the teacher:—

DEAR FRIEND AND TEACHER.—It being now on the eve of your departure from our midst, we the pupils of this section, cannot allow the occasion to pass without expressing to you our unfeigned regret on learning the same.

We feel fully aware that in you we are losing not only an efficient teacher, but a generous friend and bountiful benefactor.

For the past two years you governed us, not with "the rod of iron" but with justice, invariably tempered with kindness. Old and young, we all know that this has been your aim, to govern by the power of kindness.

You have made the school-room what we think it ought to be, a place for education, and the play ground, you have made a play ground in earnest, with you in our midst.

Since you came here we always found it a pleasure, instead of an intolerable task to come to school, because when we came we did not feel ourselves shut up in a prison, but in a school-room in its most enlightening form.

But if it is a source of grief to part with you, it is a great pleasure to us to see you rising in the estimation of your fellow-men, to see you taking that stand which you so well deserve.

We have now only to bid you farewell and hope that in the new field of labor you will meet with as true friends as you had here, and be more munificently rewarded for your arduous task.

Signed on behalf of the pupils,

JAMES C. BORLAND.
PATRICK SMITH.

Mr. Cleary then replied to the effect that he was highly pleased with the conduct of the pupils, both in and out of school, ever since he came amongst them, that he was sorry to part with so many young friends, and closed by admonishing them to persevere in their studies, and wished them to show the same kindness to their next teacher as they had to him.

OYSTER SUPPER.—On Tuesday evening, 27th December, Mr. Cleary was invited together with a number of friends and acquaintances from the neighboring vicinity, by his pupils of school section number one, Douro, to partake of an oyster supper at the Neebing Hotel. The evening was spent in singing and various sorts of amusements. The host and hostess were in their accustomed good humor, and sought to make the time a pleasant one for all. The following are some of the songs which were sung, with the persons who sang them:—"Ellen the Fair," by J. Foley. "The Tunes of John Blake, the Piper," by M. Guerin. "Rose of Britain's Isle," by F. Sullivan. "Motto for Every Man," by G. Davis. "Irish Fair and Bella Meaney," by F. Cleary. The proprietor greatly amused his guests by singing "The Cork Leg" and "The Steam Arm," but the best of all was Janie W[illegible]h's song of "Erin go Bragh." The amusements were prolonged till two o'clock in the morning, when the party dispersed to their homes. Mr. Cleary has been teaching in the school for the past two years, and has endeared himself to the people generally, of the vicinity by his kindness and justice to all.

A Seal Caught in the St. Lawrence.

OGDENSBURG, Dec. 31.—About a month ago a seal was seen disporting in the water of the St. Lawrence River near Cross-over Lighthouse, about twenty miles above this city. It was probably a straggler from the Gulf or the coast of Labrador or Greenland. Yesterday morning when M. P. Phillips was examining his fish net at the head of Oak Island, near the upper end of Chippewa Bay, he found that he had a seal. The animal is undoubtedly the same one that was seen near Cross-over Island, five miles below. In pursuit of fish for food it had probably found its way into the net, where it had drowned. It was four feet long, girthed three feet, and weighed seventy-six pounds.

The Orange Case.

The ordinary delay during which the celebrated Orange case could have been appealed was the 27th of this month, but Mr. Doutre, Q.C., obtained an extension of the delay until the 18th of January. He yesterday received instructions from the Orange authorities to go on with the appeal at once, and next week security will be put in for an appeal to the Supreme Court. It is probable that the case will be argued before that tribunal in May next. The Orangemen seem determined to have the case pronounced upon by the highest courts in the realm.—*Witness.*

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

AUCTION SALE

OF VALUABLE

TOWN PROPERTY

IN THE

Town of Peterborough.

There will be offered for sale by Public Auction by Charles Stapleton, Auctioneer, on

MONDAY, JANUARY 9, 1882,

at the CAISSE HOUSE, at the hour of THREE O'CLOCK in the afternoon, the following choice property, viz.:

Part of Lot Number Two, East of George Street and North of Brock Street,

in the said Town of Peterborough, described as follows:—Commencing at the north-east angle of the said lot; thence southerly along the eastern boundary thereof one hundred and eleven feet, five inches, more or less, to a point distant eighty-eight feet from the south-east angle of the said lot; thence westerly parallel with the northern limit of said lot one hundred and fifteen feet, more or less, to the western limit thereof; thence northerly along the said western limit one hundred and eleven feet, five inches, more or less, to the northern limit of the said lot; thence easterly along the said northern limit one hundred and fifteen feet, more or less, to the place of beginning.

This property, directly fronting the Park and Court House, forms one of the most desirable building sites in the Town. There are now on the premises four two storey rough-cast dwelling houses.

There will also be offered for sale the following valuable leasehold property, composed of

Part of Lot Number Two, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing at the north-east corner of the said lot, thence westerly along the southern limit of Simcoe Street to the north-east corner of the Engine House lately erected; thence southerly along the eastern gable wall of the said Engine House, and in a line therewith seventy feet; thence easterly in a line parallel with Simcoe Street to the western limit of Water Street; and thence northerly along the said western limit of Water Street, to the place of beginning. And

Part of Lot Number one, on the South Side of Simcoe Street, and East of George Street,

described as follows:—Commencing on Simcoe Street aforesaid, at a point distant one hundred and six feet from the north-west corner of said lot; thence southerly parallel with George Street seventy feet; thence easterly parallel to Simcoe Street fifty feet; thence north parallel to George Street seventy feet; thence westerly along Simcoe Street to the place of beginning; being the whole of the block from and inclusive of the building occupied by the Bank of Toronto down to and including the shop occupied by J. W. Flavelle as a flour and feed store, except that part thereof used as a Fire Hall and all the rooms immediately over the Fire Hall.

The first of the above described leasehold properties is held under a certain indenture of lease from the Commissioners of the Peterborough Town Trust, dated the first day of November, 1864, at a ground rent of $100 for the full term of 21 years, reckoning from the First day of November, 1864, such lease consequently not expiring until the First of November, 1885, and will then be renewable in the option of the said Commissioners for a further term of twenty-one years. And the latter of the said leasehold properties is held under a certain other indenture of lease from the Town Council of the Town of Peterborough, dated the first day of May, 1861, at a ground rent of $75.00 for the like term of twenty-one years, reckoning from the said first day of May, 1861 and expiring on the first day of May, 1882. This lease is also renewable for a further term of twenty-one years.

The Terms of Sale are easy, and will be made known at the time of sale. There will be a reserved bid. Further information can be obtained from the undersigned, or at the office of Messrs. Poussette & Roger, Water Street.

Dated December 7th, 1881.

The Best Field

FOR

EMIGRANTS.

An IMMENSE AREA of RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

"NO RENT."

Practical Working of the System in Ireland.

A correspondent of the New York *Herald* writes: Until two and a half years ago the Irish peasant considered his first duty to be the payment of his rent. The land agitator came and told him that he should only pay what he himself considered a fair rent, and pointed out that if all the farmers stood shoulder to shoulder they need only pay what they wished. Through these teachings, and where these failed through intimidation, the tenants tried the experiment, and found that it was indeed so. The landlord could not evict a thousand tenants if they all struck for lower rents and stood together in making the demand. For two years they have been trying the experiment and have succeeded generally in evading the payment of rent. So when the crash came they had learned their lesson well, and to the surprise of nearly every one they have not been frightened by the coercive measures of the Government, but have gone steadily on refusing to pay without reductions. Mr. Parnell said to a friend in Kilmainham jail a few days after he was arrested, "I have done my share in this fight for the tenants and the rest now depends upon themselves. If they fail they will only have themselves to blame." The "no rent" manifesto was rather intended to strengthen the tenants' determination to pay nothing except a low rent, rather than to be literally obeyed. Mr. Parnell's later letters, smuggled out of Kilmainham, were intended as final words of encouragement before leaving them to fight the question out alone. For a time, as I have said, the struggle seemed in no doubt. The Land Courts began lopping off the rents with a generosity always to be expected of persons when dealing with other people's money, outrages for a time decreased, and tenants trooped to the land commissions in thousands. But gradually it began to be known that though thousands were applying to the land court very few were paying their rents pending the hearing of their cases, while the working of the land commissioners was so slow that it would be fully fifteen years before all the tenants in Ireland could have their cases heard. Outrages began to increase during November. There were two agrarian murders and seventeen attempts to murder, besides numerous cases of arson and attacks upon dwellings, and every week continues to bring reports of increasing disquietude.

RENT-PAYING TENANTS.

It is a remarkable fact, too, that nearly all of these murders are the murder or attempted murder of tenants, the houses and hayricks burned are the housed and ricks of tenants, the dwellings attacked are the habitations of tenant farmers. Occasionally a bailiff or an agent is shot or murdered, but as a rule the energies of the secret societies and the passions of the tenants are strained to prevent the farmers from paying rent. Though the great bulk of the tenantry are determined not to pay without great reductions, there are now thousands, as there ever have been, who would be glad to pay their rents. Against this class are directed the shocking outrages which every day fill the newspapers. Agrarian murders are so common, and being seldom followed by a trial for want of a prisoner, they are forgotten almost as soon committed. One that recently took place is not more terrible than many others, but it briefly tells the story of the terrorism which now envelops the country. James Brennan was a farmer at Kilronan, county Roscommon, who about a month ago paid his rent on being threatened with eviction by his landlord if he did not. At the time he paid it he said to the agent, "I expect to be shot for it." A few nights after a warning notice was put on his window. A day later he was sitting with his brother by the fireside in his cabin, which is only 150 yards from a police hut in which were five constables. Without the slightest warning a shot was fired through the window and pierced the heart of the unfortunate man, who fell dead with a heavy groan. Sub-Constable Burk in the police hut heard the shot and looked at his watch. It was exactly seven o'clock. Running to Brennan's cabin he found him in his brother's arms, but the murderer had of course slipped away in the darkness. More shocking and ravage even than the cold-blooded assassination is the fact, testified to by many of the witnesses, that in half an hour from the time of the assassination the whole townland was illuminated by lights put in the windows, and several bondfires were lighted on distant hills. No one has been arrested. The crime will not be remembered many hours, and will probably be relegated to the mountain of undiscovered crimes. But this melancholy death might serve as a lesson to his fellow tenants if James Brennan's epitaph were written on his tomb in these words; "Victim of the no rent manifesto."

ELOPEMENT AT HARRIETSVILLE.

A Daughter of a Wealthy Farmer Elopes with the Hired Man.

LONDON, Jan. 3.—There is considerable excitement in the vicinity of Harrietsvile, North Dorchester township, over the elopement of the daughter of a wealthy farmer with the hired man. The young couple had kept their courtship secret for fear of parental displeasure, and concluded to elope on a recent Sabbath. The young lady, with her sister, attended the Episcopalian Church at 2 p. m., and while the service was in progress was apparently seized with indisposition, and retired from the church. A short distance away she found her lover with a rig in which to bear away his bride. There was great consternation at home when the sister returned without her, and she could not be found. Two days afterwards a letter from the newly married bride and daughter set all doubts for her safety at rest. Matters are now in a fair way for forgiveness and re-uniting a happy family.

The Telegraph Judgment.

The Montreal *Gazette* says.—"On Saturday His Honor Judge Rainville delivered his judgment on the action taken to annul the agreement entered into between the Montreal Telegraph and Great Northwestern Telegraph Companies for a lease of the former to the latter. By the judgment of the court the agreement is declared *ultra vires* and is set aside; the Montreal Telegraph Company is ordered to resume possession of its lines and of all the property transferred to the other defendant and the Great Northwestern Company is enjoined from any longer using the lines or property illegally transferred to it, and is ordered to reconvey the same to the Montreal Telegraph Company, and also to account for all monies which it may have received for telegraph messages or otherwise under the agreement." An appeal has been taken against the judgment.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

FROM ALL OVER.

THE stock of wheat at Liverpool is 1,295,000 bushels; corn, 1,018,000 centals; flour, 106,000 sacks, and 3,000 barrels.

THE servants of the Portuguese royal household have been dismissed on suspicion of being concerned in a plot to poison the King.

A WREATH placed upon the tomb of the late Czar by two strangers was found to bear the legend:—"To Alexander III., who is soon to die."

THE Emperor William, of Germany, has received congratulations from the Czar of Russia on the seventy-fifth anniversary of his entrance into the army.

HAVE HOPE.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

QUEEN VICTORIA'S birthday present to the Crown Princess of Germany was a marble statuette of the dog of the late Prince Waldeman by Mr. Bohm.

Mr. S. J. Jackson, of Stonewall, Man., has been offered $66,000 for a three-quarters interest in 100 acres of land at St. James, adjoining Winnipeg.

We are neither surprised nor startled at such well attested facts as the following: Mr. C. S. Mayo, manager of the Merrimca paper Co., Lawrence, Mass., suffered with rheumatism of the ankles. St. Jacobs Oil caused the pain to disappear in a few hours.

DORE, who has been reported to work in his atelier, even in oils, by artificial light, says now that no good painting can be produced by such light, and that the electric light applied to pictures fails to bring out their colours properly.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

SORE THROAT.—Apply Hagyard's Yellow Oil and take inwardly according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

A PETRIFIED alligator is said to have been found imbedded in solid rock, 20 feet under ground, in a quarry two miles from Saratoga Spinga. It is 5 feet 7 inches in length, and measures, two feet behind the head, 9 inches in diameter.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

THE Gatineau district has been the scene of another murder, a man named Fregidi having been shot in the breast and killed during a dispute with another man whose name is as yet unknown. The latter alleges that he committed the deed in self-defence.

A BRIGHT little two-year-old child in New Haven, Conn., was given many Christmas presents, including some mechanical toys, and was so excited by them that he was attacked with congestion of the brain, and died on Wednesday.

RICHARD WAGNER, who, with his family, is passing the winter at the Hotel des Palmes, in Palermo, will be in London towards the end of April next, in order to be present at the final rehearsals of the "Nibelungen," which he will conduct personally.

HER SWEET SMILE HAUNTS ME STILL.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

SAMUEL WOOD, of New York, tried to leave $1,500,00, to a musical college, but what he did do was to leave $2,000,000 to New York lawyers and $1,300,000 to the college, and yet this is doing vastly better than most men who make wills instead of doing their own giving.

WHERE IGNORANCE IS BLISS 'TIS FOLLY TO BE WISE.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

THE first syllable in Mr. Gladstone's name is not "glad" in the sense of pleasure or rejoicing. It is gled's stone—gled meaning a hawk or kite, and gledstone the stone or rock where the hawks were in the habit of meeting or congregating.

A MAN down in Maine, who took his pay in pews, for moving a meeting-house, set to work after the building was settled on its new site, started a revival in the village, and when the religious interest was at its height, sold his seats out at an advance of $5,000 over what they were set off to him for.

STRATFORD has been visited by a number of young men who endeavored to pass off on unsuspecting store-keepers bank bills "raised" from $1 to $5. In one or two instances they were successful, but on their game being discovered they left town before the Chief of Police could lay his hands on them.

Mr. Marx, the Chatham philanthropist, on Saturday night treated sixty poor children of that town to an excellent meal. Subsequently about forty of them were each provided with a substantial pair of shoes at that gentleman's expense.

A LARGE PROPORTION of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

A CASE OF HYDROTHORAX CURED.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphrey, of Durand, Wis.*

ST. JACOBS OIL
TRADE MARK.

THE GREAT
GERMAN REMEDY.
FOR
RHEUMATISM,
Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

ZOPESA.
(FROM BRAZIL.)
The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.
It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.
Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

Kendall's Spavin Cure
For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure
KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.
DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.
Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure
ON HUMAN FLESH.
Thousands of trials on Human Flesh has proved beyond a doubt that "Kendall's Spavin Cure" has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.
DUNHAM, P. Q., March 10th, 1879.
DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.
Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure
Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.
Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.
Sold by all druggists.

Daily Evening Review

THURSDAY, JANUARY 5, 1882.

LOCAL AND MUNICIPAL.

A New Weather Prophet.

The proprietors of that great medicine, St. Jacob's Oil, have issued an almanac giving among a large amount of useful information, weather probabilities for each month. The proprietors claim that their man can distance Vennor, Oates, Tice or any of the other prophets, and they invite the public to watch their predictions closely. For January they predict as follows :—

"1st and 2nd, snow ; 3rd clear, remaining fair until the 9th ; fogs along the Atlantic coast near the 6th. From the 9th to 11th, the barometer will stand unusually high, with local storms of snow and rain ; 12th and 13th, generally clear ; 14th and 16th, snow, turning to rain with high southerly winds ; 17th to 20th, clear or fair, and much colder, with high barometer, moderating again on the 21st ; 22nd and 23rd, sleet and slight rains, continuing misty and cloudy until the 27th ; 27th and 29th, northerly winds accompanied with rain and snow ; 30th and 31st, cloudy and calm. The temperature will rule high during the month, the cold periods being about the 3rd, 9th and 18th.

The Madison Square Company.

This excellent company performs in Bradburn's Hall on Friday and Saturday evenings, presenting the "Two Orphans" and "The Lady of Lyons." On Friday evening a complimentary benefit will be tendered to Miss Florence Vincent, an old Peterborough favorite, when we fully expect to see the hall packed. Regarding this company the Montreal *Herald* says :—

Miss Jennings as "Louise" acted the part with grand effect; as "Henriette," Miss Wallace won hearty plaudits. Mr. Wallace, in the role of the "Chevalier de Vaudray," gave an impersonation which was at once strong and manly, and Mr. Laurie, as "Picard," was vivacious and highly amusing. Miss Vincent as "Madame Frochard," mother of "Pierre" and "Jacques," displayed a good deal of dramatic power, and Messrs. Henley and Williams, as "Pierre" and "Jacques" respectively, showed themselves quite capable of creditably performing all that was demanded of them. The remainder of the support was above the average."

The Great Ball.

Pressure on our space has forbidden our mentioning the grand ball which took place on Monday night, under the auspices of the Fire Brigade Band. It was without any doubt one of the largest and most successful in every respect that has ever taken place in town. No less than one hundred and three couples were present, and all thoroughly enjoyed themselves until an early hour the following morning. The jewel case for the best lady waltzer was won by Miss Frankland, the decision only being arrived at after a referee was called in. The new orchestra played for the first time in public, and won many enconiums from those who "chased the fleeting hours with flying feet."

The Weather.

The weather during the last two days has been wintry like in every respect, and we have experienced genuine winter and biting cold, the only thing required to complete the picture, being more snow. Last night was exceedingly cold, but to-day has been a great deal milder. The weather probabilities for this district for the following 24 hours, as reported from Toronto at 10 a. m., to-day, by the Great North Western Telegraph Company are as follows :—Lakes—Moderate to fresh winds, mostly easterly and north-easterly ; fair weather ; stationary or rising temperature.

Personals.

Mr. S. S. Peck, M. P. P., Haliburton, is in town.

Mr. T. Blezard, M. P. P., returned from Toronto to-day.

Mr. Wm. Harty, of Kingston, was in town yesterday at his brother's funeral.

Mr. A. Sutherland, of the Great Northwestern Telegraph Company's office, is again at his post.

Board of Education.

Tuesday evening last was the regular night of meeting of the Board of Education, but as there was no particular business to transact, no meeting took place. A special meeting will probably be called for next Tuesday evening.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale Their stock is the largest in town. The assortment is without a rival, and the prices are right.

Don't Forget

The sale of household furniture, etc., at the residence of the late Adam Hall, Brock street, near St. Andrew's church, to-morrow, Friday, at 1 p. m.

THE SEPARATE SCHOOL BOARD.

Result of the Elections in Three Contested Wards—A Very Small Vote.

Four members of the Public School Board, having been elected by acclamation, and that being the number required, there were no contests on Wednesday.

On the other hand there were contests in numbers two, three and four wards for seats at the Roman Catholic School Board. There was very little interest taken in the matter, and a person would hardly know that an election was in progress The following is the result of the polling :—

SECOND WARD.

Dr. Hourigan 32
Thomas Kelly 25

THIRD WARD.

R. W. Muncaster 15
Dr. O'Sullivan 7

It is but fair to the last named gentleman to state that he was nominated without his consent and retired from the contest, early in the day.

FOURTH WARD.

Joseph Griffin 2
J. C. Sullivan 0

Mr. Sullivan also withdrew before the day of election.

Mr. D. A. McDonald was returned by acclamation for the First Ward.

TWO FIRE ALARMS.

An Incendiary Fire and a Blazing Chimney Call out the Firemen.

On Tuesday night about 7.30 o'clock the fire alarms sounded and the Brigade turned out and proceeded as far as English's bridge on Charlotte street, but happily the fire, an incendiary one at McComb's sheds, was extinguished before it had attained any headway, and the firemen returned to their hall, having got rid of a nasty job, for such a cold night. Spectators tell us that they never saw a quicker turn out or a better run in any of the cities, the time made being simply wonderful for a Volunteer Brigade.

The second alarm was sounded shortly after 8 o'clock on Wednesday night, the cause of the commotion this time being a chimney fire on George street, near Clegg's furniture store. The firemen responded in a lively manner but did not proceed to the scene of the blaze, as it was at once seen that there was no danger to be apprehended.

REVIEWS.

OUR LITTLE ONES.—The current number of *Our Little Ones*, published by the Russell Publishing Co., Boston, is one of the most meritorious of the many admirable periodicals for children that are now issued.

ST. JACOBS CALENDAR.—The proprietors of St. Jacobs Oil, true to their policy of an extensive and liberal use of printers ink, have issued a calendar, which is no mere advertisement like the majority of such productions, but is a beautiful and useful almanac with much comic reading and humourous illustrations. One important feature is the very full "weather probabilities by a learned professor, who pits with confidence against Vennor, Oates or Tice.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

That Horrible Tale.

The sensational yarn from the back country published some time since, was we thought silenced by a paragraph which appeared in the REVIEW last week, but such is not the case, as a gentleman from Lakefield informs us that a rumor is in circulation in that village, that a murder really did occur in the northern part of the county of Hastings, further back than Beaver Lake, and that the victim was a man named Sidney Acker. Inquiry in lumbering circles here reveals the fact that no person of the name is known, and the general belief is that this yarn is also a myth.

Town Council Meeting.

A meeting of the Town Council takes place on Monday evening next, and probably it will be the last occasion on which the old Council will meet, as by law, the Council-elect is required to meet on the third Monday in January.

The Landlord's Meeting.

LONDON, Jan. 4.—The following are the resolutions to be proposed at a meeting of the more moderate section of the landlords at Dublin to-day, the Duke of Abercorn presiding, to criticise the Land Court decisions :—

This meeting sees with alarm that the Land Act is being administered in a manner at variance with the pledge that it would not diminish the value or disturb the foundation of property, and contrary to the assurance on the faith of which Parliament was advised not to provide for compensation to landlords.

That the antecedents of many of the Assistant Commissioners do not ensure the impartial judicial exercise of their functions.

That the Commissioners have determined rents after a cursory examination of lands, and that they have been indiscriminately reducing rents.

That if appeals from the decisions of the Assistant Commissioners result in sanctioning these decisions the Legislature should provide compensation for those land-owners whose property will be thereby unjustly diminished.

That a petition embodying the views of this meeting be presented to the Queen.

Six thousand persons were at the meeting, which was the most influential ever held. All the principal representatives of the landed interest were in attendance.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

PORTLAND, Ont., Feb. 26, 1880.—S. S. Scovil writes :—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

National Debts in 1881.

An English paper contains the following statement of national debts in pounds sterling for the year 1881:—

Trickett's First Sleigh Ride.

ORILLIA, Jan. 4.—Trickett, the Australian sculler, is a guest at the Grand Central Hotel. This afternoon the proprietor took him for a sleigh ride, the first in his life. He enjoyed it, as also a six mile walk on the ice.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion. Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dIw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it ; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of their generative organs. A great Brain and Nervous food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

N. H. DOWNS' Vegetable Balsamic ELIXIR!

This valuable medicine is purely vegetable, the discovery of which was the result of many years' close study, in order to discover the cause, the symptoms and the cure—viz.:

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Influenza, Pleurisy, Hoarseness, Spitting Blood, Bronchitis,

and every species of oppression of the Chest and Lungs. In all cases where this Elixir has been duly administered its efficacy has been invariably manifested, convincing the most incredulous that

CONSUMPTION

is not incurable, if properly attended to.—Consumption, at its commencement, is but a slight irritation of the membrane which covers the lungs, then an inflammation, when the cough is more observable, but rather dry ; then becomes local fever and the pulse more frequent, the cheeks flushed and chills more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration.

IT HEALS THE ULCERATED SURFACES

and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and astringent articles, which are of so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the cause, generally destroys the hectic before the cough is entirely gone. Consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions for cure of pulmonary diseases. Price 25cts. and $1 per bottle. Sold everywhere.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic ; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.) THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution. In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d. Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d. ; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Daily Evening Review

FRIDAY, JANUARY 6, 1882.

A Confidence Game.

On Thursday afternoon a young man named Willoughby, employed at Mr. D. Belleghem's furniture factory, complained to P. C. McGhee that he had been confidenced out of a valuable silver watch by the old "lock trick," and green indeed must be the youth, who allowed himself to be taken in by such an old and stale trick, and one that has been exposed so often, not only through the REVIEW, but also through almost every paper in the land. This verdant youth was met by two young men named Smith, who has been selling some such compound as "The Royal Harness Blacking" and a Gerow, a hotel porter, billiard marker, 99 cent store man, etc., who induced him to stake his silver watch against $10 put up by Smith, that he could open the lock. Gerow held the stakes. Willoughby tried and failed, and of course Smith took the watch. Willoughby then commenced to think that he had been victimized and complained to P. C. McGhee, at the same time giving him a description of the sharpers. The officer at once "spotted" his men and found them. He made Gerow hand over a watch which he had on his person, and the twain quietly awaited Smith's coming. He came and when requested gave up Willoughby's watch, and it was at once restored to the rightful owner, who for the future, it is to be hoped will steer clear of all such sharpers. Smith and Gerou left town on the 4.30 train, and will in future keep a safe distance away, we anticipate.

The "Two Orphans."

The Madison Square Company perform the "Two Orphans" this evening in Bradburn's Hall. Secure your seats early, as there is sure to be a rush. Miss Vincent receives a benefit to-night:—

"The Hudson, N.Y. *Recorder* speaks in the following manner of the company:—"The applause was loud and frequent. We take pleasure in saying that the performance was a splendid one and the company should meet with the success it deserves. The hall was filled which is sufficient evidence that our people appreciate theatrical troupes of merit. The persons connected with the company are ladies and gentlemen in every sense of the world, and we can commend them to the press and public wherever they appear." People were turned away at Brockville, Monday evening last."

The Ten Tribes of Isreal.

The Rev. A. F. Tully will deliver a lecture in answer to the question, are the British people the descendants of the ten Tribes of Isreal? in the basement of St. Paul's Church on Monday evening next the 9th inst., commencing at 8 o'clock.

Separate School Board.

The regular monthly meeting of the Separate School Board took place last evening, but owing to the press on our space we are obliged to hold over a report of the proceedings until to-morrow.

MIDNIGHT TELEGRAMS

CABLE.

A NEW DEPARTURE.

CAIRO, Jan. 5.—The Chamber of Notables is elaborating standing orders, in which it has been proposed to establish Ministerial responsibility to the House, except in regard to international obligations. Cherif Pasha, in a speech, dwelt upon the necessity of observing these obligations, and was loudly cheered.

IRISH TRAIN-WRECKERS.

DUBLIN, Jan. 5.—An unsuccessful attempt was made to-day to throw from the track the mail train between Tralee and Limerick. If the attempt had succeeded, great loss of life would have been the result. There is no clue to the person who made the attempt.

THE POPE'S POSITION.

PARIS, Jan. 5.—The Cardinal Archbishop of Rouen, who has recently returned from Rome, publishes a letter discribing the position of the Pope. He urges the Italians to choose another capital, and leave Rome to the Pope, in order to avert the necessity for his departure.

WARSAW IN FLAMES.

VIENNIA, Jan. 5.—It is reported in Vienna and Cracrow that Warsaw is in flames.

GIVING THE LIE.

LONDON, Jan. 5.—Mr. Forster declares that Mr. Cavanagh's statement at the landlords' meeting that secret instructions were given the sub-commissioners, the acceptance of which was a condition of their appointment, is absolutely without foundation.

THE "IRISH WORLD"

DUBLIN Jan. 5.—A Dublin magistrate has granted a summons against three policemen for seizing copies of the *Irish World* at a news shop without producing their warrant.

BODY SNATCHERS.

PARIS, Jan. 5.—There is good reason to believe that an attempt to steal the bodies of Napoleon III. and the Prince Imperial has just been discovered at Chiselhurst. Mr. Howard Vincent has sent down several special detectives from London to watch the imperial mortuary chapel, and hopes are entertained that the person who has planned the attempt will shortly be apprehended. It is believed that the person in question is a woman, a personal enemy of the Empress, but nothing cartain is yet known on this point. The affair has, of course, been carefully kept quiet lest the criminal or criminals concerned should take the alarm and escape.

AMERICAN.

PANIC IN A CHURCH.

QUINCY, Ill., Jan. 5.—This afternoon during the funeral services of the late pastor of Salem church, while the church was densely crowded, a panic from some unknown cause ensued. Ten or twelve persons were seriously injured and thirty or forty others hurt.

A BIG BLOW UP.

OSKALOOSA, Iowa, Jan. 5.—This afternoon John Phillips, the mayor's son, Gerald Joyce, and John Stedman were practising shooting with breach-loading rifles. They used a wooden building, in which was stored five hundred kegs of powder, as a target, The whole magazine exploded with a terrific shock, and all the boys instantly were killed. They were carried from fifty to two hundred yards, and mutilated and burned almost beyond recognition. The explosion caused great damage to windows, nearly all the plate glass fronts in the business quarters of the city being wrecked, while many houses in the south part of the city suffered severely, the damage aggregating twenty thousand dollars. Many persons were injured by fallen glass and *debris*. The shock was felt at a distance of three miles.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

AN ENGLISH OPINION.

LONDON, Jan. 6.—The *Daily News*, discussing Blaine's circular to the republics of Central and South America, proposing a conference at Washington, says that the meaning of the project is establishing an American protectorate over both Central and South America. Blaine's pretensions are novel and extravagant, and were never contemplated by the originator of the Monroe doctrine, under which an attempt will probably be made to shelter them. Now that Freelinghuysen has succeeded Blaine, there is at least a hope that some rational basis for negotiations can be arrived at. That the American interests on the Pacific seaboard have greatly increased since the Clayton-Bulwer treaty was signed, admits of no doubt, but it is quite an open question whether England is not interested in the Panama canal yet more deeply. That England, with her vast American possessions and carrying trade should become a party to any agreement yielding the canal into American hands, and acknowledging the suzeranty of the United States of the entire western Hemisphere, is a dream beyond the domain of practical politics.

AMERICAN.

BANKING FRAUDS.

BOSTON, Jan. 6.—Another deficiency of $250,000 has been discovered in the Pacific Bank, which increases the liabilities of the stock brokers to $1,500,000.

BREAKING JAIL.

HILLSBORO, N. C., Jan. 6.—Ten prisoners in the jail here desperately assaulted the jailor, and eight of them escaped, including some notorious criminals.

GUITEAU'S RESPONSIBILITY.

NEW YORK, Jan. 6.—Dr. Wm. A. Hammond, in a lecture here yesterday, expressed the opinion that while Guiteau was a lunatic he knew fully the nature of his act and its consequences, and such knowledge was sufficient to make him perfectly responsible before the law.

ESCAPING CONVICTS.

NEW HAVEN, Jan. 6.—It is thouhht at City Island that the convict, who was found dead off Brainerd in a sloop stolen from the former place, had three companions, who also met their death.

IMPORTED CABBAGE.

NEW YORK, Jan. 6.—The steamers arriving for some weeks past from Germany and Denmark have been bringing cabbages. One vessel carried 40,000 heads. It is said that another will shortly bring a still larger supply.

COMMITTEES OF CONGRESS.

WASHINGTON, Jan. 6.—It is not improbable that before another Congress is elected the movement to make the House Committees elective, as in the Senate, will make headway.

FREE CANALS.

NEW YORK, Jan. 6.—The *Herald's* special despatch from Albany says that Jacobs believes that the free canal resolution will pass both houses this session, and thus go to the people next year. It seems evident that the former opposition to the measure has been in a large degree modified during the past eight months. The *Times* Albany despatch says that in deference to the opinion of the Senators from the country districts the free canal amendment will be rejected by a large majority.

AN EARTHQUAKE SHOCK.

KNOXVILLE, Iowa, Jan. 6.—Yesterday a violent shock of an earthquake was felt here. People ran out of their houses wild with excitement. The shock was felt in many adjacent towns.

EXPIATED HIS CRIME.

JERSEY CITY, N. J., Jan. 6.—Martin Kaukowki was executed at 10 o'clock this morning for the murder of Mina Miller near Guttenburg in May last.

EXTENSIVE FIRE.

ST. LOUIS, Mo., Jan. 6.—By a fire at the lard rendering department of W. Whittaker & Son's pork packing establishment this morning five large tanks were exploded, shattering the building. The loss is $40,000.

THE BOUNTY OF THE QUEEN.

A Toronto Girl at Whose Birth Her Majesty was Present.

In the year 1860 her Majesty Queen Victoria paid a visit to such of her military forces as wer then quartered at the great camp at Aldershot, England. She was present at the grand review, made a thorough inspection of the soldiers' huts, tested the food of the rank and file as it was prepared for dinner, and finally, visited the woman's hospital erected especially for the accommodation of the soldiers' wives. While passing through one of the wards the nurse in charge informed her Majesty that one of the patients was then momentarily expected to be confined. The Queen desired that if the child was born before she left the building she should be informed of the fact. Five minutes after the expected information was brought. Her Majesty then enquired what regiment the woman's husband belonged to, and was told the 1st battalion of the 16th. Desiring to know the woman's name, she learned that it was Mrs. Stinson. The Queen then requested that the child

SHOULD BE NAMED VICTORIA.

and upon leaving the hospital sent down a box of clothing for the infant, a christening cap and dress being among the articles contained therein. The box was brought to the hospital by General Pennefeather. Her Majesty also lodged five pounds in the bank to the credit of the child, with instructions that it was to remain therein, with interest accruing, until Victoria Stinson was 21 years of age. Two years later the regiment came to Canada, and in course of time, Stinson, leaving the army, settled in Toronto with his wife and family. In this city he remained for many years, but finally removed to Welland County, where he died a short time ago. His widow remarried, remaining in Welland County. A few days ago the daughter, Victoria Stinson, attained the age of 21 years, and, with her mother, visited Toronto for the purpose of learning how the money awaiting her order could be obtained. The amount will now reach about £12.

What Electricity is to do for Us.

A sanguine and imaginative writer predicts almost incredible marvels which electricity is expected to accomplish before the end of the twentieth century. Chops and steaks will be cooked by electric sparks. The fruits of the earth will be multiplied behind colored glass. Fruits and vegetables will be grown all the year round, winter and summer, day and night. We now take our air and water raw, and through these two elements come all the disorders and contagions which afflict humanity. In the future water will be distilled and purified from all germs of disease, while air cleared of all noxious qualities, will be admitted to glass covered streets and dwellings. Houses and places of business will be situated in immense inclosed edifices, the air of which will be wholesome and delightful to the sense of smell. Summer and winter will be abolished, as the temperature can be controlled by artful means, and all parts of the globe will become equally inhabitable. Day will have no attractions over night, for the artificial lights will be more pleasing than the sun. The air will be navigated, and the great cities be situated on beautiful hilltops. With the great motors shortly to be discovered, huge mountains can be levelled, while the ice packs around the two poles can be liquidated and made navigable. Wild as this seems, it is, as the the *New York Hour* suggests, scarcely more so than the present marvels of gas and water, telegraphs and ocean cables would have been to an Englishman of the time of Elizabeth.

NO HOSPITAL NEEDED.—No palatial hospita needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does the grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

FRIDAY, JANUARY 6, 1882.

THE number of failures during the year 1881 shows a considerable decrease as compared with those of 1880. In 1881 there were 663 failures out of 52,116 persons engaged in business in Cnnada, or one out of every 93, as compared with 907 out of 57,000 persons engaged in business in 1880, or one out of every 63 persons. The liabilities, too, show a like proportionate decrease, the amount for 1880 being $7,988,077, against $5,751,207 in 1881. This is another satisfactory evidence that the N. P. cannot be ruining the country, as some sore-heads would have us believe.

DURING the first six months of the fiscal year ending the 30th of June next, both the customs and excise revenue of the Dominion have shown a steady and satisfactory increase. During the period mentioned the total increase over the corresponding months of the preceding year has been as follows:—

Excess in customs revenue	$1,620,041
Excess in excise revenue	243,712
Total increase during the six months	$1,863,753

As this increased revenue can only accrue from increased consumption of the articles upon which it is levied, it is obvious that either our population must be increasing very rapidly, or that our people as a whole, and especially the poorer classes of them, are consuming much more than they did, which means that they are better off than they were.

A RATHER interesting legal point has been raised over the recent election of a Mayor for Ottawa city. On the day of nomination several candidates were proposed, some of whom at once retired, and all the rest but one—Dr. St. Jean—subsequently and before polling day, notified the returning officer that they withdrew from the contest. Acting upon the assumption that the candidates were thus reduced to one, the returning officer issued no ballots and took no vote for Mayor, and proceeded to declare Dr. St. Jean duly elected. The question now, however, is raised, that Dr. St. Jean cannot be declared elected, inasmuch as a poll was granted on the day of nomination, and not a single vote was polled for him. In one way it no doubt seems foolish to question a return on such grounds, yet it is to be remembered that the Municipal law imposes a penalty upon those who refuse to act, when elected under certain circumstances, not improperly taking the ground that the ratepayers have a right to elect fellow ratepayers to municipal office even against their will, which would be impossible were the power conferred upon those nominated of withdrawing their names when it suited them to do so. Another objection to the legalization of such a course would be that the people of a municipality might, by a little wire-pulling and collusion, have gentlemen foisted upon them whom they did not desire, and whom they would not have permitted to be elected by acclamation. As we have always understood the Municipal Act, once a poll was granted, the form at least of taking a vote had to be gone through, and whether correct in law or not, it is certainly the proper course to pursue.

THE CANADIAN-AMERICAN TRADE.

By Consul Crawford, of Costicosta.

The revised tariff law went into effect March 15, 1879. As stated by consul-General Smith in his report of that year, "the prospective increase of the rate of tariff duties induced very heavy importations of merchandise from the United States, far in excess of of the immediate wants of purchasers." This beeing the case, it was too early to form correct conclusions of the effect the revised tariff would have. This surplus stock had to be consumed before protection could perform what the friends of the policy expected. Judging from what they saw in the United States, it was believed that the measures adopted by them would have like effect in Canada, and build up the various industries of the Dominion.

At the time and previous to the passage of the tariff law of 1879, Canada had followed the example of her home Government, and been struggling under the system of low tariff duties. Under that policy her industries became paralyzed, the balance of trade was against them, and there was a general stagnation of business, her people leaving the country to seek more profitable employment in the neighbouring Republic, where their labour was protected.

Upon the passage of the tariff law, which almost doubled the duties on imports, and when the surplus stock was consumed, thereby causing a fresh demand, business put on a brighter aspect. Factories were erected, old and defunct industries revived, and Canada in two short years came out from under the dark financial cloud, and now the wheels of industry are moving in all parts of the Dominion. Her people are well employed and at wages nearly as high as they could receive in the United States, and the effect is seen in the greatly reduced number of emigrants who have gone from Canada to the United States during the past year, as compared with years previous.

The number of labourers, skilled and unskilled, who left Canada for the United States during the quarter ending September 30th, 1881, was 19,346, compared with 45,592 in 1880. While there has been this falling off from Canada, there has been a large increase of immigration to the United States from other nations.

The great demand for labour in the lumber regions of Maine and New Hampshire has heretofore been readily supplied from Canada. During the winter of 1879-80 good choppers and teamsters could be obtained at from $6 to $12 per month and board. At this rate there still exists the demand, but is more difficult to procure the supply, although they are willing to pay from $18 to $24 per month and board. Before the "National Policy" was adopted labourers went from Canada across the borders by hundreds and thousands, seeking employment for the winter. Now, the lumbermen are under the necessity of sending agents into the Dominion, and it is difficult to procure the labourer.

There can be no other reason than that these men who have made it is annual pilgrimage to to the woods of Maine and New Hampshire are now employed at home at such remunerative wages that there is nothing to be gained by going to the States. What goods Canada is unable to supply her own people should be supplied from the United States, and it is the fault of the American producers that they do not secure it.—*New York American Exporter.*

THE MORAVIAN.

No Hope of Saving the Stranded Steamship —Hard at Work Saving Cargo.

HALIFAX, Jan. 4.—The Government steamer Newfield arrived to-day from Mud Island, the scene of the Moravian disaster, and reports that at the time of leaving (6 p.m. yesterday) the wreck, to all outward appearances, was all right. She was standing upright, her masts, rigging, and everything standing, and has not changed her position any since the time of going ashore. The tide flows in and out of her, filling her to the deck. Capt. Archer, with his officers and crew, are still working at the wreck, doing all they can to save the cargo, but have given up all hope of ever getting the vessel off. The steamer Edgar Stuart, a tug-boat from Yarmouth, and a number of schooners and the ship's boats are there conveying the cargo from the wreck to the island. The captain and crew are living in fishermen's huts on the island, which is entirely barren, but have got stores from Yarmouth. The storm of Monday did no damage whatever to the wreck. The steamer Newfoundland was there when the Newfield left, but was unable to get anyway close to the wreck on account of the heavy sea. The Newfield brought up the stewards and firemen of the Moravian, with their effects, and the Newfoundland will probably bring the rest of the crew. An agent is at Yarmouth receiving whatever portion of the cargo is picked up. Salvage will be paid to the fishermen for whatever they pick up. There are large quantities of cheese, ham, butter, bacon, &c., floating around about the wreck and vicinity.

The Ghost of the Czar.

A St. Petersburg correspondent sends the following:—"A fantastic story is on its travels. It is asserted that the late Czar has reappeared in the Kezan Cathedral, accompanied by an aide-de-camp. Why should the dead Alexander flit about in this ghostly fashion with an aide-de-camp when the living Alexander habitually went about unaccompanied? At the Ministry of Foreign Affairs it appears to have been reported that the night guardian of the cathedral had been the first to see the august shade. A door leading to the vaults had suddenly opened, and the dead Czar issuing had walked with solemn state and slow as far as a certain saint. Having knelt and kissed the feet of this saint the apparition had retired in the same sad and eerie fashion, first double locking the door behind it. The vision reappeared next night to all the beadles and the night after that to the whole of the clergy, including the high priest. On this last occasion it kissed the cross before making its exit. In the morning the vaults were carefully examined and a large number of chests of dynamite discovered. Needless to observe, it was at once decided that the "spectre" was in reality a nihilist, who had hit upon this Shakespearian trick in the hope of attracting Alexander III, to the cathedral and then blowing him to atoms. And this tale was gravely told in the drawing room of one of the high imperial officials. The facts of the case are, however, very much more commonplace that the report. The whole affair—ghost, nihilist plot and all—was a mere practical joke got up by two students with the help of a magic lantern. There was another story afloat lately, not much less absurd than the other one. The nihilists had loosened the roof of one of the theatres, and intended some evening when the house was crowded to tilt it over on the heads of the spectators and crush them.

Marrying Twice Within 25 Minutes.

In the matter of marrying, a young woman of Seneca county, Ohio, plainly appropriates the cake. Her maiden name was Melissa J. Remsburg, but whether it is now Mrs. Chauncey L. Wyant or Mrs. Wesley M. Kline, or both, the future must disclose. As the story is chronicled, Miss Remsburg told Mr. Wyant that she would meet and marry him in Tiffin, fifteen miles from her father's house, at 3 o'clock in the afternoon of Monday succeeding Christmas. She also told Mr. Kline that she would see him and wed him in Tiffin at half-past three o'clock on the same day. She kept both promises, for she became the wife of Mr. Wyant at one end of the town, and married Mr. Kline at the other end, twenty-four minutes only elapsing between the performance of the ceremonies. Immediately after the first wedding the bride had excused herself, "just to run down street to see a friend," and thus it came about that she had time to marry Mr. Kline and take a westward-bound train before Mr. Wyant suspected treachery. As to the purpose of the woman everybody seems to be in the dark.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

The Sixty-Pound Beaver.

Recently, while out hunting in the tules west of Washington, H. Frommelt shot a large beaver weighing sixty pounds. When shot it was in the water, and Frommelt's dog undertook the task of retrieving it, but the game was not so dead as it might have been, and although fatally wounded, it fought the dog fiercely, and came near drowning him before it could be landed. The animal is the largest ever seen in this section.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

GIVEN AWAY—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

THE PINE AND THE WALNUT.

A mile or so from the gray little town
Of Newcastle, perched like a gull by the sea,
On the Kittery side (where the banks shelve down
To the lovely river's golden brown),
There towered, long since, an old pine tree.

And across the stream, in a right bee-line,
Like a sentry guarding the ruined fort,
Was a large-limbed walnut, where the kine
Huddled together in shower and shine,
Nibbling the herbage, sparse and short.

Summer and winter those brave old trees
Watched the blue river that slipped between—
Leaned to the sunshine and drank the breeze,
Clothed like emperors, taking their ease,
Now in ermine, now in green.

Many a time, when I was a lad,
I drifted by with suspended oar,
The wind in the walnut seemed so sad!
But, ah! what a blustering voice it had
In the rugged pine on the other shore.

And often, in restless slumber tost,
I seemed to be drifting down the tide,
Hearing the strident wind as it crost—
To die away like a murmuring ghost
In the drooping boughs on the farther side.

Prehaps 'twas a boyish fantasy—
The dream of a dreamer, half afraid—
That the wind grew sad in the walnut tree,
But surged through the pine like the surging sea,
With a sound of distant cannonade!

Only a fantasy! Who can tell?
But I think 'twill haunt me to the end,
Seeing what curious things befell
The walnut tree and the pine as well—
For they went together friend and friend!

From a sullen cloud broke war at last,
And a grim sea-dog of the quarter deck
Took the gaunt old pine for a mizzen-mast;
In the flame of battle his spirit past,
And the mizzen dragged by the shattered wreck.

With the Union Jack across him laid,
They bore him back to the town by the sea,
The guns at the yard his requiem played,
And the admiral's coffin, it is said,
Was shaped of the planks of the walnut tree!

LAKEFIELD NEWS.

From Our Own Correspondent.

SCHOOL ELECTION.

The election of members of the Public School Board of Lakefield took place in the Council room, Lakefield, on Wednesday last, the 4th inst. Messrs. Sanders and Caldwell were the successful candidates, polling 107 and 92 votes respectively. A lively interest was taken in this election, and there was considerable excitement through the village during the day. The total number of votes polled was 158.

MUNICIPAL ELECTION.

The election of municipal Councillors for the village of Lakefield took place in the Council room, Lakefield, on Monday, the 2nd instant. The election passed off very quietly, there being comparatively no excitement at all. Very great disappointment has been felt and expressed through the village at the unexpected defeat of Thomas J. Nelson, Esq. The following was the state of the poll at the final count and declaration on the day following:—

Wm. Cox, sr.	106
John Hull	97
John H. McWilliams	73
Richard Hill	66
Thomas J. Nelson	53

ENTERTAINMENT.

An entertainment consisting of a concert and farce in connection with the St. John's Parsonage took place in the P. C. A. Hall, on Thursday evening and was a complete success. Miss C. Strickland opened the performance by a piano solo played sweetly. Mrs. LeFevre and Miss Clarin distinguished themselves, and Messrs. Henderson, Wright, Wigg and Graham, elicited frequent encores. Two recitations were given during the evening, one by Miss K. Trail and the other by Mrs. P. Strickland. The former was particularly well rendered. Of the farce little can be said but that it was the most successful ever presented in Lakefield, and well worthy to be put on the boards before this most critical audience in any large town. Mr. and Mrs. Wright acted as but few amateurs can, and were well supported. The "Joey" of Master Beatty was incomparable, and shows signs of future greatness. We missed Mr. LeFevre among the others, but we suppose his approaching visit to England was the cause. A notice of this kind would be incomplete did we not allude to the very efficient manner in which Mr. Eden managed the stage. The piano used was a grand, which the managers were fortunately able to receive from Mr. Tanner. The gross receipts were $31.12. By general request the farce will be repeated on Friday (this) evening, in connection with the St. John's Church Sunday School Christmas tree.

SPECIAL SCHOOL BOARD MEETING.

A special School Board meeting was held in the council room, Lakefield, on Monday evening the 2nd inst., after the close of the municipal election. Members present, Messrs. Galvin, (Chairman of the Board) Isbister, Clarin, Sanders, and Cox. Mr Cox asked to be allowed to withdraw his resignation, which he had tendered at a previous meeting of the Board. Is was moved by Mr. Isbister, seconded by Mr. Sanders that Mr. Cox be and he is hereby allowed to withdraw his resignation.—Carried.

The Board next took into consideration applications for the position of teacher in the junior department of the school. After considerable discussion it was moved by Mr. Sanders, and seconded by Mr. Isbister, that the application of Miss Keele be accepted, and that she be engaged as teacher of the junior department of Lakefield school, at a salary of $200 per annum.—Carried. There being no other business before the Board, it was moved by Mr. Clarin, seconded by Mr. Cox.—That this Board do now adjourn to meet at the call of the chairman.—Carried.

A Man Killed by Electricity.

At Hatfield House on Monday, William Dimmock, a laborer, was assisting in laying a telephone wire, when he slipped from a wall, and in falling took hold of a wire used in connection with the Brush lights, which are in operation at Hatfield House. He was immediately killed by the electric current. The medical evidence showed that death arose from shock to the system, causing paralysis of the heart. At the inquest the jury returned a verdict that the deceased died through touching the electric wire; and appended a recommendation that there should be a fixed time for working the current, and that notice should be given of it to all persons engaged near the wires. It was stated that, to avoid similar accidents in future, the wires would all be conveyed either underground or on poles out of reach.—*St. James' Gazette.*

FROM ALL OVER.

It is confidently expected that the collapsed bank of Prince Edward Island will resume business shortly after the meeting of the shareholders on the 12th inst.

President Arthur will probably send a special message to Congress calling attention to the alarming spread of small-pox and the necessity of taking measures for its extinction.

Have Hope.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

Sore Throat.—Apply Hagyard's Yellow Oil and take inwardly according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

The malcontent students at Queen's University, Kingston, who went on strike for an additional week's holiday at Christmas, appear to have thought better of the matter, as on the re-opening of the classes yesterday the attendance was very full.

Guiteau's violence in court was exceeded by that of a convicted murderer at Yankton, Dak., who cursed the prosecutor and jury, made a dash for the bench to whip the judge, and fought so desperately that at one time he was under a heap of marshals on the floor.

Mr. M. Goodin, Belmont Park, Pa., recently wrote to a correspondent of the Philadelphia *Times* as follows: I have given St. Jacobs Oil a trial on sores and fresh wounds of horses, and find it to relieve the soreness in a few hours. It is invaluable to all owners of horses, especially of fine stock.

The steamer Western Slope which was last spring put on the "Through to Yale" route—across the gulf from Victoria B. C., to the mouth of the Fraser, thence up the river to Yale—made 62 through trips, losing only six hours through the season on account of rough weather in the gulf.

Portland, Ont., Feb. 26, 1880.—S. S. Scovil writes:—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

Ulcers and Old Sores.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

Della Rose, of Chattanooga, made up her mind to marry at 15, notwithstanding her father's command to wait three years. While she stood before a clergyman, with the ceremony half performed, her three brothers broke into the room, brandished pistols, and carried her away.

There is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carson's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

Some British shipowners have begun to man their vessels with negro seamen exclusively, the officers alone being white men. They take them at the same wages as ordinary English or foreign seamen. Those who have tried the experiment state that they find coloured men as good sailors as Europeans, and that they are more docile and less inclined to run away.

Her Sweet Smile Haunts Me Still.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

James Marshall, a lad of fourteen years, ran away from his home in Chatham and went to Detroit to make his fortune, but found that running away from home is not what it is cracked up to be in the cheap literature of the day. On Friday night he slept at the central station, the night before in a dry goods box; he had nothing to eat in two days, and then was very anxious to return home.

The abandonment of the Tay Bridge now seems to be extremely probable. The company is promoting a line by Glenfarg, and the supposition is that they will carry it over the Tay by a bridge at Newburgh, reaching Dundee through the Carse o' Gowrie at Newburgh. The river there is narrow, and as it is divided in mid-channel by an island, a cheaper and much more substantial bridge could be built than at Dundee.

Where Ignorance is Bliss 'tis Folly to be Wise.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

Mr. McCullough, a mason of Glasgow, was killed by a gas explosion. His widow brought a suit against the municipal gas commissioners, claiming that the explosion was caused by a leakage in one of the main pipes belonging to them. The plea of the defendents that they exercised due precautions to prevent such an accident did not avail them anything. The jury awarded her $2,500 for herself, and $1,250 for each of her six children.

A Large Proportion of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

The trial of Mormonism made by Mack Johnson and his two wives, in Kansas City, Mo., was a failure. He married one woman there and one in Wyandotte. His bigamy was soon exposed, but the two wives agreed to a compromise, by which he was to live a week with each in alternation. This arrangement lasted until he overstayed his time with the Kansas City wife, for which offence the Wyandotte wife shot him.

A Case of Hydrothorax Cured.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphrey, of Durand, Wis.*

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Taylor & Macdonald. d8w27

CHAS. BUTLER,

HUNTER STREET.

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Secretary.

Dept. of Railways and Canals, Ottawa, Oct. 24th, 1881.

12d10 1L3

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

Kelley's Island, Ohio, Mar. 28th, 1880.

Dr. B. J. Kendall & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that "**Kendall's Spavin Cure**" has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frost-bites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

Dunham, P. Q., March 10th, 1879.

Dr. B. J. Kendall & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
Chester K. Green.

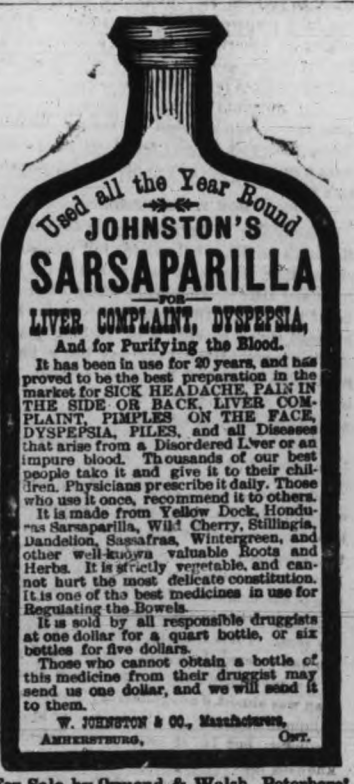
Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. Dr. B. J. Kendall & Co., Enosburgh Falls, Vt.

☞ Sold by all druggists.

Lyman Sons & Co., Montreal, P. Q., Wholesale Agents. 1d 1wly



MACK'S MAGNETIC MEDICINE.

Is a Sure, Prompt and Effectual Remedy for *Nervousness in ALL its stages, Weak Memory, Loss of Brain Power, Sexual Prostration, Night Sweats, Spermatorrhœa, Seminal Weakness, and General Loss of Power.* It repairs *Nervous Waste, Rejuvenates the Jaded Intellect, Strengthens the Enfeebled Brain and Restores Surprising Tone and Vigor to the Exhausted Generative Organs.* The experience of thousands proves it an Invaluable Remedy. Daily Evening Review

FRIDAY, JANUARY 6, 1882.

A MURDEROUS "CRANK."

DR. KINCAID, M. P. P., ASSAULTED BY A DRUNKEN MAN AND BADLY INJURED.

John Duggan is the Assailant—He is Promptly Arrested and Lodged in Gaol—Full Particulars of the Dastardly Deed.

On Thursday evening about 7 o'clock, a report that Dr. Kincaid, M. P. P., had been murdered, circulated rapidly throughout the town, and until the facts of the case became known, the excitement was intense, but we are happy to state that although the doctor was badly injured, he is still better than one hundred dead men. As he is so well known and popular with all classes of the community, as may be imagined regret was expressed on all sides that he should have met with any misfortune.

DRESSING THE WOUNDS.

As soon as we heard of the affair, in company with Chief of Police Johnston, a representative of the REVIEW accompanied that person to the residence of the victim, and found him lying on a sofa surrounded by three of his fellow physicians, who were busily engaged in dressing five ghastly wounds on his head. Finding that he was not in a position to give a full account of the assault just then, at the request of the Chief and a J. P., our representative accompanied the officer to a livery stable, where a horse and cutter were procured, and the two proceeded to the residence of

JOHN DUGGAN,

a carpenter residing on Gilmour street, who had committed the felonious assault. A short drive brought them to the place, and the horse having been put in charge of a young man, the two entered the garden and soon stood at Duggan's house. After knocking and demanding admittance, the voice of the "wanted" man was heard, asking, "Who is there and what do you want?" Chief Johnston said that it was he, and that he wanted to arrest John Duggan. Duggan then said:—"You can't come in.

THE QUEEN WILL NOT LET YOU.

I punished that man for trying to poison my wife and family and myself. Again I say, you can't come in." The officer then threatened to force the door, and after some further parleying a slight shove sent the door in and the officer entered. Duggan, his wife and family, and two other men were found inside, Duggan being engaged in filling a clay pipe preparatory to having a smoke. The Chief at once

ARRESTED HIS MAN,

and requested him to dress himself in order that he might be taken to gaol. His wife and the two men begged of the officer to allow him to remain at home, expressing a fear that Duggan would injure him if it was attempted to remove him from the place, but the minion of the law knew his business to well and was not the least afraid to preform his unwelcome duty, as he was fully prepared for all emergencies. After talking for a short time Duggan commenced to don his clothes and soon said he was ready to go. He walked to the cutter and was

QUICKLY LODGED IN GAOL,

after having been searched by Gaoler McWilliams. The only articles found on his person were a small broken pocket knife and a carpenter's rule.

HOW IT HAPPENED.

This morning a REVIEW reporter went to Dr. Kincaid's residence to learn the full parsiculars of the affair. He was at once shown to the bedroom and after shaking hands took a chair and heard the story. The doctor was lying in bed, his head almost covered with sticking plaster and bandages. His left eye was badly blackened and a portion of his cheek bruised. He expressed a willingness to tell the story of the assault and did so as follows:—

"Shortly after six o'clock on Thursday night I was sent for, to visit John Duggan. I know the man well, having attended him on different occasions, but for some time I have not visited him, knowing that he was a dangerous character, especially when under the influence of liquor. The messenger told me such a pitiful tale of the man's condition, that on his family's account I drove to his house, taking with me my man. I left the man in charge of the phaeton and entered the house. As soon as I entered I apprehended danger,, as I saw that the man was almost, if not quite crazy from the effects of liquor. I told him that I came to give him some medicine, but he at once grew violent, and knowing that if I remained in the house I might be murdered, I at once sought a means of exit. I caught the handle of the door and passed out, just as he struck at me. I at once started to run but he followed, and as I was encumbered with a heavy fur coat, he soon caught me and catching the back part of the collar, he pulled the coat up in such a manner that my arms were almost pinioned behind me and I was entirely at his mercy. He had a weapon in his hand, which I believe was an ordinary case-knife, broken in two, and with this he struck me after I fell down, on the top of the head. He struck me at least a dozen times, and was pulled off me by his wife. I then got up and proceeded towards the gate, but he overtook me and another tussle took place, but having partially relieved myself of my overcoat I could defend myself and soon landed him on his back and catching him by the throat, called for assistance. My own man came, and mistaking me, tried to pull me off Duggan. Several other men then appeared, but stood around, seeming to be almost paralyzed. I was then taken to my buggy and driven home and had my wounds dressed by the physicians, no less than five of whom kindly called to see me. I now feel a great deal better and as my skull is not fractured, as I am glad to say, I expect to be up in a few days. While my overcoat was a hindrance to my free action, at the same time I really believe that it saved my life, as it protected my neck and the sides of my head and face from the murderous blows aimed at me. The man must have been suffering from *delirium tremens* or he would never have acted as he did. Duggan had no just cause for attacking me, as I have at different times assisted himself and family."

DUGGAN'S PREVIOUS CAREER.

John Duggan has not had a very enviable career, hitherto. He has been before the Police Magistrate at least nine or ten times for various offences, principally for drunkeness and abusing his wife. He has always been known as a "crank," but has always been regarded as harmless, except when suffering from the effects of liquor, when he was always looked on as a regular demon. He was confined in gaol some years ago, and conducted himself in such a beastly manner, that he was regarded as being almost inhuman. We are also informed on undoubted authority that after the assault, he went into his house and after washing the blood off his person, he actually drank the bloody water, although there was a pail of clean water beside him. He has not been working for the last two weeks, but has been on a "big spree," which probably accounts for the whole affair. When arrested he had a black eye, showing that at least one of the Doctor's blows, although he could hardly see for the blood from his wounds, had been well aimed.

AT THE POLICE COURT.

At the Police Court, John Duggan appeared, in charge of Chief of Police Johnston, charged with "committing an assault upon Robert Kincaid, M.D., with intent to do him some grievious bodily harm."

As the injured man was not able to appear, the prisoner was remanded to gaol until Monday morning, January 9th, at 10 o'clock.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Our Annual Festival.

The twenty-seventh annual supper tendered by the Carrier Boys of the REVIEW, to the staff, took place on Thursday evening at the Croft House, and was one of the most enjoyable yet spent. Twenty-two persons, all employees of the office, sat down to the table, no less than eight being absent. The chair was occupied by Mr. Wm. Cowie, the oldest employee present, and he performed the duties appertaining to the office in a becoming manner. The spread was the best that has yet been provided, and reflected the greatest credit on mine host Croft and his first class hotel. As may be imagined after twenty-two hungry printers "got their work in," the tables did not groan as much as before the attack commenced, but in this case the tables were turned and some of those around the festive board, were in first class trim for groaning. After the usual loyal and standard toasts had been duly proposed, Mr. J. G. Macdonald apologized for the unavoidable absence of the members of the firm and the foreman, and later on returned thanks on their behalf for the manner in which the toasts of their healths had been received by the company. Speeches were also made by Messrs. Cowie, Taberner, Compigne, Wright and Eastland, and good songs sung by Messrs. A. D. Browne, Breiellette and Compigne. The toast of "the news boys" was received with "three times three" and was responded by Mr. Wright. The toast of the "host and hostess" which was responded to in a happy manner by Mr. Croft, brought a very enjoyable evening to a close at an early hour, and all departed for home wishing "Our Entertainers" prosperity, and only hoping that they or their successors will provide as good an entertainment on the next occasion.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

A Curious Relic.

The *Mail* states that a few days ago one of the workmen engaged in digging a sewer opposite the works of the Toronto Bridge Company unearthed a relic of bygone days. It is an engraved plate of a coupon for five shillings issued by "the Colborne district," for the purpose of raising funds for the erection of a gaol and court-house at Peterborough. The metal was engraved at Stationers' hall, London, England, and although there is no date on it, it is evidently sixty or seventy years old. The work is beautifully done, and makes a fine impression even after such a lapse of time. On one side there is the figure of a deer, and on the other an Indian Chief and squaw. How the article ever reached the locality where it was found is at present a mystery. The plate is now at the premises of Messrs. Rolph, Smith & Co.

Perhaps some of our old citizens might enlighten us regarding the foregoing, of which we never heard before.

Car Works.

The Belleville *Intelligencer* says the car works project, like nearly every other enterprise projected here, was quietly dropped after a little agitation. Now Peterborough is agitating the project of a car works, to turn out from five to six cars a day, and employ 175 hands, at about $8,000 per month. It is calculated that such an establishment would consume about $500,000 worth of material per year; that the buildings would cost $20,000, machinery $20,000, and that the capital required would be $100,000. Mr. Geo. A. Cox offers to take 10 per cent. of the stock, provided it be not less than $100,000 nor more than $200,000. Belleville is quietly sitting still whilst other places are going ahead. Would that our city had several Mr. Coxes.

The Weather.

Although last night was cold, still it was one of the most pleasant of the season. To-day is warmer and snow has fallen, but not in any quantity. Rain at an early date is not at all improbable. The weather probabilities for this district for the following 24 hours, as reported from Toronto at 10 a. m., to-day, by the Great North Western Telegraph Company are as follows:—Lakes—Fresh to strong south-easterly to south-westerly winds; cloudy mild weather with areas of snow or rain.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-1y

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of their generative organs. A great Brain and Nervous food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

TELEGRAPHIC!

TORONTO, Jan. 5.—A number of prominent officials of the Midland Railway are in the city. The are all responsible looking men, and, of course, all wear Peterborough Suits from T. DOLAN & CO's.

OTTAWA, 4.—A Well-known M. P. from the West is at the Russell House. His Scotch Tweed Suit from T. DOLAN & CO'S, Peterborough, is particularly nobby.

HAMILTON, 5.—A large case of goods broke down the strongest waggon in the village. The case was filled with clothing from DOLAN'S, of Peterborough.

WINNIPEG, 6.—Several Peterborough speculators arrived in the city to-day. They are all well equipped with money, and are particularly noticeable for stylish suits made for them by T. DOLAN & CO., of Peterborough, Ont.

MADOC, 4.—A surveying party of the Toronto and Ottawa Railway passed through here yesterday. They report stormy weather, but set the frost at defiance having purchased their outfit of heavy clothing from DOLAN & CO., of Peterborough.

NEW YORK, 5.—A good-looking stranger is held here by the police, supposed to have been concerned in a recent elopement. He is evidently a Canadian, his beaver overcoat having been made by THOMAS DOLAN & CO., of Peterborough.

(The wires are down to the east, which accounts for briefness of above telegraphic news.)

T. DOLAN & Co

Australia, New South Wales, Victoria, Queensland:—Letters, 15 cts., papers 4 cents.

New Zealand, *via* San Francisco:—Letters, 15 cents papers, 4 cents. H. C. ROGERS, Postmaster.

English Advertisements.

SULPHOLINE LOTION.—AN EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Daily Evening Review

SATURDAY, JANUARY 7, 1882.

MORMONISM ABROAD.

Not Satisfied With Four Wives He Takes a Fifth—And Is Arrested.

ANDOVER, N. B., Jan. 5.—Jas. A. Melvin, a man between fifty-five and sixty years of age, has been arrested here on a charge of bigamy. It seems he has been married five times. The first two wives are dead. The last three are still living. Four or five years ago he married a lady in Monticello, Maine. In July, 1881, he was married at Andover to Mrs. Adelia Burns, and in September, 1881, obtained a divorce at Houlton from the lady he married at Monticello. A few weeks ago he married a Miss Fletcher, residing between Fort Fairfield and Houlton. The friends of Mrs. Burns heard of it, hence the arrest. Since then the foregoing facts have been made public. He claims to be a Christian, and is very fond of praying, and takes a leading part in prayer meetings.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

MIDNIGHT TELEGRAMS

CABLE.

NAPOLEON III.'S BODY.

LONDON, Jan. 6.—The vaults at Chiselhurst have not been tampered with. It appears a telegram was received at Chiselhurst yesterday from Paris giving warning against body-snatchers.

PROPERTY DEFENCE.

LONDON, Jan. 6.—An influential meeting was held at the Mansion house to-day for the purpose of reviewing the property defence movement, and an executive committee was appointed. Mr. Morley said the people should support the movement for self-preservation. He strongly appealed against allowing party feeling to militate against the effort to combat the Land League abomination. He subscribed £200.

TROUBLED IRELAND.

DUBLIN, Jan. 6.—Six hundred guardsmen have been sent to the counties of Clare and Limerick, on a requisition of the magistrates, for protective duty. The despatch of the squadron will liberate the police from extra duty. The guards will be distributed in parties of five through the country in small garrisons to protect the persons and property of landlords and others whose lives are threatened.

WHOLESALE EVICTION.

DUBLIN, Jan. 6.—The entire tenantry of the townland of Lacka, North Tipperary, were evicted to-day. The military were present.

NIHILIST ACTIVITY.

ST. PETERSBURG, Jan. 6.—It is thought that Nihilists are preparing for fresh violence, as they are re-assembling in St. Petersburg, and there is renewed circulation of their proclamations.

FLOODS IN EDINBURGH.

EDINBURGH, Jan. 6.—A violent hurricane, accompanied by an enormous rainfall, is sweeping over Scotland. The streets in many of the towns are flooded.

MORE TROOPS.

VIENNA, Jan. 6.—The government has decided to despatch a reinforcement of 7,000 troops to pacify the inhabitants of Krivocie.

THE CLOTURE.

LONDON, Jan. 6.—The Cabinet met yesterday to discuss the form in which the cloture should be proposed in the House of Commons, but adjourned without coming to a decision.

OUR GOVERNOR-GENERAL.

LONDON, Jan. 6.—The Marquis of Lorne will leave Liverpool on his return to Canada in the steamer Caspian on Wednesday next.

THE ASHANTEE MASSACRE.

LONDON, Jan. 6.—Intelligence has been received from Accra confirming the report received in November last of the massacre of two hundred girls by order of the King of Ashantee. The girls were prisoners, captured for the massacre in raids on neighbouring tribes.

BOTH SIDES CONFIDENT.

ATHENS, Jan. 6.—Both sides continue to claim a victory at the elections, and the political situation will probably not be ascertained until the Chamber of Representatives meets, as 103 members of that body are eleeted for the first time. The new provinces return 35 members.

AMERICAN.

TONY THIEVES.

NEWMARKET, O., Jan. 6.—A great sensation was created here this morning on the announcement that two persons respectable citizens, had been arrested during the previous night, and lodged in the lockup, charged with robbery. In the house of one, named Newton, a great quantity of clothing, etc., was found. His employers, Sutherland and Bobby, identified the goods, the other named Kelly, was arrested as an accomplice, and it is said that some of the same firm's goods were found secreted under his shop. Altogether several hundred dollars worth of clothing has been recovered. Both men are tailors, Newton having been cutter for Sutherland for years. It is rumored a third party and one of even higher standing is implicated in the matter. Both men were brought before the Magistrate this afternoon and the cases adjourned.

FATAL CHLOROFORM.

BUFFALO, N. Y., Jan. 6.—A special despatch from Cleveland, Ohio, says:—Yesterday afternoon news reached this city of a singular death which occurred at Olmstead Falls yesterday. A middle-aged lady, named Mrs. Horace Fitch, called at the office of Dr. Rose, an experienced physician in good standing, and had some teeth extracted. The physician put her under the influence of chloroform, and her husband, who accompanied her, watched the operation. When the teeth had been pulled she recovered from the effects of the anæsthetic, got out of the operating chair, rinsed out her mouth, and expressed relief that the dreaded experience was over. The doctor was arranging his instruments when she fell to the floor dead.

STAR ROUTE FRAUDS.

WASHINGTON, Jan. 6.—Samuel Hoyt, John Minnix, W. S. Barringer, J. W. Donohoe and E. F. Sweet, star route contractor and sureties on alleged fraudulent bonds for star route service, were arrested to-night and held for examination. It is understood the arrests are based upon the report of Inspectors Tidball and Shallcross. A warrant was also issued for the arrest of A. E. Boone, but up to a late hour he has not been found. The charges against the prisoners include perjury, conspiracy to defraud, and other illegal practices.

A CANARD.

NEW YORK, Jan. 6.—The *Telegram's* despatch from Chiselhurst says:—The police here say there are no grounds whatever for the rumor of the alleged attempt to violate the tomb of Napoleon III. and the Prince Imperial. The rumor arose from a telegram received from Paris by Monsignor Goddard, a Catholic *cure*, to the effect that such attempt might be made. I saw Monsignor Goddard and found him very reticent about the matter. He said there was nothing in the report, and that such an attempt was out of the question. There is a great deal of excitement, however, in this place over the rumor, and police patrols have been placed about the church and other places, and all strangers are closely watched. The police, it is said, will be strengthened from London. All that Monsignor Goddard would say was that there may have been a plot in Paris—suggested by the fact that a violation of the tomb was entertained.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

SENTENCED RIOTERS.

AIX, France, Jan. 7.—An Italian concerned in the disturbance at Marseilles in June on the occasion of the return of the French troops from Tunis, has been condemned to 10 years police supervision, and two others to five years imprisonment and five years police supervision. Another to five year's imprisonment and six months police supervision.

AMERICAN.

BIG FIRE.

OWENSBORO, Ky., Jan. 7.—The Opera House here was burnt last night, and a hotel damaged. The loss is $35,000.

OUR BOY SAILS.

NEW YORK, Jan. 7.—Hanlan sails to-day for England to row a race with Boyd.

PREACHING POLYGAMY.

UNIONTOWN, Pa., Jan. 7.—Two Mormon preachers are making many converts in this county.

BECOMING COMMON.

PATERSON, N. J., Jan. 7.—Jas. Crocker, a school commissioner has disappeared. He managed a brewry, and it is alleged embzzled $70,000.

THE PORTER CASE.

NEW YORK, Jan. 7.—The *Herald* says that the conclusions of Grant regarding the Fitz-John-Porter case, seem to have more weight among military men than among Congressmen. The weight of opinions seems to be that the letters of Terry will prove almost decisive in securing the passage of the bill for the relief of Porter. The members of the two Houses however, who were prominent in opposition to such a measure during the last Congress, now appear to be still holding very decidedly their former views. Garfield, while a member of the House in anticipation that the act would be assailed in debate, carefully prepared himself for a speech in vindication of the action of the court which tried Porter. He took counsel of the Judge-Advocate, Attorney-General and the Secretary of War, as to how it would be proper for him as a former member of the court to make known what took place in private deliberations. It is understood that a portion of this anticipated speech was written out, and now exists, and other portions of it exist in the form of notes, and these may contribute to form a debate on the ceas.

A DISHONEST CLERK.

CHICAGO, Jan. 7.—Geo. Hartendorf, shipping clerk for Park Scott & Co., confesses that he defrauded the firm out of $18,000 worth of copper.

AFTER THE REDSKINS.

ORTEGO, Jan. 7.—General Ortego has left Hermorio with a large regular force to proceed to the scene of the massacre. The Indians are well armed.

THE GREEN EYED MONSTER.

COUNCIL BLUFFS, Jan. 7.—Last evening on a crowded business street Edith Gray fired four shots at a young man named Hendershot. The latter escaped unhurt. Jealousy is the supposed cause.

IMPROVING HARBORS.

NEW YORK, Jan. 7.—The engineers' estimates for the improvement of New York's harbors, rivers and inlets, which was submitted to the House committee on commerce includes the following:—Charlotte harbor, Lake Ontario, $80,000, Dunkirk Harbor, Lake Erie, $121,000 Green Bay, Lake Ontario, $40,000, Oak Orchard Harbor, Lake Ontario, $40,000 and Oswego Harbor $100,000. The entire estimates amount to three millions of dollars.

PROBS, AT FAULT.

NEW YORK, Jan. 7.—The superintendent of navigation complains that the signal service bureau is interfering with the proper observations of his work.

HIS MESSAGE.

NEW YORK, Jan. 7.—The *Tribune's* Albany special says that the Governor will send his messenger to the Senate next Wednesday.

A JUDGE'S DEATH.

ELIZABETH, N. C., Jan. 7.—Geo. A Brooks, U. S. judge of the last district of North Carolina died yesterday, aged 60.

A SAILOR'S MURDER.

BALTIMORE, Jan. 7.—Capt. Caspar Smith, of the schooner Sheldrake was found murdered in his cabin yesterday at Canton. A sailor named Moore has been arrested on suspicion.

INDIAN MASSACRE.

TUCSON, Arizona, Jan. 7.—Sonora advices state that 300 Indians, under Chiefs Chris and Joe, have committed depredations in the districts of Mocleyum, Sahmipa and Arizhe, and killed Superintendent Woodburling, of the Lampazos mine, fourteen men, six women, and four children.

THE AMERICAN CONGRESS.

NEW YORK, Jan. 7.—A Washington special to the *World* says that United States Commissioners Frescott and Blaine, sent to Chili and Peru, were authorized to visit the other South American States and facilitate the assemblage of the American congress at Washington in November, 1882.

A BAD CITIZEN.

CHICAGO, Jan. 7.—Tredburg Lessor, one of the most notorious pawn-brokers, who has figured in several dark transactions, the last being the murder of policeman Roe, was sent to the penitentiary yesterday. He baffled justice for years and spent twenty thousand dollars to secure immunity.

BEYOND HOPE.

NEW YORK, Jan. 7.—Edwin W. Stoughton, ex-Minister to Russia is so ill that there are no hopes of his recovery.

PISTOL PRACTICE.

WASHINGTON, Jan. 7.—John Carr, night messenger of the American District Telegraph, was shot this morning and seriously injured, by Henry Rooth, aged 16, a discharged messenger, who was arrested.

DON'T KEEP TIME.

SHANESVILLE, O., Jan. 7.—The investigation into the recent horror shows that the main cause of the falling of the building was the vibration produced by the assemblage keeping time with their feet while a band was playing.

GRAIN RATES.

PHILADELPHIA, Jan. 7.—The Pennsylvania & Northern Railway has received instructions not to contract for grain at less than 20 cents to New York, 18 to Philadelphia, and 17 to Baltimore.

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

SATURDAY, JANUARY 7, 1882.

CANADIAN PACIFIC RAILWAY.

Preparations for Extensive Surveys Next Season.

WINNIPEG, Jan. 5.—General Rosser, Chief Engineer of the Canadian Pacific Railway, is busy perfecting arrangements for the surveys of next season. Major Rogers will again assume management of the Rocky Mountain survey, and for this purpose four parties will leave early in April to continue the explorations of last year. Three of the parties will operate from the west side of the Rockies and the other from the east side, the objective point of survey being Kicking Horse Pass. The base of supplies for the east side will be the mouth of Kicking Horse river, to which point they will be taken from the Northern Pacific Railway at Lake Pendorelle, the base of supplies on the east side of the mountains. Four additional parties will operate between the present terminus of location at Moose Jaw Creek to Fort Calgary. General Rosser will leave next month on a trip to the Rockies, in the course of which he will map out the work for the respective parties for the season. Everything would seem to indicate a vigorous prosecution of the location surveys and construction for the current year.

COMETS.

Award of the Rochester Prize for the Best Essay.

ROCHESTER, N.Y., Jan. 5.—Last January H. H. Warner, of this city, announced a prize of $200 in gold to any American or Canadian who, during the year, should discover an unexpected comet. When comet B, or the great comet, was discovered, an effort was made to ascertain who first saw it, and had a decision been possible among the thousand claimants the special prize would have been given. As no decision could be reached, Warner, last August offered a special prize of $200 for the best essay on comets, their composition, purpose, and effect on the earth. One hundred and twenty-five essays were sent in to Prof. Swift, and after a careful review the judges unanimously award the prize to the essay written by Prof. Lewis Boss, Director of Dudley Observatory, Albany. Many of the best astronomers in the country competed, and the essays are said by the judges to be of a very high order. The prize essay will be published this week.

THE AMERICAN CONVICT.

How he Aided in an $18,000 Robbery—His Ingenious Method of Escaping.

The captured made by Detective Burrows of James Ryan, *alias* Miller, *alias* Letsom, *alias* Thorne, is an important one, as the prisoner is one of the most notorious criminals in the States and a fugitive convict from Pennsylvania. Detective Roger O'Mara, of Pittsburg, arrived in the city this morning, and is at present engaged in trying to get the prisoner extradited. The prisoner is a Cleveland thief, but for some time lived in Pittsburg. Not long ago five men visited the house of an old couple in Clarion county, and tying them hand and foot and gagging them, demanded the keys of the safe. The husband, who is about eighty years of age, refused to give up the key, and then they struck him on the head with a revolver. Still the old man refused, but when the scoundrels commenced to torture his aged wife he succumbed, and opening the safe the robbers stole $12,000 in cash and $6,000 in bonds. Detective O'Mara took charge of the case, and upon Ryan being arrested he was convicted and sentenced to seven years in the Western Penitentiary. O'Mara found that about $5,000 worth of the bonds had been negotiated. The prisoner had served about five months of his sentence when he formed the acquaintance of another convict named Street, whose term was about expired. These two plotted together for Ryan's escape, which they brought to a successful issue on the 23rd ult. The convicts were in the habit of filling large contracts for boots and shoes given by firms in the State, and Ryan seeing a favourable opportunity, had himself nailed up in a box as a consignment of shoes, and passed out of the prison in a waggon. Street in the meantime had hired a rig and drove along the road till he met the waggon when with a jimmy he forced open the box and released Ryan, who at once fled to Canada. O'Mara was again set to work and he very cleverly captured Street, and then traced Ryan to this city where he was arrested. This morning the prisoner was brought before the Police Magistrate and as he had a revolver on him when arrested he was charged with this offence and was remanded for a week. The other charge on which he was arrested is with having committed a robbery with violence, but he did not plead to it. Some doubts are expressed as to whether the prisoner will be indicted, his council, Mr. Murphy, contending that when a prisoner is sentenced the offence is wiped out and therefore he cannot be extradited on the charge laid. The only other charge that can be laid is prison-breaking and that is not an extraditable offence.—*Telegram.*

THE DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

THE COLOUR LINE.

Prejudice Against Negroes holds its own in the South.

MEMPHIS, Tenn., Jan.—Yesterday at Milan Tenn., when the train which was bringing Clara Louise Kellogg and her concert troupe to Memphis stopped for dinner, the party entered the hotel to take advantage of the twenty minutes allowed for refreshments. First came Mr. Pond, the business manager, who was followed by Miss Kellogg and her coloured maid. Mr. Pond and Miss Kellogg had seated themselves at the table and the maid was about following suit, when Mr. Miller, the proprietor, stepped forward and informed the lady of colour that separate tables were reserved for servants. Miss Kellogg at once became very indignant, and demanded that her maid should be permitted

TO EAT WITH HER.

She claimed that her maid had travelled with her all over the country and this was the first instance where any objections had been raised on account of her colour. If the maid was not permitted to sit at the same table, Mr. Miller was informed, the whole party would leave the dining room. This argument was a clincher, and the meal was served without further objection on the part of the proprietor. Rev. Richard Cain, D. D., coloured Bishop of Texas and Louisiana, joined by his wife Laura K. Cain, through their attorney, Mr. K. Brennan, began a suit in the United States District Court to-day against the Galveston, Houston and Louisiana Railway Company for $20,000 damages. It appears from the petiton that on Monday last Bishop Cain purchased in Galveston

TWO FIRST-CLASS TICKETS

for himself and wife from Galveston to San Antonio, where the Bishop desired to go to dedicate the St. James Methodist church. They entered a car at Galveston and arrived at Houston about eight o'clock. There they were obliged to change cars for San Antonio, and accordingly attempted to enter the ladies' car of the G., H., and La. Railway Company, but the conductor refused to allow them to do so, at the same time telling them to take a seat in another car, and closed and locked the door against them. This car, as alleged, was occupied by men. Some of them were smoking, and Mrs. Cain being in delicate health, the Bishop declined to enter the car, and was compelled to pay extra fare upon the sleeping or parlour day coach attached to the train, and the parties finished the journey in it, and hence this suit. Bishop Cain is one of the most

PROMINENT COLOURED MEN

in the country. He was elected Bishop of the Ninth Episcopal District, composed of the States of Louisiana and Texas, in 1880, and lives in Dallas. He formerly lived in South Carolina, and was a member of Congress at large from that State in the Forty-third Congress, and also represented the Second District of that State—the City of Charleston—in the Forty-fifth Congress. He is a man of marked ability and a fine orator. He was in Congress when the Civil Rights Bill passed and voted for it.

THE COLOUR LINE IN CHURCH.

The admission of a coloured clergymen to the Memphis Presbytery has disquieted the Southern Presbyterian Church. The Rev. Dr. Baird, one of the foremost men in the organization, strenuously objects. "One of the conditions of ordination," he says, "is that a man shall be able to edify the Church. Now, I risk nothing in asserting that no negro man in the present condition of the Church and the world can attain unto this essential qualification for the position of a minister among us."

THE WORLD IS NOT ALL BAD.

Capt. C. W. Kennedy, of the steamship Germanic, may smoke a pleasant Christmas pipe if, as he puffs away, he brings to mind the thought that a few days ago he was instrumental in saving the lives of twenty-five men. Dr. Lyon Playfair, Mr. Northcote, M.P., and several other noted persons, who were passengers on the Germanic, have been so earnest in their praise of the good deed that the round faces of Captain Kennedy and his crew are figuring in the London prints. During a storm, shortly after midnight, the lookout saw signals of distress. Capt. Kennedy answered with blue lights and the Germanic was hove to. She rode the waves until morning, hugging the distressed ship as closely as possible, so that aid might be sent at day-break. Shortly before 7 First Officer Bence and five picked men pushed off in the life boat, and, fighting desperately, reached the wreck, which proved to be that of the iron steamer Hereworth. When the first lot of rescued men climbed on the Germanic's deck the passengers cheered Mr. Bence, who immediately started on the second trip. One of the passengers writes:—"Let me say, emphathically, that this deed was worthy of Englishmen. It required pluck, coolness and seamanship. To make a long and what might be worked up into a highly sensational story exceedingly short and sweet and truthful, these men, at imminent risk of their own lives saved twenty-five men. Nor did they even forget a kitten, which was brought off in the last load.

A few days ago Antonio Frietag, a Polander, lost his life in a most praiseworthy effort to save the lives of others. He was a section hand on the Lake Shore railroad and with several other men was riding on a hand car near Otis, Ind., when a special train came thundering down. They all could have saved their lives by leaping from the car, but Frietag shouted that the hand car must be lifted off. He took the position of danger and the brave fellows succeeded in lifting the obstruction from the track. But just as Frietag's corner of the hand car was thrown down the embankment and just as he was in the act of leaping the locomotive struck and killed him. The section hands unite in declaring that but for his heroic performance of duty the train would have been wrecked.

Two worthy citizens of Nankin, Tenn., had a spat seventeen years ago, and since then they have been bitter enemies. Recently the three clergymen of the town undertook to effect a reconciliation, but the peaceful arguments added to the flame only brought on a shooting affray. Last week a good natured citizen invited the enemies to his house. He had studied carefully their tastes. One he entertained with applejack in the library and the other with beer in the sitting room. Both got to be brimful of good humor. The adroit peacemaker got one to say finally that he really liked So-and-So. The remark was overheard, the sliding doors between the rooms were pushed apart, and the two enemies shook hands.

Though General Abram Daily and his wife were well-to-do once, they have outlived their accumulations, and having no relatives, now live on $8 a month, the veteran's war of 1812 pension. Last Thursday was the sixty-fifth anniversary of the marriage of the old couple. When thirty representatives of the G. A. R. Posts of Brooklyn marched into the little house in that city where Gen. Daily lives, they found the old soldier in full uniform, his sword by his side. He took his wife's hand and asked the company how they liked the bride of 65 years ago. When the visitors departed they left a purse containing several hundred dollars.

Mrs. Del Valle, of Santa Barbara, Cal., was an intimate friend of Mrs. Blanco. On her deathbed twenty years ago the former gave Mrs. Del Valle $20,000, charging her to keep its possession a secret until Marie Blanco, then a baby, became 21. Mrs. Blanco had no faith in banks or wills, and died satisfied that her daughter would receive the treasure, which was in diamonds. Miss Blanco recently was married on her twenty-first birthday; among the wedding presents were the jewels. Mrs. Del Valle had kept the secret even from her huband.

Thomas Montgomery is praised by the Baltimore papers for a deed worthy of Christmas chronicling. He is a fireman. During the burning of a house the other day he heard that a young girl was on a sick bed in the garret past rescue, in attempting which three men had failed. Not daunted, Montgomery fought his way through the flames and brought the unconscious girl from the garret. All who saw the act describe it as one of great heroism.—*Philadelphia Times.*

RESTORED FROM A DECLINE.—DR. R. V. Pierce, Buffalo, N. Y.: Dear Sir.—I feel it my duty to write and thank you for what your "Golden Medical Discovery" and "Favorite Prescription" have done for my daughter. It is now five weeks since she began their use. She is now more fleshy, has more color in her face, no headache, and in other ways greatly improved.
Yours truly, MRS. MARCELLLA MYERS.
North Greece, N. Y., April 25, 1380.

FARMERS AND MECHANICS.—Provide yourselves with a bottle of Pain-Killer at this season of the year, when summer complaints are so prevalent; it is a prompt, safe and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine Perry Davis' Pain-Killer and take no other mixture.

GIVEN AWAY.—We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for consumption. You are requested to call at Taylor & Macdonald's Drug Store and get a trial bottle, if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you. —6.

The Best Field
FOR
EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

THE ARKANSAW KIND.

"Speakin' 'bout the Arkansaw ager," said the man with the sandy goatee and quaint eyes, as he laid back in his chair, "that's whar you saw my heart strings, in case I've got any left to saw on."

"Did you ever live there?"

"Did I? Well, I reckan I sort o' existed in them parts goin' on thirteen y'ars."

"And you had the ague?"

"Had it? Why, I wallered in it. Gentlemen, gaze on me!"

The crowd gazed.

"When I moved down into Arkansaw from Tennessee risin' of sixteen y'ars ago, I was purty—I was in fact. I had a dozen skule marms in love with me to once, and hang me if every gal in the ball-room wouldn't break her neck fur the honor of dancin' with me? Yes, I was purty, and I was good. I was so purty that children cried for me, and so good that I was taken for a preacher on more'n a hundred occashuns. Whar' has my purty gone? Whar is my goodness? Good! Why, I've got to be the infernalist alligator in the hull swamp, and I'm growin' meaner at the rate of a mile a day! Fact—solemn fact, and that cantankerous ager is to blame fur the hull of it. I've got a squint to my eyes, my nose has bin driven back an inch, and what teeth I've got left have to be wedged in every Sunday with pin pegs or I'd swallow 'em. Purty! Why, the sight of my phiz down in St. Louis killed a Texas steer dead'rn a door nail, and I was tryin' to look handsome at that!"

"You said you had the ague."

"Said so. Do you 'spose all the other calamities in this hull kentry could have busted me up in this way? You bet I had 'er! I struggled with 'er right along fur 'leven straight y'ars without a let-up. Gentlemen, let me harrar your souls with a few timely remarks. Your Michigan ager is a grass-hopper, and one dose of kin-neen knocks 'er dead. Out in Illinoy the ager is bigger—about like a squirrel. In Missouri she's about the size of a woodchuck, and when she strikes down into Arkansaw she's a wolf three feet high, seven feet long, and built to take hold like a thousand buzz-saws. Great slams! but what tussles I've had with that 'ere critter! Say, did you ever ride in a one-hoss wagin over a stone quarry? Was ye ever seated on the top rail of a fence when a hurricane moved it at the rate of six miles a minit? Did you ever have a cyclone pick ye up and move ye over forty acres of river bottom, wallop ye through ten acres of woods and use ye fur a tool to knock down a hundred acres of canebrake? Well, that hain't the ager—not the Arkansaw kind; it's only the fust preliminaries."

He stopped to re-light his cigar and then continued:—

"I hain't long to live, and I don't keer to stretch this thing any. Tellin' the truth has allus bin my strong pint, and allus will be. Maybe you'll git some idea of the Arkansaw ager when I tell you that I once injinted both shoulders in shakin' and it was a light shake at that. When I had on one of my reg'lar double back-action shakes I could jar a jug of whiskey out of the crotch of a tree twenty-eight rods off. Nobody durst pile up cord-wood within half a mile of my cabin and that's a solemn fact. I devoured ky-neen just as you eat corned beef, and my hull system finally got so bitter that a dog who smelt of my legs couldn't get the pucker out of his mouth inside of three days. Gentlemen I do not wish to prolong this agony. My failin' is gab. Fust thing I know I'll jump the ager and begin on Arkansw skeeters, and when I git thar I'd harrer yer souls till ye couldn't sleep fur two weeks. We will now have some licker, and I will then seek a few needed reposes."—*Detroit Free Press.*

The Electrical Girl Who Lives again.

(*London (Can.) Advertiser.*)

It is about three years since the *Advertiser* published the story of the Electrical Girl in the township of Romney. The tale passed through nearly all of our exchanges and occasionally reappears now. The story in brief was that the girl was so highly charged with electricity that she could not handle any article of steel. She was a veritable magnet, and needles, knives, etc., would cling to any part of her person. The publication excited a good deal of curiosity concerning the girl, and many people called upon her at her home. Recently she was taken ill, and the local physicians were called in. She described her peculiar sensations. In her knee-joins severe pains were felt shooting at intervals, as though a battery were at work and giving her intermittent shocks. The knee began to swell, and the pains spread to other parts of her body generally becoming permanent in the joints. All the doctors could do was of very little avail. Occasionally slight relief would be obtained, but in the wet or murky weather the pains would redouble in violence. Finally when the doctor had given up treating her, and regarded her simply as a physioldgical wonder, a tramp called one day at the house. While he was being given a meal he was told about and asked permission to see the girl. He had been a soldier in the Crimean army, and while working in the trenches around St. Petersburg he contracted rheumatism in the most severe form, and noticing that the girls symptoms agreed with his, he pronounced her to be suffering from rheumatism. The parents of the girl were overjoyed, but were again cast down as they recalled the fact that the doctors had said they could do nothing for her. "Why," said the tramp, "do you want to bother the doctors about rheumatism? Get a bottle of St. Jacobs Oil. It cured me and will cure any case. I know plenty of old soldiers who have been cured of chronic rheumatism by the use of St. Jacobs Oil." The advice was taken, and the so-called Electrical Girl is to-day prepared to add her testimony to the thousands of others who bear witness to the efficacy of the Great German Remedy.

To the Editor of the London (Can.) Advertiser.

DEAR SIR:—As you have given me a good deal of notoriety by writing of me as the Electrical Girl, I thought I would write to you of my condition.* * * (Here follows the recital which is summarized above.) My parent obtained a bottle of St. Jacobs Oil, and to its effects I owe the fact that I am now able to walk without pain, and the swelling in the joints have all disappeared.

Yours very truly,
SUSAN S. HOFFMAN.

The Wonderful Lake.

In Colorado is a ten-acre-field, which is no more nor less than a subterranean lake covered with a soil about eighteen inches deep. On the soil is cultivated a field of corn, which produces thirty or forty bushels to the acre. If any one will take the trouble to dig a hole the depth of a spade handle, it will fill with water, and by using a hook and line, fish four and five inches long can be caught. The fish have neither scales nor eyes, and perch-like in shape. The ground is a black marl in nature, and in all probability at one time was an even body of water, on which accumulated vege-matter, has been increased from time to time, until now it has a crust sufficiently strong and rich to produce fine corn, though it has to be cultivated by hand, as it is not strong enough to bear the weight of a horse. While harvesting, the hands' catch great strings of fish by maging a hole through the earth. A person raising on his heel and coming down suddenly can see the growing corn shake all around him. Anyone having the strength to drive a rail through the crust will find, on releasing it, that it will disappear altogether.

FROM ALL OVER.

THE Spanish Minister of Justice has announced in the Cortes that slavery no longer exists in Spanish colonies.

THE Boston common council has passed an ordinance involving an expenditure of over $1,000,000 for park purposes.

THE Orange Sentinel understands that steps in the direction of the amalgamation of the various junior branches of the order are being discussed and very favourably received.

UNLIKE OTHER CATHARTICS, Dr. Pierce's "Pellets" do not render the bowels costive after operation, but, on the contrary, establish a permanently healthy action. Being entirely vegetable no particular care is required while using them. By druggists.

A young woman at Alexandria, Va., acting under an inspiration that she was to die by fasting, deprived herself of food. After abstaining for forty-three days death put an end to her sufferings.

"I WILL take my chances on getting rid of this rheumatism," said our cautious neighbor; and half an hour later he could be found diligently rubbing his offending and painful members with that famous pain-eradicator, St. Jacobs Oil. He knew what was good.

PORTLAND, Ont., Feb. 26, 1880.—S. S. Scovil writes:—I have sold the Perry Davis' Pain-Killer for over thirty years, and the same has always given my customers entire satisfaction, and I have much pleasure in recommending it as a good and reliable family medicine.

A well-filled pocket book over the heart of a detective exhausted the energy of two bullets fired by a desperate villain in Harrisburg, last week, and saved the detective's life. One of the articles which made the pocketbook impenetrable was the warrant for the arrest of the man who fired the shots.

"GOLDEN MEDICAL DISCOVERY" (trade-mark, registered), is not only a sovereign remedy for consumption, but also for consumptive night-sweats, bronchitis, coughs, spitting of blood, weak lungs, shortness of breath, and kindred affections of the throat and chest. By druggist.

THE Excise Board of New York report to Mayor Grace that 8,561 places in this city are licensed to sell liquors, besides 96 others that are selling illegally. This gives us a grog-shop to every 138 citizens.

VITROL-throwing has become so much the mode in Paris that a special manufactory to meet the increased demand has been established in the plain of St. Denis, and the police authorities are considering the advisability of requiring purchasers to present a physician's prescription.

ULCERS AND OLD SORES.—These painful disfigurements disappear totally under a course of Dr. L. R. Herrick's Sugar Coated Vegetable Pills, which restore the impoverished blood and sluggish circulation. These remedies are sold all the world over, and remove all internal pains and aches. They never fail!

THE latest report at Montreal respecting the Occidental railway negotiations is that the Local Government will not sell the the road at present, as they expect it will rapidly appreciate in value owing to new connections being formed with it.

THE Virginia City (Nev.) *Enterprise* says that an eight-ounce gold nugget recently found in a mine in Sierra county, that State, was very nearly in the form of a human being. The legs and feet, it says, are almost perfection, while the left hand, which possesses four fingers, lies on the breast, the right arm hanging down by the side.

AN old lady in the country had a dandy from town to dine with her on a certain occasion, and on the table was an enormous pie, 'La, ma'am,' said the gentleman, "how do you manage to make such a pie?" "Easy enough," was the quaint reply; "we make the crust in a wheelbarrow, wheel it under an apple tree, and then shake the fruit down into it."

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carsen's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

THE full particulars of the latest murder case in the Gatineau district have been received. From the evidence taken before the Coroner it would appear that the murdered man Hans Vertige had been bullying and threatening a man named Frigine, and that the fatal shot had been fired in self-defence. The Coroner's jury brought in a verdict to this effect.

HER SWEET SMILE HAUNTS ME STILL.—I had not seen her for twenty years. Now she was a well-preserved matron with the same sweet smile on her face, and a set of splendid teeth thanks to Sozodont. Her daughters call her blessed because she brought them up properly.

A well-dressed woman, apparently a stranger, was the cause of a good deal of anxiety at Brampton on Monday afternoon. The woman was caught on the bridge over the stream at the ashery, but possessing her presence of mind, stepped out on the ends of the sleepers and sat down. The brakes were applied at once, and so suddenly was the train stopped that the couplings were broken. It was then found that the woman although much frightened had escaped unhurt.

A LARGE PROPORTION of children who die early are those whose brain development is unusually large in comparison with the body. Why is this? Simply because the functions of the body are too frail to supply the waste going on in the brain consequent upon active intelligence. Fellows' Compound Syrup of Hypophosphites is so prepared that it imparts the vital principle directly to the brain, while it assists in developing a vigorous body.

SIR Henry Bulwer, just appointed governor of Natal, is a nephew of the late eminent Lord Lytton and of Sir Henry Bulwer, afterward Lord Calling, the friend of Webster, and for a long time minister at Washington. He is 46 years old. He has been private secretary to the governor of Prince Edward Island, resident commissioner in the Ionian Islands, treasurer of Trinidad, administrator of Dominica, governor of Labuan, consul at Borneo, and lieut-governor of Natal.

A CASE OF HYDROTHORAX CURED.—"It is now over nineteen years ago that my attention was directed to your highly valuable Peruvian Syrup, which at that time was, I believe, the means of saving the health, and probably the life, of a young lady who was said by her physician to have symptoms of *Hydrothorax* (dropsy of the chest), from which disease her brother had lately died. She married at the age of nineteen, and for a long time had been unable to ascend a flight of stairs without stopping to take breath once or twice during the ascent, or indeed to take any active exercise without distress. She took the Peruvian Syrup for six weeks, when all the before-mentioned symptoms disappeared and have not since returned. This case occurred in Potsdam, N. Y., in 1860." Sold by all druggists.—*From Dr. J. S. Humphreys, of Durand, Wis.*

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

Midland Railway of Canada.

BAILEY BROS.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frost-bites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

Sold by all druggists.

Daily Evening Review

SATURDAY, JANUARY 7, 1882.

LOCAL AND MUNICIPAL.

SEPARATE SCHOOL BOARD.

Organization for 1882—Mr. T. Cahill Appointed Chairman—Miscellaneous.

The members of the Separate School Board met according to law, on Thursday evening the 5th inst., at 7.30 o'clock.

The Secretary-Treas., Mr. John Corkery, who acted as Returning Officer for the election of Trustees, read the list of nominations made, and produced the poll books of the election.

After the Board made the necessary count of votes,

It was moved by Mr. CAHILL, seconded by Mr. LEMAY,—That having made the necessary count of votes, as appears by the poll-books produced, this Board hereby declares the following gentlemen duly elected Trustees for the year according to law, viz.:—

D. A. McDonald, for the First Ward; Dr. Hourigan, for the Second Ward; R. W. Muncaster, for the Third Ward, and Joseph Griffin, for the Fourth Ward.—Carried.

The meeting then adjourned.

At eight o'clock, the new Board met for organization.

Present, Messrs. Cahill, Lemay, Hourigan, Griffin, Muncaster and McDonald.

ORGANIZING.

The Chair was taken by the Secretary-Treasurer, who stated that the recently elected members had filed their declarations, and were consequently entitled to take their seats.

ELECTION OF CHAIRMAN.

Nominations for the position of the Chairman of the Board for the current year, were called for.

It was moved by Mr. LEMAY, seconded by Mr. MCDONALD,—That Mr. Cahill be Chairman of the Board for the current year.—Carried.

Mr. Lemay was nominated, but declined.

THE CHAIRMAN'S ADDRESS.

Mr. CAHILL, in taking the Chair, thanked the members of the Board for the honor conferred upon him. He assured them that he did not seek the position, and would prefer to see some other member of the Board elected Chairman, who would be better able to discharge the duties than himself. He hoped that the interest lately manifested in school matters would not immediately die out, but that it would be kept up throughout the year, by the Trustees at least, if not by the electors. He felt that the position of Trustee was an onerous, as well as an honorable one. The education of the children was in a great measure committed to their charge, and if they neglected their duties, the children would be neglected, which was a very serious matter to parents as well as the children. The Separate Schools laboured under some disadvantages, but he had no doubt if the matter was laid before the Legislature these difficulties would be at once removed. He thought the best way to bring this about would be to hold a convention of Separate School representatives in Toronto, during the next sitting of the Legislature and lay these matters before them. He complimented Mr. Kelly, the retiring Chairman, upon the efficient manner in which he discharged his duties, and promised on his part to discharge his duties to the best of his ability, without fear, favor, or affection.

SECRETARY-TREASURER.

Moved by Dr. HOURIGAN, seconded by Mr. GRIFFIN,—That Mr. John Corkery be reappointed Sec'y-Treas.—Carried.

AUDITORS.

Moved by Mr. GRIFFIN, seconded by Mr. MUNCASTER,—That Dr. Hourigan and H. LeBrun be Auditors.—Carried.

The minutes of last meeting were read and confirmed.

THE FINANCE STATEMENT.

The Secretary-Treasurer presented the abstract and detailed statement of the receipts and expenditures of the Board for the year ending December 31st, 1881, the abstract statement being as follows:—

RECEIPTS.

Balance in hand from last audit	$304 92
Town taxes, balance of 1880	934 71
County " "	33 68
Town taxes on account of 1881	470 82
County " "	94 05
Bills payable	1,808 00
Provincial Treasurer	274 00
Other sources	75
	$3,921 82

EXPENDITURES.

Salaries, balance of 1880	$ 825 00
Salaries on account for 1881	336 66
Bills payable	1750 00
Interest on discounts	19 22
Wood account	92 85
Janitors	9 85
Printing and stationary	17 58
Tax collection	12 62
Election expenses	4 00
Rent	45 00
Insurance	37 50
School prizes	20 00
Sundries	27 63
Balance in hands of Treasurer	223 91
	$3,921 82

The auditors, Dr. Hourigan and Mr. H. LeBrun, reported that they had examined the statement and vouchers, and found them correct.

MEETINGS.

Moved by Dr. HOURIGAN, seconded by Mr. MUNCASTER,—That the regular meeting of the Board be held on the first Thursday of each month, that the hour of meeting be 8 o'clock, if a quorum be not present at 8.15 that the members adjourn.—Carried.

The Board then adjourned.

Railway Notes.

Mr. Hogg, C.E., who has charge of the 'missing link' survey, is at the Caisse House.

Mr. J. C. Bailey, Chief Engineer of the Toronto and Ottawa Railway, is at the "Oriental."

Railway contractors, looking after the extension to Omemee are thicker than bees. Among them are Messrs. Row of Napanee, and Boyd of Yorkville.

On Thursday morning the Madoc train, while on its way to Belleville, ran off the track near Foxboro; a rail snapped by the frost was the cause. The baggage and smoking car were upended and rather badly damaged, and the passenger was thrown off and ran a considerable distance from the track, but did not upset. None of the passengers were injured in the least. The track was soon cleared and no delay resulted from the accident.

A number of the leading citizens of Port Perry interviewed Mr. E. B. Osler, President *pro tem* of the Toronto and Ottawa Railway at Toronto on Thursday. They endeavored to get the line changed so as to tap Port Perry, pointing out the advantages to be denied from such action. One of the speakers said that Port Perry would rank, next in importance to Peterborough on the through line, between the Dominion and Provincial capitals. Mr. Osler, in reply, stated that the line would be built with two objects in view—to have it as short and direct as possible, and to tap the most important points on the way. He felt convinced that the line would run through Port Perry, and he would give them an answer as soon as the final surveys were finished.

The Bobcaygeon *Independent* says that Mr Howson, as Reeve, has received a letter from Mr. Cox, President of the Midland Railway, in which he gives the assurance that as soon as his company has obtained Parliamentary powers legalizing the amalgamation, the company will be quite ready to carry out the arrangement suggested by Mr. Cox for the construction of the Bobcaygeon branch. That suggestion was that the municipalities and persons interested should purchase the right of way and grade the road, and the Midland would then furnish all material, lay the rails, and work the line. This is all we can reasonably expect. It is noticeable that the Midland Railway are now advertising for tenders for the construction of the Peterborough and Omemee link.

The "Two Orphans."

The beautiful and touching play of the "Two Orphans" is not by any means unknown to our readers, as it has been played here on several occasions, but never, as every person will agree with us, with such attention to details as played by the Madison Square Company at Bradburn's Hall last evening. From what we had previously heard of the company we expected a treat, and we must say that our expectations were more than realized. As presented by this company, the play differs in many respects from the renditions of it which we have formerly seen and the changes were all for the better. The company is a good one and all the parts were well taken. The costumes were the best and most appropriate we have ever seen in Peterborough and tended not a little to the success of the play. The young, beautiful and accomplished Miss Helen E. Jennings as the blind girl *Louise*, pourtrayed the difficult part to perfection and at once gained the sympathy of the audience. Miss Mamie Wallace as *Henriette* acted her part well. Miss Florence Vincent, an old Peterborough favourite, as *La Frochard* the heartless old hag, in the opinion of many carried off the honors, and certainly she fully sustained her reputation as a finished actress. *Pierre* the cripple and *Jacques* the outlaw, were well rendered by Messrs. Henley and Williams respectively. *Marianne, Sister Genevieve* and *Picard* are also worthy of notice. As we said before, the parts were all well played, and we have only mentioned a few of the principal characters. The audience, we regret to say, was rather small, and, taking the great merit of the company into consideration, the hall should have been packed. This evening, by special request, the "Two Orphans" will be repeated, and those who missed the opportunity of witnessing it last evening should not fail to be present. On Monday evening Bulwer's great play, in five acts, "The Lady of Lyons," will be placed on the boards, and will no doubt draw a full house.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

A Fine Orchestra.

It was a great surprise for the music loving people of Peterborough to hear the new Orchestra in connection with the Fire Brigade Band, play at the Opera House on Friday evening, on the occasion of the rendering of "The Two Orphans," by the Madison Square Combination Company. It is composed of six pieces, first and second violin, cornet, piccilo, double bass violin, and trombone, and is under the leadership of Mr. A. Freeman, a young but promising musician. Their opening piece, an overture, was rendered in a manner that elicited applause from the whole audience, the solo parts being especially well rendered. The men are all apparently master of their instruments, and we bespeak for them a glowing and prosperous future in Peterborough.

The Pay List.

The regular fortnightly pay list for street and bridge work, presented to the Town Treasurer on Friday, amounted to $455.23, including $331.80 for lumber to the Dickson estate and $82.33 for cedars to Mr. George Hilliard.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Dr. Kincaid.

Although the Doctor was worse this morning, we are pleased to state that just before going to press, his medical attendant informed us that he is now considerably better.

BOBCAYGEON.

OBSERVE.—The *Independent* says that Mr. Seth Green announces that anyone sending 50 cents to his address, Rochester, N. Y., will receive from 300 to 500 eggs of the California mountain trout for experiment in fish culture. The species are very hardy and easily raised in comparison with the Eastern brook trout. It would be well for those of our back country friends who have creeks running through their land to send fifty cents to Seth Green. It is worth trying.

Sensible Advice.

You are asked every day through the columns of newspapers and by your druggist to use something for your Dyspepsia and Liver Complaint that you know nothing about, you get discouraged spending money with but little success. Now to give you satisfactory proof that Green's August Flower will cure you of Dyspepsia and Liver Complaint with all its effects, such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heart-burn, Waterbrash, Fullness at the pit of the stomach, Yellow Skin, Coated Tongue, Indigestion, Swimming of the Head, Low Spirits, &c., we ask you to go to your druggist and get a sample bottle of Green's August Flower for 10 cents and try it, or a regular size for 75 cents. Two doses will relieve you. 2dlw-ly

Mothers! Mothers!

Are you disturbed at night or broke of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and gives rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases and pleasant to the taste, and is the prescription of one of the oldest and best female physicians, and nurses in the United States. Sold everywhere. 25 cents a bottle. d52w9

Statistics of Lunatic Asylums show that nine-tenths of their patients are brought to their condition by abuses of their generative organs. A great Brain and Nervous food, known as Mack's Magnetic Medicine, is sold by our druggists, and comes highly recommended as an unfailing cure in all these diseases. See the advertisement in another column.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

TELEGRAPHIC!

TORONTO, Jan. 5.—A number of prominent officials of the Midland Railway are in the city. The are all responsible looking men, and, of course, all wear Peterborough Suits from T. DOLAN & CO's.

OTTAWA, 4.—A Well-known M. P. from the West is at the Russell House. His Scotch Tweed Suit from T. DOLAN & CO'S, Peterborough, is particularly nobby.

HALIBURTON, 5.—A large case of goods broke down the strongest waggon in the village. The case was filled with clothing from DOLAN'S, of Peterborough.

WINNIPEG, 6.—Several Peterborough speculators arrived in the city to-day. They are all well equipped with money, and are particularly noticeable for stylish suits made for them by T. DOLAN & CO., of Peterborough, Ont.

MADOC, 4.—A surveying party of the Toronto and Ottawa Railway passed through here yesterday. They report stormy weather, but set the frost at defiance, having purchased their outfit of heavy clothing from DOLAN & CO., of Peterborough.

NEW YORK, 5.—A good-looking stranger is held here by the police, supposed to have been concerned in a recent elopement. He is evidently a Canadian, his beaver overcoat having been made by THOMAS DOLAN & CO., of Peterborough.

(The wires are down to the east, which accounts for briefness of above telegraphic news.)

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.) THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Daily Evening Review

MONDAY, JANUARY 9, 1882.

CANADIAN TELEGRAMS.

FARNHAM, QUE.

Special to the Review, Jan. 9.

MR. DONOGHUE was re-elected Mayor by acclamation.

MILTON.

Special to the Review, Jan. 9.

A TUBE in the boiler of engine No. 643, drawing No. 12 freight train burst, breaking a piece of the crown plate, and severely scalding the driver named Prentice, the fireman named Garvin and a brakeman, who's name is unknown. The officials refuse to furnish any information.

ST. THOMAS.

Special to the Review, Jan. 9.

LAST EVENING about half past seven a fire broke out in the third story of Maher and Clarke's cigar factory. The firemen were promptly on hand and extinguished the flames before much damage had been done to the building. Maher and Clarke's stock is badly damaged by water and smoke. Insured for $1,300 in the Norwich Union.

ESSEX CENTRE.

Special to the Review Jan. 9.

EARLY ON SUNDAY morning, some burglars entered Nathan G. Storey's drug store, and succeeded in blowing open an iron safe, and extracting therefrom money and jewellery to the amount of twelve hundred dollars. The burglars bored a hole in the top of the safe about the size of a pea, and evidently used nitro-glycerene to accomplish their purpose. The concussion blew ont the whole of the front windows and sashes, and shook down many large bottles of drugs, The actual loss is estimated at fifteen hundred dollars. An iron cash box which contained sixty dollars in gold was found empty about a mile west of here on the C. S. R. track. A drawer from the safe was blown to pieces. A few gold rings and a pocket book containing some notes were found on Monday morning under Green's grain warehouse and were restored to the owner. The burglars were traced as far as Trenton. The fellows used a hand car as far as Amherstburg and then threw it off the track. There is a first-class detective, we believe working up the case. Considerable excitement prevails over the occurrence. On the the same night A. G. Green, grain, produce and commission merchant, had his safe, which is kept in his warehouse, blown open, it is presumed by the same gang. A draft for sixteen hundred dollars was partly destroyed, but as there was no money in the safe, the thieves in this case had a bootless task.

MIDNIGHT TELEGRAMS

CABLE.

THE FRENCH ELECTIONS.

LONDON, Jan. 8.—The French senatorial elections were held to-day. Sixty-four Republicans and fifteen Conservatives were elected. The Republicans gain 22 seats. The national Republican majority will henceforth be impregnable, and a revision of the constitution will be unnecessary.

ANGLO-FRENCH INTERESTS.

CAIRO, Jan. 7.—The English and French consuls-general have received from their governments a collective note explaining in unmistakable terms that England and France, who placed the Khedive on his throne, are determined to maintain his authority against any attempts to create disorder. The consuls proceeded to the palace this afternoon to communicate the note to the Khedive. It is directed chiefly chiefly against Turkish interference.

ARREST OF COMMUNISTS.

PARIS, Jan. 7.—While a procession of 400 persons was proceeding to Pere la Chaise cemetery to-day to commemorate the death of M. Blanqui, some of those in line become demonstrative and the police interfered. Twenty-three were arrested including Louise Michel. A pistol was fired in the crowd, but without result, and the procession shortly afterwards dispersed. Twenty persons were wounded in the *melee* between the police and the Blanqui processionists.

THE JEANNETTE.

ST. PETERSBURG, Jan. 7.—M. Salukowsky, who went in search of the Jeannette, reports that on August 9th an American schooner, having aboard the captain of the stranded whaler, joined the steamer Rodgers in Providence Bay. The captain stated that he had seen a boat containing a corpse, silver spoons, and other articles marked Jeannette. The boat had been cast upon Herald Island. The commander of the Rodgers resolved to proceed thither. He anticipated wintering there, and, aided by dogs purchased at Kamschatka, organizing parties to make a thorough search of the island.

A GRAVE SITUATION.

BERLIN, Jan. 7.—Since the parliamentary conflict twenty years ago so deep and universal a sensation has never been created as by the Emperor's rescript. The gravity of the situation is patent to everybody. The influential press at Vienna condemn the Emperor William's decree. In Paris the Emperor's rescript is described as a *coup d'etat*.

THE MARSEILLES RIOT.

AEX, Jan. 7.—An Italian concerned in the disturbances at Marseilles in June, on the occasion of the return of French troops from Tunis, has been condemned to ten years' imprisonment and ten years' supervision. Two others have been sentenced to five years' imprisonment and five years' police supervision, another to five years' imprisonment, and two more to six months' imprisonment.

THE ELECTIONS.

PARIS, Jan. 7.—The Senatorial elections are likely to have an immense influence on the political future of France. Nevertheless, they aroused very little interest either in Paris or in the provinces, and created no excitement. The results had in most places been discounted, and it was a moral certainty that the Republican party would wrest a large number of seats from their opponents. Of 77—the elections for which the returns are complete—the Republican party have carried 55, winning so far 31 seats. The chief features of the struggle are the election of M. de Freycinet in three places, the departments of the Seine. Both of these events, but especially the latter, are significant, and bode little good to M. Gambetta.

GENERAL IGNATIEFF.

ST. PETERSBURG, Jan. 7.—The intrigue which was being hatched at Gatchina has received an unexpected solution by the revelations of Gen. Tcherevene, whom Samosky tried to assassinate. Count Ignatieff joined with the functions of Minister of the Interior those of Chief of the *gen d'armes*. In other words, he was director of the police of the whole Empire. In this quality General Tcherevene was his adjoint, as he had already been that of Count Loris Melikoff. The detractors of Ignatieff, at the place where Tcherevene had charge of the personal safety of the Emperor, aimed at the dismissal of Ignatieff, and the division of the position which the latter occupies between two adjoints. The forced retirement of General Tcherevene crushed the whole plot, and demonstrates the real influence of Ignatieff, who is now more powerful than ever.

AMERICAN.

BURNED TO DEATH.

ROCHESTER, Jan. 7.—A coloured man known as Judge Hall was burned to death in a shanty at Sodus Point last night.

ANOTHER FIRE.

HASBROOK, N. Y., Jan. 7.—Cooper & Co's grist mill has been burned. Loss, $35,000.

GUITEAU'S TRIAL.

WASHINGTON, Jan. 7.—At the Guiteau trial to-day every seat was occupied. An animated colloquy between Reid and Guiteau was emphasized by the prisoner by blows with his feet on the dock rail. The judge suggested that there was no necessity for keeping the jury in to-day. The jury, however, expressed a desire to remain. Davidge opened the arguments upon the legal points and was followed with close attention.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does the grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

MILITARY AND POLICE.

CORK, Jan. 9.—A large force of police and military proceeded to Mill street last night, it it is supposed they will make arrests on a large scale. Several persons have already been arrested. There is great excitement. It is said the authorities are acting on information from Connoll, arrested for having arms in a proscribed district, who turned informer.

RELEASING PARNELL.

LONDON, Jan. 9.—Friends are endeavouring to secure Parnell's release before the opening of Parliament. It is believed the Government are considering the matter.

AMERICAN.

OPERATIONS COMMENCED.

SARATOGA, Jan. 9.—Tassenger trains commenced running to-day on a section of Burt's new railroad, between Saratoga Springs and Schylerville.

AN ACTORS DEATH.

NEW YORK, Jan. 9.—Piercy, the well-known actor, died of small pox this morning. He was taken ill while supporting Booth.

A RESPITE FOR GUITEAU.

NEW YORK, Jan. 9.—A Washington special despatch to the *World* says that distinguished legal authority says that there is a statute in this distict, that sentence of death shall not be cuted until 30 days after the beginning of the next term of the Court succeeding that at which sentence was pronounced. This would throw the hanging of Guiteau over until May, even if the jury, this week, finds him guilty, and the judge sentences him to death.

LAND FRAUDS.

NEW YORK, Jan. 9.—A Washington special despatch to the *Times* says that representative Belroed, who introduced a bill establishing a bureau of mines at Dalso Bares, Minnesota, and a bureau of labor statistics in the interior department, said that many thousand acres of public lands in Minnesota have been located for purely speculative purposes, under the law which allows claims to be taken only for actual settlement. He said that the provisions of the law had been utterly ignored. It is reported that the crews of vessels landing at Duluth, from the lake, have been used to locate claims, on which no improvements have been made, and that on the border adjoining the Dominion of Canada, land is being taken by persons not citizens of the United States. A special agent will soon be sent to Minnesota to investigate the matter, as the working force of the land office is inadequate to prevent frauds.

APPOINTING COMMITTEES.

NEW YORK, Jan. 9.—A Washington despatch to the *Sun* says that representative Bayne states that the resolution to take the appointment of committees out of the hands of the Speaker and to vest it in the House would be supported by the majority of the Republican members and would be adopted if the Democrats did not vote solidly against it.

WHAT SHE COST HIM.

NEW HAVEN, Jan. 9.—A Chinese student recalled home last May has been beheaded for persisting in his devotions to a young American lady here.

MORMON LEGISTATORS.

NEW YORK, Jan. 9.—A Washington special despatch to the *Tribune* says that a paper just filed with the President states that of 36 members of the general assembly of Utah paid out of the treasury of the United States, thirty-two are high officers of the mormon Church and 28 are living in polygamy

BANK TAXATION.

WASHINGTON, Jan. 9.—Representative Buckner will to-day introduce a bill providing for the retirement of greenbacks and National Bank notes and the substitution therefor of Treasury notes. The Bill repeals the taxes on deposits and capital stock of banks not issuing circulating notes, and also repeals the tax on bank checks.

FREE CANALS.

NEW YORK, Jan. 9.—The *Herald's* Albany despatch says that several Senators and twenty Assemblymen have expressed themselves positively in favor of the free canal proposition and two Senators and eight Assemblymen have declared against it.

Further Particulars.

LONDON, Jan. 6.—The meeting at the Mansion House to-day was an important as well as a well planned affort to revive the Property Defene movement, which languished because of suspicion of partizan aims in connection with it. The great feature of the meeting was the speech of Mr. Morley. Upon moving his resolution he said with reference to the plans for importing the principles of the Land League into England, that they showed that the people should support the preperty defence movement, if only for self-preservation. He made a strong appeal against allowing party feeling to militate against an effort to combat the abomination. The small amount of subscription thus far received, he knew, was discouraging. "If," said he, "you could only obtain £50,000, the work would be finished in half a year." He announced that he would himself subscribe £200. An executive committee was appointed comprising the Lord Mayor, Duke of Westminster, Marquis of Stafford, Lord Cairns, Sir John Lubbock, Mr. Morley, and others.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

A. L. Davis & Co.

Daily Evening Review

MONDAY, JANUARY 9, 1882.

A BOOMING REVENUE—A PROSPEROUS COUNTRY.

WHATEVER room there may be for difference of opinion as to the relative merits of particular tariffs under certain circumstances, and their effect upon the business and prosperity of a country, we presume that it will not be disputed by anyone that an increase of customs revenue, under the same tariff and in the same country, can only accrue from either increased population, increased consumption per capita, or decreased production, or from any or all of these combined.

Neither do we think, will it be disputed that during the last two years the importations of various kinds of goods into Canada, has largely increased under the same and existing tariff, and that during same period the home production of many of the articles usually imported has also largely increased. If this be so, then we think it is equally clear that the consumptive demand has largely increased and that this increased consumption can only be caused by one of two things, or by both of those combined, namely: increased consumption per capita, which is an unmistakable evidence of increased prosperity, or increased population, which in a young country like Canada is also an unmistakable evidence of prosperity.

So much is being said just now about the increased taxation which the people are being called upon to pay under the existing tariff, that we may be pardoned for dealing at some length with this aspect of the question, which one would think ought to be apparent to every one. It will be remembered that only little more than a year ago the present tariff was pronounced a failure, because it did not, during the first twelve months of its existance, produce the amount that its opponents claimed had been estimated, and which was required to meet the expenditure of that particular year. Then, they were particularly anxious to make out a deficiency, and upon that ground declare it a failure. Now, however, their tune is changed. There is a surplus, and now it is just as bad to have a surplus as it was to have a deficiency eighteen months ago. It is a crime to impose such a rate of customs taxation as will produce a surplus, and the people are being oppressed and impoverished thereby. It may be so, but we must confess we cannot see it. The rate of taxation is precisely the same now as it was two years, or two years and a half ago. A yard of cotton, a yard of cloth, a pound of tea, or whatever it may be pays the same duty now as it did then, and the only reason why the revenue has increased, is because we as a people have been importing more, notwithstanding increased home production, and therefore consuming more during the last twelve months that we did during the preceding twelve. As we have already pointed out, whether this increased consumption proceed from increased consumption per capita, or from increased population, it indicates, in a country like Canada, increased prosperity. Our opinion is, that while it proceeds chiefly from the first named cause yet that both are producing it.

Without entering into any argument to prove the correctness of this opinion, we may point out that if it be conceded that the consumption of the people per capita has increased to any extent, it must also be conceded that they are better off than they were during during the preceding twelve months. If a man drinks tea three times a day in 1881, instead of only twice a day as in 1880, he will of course have contributed more to the revenue of the country in 1881 than he did in 1880, but notwithstanding that, we claim that the larger taxation of 1881 was less burdensome to this man than that of 1880, because in 1881, he was able to afford that which he could not in 1880, and the same principle applies to every article of consumption so far as the great mass of the people are concerned. Had importations decreased instead of increased it is obvious that the per capita rate of customs taxation would have decreased, but, unless it could be shown that the decreased importations were caused, and more than counter balanced by increased home production, such a reduction would have been the best possible evidence that the people of the country were not in as prosperous a condition as they were, and that they were obliged to curtail consumption because they could not obtain the where-withal to buy those things which they consume when they have the means.

Such was the result during the bad times of 1876-7-8. The rate of customs taxation per head was lowered only because the people could not afford to pay more, and that which was then obtained was, although nominally less than to-day, really much more, because the first was taken out of their necessities while the present is taken out of their abundance. In fact the customs revenue of a country is, except in exceptional circumstances, a very fair index of the financial position and earning power of its people. When the revenue is increasing the people are prosperous, when it is decreasing, "hard times" are invariably pinching them in some quarter, and then, and not when the revenue is booming is the time, if the necessities of the people as individuals are to be considered, to reduce the tariff.

In our opinion the true policy in a country like Canada, is to keep up the tariff during prosperous times, and thereby aid in repressing unnecessary extravagance, and without adding to our debt and the burdens to be borne during "hard times," obtain money for carrying on those public improvements which are necessary and desirable in the interest of the country, and the execution of which will enable us the better to meet commercial depression when it does come.

BADLY SAT ON.

The Board of Trade Pronounces F. C. Capreol's Canal Scheme a thing of the Past.

It would seem that the venerable F. C. Capreol is meeting with no further encouragement in his pet Huron and Ontario ship canal scheme as he grows older. Mr. Capreol recently applied to the Ontario Government for assistance. Before promising anything, Mr. Mowat wanted to learn the opinion of the Board of Trade and other commercial bodies as to the desirability of constructing the canal and whether it would afford special advantages as a means of transportation. Mr. Capreol succeeded in getting a meeting of the board called for Friday afternoon to consider the matter.

There was a bare quorum of members present, viz: W. B. Hamilton, president; G. M. Rose, vice-president; John Gillespie, secretary; J. G. Worts, A. M. Smith, W. C. Proctor, F. O. Anderson, G. B. Smith, John Cosgrove, Wilmot D. Matthews, Wm. Ince, Barlow Cumberland, G. A. Chapman, Hugh Blain. The president called the meeting on the requisition of fifteen members, only four of whom put in an appearance. Mr. Worts characterized this as discourteous to the board, and said not one of those who signed the requisition knew anything about transportation. He said the scheme was exploded, that canals in general were a failure, and that railways were the best common carrier. G. B. Smith said he signed the requisition because he was asked to do so, but he said it contained the names of men who differed from Mr. Worts and knew something about transportation too. Mr. Capreol then addressed the meeting in his characteristic way. He rambled in his remarks, raised his voice to a high pitch at times, and got mixed up generally, being finally called to order. In reply to Mr. Worts, Mr. Gillespie said it was the right of any member to put his name on a requisition for a meeting without being called to account for it. He said it would be a good thing for the country if five million acres of land were opened up in constructing the canal, even if the canal were devoid of benefit. Mr. Worts thought the land could be settled in a better way than that. Mr. Chapman deemed the canal a thing of the past and moved the following resolution:—

Owing to the great improvement of the conveying facilities of railways during the past few years, this meeting considers the proposed Huron and Ontario ship canal a thing of the past and can offer no opinion favorable to the commendation of the same to the Hon. O. Mowat.

The motion was seconded by Mr. Elliott who, however, preferred to see it in mild terms out of regard to Mr. Capreol's feelings. "Oh, you can't hurt my feelings," said that venerable gentleman, "I'm too proud." A. M. Smith said he had spent time and money on the scheme, and had come to the conclusion that it was no good. Mr. Capreol wanted someone to move an amendment, but there was none forthcoming, and the resolution was adopted without a dissenting voice.—*World.*

The Leader of the Opposition.

Mr. Blake has not increased his reputation or strengthened his position as a party leader by his oratorical efforts at West Northumberland. His "shirt-tail" references were extremely vulgar, and should never have fallen from a leader's lips. But worse sin of all was his contemptuous remark about Sir Charles Tupper's "trappings of office and knighthood." I have no particular admiration for those honors and distinctions, but if I were the leader, or even a prominent member of a political party aspiring to office and professing loyalty to the British Crown, it certainly would not occur to me that I should speak in contempt of honors conferred by the Queen. It was quite open to Mr. Blake to raise the question as to whether Sir Charles Tupper had won the honor—had he chosen to be simply and offensively personal—but to scoff at the honor itself was, in a political leader, a thrust at her who is the fountain of honor. And did Mr. Blake forget all about Sir Richard Cartwright, and Sir Albert Smith, and Sir William Howland?—*Spectator.*

From "The N. Y. Times."

Editors Times:—Seeing an article in your paper last week from Arnold Parker, I was impressed with the earnestness with which he appeals to you to continue to enlighten the world in regard to the means by which he was so miraculously cured of rheumatism and hip-joint lameness by using Kendall's Spavin Cure. The article to which he alludes by Dr. Bates, impressed me so favorably with the real merits of this remedy that I tried it also for several blemishes on my horses and found it the most perfect cure I ever tried for spavins and other blemishes, as it completely removes the enlargement in every instance by continuing its use for several days after the lameness had subsided. The perfect success I have always had with Kendall's Spavin Cure led me to use it on my own person, and for all the family with the very best results as a family liniment. While several of the cures made with it have been almost miraculous, none have been more satisfactory than several cures which I made with it of foot-rot and also sore teats as well as warts on teats of cows. I consider it a *sure cure* for sore teats or foot-rot in either cows or sheep. With the satisfaction this remedy has always given in every instance, I cannot refrain asking with my friend Parker that you continue to make known to the world this, the grandest discovery of the nineteenth century.

Your truly,
JAMES A. CAMPBELL.

Herkimer, N. Y., Sept. 10th, 1881.

The above letter, with one published last week, encourages us in our efforts to make our paper one of the most valuable journals in the country and to all our patrons, and we now ask others of our readers who have been alike benefited by the letter published one year ago from Dr. Bates that they sent us for publication, statements which they may wish to make for the benefit of others.—[Ed.]

OF

DRY GOODS

AT

WM. FAIRWEATHER & CO'S.

DRY GOODS! $30,000 MILLINERY!

CLOTHING!

To be Sold Regardless of Cost! Whole Stock is to be Sold Without Reserve.

TERMS STRICTLY CASH.

WM. FAIRWEATHER & CO.

The Trout and the Minks.

Since the decline in the price of mink furs, these animals have been but little sought for or trapped, and the result is that they have increased to such an extent as to seriously impair the trout fishing, and in some of the smaller ponds and streams stocked with this fine fish they have been entirely caught out and exterminated by the minks. Mr. Geo. Wright, of this county, has this season caught nine of these pests in the streams in this vicinity, the largest of which weighed three and a quarter pounds and measured 27 inches from tip to tip.—*Hartford Courant, Jan. 2.*

WHERE IGNORANCE IS BLISS 'TIS FOLLY TO BE WISE.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

New Advertisements.

NOTICE TO CONTRACTORS.

RE-LETTING.

SEALED TENDERS addressed to the undersigned will be received at this Office until WEDNESDAY, the 18th instant, at noon, for the completion of the work remaining to be done at Greece's Point, towards the enlargement of the lower entrance of the Grenville canal.

Plans and specifications can be seen at the Office of the Superintending Engineer, Ottawa, or that of the Resident Engineer at Grenville.

Each tender must be accompanied by an *accepted* cheque for the sum of one thousand dollars ($1,000), made payable to the order of the Honorable the Minister of Railways and Canals, which will be forfeited if the party decline to enter into a contract when called upon to do so. If the tender be not accepted, the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

F. BRAUN,
Secretary.

Dept. of Railways and Canals, Ottawa, 4th January, 1882. d7-2aw-3t2

Little Lake Cemetery Com'y.

PUBLIC NOTICE

Is hereby given, that in accordance with the Statute in that behalf, the

ANNUAL MEETING

Of the Shareholders of the Little Lake Cemetery Company will be held

In the Council Chamber

Of the Town of Peterborough, on MONDAY, the

16th DAY OF JANUARY, 1882,

at 12 o'clock, noon, for the purpose of electing Directors of the said Company for the ensuing year: for receiving the report to be submitted by the out-going Directors, and such other business, and matters as may be brought before the said meeting.

JAS. EDWARDS,
Secy.-Treas.

Peterborough, Jan. 6th, 1881. 8d5

(*Examiner and Times please copy.*)

TO BUILDERS.

TENDERS will be received by the undersigned till 4 p.m. on FRIDAY, 20TH INSTANT, for the erection of

A HOTEL IN ASHBURNHAM,

FOR C. YOUNG, ESQ.

RANNEY & BLACKWELL,
Architects.

6d4

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Secretary.

Address or call upon DANIEL F. BEATTY, Washington, N.J.

The Best Field
FOR
EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

For pamphlet and maps, descriptive of country, its resources, climate, route of travel, rates and full information, address

A. L. STOKES,

Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw52

WHAT IS A KISS.

A Vexed Question Answered by an Army of Rhymers and Epigrammatists.

The puzzle editor of London *Truth* recently offered a prize for the best brief definition of a kiss. An immense number of answers were received and many of them published. The following list, containing the best of them, making interesting reading:—

A language all can understand,
In any age and any land.

A harmony in red (Grosvenor Gallery).

A kiss is a declaration of love by deed of mouth.

My definition's a commercial one,
A bill presented, and a stamp thereon.

The very-fashionable sealskin.

The right of a mother.
The toy of a flirt,
The hope of a lover,
The true one's desert.

Kisses are moths that steal from out the night,
Flutter awhile, and perish in the light.

A speechless token
Of things so sweet
They can't be spoken.

A kiss is merely a contraction of the orbicularis oris muscle.

Love's proof impression taken both before
And after letters, oddly, too, the more
The print's repeated, the impression's strong,
And the true artist's effects last longer.

A monosyllable form of communication composed only of labials, frequently used as a conjunction although an article, more common than proper.

A free press.

Child and mother's fond delight,
Lover's draught of sweetest bliss;
Woman's veil of keenest spite.

A. KISS.

A popular abridgement of an old story, which, while judiciously curtailing the more involved passages of the narative, robs it of none of its eloquence and manages to preserve the author's meaning.

If fit material for a kiss you seek
You need but two lips and little cheek.

The key which opens the fatal door
To thoughts unknown, unguessed before;
But whether 'tis for weal or woe
Those e'en who use it do not know.

Two pairs of lips and a couple of fools,
A kiss to be sweet must be under the nose,
But sweeter by far when 'tis under the rose.

The soft touch of a mother's lips on a sleeping infant's brow;
The impress warm, on a rosy mouth, that seals a lover's vow;
In joy or sorrow love's token sweet, when tongues no word can speak;
Affection's last fond tribute presse'd on the chill and changeless cheek.

Sir, kisses are many, and hard to define—
Some skim milk and water—some maddening wine;
But a kiss defined singly, by Venus' dove;
Should be the first clasp of strong fetters of love.

The best definition of a kiss?
Why barely, two mouthfuls of bliss.

It may mean little, it oft means much,
And oftener nothing at all;
And it's always off as soon as it's on,
And it's never the same to all.

What part of speech is it? A noun some say.
Common and proper, yet no speech it hath,
Nor is it e'er apart. It takes away
The breath, so that we "tell it not in Gath."
Noun it may be, yet is its leading function
To lead the lips to form a sweet conjunction.

A GOOD STORY OF THE IRISH RENT STRIKE.

The following story was told to the correspondent of the Leeds *Mercury* by a sea captain, the son of an Irish landlord: "When I got home last August I found things in a fearful state. My father, more than 80; and bedridden, was crying all day long, saying he was ruined and that his children would be killed, and my sister, who was nursing him, was broken down with grief. They could not pay the doctor's bills; they had hardly money enough to find food or medicine for the poor old man; and this where there had always been nearly two thousand a year coming in. Not a penny of rent had they touched for eighteen months. Now I knew that the chief tenant could pay without any difficulty, so I slipped a revolver into my pocket and walked down to the public house. I found my man there. I ordered my glass and sat down, none of them knowing me, After a while I said, 'Do any of you boys know what's the state of things up at the house?' They started, but said nothing; so then I up and told them the truth. 'Faith, it's Captain Jack!' said one, who recognized me then—the very man that I was after. 'Yes, Tim, my boy, it's Captain Jack, and he's come for the rent you owe his father.' They looked as though they thought I was clean mad, and one of them laughed. I wheeled round upon him and said: 'And it's because your master and his daughter are dying of hunger that ye laugh, is it?' But the others all told him that he ought to be ashamed of himself, only—they couldn't pay the rent. 'Well, but boys,' I said, 'that's what I've come for, and I going to have it. It's my father's life or your money, and you can't suppose that I am going to sit still when I know you can pay and ought to pay. Now, Tim, I mean to have your check before I leave this room!' And I pulled my revolver out of my pocket and laid it on the table. There wasn't a man moved. I said nothing, but I took the revolver up and cocked it. Tim turned as white as a sheet. 'Well,' said he, 'I didn't know things was as bad as ye say, Captain Jack, or maybe I'd have paid before. Ye shall have your check, anyways, but, for goodness' sake, put that thing by.' 'All right,' said I; 'it'll be put by when I've got the check.' And five minutes afterward I went home with the three hundred in my pocket and the revolver, too, which had never been loaded."

A Princely Swabber,

Lieut. Glyn and the young Prince Leiningen had been sent from the "Britannia," with gunboats, to make a bridge of boats between Guirgevo and Rustchuk, for the passage of the allied armies in the event of its proving advisable to attack the the Russian army in Wallachia. The last time I had seen Prince Leiningen was when I went, one afternoon, with Lord Stratford to dine with Admiral Sir James Dundas on board the "Britannia." On reaching the ship we heard one of the officers call out in a tone of no great respect, "Come, come, Prince, this will never do—you must have that deck better swabbed." "The words Prince and swabbed do not seem to go well together" said Lord Stratford to the Admiral, who advanced to receive him: "Who is the Prince?" "The Prince of Leiningen, the Queen's nephew," replied Sir James Dundas. "whom I do myself the honor of presenting to Your Excellency." A shy-looking Midshipman approached at a signal from the Admiral and bowed to the Ambassador, who said he was delighted to see him, and hoped to have the honor of his company at dinner next day at the Embassy. He said this in a loud voice, so as to be heard by the officer who had dared to address a near relative of Her Majesty with so little ceremony; and then he turned around and scowled at the presumptuous culprit.—*Temple Bar.*

THE DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

FROM ALL OVER.

HENRY BRAY, of Evelyn, has been fined $5 and costs for allowing dice to be thrown in his store for turkeys, etc. It is a violation of the Gambling Act.

MITCHELL HADWIN, formerly of Huron county, who killed George Adams, also a Huron man, some time ago in Dakota, has been found guilty and sentenced to be hanged.

A DIARY states that New Year's day in Montreal, 1876, was a May-like day; no snow; streets muddy; showers during the day and wet night; very few fires going in houses.

HAMILTON'S exports to the United States during December last, amounted to $91,381.35. Of live stock exported during the last three months of the year, 123 horses, 1,413 cattle, and 12,814 sheep.

HAVE HOPE.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

RIDGETOWN intends making a bid for the new county buildings for Kent, the erection of which, it is stated, cannot be much longer delayed. It is anticipated that the new buildings will cost from $30,000 to $40,000.

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

THE first winter mail *via* Parry Sound reached the Manitoulin Island on the 13th of December, having been fifteen days on the road. The trip might have been accomplished in three or four days at most.

IN San Francisco the grand scramble for appointments under the municipal officers has commenced, and one of them has already hung up the following sign in his office:—"Lady applicants for clerkships will please weep in the ante room, as the Recorder suffers greatly from damp feet."

A fireman of the Old Colony Railroad, Mr. George S. Morey, Cohasset, Mass., was cured of the most torturing case of rheumatism, from which he suffered more or less for fifteen years, by the use of St. Jacobs Oil. Two bottles restored him to perfect activity.

A GIRL graduated at the Ohio Agricultural College the other day and wrote an essay for the occasion. And the essay was not about "buried hopes" or "the seasons," or anything of the kind; it was about "the food of common birds," and was an entertaining and very excellent article.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carsen's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

MOURNING is going out of fashion in England. A widow's is the only bereavement that must, according to the canons of society, be symbolized by yards of crape and paramatta. All other degrees of grief for the departed can, it seems, be amply expressed by a band of black crape worn round the sleeve.

1—FREE OF COST.—All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of the Throat or Lungs—are requested to call at Taylor and Macdonald's Drug Store and get a trial bottle of Dr. King's New Discovery for Consumption, *free of cost*, which will show you what a regular dollar-size bottle will do.

A CHICAGO man visiting Cincinnati was being shown around by a citizen, who said, "Now let's go and see the Widows's Home." The Chicago man put his finger by the side of his nose and winked, and then he said, "Not much, Mary Ann. I saw a widow home once and it cost me $16,000. She sued me for breach of promise, and proved it on me. No sir, send the widows home in a hack.

1—FARMERS AND MECHANICS.—If you wish to avoid great danger and trouble, besides no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Exch.* Sold by Taylor & Macdonald.

A NEW point in convictions under the Canada Temperance Act is thus referred to by the Fredericktown *Capital*:—It is reported that in the case of Thomas Dunphy, convicted of a further violation of the Scott Act, and sentenced to two months' imprisonment, Judge Weldon has granted a rule *nisi* to remove the case into the Supreme Court, with a view to quash the conviction on the ground that the Act does not recognize a fourth offence as such; but that a party charged with an offence after having been convicted of a third offence, must be proceeded against and, if convicted, fined for a first offence. This simply means that for a fourth offence no heavier penalty can be imposed than for a first, and greatly less than for a second or third. What next?

WISTAR'S BALSAM OF WILD CHERRY, the great remedy for consumption. This well-known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure for coughs, colds, croup, bronchitis, influenxa, whooping cough, hoarseness, pains or soreness in the chest or side, bleeding at the lungs, liver complaint, etc. Beware of counterfeits! Remember that the genuine Wistar's Balsam of Wild Cherry has on the outside wrapper the signature of "I. Butts," and the printed name of the proprietors, "Seth W. Fowle & Son, Boston." All others are base imitations. Examine the wrapper carefully before purchasing. 50 cents and $1 a bottle. Sold by dealers generally.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another colmun.

For Sozodont all ladies cry,
And gentlemen, or high or low,
For nothing else that they can buy,
Will give the mouth its freshest glow—
Will keep the moutn so sound and white,
And make the breath a sweet delight.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

THE GREAT
GERMAN REMEDY.
FOR
RHEUMATISM,
Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,
Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

Directions in Eleven Languages.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

Sold by all druggists.

Lyman Sons & Co., Montreal, P. Q., Wholesale Agents. 1d 1wly

Daily Evening Review

MONDAY, JANUARY 9, 1882.

LOCAL AND MUNICIPAL.

How we Look.

The travelling correspondent of the Toronto *Canadian Sportsman* was in Peterborough recently, and thus speaks of the coming metropolis:—

"On arrival at Peterborough, I was agreeably surprised to find it vastly improved since my last visit some years ago. Buildings greeting the eye at every step that would be a credit to any city, plate glass fronts in the stores, and in fact a town having about it the air of material and abundant prosperity. Peterborough, as is well known, abounds in lovers of horse flesh, the well bred steppers on the streets amply testifying to that fact. This letter already exceeds the limits intended, and it would be utterly impossible for lack of space to attempt a description of the many animals really worthy of mention. Without, I hope being considered invidious, I must just mention Mr. H. Winch's trick horse, Tom, and the bay mare Maggie, bred by him, but now the property of his brother Fred. Tom or Tommy as he is familiarly and affectionately called by his owner, is a grey and can road his mile in three minutes or better. He is by Bumblebees, out of a Peter Pender mare by Tom Kimball. He has been raised and trained by his owner, and is the best trick horse ever raised in Canada without a doubt. On two, if not more, occasions Mr. Winch has given public exhibitions of his pet, once for the benefit of the Cricket Club, and on another occasion for the firemen's benefit, and both exhibitions proved an immense success financially and otherwise. I would like very much to describe a few of his antics for the benefit of your readers, but they must be left for another column, and a future date, as also must a description of the genial "Harry's" new stables, which are almost as perfectly arranged for convenience, etc., as stables could be. Maggie, mentioned above, is a bay mare, 5 years old by Clarion Chief, her dam by Tippo out of a Tom Kimball mare, and is half sister to Tariff. She is a lovely creature, symmetrically formed, and to a connoisseur of horse flesh, a perfect treat to look at. Although Maggie has not been handled, she shows a 3 minute gait, and as Mr. Henry Winch is going to work her a little the coming season, the writer expects to see her record away down below '50. If properly handled, she has every appearance of turning out as good a mare as Tariff proved himself horse. So mote it be.

The boat house of the Peterborough Rowing Club is a large one, situated on the Otonabee River, about a quarter of a mile from the centre of the town. It contains more boats than any other club boat house in Canada, and is fitted with every convenience for the use of the members, including gymnasium, bath rooms dressing rooms, etc. In addition to the above the club also owns a floating boat house, making it very convenient for those members who use shells etc.

Peterborough is to have this summer a handsome surburban hotel. This is to be built on a magnificent site of 70 acres, about 6 miles from town, on the borders of the Chemong lake. The opportunities afforded for shooting and fishing in this district are unrivalled, and there is no reason why, if properly managed, the new venture should not prove successful, as no better place can be found in Canada for a summer hotel. It will be owned by a stock company, principally composed of citizens of Peterborough. Lake Chemong is where the celebrated senior four oared crew of Peterborough usually practice, and it is the intention of the stock holders to build a boat house on the grounds for their exclusive accommodation. This water would be an admirable place for regatta purposes, as the course is straight, close to the shore, and the banks being considerably higher than the level of the lake would afford a splendid view of the entire course to the spectators. My letter is already too long, so I must quit. Remember in these running sketches, I can only give scraps of news, and those only as I 'catch them on the fly.'"

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

Ploughs.

Several Montreal parties are proposing to start a company with a capital of $100,000 for the manufacture of ploughs, etc., for the North West market. Why should not Mr. Peter Hamilton, or Messrs. J. Whyte & Co., go into this business? They have already proved their ability to make ploughs which cannot be beat. In fact they already have the great desideratum in such undertakings—experience.

Sneak Thieves.

We understand that these gentry are making their way inside our churchs as on last Sunday a gentleman who left his over-coat hanging in the porch of St. Paul's Church during the evening service, had a pair of gloves and a pocket handkerchief taken therefrom.

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

POLICE COURT.

PROJECTING SIGNS.

MONDAY, Jan. 9.—A large number of cases came up this morning, including no less than two of our city fathers, one at least of whom had a hand in framing the by-law. Some were fined a nominal sum and paid the costs, and some of the cases were withdrawn.

THE WILSON CASE.

John Wilson, was charged with fighting in a public place on the 1st day of March 1880.

Mr. D. W. Dumble appeared for the prisoner and on his behalf pleaded guilty.

The Magistrait said that the case was a very disgraceful one for all concerned and the prisoner might have been sent to the penitentiary for it, but as the information had been changed he would impose a fine of $10 and $10.85 costs.

Again.

The "Two Orphans" as presented by the Madison Square Company, last evening, was really better than on the first occasion. The house was rather slim, but was never the less a fair Saturday night house. This evening the company play the "Lady of Lyons" and we reccomend any of our readers who have not been there to go and we bespeak for them a treat. Doors open at 7 o'clock. Miss Jenning, plays *Pauline*.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Tele graph Company, are as follows:—Lakes—Fresh to strong westerly winds. Flurries of snow in some localities.

No. 1 Company.

The usual drill will take place on Wednesday instead of Tuesday evening this week. The armoury is heated and and is now very comfortable.

CAMPBELLFORD.

FIRE IN SEYMOUR.—The *Herald* says that the barns and stables of Mr. Jasper Locke, who resides on lot 18 in the 6th concession Seymour, were entirely destroyed by fire on Wednesday night, the 21st. ult. The buildings contained a large quantity of grain—about fourteen thousand bushels—besides a number of farm implements all of which are consumed. The loss is estimated at the large item of $6,000. Against this there is an insurance of only $600. The fire was not the effect of a spark falling from a pipe.

BUILDINGS ERECTED.—Counting large and small, brick and frame, mansion and shanty, there were twenty-seven new buildings erected last year. This means an increase of many hundreds of dollars to the material wealth of the village. Several other houses are partially built, and many more are in contemplation for next season's work. The live operations of last year cannot be expected the present year, notwithstanding a large number of dwellings must be put up to meet the continued demand.

A MAMMOTH PIG.—Mr. James Tripp, who resides on Lot 5 in the 10th concession of Brighton, killed a hog on the 23rd ult., the equal of which is not often heard of in this part of the country. The animal in question weighed 615 pounds, measured 6 feet 10 inches girth, and was two years old. Mr. Lawrance, of Norham, offered Mr. Tripp $50 for the pig. If any other pig is known to come up to the one mentioned, the owner will please favour us with an account of the same.

OMEMEE.

SEVERE ACCIDENT.—The *Herald* says that a few days ago Mr. James Laidley, of this village, who was in the act of doing some thing to a clock which was high up on the wall, met with a severe accident. He had placed a chair on the lounge, and then got upon the chair which toppled over, throwing him heavily to the floor, inflicting such injuries on one of the hip bones that he has since been confined to his bed, and Dr. Higinbotham, who was called in informs us that it will be some time before he can get around again.

A Christmas Card Table.

It was a happy thought to utilize Christmas cards in covering a table. Much thought will be required to arrange the cards, some under and some over, so as to give a sufficient variety, due preponderance of light and shade, and properly balanced spaces and coloring. The margins may be cut off, if preferred, and the Christmas good wishes in letterpress more hidden, in order to make space for additional cards. They are fastened on with gum, some cards requiring to be held down firmly, with a clean cloth, until they adhere tightly, as the grazed cards are frequently troublesome. Great care and cleanliness in using the gum is requisite, and the edges of the cards should be cut off round the edge of the table with a sharp pair of scissors, when the table is finished. It will need a day for drying in a cool room, and may then have a coat of gum, and then a second coat put on successively at intervals of two days. This treatment will preserve the cards, and, if the gum be clean and not too thick, will render the top as clear and transparent as a sheet of glass. The edges may be finished with ball fringe, or an embroidered valance fastened on with gold-headed nails The little table may be purchased at a low price with black and gold legs, and a plain pine top. Care should be taken to select a perfectly steady one, as the legs are sometimes unevenly cut.—*Girl's Own Paper.*

SORE THROAT.—Apply Hagyard's Yellow Oil and take inwardly—according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

MARK THIS.—Neither glanders, bots, inflammation of the lungs or bowels, stiff joints, ringbone or spavin, ever prove fatal or permanently injurious to a horse that gets Harvell's Condition Powders mixed with his feed. Mark this, and profit by it! These great specifics are sold everywhere.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

WHOOPING Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellows' Hypophosites. Whooping Cough is a nervous disease of so sympathetic a nature that a paroxysm may be produced in one susceptible by simply hearing the cough of another person. The above named treatment has been found singularly effective.

Sandwich Islanders in Swimming.

Our guide had arranged for an exhibition of the swimming powers of the natives, and upon our arrival we found several men on the side of the fall, where we took our sand, while upon the other bank stood six or seven dusky maidens. The water tumbles over a series of natural bridges commencing high up in the mountain range. The main fall is a sheet about twenty yards wide, and with other smaller streams falls into a circular basin beneath at a depth of at least 100 feet. A series of rude declivities have been cut by the natives to a depth of sixty or seventy feet, to enable visitors to witness their watery gambles. Our party were perfectly astonished at the way in which these Kanakas disported themselves in the water. Divested of all clothing, both men and women would dive into the basin or pool to the depth of thirty or forty feet. A coin thrown into the water would be brought up with the greatest rapidity. Some of the girls took up a position on a rock, which to judge by eye-measurement, was at least sixty feet high, and jumped into the basin with their bodies in a rigid position. Others again ascended to the top of the fall, and came down with the water in its decent. No small wonder, indeed, that the Kanakas are able to conquer the sharks, which they do by getting under their belly and ripping it open.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

TELEGRAPHIC!

TORONTO, Jan. 5.—A number of prominent officials of the Midland Railway are in the city. The are all responsible looking men, and, of course, all wear Peterborough Suits from T. DOLAN & CO's.

OTTAWA, 4.—A Well-known M. P. from the West is at the Russell House. His Scotch Tweed Suit from T. DOLAN & CO'S, Peterborough, is particularly nobby.

HALIBURTON, 5.—A large case of goods broke down the strongest waggon in the village. The case was filled with clothing from DOLAN'S, of Peterborough.

WINNIPEG, 6.—Several Peterborough speculators arrived in the city to-day. They are all well equipped with money, and are particularly noticeable for stylish suits made for them by T. DOLAN & CO., of Peterborough, Ont.

MADOC, 4.—A surveying party of the Toronto and Ottawa Railway passed through here yesterday. They report stormy weather, but set the frost at defiance, having purchased their outfit of heavy clothing from DOLAN & CO., of Peterborough.

NEW YORK, 5.—A good-looking stranger is held here by the police, supposed to have been concerned in a recent elopement. He is evidently a Canadian, his beaver overcoat having been made by THOMAS DOLAN & CO., of Peterborough.

(The wires are down to the east, which accounts for briefness of above telegraphic news.)

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

CITIZENS

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)
THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.
In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.
Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

NATIONAL PILLS SUGAR COATED. PURELY VEGETABLE

Highly recommended for **Billousness, Head-Ache, Constipation, Indigestion, Dizziness, Heartburn, Bad Breath, Loss of Appetite, Jaundice, Loss of Memory, Sour Stomach, Liver Complaint,** or any illness arising from the **Stomach, Bowels** or **Kidneys.** They are safe, mild and thorough in their action. From 1 to 3 pills is a dose.

Daily Evening Review

TUESDAY, JANUARY 10, 1882.

MIDNIGHT TELEGRAMS

CABLE.

THE JEANNETTE.

LONDON, Jan. 9.—The St. Petersburg correspondent of the New York *Herald* telegraphs as follows:—"Attach no importance to the canards sent from St. Petersburg to a news agency relative to a reported discovery of a boat with corpses and some spoons with the initial of the Jeannette on them. The affair referred to took place on the 10th of August. Nothing new whatever with reference to the Jeannette has been received by the Russian Government or by General Anoutchihie. The latter has again telegraphically requested that every scrap of information bearing on the subject should be communicated to him without delay. He received a reply to this message stating that he had been forwarded all the news so far gathered."

PROTECTION.

BERLIN, Jan. 9.—The Emperor's rescript is only a first step towards protecting the Government from becoming a mere instrument of parliamentary majorities.

A REGENT.

BERLIN, Jan. 9.—The Emperor William has decided to proclaim the Crown Prince Frederick William regent on the 22nd of March, the Emperor's eighty-fifth birthday.

GENERAL IGNATIEFF.

ST. PETERSBURG, Jan. 9.—The intrigue which was being hatched at Gatchina has received an unexpected solution by the revelations of Gen. Tcherevene, whom Samosky tried to assassinate. Count Ignatieff joined with the functions of Minister of the Interior those of Chief of the *gen d'armes*. In other words, he was director of the police of the whole Empire. In this quality General Tcherevene was his adjoint, as he had already been that of Count Loris Melikoff. The detractors of Ignatieff, at the place where Tcherevene had charge of the personal safety of the Emperor, aimed at the dismissal of Ignatieff, and the division of the position which the latter occupies between two adjoints. The forced retirement of General Tcherevene crushed the whole plot, and demonstrates the real influence of Ignatieff, who is now more powerful than ever.

AT THE NORTH.

IRKOUTSK, Jan. 9.—M. Soulkowski separated on the 28th of July from the Rodgers which left for Herald Island. Till then they had been together in Providence Bay. Another American schooner arrived, whose crew reported having seen on Herald Island a broken boat with dead men, and spoons were found with the intials of the Jeannette. The Rodgers will winter on Herald Island, whence she will send news by way of China.

EGYPTIAN AFFAIRS.

ALEXANDRIA, Jan. 9.—The collective note sent to the Khedive of Egypt states that England and France consider the maintenance of the Khedive's authority the only possible guarantee for the maintenance of order and the development and prosperity of the country. The two Governments are closely associated in the determination to ward off by united effort all causes of internal and external complications which might menace the *regime* they have established in Egypt. They do not doubt that this publicly expressed assurance will contribute to prevent dangers which might threaten the Khedive's Government, and which England and France would certainly unite to face.

BURNED ALIVE.

SYRACUSE, N. Y., Jan. 9.—The brick walls of Rannie & Sears' building, recently burned, fell to-day upon the restaurant of Cornelius Tracy, burying from fifteen to twenty men and women. The firemen were called out, and several persons have been taken from the ruins.

BOGUS DRAFTS.

WASHINGTON, Jan. 9.—Mr. Scoville says drafts for over $1,000, received by Guiteau on Saturday, were worthless, and sent by a joker. Mr. Scoville himself has had worthless cheques sent him, one for $15,000.

FINANCIAL TROUBLES.

LONDON, Jan. 9.—Serious complications have arisen between the Chambers and the European Controllers-General over financial measures. The Prime Minister is supported by the army. Another demonstration is probable, and the situation is critical.

RIOTS IN ASIA MINOR.

CONSTANTINOPLE, Jan. 9.—A supposed plot to raise an insurrection among the refugees in Asia Minor is being investigated. The inquirers are endeavouring to implicate several governors of provinces.

CUMMUNISTS SENTENCED.

PARIS, Jan. 9.—Louise Michel has been condemed to fifteen days' imprisonment, and others arrested for disorderly conduct in the Blanqui procession yesterday to terms of from eight days to two months.

A ROYAL JOURNEY.

MADRID, Jan. 9.—A brilliant gathering of the authorities and nobility assembled to-day in the south station of Madrid to witness the departure of their majesties for Portugal. On the platform were the Infantas Isabel, Paz, and Eualalia, who took an affectionate farewell of the King and Queen. Marshall Campos and the members of the cabinet who remain in Madrid were present, and also a guard of honor. The band struck up the Royal Anthem as the train slowly left, carrying their majesties, with Senor Sagasta and the Marquis de la Vega Armajo, Minister of Foreign Affairs, and a suite of sixty persons in uniform and several ladies in waiting. Cheers greeted the departing train, which will reach the frontier in thirteen hours and Lisbon in twenty-two, or by one o'clock tomorrow.

CENTRAL ASIA.

ST. PETERSBURG, Jan. 9.—General Ignatieff will shortly be appointed Governor-General in Central Asia in place of General Kauffman, who is still very ill. The seat of Government will probably be transferred from Taschkend to Vernoe, which is near to Kuldja.

BISMARCK ATTACKED.

BERLIN, Jan. 9.—In the German Reichstag to-day, during a discussion on an interpellation regarding the development of the factory laws, Prince Bismarck said the Emperor was anxious to settle the workman's question during his lifetime. Herr Richter attacked Bismarck whom he reproached for dragging the name of the Emperor into the debate whenever there was a doubtful question before the House. Bismarck left the Chamber. The rescript excited much comment in the lobby, The Prussian Diet will debate rescript. Prussian officials politically opposed to the Government, intend to issue a declaration stating that their attitude will be in keeping with their duty as citizens and with their oath of allegiance.

AMERICAN.

HURLBUT AND PERU.

NEW YORK, Jan. 9.—It is understood that the House Committee on Foreign Affairs began yesterday an inquiry into the diplomacy towards Chili and Peru and determined to ask the State Department for the whole correspondence, only a part of which, so far, has seen the light. There is a general demand for the correspondence. The friends of Blaine assert that it will show that Hurlbut not merely transgressed his instructions, but entered into various speculations and schemes of his own. The friends of Hurlbut assert that he has done nothing but obey Blaine's instructions, which they say were at one time to support the claims of the Peruvian Company at all hazards and to get them acknowledged by Peru.

GEN. GARFIELD'S PHYSICIANS.

BUFFALO, Jan. 9.—A despatch from Washington says that it is learned from one of the surgeons who attended President Garfield that they have agreed that a fair apportionment of compensation among them would be $50,000 for Bliss, $25,000 each for Agnew and Hamilton, $8,000 for Reyburn, and $1,000 each for the nurses, Mrs. Edson and Dr. Boynton. The general opinion is that the committee will recommend that all of the physicians, including Boynton, be paid about $6,000 or $8,000 each. The claim of Dr. Bliss is regarded as absurd, as compared with that of Drs. Agnew and Hamilton, about the value of whose services no question has been raised. Drs. Barnes and Woodward having been detached from the army and navy for this special service, will be compensated by a promotion in rank.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

Now that winter has well commenced we would advise our readers against using pills containing Calomel and other injurious substances, as there is a great danger of catching cold after their use. An excellent substitute for pills is a Vegetable Preparation known as Dr. Carson's Stomach and Constipation Bitters, a family medicine that, from all accounts, will soon take the place of every other purgative and blood purifier. J. D. Tully is agent for the Bitters here.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

THAT RESCRIPT.

LONDON, Jan. 10.—The rescript of the Emperor of Germany is regarded as unconstitutional.

TROUBLED IRELAND.

CORK, Jan. 10.—A large party of police today on the north side of the city discovered a case six feet under ground containing a large number of Snider rifles and a quantity of dynamite and ammunition.

IN GERMANY.

BERLIN. Jan. 10.—The interest regarding the emperor's rescript is increasing.

ON CHANGE.

LONDON, Jan. 10.—The *News* says that international politics are a subject of unfavorable attention on the stock exchange.

A GANG GONE.

CORK, Jan. 10.—The arrest of Connall has led to the apprehension of a band of midnight raiders in the Mill street district of which he was the leader.

AMERICAN.

SHIPPING PROVISIONS.

CHICAGO, Jan. 10.—In anticipation of the early opening of the French and continental markets, exporters of provisions are forwarding in real earnest. In the past 48 hours the shipment of meats have aggregated almost four million pounds. The packers have also sent to Liverpool and other English markets, since Christmas, large consignments of lard and meats, for the Continental trade.

COAL TRANSPORT.

CARBONDALE, Pa., Jan. 10.—The Delaware and Hudson Canal Company is making a survey from Homesdale, Penn., to Rondout, N.Y., with the view of building a railway by which to transport coal to Hudson River.

GETTING IT BACK.

NEW YORK, Jan. 10.—The *Times* says that the introduction yesterday of Cassidy's bill in the house, and Teller's resolution in the Senate in reference to the Northern Pacific railroad are regarded as the beginning of active proceedings which will be taken in Congress for the purpose of restoring to the people thirty million acres of the best land in the United States.

CARELESS OFFICIALS.

NEWARK, N. J., Jan. 10.—It is stated that the grand jury found indictments yesterday against Comptroller Baker and ex-city treasurer Wiman, on account of careless business management.

THE "CRANKS" TRIAL.

NEW YORK, Jan. 10.—The *Tribune* says that misleading statements have been made regarding the law which it was said would postpone Guiteau's execution for four months or more. The law simply makes sure that the condemed man shall have 30 days in which to prepare for death, after an adverse decision on his appeal. It will not delay Guiteau's execution unless the trial is continued after Jan. 21st, when the next general term of Court meets, which seems impossible now.

GUITEAU'S SPEECH.

NEW YORK, Jan. 10.—A Washington special despatch to the *Herald* says that Guiteau says that his forthcoming speech will make five columns in the *Herald*. As he was leaving court yesterday he handed Porter a sealed letter.

INFERNAL MACHINES.

NEW ORLEANS, Jan. 10.—The steamship Oxenholin, from Liverpool was considerably damaged by the explosion of an infernal machine, which with a number like it were found secreted in the cargo.

AN EXTENSIVE FIRE.

SCHMOTNITZ, Hungary, Jan. 10.—The sulpher mines are on fire. It is feared that the flames cannot be extinguished. Many millions of dollars will be lost.

THE GUITEAU CASE.

WASHINGTON, Jan. 10.—In the Guiteau trial to-day Judge Cox occupied 55 minutes in reading that portion of his decision, touching on the question of jurisdiction. He cited all important rulings from early days of the Common Law of England. He decided against the prayer of the defence, and said that his jurisdiction is complete. Judge Cox took up the question of the legal test of insanity, and decided that Guiteau knew the difference between right and wrong.

MURDER AND SUICIDE.

MILWAUKEE, Wis. Jan. 10.—Fred Teck yesterday beat his 18 year old son to death with a stick about a small matter, and then attempted to hang himself.

A BROKEN CANAL.

SYRACUSE, Jan. 10.—The Erie canal, at the tunnel just east of Syracuse, has been broken in three places, threatening the passing of trains. The breaks are being repaired.

THE FIRE DEMON.

INDEPENDENCE, Ind. Jan. 10.—The Southern Chair Works were burned last night for the second time in seven months. The fire is supposee to have been incendiary. The loss is $25,000.

IN TROUBLE.

JACKSON, Pa., Jan. 10.—M. Robinson, a dry goods merchant is embarrassed, liabilities $16,000.

FATALLY SHOT.

ST. PAUL, Jan. 10.—John Walton, a prominent farmer, was shot and mortally wounded while reading by a window last night by an unknown person. He will probably die.

Prize Presentation.

PORT HOPE, Jan. 9.—At the drill shed on Saturday evening Gunner Perritt, of the Durham Field Battery, was presented with the prize given by the Dominion Artillery Association and the badge from Lieut.-Col. Macdonald of Guelph, for having made the highest individual score in the Dominion at target practice while camping last fall.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

TUESDAY, JANUARY 10, 1882.

ANOTHER sign of ruin and decay is to be noted in the steady increase of deposits in the Savings Bank, within the fiscal year ending the 30th June last, the balance at credit of depositors in the Government Savings Banks alone had increased from $7,107,287 to $9,623,229, an increase of $2,512,942 or of over thirty-five per cent. in a single year. As the bloated manufacturer does not put his capital in the Government Savings Banks, it is very evident that others as well as they have been making more than they could spend during the financial year of 1880-1.

THE Hon. Alex. Mackenzie, after having represented Lambton for nearly twenty five years has decided to abandon that constituency and accept the nomination for East York, giving as his reason for so doing his physical inability "to undertake the serious task of canvasing the former constituency," which is a very much larger one than East York. While every one will regret the reason given for this decision it will be difficult for many to forget, that Mr. Mackenzie's majority in his old constituency has been growing smaller and smaller until at the last general election it was uncomfortably small considering the number of votes polled, and thinking that were it not for this latter circumstance he would scarcely have sought another constituency.

THE *Globe* says it is a notworthy fact that out of ten cities in the Province, six have this year elected "Liberal" candidates to the office of Mayor. It is also worthy of note that just before the first Monday in each January the *Globe* is very much opposed to the introduction of either "Liberal or "Conservative" politics into municipal matters, and it is equally noteworthy that immediately after that particular Monday is past the *Globe* is equally ready to draw political comfort for itself and its friends, whenever it can, from the election of "Liberals" to such positions. If the *Globe* were honest in its ante-Monday opinions it would not always, as on the present occasion, be so ready to claim such results as evidences of the popularity of its own political opinions. It is such foolish and uncalled for boastings which are chiefly responsible for introducing political issues into municipal contests from which they should be excluded.

LAND REGULATIONS.

As we have heard discussions as to the new land regulations of the Pacific Railway Syndicate we reproduce them. It will be seen that they are very liberal :—

1. That all improvements placed upon land purchased shall remain thereon until final payment for the land has been made.

2. That all taxes and assessments lawfully imposed upon the land or improvements shall be paid by the purchaser.

3. The company reserve all mineral, coal or wood lands, lands with water power thereon, or tracts for town sites and railway purposes; but as regards wood lands, the purchaser will be permitted to cut a sufficient quantity for fuel, fencing, and for the erection of buildings on his lands.

4. The purchaser will be required within four years from the date of the contract for the purchase of the land, to bring under cultivation, and sow and reap a crop on one half of the said land. Dairy farming, or mixed grain and dairy farming, to an extent to be agreed upon, will be accepted as the equivalent of cultivation, entitling the settler to rebate.

5. A credit of $1.25 per acre will be allowed for all lands so cultivated during four years.

6. A reservation of 100 feet in width for right of way or other railroad purposes will be made in all cases.

7. If the purchaser fails to carry out strictly the conditions of his contract within the specified time, the company reserve the right to cancel the same, whereupon the lands would become forfeited and revested in the company; but in such case the purchaser would be allowed the value of his permanent improvements, apart from cultivation, to the extent that such improvements had increased the value of the land for agricultural purposes.

The object of the forfeiture clause is to prevent the company's lands from falling into the hands of speculators, to the disadvantage of the actual settler; but as respects bona fide settlers the purpose and aim of the company is to afford them every possible consideration and facility.

8. Special contracts will be made with companies for large tracts of land for settlement purposes or for cattle raising.

9. Liberal rates for settlers and their effects will be granted by the company over its railway.

THE DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

TOWN COUNCIL MEETING

THE TERM OF THE OLD COUNCIL RAPIDLY DRAWING TO A CLOSE.

Communications—The Incendiary Fires—P. C. McGhee's Winter Suit Causes Lots of Talk—Suit or Salary Until Friday Next.

A meeting of the Town Council took place at the Council Chamber on Monday evening.

Present His Worship Mayor Smith and councillors Cahill, McNaughton, Paterson, Rutherford, Chamberlain, Yelland, Douglas, Menzies Richardson and Hartley.

The minutes of the last meeting were read and confirmed.

COMMUNICATIONS.

From Chief of Police Johnston, submitting his annual report, showing that 252 cases came before the Police Magistrate.—Finance Committee.

From Geo. Johnston, Street and Bridge Inspector, submiting his annual report.—Finance Committee.

From Mr. Graham, asking for a reduction of taxes.—Finance Committee.

From J. D. Graham, asking for exemption of statute labour tax.—Finance Committee.

From Toker & Co., asking to be allowed to continue a sign.—Building Inspector to report.

From O. Beavis, asking to be relieved from dog tax.—To file declaration.

From J. Fife, M. D., asking to be appointed town physician.—Committee on Appointments.

From W. Malcolm, asking to be relieved of dog tax.—Statutory declaration.

From Eliza Kennedy, asking to be relieved of taxes.—Charity Committee.

From R. Croft, asking to be relieved of statute labour tax.—Finance Committee.

From P. C. McGhee submitting a report on the attempts to fire the buildings of Mr. Geo. McCombs, and stating that no less than five attempts had been made to fire his premises within a month.

ACCOUNTS.

Ormond and Walsh	$ 1 50
A. Comstock	16 50
N. Lush	6 84
C. McGinty	24 00
E. C. Hill	1 50
Thos. Reall	3 00
R. Pidgeon	30 00
Toker and Co.	83 80
R. Laing	3 75
J. English	3 00

Referred to Finance Committee.

A FIRE INQUEST.

Mr. McCombs addressed the Council and stated that the fires were set by an incendiary.

Councillor MCNAUGHTON objected and said that an inquest would cost too much money.

Councillor RUTHERFORD said that he would not want to put any cost on the town, and he thought that the police could find out who started the fires, as well as a coroner.

Councillor MENZIES said that Mr. McCombs should pay half of the cost.

Councillor CHAMBERLAIN said that the Council had offered rewards in other cases and should do the same in this.

Councillor RICHARDSON was willing to pay half of the expenses of the inquest.

Councillor YELLAND was in favor of an inquest.

Councillor PATERSON held the opinion that an inquest might do good.

P. C. McGhee on request said that an investigation might not do any good.

FINANCE REPORT.

Councillor PATERSON, as chairman of the Finance report, submitted the following report :—

PETERBOROUGH, Jan. 9, 1882.

To the Mayor and Councillors of the Town of Peterborough.

GENTS,—The Finance Committee beg to report and recommend the payment of the following accounts :—

1. Wm. Hamilton's account	$ 13 00
E. Pearce, our share of the bridge ac.	380 95
Dr. Bell's account	5 00
H. Best's account	7 65
Wm. English's account	2 00
Gas Company account	124 00

2. Geo. Louden's request granted, statute labour tax to be struck off, he being assessed for real estate.

3. John Edmison and Joseph Pine asking a rebate of taxes, on property being destroyed by fire, would refer them to the Court of Revision.

4. John Ballantyne asking a refund of taxes, the amount asked for has been already allowed.

5. Moses Rongea asking to be relieved of the water tax, as he never got any benefit, recommend the amount (50c.) be remited.

6. We have examined the contract with Gas Company and found it satisfactory, we recommend the Mayor and Clerk to sign and seal the same.

7. We recommend that Mr. John McGhee's request, viz. That the Council pay the account of $22.00 for a suit of clothes be granted.

8. We further recommend that the special constables be paid in full to date.

All of which is respectfully submitted, adopted as amended.

H. H. SMITH, Mayor. W. PATERSON, Jr. Chairman.

A SUIT OF CLOTHES.

Councillor MCNAUGHTON spoke very strongly against the payment of the account of P. C. McGhee, and said that the officer had attended to business well and was a good man, but he believed that every man should stick to his contract.

Councillor HARTLEY wanted to know if the account included the $20 already voted.

The MAYOR said that P. C. McGhee had performed a lot of extra duty and the Committee took that view of the matter.

Councillor RUTHERFORD asked if P. C. McGhee had performed extra duty enough to entitle him to what he asked?

The MAYOR gave it as his private opinion that the officer had.

Councillor RUTHERFORD was proud of P. C. McGhee, and spoke in favor of the grant being made, particularly as his salary was so low, and he was such an energetic officer.

Councillor DOUGLAS opposed the payment of the account, and wanted to know what extra services the officer had performed. He had opposed the account before and did so yet. If P. C. McGhee was not properly paid, he would not vote for a higher salary. The plan proposed was a new one, and he would not consent to it. He had no fault to find with the officer as he was a good man.

Councillor RICHARDSON had heard a lot of talk regarding this suit of clothes, but at the same time, he thought that if the officer had performed extra duties, he should send in his bill.

Councillor YELLAND said that P. C. McGhee had not been by any means overpaid, and he had worked to get the officer an advance of salary. He did not think that P. C. McGhee had got as much as he was worth, and he would vote for the report.

Councillor HARTLEY while he said that the officer had been a good man, would rather vote $50 to him, than vote for the payment of the account. Business is business and he believed in voting on business principles.

Councillor PATERSON could not see any differin paying the account, and voting a grant. Red tape was too much for the speaker.

Councillor CHAMBERLAIN at first opposed the grant, but now he voted for the grant for the reason that the officer had performed an extra amount of duty.

Councillor DOUGLAS wanted to know what extra duties had been performed.

Chief JOHNSON said that P. C. McGhee and himself had been on duty all night on different occasions, and he did not think P. C. McGhee was asking too much.

Councillor MCNAUGHTON said the officers had had holidays and should not be paid. The police had an easy time during summer and should not growl.

Councillor RICHARDSON spoke of the fact that P. C. McGhee had accepted so much salary and should be satisfied. He complimented him on the manner in which he had performed his duty, but would vote against the grant.

P. C. MCGHEE said that he presented his account for the simple reason that he honestly believed that he was entitled to get a suit by law.

A motion that the claim regarding the payment of P. C. McGhee's account be deferred until investigated was carried.

THE INCENDIARY FIRE.

Councillor MENZIES moved that $100 be paid for the conviction of the incendiary who fired Mr. McCombs' building.

Councillor Chamberlain was in favor of $500, and not $100 as Mr. McCombs was slighted thereby.

Councillor PATERSON thought the motion was buncombe. He was in favor of an inquest.

The MAYOR favoured an inquest as he expected something to come from it.

Councillor MENZIES also favoured an inquest and would withdraw his motion.

Moved by Councillor PATERSON, seconded by Councillor YELLAND,—That Dr. Bell, coroner, hold an inquest on the recent attempt to fire Mr. G. McCombs' buildings, and that the cost be limited to $30.—Carried.

THE SNOW NUISANCE.

Moved by Councillor RUTHERFORD, seconded by Councillor DOUGLAS,—That the Council recommends to the incoming Council that they take into consideration some better plan for removing snow from the sidewalks.—Carried.

The Council then adjourned until Fair day.

FENELON FALLS.

THE IRON BRIDGE.—The *Gazette* says that the work of erecting the iron bridge which is to cross the Fenelon River in this village was commenced on Thursday of last week, and the contractor's representative, Mr. Haisley, who is superintending the job, told us on Friday that he hoped to finish it in about ten days; but it will evidently take somewhat longer than that. In the first place the weather was unfavourable, which of course proved a drawback, and yesterday (Thursday) afternoon four panels, or about sixty feet, of the east side of the bridge, in consequence of the snapping of a chain by which the portion last erected was held in position. The accident looked like a bad one, and the uninitiated thought it would occasion serious delay; but the fallen siding was soon fished up again, and was found to have sustained no injury beyond the bending of two or three rods. A considerable number of men are now employed, and Mr. Haisley told us last night that the bridge would certainly be finished by the end of next week, which from present appearances we do not doubt. We are sorry to hear that on account of some ignorance or negligence on the part of the committee, the new bridge will be considerably lower than the old one, and that there will consequently be a hill at one end; but as we received this unwelcome piece of intelligence while writing the above few lines, we cannot say in this week's issue what foundation there is for the statement.

FIRE AT COBOCONK.—Last Tuesday evening the "University hotel" at Coboconk was destroyed by fire. It was built about two years ago by Mr. E. D. Orde, of Lindsay, and was occupied by Mr. Chirpaw. The hotel was inured but its contents were not.

WHOOPING Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellows' Hypophosites. Whooping Cough is a nervous disease of so sympathetic a nature that a paroxysm may be produced in one susceptible by simply hearing the cough of another person. The above named treatment has been found singularly effective.

THE ANNUAL MEETING

OF THE PETERBOROUGH

Horticultural Society

WILL BE HELD ON

TUESDAY EVENING, 10th INST.

In the BANK OF TORONTO, at 8 o'clock P. M., to receive the annual report and elect Directors.

J. IRVINE DAVIDSON, Secretary.

2d3-1w1

Midland Railway of Canada.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ, Secretary Midland Railway.

Peterborough, 16th December, 1881. d146

And Why Not?

You ask the reason WHY should

SAMUEL WHITE

Be in a position to give **Reliable Goods at such Close Prices?** Because he has a thorough knowledge of the trade, and has had manufactured, expressly for his business, a very large stock of

BOOTS AND SHOES

Rubbers, Moccasins, &c.

Purchasers will find that the Material used is Superior to the general goods offered in retail stores.

STOCK IS ALL GOOD AND FRESH.

A NICE LOT OF

SLIPPERS

Suitable for Christmas Presents.

☞ Special attention is given to the **Ordered Department.** All work done in the Finest and Best Style and only First-class Stock used.

SAMUEL WHITE,
Sign of the Golden Boot, George Street.

Little Lake Cemetery Com'y.

PUBLIC NOTICE

Is hereby given, that in accordance with the Statute in that behalf, the

ANNUAL MEETING

Of the Shareholders of the Little Lake Cemetery Company will be held

In the Council Chamber

Of the Town of Peterborough, on MONDAY, the

16th DAY OF JANUARY, 1882,

at 12 o'clock, noon, for the purpose of electing Directors of the said Company for the ensuing year: for receiving the report to be submitted by the out-going Directors, and such other business, and matters as may be brought before the said meeting.

JAS. EDWARDS,
Peterborough, Jan. 6th, 1881. 8d5 Sec'y.-Treas.

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN, Secretary.

Dept. of Railways and Canals, Ottawa, Oct. 24th, 1881.

12d10 1t3

NOTICE TO CONTRACTORS,

RE-LETTING.

SEALED TENDERS addressed to the undersigned will be received at this Office until WEDNESDAY, the 18th instant, at noon, for the completion of the work remaining to be done at Greece's Point, towards the enlargement of the lower entrance of the Grenville canal.

Plans and specifications can be seen at the Office of the Superintending Engineer, Ottawa, or that of the Resident Engineer at Grenville.

Each tender must be accompanied by an *accepted* cheque for the sum of one thousand dollars ($1,000), made payable to the order of the Honorable the Minister of Railways and Canals, which will be forfeited if the party decline to enter into a contract when called upon to do so. If the tender be not accepted, the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

F. BRAUN, Secretary.

Dept. of Railways and Canals, Ottawa, 4th January, 1882. d7-2aw-3t2

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever Known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

MACK'S MAGNETIC MEDICINE CO.,
d138-w49-t23 Windsor, Ont., Canada.

WAS HE MURDERED!

The Mysterious Disappearance of J. B. Sage of Brantford.

BRANTFORD, Jan. 7.—The Sage murder mystery of the 23rd December, 1880, is again revived, this time if reports be true, with apparently good success of getting at the perpetrator of the deed. The parties are now in gaol, and Chief of Police Griffiths has just returned from Hamilton with a man named Kilpatrick in charge, who, it is said, knows something of the affair, but at present denies knowing anything of it. Rumour has it that Sage was murdered and hid in an ash pile at the Robinson Hall Hotel, where he was secreted some four or five days, and afterwards thrown into the river. Smart, one of the parties arrested, was hostler at the hotel, and from him the above facts were learned. There are so many rumours afloat it is impossible to get at the correct facts, and the authorities are keeping matters very quiet.

HAMILTON, Jan. 8.—A man named Kilpatrick has been arrested here in connection with the mysterious disappearance of J. B. Sage, of Brantford. It is said that Sage was struck with a billiard cue in the billiard-room of Robinson Hall, was at the time buried in the cellar, but subsequently dug up and thrown into the river. It is also reported that the hostler of the premises has been arrested and turned Queen's evidence. It will be remembered that Sage's body was found in the river last summer, down near Caledonia.

MURDERED FOR HIS MONEY.

A Saloon Keeper Murdered and the Saloon Burned.

OSWEGO, N. Y., Jan. 8.—A horrible murder is reported at Sodus Point. James Hall, the coloured saloon keeper, was undoubtedly murdered at that place last night. He had a small building set on piles over the bay. Yesterday he was at Lyons, drove to Newark and took the evening train home. About half-past eleven his building was discovered on fire and was destroyed. This morning Hall's body was found in the water beneath where the building stood. The head and limbs were burned off. A club covered with blood, and a bloody slipper go to show that he was murdered, and probably for his money. He was known to carry large sums about him. Last week he was seen to have $2,250.—*Globe.*

Recovers with his Brain Penetrated.

Valentine Hemmerer, a man now employed at Frackville, Schuylkill county, Pa., has apparently recovered from an injury of the brain that has excited much interest among the medical fraternity. While working in New York last summer he was stabbed in the head, the point of the kife breaking off and penetrating the brain. Since his recovery he relates how he wandered about in the neighborhood of New York, unable to speak and with his memory impaired. He finally got on a train which carried him to Reading, Pa. The railroad officials in striving to find his home, actually carried him twice past the place where his family lived, at Five Points, near Port Carbon. At last he met a conductor who knew where he lived, and was conveyed home. After lying in a comatose condition he was visited by Dr. Birch, who, after a prolonged investigation, discovered the wound in his head, which had healed up. The skull was trepanned, and a small piece removed, with the point of the knife sticking in it. Gradually the power of articulation was recovered, and with his regained memory he was able to tell about the wound and his wanderings while unable to speak. He says that he must have crossed the ferry between New York and Brooklyn at least twenty times, not having the power to ask where he was or to tell where he wanted to go. The hole in his head occasioned by the operation has become healed, and, to all outward appearances, he is himself again. The only effect of the wound now is that after a hard day's work his left side appears more fatigued than his right. His recovery from such a wound is considered most remarkable.

Rapid Tree Growths.

According to a report of the Horticultural Society of Madras two trees in the Botanical Garden there display the marvellous rapidity of tree-growths in tropical countries. The rain-tree (*Pitheco obium saman*) in the gardens, the measurements of which were given in the proceedings of the society 7th of August, 1878, and then believed to be under six years from the seed, continues, in spite of its having been necessary to amputate some of the largest limbs to grow enormously. Measured on the 30th of July last it gave in girth nine feet four inches at the ground, six feet three inches at three feet high, and five feet nine inches at five feet high; in spread about eighty-five feet from north to south, and a total height of about 46 feet. A reference to the former measurements shows that the girth at three feet from the ground has increased in the last five years two feet two inches. The age of the tree is, if anything, over estimated; but searches is being made for traces of the receipt of the seed, which it is believed came from Ceylon about 1872. A casuarina tree, standing alongside, which was the specimen of its order when that part of the ground was laid out at the Botanical Garden, and is therefore known to be about ten years old, now measures at five feet from the ground, only two feet eight and a half inches, though it is about eighty-two feet high.

Bamboo for Oregon.

The American Consul-General at Shanghi has lately sent twenty boxes of bamboo cuttings for transplanting in Oregon. He writes to the State Department that in the Chinese Empire, south of the Yang-tze, about sixty varieties of bamboo are said to grow, although five or six furnish the principal materials used. At Foochow and Swatow, the large size grows 40 to 50 feet high and 6 or seven inches diameter; on the island of Formosa it is found even larger.

The bamboo serves at lesst five hundred different purposes in China. The roots are carved into images, lantern handles, and canes, the tapering culms are used for every conceivable place where poles and ribs can be put; the leaves can be worked into thatches, umbrellas, and screens; cut into splints, the wood is woven into baskets, plaited into awnings, and twisted into cables; the shavings stuff pillows; other parts supply chop-sticks for eating, beds for sleeping, brooms for sweeping, pipes for smoking, fuel for cooking, skewers for the hair, paper for writing, rods for whipping, tables to eat on, buckets for water drawing, and the tender shoots are highly esteemed as a vegetable to be eaten. The consul-General urges the naturalizing of the bamboo in the Southern States and on the Pacific coast.

A DENSE fog set in at Limerick on Dec. 11th, during which Patrick Cronin, a coachman, got astray in a quarry, and by a fall lost his life.

FROM ALL OVER.

RUSSSIAN women are very tender toward the inferior animals.

TEA gowns, says a London authority, are to banish dinner dresses.

THE police of Boston have been furnished with white wooden clubs.

THE Brussels Eden Theatre is shortly to be lighted by electricity.

WHY do girls kiss each other, while boys do not? Because girls have nothing better to kiss, and the boys have.

IN a public park at Stuttgart the following notice was put up:—Reading and the like not permitted on these benches.

MR. R. Piggot says, in the *Freeman's Journal*, that the Land League has offered him $2,500 to publish in his paper a false account of its funds.

THE Pottsville (Pa.) *Journal* records the complete recovery of Valentine Kemmerer, who was stabbed in the head last summer, the knife blade penetrating his brain one and three-eights inches.

THERE is no doubt that our Canadian climate is conducive to lung affections, and for this reason Dr. Carsen's Pulmonary Cough Drops should be in every house. For Coughs, Colds, and all Lung and throat affections they have no equal. In large bottles at 50 cents. J. D. Tully, agent for Peterborough.

DRESSES in Paris fashions are not so long as they were, the shoes and stockings are principal considerations. Old-fashioned diamond buckles are returning to favor. Shoes have lower heels and squarer toes.

THERE are individuals in every town who will have nothing to do with anything they can't boss. We know other fellows in every town who can't boss anything except the thing they have nothing to do with.

PERFORATED letters from Cochin China, the Phillipine Islands, and other points in the far East, have been received in the New York mails. It is ascertained that the perforations were made in France as a sanitary measure.

1—FREE OF COST.—All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchiitis, or any affection of the Throat or Lungs—are requested to call at Taylor and Macdonald's Drug Store and get a trial bottle of Dr. King's New Discovery for Consumption, *free of cost*, which will show you what a regular dollar-size bottle will do.

MRS. Cleanwell is what may be called pizen nice. Cleanwell says when he caught his better half washing off the Easter egg he had paid half a dollar apiece for, he became convinced that their was such a thing as being too neat.

THE medical faculty in England were discussing the question whether or not to attend a reception in evening costume. Prof. Charcot, who had not yet learned the niceties of the languages, remarked, "As for me, I shall go in my night dress."

1—FARMERS AND MECHANICS.—If you wish to avoid great danger and trouble, besides no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Exch.* Sold by Taylor & Macdonald.

BUFFALO began the new year with the arrest of two female lunatics. Religious excitement unbalanced the mind of the one, and the other was found wandering about the street blowing a toy trumpet. She said she was calling some of her deceased relatives.

A National Exhibition of Industry, Art and Sciences is to be opened at Zurich, on May 1st, 1883. The subscriptions received in aid of the exhibition already amounts to $50,000, and the Federal Council will propose to the Chambers next session that a Government subsidy of $100,000 should be voted in addition.

BISHOP BEVERIDGE.—A gentleman meeting the celebrated and excellent Bishop, Beveridge, asked him how he was. Beveridge replied: "If I answer in Latin, I am *sic, sic*; if in English, *so, so.*" There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "king" of remedies. Sold by all druggists throughout the Dominion.

WISTAR'S BALSAM OF WILD CHERRY, the great remedy for consumption. This well-known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure for coughs, colds, croup, bronchitis, influenxa, whooping cough, hoarseness, pains or soreness in the chest or side, bleeding at the lungs, liver complaint, etc. Beware of counterfeits! Remember that the genuine Wistar's Balsam of Wild Cherry has on the outside wrapper the signature of "I. Butts," and the printed name of the proprietors, "Seth W. Fowle & Son, Boston." All others are base imitations. Examine the wrapper carefully before purchasing. 50 cents and $1 a bottle. Sold by dealers generally.

ENGLAND.

IT is stated as probable that the Duke of Connaught, who has a strong desire to visit India, will be selected for an Indian command.

MR. SIMS REEVES has been compelled, on account of continued indisposition, to abandon for the present all intention of appearing in public.

A STATE portrait of Her Majesty the Queen, painted by Mr. Sant, R. A., has been sent to the Mikado of Japan by Her Majesty's Government.

SOME of the regimental plate belonging to the officers' mess of the 32d Regiment has been stolen at Aldershot. A private of another regiment has been arrested on suspicion.

AN important sale of greyhounds took place in London on Dec. 17th, the total realized being £1274. The Princess Dagmar, winner of this year's Waterloo Cup, was bought in for 1700 guineas.

BARROW-in-Furness continues to forge ahead. The Corporation have decided to build a new Town Hall at a cost of £60,000, to construct a high-level bridge ove the docks, and to establish a free library.

THE annual football match, under Rugby Union rules, between Oxford and Cambridge was played on the 13th Dec., at Blackheath, and resulted in a victory for the former university by two goals to a try and a goal.

IT is conjectured that the immense leaden coffins, recently found at one side of St. Margaret's Churchyard, London, contain the remains of some of the Commonwealth leaders who were buried in the Abbey but removed at the Restoration.

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another column.

For Sozodont all ladies cry,
And gentlemen, or high or low,
For nothing else that they can buy,
Will give the mouth its freshest glow—
Will keep the mouth so sound and white,
And make the breath s sweet delight.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

GETTING OUT
JOB WORK

are ample, and orders are pushed through with vigor, so that work can be got out in short time.

Orders from the Country

attended to with promptness, and work forwarded immediately on completion.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

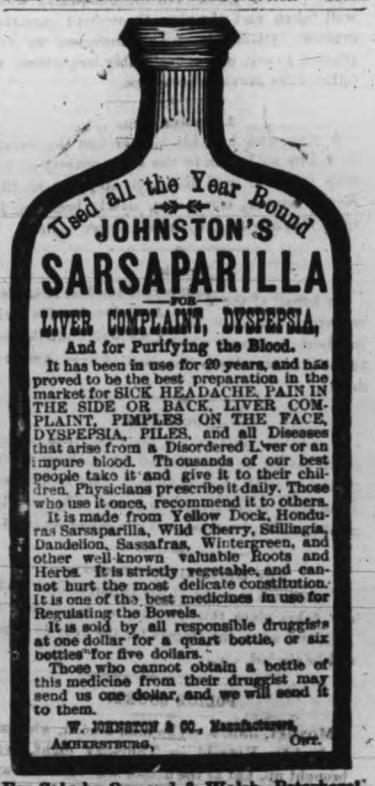
DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure. I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.



Sold by all druggists.

Lyman Sons & Co., Montreal, P. Q., Wholesale Agents. 1w1y

Daily Evening Review

TUESDAY, JANUARY 10, 1882.

LOCAL AND MUNICIPAL.

The Madison Square Company.

The Madison Square Combination, will not leave town for some days, owing to the fact that the Company is about to be re-organized, Miss Jenning's assuming the management. Negotiations have been pending for some time, and now contracts are closed with artists of known ability, who will join the Company, in the latter part of the week. Dates for the week have been cancelled, and the Company by special request will play *East Lynne*, to-morrow evening with Miss Jennings in the leading role. This beautiful play as presented by this Company, has attracted crowded houses wherever it has been played.

Just Arrived, New Light Silks for Evening Wear. See Them at W. Fairweather & Co's.

The Hopkins Property.

At the sale of the property belonging to the late D. Hopkins Esq. on Monday the building occupied by Messrs. Flavelle Bros. and Mr. Edwards, was purchased by Mr. J. Stevenson for the sum of $3,820, subject to an annual ground rent of $62.50 per annum. The Bank of Toronto and the office recently occupied by Mr. Hatton and the small building in the rear, on Water street, were withdrawn at $4,000, and the lot on Water street (111 x 115 feet) opposite the Court House park was withdrawn at $2,000.

A Chance For Somebody.

Those of our subscribers who are engaged in, or have facilities for manufacturing broom handles, Venetian blind laths, clothes pegs, &c, had better make the fact known through the columns of the *Canada Lumberman*, inasmuch as a Liverpool firm writes us for the names of some of the principal manufacturers of these articles in this country. A word to the wise should be sufficient.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes—Southerly to easterly winds; fair to cloudy mild weather, followed by rain to-night or to-morrow.

Away for News.

The Port Hope *News* says:—

"Mr. Geo. A. Cox and Mr. Lewis Ross started for Winnipeg in the Midland Railway Official Car last Wednesday morning."

As far as Mr. Cox is concerned he didn't go, but then you have to leave town to get the news.

The Theatre.

The performance of the "Lady of Lyons" last night was very good. All the characters were well taken and the play throughout gave the greatest satisfaction. The audience, we are pleased to say, was considerably larger than on either of the previous occasions.

A Broken Leg.

A man who had his leg broken by being kicked by an Indian in the back country some time ago, and who has been stopping at the Revere House, came very nearly breaking it again this morning, by falling down stairs.

Thanks.

On behalf of the members of the Fire Brigade we return thanks to Mr. A. C. Dunlop, for four handsome volumes, which he kindly contributed to the library. Keep the ball rolling gentlemen!

Save Your Money.

A call will convince the most skeptical of the great saving to be effected by making their purchases at W. Fairweather & Co's great sale. Their stock is the largest in town. The assortment is without a rival, and the prices are right.

The Horticultural Society.

The annual meeting of the Horticultural Society, takes place this evening at the Bank of Toronto, when the officers for the year to come will be elected, etc.

POLICE COURT.

MONDAY, Jan. 9.—The man Dugan, who assaulted Dr. Kincaid on Thursday night, was brought up, but as the doctor was unable to appear, the case was enlarged until Friday next at 10 o'clock a. m.

A NEW OUTLET.

IT must be obvious to those who have given the matter a moment's consideration, that as soon as the missing link, which at present cuts in two that portion of of the C. P. R. between Thunder Bay and Winnipeg is completed, a new and valuable market will be opened up for the lumber, now manufactured on and about the Georgian Bay. Should the present North-west fever be maintained, the demand for all kinds of lumber on the prairies west of Winnipeg must be simply enormous and entirely beyond the capacity of local production. Even now lumber in various forms is being shipped from this part of Ontario to Winnipeg by rail. If it will pay to do that now, how much more will it pay to do it when it can be forwarded from the mills to Thunder Bay, and thence by a single railway corporation to wherever required, in stead of by the present circuitious and costly railway route. So far back as during the financial year ending the 30th June, 1880, we find that there was imported into Manitoba from the United States lumber, timber and shingles to the value of $60,285, and upon which duties to the amount of $12,057 were paid, and also that during the same period manufactures of wood not elsewhere specified to the value of $63,454, upon which duties to the amount of $15,853 were paid, were imported. As in this item, doors, sash, &c. are included, they no doubt formed an important portion of the same. As all these items can, as soon as the Thunder Bay branch of the C. P. R. is completed, be quite as well and be much more cheaply supplied from our mills on the Georgian Bay, it can scarcely be doubted that our lumber trade with our own North-west must soon attain large proportions, and prove a valuable outlet for the trade.

DESCRIBED BY THEMSELVES.

There is a dispute raging between the Montreal *Witness* and the Montreal *Herald* as to the Liberal party in the Province of Quebec. The *Witness* says:—

"We congratulated the Liberal party on its total defeat at the polls on the ground that so long as it was encumbered with a host of truckelers for place it would be unable to call its soul its own, and would be found bowing to the most reactionary tendencies of the day. This suppleness of the back has, however, become an unconquerable habit with many members of the Liberal party, who are no more Liberals than Judge Routhier.

SPENCERVILLE.

Special to the Review, Jan. 10.

LAST NIGHT about twelve o'clock, the stone residence of Mr. J. H. Stitt was burned to the ground. The fire was caused by the explosion of a lamp. A considerable quantity of clothing and furniture was saved. The building was insured in the Royal for $2,000. The loss is about $4,500.

THE BRANTFORD MYSTERY.

Important Evidence Believed to have been Obtained—Further Arrests.

BRANTFORD, Jan. 7.—The J. B. Sage murder case is the principal subject of conversation here to-day. There was a private examination at the police magistrate's office from which the press and public were excluded, and what facts were ascertained were not made public. There are to be some more arrests made yet before the result of the examination will be made known.

Smart, the hostler at Roger's Robinson Hall hotel, asserts that he saw Sage in company with others at 12 p. m. going up stairs to the pool-room. It is expected the case will be brought out in open court to-morrow, when Smart, the hostler, a girl who was employed in the hotel, Kirkpatrick, and others will have a hearing. From what can be learned it is conjectured that some important evidence has been obtained.

A HOME CONVERSATION!

He fairly howled as he slammed the REVIEW on the floor and jumped on it.

"Why, whatever is the matter, my dear," said Mrs. Keepitup.

Matter enough! Confound these advertisements of Dolans' with their "Telegraphic News" and "Advice," and all that. They will have themselves read—no matter how a chap tries to dodge them. They are worse than St Jacobs Axle-greece. And what's a hanged sight more, I believe you read them, too. I know it. These fellows are making money out of my pocket every day.

Since they moved into the new stores half the town has been running there.

Just so, my dear, but the town has to go somewhere, and if they can do better at DOLAN'S—the same as I can, who's to blame them for going?

"All right, buy what you like as long as you don't buy the RABY SHIRT."

The above is a section of an overture between an estimable couple. THE PEOPLE ARE RIGHT.

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

EXTENSIVE SALE!

In our advertising columns will be noticed the extensive sale of Dry Goods and Clothing by W. Fairweather & Co of their whole stock without reserve. We understand the firm have resolved to give such inducements as will enable them to sell off their large stock on hand to make room for their fine spring purchases. To parties in want of first class goods in Millinery, Dress Goods, Suits, Clothing, Shawls, and general household goods, surely such an opportuity must be a grand chance to lay in a stock.

IRELAND.

THE hounds of the Wexford Hunt Club are to be sold.

LORE KENMORE is breaking up his home at Killarney, and intends to reside in future in London.

THE Rev. Mr. H. Cahill, C.C., of Belfast, one of the most violent agitators in the Nationalist cause in Ulster, died on the 13th ult. at Belfast.

THE foundation stone of a Catholic chapel at Castleisland, county Kerry, has been uprooted by thieves in the hope of finding valuable plunder within it. They found none.

AN earthquake is reported to have occurred in the island of Arran, on the west coast of Ireland, the other day, and it is reported that thousands of fish were thrown up along the beach.

THE officials of the Cork branch of the National Bank of Ireland state that forged notes of £10 each on the National Bank are in circulation. They are believed to be the remnant of those issued in Dublin in 1879.

THE census for the King's county, which has been issued, shows the following figures:—The area of the county is about 500,000 acres; of these there are 70,000 under tillage, 50,000 under meadow, 235,000 under pasture, 7,500 under plantations, 112,000 under bog and marsh, 4,000 barren mountains, and 17,009 under roads and fences.

A BARONETCY has been conferred on the Right Hon. Edward Sullivan, Master of the Rolls. Sir Edward Sullivae was born in the year 1822 at Mallow.

Accident in a Woollen Mill.

COLUMBUS, Jan. 9.—Edward Ashton, while running the picker in the Emperor Woollen Mills, met with an accident which may prove fatal. His right arm got caught in the belt and his body was pulled around. As soon as possible the machinery was stopped, when it was found that Ashton's right arm was torn to pieces and both ankles badly mangled. The ribs were all broken. Doctors Warren, Roe, and Luke are in attendance, but have no hopes of his recovery.

LATER—The young man Ashton died to-night from the injuries recefved.

THE seeds of the disease are sown widely by carelessness, and the opportunity for a vast deal of severe suffering is created by neglect to attend to the premonitory symptoms of rheumatism and banish the cause by using St. Jacobs Oil, the great preventive remedy of the times and the stand-by of the people.

NO HOSPITAL NEEDED.—No palatial hospita needed for Hop Bitters patients, nor large salaried tauteted puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

MARK THIS.—Neither glanders, bots, inflammation of the lungs or bowels, stiff joints, ringbone or spavin, ever prove fatal or permanently injurious to a horse that gets Harvell's Condition Powders mixed with his feed. Mark this, and profit by it! These great specifics are sold everywhere.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

A GREAT many people are troubled with cold feet, which is invariably caused by a sluggish circulation of the blood. A few doses of Dr. Carson's Stomach and Constipation Bitters will soon produce a free circulation of the blood, and stimulate and tone the system. Sold in large bottles at 50 cents. J. D. Tully, agent for Peterborough.

Notice of Removal.

The undersigned having leased the

"PETERBOROUGH HOUSE"

Situated on Hunter Street, at present occupied by John Sullivan, will remove thither on the 15th of February.

This hotel is well adapted for the accommodation of farmers and the travelling public, being situated in the most central portion of the town.

The undersigned proposes to conduct the hotel in a first-class style, the table will be always supplied with all the luxuries of the season, and the bar with the very best brands of liquors and cigars.

Good sample rooms will be provided, and commercial travellers will find it to their advantage to patronize my house.

Every effort will be put forth by me to meet the wants and comfort of farmers and others, and from my long experience in providing for my guests, the undersigned feels warranted in saying that his house will be found the most comfortable in town.

Good sheds and stabling, and a careful hostler always in attendance.

MICHAEL HALPIN.

10th January, 1882. d8-1y

TENDERS.

CANADIAN PACIFIC RAILWAY.

Bridge over Fraser River, B. Columbia

TENDERS addressed to the undersigned will be received on or before the 10th day of FEBRUARY, 1882, for furnishing and erecting a Bridge of Steel or Iron over the Frazer River on Contract 61, C. P. R.

Specifications and particulars together with plan of site may be seen at the office of the Chief Engineer, at Ottawa, on or after the 10th of January, instant.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms. An accepted bank cheque for the sum of $300.00 must accompany the tender, which sum shall be forfeited if the party tendering declines to enter into contract for the work, at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required by the deposit of money to the amount of *five per cent.* on the bulk sum of the contract, of which the sum sent in with the tender will be considered a part.

This department does not, however, bind itself to accept the lowest or any tender.

By order,
(signed,) F. BRAUN,
Secretary.

Department of Railways and Canals,
Ottawa, January 5, 1882. 5d8-1aw

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere. The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, billiousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d, and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

Daily Evening Review

WEDNESDAY, JANUARY 11, 1882.

CANADIAN TELEGRAMS.

THE SNOW FALL.

Despatches from all eastern points state that from six to ten inches of snow has fallen during the day, and up to the hour of going to press the storm was in full blast. The weather is mild and the sleighing good.

TORONTO.

Special to the Review Jan. 11.

THE HON. O. MOWAT'S daughter was married at St. James Square Church, this noon, to Mr. Langmuir. The affair was most fashionable in the extreme.

BETHANY.

Special to the Review, Jan. 11.

A MAN was found dead on the Midland Railway track about two miles south of this place, supposed to have come from Cannington. From letters on his person we believe him to be named McKay, a school teacher. Exposure is supposed to have been the cause of death.

LONDON.

Special to the Review, Jan. 11.

THE AUTHORITIES to-day arrested a young man named Henry Hattersley, against whom several serious charges of larceny are pending. The majority have taken place in London township, and other parts of East Middlesex. Hattersley disappeared from the neighborhood soon after, and although search was made for him, he succeeded in eluding the police for some time, but he allowed himself to be led into the confidence of a young man, who split, and he was remanded.

POVERTY AND DISTRESS.—That poverty which produces the greatest distress is not of the purse, but of the blood. Devrived of its richness it becomes scant and watery, a condition termed *anemia* in medical writings. Given this condition, and scrofulous swellings and sores, general and nervous debility, loss of flesh and appetite, weak lungs, throat disease, spitting of blood and consumption, are among the common results. If you are a sufferer from thin blood employ Dr. Pierce's "Golden Medical Discovery," which enriches the blood and cures these grave affections. Is more nutritive than cod liver oil, and is harmless in many conditions of the system, yet powerful to cure. By druggists.

THE DAILY EVENING REVIEW is delivered to subscribers at ten cents a week.

MIDNIGHT TELEGRAMS

CABLE.

INTERNATIONAL POLITICS.

LONDON, Jan. 10.—The *News* says that international politics are the subject of unfavourable attention on the Stock Exchange. The rescript of the Emperor of Germany is regarded as so unconstitutional as to amount to a revolution from above.

THE RUSSIAN PEASANTRY.

ST. PETERSBOUG, Jan. 10.—The Czar has signed a ukase reducing the payments by peasants on account of lands received at the time of their emancipation by 12,000,000 roubles a year.

REFORMS IN ARMENIA.

CONSTANTINOPLE, Jan. 10.—The Sultan is giving his special consideration to the question of reforms in Armenia, and will consult Earl Dufferin, British Minister, on the subject.

THE ANGLO-FRENCH NOTE.

CAIRO, Jan. 10.—The Anglo-French note causes greatest excitement among the Notables and the military.

NOT YET.

LONDON, Jan. 10.—It is generally believed that the Government will not at present release Messrs. Parnell and Dillon.

IN PRISON.

DUBLIN, Jan. 10.—The Dublin corporation have resolved to ask permission to confer the freedom of the city upon Messrs. Parnell and Dillon within the prison.

THE ROYAL VISITORS.

OPORTO, Jan. 10.—The King and Queen of Spain arrived to-day. King Luis and the members of the Royal Family, attended by a brilliant Court, received their Majesties at the railway station and escorted them in a grand procession to the palace, where they were welcomed with all honours. The streets through which the royal *cortege* passed were lined from curbstones to house-top with spectators, who were most enthusiastic in their demonstrations. This evening a grand banquet was given in honor of the royal visitors.

RUSSIAN ENCROACHMENTS.

TABRIZ, Persia, Jan. 10.—The Russian garrison Askabad has been increased to 8,000 and the outposts advanced forty miles eastward.

SERIOUS FIRE.

SAN. FRANCISCO, Jan. 10.—Japanese advices report that a fire at Tokio on Dec. 15th burned 140 houses.

EARTHQUAKE.

HONG KONG, Dec. 16.—An earthquake occurred in the district of Kanchou. Over 250 people were killed.

CONSUL MOBBED.

HONG KONG, Dec. 16.—The British Consular Agent at Chun King was mobbed by natives.

THE FRENCH SENATE.

PARIS, Jan. 10.—The French Senate and Chamber of Deputies commenced their sessions to-day. M. Brisson was re-elected president of the Deputies.

THE RESCRIPT.

BERLIN, Jan. 10.—It is stated that Prince Bismarck will anticipate the action of the Liberals who desire to debate the rescript, by formally submitting the document to the Reichstag. The Government intend to placard the rescript in all parts of the country.

FORCING THE PACE.

BERLIN, Jan. 10—A delegation from the three Liberal groups of the Reichstag met to-day and arranged their action to force a debate on the Emperor's rescript. It is reported that Prince Bismarck intends to anticipate them by formally submitting the rescript to the Reichstag.

POLITICAL TROUBLES.

HONG KONG, Ded. 16.—Corca advices state that the advocates of anti-progressive principles attempted to overthrow the Government. The ringleaders were executed.

AMERICAN.

A DEADLOCK.

TRENTON, N. J., Jan. 10.—A deadlock occurred when the Assembly met to organize to-day, two members bolting the caucus nominee for Speaker. An attempt was made to elect *viva voce* the Clerk. It was declared carried by some members, but the former Clerk refused to surrender. Great applause followed. The House adjourned amidst confusion. The Senate adopted a resolution for an investigation of the State finances.

SUICIDE FOR TWO.

One Man Hangs Himself and Another Cuts His Throat with an Axe.

OWEN SOUND, Jan. 10.—To-day John Sparrow, an old resident of the town, committed suicide by hanging himself. Shortly before noon he went out of the house towards the barn; nothing unusual was noticeable in his manner. When dinner was ready a member of the family went out to call him. Getting no response to the call, he proceeded to the barn, where Sparrow was found suspended by a rope which was attached to a beam. No cause is at present assigned for the deed, but is is believed he was troubled at times with a delirious mind, and had frequently threatened to commit suicide.

This shocking occurrence was followed by the report that another attempt ot suicide had been made, which proved true, although at present without a fatal result. Walter Elliot, labourer, made an attempt on his life by cutting his throat with an axe, and afterwards battering his head with the same weapon to complete the work. He was, however, frustrated in the act, and placed in charge of the chief constable, who conveyed him to gaol. Elliot is a young man, and just recently married. The causes which led to the attempted committal of such an act are unknown. His wounds are of a serious nature, and to-night slight hopes are entertained of his recovery.

A GOOD PREVENTATIVE for Fevers, Ague and Bilious Disorders is Dr. Carson's Stomach and Constipation Bitters a strictly vegetable preparation. They Tone the system, purify the Blood and increase the appetite, and render those taking them almost proof against disease. Should be used in every case instead of pills. J. D. Tully, agent for, Peterborough.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

AFTERNOON TELEGRAMS

Press Despatches to the Review.

AMERICAN.

NO PLURAL WIVES.

CHICAGO, Jan. 11.—A mass meeting is to be held soon to give expression to the popular disapproval of poligramy. Addresses by prominent gentlemen are expected.

SENATORIAL.

ALBANY, Jan. 11.—The Assembly has adjourned until to-morrow. In the Senate the Governor's message is being read

LOOKING BETTER.

TRENTON N. J., Jan. 11.—Theodore Baldwin's answer to the charges against him, denies that he had any knowledge of the misappropation of the mechanic's National Bank funds, Newark. Nugent & Compang's answer virtually acknowledges the truth of Cashier Baldwin's statement as to the disposition of money taken from the Bank, but denies any collusion or conspiracy.

FAILURE.

NEW YORK, Jan. 11.—Martin Pierce, manufacturer of veneer seats has assigned with liabilities $75,000.

A FATAL BITE.

NEW YORK, Jan. 11.—John Baker died yesterday of hydrophobia. He was bitten several months ago by a Newfoundland dog.

TALL TALK.

TRENTON, N. J., Jan. 11.—The Senate has adopted the resolutions with reference to the death of Garfield, calling for just rights and punishment of the assassin, whom the resolutions declare to be sane.

VICTORIOUS DEMOCRATS.

In the House the dead lock has been broken and the Democratic nominees chosen.

BURNED TO DEATH.

ST. PAUL, Minn., Jan. 11.—Joseph Posey, and two children aged 7 and 13, were burned to death in a house near Knife Falls, on Monday night. Posey's wife and the other children were absent.

BOLD BALDWIN.

NEWARK. N. Y. Jan. 11.—It is stated that Baldwin, defaulting cashier, was examined by a grand jury yesterday regarding the alleged irregularities of certain officers of another financial institution, other than the Mechanics' National Bank.

A RISE IN SUGAR.

NEW YORK, Jan. 11.—The burning of Havemyers sugar refinery caused an advance in the price of sugar, and the trade is somewhat excited.

PETTICOATS AGAIN.

ST. PAUL, Indiana, Jan. 11.—Andy Frazer, a negro, has been arrested on a charge of assassinating John Walton, a farmer, on Monday night. Frazer said he was promised a large reward by O. M. Garrett, for killing Walton. Garrett after being arrested shot himself fatally. He denied that he had hired Frazer to do the killing. It is stated that Garrett and Mrs. Walton had been intimate for some time. The citizens are much excited.

BURNED LUMBER.

LANCASTER, Pa., Jan. 11.—The warehouse of Cohoe & Wiley's lumber yard, was burned this morning. The fire was incendiary. The loss is $300,000.

RELIGIOUS DEACONS,

JEFFERSON TOWN, Ky., Jan. 11.—Two factions in the Disciples Church quarrelled on Sunday, over the election of a pastor. One deacon knocked another down. The fight was stopped by some other members of the church.

AN AMICABLE ARRANGEMENT.

NEW YORK, Jan. 11.—It is reported that several active, influential men, having large financial interests, have undertaken to bring about a settlement of the difficulties between the railway companies.

RAILWAY DAMAGES,

NEW YORK. Jan. 11.—John Clarke, has recovered a verdict for $12,000 against the Brooklyn City railway for injuries sustained while on a car.

A GREAT CURSE.

NEW YORK, Jan. 11.—The New York and brooklyn Association of Congregational Ministers yesterday passed a resolution condemning Mormon polygramy, and calling on Congress to blot it out of the Territories.

THE ROYAL YISITORS.

LISBON, Jan. 11.—Fears of Republican manifestations during the royal visit here led to forty-five arrests and other precautions.

SHERMAN'S CROOKEDNESS,

NEW YORK, Jan. 11.—The *Tribune's* Washington special says that it is reported that the committee investigating the treasury contingent fund has discovered several treasury mechanics worked at intervals upon Sherman's new house, and also learned that Sherman paid them out of his own pocket with the exception of Brown. Brown's bill has never been presented to Sherman, hence it was not paid by him.

RECLAIMING LAND.

NEW YORK, Jan. 11.—The *Times* says that Gen. Albert, under whose directions the survey of the river front has been completed, estimates the cost of the reclamation of the Potomac river flats at $2,000,000.

THE MORRILL BILL.

NEW YORK, Jan. 11.—The *World's* Washington special says that the essential unanimity of the Democratic Senators in opposition to the Morrill bill and the known hostility of some western republican senators conspicuously shown will almost certainly secure its defeat.

A PECULIAR ACCIDENT.

LITTLE ROCK, Jan. 10.—Two hnnters were eating supper in a tent on the banks of a little river. One accidentally discharged his gun with his foot, the bullet struck and exploded a keg of powder, and both men were blown into the river and drowned.

WORTHY OF PRAISE.—As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure billiousness, Fever and ague, Stomach, Liver and kidney complaints, even where all other remedies fail. We know whereof we speak, and can freely recommend them to all.—*Exch.*—Sold at fifty cents a bottle, by Taylor & Macdonald.—6.

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

WEDNESDAY, JANUARY 11, 1882.

WE question if any other country in the world in proportion to its population, can show the same increase of postal revenue within twelve months as Canada can show, between the months of December 1880 and 1881. The revenue of the Canadian Post Office for December 1880 was $82,758.47 and for December 1881, $106,498.20 an increase of $23,759.73 or considerably over twenty five per cent. Were the whole of this increase the result of increased correspondence, the increase of revenue represents the postage on 791,991 letters for the month or thirty thousand more letters per day for every day in December except the four Sundays and Christmas, than were handled by our post office people during the preceeding December. No doubt such an immense addition to the work to be done, and the mails to be carried must have enhanced the cost of management and transport in this department of Government and no doubt in due time the increased expenditure thus rendered necessary in the interests of the people will be cited as an evidence of the extravagance of John A. and his colleagues.

FARMERS!

WOULD you be surprised to learn: "That the increase in the cost of labour and supplies more than neutralizes the increase in the cash receipts of the best of our farmers?"

The *Globe* says so, and therefore we suppose "it must be so," although we can't understand how it is thus. Of course the fact of this remark applying only to "the best of our farmers," may be why we don't exactly see through the *Globe's* millstone. If this be the solution of the problem, then we venture to think we have none or at any rate very few "of the best of our farmers" hereabouts. Our readers, we think, will back us up in saying that "the best of our farmers" hereabouts are to a great extent in the persons of themselves and their sons very largely, their own labourers, and that the increased prices of the last two years have more than counter-balanced their increased out lay for *hired* help. Of course if the *Globe* is proceeding, on a purely booking method, to charge the farmer's own time to the farm at the increased price of labour lately obtainable, we have, no doubt, it is quite equal to the task of making one counter-balance the other. Indeed we are surprised that the *Globe* admits that the increase in cost of labour and supplies only neutralizes the farmer's increased cash receipts, because *so far as he and his family are their own labourers* it is an admission that they are being better remunerated for their labour than they were in the good old days of the Mackenzie-Cartwright regime. And we don't suppose even "the best of our farmers" will squable very much about the *name* under which their increased receipts are derived, so long as the cash flows into their pockets. The *Globe* may insinuate that it is only "as labourers" that their circumstances are improved, but we fancy, unless in the case of an occasional "aspiring grit," they will prefer to prosper as labourers rather than exist as the *Globe's* ideal farmer should do—for the sole purpose of producing two or three articles for foreign consumption.

As for the increased cost of supplies, all we can say is that if the *Globe's* "best farmers" who have to pay more for their supplies in Toronto than they used to do, will come to Peterboro', our merchants and manufacturers will sell to them as cheap as ever, but we believe in truth cheaper than the "best merchants" in Toronto.

HALIBURTON FINANCES.

At the recent session of the Haliburton County Council, according to the Lindsay *Post's* report, it was moved by Mr. Gainer, seconded by Mr. Ritchie, that the treasurer report with reference to a suit ordered by the council against S. S. Peck, M.P.P.—Carried.

The treasurer then gave a statement of the proceedings taken, and the present position of the case.

Mr. Peck, at the request of the council, addressed them with regard to the same case.

Moved by Mr. Gainer, seconded by Mr. Ritchie, that after having heard the treasurer and S. S. Peck, M.P.P., report on the suit of the county against S. S. Peck, M.P.P., that this council can come to no other conclusion than that it is in the interest of the county to stay further legal proceedings, as the council is of the opinion that it would be injurious to the county to proceed further as the said S. S. Peck, M.P.P., has been a friend to the county and assisted it in many ways and is still desirous of doing so; that the county treasurer give S. S. Peck, M.P. P., his bonds, as treasurer of the county; that this resolution have the corporate seal attached and have the force and effect of a by-law.—Carried on the following division:—Yeas: Delamere, Gainer, Bain, Kellet, Ogilvie, Ritchie and Sidley, 7; Nays, Ferrier and Scott, 2.

JUDGE DEAN'S REPORT,

In the High Court of Justice—Chancery Division.

Between the Corporation of the Provisional County of Haliburton, plaintiffs, and Samuel Stanley Peck, John Grier Peck and Francis Peck, Defendants.

LINDSAY, 23rd November, 1881.

Pursuant to the decree herein bearing date the nineteenth day of May last, I have in the presence of the solicitors for all parties taken the accounts referred to in the said decree, and I find that there is due to the plaintiffs from the defendants, Samuel Stanley Peck, upon his dealings as treasurer of the plaintiffs for principal money the sum of one thousand six hundred and eighty-one dollars and eighty-four cents, and I have allowed interest at the rate of six per cent. per annum, as shewn in the schedule hereunto annexed, and the same amounts to the sum of four hundred and sixty-three dollars and fifty cents, making in the whole the sum of two thousand, one hundred and fifty-five dollars and thirty-four cents.

All of which I hereby certify and submit to this honorable court.

W. W. DEAN, Master.

AN ATROCIOUS LIBEL.

Under the above heading the Belleville *Intelligencer* has the following article:—The extent to which some bitter partizans will go, in order to found an attack upon the Government, is aptly illustrated in the following, which is contained in the editorial columns of the Peterborough *Examiner* of the 5th inst.:

"The Senior judgeship of the County of Hastings, which has been vacant for some months, has just been filled by the promotion of Judge Lazier, the junior judge, to the position. From a party point of view, he fairly earned this promotion by counting out Mr. Aylsworth, the Liberal candidate who defeated Mr. John White in East Hastings in 28u8, dealing in the most extraordinary manner with the irregularly marked ballots in order to accomplish the feat. It is true that his pecision was to some extent overruled by the Election Court, but only so far as to deprive Mr. White also of the seat, thus giving him the chance of contesting the constituency at a by election and with the Government influence in his favor."

This is an atrocious libel upon Judge Lazier, than whom a more honest, conscientious gentleman never sat on a judicial bench. So far from the statement of the *Examiner* being correct, the exact contrary is the truth. Judge Lazier, before whom the recount was had, rejected sundry ballots, which had been improperly marked by a Deputy Returning Officer at the instance of a leading member of the Reform party in East Hastings. As it happened, a large majority of these ballots were evidently intended to be cast in favor of Mr. Aylsworth, and the result was that a majority of the legally recorded votes was found to be in favor of Mr. White, whom the judge, as was his duty, declared duly elected on the face of the returns. A petition was entered, and although Mr. White offered to resign and fight the battle over again, the petition went to trial. Judge Armour, who tried the case, expressly sustained Judge Lazier's Judgement as to the ballots which he had declared to be illegal and censured the gentleman at whose instance the Deputy Returning officer had improperly marked them. Mr. White was unseated, but upon the ground that a minority candidate could not equitably be returned, and that the people could not be deprived of their votes by the blunder of an official. This plain statement of facts shows how grosely the *Examiner's* compound of fact and fiction has libelled Judge Lazier. An apology is due that gentleman from the libeller, and if not tendered voluntarily the Judge would be sustained by public opinion in instituting a prosecution for criminal libel. It is probable that His Honor may consider the Peterborough Grit organ too small game, but an example ought to be made of those reckless and unscrupulous writers who are ready to sacrifice any man's reputation when they can accomplish an object by doing so.

THE BLAKE CIRCULAR

The Montreal *Gazette* says:—"Our Opposition contemporaries were greatly rejoiced over th publication of "private and confidential" instructions printed for the use of Liberal Conservative Associations. It now turns out that at the moment they had the indecency to publish this document, Conservatives had in their possession "private and confidential" instructions issued by Mr. Edward Blake, to Clear Grit Associations. The Peterborough REVIEW, in an article which we print elsewhere, lets some light in upon the instructions of the Opposition leader, and thereby affords another illustration to the many already existing, which show that there is nothing to which that gentleman will not stoop in order to gain a point politically. The arrangement by which the assessor, sworn to perform his duty impartially and fairly, is to be made the instrument for the manipulation of the rolls in the interests of the party, will startle most people. The associations are to furnish the assessor, before he begins his work, with a list of those who should be added to or omitted from the list of qualified electors, and he, being a good Grit, is to act upon their instructions. Anything more infamous has never been suggested."

PROJECTING SIGNS.

To the Editor of the Review:

SIR.—As there is considerable excitement existing in town just now, caused by a raid being made upon projecting signs; and as this raid is being made under a By-law of the Town Council, I have been induced to send you the following questions.

Passing along George street to-day I saw one of those signs, projecting from the second story (a gilded mortar) being removed. As it was at such an elevation as not to interfere, or not likely to interfere, with anybody or anything passing under it, the thought struck me to make the enquiry to what *height* the jurisdiction of the Council extends in passing its By-laws—is it bounded by the clouds? or does it, the Council, claim to legislate for matters beyond them? If so, are the penalties for infraction to be enforced by our Police Magistrate?

It would, certainly, be a *novel scene* to see him sitting to adjudicate upon cases of that kind—I judge he would (bless his round face), consider it "*ultra vires*" of the Council.

As editors are supposed to know everything, will you, kindly, answer the above queries?

PRO BONO PUBLICO.

Peterborough, 10th Jan'y, 1882.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis. Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

REVIEWS.

THE PRINCE AND THE PAUPER.—Mark Twain's new work "The Prince and the Pauper; a Tale for young people of all ages," will be read with interest. In it the author essays a new style for him—the historical ramance. The story of the prince (Edward VI) exchanging stations with a pauper, is rather of the character of the works of the elder Dumas, but the idea is well carried out. Some of the scenes and incidents are a little coloured by republican proclivities, but they are interesting and ingeniously contrived. The Canadian edition, published for the author by Dawson Brothers, of Montreal, does credit to that enterprising firm.

An Actors' Troubles.

HARTFORD, Conn., Jan. 7.—Harry Bascom, now lying in the hospital in this city with both lege amputated at the ankle because of frozen feet, tells a strange story. He claims to be a graduate of Harvard, and to have been for many years an actor, playing with the Boston Museum Company, and in the support of E. L. Davenport and other actors of note up to a period ending about 1874. After this he met with vicissitudes. The year past was most unfortunate, and last Thanksgiving Day, being penniless, he started to walk from New York to Boston. He reached Windsor, Conn., with his feet frozen, crawled into a barn, and lay unattended and without food for two days. He was nearly dead when found and brought to the hospital.

NO HOSPITAL NEEDED.—No palatial hospita needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

SORE THROAT.—Apply Hagyard's Yellow Oil and take inwardly according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

WHERE IGNORANCE IS BLISS 'TIS FOLLY TO BE WISE.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

WHOOPING Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellows' Hypophosites. Whooping Cough is a nervous disease of so sympathetic a nature that a paroxysm may be produced in one susceptible by simply hearing the cough of another person. The above named treatment has been found singularly effective.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

MACK'S MAGNETIC MEDICINE CO.,
d138-w49-L23 Windsor, Ont., Canada.

YOUNG'S POINT.

From Our Own Correspondent.

MAIL AGENCY.—Mr. J. Stuart of this place place has been appointed agent for the daily and weekly *Mail* of Toronto. Every farmer whether grit or tory, shoule subscribe as it contains much valuable information about horses, cattle, etc., in every issue.

CORD WOOD, SAWLOGS AND TIES.—Mr. Geo. Chalmers sent up his Waterous Coy's steam engine to Sandy Point on Clear Lake last Monday, for the purpose of sawing the beech and maple logs into stove wood. They cut over 4,000 cords last winter, and expect to turn out as much this winter, if not more. Your correspondent intends to pay a visit to this shanty on the road to Burleigh Bridge, when snow comes. Asthur Dugan is the foreman, and he informs me that he has about 125 acres underbrushed, and got an immense quantity of sawlogs, large cedars, and has cut and skidded all ready for drawing. Arthur is a lively man, and cannot be beat in this county, for the work he is at, and that is clearing land and having every available tree which can be converted into logs, ties or cordwood, cut and skidded for the benefit of his employer. As the snow has not come in quantity enough, Arthur is to be seen wearing his felt hat on the back of his head—never mind Arthur we will have lots of snow yet, so cheer up and don't let your spirits go down. He is the boy to make things hop when it does come.

COARSE GRAINS, ETC.—Mr. George Chalmers has purchased a great quantity of coarse grains, pork and beef this winter, for his three shanties which is a great boon to the farmers around this section, it saves them drawing to the Peterborough market as he pays Peterborough market prices. Some of them can make two trips a day.

BLACKSMITHING.—The blacksmith who succeeded Mr. Lannin, is doing a roaring business, he has more than he can do. The farmers soon find out when a good man is at the anvil, and putting a shoe on a horse.

WAGON MAKER AND SHOEMAKER.—There is room in this village for a wagon maker, also a good steady shoemaker, both are badly wanted.

THE LAKES.—The ice on the lakes is good now for teaming on, the last hard frosts has made splendit ice. Oh! for the snow to come.

INDUSTRIOUS CHINAMEN.

A Good Word for the Much-Abused Mongolian—Working for low Wages.

They say that the Chinaman does whatever he agrees to, and that his work is satisfactory. All railway contractors prefer him to any other laborer. He receives only one dollar per day, half the price generally paid, but he usually accomplishes more by his steadiness, sobriety and perseverance, although lacking the strength and muscle of the Anglo-Saxon or Irishman, than any other race of workmen. He has almost no display of temper; he is not rebellious; he does not incline to sprees; he does not perform his task spasmodically. He is in every respect a thoroughly good, trustworthy workman. One hears much of the Chinaman's love of opium, in the form of smoking, and he generally does smoke it, often until he is stupified, often besotted with it. But this is in his hours of leisure; he rarely commits any excess when on duty. One thousand Chinese will commonly do more work on a railway in a given time than the same number of other laborers, because though inferior in brawn; they are so unswerving in performance. They are generally slow, seldom as energetic as the Anglo-Saxons or Irish; but their sureness can be trusted; they improve with experience and rarely alur what they undertake. While travelling through California, Oregon, Washington Territory, and elsewhere in this region I have had many talks in Pigeon English, with Mongolians, and their story is always substantially the same. They have no fondness for the country, but it is a good country to make money in. They are trying hard to get a few hundred dollars together, not many expect to raise more than a hundred dollars, and then they will go back home, buy a farm, take a wife and be content for the remainder of their days. Surely this is not a very rash or perilous ambition, nor can I perceive why or how it will, under any circumstances, endanger the peace or dignity of the industrial interests of the great Republic.—*Ex.*

Live Animals Thrown into a Crater.

The boast of the missionaries and their friends as to the work accomplished by them in Christianizing the Kanakas received a rude rebuff about the end of October last. Ancient Hawaiian history attributes the periodical outbursts of the volcano Kilauea to the power exercised by a mythical female—the goddess Pele. From time immemorial it has been the custom whenever a volcanic eruption took place for some notable chief or chieftainess to proceed to the mouth of the crater and to throw various articles of food or drink into the burning mass as a species of offering. The eruption of 1856 passed over without any such offering being made, but the avalanche of lava which threatened to destroy the town of Hilo during last fall, having assumed gigantic proportions, the natives clamored for a repetition of the old custom. Notwithstanding the remonstrances o the missionaries, and the religious advisers of the present royal family, the Princess Ruth—a sister of the Kamehameha—accompanied by a number of Kanaka chiefs, came from Honolulu and ascended to the crater. Into the burning, seething mass of lava two or three dozen fowls were thrown, a couple of goats and pigs immolated, some garlands of flowers, and a dozen of bottles of whiskey, rum and Holland gin served to wash the solid matter down the insatiable maw of Pele. Strange to say, the day after this performance, which wound up with a hulahula, the lava stopped short of a thousand yards from the town. The natives attributed this occurrence to the sacrifice made by the Princess, much to the disgust of the Gospel-spreaders, who had vainly interposed their objections.

NEVER NEGLECT A COUGH or Cold as they are very apt to lead to serious Lung troubles. Dr. Carson's Pulmonary Cough Drops have a wonderful effect in relieving and curing Coughs Colds, and all affectsons of the Throat and Lungs. As Dr. Carson is a well known Canadian physician of over 25 years succesful practic, there is a little wonder that his Remedies are so popular with the Canadian people. J D. Tully, agent for, Peterborough.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

For Sozodont all ladies cry,
And gentlemen, or high or low,
For nothing else that they can buy
Will give the mouth its freshest glow—
Will keep the moutn so sound and white,
And make the breath a sweet delight.

FROM ALL OVER.

IN some parts of Yorkshire, England, hundreds of farmers' labourers are out of work, many of whom will probably emigrate in the spring.

A CHINAMAN thus describes a trial in court:—One man is silent, another talks all the time, and twelve wise men condemn the man who has not said a word.

As a tonic nervine for debilitated woman nothing surpasses Dr. Pierce's "Favorite Prescription." By druggists.

A TEXAS paper suppresses the name of a man who kicked a blind man off the walk "because he is a prominent grocer, and only sends in his bill semi-annually."

HUXLEY thinks music causes a dog acute pain and no body blames the poor dog very much, considering the fact that the family dog has to hear all the family practising.

CONCERNING the campaign in favour of an Englishman's marrying his deceased wife's sister, a Boston paper wishes to know why Englishmen do not marry the sister in the first place.

HAVE HOPE.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

THE enormous population of India sustains the theory of population increasing on a vegetable diet. It is prehaps due to the plethora of meat that Australia makes such comparatively slow progress.

HAWARDEN, the parish in which Mr. Gladstone's home stands, is very large. It has a most unpleasant pre-eminence for tramps. In the past year over 1,600 persons were entered in the books as vagrants.

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

GRAVE fears are entered in Greece of the future of Chios. The island is said to be continually sinking, and there are reasons to believe that in time its entire surface may disappear from human sight.

IN the North-West the store keepers and restaurant men put up weather bulletins at their doors to fortell snows and blizzards. Weather prophecy is a regular business thereabouts, regardless of "Old Probs."

THE seeds of the disease are sown widely by carelessness, and the opportunity for a vast deal of severe suffering is created by neglect to attend to the premonitory symptoms of rheumatism and banish the cause by using St. Jacobs Oil, the great preventive remedy of the times and the stand-by of the people.

A "SOLER" locomotive has been placed on the French Northern railway. It is so called owing to an electric light which is placed in front and fed by the engine itself, and intended to illuminate the way for a long distance in front.

CITIZENS of Waukesha, Wis., are agitated over the approaching marriage of a youg girl of sixteen years to a pioneer settler of seventy three. The expectant groom is a widower, with two married sons, the oldest about forty years of age.

1—FREE OF COST.—All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of the Throat or Lungs—are requested to call at Taylor and Macdonald's Drug Store and get a trial bottle of Dr. King's New Discovery for Consumption, *free of cost*, which will show you what a regular dollar-size bottle will do.

A FEW desks in the reading-room of the British Museum are set apart "for ladies only," and one of the standing jokes of the room, perfectly supported by fact, is that they are never occupied, the ladies preferring to be with the gentlemen.

DR. PIERCE'S "Pleasant Purgative Pellets" are sugarcoated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and reliable. No cheap wooden or pasteboard boxes. By druggists.

A PERSIAN genius has invented a method of making horses step higher. He fastens a pair of magnifying spectacles to their bridles. The sticks and pebbles appear enormously magnified, and the horses throw their feet up tremendously to avoid these imaginary obstacles.

1—FARMERS AND MECHANICS.—If you wish to avoid great danger and trouble, besides no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Exch.* Sold by Taylor & Macdonald.

WISTAR'S BALSAM OF WILD CHERRY, the great remedy for consumption. This well-known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure for coughs, colds, croup, bronchitis, influenxa, whooping cough, hoarseness, pains or soreness in the chest or side, bleeding at the lungs, liver complaint, etc. Beware of counterfeits! Remember that the genuine Wistar's Balsam of Wild Cherry has on the outside wrapper the signature of "I. Butts," and the printed name of the proprietors, "Seth W. Fowle & Son, Boston." All others are base imitations. Examine the wrapper carefully before purchasing. 50 cents and $1 a bottle. Sold by dealers generally.

Preserving Woods.

That mortar is a preservative of wood is a fact well known, and many instances are noted of its value for this use. It has recently been stated that a schooner of unseasoned Maine timber, laden with lime, which went ashore and bilged forty years ago, was raised some time after and is still in service. Another instance is that of a platform, consisting of nine planks, which had been used successively by father, son and grandson for mixing mortar, was thrown aside, allowed to be overgrown with grass, and after sixty years was resurrected, and found to be in a perfect state of preservation. It is somewhat remarkable that no systematic attempt has hitherto been made to utilize this knowledge; but recently a method has been brought forth in France, based on these facts, which is simple, cheap, effective, and requires no special apparatus. It is described by a contemporary as follows:—Pile the planks in a tank, and put over all a layer of quicklime, which should be gradually slackened with water. The time required depends on the thickness of the wood. Timber for mines will be thoroughly impregnated in about a week. The material is said to acquire remarkable consistency and hardness after this process.

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does tha grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another colnmn.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

THE FACILITIES FOR

GETTING OUT

JOB WORK

are ample, and orders are pushed through with vigor, so that work can be got out in short time.

Orders from the Country

attended to with promptness, and work forwarded immediately on completion.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

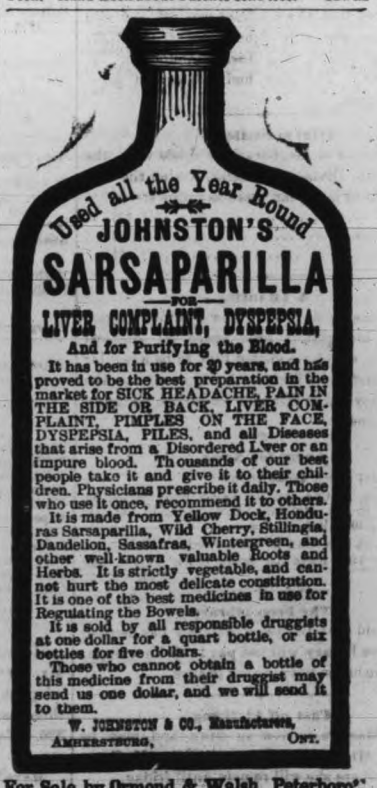
DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure, I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.



Sold by all druggists.

Lyman Sons & Co., Montreal, P. Q., Wholesale Agents. 1w1y

PATENTS!

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid-illustrated weekly paper, $3 20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw&l

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

Trustees:—John Sawers, R. J. Lee, J. R. Stratton.

In Trouble.

The youth mentioned below is well known here, where his parents reside. He has on several previous occasions appeared at the Police Court. The *Intelligencer* says:—

"For several weeks past a series of larcenies have been perpetrated in the Defoe House, and it was a mystery who the guilty party was. Several employees were discharged, but still articles kept disappearing. A day or two ago, however one of the employees had a pocket-book containing a sum of money stolen from him, and afterwards found it in the possession of one of the porters named Deffiney, who was arrested on Monday, and lodged in the cells. It is now suspected that he is responsible for the disappearance of the other articles. His case was brought before the Police Magistrate this afternoon.

"East Lynne."

This evening the fine Madison Square combination, supporting Miss Helen E. Jennings, appear at Bradburn's Hall, in the great emotional drama of "East Lynne, or the Elopement." We understand that several changes for the better have been made since their last appearance and the best performance that has been seen in town for some time may be expected. The company deserve well of our citizens and we bespeak a crowded house, as this is the last occasion on which they will play here. The splendid new orchestra will be present in full force.

A Grain Case.

The case of Bletcher v. Cluxton *et al*, which was an action for damages alleged to have been sustained owing to a failure of contract to sell plaintiff 13,000 bushels of barley at 91 cents per bushel f.o.b. at Port Hope, No. 3 grade excluded, came up at Toronto on Thursday. Plaintiff, on the strength of the contract, sold the barley to a Mr. King, but defendants then telegraphed that the contract was off, and sold to some one else at a higher price. Mr. Kerr for the plaintiffs, and Jas. Bethune for the defendants. The jury had not agreed when the court rose.

Vital Statistics.

The number of Registrations made with the Town Clerk, Divison Registrar, during the last six months of last year, were as follows:—

Births	105
Marriages	36
Deaths	55

A Lunatic.

Dr. Kincaid's assailant, now confined in gaol awaiting his trial, is pronounced by medical gentlemen, who have visited him, to be a regular lunatic, and they advise his removal to the criminal asylum at Kingston, and such no doubt will be done.

Away for News.

The Port Hope *News* says:—

"Mr. Geo. A. Cox and Mr. Lewis Ross started for Winnipeg in the Midland Railway Official Car last Wednesday morning."

As far as Mr. Cox is concerned he didn't go, but then you have to leave town to get the news.

The Free Library.

It is said that Brewster Milligan has decided that a free library will not pay in Ashburnham, unless the house has a liquor licence.

Cast off Clothing.

Mrs. Masters is now in town and may be seen at Miss Wilson's opposite the Huffman House, where she will remain until friday.

BOARD OF EDUCATION

THE LAST MEETING OF THE SCHOOL BOARD OF 1881.

A Short but Important Session—The Annual Financial Statement, Accounts, Votes of Thanks, Etc.

A special meeting of the Board of Education, the last of the Board of 1881, took place at the Collegiate Institute building on Tuesday evening.

Present—James Stevenson, Esq., Chairman, and Messrs. Stratton, Dumble, McClelland, Rutherford, Wrighton, Poussette, Denne and Burnham.

The minutes of the last meeting were read and confirmed.

COMMUNICATIONS.

From the Educational Department, warning trustees, inspectors and teachers, against allowing the use of unauthorized books in the schools. —Received.

From Mr. J. Braden, stating that the Public Schools opened on Monday last with a large attendance, numbering 871.—Received.

From the same giving the attendance for December as follows:—

	On Roll.	*Avge.*
Central School	496	433
South Ward	231	203
West Ward	154	133
	851	739

A RESPECTABLE MOTION.

Moved by Mr. RUTHERFORD, seconded by Mr. DENNE,—That the report be received and adopted, and that the same be published in the three papers in town, the cost not to exceed $25.—Carried.

CHILDREN OF SCHOOL AGE.

Moved by J. R. STRATTON, seconded by A. RUTHERFORD,—That the Chairman of this Board be instructed to confer with the Mayor and Town Council, with a view to having another column added to the assessment roll, and having their assessor instructed to place in said column the number of children between the ages of 7 and 12 years in each family in the town, so as to afford definite information as to the attendance at school of children between said ages, making the distinction usual as to religious faith of parents, so that the Board may be in a position in future to enforce the school law where it is not being complied with. —Carried.

NOTIFYING TEACHERS.

Moved by J. R. STRATTON, seconded by Dr. BURNHAM,—That the Secretary be instructed to notify all the teachers that the Board desires that the examination usually taking place at the close of each term be held on the last two or three days of the term, so as to avoid the inconvenience to pupils and loss of time, consequent on holding them from one or two weeks before a term terminates. Also that the teachers be notified that their presence is required on the morning of the first day of the opening of the schools after vacations, so as to allow work to be proceeded with at once without any unnecessary delay.—Carried.

A VOTE OF THANKS.

Moved by J. R. STRATTON, seconded by JOHN MCCLELLAND,—That this Board cannot allow the retirement of D. W. Dumble, Esq., and W. Toole, Esq., to take place without placing on record the feeling of deep regret felt by all the members. They have both been Trustees for a number of years, and have been regular in their attendance, and constant in their devotion to the best interests of education in the town, always enjoying the confidence of their fellow trustees, who take this opportunity of expressing their deep felt regret on account of their absence from the deliberations of this Board.—Carried.

The Board then adjourned *sine die*.

The Weather.

The weather during last night turned out very stormy. To-day is warmer but still rough. The sleighing is not yet by any means good and more snow is wanted. The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes —Fresh strong south westerly to north westerly winds, cloudy to fair weather with local falls of snow. Lower temperature.

Matrimonial.

We beg to congratulate our friend Abrahams, of the Belleville *Ontario* upon his elevation to the benedictine ranks, particulars of which will be found in another column, and hope the wedded life of the young couple may prove "all that their fancy painted."

The Horticultural Society.

The annual meeting of the Horticultural Society took place last night. The attendance was not very large. The annual report was presented and the officers for the ensuing year elected. We will give particulars to-morrow.

Councilloric.

The old Town Council meet for the last time on Friday night. The new council meets on Monday next at 10 o'clock, as provided for by law.

Dr. Carson's Pulmonary Cough Drops are an excellent Expectorant loosening the phlegm far more readily than any other preparation. For Coughs, Colds Bronchitis, Tickling in the Throat and Soreness and Tightness of the Chest, they have no equal. In large bottles at 50 cents. J. D. Tully, agent, Peterborough.

Mark This.—Neither glanders, bots, inflammation of the lungs or bowels, stiff joints, ringbone or spavin, ever prove fatal or permanently injurious to a horse that gets Harvell's Condition Powders mixed with his feed. Mark this, and profit by it! These great specifics are sold everywhere.

Perry Davis' Pain-Killer.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

A HOME CONVERSATION!

He fairly howled as he slammed the REVIEW on the floor and jumped on it.

"Why, whatever is the matter, my dear," said Mrs. Keepitup.

Matter enough! Confound these advertisements of Dolans' with their "Telegraphic News" and "Advice," and all that. They will have themselves read—no matter how a chap tries to dodge them. They are worse than St Jacobs Axle-greece. And what's a hanged sight more, I believe you read them, too. I know it. These fellows are making money out of my pocket every day.

Since they moved into the new stores half the town has been running there.

Just so, my dear, but the town has to go somewhere, and if they can do better at DOLAN'S—the same as I can, who's to blame them for going?

"All right, buy what you like as long as you don't buy the BABY SHIRT."

The above is a section of an overture between an estimable couple. THE PEOPLE ARE RIGHT.

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

NOTICE

IS HEREBY GIVEN that an application will be made to the Parliament of Canada, at its next session, for an Act amending the Act of Incorporation of the Ontario & Quebec Railway Company, so as to enable the Company to acquire the charter of or amalgamate with the Toronto, Grey and Bruce Railway Company, and to acquire the charter of or amalgamate with such other railway company or companies as the Ontario and Quebec Railway, when constructed, may connect with intersect or cross, or which may be a feeder, or an easterly or westerly continuation of the Ontario and Quebec Railway; or to lease all or any of such railways, and also for other amendments to the said Act.

W. H. LOCKHART GORDON,
Solicitor for applicants.

H. C. ROGERS, Postmaster.

English Advertisements.

Sulpholine Lotion.—An external means of curing skin diseases.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

Sulpholine Lotion, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

Sulpholine Lotion.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

Sulpholine Lotion.—Bottles containing nearly half a pint.—Sold by Chemists everywhere. Made in London, Eng.

LIVER COMPLAINTS.

Dr. King's Dandelion & Quinine Liver Pills (without Mercury.) The best remedy for Billiousness, Stomach Derangement, Flatulence, Pains between the Shoulders, Bad Appetite, Indigestion, Acidity, Head-ache, Heartburn, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and miluest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

Pepper's Quinine and Iron Tonic strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

Pepper's Quinine and Iron Tonic rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

Taraxacum and Podophyllin.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

NEW YEAR'S!

We wish to invite the attention of consumers to the merits of our stock of

STAPLE GROCERIES,

To say that for Extent, Variety and Freshness, our stock is unexcelled by any house doing trade in town, is a statement entirely within the truth. Our

HOLIDAY FRUITS and GOODS

generally have been purchased with great care, and with the express intention of satisfying everyone in regard to prices and quality.

In addition to our LARGE stock of

TEAS, SUGARS,
SYRUPS, COFFEES,
SPICES, CANNED GOODS
SALT and FRESH WATER FISH

and Groceries generally, we deal largely in

PRESENTATIOM GOODS,

MOTTO CUPS & SAUCERS,
MUGS, VASES,
FLOWER POTS, Etc.
LAMP GOODS,
PLATED WARE,
PARIAN WARE,
DRESDEN CHINA,
IVORY WARE,
GLASS WARE,

And knowing that a large number of our custom rs and the public annually wait for our opening of Holiday Goods, we have a stock this season unusually attractive. We shall be most happy to have everyone call and make their selections early.

REVIEWS.

PICTURESQUE CANADA.—The first and second numbers of "Picturesque Canada," are now before us, and though we had been led to expect much, we must own that our anticipations have been surpassed. With Principal Grant, of Queen's University as editor, and Mr. L. R. O'Brien, President of the Royal Canadian Academy of Arts, in charge of the artistic department, the result could not fail to be gratifying. The illustrations are admirable, and are profuse, while the letter-press is most interesting, giving a graphic, historical and topical account of the various localities. The publishers, the Art Publishing Co., of Toronto, have also done their part well, the typography, paper, and general appearance being excellent. This thoroughly Canadian work is a credit to our country, and no one should be without a copy who can afford it.

"East Lynne."

By special request the Madison Square Company will repeat "East Lynne" at Bradburn's Hall to-night. As the company appears in Port Hope to-morrow night, this will positively be their last appearance in Peterborough. The attendance last night was only fair, and not such as the great merit of the play deserved. The house should be filled on this occasion.

The Weather.

The weather probabilities for this district for the following 24 hours as reported from Toronto, at 10 a.m. by the Great Northwestern Telegraph Company, are as follows:—Lakes Light to moderate winds. Fair weather. Stationary or slightly lower temperature.

That Grain Case.

The case of Bletcher vs. Howden, which we reported before as Bletcher *et al*, getting our information from the *Mail*, was decided on Wednesday in favor of the plaintiff, who was awarded $825, the amount sued for.

On Their Muscle.

CHICAGO, Jan. 12.—The jury in a case here yesterday disagreed and were discharged. Gen. Stiles, counsel for plaintiff, and Gen. Jones, one of the plaintiffs, and A. S. Trude, counsel for defendant, began a dispute in the presence of the court, as to how the jury stood. A newspaper reporter knocked Jones down and Stiles rushing to defend his client was knocked by Trude against the marble wainscoting and cut under one eye, Jones then hit hit Trude in the neck, making a painful wound. Policemen and friends separated the belligerents. Trude afterwards apologized, but Stiles refused to hear him. The attendance of a surgeon was necessary. There was a great deal of bitterness among the counsel in the case, charges of "jury fixing" being made on each side.

ONTARIO LEGISLATURE.

FULL TEXT OF THE LIEUTENANT GOVERNOR'S SPEECH AT THE OPENING.

The Rivers and Streams Bill—The Prosperous Country—The Tender Sale—The Statistical Bureau.

The Ontario Legislature was opened in due form this afternoon. The Lieutenant Governor's speech was as foilows:—

Mr. Speaker, Gentlemen of the Legislative Assembly:

It is with much pleasure that I once more bid you welcome to the metropolis of this Province and that I congratulate you upon the encouraging circumstances under which we assemble, for the performance of the resposibility with which as the representatives of the people you have been put in charge of.

The public revenue for the year has considerably exceeded the amount estimated. The year has been one of general prosperity, the result of the late abundant harvest, the general revival of trade in all countries and the consequent demand for the products of our fields, forests and mines. The recent census taken since the last session has shown that the population of the Province has increased by nearly 300,000, and amounts now to nearly two millions, notwithstanding that a large number of our people, from various causes, have, during several year past, left the Province.

I regret that since your last session no progress has been made towards the recognition of the right of the Province to that extensive portion of its territory, our title to which, notwithstanding the award of the distinguished arbitrators appointed by the two governments, the federal authorities have continued to dispute. The grave practical evils resulting from the dispute have since you last met been greatly increased by an act of the federal parliament transferring to the produce of Manitoba, so far as relates to provincial jurisdiction, the claim of the Dominion to the most valuable portion of the disputed territory, including our organized municipalities south and east of the Height of land. While the bill was before the House of Commons I addressed to the Federal Government a despatch protesting on behalf of Ontario, against this part of the intended act. A copy of my despatch with other papers relating to the territory will be laid before you.

I regret that I have to refer to the act of last session for protecting the public interests in rivers, streams and creeks. The competency of the Legislature to pass the act was not questioned, and the act was disallowed mainly upon the ground that the Minster of Justice did not approve of the mode of exposure of the property affected by the act. The correspondence on the subject will be laid before you. The object of the act is of such importance, as well to those engaged in the lumber trade, as to the Province in general, and the duty of associating the right of the Legislature to deal according to its own judgment with all matters within Provincial jurisdiction, is so urgent, that a bill for the same purpose as the disallowed act will without delay be submitted for your renewed consideration.

I congratulate you that recent decisions of the judical committee of the Privy Council have set at rest all question as to the right of the Provincial Legislature, to legislate as our interests may from time to time require on matters internal, and in particular on the law of insurance. Some further provisions seem now necessary in order to render effectual the Legislation which had for its object the insuring of uniform fire policies, and I invite your attention to the subject. I regret that the right of provinces to property which is escheated for want of heirs, unanimously maintained by the highest courts in Ontario and Quebec, and acquiesced in by the federal Government for several years, has on a recent appeal to the Supreme Court of Canada by that Government, in the name of defendants in a well known case, been negatived by a majority of the judges of the court. The case in litigation is but one of several cases of the same kind, which have occurred since confederation, and the constitutional question involved is so important, and some of the grounds on which the decision proceeds are of such far reaching application, that I have lost no time in taking the necessary steps for obtaining a review of the judgment by Her Majesty's Privy Council, and there is strong reason for expecting a favourable result.

I congratulate you on the general favour with which the report of the Commissioners appointed to inquire into our agricultural resources, and the requirements of the Province, has been received by all classes interested in agriculture. I have anxiously considered what further means may be employed to aid this great industry and to promote the welfare of the population engaged in it. During recent years in Great Britain and other European countries, also in the United States of America, and the Australian colonies of Great Britain, great advantage has been found to result from the collection of reliable crop reports, and other agricultural statistics. A measure to secure a like advantage to this Province will be submitted for your consideration.

I have also to recommend to your consideration such changes in the law respecting the Agricultural and Arts Association as may increase the useful necessity of that organization, and bring its operations into harmony with the present needs and circumstances of the country.

A Bill respecting market fees will again be submitted for your consideration.

Among the other measures which will probable be laid before you, and to which I invite your attention, are a Bill for amending and consolidating the laws respecting line fences, ditches, and water courses; a Bill to provide by a general law for the construction of waterworks in cities, towns and villages; a Bill providing for the crossing of railway tracks by streets and roads; a Bill for the inspection of boilers, with a view to affording some additional security against explosions: a Bill to make provision for maintaining and promoting the public health; a Bill for further simplifying the laws concerning law, property and conveyancing; a Bill to remove some of the defects in the law of evidence; a Bill to place on a more satisfactory footing the law of libel, and a Bill to facilitate the establishment of free tolls.

It having become necessary in the interests of settlement and revenue, to place, as timber limits, a few townships lying to the south of the French River and Lake Nipissing, in the Parry Sound and Nipissing Districts, the activity of the timber trade last year, afforded considerable opportunity of selling at public auction the right to cut pine timber in these townships, covering the limited area of 1,321 square miles, and it is gratifying to know that the result was most satisfactory, the sale having, among other advantages, increased the available means of the Province beyond three quarters of a million of dollars, besides adding to the revenue the annual rent to which purchasers are liable, on the timber which they may cut.

In consequence of considerations not within the control of either Government, the accounts between the Province and Dominion are still unsettled, and money coming from common school funds for local improvements in counties in which the lands that provided the fund were situated, has not yet been received by the Province. In view of the prolonged delay I recommend the payment of the principal, about $125,000, to the counties interested, out of the consolidated revenues of the province, in anticipation of the receipt of the money from the Dominion.

The subject of constructing new Provincial buildings adequate to the growing requirements of the Province, and the necessities of the public service, has continued to receive my attention during the past year. Much more time than had been expected was consumed in procuring the necessary modifications to be made in the plans, received previous to your last session, and in the preparation of the specifications. This preliminary work has now been completed, tenders have been called for, and the result will be communicated to you.

The public accounts showing the receipts and expenditure of the past year and the estimates of monies required for the services of the current year, will be laid before you. The estimates have been prepared with every regard for retrenchment consistent with the public interests.

I can't let the present opportunity pass without expressing in my own name, and in that of the people of this Province, regret and indignation, which, in common with the whole civilized world, we felt at the shocking and unprovoked murder of the late honoured and lamented President of the United States. By no community was President Garfield's death more sincerely mourned than by the people of Ontario.

I now leave you to the onorous and important labours, in which, for some time you will be engaged. I desire to express the hope that your deliberations and decisions, will, as on former occassions, be such as to manifest your wisdom and your patriotism, and the continued prosperity of the varied resources of our great Province, and to the increased well being of its inhabitants.

MIDNIGHT TELEGRAMS

AMERICAN.

BOLD BALDWIN.

NEWARK, N. Y, Jan. 11.—It is stated that Baldwin, defaulting cashier, was examined by a grand jury yesterday regarding the alleged irregularities of certain officers of another financial institution, other than the Mechanics' National Bank.

SHERMAN'S CROOKEDNESS.

NEW YORK, Jan. 11.—The *Tribune's* Washington special says that it is reported that the committee investigating the treasury contingent fund has discovered several treasury mechanics worked at intervals upon Sherman's new house, and also learned that Sherman paid them out of his own pocket with the exception of Brown. Brown's bill has never been presented to Sherman, hence it was not paid by him.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

CABLE.

ANOTHER PLOT.

ST. PETERSBURG, Jan. 12.—Three men have been arrested for taking observations and measures on a bridge close to one of the Emperor's habitual sitting resorts.

FROM THE NORTH.

ST. PETERSBURG, Jan. 12.—The first news from Yakutsh since the 20th of Dec, was received yesterday. There is no direct news of the Jeannette. The inhabitants of the shores of Goats, of Yakutsh and Yeniseick have been informed of ship-wrecks and have been asked to make the necessary research for those men who have not yet been found.

AMERICAN.

THE POOR FOOL.

WASHINGTON, Jan. 12.—Guiteau said yesterday that his speech will surpass Porter's and will read like one of Cicero's orations. It will be a grand affair. I am sure of an acquittal. Porter is two much for Scoville. It takes me to match him.

THE REPUBLICAN PARTY.

NEW YORK, Jan. 12.—The *Tribune's* Washington special says that one of the most prominent Republican members stated yesterday, that he feared the feeling of the people and the Republican members on account of some appointments was gaining rather than losing strength and intensity, not so much on account of personal illfeeling, as because of the impression that the composition of some of the committees was such as to hazard the interests of the Republican party.

THE SPEAKER'S POWER

NEW YORK, Jan 12.—The *Herald's* Washington special says that the vote in the House on the proposition to deprive future speakers of the power to appoint committees, developed much more strength than was expected.

AN IMPORTANT SPEECH.

NEW YORK, Jan. 12.—The *World's* Washington special says that the interest in the country in the Civil Service reform question is illustrated by the fact that several editions of Pendleson's speech were exhausted, and it has become necessary to stereotype the speech in order to satisfy the demand for it.

MORE CONSOLIDATION.

CINCINNATI, Jan. 12.—The transactions recently closed and those now under consideration point to the consolidation of all the great iron producing interests of the South in a small number of hands.

A FEMALE SHARPER.

NEW YORK, Jan. 12.—Mrs. Dow a broker in the city of Philadelphia is supposed to be Mrs. Warren, who formerly was President of the Ladies Stock Exchange here, which collapsed suddenly, leaving a number of victims to mourn their losses.

PRIZE ESSAYS BY FARMERS.

THE Agricultural and Arts Association of Ontario offer two sets of prizes of $30 and $20 each, for essays on the following subjects :—

1. Manures: Their preparation, application and effect on growing crops, and in maintaining and increasing the fertility of the soil to which they are applied. Competition on this subject to be restricted to practical farmers cultivating land within the Province of Ontario.

2. The Homestead: Its arrangement and surroundings, with regard to convenience and comfort combined with economy, healthfulness and picturesque appearance; including choice of site, dwelling-house and offices, water supply, drainage, farm buildings, shelter-belts, gardens and shrubbery.

Open to general competition.

The length of these essays must not exceed twenty-five pages foolscap to be written on one side only.

The manuscript to be sent to the Secretary of the Agricultural and Arts Association, not latter than the 1st August next.

WHAT DOES IT MEAN?

IN a recent article on "farmers' prices and farmers' expenses," the *Globe* in summarizing its objections to "the tariff robbery" says :—

2. That notwithstanding the increase in the price of some farm commodities, the bulk of the farming community would be, at the present time, not a bit better off than in 1878, even if there were no increased prices to be paid for supplies.

We feel very much like offering a reward for the solution of the conundrum contained in the *Globe's* No. 2. Even if supplies were now the same price as in the glorious days of 1878, the farming community are no better off at the present time, notwithstanding an increase of prices in some of the commodities they have to sell. How can that be? Better prices, that means more money for what they have to sell, and then the *same price* for what they have to buy, and yet they are not one bit better of! That is they may get $125 for the same quantity of wheat, or some other article, that would have brought them $100 in 1878, and even if they got exactly the same quantity and quality of articles now for a hundred dollars as they did in 1878, yet they would not be one bit, we suppose that means one cent, better off now than then. What in the name of not common, but *Globe* crank sense becomes of the other $25.

THE LINDSAY CENTRAL.

We have received the Auditor's report of the Treasurer's accounts of the Lindsay Central Exhibition, of which the following is an abstract :—

JAMES KEITH, TREASURER, IN ACCOUNT WITH THE CENTRAL EXHIBITION.

Dr.

To Cash, Gate money	$ 2,385 85

" Auditor, H. Wade	9 00
" " J. H. Knight	5 00
	$ 2,580 56

We the undersigned, certify that we examined the Treasurer's accounts and vouchers and found them correct.

H. WADE, J. H. KNIGHT, } Auditors.

To the guarantee fund in order to meet the liabilities, South Victoria contributes $269.82; North Victoria, $38.56; West Northumberland, $19.28; East Durham, $19.28; West Durham, $19.28; and West Peterborough, $19.28; total, $385.50.

DR. CARSON'S Pulmonary Cough Drops are an excellent Expectorant loosening the phlegm far more readily than any other preparation. For Coughs, Colds Bronchitis, Tickling in the Throat and Soreness and Tightness of the Chest, they have no equal. In large bottles at 50 cents. J. D. Tully, agent, Peterborough.

O'GRADY TO THE REVIEW.

DEAR REVIEW.—My friends abroad thinks I'm de d but sure yez know I aint for I promised to let yez know if I was. Some blackmailer sed I'd been indulging in Apsley whiskey, hence the report, but that was impossible, for sure has'nt our eminent physician proved after a series of experiments that the stuff is not fatal. Dr. Miller is not like most doctors, who like to be experimenting with their pizin on other folks, he tuck it himself like a little man, moreover he has proved it is like many other deadly pizins when taken in large quantities it acts as an anecdote for itself, for as the Dr. says *similia similibus* don't yez think the Dr. a public benefactor, but deed indeed, he experimented twenty dollars two much. We've had hunters galore in the woods this foll. Mr. Joe from "Batchelor's Retrate" he pitched his tent on an island in Jack's Lake for a while, but the cowld soon made him pull up stakes and move into his ould quarters Buckskin Lodge where he was found to entertain all callers sumptuously. He had only just got fairly settled down when the cards of Mrs. and Miss H. were handed in and ladies ushered into the big front room by the footman. After a general introduction and a general talk over things in general the ladies were invited by their engaging host to partake of a sumptuous repast. The ladies spak in high terms of Mister Joe also the others, also the wine and good things they got, the wine in particular that was'nt a higher colour than ould rye or malt. *It was so nice but so strong*, it quite made their heads go round. Then after a long and instructive conversation on the evils of liquor traffic, religion etc., the party broke up and the ladies were escorted on ther way home. Deed then Joe need'nt heed what the gossips say, for dos'nt the scripture tell us blessed are they who entertain strangers for by so doing *some have entertained angels unawairs*. There was another at Jack Lake of Yankees genuine Yankees that chewed fine cut and cust and swared and kind'er spit tabacco in a clear stream through a key-hole six feet off. They had great guns and when they let loose it'ud put you in mind of Fort Sumpter, I never seen such guns they worked with handles like a pump and when a deer ud come into the lake they'd begin to pump with all ther might and the balls would begin to fly like hail all over, *barrin the place where the deer was*. The day after that great cannonade twas thought that the land pirates made a sortee on them, they sailed down under cover of darkness and cut out the whole fleet, except the old St. Joseph, they cut her moorings and sent her adrift in the harbour. I'm told our long headed men are contemplating a sort of Panama canal from Stony to Jack Lake by way of Jack's creek. The scheme is plausable, but our members have always had such an amount of head work to do that they never have had time to attend to it till now. I believe they are to have an engineer on the rout before long. His honor is yet running the municipal machine up here. I never knew a man who cud run a machine with less grease. He has had a long pull of sickness—he looked like as if he was sent for—but he would'nt go—he was so poor you might split pumpkins on his nose, or cut tobacco wid his shinbone. His Highness the Aashatee Prince dos'nt cum out much, he is in constant dred of the Nihilists that he hears are slaughtering all the Nobility, and he fears they are hovering around the neighborhood. The Government I see have had another sale of timber limits, and the *Independent* man at Bobcaygeon wants to know what they are going to do with their quarter million dollars, faith he's a cute crature that same lad. I suppose they'll furnish the Corkscrew brigade wid new tools and a fresh supply of ammunition. They tells me any man in that body that can't draw a cork the first pop without breaking it, is taken from the front rank and sent into the ockward squad and drilled until he is complete. It may be axed what they'll do when they they've run through all that money. Why then sell more limits to the Yankees my dear—to buy more ammunition and corkscrews, and so on, and at last sell us to the Yankees and act Jay Gould, and move over to Detroit beyant. The cold weather has come, and all the ducks and geese have moved south long ago, but it has caused the local preachers to flock north. They are the boy's to know about the time the farmer's old women kills the poultry off, and if there's a good goose or turkey for dinner they'll find the place quiet and aisy as a raven ud find a dead deer in the woods. But then there's no rule widout an exception, as little Fitzpatrick the school master used to say. We had one gentleman last summer stationed at Apsley from the neighbourhood of Kingston, who was a Presbyterian student, a thoroughly good man, he did'nt preach and pray for money, he was'nt afraid to laugh and enjoy a joke like some, and he was'nt afraid to call upon persons of other denominations as well as his own. At home or abroad he was always the same David Forrest. He could mourn with those who mourned, and rejoice with those who were glad. They have taken him away from us, but we just want them to lave him back when they've done wid him. His wife was worthy of him, which is saying a great deal. There's great competition here over a six-foot rale, of course there's some raison for the boy that's occasionally behind the counter to want it to measure calico, or the farmer's boy, as two lengths of it would make a rail cut. But what a physician can want a six-foot rule for is more nor we can comprehend, except he's going to sell physic by the yard, which is all pshaw. A young lady up here says lately O'Grady's letters are not interesting, and that she can't read more nor half of one at a time. Not long ago, a school marm, not many miles away let on she was so virtuous that she would'nt trust a maskeline male gender widin forty rods, but there turned up a reckless young he-male in that part that did'nt value his life and had'nt been schooled in long-range-courtship, so he ventured widin the forbidden limits, but still he was alive when last heard from, and so was the school marm. We had a great swarree in the Temperance Hall on Christmas day. It was in aid of a Lakefield man who preaches here sometimes. There was slangs of pie and cake too, hot tea, and ducks that might be ate in Lent without breaking the rules of the church; and there was girls galore and to spare. Every boy had his girl, and poor Tzia, that they say can't get a girl, he had one there on his own hook. The entertainment wasn't very good, except Bridget the housemaid, that was well acted by Miss Lightbody—also a song by Mr. and Miss McIlmoyl and a young lady from Peterborough. I don't no who has tol me dat Peter has marree some grate lady on the Montre-bec-bullee la Peter for la N. P. Mr. Roly Walton's countenance shines like the morning star since he jined the ranks of the National Policy. Duncan up here is trying his hand to be a lumberman, but his coat isn't the right cut; it isn't big enough, don't trail on the ground and he hasn't the big buttons on it, nor the Norwegian cap wid a tassel on top, so he can't qualify. We've had Vennor's cold snap and it nearly snapped the nose off the clerk in Lynch's shanty, for he got his proboscis frozen in bed and serve him right, he ought to get married. The man that invented that 25 cts in shoddy lives on the East Road, and is known by the insignificant name of Sprat. I suppose you heard about the pistol business, how his chief justiceship made Frank pay twenty dollars for not shooting Jolly Jack, and how he also made the hero in a thousand Indian battles and scrimmages fork out two dollars in aid of the township funds for making use of forcible American grammer towards Franky, contrary to law made and provided. Young O'Grady's trip to Hastings was good, but we don't know much about Hastings, but we know the barber there—he was up here and hung out his pole at Crab Lake for a while, but couldn't shave the old bucks in that vicinity, and Arthur hooked his bottle, that's no wonder, as a cod-fish is always dry when ashore. I know Jack and his razors too, he's scraped me many a time; he uses two kinds—the rather aristocratical for gentlemen, and the celebrated saw-blade or Grand Junction for a hard face. We won't mention names but a man in this neighborhood wid a timber toe and a heart of the same material, had a calf die or dying from eating paris green, he skinned it, took the meat to Apsley and sold it to the tavern-keepers, who were, with many other parties, nearly poisoned thereby. The chieftain showed his disapproval by fining the old lad. We've a new way up here of taking cows on shares. Patsey F——ty gave Mickey O'B——n a cow on shares; Mickey wanted beef, and as he couldn't divide the cow alive, he kilt it; Mickey ait his half and as Patsey wasn't there, what could the ould boy do but ait the other half too? What could be fairer? Mr. Haile's William took first prize as the prettiest man at the show. Our Reformers up here are behaving of late years so ye wouldn't know them from other men. Mrs. Jones went for the other fellow that looks like me wid an alpeen. Aggie Jane she is a bouncing fine lass. We have a span of the longest girls in Ontario up here now. The Good Temple fell into a rapid decline during the spell of hot dry weather last summer. They takes lots of stimulants now but it does not seem to revive them much. Civilization seems to be dawning on Apsley in the dim distance, our man tried lately to cut another's throat and came near doing that same. Another nearly shot wid an empty revolver, and the day after New Year eyes were knocked out and knocked in again. But about our Council I will now not say much yet, all the old councillors in. Our county and township rates are higher than ever this year. That's extravagant economy, and the school rate as much as both put together. P. S. is the bell ringer, his duty was to ring the old year out and new one in, but P. got obfusticated and the old year got out and the new one slipped in without any interference on P. N's. part. I saw one of the finest buck skins at Mr. John Radcliff's store, that I have seen for a long time, it is very large and well dressed, and I should think nearly large enough to make a good pair of moccassins for a gent who is employed at Lakefield as clerk and agent. By the bye I think Lakefield may be congratulated on the return of an old settler one of the "rael old stock" of gentlemen, who were once numerous there, but alas, no more. I'm tould ye can tell the Lakefield young ladies by the rents in their dresses caused by projecting nails in the side walks. Its meself had a misfortune, a short time agone. I sat down in a hurry on a smoth place on the ice, and by the great St. Patrick, I thought me back bone was druv through the crown of my head, they wanted to put me into a strate jackect. The Old Poacher does be blowing about all the fat deer he killed this fall, as if he didn't have a lane one at all, at all. Our forlorn old batchelors would like to edit a newspaper—ye'll mind and put in this notice. Lost, stolen, strayed or mislaid, one black and white spotted letter in a brindle envelope, the property of Dan O'Grady, and directed to REVIEW office, was lost about 26th September last, any one to whom it is traced on in whose posession found will be furnished with Government board, washing and lodging. Now Mr. REVIEW if ye'll kindly slip the above into your journal we'll pay ye, when Parnell is King of Ireland and the O'Grady's are reinstated in their ancestral halls.

Yours truly,
OLD DAN O'GRADY.

Apsley, 9th Jan., 1882.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

WHOOPING Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellows' Hypophosites. Whooping Cough is a nervous disease of so sympathetic a nature that a paroxysm may be produced in one susceptible by simply hearing the cough of another person. The above named treatment has been found singularly effective.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordance therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.
Peterborough, 16th December, 1881. d146

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Dept. of Railways and Canals, Secretary.

The Best Field FOR EMIGRANTS.

AN IMMENSE AREA OF RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co, in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

LAKEFIELD NEWS.

From Our Own Correspondent.

COUNCIL MEETING.

The last meeting of the Village Council of 1881, was held in the Council Room on Monday evening last, Jan. 9th.

Members present, Mr. R. C. Strickland, Reeve, and Messrs. McWilliams, Nelson, Horner, and Garbutt, Councillors.

The minutes of former meeting were read and confirmed.

Moved by Mr. HORNER, seconded by Mr. NELSON,—That collector be credited with the sum of $4.06, amount of arears of taxes against Mr. Hamilton's property, the same being assessed twice.—Carried.

Moved by Mr. MCWILLIAMS, seconded by Mr. GARBUTT,—That the following accounts be paid, and that the Reeve's order do issue for the several amounts, viz :—

W. H. Casement, nails &c.	$ 3 35
C. Payton as poll clerk and postage	2 55
W. C. Sanders, postage, acting as Deputy Returning Officer and amount of account	17 01
G. Doman, rent and caretaking, &c. of Hall	63 00
G. Doman, 1 day as door keeper	1 00
Total	$86 91

—Carried.

There being no other business before the Council Board it was moved by Mr. Horner, seconded by Mr. Nelson,—That this Council do now adjourn *sine die*.—Carried.

SCHOOL BOARD MEETING.

The Lakefield School Board met on Friday evening last, Jan. 6th, in the Council Room of said Village.

Members present, Messrs. Galvin, (chairman of the Board) Sanders, Cox, Isbister, Dr. Caldwell and Wilson.

The meeting was called for the purpose of organization, &c.

The Secretary of the Board announced that Messrs. Sanders and Caldwell were duly elected as members of the Board. The new members made the required declaration of office, and took seats at the Board.

Moved by Mr. ISBISTER, seconded by Mr. COX,—That Mr. Galvin be and he is hereby re-appointed chairman of this Board.—Carried.

Moved by Mr. SANDERS, seconded by Mr. WILSON,—That Mr. W. H. Casement be appointed Sec'y-Treasurer.—Carried.

Moved by Dr. CALDWELL, seconded by Mr. WILSON,—That Messrs. Cox and Isbister be and they are hereby appointed a managing committee for the ensuing three months.—Carried.

Moved by Mr. SANDERS, seconded by Mr. WILSON,—That this Board do now adjourn until the evening of the second Tuesday of February.—Carried.

DISTRICT ORANGE LODGE.

Lakefield District Orange Lodge meet in the Orange Hall, Lakefield, on Tuesday afternoon, Jan. 10th, in annual session. A benevolent grant of $10 was made to a brother who has lately been ill. The following were elected office bearers for the current year, viz :—

Bro. W. C. Sanders	W.D.M.
Bro. W. P. Chase	D.D.M.
Bro. David Arnott	D. Chap.
Bro. George McIlmoyl	D. Sec'y.
Bro. Richard Waram	D. Treas.
Bro. Richard Waram, Jr.	D. of C.
Bro. Alex. Bell, M.D.	P.D.M.
Bro. Wm. Hales	D.L.

The semi-annual meeting will be held in the same place on the first Wednesday in June next.

BROKE THROUGH THE ICE.

On Tuesday evening last Jan. 10th, Messrs. E. Wigg and O. Roger, in attempting to cross Deer Bay on the ice with a load of sleighs, lost a horse. At midway in the channel the horses and load broke through, after considerable trouble the horses were got loose, but one of them got under, and the current carried it under the ice down the stream. The other horse was got out safely. Two sets of sleighs were lost.

PRESENTATION.

On Friday last Jan. 10th, the class of girls taught by Miss Mary Jane Casement, in the Canada Presbyterian Church Sabbath School, Lakefield, called on their teacher at the residence of her brother, Mr. W. H. Casement, Post Master, and presented her with a pair of handsome vases as a token of the esteem in which her labors are held by her numerous pupils.

The Steamer "Norseman's" Overhauling.

Mr Fisher expected to launch the str. "Norseman" on Tuesday, having given her a thorough overhauling since she was docked on 5th Dec. last. When her repairs above water are completed and the painting is done she will look better than ever. The travelling public along her line of route may well feel happy that they can have in her such comfortable and commodious accommodation. A glance at her inside hull should convince any one of the enviable reputation she has gained of being one of the best seaboats running on Lake Onrario. Besides having the ordinary arches, staunchеons, and fastening, she is provided with iron arches placed between timbers and planking, and two arches that run from stem to stern, on each side of the boiler and engine, being kneed to the deck and hull and fastened with strong bolts. Her bottom has been renewed where it had been chafed on the rocks during the time she was ashore at Oshawa, and the whole surface coated with coal tar, which has a tendency to prevent the growth of moss and at the same time hardens the planking. The repairing and overhauling has been done under the superintendance of Mr. Geo. Menary.—*Kingston Whig.*

An Embarrassing Marriage.

A recent story from Long Island is that a wife and mother, enfeebled by disease and believing she was soon to die, sought to assuage her anxiety for the future of her little ones by promoting a match between her husband and her sister. The invalid, no doubt, had read extensively in the cautionary literature relating to stepmothers, and could not bear to leave the selection of one for her babes to chance—or to what is much the same thing, the widower's choice. Her sister, the children's loving aunt, would be, she was sure, still more loving as mother. She adjured the sister and the husband to give her the comfort of seeing them solemnly married before she should close her eyes upon the world. They at length acceded; a wedding was held; whereupon, being relieved in mind, she straightway began to recover in body, and at last accounts was much better than had been expected. In short, she is getting well. And the question in the neighbourhood now is, What about that wedding?

FROM ALL OVER.

A SAN DOMINGO despatch reports that an American war vessel was quietly engaged towards the end of the year in making a survey of Samona bay.

THE South Simcoe Liberal-Conservative Association will meet at Cookstown on the 19th inst., to select a candidate for the seat in the House of Commons rendered vacant by the death of the late member, W. C. Little.

A LOCOMOTIVE on an Ohio railroad picked up James Stall, a deaf man, as he was walking on the track, and when Stall recovered his senses he was in a corn field, and his hearing was as good as ever.

SAINT-CYR is the "West Point," the national military school of France. The cadets of Saint-Cyr are never allowed to attend political meetings of any character. Ten of them were recently expelled by General Campenon for listening to a political oration.

MARK THIS.—Neither glanders, bots, inflammation of the lungs or bowels, stiff joints, ringbone or spavin, ever prove fatal or permanently injurious to a horse that gets Harvell's Condition Powders mixed with his feed. Mark this, and profit by it! These great specifics are sold everywhere.

THE marble foundations of the Pantheon, at Rome, were until the last year covered up under thirty feet of ground, level with the street; they have now been laid bare and present a wonderfully beautiful appearance, owing to the artistic fineness with which they are sculptured.

BLACK, the novelist, is thus satirized by the London *World* :—'Hech, mon, but I'm wee Wullie Black, frae Aberdeen, inventor o' the grand airt of fillin three bukes wi' na story, only a great hashin' together o' scenic descreeptions and Gaelic names. Ye ken hoo it's done? Eh, but it's braw wark and maks the siller!"

THE seeds of the disease are sown widely by carelessness, and the opportunity for a vast deal of severe suffering is created by neglect to attend to the premonitory symptoms of rheumatism and banish the cause by using St. Jacobs Oil, the great preventive remedy of the times and the stand-by of the people.

NEITHER Indian corn, nor potatoes, nor squashes, nor cabbage, nor turnips, were known in England till the opening of the tenth century. The peasants subsisted upon bread made of barley and ground in a hand mill.

PHILADELPHIA is not only a city of red brick houses and white marble door steps, but of bay windows, too. The practice has been to gain ground by extending these windows over the street line, a permit from the Common Council being easily obtainable.

1—FREE OF COST.—All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of the Throat or Lungs—are requested to call at Taylor and Macdonald's Drug Store and get a trial bottle of DR. KING'S New Discovery for Consumption, *free of cost*, which will show you what a regular dollar-size bottle will do.

A WOMAN of 80 committed suicide at Akron, Ohio. She had for many years professed a desire to die, her excuse for delaying the act being that she always had on hand some peice of unfinished work, and people lost faith in her intention; but at length she got to the end of one job before commencing another, and at once swallowed laudanum.

NEVER NEGLECT A COUGH or Cold as they are very apt to lead to serious Lung troubles. Dr. Carson's Pulmonary Cough Drops have a wonderful effect in relieving and curing Coughs Colds, and all affectsons of the Throat and Lungs. As Dr. Carson is a well known Canadian physician of over 25 years succesful practic, there is a little wonder that his Remedies are so popular with the Canadian people. J D. Tully, agent for, Peterborough.

A FARMER went extensively into bee-keeping at Fairview, Pa. Honey material was scarce last summer, and the bees spread over the neighborhood in search of it, stealing sweet stuff from kitchens, and stinging many persons. A suit has been begun against the owner, and the question whether he has maintained a nuisance, or he has simply engaged in a lawful industry, is to be settled in court.

1—FARMERS AND MECHANICS.—If you wish to avoid great danger and trouble, besides no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Exch.* Sold by Taylor & Macdonald.

THE story of the Cincinatti merchant who shipped some fine sugar-cured hams to Windsor Castle, apparently as a present to her Majesty, and subsequently sent in his little bill for the same, has been repeated in the case of some of the disinterested parties who showered "offerings" on President Garfield during his last illness, and who are now endeavouring to collect exorbitant charges for their "testimonials," as M.r Dorrit would have called them.

HORACE GREELEY'S bad penmanship has passed into a proverb. No description of it without a fac-simile of the writing could convey any idea of its illegibility. It is charitable, however, to the old philosopher to suppose that the fault lay with the pens he had been accustomed to use, but what a world of grief and trouble would have been saved to the compositors if he had written his editorials with an Esterbrook Falcon Pen.

BISHOP BEVERIDGE.—A gentleman meeting the celebrated and excellent Bishop, Beveridge, asked him how he was. Beveridge replied: "If I answer in Latin, I am *sic, sic*; if in English, *so, so*." There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "king" of remedies. Sold by all druggists throughout the Dominion.

WISTAR'S BALSAM OF WILD CHERRY, the great remedy for consumption. This well-known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure for coughs, colds, croup, bronchitis, influenxa, whooping cough, hoarseness, pains or soreness in the cheat or side, bleeding at the lungs, liver complaint, etc. Beware of counterfeits! Remember that the genuine Wistar's Balsam of Wild Cherry has on the outside wrapper the signature of "I. Butts," and the printed name of the proprietors, "Seth W. Fowle & Son, Boston." All others are base imitations. Examine the wrapper carefully before purchasing. 50 cents and $1 a bottle. Sold by dealers generally.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

For Sozodont all ladies cry,
And gentlemen, or high or low,
For nothing else that they can buy
Will give the mouth its freshest glow—
Will keep the mouth so sound and white,
And make the breath a sweet delight.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another column.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

ZOPESA.

(FROM BRAZIL.)

The New Compound, its wonderful affinity to the Digestive Apparatus and the Liver, increasing the dissolving juices, relieving almost instantly the dreadful results of Dyspepsia, Indigestion, and the TORPID LIVER, makes Zopesa an every day necessity in every house.

It acts gently and speedily in Biliousness, Costiveness, Headache, Sick Headache, Distress after Eating, Wind on the Stomach, Heartburn, Pains in the Side and Back, Want of Appetite, Want of Energy, Low Spirits, Foul Stomach. It invigorates the Liver, carries off all surplus bile, regulates the Bowels, and gives tone to the whole system.

Cut this out and take it to your Druggist and get a 10 cent Sample, or a large bottle for 75 cents, and tell your neighbor about it.

is now noted for its punctuality in fulfilling promises, and business men can rely on getting their work at time agreed upon.

THE FACILITIES FOR
GETTING OUT
JOB WORK

are ample, and orders are pushed through with vigor, so that work can be got out in short time.

Orders from the Country

attended to with promptness, and work forwarded immediately on completion.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure, I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

Sold by all druggists.

Lyman Sons & Co., Montreal, P. Q., Wholesale Agents. 1d 1w1y

PATENTS!

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid illustrated weekly paper, $3 20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw&z.

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

MUNRO & ALEXANDER.

Daily Evening Review

THURDAY, JANUARY 12, 1882.

LOCAL AND MUNICIPAL.

Railway Notes.

The Midland Railway Company have placed colored lights on all the switches, at nearly all of the principal stations on the line. They are very convenient and a great safeguard against running off.

A large number of contractors, who are tendering for the "missing link" are in town, awaiting the opening of the tenders on Monday next.

Mr. J. C. Bailey, Chief Engineer of the Toronto and Ottawa railway is here.

The contracts for the supply of ties for the Toronto and Ottawa line between Madoc and Bridgewater are being let. Tenders are being asked for to supply the bridge timber and erect the necessary stone work in the same district.

Mr. Wheeler, the contractor for that section of the Toronto and Ottawa between Wick and Manilla, commenced operations this week.

Personal.

Mr. E. E. Dodds, representing "Picturesque Canada," is at the "Oriental."

Mr. P. Ryan, of the firm of Purcell & Ryan, contractors, is registered at the "Oriental."

Mr. John Carroll, contractor, Toronto, who is well known to many of our readers, is in town.

Mr. J. W. Ferris, M.P.P., and Dr. Boulton, M.P.P., passed through on Wednesday night on their way to Toronto to attend to their parliamentary duties.

Dr. Kincaid, M.P.P., we are glad to say was so far recovered this morning, that he was able to take a short drive.

Mr. Lawder, a Customs House officer at Port Hope, is here on business.

One Week.

The young man, William Deffiney, who was arrested for larceny at Belleville, got off with one week in gaol. His sentence would have been much more severe, but for the fact that his employer and some Peterborough gentlemen who happened to be in the city, paid a lawyer to defend him and spoke in his favor. It is probable his sentence will prove a lesson to him to turn over a new leaf.

Orangeism.

At the annual meeting of Peterborough District Loyal Orange Lodge, the following officers were elected :—

Bro. John Smith	D.M.
" T. M. D. Croly	D.D.M.
" J. H. Campbell	D. Chap.
" John Sharp	D. S.
" H. Nesbitt	D. T.
" W. King	D.D. of C.
" J. George Brown	D. L.
" Robert Weir	P. D. M.

Fashionable Marriage.

By reference to the proper place, a marriage notice will be found. The bridegroom, Mr. Thomas Langton, is the eldest son of Mr. John Langton, who at one time represented Peterborough in Parliament. The affair was very fashionable, and the newly wedded pair start married life with the best wishes of a host of friends.

The Large Lumber Sale.

Messrs. Irwin & Boyd's annual lumber sale at Nassau Mills on the 10th inst. proved a great success. The quantity offered was 1,200,000 feet, and every board found ready purchasers at prices considerably in advance of last year. The sale was largely attended by gentlemen from Toronto, Whitby, Stirling, &c., and they were the chief purchasers.

Signs.

Quite a number of sign cases come before the Police Magistrate on Friday morning, the owners having been allowed until that day to remove them. The delay has had a good effect, as we notice that a large number of signs have been, and are being taken down.

Funeral.

The body of the late Richard S. Moore M. D. of Mount Vernon, Indiana, son of Mr. J. W. Moore, of this town, arrived on the noon train, on the Midland to-day, and was interred in the Methodist Cemetery.

Picturesque Canada.

Mr. E. E. Dodds is now in town delivering the first and second numbers of "Picturesque Canada." He is at present only able to supply the old subscribers, but those who subscribed recently will receive their numbers in a short time.

THE HORTICULTURAL SOCIETY.

The Annual Meeting—Presentation of Reports and Statements—Election of Officers.

The annual meeting of the members of the Peterborough Horticultural Society was held at the Bank of Toronto on Tuesday evening. The chair was occupied by Mr. J. H. Roper, President and the number of members present was rather small.

The Secretary read the annual report, which was adopted.

ANNUAL REPORT.

To the Members of the Peterborough Horticultural Society.

GENTLEMEN,—The Directors in making their annual report have nothing of a special character to lay before the members.

The past year was one very unfavourable as regards Horticulture, chiefly on account of the severe and continued drought during the summer months, everything being in a burnt and dried-up condition; the Directors at one time being afraid to announce that an Exhibition would take place. However, it was determined to hold the Exhibition as usual, notwithstanding the unpropitious character of the season.

Thursday the first day of September, was the day appointed. The number of entries was in the neighbourhood of 250, and although not so numerous as in former years, were quite up to the average in merit, the Exhibition on the whole, being considered very creditable for such an unfavourable season. In accordance with the resolution adopted at last annual meeting the market gardeners made their entries as ordinary members, and their exhibit added considerably to the success of the exhibition.

The amount of $137.50 was paid in prizes by the Treasurer on orders granted by the President and Secretary.

The Society's position as to the number of members on the roll (67), and the balance of cash in the Treasurer's hands, as shown by his report, the Directors are glad to report satisfactory.

In conclusion, the Directors desire to express the hope that the members and the public generally willin the future take a more lively interest in the Society's welfare, as it is one in every way worthy of support.

All of which is respectfully submitted,

J. H. ROPER, President. J. I. DAVIDSON, Secretary.

Peterborough, 10th January, 1882.

FINANCIAL STATEMENT.

The following Financial Statement was submitted, and being audited and found correct was adopted :—

Receipts.

Balance on hand at last audit	$164 36
Subscriptions	67 00
Government Grant	140 00
Interest	5 02
Sundries per Cash book	20 10
	$396 48

Expenditure.

Total Disbursements as per cash book and accompanying vouchers	$189 66
Balance in Savings Bank as per pass book	206 82
	$396 48

Examined and found correct,

D. CAMERON, J. IRVINE DAVIDSON, } Auditors.

To J. H. Roper, Esq., President Peterborough Horticultural Society :

SIR,—I beg to present the above atatement of the financial position of our Society, shewing a balance in our favor of $206.82, which balance is deposited in the Savings Bank of the Canadian Bank of Commerce.

Respectfully submitted,

F. J. LEWIS, Treasurer.

10th January, 1882.

A REDUCTION.

A notice of motion handed in by the Rev. V. Clementi, at the last annual meeting, reducing the number of directors from eight to five—three to form a quorum—was then adopted.

ELECTION OF OFFICERS.

The following officers were elected for the ensuing year :—

PRESIDENT—J. H. Roper, (re-elected.)

VICE-PRESIDENT—James Stevenson, (re-elected.)

TREASURER—F. J. Lewis, (re-elected.)

SECRETARY—J. I. Davidson, (re-elected.)

DIRECTORS—Rev. V. Clementi, J. R. Stratton, Geo. Burnham, W. Mills and G. M. Roger.

A DESERVED COMPLIMENT.

A grant of $25 was unanimously voted to the Secretary for services rendered to the Society, during the past year.

VOTE OF THANKS.

After a vote of thanks to the officers for the manner in which they had conducted the business of the Society, the meeting adjourned, subject to the call of the President.

The Governor-General.

A special cablegram to the *Globe* from London, Eng., states that the Governor-General sailed on Wednesday for home. He was accompanied to Liverpool by the Princess Louise and a number of others. The party were received by the Mayor and Sir A. T. Galt, and were subsequently entertained at luncheon. In response to a toast, the Marquis said that it was at his particular request that the Princess remained in England, and he expressed the hope that she would rejoin him in the spring.

Fire Inquest.

An inquest into the cause of the late fire at Mr. Geo. McComb's premises, will be opened at the Council Chamber on Friday afternoon at 2 o'clock, by Coroner Bell.

Municipal.

The Fire, Water and Gas Committee meets at 7.30 o'clock this evening, and the Court of Revision at 8.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

A GOOD PREVENTATIVE for Fevers, Ague and Bilious Disorders is Dr. Carson's Stomach and Constipation Bitters a strictly vegetable preparation. They Tone the system, purify the Blood and increase the appetite, and render those taking them almost proof against disease, Should be used in every case instead of pills. J. D. Tully, agent for, Peterborough.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

A HOME CONVERSATION!

He fairly howled as he slammed the REVIEW on the floor and jumped on it.

"Why, whatever is the matter, my dear," said Mrs. Keepitup.

Matter enough! Confound these advertisements of Dolans' with their "Telegraphic News" and "Advice," and all that. They will have themselves read—no matter how a chap tries to dodge them. They are worse than St Jacobs Axle-greece. And what's a hanged sight more, I believe you read them, too. I know it. These fellows are making money out of my pocket every day.

Since they moved into the new stores half the town has been running there.

Just so, my dear, but the town has to go somewhere, and if they can do better at DOLAN'S—the same as I can, who's to blame them for going?

"All right, buy what you like as long as you don't buy the BABY SHIRT."

The above is a section of an overture between an estimable couple. THE PEOPLE ARE RIGHT.

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

Notice of Removal.

The undersigned having leased the

"PETERBOROUGH HOUSE"

Situated on Hunter Street, at present occupied by John Sullivan, will remove thither on the 15th of February.

This hotel is well adapted for the accommodation of farmers and the travelling public, being situated in the most central portion of the town.

The undersigned proposes to conduct the hotel in a first-class style, the table will be always supplied with all the luxuries of the season, and the bar with the very best brands of liquors and cigars.

Good sample rooms will be provided, and commercial travellers will find it to their advantage to patronize my house.

Every effort will be put forth by me to meet the wants and comfort of farmers and others, and from my long experience in providing for my guests, the undersigned feels warranted in saying that his house will be found the most comfortable in town.

Good sheds and stabling, and a careful hostler always in attendance.

MICHAEL HALPIN.

10th January, 1882. d8-1y

Little Lake Cemetery Com'y.

PUBLIC NOTICE

Is hereby given, that in accordance with the Statute in that behalf, the

ANNUAL MEETING

Of the Shareholders of the Little Lake Cemetery Company will be held

In the Council Chamber

Of the Town of Peterborough, on MONDAY, the

16th DAY OF JANUARY, 1882,

at 12 o'clock, noon, for the purpose of electing Directors of the said Company for the ensuing year: for receiving the report to be submitted by the out-going Directors, and such other business, and matters as may be brought before the said meeting.

JAS. EDWARDS,

Peterborough, Jan. 6th, 1881. 8d5 Sec'y.-Treas.

(*Examiner and Times please copy.*)

TENDERS.

CANADIAN PACIFIC RAILWAY.

Bridge over Fraser River, B. Columbia

TENDERS addressed to the undersigned will be received on or before the 10th day of FEBRUARY, 1882, for furnishing and erecting a Bridge of Steel or Iron over the Frazer River on Contract 61, C. P. R.

Specifications and particulars together with plan of site may be seen at the office of the Chief Engineer, at Ottawa, on or after the 10th of January, instant.

Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms. An accepted bank cheque for the sum of $300.00 must accompany the tender, which sum shall be forfeited if the party tendering declines to enter into contract for the work, at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required by the deposit of money to the amount of *five per cent.* on the bulk sum of the contract, of which the sum sent in with the tender will be considered a part.

This department does not, however, bind itself to accept the lowest or any tender.

By order,

(signed,) F. BRAUN, Secretary.

Department of Railways and Canals, Ottawa, January 5, 1882. 5d8-law

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalculæ which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.)

THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and mildest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world. Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6. Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

CANADIAN TELEGRAMS.

RIMOUSKI.

Special to the Review, Jan. 13.

MORLAN was hung in the jail yard at 8.30. He mounted the scaffold with firm step, knelt down and stood up without aid. He did not say anything in reference to his crime. His lips were continually moving in prayer. The fall was 9 feet and death was instaneous, his neck being broken and his head nearly separated from the trunk. The body was cut down two and a half minutes after the fall. The trunk was bleediug profusely. Morlan has not said anything lately about an accomplice.

TORONTO.

Special to the Review, Jan. 13.

BY THE sudden starting of the hoist in the Cafferen Blanket Factory, Mr. Halderman, this morning had a narrow escape from death. His scalp was split and raised, but the foreman with a strong push shoved Mr. Halderman's head inside, saving his neck.

THE Executive Committee this morning recommended the council not to prosecute Godson & Craig *re* the burnt contract, the city solicitor reporting that there was no case.

ST. JOHN'S N. F.

Special to the Review, Jan. 13.

IT IS announced that fifty-three instead of forty-three persons have perished in the steamship Lion disaster.

IN the revenue statement for last December, and the corresponding period of the preceeding year, the only item which seems at a stand still, is the revenue derived from Bill Stamps. The revenue last December being $14,188,61, against $14,043.92, in the preceeding December, or an increase of only $144.69, thus proving that the increased trade of the country must be done on a cash basis—the very best evidence of the soundness of the present financial position.

A GOOD PREVENTATIVE for Fevers, Ague and Bilious Disorders is Dr. Carson's Stomach and Constipation Bitters a strictly vegetable preparation. They Tone the system, purify the Blood and increase the appetite, and render those taking them almost proof against disease, Should be used in every case instead of pills. J. D. Tully, agent for, Peterborough.

1—FREE OF COST.—All persons wishing to test the merits of a great remedy—one that will positively cure Consumption, Coughs, Colds, Asthma, Bronchitis, or any affection of the Throat or Lungs—are requested to call at Taylor and Macdonald's Drug Store and get a trial bottle of Dr. King's New Discovery for Consumption, *free of cost*, which will show you what a regular dollar-size bottle will do.

MIDNIGHT TELEGRAMS

CABLE.

HOLLAND AND GERMANY.

BERLIN, Jan. 12.—*Tageblatt* says that Germany made certain demands on Holland in regard to facilities for navigation of the Rhine, and the protection of German fisheries on that river. The demands were coldly received. The recall of Baron Von Canitz, German Minister at Hague, is connected with his want of firmness in supporting the demands. He is to be replaced by Count Von Eulenberg, brother of the former Prussian Minister of the Interior.

ACCIDENT INSURANCE.

LONDON, Jan. 12.—A Berlin correspondent of the *Standard* says:—Three Liberal parties of the Reichstag have finally agreed to present a Bill on accident insurance, which will meet the Government's views half way. It is hoped a compromise will be effected.

REMITTING RENT.

LONDON, Jan. 12.—Mr. Gladstone has again remitted 10 per cent. of the rentals on his Hawarden estate.

THE VATICAN.

ROME, Jan. 12.—The Pope has declined to comply with the law requiring him to fill a census paper, but a monseigneur filled up a return, showing 400 persons living in the Vatican, the third of whom are females.

THE FRENCH VINTAGE.

PARIS, Jan. 12.—Official returns of the vintage give only a little more than 34,000,000 hectolitres (748,000,000 gallons), showing a diminished production.

RUSSIAN PEASANT LANDS.

ST. PETERSBURG, Jan. 12.—The imperial ukase regarding the peasants' lands provides that after the end of 1882 the Crown will transfer to the peasants that portion of the lands allotted them at the time of the emancipation, and in consideration of the annual payments which they have been unable to redeem or compromise the Crown will pay to the land owners 80 per cent. of the taxable value of the land so transferred.

MURDERED MISSIONARIES.

LONDON, Jan. 12.—A despatch from Tripoli says three missionaries were murdered at Gohadames, a town in North Africa, in an oasis of the same name in the desert of Sahara, by a band of Triaricks.

DIDN'T LAND.

LONDON, Jan. 12.—The Allen Line steamer Parisian arrived at Queenstown at 10.30 o'clock this morning, but Lord Lorne did not land because of unfavourable weather. The steamer at 3.30 o'clock this afternoon started for Halifax.

THE HANLAN-BOYD RACE.

LONDON, Jan. 12.—Boyd, the oarsman, will begin training to-morrow.

A HARD FATE.

LONDON, Jan. 12.—A despatch from Ballinrobe says the bodies of a process server named Huddy and his nephew, who recently disappeared, have been found chained together in Lough Mask. Five persons supposed to be implicated in the matter have been arrested.

STRIKE ENDED.

The weavers at Ashton-under-Lyne, numbering 600, who recently struck for higher wages, returned to work, the employers having conceded an advance of 10 per cent.

DR. LAMSON'S CASE.

LONDON, Jan. 12.—At Bow street Police Court to-day Dr. Lamson, accused of causing the death of his brother-in-law by poison, was again remanded for a week. The further remand is to wait the result of the Coroner's inquest on the body of the supposed victim.

CHEAPER COMMUNICATION.

LONDON, Jan. 12.—The Association of Chambers of Commerce will on the 28th of February propose to send a deputation to Postmaster-General Fawcett, to impress upon him the desirability of the Government entering into negotiations with foreign countries for cheapening and facilitating telegraphic communication.

ILLNESS OF GARIBALDI.

A despatch from Naples to the *News* says that the sudden departure of a despatch boat to Caprera with physicians has raised anxiety regarding Garibaldi's health.

PROTECTING PROPERTY.

DUBLIN, Jan. 12.—A force of 200 military and constabulary have gone to Edenderry to protect persons carting oats bought at a sheriff's sale. A mob there broke np the roads, threw trees across them, and destroyed four bridges.

AMERICAN.

IT WAS LOADED.

JACKSON, Miss., Jan. 12.—W. S. Power, son of a State Senator, accidentally and fatally shot himself yesterday while displaying a revolver.

MURDER AND ARSON.

SYRACUSE; Jan. 13—The three brothers Newport, colored men, have been arrested at Sodus Point, for killing Hall, and burning the house for plunder.

IRELAND.

THE gross total of "outrages" committed in Ireland in December is 674. The largest number of cases occurred in Munster.

THE funeral of a man a hundred years old, was boycotted at Millstreet, Cork, on December 18th, his son having worked for a boycotted man.

FOX hunting was practically suspended on December 23rd, in the King's county, when Lord Huntingdon's hounds were stopped at Sopewell Hall, near Shinrone, the residence of Captain Trench. On Dec. 17th, scarcely had the meet moved from the tryst, when several hundred men assembled and stopped the hounds and huntsmen.

A DISPLAY of public sympathy has been manifested towards Mr. Joseph Smith, who is at present confined in Dundalk jail under the Coercion Act. A vast number of persons, not only from his own parish, but from the adjoining counties of Leitrim and Cavan, brought in 700 loads of turf to his residence. The "hauling home" occupied two days.

AT the Carrkick-on-Shannon Assizes, on Dec. 17th, eleven tenant farmers were charged with riot at Annaduff, county Leitrim, in May last. They were part of six hundred persons who attacked the Sheriff and constabulary while serving evictions. Eight of the defendants were charged with obstructing and severely assaulting a process server. The jury disagreed.

Press Despatches to the Review.

CABLE.

JEWEL ROBBERY.

PARIS, Jan 13.—Col. Gaston and another man, representing themselves as Americans, robbed a jeweller here of valuables amounting to 250,000 francs.

MISSIONERIES MURDERED,

TRIPOLI, Jan 13.—Three French missioneries have been murdered at the Oasis of Ghadnames near Sahara. The chief of the assassins is said to be Caid of Ghadames, who was concerned in the massacre of the French exploring embassador, Col. Flatters, naar Assimi in February last.

AMERICAN.

SOLVING LIFE'S MYSTERY.

MAHONY CITY, Jan. 13.—Wm. Encke a leading Republican and Justice of the Peace, suicided last night by shooting. The supposed cause is financial embarrassment and family troubles.

SOUTHERN BONDS.

NEW YORK, Jan. 13.—The holders of North Carolina bonds yesterday passed a resolution asking the State of New York for the prosecution of claims of its citizens against North Carolina.

TRAIN WRECKERS.

PARSON, Kansas, Jan. 13.—There is apprehension in Missouri and along the Kansas Line, through the Indian Territory on account of obstructions on the track. Two railway men were shot. The would-be assassins escaped. They are being pursued.

A NICE DODGE.

ST. PAUL, Jan. 13.—It is stated that Minneapolis lumbermen who secured a thousand acres from the Government of pine lands by fraud during the last twenty years propose to rid themselves from competition by getting the preemption law repealed.

RAILWAY DIRECTORS.

NEW YORK, Jan. 13.—The New York, West Shore and Buffalo railway, yesterday elected the following directors:—Gen. Horace Porter, John J McCoak, H. Victor Newcomb, Michael P. Grace, R. T. Wilson, Henry K. McAarg Charles J. Conda, Geo. G. Nevers, J. B. Page, and J. L. Nesbitt.

A BIG BURST.

JERSEY CITY, Jan. 13.—C. B. Brook & Co., barrel manufacturers, have suspended, with liabilities of ninety thousand dollars. Two hundred hands are out of employment.

THE COLORED EXODUS.

COLUMBIA, S. C. Jan. 13.—In the Senate yesterday, Miller, a Republican, offered a resolution stating that over 50,000 colored people from a single county in that State had left in six weeks, and providing for the appointment of commissioners to investigate the grievances of the colored people. After a long and animated debate, the matter was indefinitely postponed. Hundreds of negroes have returned from that district on account of the scheme.

VANDERBILT VOTES.

PHILADELPHIA, Jan. 13.—The Reading Railroad election has been closed. The totals are:—Gowan 27,200; Bond 22,200. The Vanderbilt votes were cast for Gowan.

DON'T WANT FUNDS.

WASHINGTON, Jan. 13.—The annual meeting of the Board of Indian Commissioners began yesterday. The President of the Board said that none of the duties have been neglected on account of the refusal of Congress to appropriate money to pay the necessary expenses.

WORK FOR CLERKS.

ALBANY, Jan. 13.—A special says that Boyd's resolutions calling upon the Controller for information as to how much taxes have been paid by the Controller of railroads during the last twenty years, caused a panic among the clerks in the controller's office. They say that it would require four months to collect the information.

SUICIDE FROM CHAGRIN.

ROCHESTER, Jan. 13.—The man who was found hanging in the woods at Churchville, proves to be Wm. S. Fairbank, clerk of Jaques & Co., Buffalo. He has been missing for four weeks. The cause of the suicide is supposed to be chagrin upon being accused of an unpleasant escapade.

OWEN SOUND, Jan. 12.—Mr. Scales, of Keppel, whose son was a hand on the ill-fated Jane Miller, has been continuing the search for the vessel's hull. To-day he reports that during the past few days in grappling the hook has made fast five times in the same place, and came up with evidences of the wreck. The spot has been buoyed, and an effort will be made to make further discoveries. Mr. Scales is confident that he has located the wreck, it being about forty rods from Spencer's Landing, Colpoy's bay, and in a depth of about 150 feet of water.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

For Sozodont all ladies cry,
And gentlemen, or high or low,
For nothing else that they can buy
Will give the mouth its freshest glow—
Will keep the mouth so sound and white,
And make the breath a sweet delight.

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another column.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c. a box everywhere. d52w9

A. L. Davis & Co.

Daily Evening Review

FRIDAY, JANUARY 13, 1882.

A DESIRABLE REFORM.

We would suggest to the present energetic Minister of Customs, the propriety of hereafter publishing the trade and navigation returns, and placing them in the hands of the public at the earliest possible moment immediately after the completion of the year to which they relate.

As dyed in the wool tories of the old school, we have naturally a very great respect for old forms and the dignity of Parliament, but we really think some of these old time observances, could be dispensed with without lowering the dignity of the first assembly in the Dominion, and with very great advantage to the public interests. For instance, here we are to-day—six months after the close of the last financial year—without the trade and navigation returns for 1880-1, and that too, at a time when they would be most valuable for the public discussion, of what is after all still the question of the day, the National Policy. Going into force only in March, 1879, the year 79-80 is the only one for which we have the complete figures, under the present tariff to institute comparisons between it and its predecessor, and even those do not reflect the full effect of the change, owing to the large importations which were made before March, 1879, in anticipation of the change which every one knew was about to take place, while for the purpose of comparing itself with itself and drawing therefrom the lessons which it properly teaches, we have nothing but the figures furnished by the returns published from month to month in the official *Gazette*. As we cannot conceive that any public interest would suffer by the earliest possible publication and circulation of this annual volume, and as its chief value to the public consists in their being able to refer to it when the figures are fresh, we trust the Hon. Mr. Bowell will see his way to, if necessary, obtaining the consent of Parliament thereto, and placing the trade and navigation returns for the current year before the country early next fall, and without waiting for the assembling of Parliament and their submission thereto in the first instance.

NORWOOD.

QUITE A LIST.—The *Register* says that judging from the following list of petty thefts committed here on Saturday last, we would suppose our village to be literally alive with sneak thieves—an organized gang could not have accomplished more work:

Saturday night, between 10 and 11 o'clock, Mr. Fred H. Brennan was relieved of an overcoat, which he had left in the hall on coming into the house. In this case, the party who stole the coat is well known, and will, Mr. B. informs us, be prosecuted to the fullest extent of the law, if the coat is not forthcoming by Saturday next.—Saturday night last, as Mr. Geo. Gardner was going home from the village, he had occasion to stop at Mr. M. Nicol's blacksmith shop for a few minutes, and on returning to his buggy found that he was minus a brand new whip.—On the afternoon of the same day, Mr. D. Kelly had a pair of horse blankets stolen, while going from Mr. M. Nicoll's shop to W. Nicoll's, a distance of about one hundred yards.—Mr. John McMillan, after quitting work on Saturday night last, moved a cutter which he thought was rather close to the road, to a more secure position at the side of the shop. Judge of his surprise when on returning to the shop on Monday morning, the cutter was nowhere to be found. We learn, as we go to press, that the cutter has been recovered. The expert manner in which the above work was done, leads us to suppose that the thieves hailed from Hastings.

TRUSTEE ELECTION.—The election of members of the School Board of Norwood, took place in the town hall, here, on Wednesday the 4th inst. Messrs. Fraser and Jotcham were the successful candidates. Considerable interest was manifested in this election and a large number of votes were polled. At the close the vote stood as follows:—

Fraser	87
Jotcham	70
Pattyson	59

CHANGE OF PLACE.—The ratepayers of Asphodel couldn't see that there was any advantage to be derived from having their Council meet in such an out-of-the-way place as Westwood, and sensibly declared, on Monday 2nd inst., that their councillors should meet in Norwood.

BON-FIRE.—On Monday night, 2nd instant, a huge bon-fire illuminated the corner of Colborne and Peterborough street, the supporters and friends of Mr. Rork, who felt glorious over the result of the election, having it in charge. When the fire was at it's highest, they gave vent to their feelings in three cheers for Mr. Rork, and three for Mr. Walsh, the Deputy-Reeve elect.

THE STEAMER MORAVIAN.

A Strange Story About Wrecking—A Class that Needs Looking After.

A passenger who was on board of the Moravian gives the following account of the passengers and crew after her running aground on Flat Island, and not Mud Island, as has been erroneously stated. At the time of the vessel grounding the sea was running very high. Notwithstanding this the few passengers who had embarked at Portland were got ashore without accident or little inconvenience and landed safely on Flat Island, a rock about 100 yards wide and 200 yards in length, the sea sending the spray continually over the rock. They, however, were not long to remain in this very wet and uncomfortable position, for on the second day they were taken off the rock and sent on en route to their destinations. The crew were left behind to look after the vessel; however, their attempts to prevent the fleet of wreckers which soon appeared on the scene of the wreck to carry out their nefarious work rather than the end they pretended to have in view, viz., that of salvage, was in vain, and had it not been for the high sea running at the time, a "blue jacket" says, "these sea highwaymen would doubtless not have left a piece of wood of the whole of the vessel." The natives in the vicinity are said to have behaved in such a manner that it would have done credit to the famous Cornish wreckers in their palmiest days. Under the pretence of salving from the wreck, and with a promise to land any stores, gear, or other articles at Yarmouth, and hand them over to the proper quarter, which, it need hardly be said, was a promise they never carried out: these "hardy marauders" annexed all they could lay their hands upon. The crew of the Moravian suffered somewhat while on the rock, but fortunately the weather was not severe, or possibly we should have had to chronicle some loss of valuable lives.

Another on-looker says that immediately after the wreck the schooners bore down to their assistance (?), these small crafts appearing, as if by magic, like so many musquitoes, and crowded round the disabled vessel, loading up and making off as speedily as possible, their exertions only being interrupted and retarded by the heavy sea running.

A CONFIDENCE GAME.

How Three Sharpers Swindled a Lady Out of Six Hundred Dollars.

After the many warnings that they have received it seems incredible that there can be found people simple enough to lend their last cent to strangers on the flimsiest pretext, without a particle of security and without a hope of getting it back, except the word of a thief. During the past six months no less than eleven travellers have been swindled by confidence men, the amonut of money lost representing over $1,500, but the simplest and most impudent case has yet to be related. Last night Mrs. Wilson and her son got on board a Grand Trunk Railway train at Sarnia, being bound for Kingston, their home. When they arrived at Stratford at an early hour this morning they had to wait a considerable time for a delayed train. Young Wilson went out on the platform to stretch his legs and while walking about got into conversation with three stylishly dressed young men, one of whom represented himself as an agent for a wholesale house in Toronto, while the others were town merchants who owed the agent a bill of $1,000 and wanted to pay by check. The agent, however, who had a good deal of extra baggage to pay, owed $25 at the station and had no money to purchase his ticket, and he objected to taking the check as he could not get it cashed on the spot. Young Wilson got interested, and took such a fancy to the gentlemanly agent that he expressed a thought that his mother could advance money enough to make the said agent comfortable. Wilson was overwhelmed with thanks, and the two proceeded into the car where they met the innocent old lady, who, without moment's hesitation drew out her purse and gave the gentlemanly agent $600, accepting his promise that he would refund it as soon as they reached Toronto. He then departed, and Mrs. Wilson and the son settled down for a quiet sleep. Shortly after six o'clock this morning a reporter of the *Telegram* happening to drop down to the Union station, heard Constable Healy express the strongest kind of opinion that "the whole thing was a downright swindle," and should be immediately investigated. The reporter found Mrs. Wilson very unconcernedly making a breakfast of a cold beef sandwich, and when questioned as to her loss she merely remarked that she guessed the young men were not very honest. Upon being asked if she would recognize the swindlers again, she replied, "Oh, dear no; I only saw one, and I did not look at him." A formal complaint was sent to police headquarters this forenoon, but as the affair occurred at Stratford it is not probable that the confidence men will be captured.

HASTINGS.

PRESENTATION.—The *Star* says that prior to the departure of the pupils of the Fourth Senior Class, in the Hastings school, they presented their teacher, Mr. D. Robertson, with an address, accompanied by a beautiful writing desk. He was also the recipient of a silver butter dish and two pickle stands from the remaining pupils. Miss Sinclair, another teacher, was presented with a work box.

PROGRESSING.—Mr. D. Daley, the young man we referred to in our last issue, as having his leg amputated in Chicago, arrived home on Friday, 30th ult. He bore the fatiguing journey remarkably well and is progressing favourably.

HANDSOME SUMS.—The Christmas offerings in St. Mary's Church in this village amounted to $142.00; in Campbellford, $215.00, and in Warkworth $125.00.

THROUGH TICKETS.—Through tickets, via the Midland Railway to Toronto are now issued at this station.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

WHOOPING Cough is successfully treated by separating the patients beyond hearing distance of each other, and by the employment of Fellows' Hypophosites. Whooping Cough is a nervous disease of so sympathetic a nature that a paroxysm may be produced in one susceptible by simply hearing the cough of another person. The above named treatment has been found singularly effective.

THE INTENSE.

Exposition of the Esthetic School by the Apostle, Mr. Oscar Wilde.

NEW YORK, Jan. 7.—The *World* has a long interview with Oscar Wilde, in which he explains his peculiar theory. He says:—"My theory is that you can't teach anybody what is really beautiful. The true spirit of a painting or a poem can't be taught—it must be gradually revealed. The only way in which anybody can come to a knowledge of the beautiful is by being thrown among beautiful surroundings. A young man reared among such surroundings has not got to make a distinct effort to appreciate the beautiful. In 1877 I went to Oxford and entered Magdalene college. It was at this time that this theory of the effect of the beautiful associations began to manifest itself to my mind. This town was by far the most beautiful one that I had ever been in, and I experienced its effect upon myself. Ruskin was there, and I became a disciple of his, and his teaching gave impetus to this thought. Very many of my theories are Ruskin's theories developed. He was giving a course of lectures upon Florentine art, and had all the youths of the college after him. After we had listened to a lecture we would go out with him on the road. They were the most charming rambles imaginable. In 1876 I visited Italy, and went through all churches, drinking in everything of the beautiful in art, and its whole splendor was revealed to me by association as it never could have been from any mere description. I went back to Oxford more confirmed than ever in the correctness of my theories, and it was then that I began to write my poetry and gradually gathered around me a group of young men—an æsthetic clique, if you will—in a beautiful house by the river side, which I fitted up in Consonance with my peculiar ideas. We were very enthusiastic young men, and insensibly, as it were, became extravagant in our expressions as compared with the common manner of conversation. In 1878 I had fully developed in my own mind what I may call my social ideas of heart; that is, that in past times the artist was isolated to a wonderful degree, was cut off from his fellow-workers in all branches, and also cut off from immediate contact with the public, the only medium of communication with whom being their books, their paintings, or their sculptures. My idea was to sweep away these barriers and bring them more in unison, as far as possible, and to establish what may properly be called a corelation of art, so that the artists in different lines should receive distinct assistance from each other. They are all striving to express essentially the same thing, only in different ways. So in the case of society, my idea was the same, to sweep away all the barriers and bring the artist in direct communication with his patrons."

Mr. Wilde described the rapid spread of his movement, and adds:—"Through all the upper circles its object was very general and marked, and no English gentleman would now think of building or furnishing his house without taking into consideration the ideas that have been developed during the progress of the æsthetic movement."

WHERE IGNORANCE IS BLISS 'TIS FOLLY TO BE WISE.—Dr. Bliss if not a success at probing for bullets, was highly successful in despatching bulletins: but the grandest bulletin of success is that which heralds the wonderful cures performed by Burdock Blood Bitters, that matchless tonic and blood purifier which acts at once upon the Bowels, the Skin, the Liver and the Kidneys, while it invigorates and strengthens the whole system.

INGENIOUS INVENTION.—Some shrewd Yankee has invented a key that will wind any watch; it is a neat attachment to a charm, and it is said to work like a charm. So does the grand Key to Health—Burdock Blood Bitters, the greatest discovery of the age. It unlocks all the secretions, and cleanses and invigorates the entire system. Sample bottles, 10 cents; large size, $1,00 of all medicine dealers.

1—FARMERS AND MECHANICS.—If you wish to avoid great danger and trouble, besides no small bill of expense, at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Exch.* Sold by Taylor & Macdonald.

PUBLIC NOTICE

Is hereby given, that in accordance with the Statute in that behalf, the

ANNUAL MEETING

Of the Shareholders of the Little Lake Cemetery Company will be held

In the Council Chamber

Of the Town of Peterborough, on MONDAY, the

16th DAY OF JANUARY, 1882,

at 12 o'clock, noon, for the purpose of electing Directors of the said Company for the ensuing year: for receiving the report to be submitted by the out-going Directors, and such other business, and matters as may be brought before the said meeting.

JAS. EDWARDS,
Peterborough, Jan. 6th, 1881. 3d5 Sec'y.-Treas.

(Examiner and Times please copy.)

Canadian Pacific Railway Company

The CANADIAN PACIFIC RAILWAY COMPANY offer lands in the FERTILE BELT of Manitoba and the Northwest Territory for sale at

$2.50 PER ACRE.

Payment to be made one-sixth at time of purchase, and the balance in five annual instalments, with interest at SIX PER CENT.

A REBATE OF $1.25 PER ACRE

being allowed, on certain conditions, for cultivation and other improvements.

THE LAND GRANT BONDS

of the Company, which can be procured at all the Agencies of the Bank of Montreal, and other Banking Institutions throughout the country, will be

RECEIVED AT TEN PER CENT PREMIUM

on their par value, with interest accrued, on account of and in payment of the purchase money, thus further reducing the price of land to the purchaser.

Special arrangements made with Emigration and Land Companies.

For full particulars, apply to the Company's Land Commissioner, JOHN McTAVISH, Winnipeg; or to the undersigned. By order of the Board.

CHARLES DRINKWATER, Secretary.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.
Peterborough, 16th December, 1881. d146

Notice of Removal.

The undersigned having leased the

"PETERBOROUGH HOUSE"

Situated on Hunter Street, at present occupied by John Sullivan, will remove thither on the 15th of February.

This hotel is well adapted for the accommodation of farmers and the travelling public, being situated in the most central portion of the town.

The undersigned proposes to conduct the hotel in a first-class style, the table will be always supplied with all the luxuries of the season, and the bar with the very best brands of liquors and cigars.

Good sample rooms will be provided, and commercial travellers will find it to their advantage to patronize my house.

Every effort will be put forth by me to meet the wants and comfort of farmers and others, and from my long experience in providing for my guests, the undersigned feels warranted in saying that his house will be found the most comfortable in town.

Good sheds and stabling, and a careful hostler always in attendance.

MICHAEL HALPIN.
10th January, 1882. d8-1y

THOMAS B. McGRATH

Is prepared to attend to orders for all kinds of

Painting, Graining, Paper Hanging, Kalsomining, Glazing, etc.

With Punctuality and Carefulness. ☞All work done under my own personal supervision, and guaranteed to be executed in an HONEST and satisfactory manner. No poor material used, and no disappointments. Customers furnishing their own material, can rely upon it being used and not exchanged for worthless stuff.

☞Competition defied both in workmanship and in prices. Estimates given for contracts. Orders left at Laplant's Carriage Shop, the Hardware Stores, or at the Shop on Alymer Street, will receive prompt attention. d63-w16

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminister, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Dept. of Railways and Canals, Secretary.
Ottawa, Oct. 24th, 1881.

The Best Field FOR EMIGRANTS.

An IMMENSE AREA of RAILROAD AND GOVERNMENT LANDS, OF GREAT FERTILITY, WITHIN EASY REACH OF PERMANENT MARKET, AT EXTREMELY LOW PRICES, is now offered for sale in EASTERN OREGON and EASTERN WASHINGTON TERRITORY.

These lands form part of the great GRAIN BELT of the Pacific Slope, and are within an average distance of 250 to 300 miles from Portland, where steamships and sailing vessels are directly loaded FOR ALL PARTS OF THE WORLD.

GRAIN AT PORTLAND, OREGON, COMMANDS A PRICE EQUAL TO THAT OBTAINED IN CHICAGO.

The early completion of the Northern Pacific R.R. is now assured, and guarantees to settlers cheap and quick transportation and good markets both East and West. The opening of this new overland line to the Pacific, together with the construction of the network of 700 miles of railroad by the O. R. & N. Co. in the valleys of the great Columbia and its principal tributaries, renders certain a rapid increase in the value of the lands now open to purchase and pre-emption. There is every indication of an enormous movement of population to the Columbia River region in the immediate future.

LANDS SHOW an AVERAGE YIELD of 40 BUSHELS OF WHEAT PER ACRE. No Failure of Crops ever known.

RAILROAD LANDS offered at the uniform rate of $2.50 an Acre.

CLIMATE MILD AND HEALTHY.

Burdock BLOOD BITTERS

FROM ALL OVER.

MR. POUPORE, M. P. for Pontiac, has not been appointed Supervisor of Culliers by the Quebec Government.

A LITTLE girl whose father is never happier than when sending his span flying over the snow-beaten road supplemented her evening prayer with, "And pray, Lord, send two more inches of snow for papa."

HAVE HOPE.—Before you despair of curing a troublesome cough just verging on consumption try Hagyards Pectoral Balsam; it has cured others, why may it not cure you? All dealers sell it.

SORE THROAT.—Apply Hagyard's Yellow Oil and take inwardly according to directions. Yellow Oil is the best remedy for rheumatism, Neuralgia, Bruises, Burns, Frost Bites and all lameness, inflammation and pain. No household should be without it.

THE Mayor of Rome, in speaking at a banquet last night in honor of the veteran soldiers, declared that the people of Rome would rather see the city perish in ashes than again be subjected to papal domination. His remarks were received with general acclamation.

DR. CARSON'S Pulmonary Cough Drops are an excellent Expectorant loosening the phlegm far more readily than any other preparation. For Coughs, Colds Bronchitis, Tickling in the Throat and Soreness and Tightness of the Chest, they have no equal. In large bottles at 50 cents. J. D. Tully, agent, Peterborough.

THE excitement in Egypt over the Anglo-French note is waning, and the Egyptian Government is preparing a reply, thanking England and France for their solicitude, but alleging that there is no gronnd for uneaisness on their part.

A FAMINE is said to be threatened in Tunis as the result of neglect of agricultural operations during the disturbances of the past year. It is feared that this will have the effect of increasing the discontent of the Tunisians, and produce fresh troubles.

A GREAT ENTERPRISE.—The Hop Bitters Manufacturing Company is one of Rochester's greatest business enterprises. Their Hop Bitters have reached a sale beyond all precedent, having from their intrinsic value found their way into almost every household in the land.—*Graphic.*

BOTH Col. Corkhill and Mr. Scoville express themselves perfectly satisfied with Judge Cox's ruling on Tuesday on the legal point submitted to the court. Mr. Scoville who appears to be a man of exceedingly sanguine temperature, seems to be convinced that that the jury will agree on an acquittal.

IT is said that when Mrs. Garfield's sons leave college she will choose between Cleveland and Washington for a permanent home. She is now living quietly and comfortably in Cleveland. The dead president's mother preserves her health, is bright and cheerful, and is an inveterate reader of books, magazines and newspapers.

THE seeds of the disease are sown widely by carelessness, and the opportunity for a vast deal of severe suffering is created by neglect to attend to the premonitory symptoms of rheumatism and banish the cause by using St. Jacobs Oil, the great preventive remedy of the times and the stand-by of the people.

GLASGOW, Scotland, is the second city, in point of population, of Great Britain, having 750,000. It has upwards of 144 miles of public streets, the largest ship yard and the largest chemical works in the world, and two chimneys—one 450 and the second 400—which are unequalled in height by any ever built.

CONCLUSIVE evidence:—"Yes," said Daisy, "I think Jack is in love with me. He has'nt told me so, but when Harry Birch escorted me home from the party last night Jack looked ugly, and to-day he took an opportunity to throw an awful hard snowball at Harry's dog."

IT is reported that P. T. Barnum is the person who has offered to buy the body of Guiteau. It is said that Mr. Barnum's purpose is to have the body embalmed, and then to exhibit it in his Chamber of Horrors, which, it is understood, is to be one of the features of his travelling show.

A CHINESE acrobate and juggler recently gave a preformance at Brighton, England, in the course of wkich he fired a small cannon, which he had balanced on a sword held in his mouth. The cannon was discharged towards the upper gallery, and when the smoke had cleared away it was discovered that the discharge had blown the head off a boy sitting among "the gods."

A FARMER went extensively into bee-keeping at Fairview, Pa. Honey material was scarce last summer, and the bees spread over the neighborhood in search of it, stealing sweet stuff from kitchens, and stinging many persons. A suit has been begun against the owner, and the question whether he has maintained a nuisance, or he has simply engaged in a lawful industry, is to be settled in court.

THE story of the Cincinatti merchant who shipped some fine sugar-cured hams to Windsor Castle, apparently as a present to her Majesty, and subsequently sent in his little bill for the same, has been repeated in the case of some of the disinterested parties who showered "offerings" on President Garfield during his last illness, and who are now endeavouring to collect exorbitant charges for their "testimonials," as M. r Dorrit would have called them.

How the Old Love Triumphed.

In the Nineteenth Ward lives a good and honest citizen, who is blessed, among other things, with a family of four bright girls. About six years ago one of them was courted by a promising young man, the son of a neighbor. The young man was moderately suggestive in his attentions for about four years. Then he went West, and the courtship was carried on by the slow and unsatisfactory medium of the mails. The parents of the maiden began to think that the young man who went West, was too slow and entirely indefinite. So a match was arranged between the neglected lass and a well-to do merchant of Moosic. Under his courtship affairs progressed swimmingly, and last Wednesday was arranged for the wedding; the trousseau was purchased, the arrangements all made, and the prospects of a happy time were delightfully imminent. Moreover, the lover in the West was apprised of the condition of things here, and hurried to Scranton. He saw the young lady, and so ardently did he press his suit upon the basis of a prior claim that he induced her to become his bride, and they were wed at the house of a relative of the groom. Next day the Moosic young man came on to claim his bride and learned to his great chagrin that she was another's. Justly indignant at this treatment he reproached the father. The father, of course, was a cold comforter, but, pointing to his three remaining daughters, who sat in the room, he said:—"There are three others of my daughters; you can take your pick. This is the best I can do." The Moosic young man saw the force of his prospective father-in-law's remark, and, taking him at his word, selected the youngest of the three and they were wed.—*Scranton (Penn.) Republican.*

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives rest and quiet to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on it in the dark, if need be.

Kendall's Spavin Cure

For Horses and other Animals—It has no equal—It cures spavins, curbs, splints, ring-bones and all similar blemishes and removes the enlargement without blistering. It always cures sore teats on cows and foot rot in cattle and sheep. It also cures scratches, grease heel, thrush, saddle-galls, &c. It has no equal for flesh wounds, bruises, cuts or sores on all animals.

Kendall's Spavin Cure

KELLEY'S ISLAND, Ohio, Mar. 28th, 1880.

DR. B. J. KENDALL & Co., Gents:—I have used your Spavin Cure on a bone spavin and am pleased to report that it has taken the enlargement completely off. It took only one bottle to perform the cure. I am confident that if it is properly used it will do all you claim for it.

Yours truly,
C. M. LINCOLN.

Kendall's Spavin Cure

ON HUMAN FLESH.

Thousands of trials on Human Flesh has proved beyond a doubt that **"Kendall's Spavin Cure"** has sufficient strength to penetrate and virtue to cure the worst cases of rheumatism, corns bunyons, frostbites or any bruise, cut or lameness which are not affected in the least by ordinary liniments. It does not blister, but on the contrary, removes all soreness.

DUNHAM, P. Q., March 10th, 1879.

DR. B. J. KENDALL & Co., Gents:—About a year ago I fell in the road on to some ice and was badly hurt in the hip joint, which caused me much suffering. I tried various remedies, but none gave relief until I tried Kendall's Spavin Cure, I applied it full strength twice a day for two weeks during last October, and it effected a perfect cure. I have since then been well and free from lameness. It is very valuable for man as well as for beast.

Yours truly,
CHESTER K. GREEN.

Kendall's Spavin Cure

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

Sold by all druggists.

PATENTS!

We continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, etc., for the United States, Canada, Cuba, England, France, Germany, etc. We have had **thirty-five years experience.**

Patents obtained through us are noticed in the SCIENTIFIC AMERICAN. This large and splendid illustrated weekly paper, $3 20 a year, shows the progress of Science, is very interesting, and has an enormous circulation. Address MUNN & CO., Patent Solicitors, Publishers of SCIENTIFIC AMERICAN, 37 Park Row, New York. Hand Book about Patents sent free. 1dw&

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well-known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

Daily Evening Review

FRIDAY, JANUARY 13, 1882.

LOCAL AND MUNICIPAL.

POLICE COURT.

THE DUGGAN-KINCAID ASSAULT.

FRIDAY, Jan. 13.—JOHN DUGGAN appeared on remand, charged with committing a murderous assault on Dr. Kincaid, M. P.P., on the 6th of January. He looked very pale, and during the time that Dr. Kincaid was giving his evidence, he kept his eyes steadily fixed on him, never, even for an instant removing them from him. His interuptions were frequent, but the questions asked were of such a character as to leave the impression on the minds of all those who he ard him that the man is *non compos mentis*.

DR. KINCAID was rather pale looking and was allowed to retain his hat while giving his evidence. He spoke in a lucid manner, and stated that the report of the affair as given by the REVIEW was correct in every particular, with one exception, and he himself was to blame for that. The one incorrect statement was with regard to the interference of Duggan's wife.

MR. H. H. SMITH appeared for the prisoner and stated that the prisoner would like to speak to the complainant. before the trial proceeded. The prisoner had told him that all he wanted was to be allowed to go to work and did not want to be cooped up in the cooler.

The MAGISTRATE read the charge to the prisoner, and asked him to plead.

DUGGAN said he did not intend to do the doctor any harm.

The MAGISTRATE took that as a plea of not guilty, and entered it as such, and said that if the prisoner did any harm by the assault, his intent was to be presumed.

The PRISONER said that it was his wife that should have got the "thumping." The Doctor took her part. She deserved something, as she was throwing "stuff" like scent around, and making the children like herself.

The MAGISTRATE asked the prisoner if he remembered everything that transpired on the evening in question?

The PRISONER said he remembered his wife telling him to be like himself.

The MAGISTRATE asked if any understanding had been come to regarding the laying of an information of another character against the prisoner.

Chief JOHNSTON had heard of such a thing, but knew nothing of it.

The MAGISTRATE said he would hear whatever evidence was offered, but would not finally dispose of the case. The prisoner could be tried before the County Judge if the evidence was sufficient to commit him for trial.

Mr. H. H. SMITH thought that the plan suggested was the best and should be adopted.

Dr. KINCAID sworn,—He was called to visit the prisoner on the sixth of January. He hesitated about going, but the messenger pressed him so that at last he consented. When he arrived at the house he spoke to prisoner, who cut a piece of bread off a loaf with a broken knife, and stuffed it into his mouth, remarking "That is the kind of stuff I eat, and I drink water from three wells." The witness told the prisoner that he had come to give him some medicine. Prisoner replied, "I do not want any medicine. Leave the house as fast as you can." Witness replied that he would go and caught the door knob, and as soon as he did so the prisoner struck him from behind. He was stunned, and before he had time to recover himself, the prisoner caught him by the collar of his fur coat and pulled it in such a way that his arms were pinioned behind his back. Prisoner then got him down on his face and commenced to hammer him with whatever weapon he had in his hand. By this time witness thought that murder was intended, and called "murder." Prisoner's wife was the only person present, but she did not assist.

DUGGAN,—How were you powerless when you had such a gang with you?

WITNESS continuing,—He struggled and got to his feet. As soon as he got on his feet he defended himself, and rather got the best of it. He did not know what he was struck with, but all the doctors that saw his wounds said that they could only be inflicted by a cutting instrument. He thought he was struck with a knife.

DUGGAN,—I had no knife. I never carry a knife.

WITNESS,—He threw the prisoner on the ground and held him until assistance arrived. Those who came stood around and took great interest in the prisoner's welfare, and let witness stand there bareheaded, with the wounds all exposed to the cold. Prisoner's young son procured my hat and gave it to me. That is in substance all that took place.

The MAGISTRATE then asked if the prisoner had any questions to ask?

The PRISONER only wanted to know whether Dr. Kincaid or himself had the most friends present at the time of the row?

The MAGISTRATE said that there was sufficient evidence to commit the prisoner for trial, and he accordingly did so. The prisoner could procure counsel before the judge, but now he was to be committed to gaol until the county judge named a day for the trial.

PROJECTING SIGNS.

A large number of projecting sign cases were called, the majority of them having been laid over from day to day. Many of the defendants having removed their signs, the cases against them were dismissed upon payment of 75 cents costs, other cases were enlarged and a few withdrawn.

SELLING ON SUNDAY.

PATRICK TAGNEY, of Ennismore, was charged by Inspector Leary with selling liquor on New Year's day, (Sunday.)

Patrick "acknowledged the corn" and was ordered to hand over $25.65.

A SIMILAR CHARGE.

WILLIAM BELL appeared to answer to a similar charge. He too pleaded guilty and was assessed $25.60.

Who Is He?

It must be a libel and we know it. The Belleville *Intelligencer* remarks that a Peterboro gentleman, staying at the Dafoe House, was out late on Wednesday night, and was returning to his hotel with a rather unsteady gait, when he suddenly went crash into a lamp-post on the corner of Bridge and Pinnacle Streets. Picking himself up, he struck out madly with his fists against the offending post, crying "what the d—l do you mean by knocking a man down in the public street?" He was finally persuaded to take pity on the post and to enter the hotel; but he did so grumbling at the inefficiency of the Belleville police force, who allowed unoffending strangers to be so grossly misused without any attempt to prevent it.

Score Another One.

Mr. Pinch, representing a large lumbering firm at Fenelon Falls, was in town on Thursday endeavouring to get some $3,000 worth of castings for sawmill work. He visited all the foundries in town and found that they were all so pressed with work, that they were obliged to refuse the work, although cash was offered. Mr. Pinch is a good grit, but acknowledges that the N.P., has benefitted Peterborough, as under the Mackenzie regime he could get any amount of work done. He left here for Oshawa, but we are informed that he had to go further on, for the same reason, that all the foundries in that place, made the same complaint that they did here. Add another to the already long list.

The Weather.

The weather probabilities for the following 24 hours, as reported from Toronto, at 10 a.m., today, by the Great North-Western Telegraph Company, are as follows:—Lakes—Light to moderate winds; cloudy mild weather, with snow or rain, probably followed to-morrow by fresh to strong westerly to north-westerly winds and colder weather.

Change of Pulpits.

The Rev. Hugh Pedley, M. A., of Cobourg, preaches in the George Street Methodist Church on Sunday next, morning and evening. Collections in aid of the Sabbath School funds. The public anniversary meeting will be held in the same church on Monday evening following, when addresses will be delivered by Mr. Pedley, and others.

Fire Inquest.

The inquest into the incendiary fires on the premises of Mr. Geo. McCombs is proceeding as we go to press. The jury viewed the premises before proceeding to work. The evidence offered was not at all of a startling character, and the inquest will probably end, as all the others have—in smoke.

Projecting Signs

Following the example set by our inland town, we learn from the *Telegram* that the Queen City authorities have determined to remove all projecting signs and verandahs, opening the ball by refusing to grant permission of a large swinging sign. After a time the other slow places will follow our example.

The Theatre.

Owing to the fact that the audience was very small last night, the Madison Square Combination did not perform. The company is a very good one, and deserves better patronage than they have received. They left on the 10.20 train this morning for Port Hope, where they perform this evening.

NO HOSPITAL NEEDED.—No palatial hospital needed for Hop Bitters patients, nor large salaried talented puffers to tell what Hop Bitters will do or cure, as they tell their own story by their certain and absolute cures at home.—*New York Independent.*

RHEUMATIC REMEDY.—There is no better cure for Rheumatism than Hagyard's Yellow Oil used according to directions on the bottle. It also cures Burns, Scalds, Frost Bites, Bruises, lameness and all wounds of the flesh. All dealers sell it, price 25 cents.

MARK THIS.—Neither glanders, bots, inflammation of the lungs or bowels, stiff joints, ringbone or spavin, ever prove fatal or permanently injurious to a horse that gets Harvell's Condition Powders mixed with his feed. Mark this, and profit by it! These great specifics are sold everywhere.

NEVER NEGLECT A COUGH or Cold as they are very apt to lead to serious Lung troubles. Dr. Carson's Pulmonary Cough Drops have a wonderful effect in relieving and curing Coughs Colds, and all affectsons of the Throat and Lungs. As Dr. Carson is a well known Canadian physician of over 25 years succesful practic, there is a little wonder that his Remedies are so popular with the Canadian people. J D. Tully, agent for, Peterborough.

MONTREAL TELEGRAPH COMPANY.

Meeting of Shareholders in Montreal on Thursday—Signs of Opposition.

MONTREAL, Jan. 12.—The shareholders of the Montreal Telegraph Company met to-day, Sir Hugh Allen was in the chair, and there must have been between thirty and forty shareholders in the room. The report was adopted, but the meeting had hardly opened when Mr. McLennan made the opposition apparent by stating that prior to the transfer the receipts of the company had been $260,000 which allowed three per cent. of a dividend to be paid, that the rise of five per cent. on messages gave the company $120,000 more, and that while they got $40,000 the remaining $80,000 passed into other hands. A motion approving of the appeal taken from Judge Rainville's decision was made, when Mr. McLennan took the ground that the Montreal Telegraph Company had nothing to do with that, and moved an adjournment, to decide which a show of hands was asked, and the vote stood twenty for and fifteen against. A stock vote was then called for, and, after some discussion, Sir Hugh Allan ruled upon the advice of Mr. Tait, the company's solicitor, that such a vote was necessary, and that proxies were included in the vote. Mr. McLennan appealed from the decision of the chair, and then handed in a written protest against further proceedings; Mr. Ramsay did likewise. The stock vote was nevertheless taken, and the members of the opposition then left the room, declaring the meeting illegal. The Chairman announced the vote against the adjournment to be between $25,000 and $40,000, while there were no votes for the adjournment. Mr. Crawford's motion was then carried, and a motion was recorded to ask Parliament at its next session to consolidate the Acts concerning the company, and to grant to it such powers as had been granted to others companies. Directors were then elected, comprising Sir Hugh Allan, Andrew Allan, Dr. G. W. Campbell, Hector McKenzie, and John Crawford.

A GOOD EXAMPLE.

The *Irish Canadian* has the following editorial:—"The Peterborough REVIEW calls attention to an incident that occurred at the last meeting of the Council of that town, when Mr. Thomas Cahill nominated as a trustee of the Collegiate Institute Mr. Robert Weir, Orange County Master. This our contemporary hails as an example of the decline of sectarian bigotry, and we are glad to know that it is declining in the thriving and enterprising town of Peterborough. Nothing would please the *Irish Canadian* more than see it dead and comfortably buried, which it soon would be if designing men did not fan the flickering flame of its existence from time to time. It may be objected that Orangemen do not reciprocate these sentiments as a body; but be it ours to teach by precept and example until they learn to do so. Two men like Messrs. Cahill and Weir in each community would do more to bring about a union for public purposes of the two elements than any amount of eloquence or argument. Our chief fault with the Orangemen is that they permit themselves to be used by demagogues and office-seekers. May they come to view all such parasites in the light in which we see them."

Out of the Jaws of Death.

Early Tuesday morning a Toronto, Grey and Bruce freight train came thundering down the incline above Queen street at the rate of twenty miles an hour. It is the rule that all trains stop dead north of the Queen street crossing, but owing to the conductor of the freight train, a man named Rogers, and his brakesman, being asleep in the caboose, the whistling of the locomotive for brakes was unheard, and although the driver reversed the engine, it flew past the semaphore and was making for an open switch at a fearful rate. There are two switches at the Queen-street crossing, one of which puts the trains of the Toronto Grey and Bruce line into the Grand Trunk rails, and the other, a few yards south puts them back on their own rails again. Both of these switches were turned against the approaching train, as was also the semaphore. Reuben James and Mr. Smith, signalman and night telegraph operator respectively at the Parkdale station, heard the long peculiar whistle, noticed that the train failed to stop at the semaphore, and ran to the switches. The first close to the station was turned all right, and the other a few yards off was also turned in time, but so close was the shave that the signalman immediately afterwards trembled like a leaf with excitement, and was unable to state what had occurred. The train ran on and was not stopped until well into the city. It is understood the conductor has been suspended pending an investigation into the matter.—*World.*

WISTAR'S BALSAM OF WILD CHERRY, the great remedy for consumption. This well-known remedy is offered to the public, sanctioned by the experience of over forty years; and when resorted to in season, seldom fails to effect a speedy cure for coughs, colds, croup, bronchitis, influenza, whooping cough, hoarseness, pains or soreness in the chest or side, bleeding at the lungs, liver complaint, etc. Beware of counterfeits! Remember that the genuine Wistar's Balsam of Wild Cherry has on the outside wrapper the signature of "I. Butts," and the printed name of the proprietors, "Seth W. Fowle & Son, Boston." All others are base imitations. Examine the wrapper carefully before purchasing. 50 cents and $1 a bottle. Sold by dealers generally.

A HOME CONVERSATION!

He fairly howled as he slammed the REVIEW on the floor and jumped on it.

"Why, whatever is the matter, my dear," said Mrs. Keepitup.

Matter enough! Confound these advertisements of Dolans' with their "Telegraphic News" and "Advice," and all that. They will have themselves read—no matter how a chap tries to dodge them. They are worse than St Jacobs Axle-greece. And what's a hanged sight more, I believe you read them, too. I know it. These fellows are making money out of my pocket every day.

Since they moved into the new stores half the town has been running there.

Just so, my dear, but the town has to go somewhere, and if they can do better at DOLAN'S—the same as I can, who's to blame them for going?

"All right, buy what you like as long as you don't buy the BABY SHIRT."

The above is a section of an overture between an estimable couple. THE PEOPLE ARE RIGHT.

T. DOLAN & Co

The New Stores, Corner of George and Hunter Streets.

ST. JACOBS OIL

TRADE MARK.

THE GREAT

GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

English Advertisements.

SULPHOLINE LOTION.—An EXTERNAL MEANS of CURING SKIN DISEASES.—There is scarcely any eruption but will yield to "Sulpholine" in a few days, and commence to fade away, even if it seems past cure. Ordinary pimples, redness, blotches, scurf, roughness, vanish as if by magic; whilst old, enduring skin disorders, that have plagued the sufferer for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animalcule which cause these unsightly, irritable, painful affections, and always produce a clear, healthy natural condition of the skin. "Sulpholine" Lotion is sold by most Chemists. Bottles, 2s. 9d.

SULPHOLINE LOTION, a FLUID peculiar in itself, is the most potent enemy to all Skin Disorders. Nothing like Sulpholine has ever before been produced, nor is there anything else in the least degree comparable for its Healthy Action on the Human Skin.

SULPHOLINE LOTION.—The first idea of Sulpholine was taken from a prescription of the late Dr. Startin, and every year it is used adds more and more favourably to its widly increasing reputation. Anyone, however deeply and hopelessly afflicted with Skin Disease, should apply Sulpholine as quickly as possible. In two or three days the effect will become apparent in a diminished appearance of the malady, a growing tendency to fade away, and complete obliteration of the eruption.

SULPHOLINE LOTION.—BOTTLES CONTAINING NEARLY HALF A PINT.—SOLD BY CHEMISTS EVERYWHERE. Made in London, Eng.

LIVER COMPLAINTS.

DR. KING'S DANDELION & QUININE LIVER PILLS (without Mercury.) THE BEST REMEDY FOR BILLIOUSNESS, STOMACH DERANGEMENT, FLATULENCE, PAINS BETWEEN THE SHOULDERS, BAD APPETITE, INDIGESTION, ACIDITY, HEAD-ACHE, HEARTBURN, and all other symptoms of disordered liver and dyspepsia. Acknowledged by many eminent surgeons to be the safest and miluest pills for every constitution.

In Boxes at 1s. 1½d., 2s. 9d., and 4s. 6d.

Sold by Chemists and Medicine Vendors throughout the world.—Prepared by Jas. Rorke, London. Specially valuable Pills for residents abroad and travellers.

PEPPER'S QUININE and IRON TONIC strengthens the nervous and muscular system, improves digestion, animates the spirits, recruits the health. For debilitated health from the effect of hot climates this tonic is invaluable.

PEPPER'S QUININE and IRON TONIC rouses and developes the nervous energies, enriches the blood, promotes appetite, dispels languor and depression, fortifies the digestive organs. Is a specific remedy for neuralgia, ague, indigestion, fevers of every kind, chest affections, and in wasting diseases, scrofulous tendences, &c. The whole frame is greatly invigorated by Pepper's Tonic, the mental faculties brightened, the constitution greatly strengthened, and a return to robust health certain. Bottles, 32 doses, 4s. 6d.; next size, 11s. Sold by chemists everywhere, The name of J. Pepper, Bedford Laboratory, London, must be on the label. There is no Tonic so certain in effect as Pepper's Quinine and Iron. It is strongly recommended to residents in India and the Colonies, and should always be kept ready for use in every case of fever or febrile condition.

TARAXACUM and PODOPHYLLIN.—Prepared only by J. Pepper, London. This Fluid combination, extracted from medicinal roots, is now used instead of blue pill and calomel for the cure of dyspepsia, biliousness, and all symptoms of congestion of the liver, which are generally pain beneath the shoulders, head-ache, drowsiness, no appetite, furred tongue, disagreeable taste in the morning, giddiness, disturbance of the stomach, and feeling of general depression. It sets the sluggish liver in motion, very slightly acts on the bowels, giving a sense of health and comfort within 24 hours. It is the safest medicine Taraxacum and Podophyllin is a fluid made only by J. PEPPER, Bedford Laboratory, London, whose name is on every label. Bottles, 2s. 9d. and 4s. 6 Sold by all Chemists. A most valuable and essential medicine for India, Australia, the Cape, and Colonies generally.

BIRTH.

HOWSON.—On the 11th January, in Bobcaygeon the wife of G. H. Howson, Esq., Reeve, of a son.

NEW YEAR'S!

We wish to invite the attention of consumers to the merits of our stock of

STAPLE GROCERIES,

To say that for Extent, Variety and Freshness, our stock is unexcelled by any house doing trade in town, is a statement entirely within the truth. Our

HOLIDAY FRUITS and GOODS

generally have been purchased with great care, and with the express intention of satisfying everyone in regard to prices and quality.

In addition to our LARGE stock of

TEAS, SUGARS,
SYRUPS, COFFEES,
SPICES, CANNED GOODS
SALT and FRESH WATER FISH

and Groceries generally, we deal largely in

PRESENTATIOM GOODS,

MOTTO CUPS & SAUCERS,
MUGS, VASES,
FLOWER POTS, Etc.
LAMP GOODS,
PLATED WARE,
PARIAN WARE,
DRESDEN CHINA,
IVORY WARE,
GLASS WARE,

And knowing that a large number of our custom rs and the public annually wait for our opening of Holiday Goods, we have a stock this season unusually attractive. We shall be most happy to have everyone call and make their selections early.

SATURDAY, JANUARY 14, 1882.

POLICE COURT.

FOUND DRUNK.

SATURDAY, Jan. 14.—Charles Reynolds, aged 17, was charged by P. C. McGhee, with being drunk in a public place.

The PRISONER acknowledged the offence.

The OFFICER stated that he found Reynolds on Simcoe street in a very drunken condition, and placed him in the cells, where he passed the night.

The MAGISTRATE delivered a good lecture, and as it was a first offence, he imposed the smallest penalty he could, $1, without costs.

MINDEN.

DIPHTHERIA.—The Bobcaygeon *Independent* says that there has been a bad outbreak of diphtheria in this neighborhood. Two children of Mr. Munn have died of this terrible disease, and some others are in great danger.

Entertainment

An entertainment will be held in St. Luke's School room Ashburnham, on Monday evening, Jan. 16th, at 8 p. m. The programme will consist of vocal and instrumental music, reading and recitations. Admission 5 cents.

Split His Finger.

A young man working in the furniture factory, the other day, had one of his thumbs badsplit, by a circular saw.

MISCELLANEOUS.

THE Bank of Montreal sold above $100,000 worth of Canada Pacific land grant bonds on Wednesday, the largest sale on any one day yet. Although not advertised in Great Britain, there is a large demand there also for these first-class securities.

ON Dec. 19th, a brass band and a large crowd assembled in front of the house of the "suspect," William Finix, Causeway, country Kerry. The band discoursed a number of national airs and the crowd having cheered for the "suspect" and the prominent members of the League quietly dispersed.

THERE will be no Punchestown races in 1882. Hunting in Kildare is for the time dead, and with it has fallen Punchestown. The beauty of the situation, the proximity to the metropolis, the pleasant spring season in which it was held, all drew to Punchestown thousands for whom racing proper had no charm.

A GOOD PREVENTATIVE for Fevers, Ague and Bilious Disorders is Dr. Carson's Stomach and Constipation Bitters a strictly vegetable preparation. They Tone the system, purify the Blood and increase the appetite, and render those taking them almost proof against disease, Should be used in every case instead of pills. J. D. Tully, agent for, Peterborough.

A VEXED CLERGYMAN.—Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing making it impossible for him to be heard. Yet how very easily can all this be avoided by using Dr. Kings new discovery for Consumption, Coughs and Colds. Trial bottles given away at Taylor and Macdonald's.—2

DEATH ON THE RAIL.

A Collision Near Albany, N. Y.,—A Special Strikes a Crowded Train.

Special to the Review, Jan. 14.

NEW YORK. Jan. 14.—The western express from Chicago to New York reached Albany 23 minutes late. Owing to the great crowd of legislators, who desired to leave the capital, fifteen additional cars were put on, eight being palace coaches. Two extra engines were also attached and the train got under way. It was filled with all the

MEN OF NOTE AND PROMINENCE,

both of the Republican and Democratic parties. The law delegation was about the last to arrive at the depot and, as all the other cars were filled, they took the rear car, the "Empire." In this car were Police Commissioner Nichols, E. W. Kearney, Senator Browning, Assemblymen, Sheehy, Robb, Costello, McManus, Ex-Assemblyman, M. F. Holahan, and Ald. Lesy of Ulrich, Assemblyman Chapin of Brooklyn. Geo. T. Spinny of the New York *Times*, A. W. Lyman of the *Sun*, Augusta Bell, Jos. Doyle and two ladies of Albany, whose names are unknown. At East Albany a signal to stop was received and the palace car "Idyl Wild" was attached on at the back of the train. There were now ten passengers on this car. The junction was reached at 7 o'clock, when a heated axle caused a stoppage to give it time to cool. Conductor Hanfaord ordered brakesman Melius to

SIGNAL THE TARRYTOWN SPECIAL,

which left Tarrytown at 6.35. This train was in charge of conductor Evans. Melus apparently did not signal properly and the Tarrytown special, which ran at a rate of twenty-five miles an hour, came around the curve out of Cullen's Cut and

STRUCK THE PALACE CAR

"Idyl Wild," on which were twelve passengers. The engine ran under the platform into the car and drove the "Idyl Wild" into the "Empire" with such terrific force as to render it necessary to cut her out with saw and axe. The stove and lamp in the parlour car were upset and ignited the wood work and upholstering. The passengers were

JAMMED UNDER THE SEATS

and the sides of the cars and held fast while the flames raged around them. Of the twelve passengers in the "Idyl Wild," nine are dead and one is being taken to the hospital, who is probably fatally injured. Another stranger Miss Mary Danite, who was going from Avery to Vermont, is badly scalded around the arms and breast. Oliver B. Kelly, a stove manufacturer of Spring City, Pa., had his right arm burned to a crisp and was also burned about the body. He was taken out alive and died at midnight.

A PASSENGER'S STORY.

R. H. Stillwell, of Oswego, who was on the Tarrytown train, says:—"When the Albany train passed there it was running fast, and there seemed to be a wheel on fire. I spoke to one man in the depot, and he said, 'Those brakes are down.' The first intimation I had of the danger was feeling that the air brakes had suddenly been put on. I felt there was something coming, and I braced myself against the seat.

THEN CAME THE CRASH;

men and women in the cars were thrown headlong over the seats, the stove was upset and so was the water-cooler. The excitement was intense for a few minutes, women screamed and men swore. Two or three men were burned severely, although not very dangerously Some were cut by glass. Everyone got out of the car immediately and went forward to the Albany train. There were three passenger coaches on our train. I was in the second, and I suppose a number of the men in the first car must have been hurt. As I went forward I saw the rear palace car was badly damaged. The back part was afire, and the car had apparently been

COMPLETELY TELESCOPED.

by our engine. Everyone one on the Albany train seemed to be out of it except some in the back of the rear car. In some way ten or twelve persons seemed to be held there, and that portion of the car was all in flames. I suppose the shock tore the car all to pieces, and they were caught between the broken seats."

The *Herald* states that G. Thompson, a passenger, said in last night's report to be from St. Louis, was from Luzerne, N. Y. He was not seriously hurt. It is stated that Valentine and his bride were seen talking together in one of the cars. They

DID NOT SEEM TO BE MUCH HURT,

but they did not move. The fire soon reached the spot where they were. When the young woman fell first it appeared as if she dropped, first her head sank on the man's shoulder, and then they both fell. Senator Jacobs was slightly hurt about the head and thighs. A newspaper man climbing out

THROUGH A WINDOW.

heard the screams of two women and the shouts of men from the rear of the "Empire." Whether they were among the destroyed cars or in the forward part of the "Idyl Wild" is unknown. Assemblyman Monk was

PINNED BETWEEN TWO TIMBERS.

close to the roof. The roof was pried off with difficulty. Several newspaper correspondents had narrow escapes. Valentine senior, who jumped from the rear platform of the "Idyl Wild," stated that a brakeman with a red light in one hand, and, as Valentine believes, with a white light in the other, was standing not one hundred feet distant, looking up the track towards Spuyten Duyval, when the head-light of the Tarrytown locomotive loomed up, less than two hundred yards away. The brakeman started on a run, and began swinging his lanterns. Valentine had just time to leap from the platform and run across the track, when the locomotive plunged into the car. A small man beside Valentine, who ran into a car, must have been killed.

AFTERNOON TELEGRAMS

Press Despatches to the Review.

AMERICAN.

A BAD SHOWING.

NEW YORK, Jan. 14.—Within the last ten years twenty-two Savings Banks with nearly fifteen million dollars, belonging to upwards of a hundred thousand depositors have passed into the hands of receivers in this city. The affairs of only three have been closed up. The amount paid to depositors is but little more than four millions, while millions of dollars have been swallowed up by the receivership.

OVER A MILLION.

GALVESTON, Texas, Jan. 14.—The loss by the fire here yesterday, is estimated at $1,600,000.

A FRIGHTENED BURGLAR.

NEWARK, N. J., Jan. 14.—A burglar who last night entered Secretary Frelingburg's house and was about to carry off valuable property, was frightened away by a servant girl.

FIERCE FLOOD.

NASHVILLE, Tenn., Jan. 14.—Crops worth a million dollars are endangered by the flood on the Cumberland River. A large portion has already been swept away. Thirty horses in training for the spring meeting of the Nashville blood horse Association have been removed by steamer to the city, the race track being inundated.

A TRIPLE EXECUTION.

WENTWORTH, N.C., Jan. 14.—Jos. Hay, EldridgeScales and Matilda Carter, all colored were executed yesterday for the murder of Nash Carter, Matilda's husband. Five thousand spectators were present. On the way to the gallows the woman uttered screams, but recovered her composure before reaching the gallows. A colored preacher made a sensational prayer and a hymn was sung, and Matilda's voice was heard above all. The gallows were erected in a deep ravine and surrounded by a strong guard. The pressing against these was great, while the hillsides were covered by people on horseback, wagons and up trees. The prisoners all made rumbling incoherent remarks, mainly asserting their innocence and warning people against bad company and whiskey. All were ready to die, and expected to meet God and be forgiven. Hay admitted undue intimacy with Matilda, who also admitted that she had been guilty of marital infidelity and audibly laughing added, "but I was smart enough to keep my husband from knowing it." The culprits' necks were not broken by the fall and their struggles were fearful.

NEW BUILDINGS.

WASHINGTON, Jan. 14.—A determined attempt will be made next week to provide at once for the erection of new buildings for the congressional departments.

WINDING UP.

NEW YORK. Jan. 14.—The Lennox Fire Insurance Company has re-insured its risks and will wind up. Its capital is $150,000.

ANOTHER VICTIM.

NEW YORK. Jan. 14.—After Senator Fitzgerald escaped from the ruins on the railroad yesterday, he says that he distinctly saw a hand and arm extended up and out of the blazing car. From the shape of the hand and the cuff, he was almost sure it was a woman.

HORRIBLE DEATH.

PATERSON, N. Y., Jan. 14.—Charles Clark, aged 16, while amusing himself yesterday, by trying to catch a rope attached to the belt in a silk mill, was drawn into the shafting, and his feet were pulled off. He was thrown against a pulley block and killed.

READJUSTERS ELECTED.

RICHMOND, Va., Jan. 14.—The Legislature yesterday elected W. C. Ham Secretary of State, and other readjuster nominees for State officers. A coloured member of the Legislature introduced a bill looking to the suppression of criminal intimacy between white men and coloured women. The negroes insist on the passage of the bill.

PARNELL'S MOTHER.

NEW YORK, Jan.—A reception was given last night to Parnell's mother by the ladies of the Parnell Land League. There was a large attendance. The mention of the names of Parnell or the cause of Ireland, evoked outbursts of enthusiasm.

THAT LAND GRANT.

NEW YORK, Jan. 14.—The *World's* Washington special says that the adoption of the resolution calling upon the Interior Department and the Department of Justice for information regarding the Northern Pacific land grants, promises to lead to a long and interesting discussion in the Senate.

GUITEAU RETRACTING.

WASHINGTON, Jan. 13.—In the Guiteau trial the prisoner said:—"In justice to myself and Davidge I desire to say that I read a letter yesterday severely denouncing Davidge, the sane being based upon my remarks. I have found out however that I was mistaken, that Davidge is a high-toned Christian gentleman, and a sound lawyer. I desire, therefore, to withdraw anything I said against him. I still entertain the same opinion of Corkhill, however. Davidge resumed his argument and his review of the evidence. He showed by the evidence of J. W. Guiteau and other witnesses for the defence, the absurdity of Scoville's pet theory that the prisoner was an imbecile.

AHA!—Dentists who have tried "Teaberry," pronounce it the finest thing on the face of this earth for the teeth and breath. 5 cent samples.

Bucklen's Arnica Salve.

The BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all skin eruptions, and positively cures piles. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by TAYLOR & MACDONALD. d5w27

"Twenty-Four Years Experience," says an eminent physician, convinces me that the only way to cure nervous exhaustion, and weakness of the sexual organs, is to repair the waste by giving brain and nerve foods, and of all the remedies compounded, Mack's Magnetic Medicine is the best. See advertisement in another colnmn.

A Cough, Cold or Sore Throat should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. **Brown's Bronchial Troches** do not disorder the stomach like cough syrup and balsams, but act directly on the Inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age, Sold at 25c. a box everywhere. d52w9

NOTICE.

THE BUSINESS HERETOFORE CARRIED ON UNDER THE NAME AND STYLE OF WILSON & DAVIS, WILL IN FUTURE BE CARRIED ON UNDER THE NAME AND STYLE OF

A. L. Davis & Co.

Daily Evening Review

SATURDAY, JANUARY 14, 1882.

We observe that the revenue derived from the public works including railways during last December was $182,576.57, as compared with $59,714.84 during the preceeding December—an increase of over *two hundred per cent.*! As the canals, locks, slides, &c., were all closed in December, it is obvious that this enhanced revenue must have been chiefly derived from the Intercolonial railway, and that it is, in this way, an incontrover table evidence of the growth of trade—of the golden bond of commerce—between the Upper and Lower Provinces of the Dominion, one of the very things which the N.P. was intended to promote.

PROTECTION FROM FIRE.

The Ontario Legislature having now met, it should be its urgent duty to pass some measure whereby the provisions of the Hon. T. B. Pardee's Fire Act could be practically enforced. As it is now, the Act is a dead letter. Its 14th clause provides that it shall be the special duty of every Crown Land Agent and Bushranger to enforce this Act, and to prosecute every person guilty of a breach of its provisions and requirements; but as they have no instructions or authority from their Department to that effect, they can do nothing, and as for lumbermen taking up and prosecuting parties guilty of breaches of the fire act, it is simply absurd, as they would do it at the risk of having more of their limits purposely burned another year in retaliation.

It would appear that the greatest fires have occurred since the passing of the Act, and this may be due to the fact that no person is afraid of being prosecuted under its provisions.

Most people are under the impression that it is only the license holder who suffers from fires set out in the limits. They forget that every timber forest destroyed by fire represents so much *revenue* lost to the Province, let alone the actual loss to the license holder, in his limit and extensive river improvements.

There is another greater loss to be considered, and that is the loss to the country of the money which would be paid out in manufacturing and bringing this timber to market had it remained green.

During the past summer fires overran large parts of the Parry Sound and Muskoka districts, and the country lying between the Georgian Bay and the Ottawa River, and according to an estimate made in the *Globe*, of Nov. 10th, destroyed $10,000,000 worth of pine in Ontario. This does not nearly cover all the loss, as there were many fires of licensed lands, of which the public knew nothing, the holders of the limits burned keeping the knowledge of it to themselves, not wishing the value of their properties to be depreciated.

If these annual fires continue, they will in a few years make a large hole in the revenue of Ontario.

There were three quarters of a million dollars in bonus alone obtained from the last sale of timber berths, and the duty on the timber growing on them will represent to Ontario, if not burnt, upwards of five millions of dollars, and perhaps more. The parties who have paid such large sums for timber berths have a right to look to the Government for protection against fires, and that the existing Fire Act be properly enforced.

As these berths are all likely to be operated on within a few years, (buyers being anxious to get returns), and as they are now owned by so many different parties, the risk of fires is very much increased. Before the sale these berths were in their virgin state, and not much exposed to fires, being held by the Government, but as soon as operations commence on them they will stand a poor chance.

There should be a distinction made by the Crown Lands Department between pine lands and hardwood lands fit for settlement. It is well known that in the back districts of Ontario and the Ottawa Valley, the pine lands are generally not fit for settlement, and that where settlement has been made on them the settlers, instead of prospering, yearly grew poorer and poorer, till in many places they were actually driven from their holdings by starvation, as witness the Opeongo Road, the Bonnechere and Mississippi counties, which are now nearly deserts, nothing but dry pines to be seen as far the eye can reach, while on the other hand those who settled on the hardwood lands have done well, and made themselves comfortable.

Now that the country is mostly all surveyed and the quality of the lands known to the Government, through its surveyors and bushrangers, it surely would be easy to make a distinction between lands for settlement and those for lumbering. A large portion of the Opeongo and Bonnechere country was not surveyed until after its settlement, and the Government had not therefore the knowledge they now have about their unoccupied lands.

It surely would not be too much to expect that the source of such a large revenue to this Province as its timber forests should be better guarded against loss than it now is.

If the present staff of woodrangers were increased, and kept in the woods during the months of May, June, July and August, being good, practical bush and canoe men, and well posted in the back country, they could prevent many bush fires being set out, and generally enforce the provisions of the Fire Act, if authority were given them to do so. If one fifth of the revenue, which would have been derived from the timber destroyed by fires last year alone, had been expended in watching the Crown domain, it would have paid the salary of a large staff of men for several years, and it is more than probable that very little damage from fires would have occurred.

If persons holding and working limits, and their agents and foremen, were all held responsible for the damage done by fires set out by them or their men, and also the heads of surveying or hunting and fishing parties, they would be more careful than they now are. It is not so hard to trace the makers of fires in the woods as it to trace incendiaries in cities, as every practical bushmen knows that almost all fires in the woods can be traced to their starting points, and to the parties who set them out.—*Com.*

THE DIOCESE OF ALGOMA.

To the Editor of the Review:

DEAR SIR,—The diocese of Algoma having lost its episcopal head, no doubt many thoughtful members of our church are asking themselves the question what is to be done with it? It is to be continued in its present form and under its existing unsatisfactory circumstances, by simply electing a successor to the late lamented Bishop Fauquier, or is it to be left out in the cold as a sort of fag-end to the Diocese of Toronto as in days gone by? I feel convinced that the mind of the Church is opposed to either of these courses.

To many, if not to all of us, the creation of the Diocese of Algoma in its present shape of weakness and isolation, presents itself as a huge blunder, perpetrated to satisfy the sentiment of earnest but somewhat visionary churchmen, in opposition to the sober thought of the great mass of our clergy and people.

There are difficulties assured in dealing with this question, but I do not think them insurmountable. Can we not place Algoma in a position of such self supporting strength as may be possessed by such a Diocese in its infancy? Can it not be lifted into a place of dignity and internal power as will enable it to live by its own growing resources, and instead of asking for alms at the gates of its richer Diocesan sisters in this ecclesiastical Province, take its place among them as an equal and co-helper in carrying on the work of the Church.

It will be recollected that previous to the setting apart of the Diocese of Niagara, it was proposed that the then Diocese of Toronto should be divided into three Dioceses, Niagara on the west, Toronto in the centre, and Otonabee in the east. Now it seems to me that in the completion of this proposed design we have the best solution of the difficulty involved in the future disposition of the Diocese of Algoma. Why not now create this contemplated see of Otonabee, consisting of some of the eastern counties of the Diocese of Toronto, say the counties of Ontario, Durham, Victoria, Haliburton, Peterborough, Northumberland, giving to it as an additional missionary field the districts of Muskoka and Parry Sound, while the remaining portions of the present Diocese of Algoma, might become a part of the Diocese of Toronto, thus giving it a north-western extension in lieu of its diminished territory on the east.

This eastern Diocese would begin its individual life with a staff of about 40 clergy, it would embrace the towns of Peterborough, Lindsay, Cobourg, Port Hope, Bowmanville, Whitby and Oshawa, and the large villages of Newcastle, Millbrook, Uxbridge, Port Perry, Omemee, Fenelon Falls, Bobcaygeon, Minden, Hastings, Grafton, Colborne, Brighton, Campbellford and Ashburnham, not to mention many smaller centres. Besides there are within its bounds about a dozen endowed parishes. It is plain therefore that there is plenty of material in the proposed Diocese of Otonabee, to make a flourishing missionary diocese, furnishing work enough for a laborious and energetic bishop, and means enough for his moderate but generous support.

In this way Algoma would have its spiritual wants supplied while our ecclesiastical Province would be relieved of a burden which has, as we all know, from many causes, been very uneasily borne. The Diocese of Algoma in its present form has been the folly and the shame of the Church.

We can atone for the folly and wash away the shame by the creation of the long-talked-of Diocese of Otonabee, with its centre in the flourishing inland town of Peterborough, soon to become a city. The city of Toronto is a very fair diocese in itself, and with the territory still left to it together with the portions of Algoma relegated to it by the arrangement we have ventured to advocate, would, I think, furnish plenty of work for the most zealous and diligent prelate.

Hoping this matter will receive the calm, judicious and impartial consideration of churchmen both east and west.

I am, Sir,
Yours etc.,
OTONABEE.

January 13th, 1882.

GALWAY.

ACCIDENT.—The Bobcaygeon *Independent* says that on Wednesday, January 11th, a bad accident occurred to a son of Mr. J. Menary, in the Swamp Lake Settlement. He was out shooting, and was carrying his rifle over his shoulder, when his foot slipped on a rock, and he fell backwards. He grasped a small tree to save himself. The rifle fell over his shoulder and exploded, the ball passing through the extended arm and shattering the bone badly. Dr. Bonnell is attending the sufferer.

As a tonic nervine for debilitated woman nothing surpasses Dr. Pierce's "Favorite Prescription." By druggists.

GREAT FIRE IN TORONTO.

A Hat, Cap and Fur Warehouse Destroyed—Loss, $80,000.

A most disastrous fire occurred in numbers 28 and 30, Wellington street, Toronto, on Thursday night, by which three firms are losers. The buildings were occupied as follows: The first floor and basement of number 28, were occupied by Houston, Foster & Co., dealers in woollens and tailors' trimmings. On the first floor and basement of number 30, were Gillespie, Ansley & Martin, dealers in hats, caps and straw goods; while the second, third and fourth flats of both 28 and 30 were in the occupation of Gillespie, Mead & Co., fur merchants. The loss will amount to $80,000. The building was insured for $20,000. Gillespie, Mead & Co., were the principal sufferers. They had an insurance of $40,000, while their stock was valued at $50,000, a portion of which, however, was saved.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro-Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Lost Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood, Also for Rheumatism, neuralgia, Paralysis, Liver and Kidney difficulties, Ruptures, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

DR. PIERCE'S "Pleasant Purgative Pellets" are sugarcoated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and reliable. No cheap wooden or pasteboard boxes. By druggists.

IT IT SAID that some of the alkaloids which enter into the combination of Fellow's Hypophosphites, are extracted from trees which attain to a great age, and that this fact suggested to Mr. Fellows the idea of their employment. Whether the success of the preparation is due to this we are not prepared to say, but the idea is a good one.

BISHOP BEVERIDGE.—A gentleman meeting the celebrated and excellent Bishop, Beveridge, asked him how he was. Beveridge replied: "If I answer in Latin, I am *sic, sic*; if in English, *so, so*." There are many, who, if they spoke truly would give the same answer as the excellent Bishop. They have contracted lung disease, or it may be are suffering from asthma, and in great danger of that fatal malady consumption. Take warning in time, use N. H. Downs' Vegetable Balsamic Elixir, it is really what many have called it, the "king" of remedies. Sold by all druggists throughout the Dominion.

TENDERS WANTED

SEALED TENDERS, marked "Tender," and addressed H. Read, Esq., Secretary Midland Railway, Peterborough, will be received until noon on the 16th day of January next, for the construction of about 14 miles of railway between

Peterborough & Omemee.

Plans and profiles can be seen, and specifications and forms of tender obtained upon application at the office of the Engineer, Peterborough, on and after the 2nd day of January next.

No Tender will be received unless made upon the proper printed form, and in accordence therewith.

The Midland Railway does not bind itself to accept the lowest or any tender.

(Signed), H. READ,
Secretary Midland Railway.
Peterborough, 16th December, 1881. d146

Notice of Removal.

The undersigned having leased the

"PETERBOROUGH HOUSE"

Situated on Hunter Street, at present occupied by John Sullivan, will remove thither on the 15th of February.

This hotel is well adapted for the accommodation of farmers and the travelling public, being situated in the most central portion of the town.

The undersigned proposes to conduct the hotel in a first-class style, the table will be always supplied with all the luxuries of the season, and the bar with the very best brands of liquors and cigars.

Good sample rooms will be provided, and commercial travellers will find it to their advantage to patronize my house.

Every effort will be put forth by me to meet the wants and comfort of farmers and others, and from my long experience in providing for my guests, the undersigned feels warranted in saying that his house will be found the most comfortable in town.

Good sheds and stabling, and a careful hostler always in attendance.

MICHAEL HALPIN.

Painting, Graining, Paper Hanging, Kalsomining, Glazing, etc.

With Punctuality and Carefulness. ☞ All work done under my own personal supervision, and guaranteed to be executed in an HONEST and satisfactory manner. No poor material used, and no disappointments. Customers furnishing their own material, can rely upon it being used and not exchanged for worthless stuff.

☞ Competition defied both in workmanship and in prices. Estimates given for contracts. Orders left at Laplant's Carriage Shop, the Hardware Stores, or at the Shop on Alymer Street, will receive prompt attention. d63-w16

CANADIAN PACIFIC RAILWAY.

Emory's Bar to Port Moody.

NOTICE TO CONTRACTORS.

Tender for Work in British Columbia.

SEALED TENDERS will be received by the undersigned up to NOON on WEDNESDAY, the 1st day of FEBRUARY next, in a lump sum, for the construction of that portion of the road between Port Moody and the West-end of Contract 60, near Emory's Bar, a distance of about 85 miles.

Specifications, conditions of contract and forms of tender may be obtained on application at the Canadian Pacific Railway Office, in New Westminster, and at the Chief Engineer's Office at Ottawa, after 1st January next, at which time plans and profiles will be open for inspection at the latter office.

This timely notice is given with a view to giving Contractors an opportunity of visiting and examining the grounds during the fine season and before the winter sets in.

Mr. Marcus Smith, who is in charge at the office at New Westminister, is instructed to give Contractors all the information in his power.

No tender will be entertained unless on one of the printed forms, addressed to F. Braun, Esq., Sec. Dept. of Railways and Canals, and marked "Tender for C. P. R."

F. BRAUN,
Dept. of Railways and Canals, Secretary.

N. H. DOWNS' Vegetable Balsamic ELIXIR!

This valuable medicine is purely vegetable, the discovery of which was the result of many years' close study, in order to discover the cause, the symptoms and the cure—viz.:

Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Influenza, Pleurisy, Hoarseness, Spitting Blood, Bronchitis,

and every species of oppression of the Chest and Lungs. In all cases where this Elixir has been duly administered its efficacy has been invariably manifested, convincing the most incredulous that

CONSUMPTION

is not incurable, if properly attended to.—Consumption, at its commencement, is but a slight irritation of the membrane which covers the lungs; then an inflammation, when the cough is more observable, but rather dry; then becomes local fever and the pulse more frequent, the cheeks flushed and chills more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration,

IT HEALS THE ULCERATED SURFACES

and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and astringent articles, which are of so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the CAUSE, generally destroys the hectic before the cough is entirely gone. Consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions for cure of pulmonary diseases. Price 25cts. and $1 per bottle. Sold everywhere.

HENRY, JOHNSON & LORD, Props.
MONTREAL, P. Q.

GOOD-BYE, OLD COUNCIL!

THE VERY LAST MEETING OF THE EXCELLENT COUNCIL OF 1881.

A Long and Unimportant Sitting—Compliments Around the Board—Lots of "taffy" flavoured with Truth—About a Suit of Clothes—Gaseous.

The last meeting of the Council of 1881 was held at the Council Chamber on Friday evening.

Present, his Worship Mayor Smith, in the chair, and Councillors Cahill, McNaughton, Kelly, Chamberlain, Yelland, Douglas, Rutherford, Menzies, Richardson and Hartley.

The minutes of the last meeting read and confirmed.

COMMUNICATIONS.

From P. C. McGhee, stating that he had examined the REVIEW office sign and found it well secured and over seven feet above the sidewalk. —Received.

A MATCH FACTORY.

His Worship the Mayor, read the followng letter which he had received :—

To the Mayor-Elect, Peterborough :—

SIR,—We are about starting a match factory in some locality where lumber can be got at moderate prices. Understanding you are situated in a good lumbering country, we shall feel obliged if you will please answer the following questions :—

1st. What is the price of good clear lumber?

2nd. Will your town give a cash bonus? If so, what amount, to a factory that will employ from 100 to 200 hands?

3rd. Can a company be formed with a capital of $50,000? Our patent right and machines will be $30,000 leaving $20,000 to be subscribed by stockholders. If the town gives a bonus it will be so much less.

We have four machines ready. That is enough to start. As they are on a new principle, each one will do (more work and better) as much in one day as any of the old machines can do in four; with half the hands. Each of our machines will run off from 150 to 250 gross per day, thereby giving a much larger dividend, besides controlling the market. No one can get our machines only through the company we form. We reserve the right of working the machines for the company, as they will have the patent for the Dominion, we can only sell through them and at at their price.

I may state that only two persons have anything to do with it at present. We are corresponding with other places at the same time, with a view of selecting a good locality.

Awaiting your answer,

I remain, etc.,

F. WESTLAKE.

London, Canada, January 11th, 1882.

The matter was referred to the Finance Committee.

ACOUNTS.

J. R. Stratton	$ 8 00
Adam Hall	3 86
J. Stevenson, coal	24 60

The first two accounts were referred to the Finance Committee, and the other was ordered to be paid.

FIRE, WATER AND GAS.

Councillor RUTHERFORD, Chairman, read and submitted the following report :—

The Fire, Water and Gas Committee, beg leave to report as follows :—

They recommend that a gas lamp be placed at the Court House, on Brock street, one on McDonnel street, between George and Aylmer streets; one at the corner of Brock and Park streets; also one on Brock street, between Reid and Park streets.

All of which is respectfully submitted.

(Sd.) A. RUTHERFORD,
Chairman.

Peterborough, Janury 12.

Councillor RUTHERFORD moved the adoption of the report.

Councillor CAHILL objected, and said that as the new lamps could not be put down for six months or so, he thought they were treating the new Council rather meanly.

Councillor YELLAND spoke in favour of the lamp on McDonnel street, and said it was necessary.

Councillor MCNAUGHTON was in favour of the incoming Council dealing with the matter.

Councillor RICHARDSON thought the town was not half lighted, and said that a number of lamps were wanted in the northern portion of the town. He favoured the report, but wanted more lamps in the north ward.

Councillor DOUGLAS said that the requisitions for the lamps recommended in the report were sent to the old Council, and that body should deal with them.

Councillor MENZIES wanted more lamps for number four. He thought that the other wards had enough now, and he would oppose the erection of any more. He wanted the matter to stand over.

Councillor RUTHERFORD said that three of the lamps were situated between two of the principal wards of the town, and were badly needed.
